A-Z DATABASES UPDATE

Our [A-Z Databases](#) page has a new look! This updated page will allow you to access and filter the library's databases in the same manner as before and keep any saved bookmarks, it just looks different. Keep an eye out for continuing updates to our subject-based database recommendations! For any questions or suggestions, please contact your liaison or eResources librarian, Victoria!

ARTICLE GALAXY SCHOLAR

The library is very excited to announce a new resource for Faculty & Staff, Article Galaxy Scholar! Article Galaxy Scholar (AGS) is a tool newly integrated into the library website that will allow an additional way to access journal articles. As a start, MSUB Staff and Faculty Members will have access to Academic Journals published by Elsevier through this service. When you're using the library's online catalog while logged into Power Search and see the view option "Get This Article Now," you can follow the link to request a PDF. We still strongly encourage everyone to use Interlibrary Loan when possible, but glad to provide this new backup option!

For any questions or issues, please contact your eResources Librarian at victoria.contreras@msubillings.edu.
