**Need a physical book?** We can deliver it to your office through campus mail. **Need an article?**

You have access to over 180 databases, anywhere, anytime. **We don't have that article?** You can get it through ILL (interlibrary loan).

**Need library instruction?** I can come to your classroom or we can set up a WebEx for you and the students. **If you want a research guide** created for your course or program, contact me. Check out these guides that were created for other courses.

The Library Staff are here for you and your students. Please reach out to me if you are in need of materials to support your course.

## LIBRARY INSTRUCTION

The MSU-Billings Library provides high-quality library instruction sessions for all levels of MSUB courses. A member of our Instruction Team will tailor a session to fit the specific needs of your course and your students. In order for library staff to adequately prepare an instruction session please make your instruction request **a minimum of one week in advance** of when you would like the session to take place.

There are several different instructional models that are available. Depending on the circumstances, the number of students, room availability, and other factors your instruction session may be in-person in the Library, in-person in your classroom, virtually in your classroom, or virtually to students wherever they are. Each instruction request will be assessed by the faculty member and the librarian to determine the best mode of delivery.

To request an instruction session please fill out the **Library Instruction Request** form.

# DEPARTURES

After more than 33 years with the Montana University System, Kathy Gurney, our Periodicals & Government Documents Technician, retired at the end of April 2021. She is off on new adventures, spending time with family, and engaging in the hobbies she loves.

Linda Garcia, our Access Services Librarian, has relocated to be closer to her family and pursue other professional opportunities. She contributed many things to the Library's success and the students of MSUB.
