The total number of elective credits required for the degree will be determined by the number of courses a student elects to take which fulfill both the General Education requirements and the major requirements. Electives should be chosen in consultation with an academic advisor.

It is the student's responsibility to know and meet the requirements for graduation. A minimum of 36 credits must be upper division classes (300 and above).

<sup>\*\*4</sup> credits that also satisfy General Education requirements are not included in the total number of credits.
\*\*\*3 credits that also satisfy General Education requirements are not included in the total number of credits.
