

# BRYOR SMITH

## PEER NAVIGATOR

Major: Sociology  
Hometown: Wolf Point, MT

### PERSONAL INTERESTS

I am a huge fan of sports and love to participate in as many intramurals as possible. I also like to lift weights and work out. When I am not busy I like to drive around town and check out incredible sights.

## HOW I CAN HELP YOU

I have scheduled times when I am in the ASC for students to be able to access me as their peer navigator. I am able to assist with answering any questions they may have regarding the university or upcoming events or just be a familiar face they can visit with when they need to vent about any stress in their life. I also respond to most emails and texts quickly at any time of day I am able to help.

## WHAT IS MY MAJOR AND WHY I CHOSE IT

My major is sociology and I chose it because it opens the door to a wider variety of jobs than most majors. I personally would love to get into a social services career in an area working with children & families.
