

Thesis Submission Instructions

A thesis is an extended written analysis and interpretation of a specific topic or subject matter. It articulates a unique perspective or specific claim with respect to the topic and attempts to substantiate the legitimacy of the perspective or claim through research. The project must meet the expectations for research as defined by the academic discipline. Research projects involving human subjects must comply with the MSU Billings IRB policies. Policy guidelines and protocol forms may be obtained from the Office of Grants & Sponsored Programs (www.msubillings.edu/grants).

The Thesis Advisory Committee will consist of a minimum of three (3) members, one of whom will be from outside the student's department. The student consults with their advisor for approval to form a committee. The committee chair must have a terminal degree in the field of study. After a committee is formed, the student submits a thesis prospectus for approval, and registers for thesis credit.

Timeline for Final Submission of the Thesis

- Submit final draft to committee 8 weeks before the semester ends
- With the committee's approval, schedule the thesis defense
- Notify Graduate Studies at least 2 weeks prior to the defense of the date, time, place and title of the defense
- After the defense, the committee chair will inform the student of the committee's decision and any requested revisions.
- After submission and review of any requested revisions, work accepted by the committee will receive final administrative approvals and be published. The committee chair in coordination with Graduate Studies will initiate the process to file, release or secure the accepted work.

Thesis Components (format and page numbers designated by the program of study)

- Preliminary pages
- Title page
- Abstract
- Table of contents
- List of tables/illustrations
- Text
- References
- Appendices
- Bibliography
- Footnotes
- Maps, graphs, and photos
- Non-plagiarism Affirmation
- Generated During Electronic Submission Process To Graduate Studies
 - Page for committee, dean and director signatures and dates
 - Thesis Publishing Page

Additional details can be found in the Thesis section of the MSU Billings graduate catalog: <https://catalog.msubillings.edu/graduate/graduate-programs-admissions/>

Electronic Thesis Submission Process

Complete any requested revisions for committee review and secure approval.

Submitting final thesis and requested supporting information using the link found here:

<https://www.msubillings.edu/grad/forms.htm>
