Student Organizations

We have a wide range of student organizations and clubs which include academics, arts, supportive services, student government, culture & religion, recreation, and more.

WELCOME

Students who live on campus experience our connected, secure, and supportive community. Not only is it convenient and affordable, but it is proven that students who live on campus are more successful academically. For many students, this is where lifelong friendships and memories are made. Students who live on campus meet new people, attend social and educational programs, engage in campus employment opportunities, access convenient dining options, and live in close proximity to classes, campus services, and recreational opportunities.

Our online application is now open at www.msubillings.edu/reslife. Here, you will apply for your room and fill out a roommate matching questionnaire and choose your own room & roommate. **First time Freshmen students under age 21 are required to live on campus for their first year of school.**

CONVENIENCE

Living on campus will put you in the center of student life and academics. Trust us, it's an experience you won't want to miss. Your time and energy should go towards your school work and extracurricular activities, not towards commuting, monthly bills, and grocery shopping. Living in the residence halls isn't just a place to stay, but it is your all access pass to the resources you'll need to succeed.

FLOOR COMMUNITIES

Floor themes are an exciting new addition to the MSUB residence halls. Student residents will be able to enjoy an active floor community committed to serving as an interest group to promote and facilitate learning opportunities and experiences which stem from the designated floor theme. The 2023-2024 academic year will see the implementation of two floor themes: the Health and Recreation Floor and FYRE. The Health and Recreation floor, located on the 5th floor of Rimrock, is a theme where residents can experience activities and events related to intramural, outdoor recreation (hiking, camping, etc.), and health and wellness activities. This floor will be working with Health Services, Heroes and Outdoor Leadership.

FYRE, otherwise known as First Year Residential Experience (includes MT10, Honors, first year Native Americans), is located on the 8th floor of Petro Hall. This floor is designed with transitional experiences in mind and will serve as a means to promote sense of belonging and aid in the student matriculation into college and residential life. Feel free to stop by the Housing & Residence Life Office for more information.

LIVING AND DINING

What is a Block Meal Plan?

A type of meal plan that gives you a set number of meals to eat within a given semester. Students must use meals within the semester and meals will not carry over to the next semester.

What is a Meals Per Week Plan?

A type of meal plan that provides a set number of meals within a week. Students must use the defined number of meals within the given week, and the meals will not carry over to another week. The Stinger and Buzz Monday-Friday meal plans are per week plans

What are Dining Dollars?

Money put on your U-Card to use for coffee and other grab-and-go items from any MSU Billings dining location on the University and City College campus. Your dining dollar balance will carry over from the Fall to Spring semester, but needs to be used by the end of Spring semester. Dining dollars are a part of all of our residence halls meal plans.

U-Card

Your U-Card is not only your university identification, but also your lunch ticket, library card, and more. Deposit money on your card to use around campus for printing, purchasing gear at Jackets and Company Campus Store, buying food and coffee at any of the campus food service locations, and vending machines. *Students will learn how to add money to their U-Card at orientation.*

City College Dining

At City College, dining is a-la-carte, and students can select from a variety of meal options. Students can still use a meal from their plan when they eat lunch at City College, rather than using dining dollars or paying in cash.

How do I know what meal plan is best for me?

Consider your current eating habits. Will you want three full meals per day, or will you want to grab a snack for some? Do you anticipate working in the evening? Dining Services is willing to provide a sack meal for students who might miss an evening meal. Just ask. You are given a short time to make changes to your meal plan when the semester starts & also for the spring semester.

Double and Single Rooms

Every room is built the same that means single rooms are the same size and include everything a double room does. Single rooms are assigned based on space and availability.

Social & ResNet Fees

Every semester, students pay a \$15 Social Fee and a \$75 ResNet Fee. The \$15 Social Fee goes into the programming budget for planned events during the academic year in the residence halls. The \$75 ResNet fee goes to continued support, maintenance, and improvements for our technology and Wi-Fi service in the residence halls.

Extended Stay Program

Need a room in the residence halls for a night, a week or longer? Extended Stay offers a new flexible option if rooms are available, especially for commuter students during the winter months. Spend a night (or more as you wish) in the residence halls. (Note: A meal plan is not required for this option.)

- Daily rate - \$36
- Weekly rate - \$220
