COURSE CONTENT:

| Sept. 8  | Exercises 1-A, 1-B, 1-C | Oct. 27 .......... Exercises 7-B, 7-C, 7-E |
| Sept. 22 | Exercises 3-A, 3-B, 3-C, 3-D | |
| Sept. 29 | Exercises 4-A, 4-B, 4-C, 5-A | Nov. 10 .......... Exercises 15-A, 15-B, 15-C, 15-D |
| Oct. 6   | Exercises 5-B, 5-C, 5-D | Nov. 17 ............ Exercises 16-B, 16-C, 16-D, 19-B, 19-C |
| Oct. 13  | Exercises 6-A, 6-B, 6-C, 6-D | Dec. 1 ............ Exam II covering exercises above |

Oct. 20 ............ Exam I covering exercises above

COURSE REQUIREMENTS

Students must complete all lab exercises assigned.

GRADING

Assessed outcomes: Exams will be structured to test the students critical thinking abilities concerning the geographical concepts outlined in the course objectives and to solve geographic problems.

Each exam will be scored on the basis of the percentage of correct answers. The percentage correct from all exams will be averaged to arrive at a final course grade according to the scale below:

- 85-100 = A
- 70-84 = B
- 55-69 = C
- 41-54 = D
- 0-40 = F

Exam questions will cover the materials presented in laboratory assignments.

Students involved in cheating will receive a grade of “F” for the course.

Absences on exam days will result in a grade of zero for that exam except under the following conditions: (1) family emergency or (2) medical reasons. These exceptions must be accompanied by an excuse approved by the dean of students office. Make up exams will be scheduled on the last regular class meeting of the semester.

Under no conditions will exams be given prior to the scheduled exam dates.

If you are a student that needs assistance with your exam because of a handicap, please let me know so that we can jointly arrange a specialized procedure with Disability Support Services.

Electronic devices: Calculators and tape recorders are allowed. Cell phones are not to be used as they are disrupting to students. Please turn cell phones off during class periods.
