TIPS FROM YOUR TUTORS

- Do the practice problems
- Break your work up into sections
- Map out a plan of accomplishing tasks that can't be done all at once
- Create a study environment that will be similar to the test environment
- Go through ALL the material, even for open note finals
- Focus on time management
- For conceptual classes, use flow charts to organize large amounts of material
- Remember self care and sleep
- Make a comprehensive study guide
- Communicate with your professors frequently, and ask them to review your rough drafts

GOOD LUCK!
