APPLICATION CHECKLIST

Before your application can be reviewed for admission, all of the items listed below must be submitted to the Office of Graduate Studies prior to the application deadline. Please refer to the deadlines in the application packet for specific dates.

☐ Fill out the application forms completely. Please list all colleges and universities, which you have attended, no matter how brief attendance may have been or whether such attendance is shown on the transcript of another institution.

☐ Applicants claiming Montana state residency must complete the appropriate residency sections in their entirety.

☐ A $40.00 non-refundable application fee, payable to Montana State University Billings must accompany the application.

☐ Grade point average calculation form. All domestic students are required to complete this form. At least one calculation is required (for your last two years of undergraduate education). You will not have to calculate undergraduate cumulative GPA if it is shown on your official transcript (simply transcribe it to the appropriate space on the GPA Calculation sheet). If you have any post-bachelor’s school experience, compute your cumulative graduate GPA.

☐ Transcripts. The following transcripts are required for an application to be considered complete: transcript showing proof of a bachelor’s degree, all post-bachelors transcripts, and any transcripts including 60 or more credits taken prior to the completion of a bachelor’s degree (i.e.: student attends institution A and receives credit for 72 credits. Student then transfers to institution B where bachelor’s degree is granted. The Office of Graduate Studies will need transcripts from institution A and B). Request official copies of these transcripts and have them sent to you for inclusion in your application packet. Some schools will refuse to send official transcripts directly to students and in this case, submit an unofficial copy with a note clarifying that that official transcript is en route from the institution (MSUB students do not need to submit official transcripts).

☐ Admission Test Scores. Official copies of a standardized graduate admission test must be submitted with all applications. Unofficial scores may be submitted for initial application review; however, you must also request that the official copy be sent to MSU Billings. Use code 4298 for GRE tests. If taking the GRE, the general GRE is required of all applicants.

ADMISSION TEST SCORES:

Most programs at MSU Billings require a standardized admission test. Please refer to the current graduate catalog for that information. The most common admission test is the Graduate Record Examination (GRE) but there are others that meet this criterion. If you have questions regarding which tests may apply, please contact the Office of Graduate Studies.
The Office of Graduate Studies will accept a photocopy of your GRE scores from another accredited academic institution in lieu of official exam scores only under the following circumstances:

1. The copy must be reproduced by an official of the institution on the institution’s original letterhead stationery.
2. The copy must bear an imprint of the institution’s official stamp.
3. The copy must bear the original signature of a designated officer of the institution.

- Any transcript(s) including 60 or more credits taken prior to the completion of a bachelor’s degree (e.g., student attends institution A and receives credit for 72 credits. Student then transfers to institution B. Institution B grants the bachelors degree. The Office of Graduate Studies requires transcripts from both institutions A and B).

Please request that the official copies of any transcripts be sent to you for inclusion in your application packet. **DO NOT OPEN THE ENVELOPE(S).** The transcript(s) is not official if the envelope seal appears tampered with or broken. Some academic institutions may refuse to send official transcripts directly to students. In such occurrence, please submit an unofficial copy (photocopy or student copy) of your transcript with your application with a note indicating that the official transcript(s) is en route from the institution to the MSUB graduate office.

LETTERS OF RECOMMENDATION:

Some degrees or programs require letters of recommendation. If the program you are applying for requires such letters they must accompany your application. Please refer to the current catalog to determine from what sources the letters are required. Some degrees have a form to use in lieu of a letter. Please check the Web site [http://www.msubillings.edu/grad/recforms.htm](http://www.msubillings.edu/grad/recforms.htm) for departments that have this form available. All letters of recommendation are confidential unless indicated otherwise by the recommendation provider(s).

ADMISSION ESSAY OR LETTER OF APPLICATION:

Some programs require an admission essay or letter of application. Please contact the department or program to which you are applying to inquire about the essay or letter of application for your degree choice.

If the department or program does not have specific criteria for your essay or letter, please state why the graduate degree you seek represents a reasonable step or progression for you in terms of your previous academic study and professional experience. Describe your career goals and aspirations, and how you expect the completion of the graduate degree to facilitate attainment of those goals.

GPA CALCULATION SHEET:

All domestic applicants are required to complete the GPA calculation sheet included on page 7 of the application packet. Instructions for completing the GPA calculation sheet are located directly on the form.
