Northwestern Mutual is the marketing name for The Northwestern Mutual Life Insurance Company, Milwaukee, WI, and its subsidiaries. According to FORTUNE® magazine, Northwestern Mutual is among the "World's Most Admired" life insurance companies in 2013 and has helped clients achieve financial security for more than 155 years.

As a mutual company with $1.4 trillion of life insurance protection in force, Northwestern Mutual has no shareholders. The company focuses solely and directly on its clients and seeks to deliver consistent and dependable value to them over time.

Northwestern Mutual and its subsidiaries offer a holistic approach to financial security solutions including: life insurance, long-term care insurance, disability income insurance, annuities, investment products, and advisory products and services. Subsidiaries include Northwestern Mutual Investment Services, LLC, broker-dealer, registered investment adviser, member FINRA and SIPC; the Northwestern Mutual Wealth Management Company, limited purpose federal savings bank; Northwestern Long Term Care Insurance Company; and Russell Investments.

Northwestern Mutual is a new Career Services Silver Employer Partner, and Jeramie Meadows, MSUB alumnus, is looking forward to his organization becoming more visible and involved with students across the MSU Billings Campus. Jeramie has been a financial representative with Northwestern Mutual since 2008. He identified several skills required to be successful in his practice: a strong work ethic, good customer relations, and the ability to be analytical. Northwestern Mutual prefers financial representatives to have a bachelor’s degree. While the interview process is lengthy, the end result could be gratifying.

Jeramie says that some people are surprised to learn how great the internship program is. Students who are motivated, personable, analytical, and who enjoy helping others should apply for an internship with Northwestern Mutual. Internships are always available and run throughout the year, not on a semester basis. They pay a stipend and also commission, so students can treat it as a part-time job while going to school full-time.

“Whatever career direction you ultimately choose, a Northwestern Mutual internship helps you build on your classroom learning and develop skills that you’ll use for a lifetime.” It’s easy to see why Northwestern Mutual offers the only “One of America’s Top 10 Internships” in Montana, according to the Vault Guide to Internships, 2013 edition.
