BUSINESS ADMINISTRATION GENERAL BUSINESS

Overview of the General Business program:

Business programs at MSU Billings provide a foundation of study in the arts and sciences combined with professional business training to prepare graduates for numerous career paths and leadership roles in business.

The General Business Option is designed for students who wish to pursue an online business degree. Students completing this option receive well-rounded exposure to accounting, finance, management, and marketing. The program also provides the basic undergraduate education required for admission to graduate study in professional fields such as management, law, urban planning, and health administration.

What makes your program unique?

The business programs at MSUB are accredited by AACSB, the premier accrediting body ensuring quality in academic business programs. The standards required by AACSB accreditation put MSU Billings' College of Business and its programs in the top 5% of business schools in the world.

All courses required for this degree are offered online, although students have the option to take some of these courses onsite or in HyFlex format. This flexibility allows students to complete their degree wherever they are.
