WELCOME

Welcome to Montana State University Billings. I am delighted you have chosen this University to pursue your academic goals as you continue preparing for your career in the 21st century. Our goal is to make Montana State University Billings Your University of Choice and Educational Partner for a Lifetime.

I am extremely proud of our heritage at MSU Billings, offering academic excellence in all programs of study and our commitment to providing personal attention to all students. MSU Billings is an outstanding University. The faculty are a community of scholars dedicated to excellence in teaching and mentoring. They will challenge you academically, share their knowledge, and provide the one-to-one mentoring you need to be successful while a student at the University.

The University is accredited by the Northwest Commission on Colleges and Universities. All degree programs at MSU Billings are designed to provide students with the necessary academic preparation to enter their chosen career fully prepared to meet the demands of a changing job market and a global economy, and to pursue the path of lifelong learning.

The University has developed several new initiatives to benefit students. These include transitioning the College of Technology to a comprehensive community college in order to better serve the needs of the community and students; opening a downtown Billings location including classrooms and computer labs providing greater access to academic offerings and services; and adding the College of Allied Health Professions focusing on the career opportunities and workforce training needs of the ever-increasing needs of the health profession industry.

While you are here, please take advantage of all the University has to offer—from the Academic Advising Center, Academic Support Center, web-based courses, state-of-the-art computer labs, distance learning facilities, and use of other current and emerging technologies. The University also offers other enrichment experiences including an honors program and study abroad opportunities. The University encourages experiential learning through internships, cooperative education, and other field experiences which help students confirm their career interests and develop the skills beyond those learned in the classroom and needed to prepare for success in the 21st century.

I also encourage you to become involved in the community-based public service activities and programs. For students with disabilities, please become familiar with services provided through our Disability Support Services program. If you have been out of school for an extended period of time, you will find Student Opportunity Services extremely useful.

Again, welcome to Montana State University Billings and best wishes for an exciting and rewarding academic experience. Please accept my personal invitation and encouragement to become involved in all the University has to offer in and out of the classroom. Above all, enjoy your journey as you enrich you mind. Please visit our University web page at www.msubillings.edu where you will find additional information useful to you as you pursue your academic and career goals.

Dr. Rolf Groseth
Chancellor
Montana State University Billings
MONTANA STATE UNIVERSITY BILLINGS

Core Purpose
To assure that all members of the university community reach their individual potential

Mission
MSU Billings provides a university experience characterized by:
Excellent Teaching
Support for Individual Learning
Engagement in Civic Responsibility
Intellectual, Cultural, Social & Economic Community Enhancement

Vision
Montana State University Billings will be recognized as a regional leader for:
Teaching & Learning
Translating Knowledge into Practice
Researching for the Future
Accepting Leadership for Intellectual, Cultural, Social & Economic Development Beyond University Boundaries

Core Values
Integrity
MSU Billings’ actions are ethical & principled to assure dignity & equity for all

Educational Excellence
MSU Billings provides distinctive programs & challenging educational experiences for a diverse university community

Student Achievement
MSU Billings provides academic support & administrative services to foster academic & professional achievement of the university community

Community of Learners
MSU Billings respects & nurtures variety in intellectual contribution & scholarship enriching both the university & its extended community

Meaningful Engagement
MSU Billings supports all members of the university community in their individual growth toward confidence, individual sense of purpose & acceptance of civic responsibilities

Responsiveness
MSU Billings meets the changing needs of our learners with informed action & innovation based on current standards of educational & technical excellence

University Strategic Initiatives

Programs
Create and maintain distinctive, vital academic programs and services for 21st Century learners

Faculty Excellence
Cultivate excellence in & outside the classroom, in scholarly endeavors & exemplary service through faculty & staff development, support for scholarship, continuing assessment, & recognition of professional service

Needs of Learners
Identify the needs of all learners & provide access to a university experience that fulfills both individual goals & societal needs

Social Equity
Model social equity and consciousness by assuring that all members of our campus community grows because of their University experience

Research Initiatives
Increase the stature, professionalism & research initiatives of all academic programs & student services

Economic Access
Augment local, state & regional economic development through the strength of the University’s financial base & our learners’ contributions to their communities

Global Engagement
Increase staff, faculty & student awareness, understanding, & involvement in the international community

University Infrastructure
Ensure an administrative, operational and physical infrastructure that fully supports excellence
2011–2013 General Bulletin
Montana State University Billings
1500 University Drive
Billings, Montana 59101–0298
(406) 657–2011
www.msubillings.edu

Important Notice to All Students
This General Bulletin is published biennially by Montana State University Billings as a guide for students, faculty and others interested in the institution. Students are expected to be familiar with the University regulations and information which are set forth in this publication. Effective date of this General Bulletin is August 2011.

The University is not responsible for cancellation of classes due to damage to campus facilities or unavailability of teaching personnel resulting from severe weather conditions, natural or man-made disasters, work stoppages or emergency situations declared by the Governor.

Advisors assist students with selection of courses and other academically related issues, but the ultimate responsibility for meeting graduation requirements belongs to students.

MSU Billings reserves the right to change the regulations and fees in this Bulletin at any time during the two-year period the publication is in effect. The institution, with the concurrence of the Board of Regents of Higher Education, also reserves the right to add or withdraw courses and degree programs at any time.

Effective dates of changes will be determined by the proper authorities and shall apply to prospective students and to those who are already enrolled.

For further information, write to the Office of Admissions and Records; Montana State University Billings; 1500 University Drive; Billings, Montana 59101–0298.

Urban University
MSU Billings is an urban university serving a diverse constituency with diverse needs and expectations. The greatest distinction and greatest opportunity for MSU Billings literally surrounds us: the city itself. Billings is the largest medical, financial, and retail hub between Spokane, Denver, and St. Paul, Minnesota, and as an urban university, this requires we build strong partnerships to be efficient and effective. Urban adult learners—full-time and part-time—are well served by the University’s commitment to alternative learning modes, online options, child care, tutoring, and other student services that help them juggle work, family, and educational responsibilities. The MSU Billings COT has specific programs with direct relationships to the community (oil refining, energy, health care) that reflect its urban mission.

Continuous Quality Improvement: A way of life at Montana State University Billings
Montana State University Billings is a student-centered learning environment that is enhanced by commitment to Continuous Quality Improvement (CQI). This dedication to CQI means that the University faculty and staff continually review programs and services to our students to provide an optimal educational experience. This persistent pursuit of quality improvement to assure excellence involves our students, staff, faculty, administration and our community.

Student Learning Outcomes
MSU Billings understands that student success and student learning takes place inside and outside the classroom. The ability to assess and measure that success is imperative. The University has embraced the concept of Continuous Quality Improvement. The
challenge now and in the future is to refine student learning outcomes, develop a systemic process that is valid and reliable to collect the appropriate data, and then aggregate/disaggregate that data. In response to the 1998 NWCCU accreditation review, MSU Billings began the process of reviewing and revising University assessment processes. This 10-year review process has resulted in the revision of the general education program, which contains five conceptual areas, designated student outcomes for each, and means to assess those outcomes. Using the in-depth review of general education as a starting point, the focused existing assessment activities in the Colleges of Allied Health Professions, Arts and Sciences, Business, Education, and Technology, the University expanded assessment throughout the institution. Each program publishes objectives/student learning outcomes in the General Bulletin, the COT Catalog or the Graduate Catalog, as appropriate. Program outcomes are reviewed through Annual Reports. Changes in programs result from review of objectives as they relate to student achievement, program/faculty/student data, and state/national specialty area standards.

Degree Levels
Montana State University Billings offers pre-professional and certification programs and awards degrees at the associate’s, bachelor’s, and master’s degree levels. MSU Billings also offers post-master’s (non-degree) supervisor endorsement programs in Reading K-12 and Special Education K-12.

Accreditation
Montana State University Billings is accredited by the Northwest Commission on Colleges and Universities. It is accredited by the National Council for the Accreditation of Teacher Education for preparing elementary and secondary teachers and school counselors through the Bachelor of Science and Master of Education degrees and the Master of Science in Special Education degree. MSU Billings is also accredited by the National Association of Schools of Music, the National Association of Schools of Art and Design, and the Council on Rehabilitation Education. College of Technology programs are approved by the National Institute for Automotive Service Excellence and the Montana Board of Nursing. MSU Billings has achieved candidacy status for Association to Advance Collegiate Schools of Business (AACSB) accreditation for its College of Business. Please see the College of Technology Catalog for accreditation information about the College of Technology programs.

Faculty
MSU Billings faculty have expertise in many areas and approximately 91 percent hold the highest degrees in their fields. They contribute a number of articles each year to academic and professional journals in their fields and they participate with their peers nationwide at conferences and seminars. Each year they receive grants ranging from Fulbriights for study abroad to those for the investigation of human and scientific information. Because the faculty is involved in research, students may also become involved in research including the presentation of findings at conferences and the publication of papers in journals. Because the faculty is involved with their peers, students are exposed to the latest information in each discipline. Because the faculty is involved in communicating with their colleagues around the country, they also continue being involved in expressing those ideas to students.

Diversity
MSU Billings supports all members of the University community in their individual growth toward confidence, individual sense of purpose, and acceptance of civic responsibilities. MSU Billings' actions are ethical and principled to assure dignity and equity for all. MSU Billings seeks to increase staff, faculty and student awareness, understanding, and involvement in the international community. MSU Billings is committed to providing an intellectual and social environment that supports and nurtures diversity awareness and cultural consciousness.

Location and Campus
The Yellowstone Region and the City of Billings
America’s “last, best place” is undoubtedly an appropriate way to describe the region of the Yellowstone. Stretching from Yellowstone Park to where it joins the Missouri River, the Yellowstone River is the longest un-dammed river in the United States. Montana State University Billings shares the history, traditions, and quality of life that characterize the Yellowstone Region.

Montana State University Billings is located in the expanding city of Billings in the valley of the Yellowstone between rugged mountains and sweeping plains with a population base of approximately
100,000. The city, the largest in Montana, offers all the conveniences of modern urban life but has retained its cultural and historical Western tradition of friendliness.

Billings, the “Magic City,” serves as a center for agriculture, finance, trade, medical care, education, tourism and energy-related industries for the people of central and eastern Montana and northern Wyoming. A downtown business district, well-planned shopping centers and malls, and a variety of smaller specialty stores provide ample opportunity for browsing and shopping.

MetraPark, Montana’s major indoor arena, provides a number of entertainment opportunities such as major concert productions, trade shows and sporting events.

Historical sites, trout fishing streams, mountain trails and downhill ski runs are within easy driving distance from Billings. World-famous Yellowstone National Park is nearby.

Billings has a number of churches, radio and television stations, movie theatres, a performing arts center, a symphony and a community theatre. Parks, tennis courts and golf courses offer recreational opportunities. The city is served by excellent transportation facilities.

Among other assets are excellent hotels, motels, restaurants, and delightful residential districts.

The MSU Billings Campus
Montana State University Billings is comprised of three campuses: the senior campus, the College of Technology campus, and the Downtown campus. The senior campus of 92 acres is at the foot of majestic sandstone cliffs overlooking the city. The 18 buildings are within a short walking distance across campus. Two residence halls connected to the Student Union Building and one family housing apartment complex provide housing to students. Rimrock has 148 rooms and Petro has 362 rooms available for occupancy. The Student Union Building (SUB) houses the Book Depot, Campus Dining Services, Stingers Coffee Shop and administrative offices. Home of the Yellowjackets, the Alterowitz Gymnasium offers a variety of recreational and instructional opportunities. It houses a 4,000 seat arena, a practice gymnasium, a collegiate size swimming pool, an enclosed running track and racquetball courts.

Although physically separated from the senior campus, the College of Technology campus, located 7 miles from the senior campus on the west side of Billings, is an integral part of the University. The campus consists of two buildings: the Tech building and new Health Sciences building. The facilities provide ample classrooms, laboratories, and other instructional areas. A large central commons is a popular student gathering and dining area. At the front of the COT campus is the MSU Billings soccer field, used by both the women’s and men’s soccer teams for practice and games.

MSU Billings Downtown resides in a number of buildings in downtown Billings, and includes a division of the campus bookstore, Jackets & Co.

Academic Calendar
The academic year consists of Fall and Spring semesters. The summer term has its own calendar. Classes are also available between the fall and spring semesters in an Intersession format.

Campus Visits
McMullen First Floor East, (406) 657-2888
Campus tours are available through the Office of New Student Services. For information, call (406) 657-2888; or write the Office of New Student Services; Montana State University Billings; 1500 University Drive; Billings, MT 59101-0298; or visit our web site at www.msubillings.edu. To assure the availability of staff, please contact this office to set up your campus visit.

University Policies
Policy of Non-Discrimination
MSU Billings pursues affirmative action to provide to all people the equal opportunity for education, employment, and participation in University activities without regard to race, color, religion, national origin, sex, age, marital or family status, disability, or sexual orientation and seeks to employ and advance in employment qualified disabled veterans and veterans of the Vietnam Era.

Responsibility for effecting equal opportunity accrues to all University administrators, faculty, and staff. This responsibility includes assurance that employment and admission decisions, personnel actions, and administration of benefits to students and employees rests exclusively upon criteria that adhere to the principle of Equal Opportunity. MSU Billings will
Montana State University Billings prohibits and will not tolerate sexual harassment on its premises, within any of its programs, services or other University sponsored activities, or by anyone acting as an agent of the University.

MSU Billings uses the definition of sexual harassment set forth by the U.S. Equal Employment Opportunity Commission which states:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when submission to or rejection of this conduct explicitly or implicitly affects an individual’s employment, unreasonably interferes with an individual’s work performance or creates an intimidating, hostile or offensive work environment.

The University extends these protections beyond its employees to include its students (in accordance with Title IX), other consumers, and members of the general public who come into contact with the University or its agents.

Sexual harassment in education or employment covers a broad spectrum of behavior, ranging from sexual innuendoes and gender-based comments made at inappropriate times, perhaps in the guise of humor, to coerced sexual relations. In its extreme form, sexual harassment occurs when a person in a position of influence over the job, career, or grades of others uses his/her authority to coerce another person into sexual relations or to punish that person for rejecting or reporting such advances.

MSU Billings considers such behavior unacceptable. Sexual harassment is furthermore a violation of state and federal equal opportunity and nondiscrimination regulations.

In keeping with the University’s policy on sexual harassment, Montana State University Billings desires to create a working environment for employees and a learning environment for students which is free of sexual harassment and intimidation. Materials such as calendars, posters, post cards, photographs and cartoons that contain sexually explicit images or language can create an intimidating, hostile or offensive environment and may subject persons of either sex to humiliation, embarrassment or discomfort because of their gender. Such materials are inappropriate and should be removed from the workplace.

This policy applies to space provided by the University for the conduct of its business such as offices, shops, classrooms, hallways and study carrels.

This policy does not apply to: (1) libraries, resource rooms, or research collections; (2) materials related to course content or assignments used in the educational setting; (3) displays and exhibits in galleries and museums, or (4) private rooms or family housing units rented from the University.

Disciplinary action will be taken when instances of sexual harassment are identified and confirmed. Retaliation against persons who file complaints is also a violation of laws prohibiting discrimination and will lead to disciplinary action against offenders.

Supervisors who knowingly condone or fail to report incidents of harassment will themselves be subject to discipline.

Students who fail to comply with this policy may be in violation of the Code of Student Conduct, and may be subject to student disciplinary action.

Employees or students who wish to report incidents of sexual harassment should contact the Director of Human Resources/EEO Officer, McMullen Hall, Room 310, 657-2278.
Conflict of Interest Policy

This policy is adopted pursuant to Board of Regents Policy 770, Conflict of Interest, and applies to all 0.5 FTE or greater employees (hereafter, employees) at Montana State University Billings and Montana law, Standards of Conduct Code of Ethics, Title 2, Chapter 2, Part 1, MCA. Procedures for Conflict of Interest can be found at www.msubillings.edu/humres/policies.

Annual Crime Report

In November of 1990, the Student Right-to-Know Act was signed into law and is now known as the Jeanne Clery Act. The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act mandates that institutions of higher education report and make available to both current and prospective students and employees the occurrences of specific crimes at each respective campus. In addition to the number of reported specified crimes, the institutions must report the number of arrests for liquor violations, drug-abuse violations, and weapon violations. The report is available through the Vice Chancellor for Student Affairs, (406) 657-2307, or the Office of Human Resources /EEO-AA, (406) 657-2278.

Safety & Security

In response to concerns about campus safety, Montana State University Billings will be installing digital clocks in every classroom which will double as an emergency communication device to warn students of potential hazards. Cameras are also being installed in various parking lots and training is planned on “shelter in place” practices. The Emergency Crisis Communications Committee is meeting regularly to implement additional security.

Americans With Disabilities Act of 1990 and ADA Amendment

Act of 2008

Montana State University Billings affirms its commitment to nondiscrimination on the basis of disability and its intention to comply with all laws prohibiting such discrimination including Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and the ADA Amendments Act of 2008.

In order to assure nondiscrimination on the basis of disability, the University will provide appropriate and reasonable accommodation for members of the public, employees and students with disabilities, as defined by these laws.

All University administrators, faculty, staff and students have a responsibility to adhere to the philosophy of equal access and opportunity which is the basis for this nondiscrimination commitment.

An individual may be required to provide relevant, written documentation in order to establish that he/she is a person with a disability and entitled to a reasonable accommodation under the law.

The University’s ADA coordinators are the Director of Human Resources and the Director of Disability Support Services.

Any employee or applicant with disabilities concerned about accessibility and/or accommodation issues should contact the Human Resources, McMullen Hall 310, (406) 657-2278 (Voice/TTY).

Students

Any student with disabilities concerned about accessibility and/or accommodation issues should contact Disability Support Services, Academic Support Center (406) 657-2283 (Voice/TTY).

Disability Support Services reviews complaints by students regarding discrimination and/or harassment on the basis of physical or mental disability relating to disability accommodations in the classroom and physical access to facilities. The full grievance policy is on the DSS website at www.msubillings.edu/dss.
Degrees, Majors, Minors, Options

Programs marked with a ∇ are also offered in an online format.

**Associate of Arts Degree (AA)**

*Programs of Study in:*
- Applied Psychology
- Education
- General Studies (Self-designed)
- Rehabilitation and Related Services

**Associate of Science Degree (AS)**

*Programs of Study in:*
- Allied Health
- Business Administration
- Drafting & Design
- Environmental Science

Admissions and Registration
McMullen First Floor West
(406) 657–2158 or 1–800–565–MSUB
www.msubillings.edu

Montana State University Billings believes that every student who is academically capable of successfully completing a course of study available through MSU Billings should be given the opportunity of enrolling in the University without regard to age, creed, handicap, national origin, race or sex.

Montana State University Billings reaches out to encourage minority students to attend the institution. Staff representatives of the Office of New Student Services make frequent visits to middle schools, high schools, community colleges, and tribal colleges to provide guidance to students as they consider and explore their educational future.

Admissions

New Students: How to Apply
NOTE: Students making application to attend Montana State University Billings should be aware that the Admission Requirements may have changed since the publication of this document. Please contact the Office of Admissions and Records (406) 657-2158, 1-800-565-MSUB; or write to the Office of Admissions and Records, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298.

1. Complete and submit an application for admission. Applications may be obtained from Montana high school counselors or from the Office of Admissions and Records, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298. You may call (406) 657-2158 or apply online at www.msubillings.edu to have this material sent to you.

   Applications will be processed only for the term that the applicant indicates on the application.

2. Submit a $30.00 nonrefundable application fee (check or money order) with the application for admission. A $40 nonrefundable fee is assessed to new graduate students.

3. If you have not previously attended an accredited college or university, request an official transcript from your high school that includes the graduation date, final class rank, and grade point average and have it sent to the Office of Admissions and Records, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298.

4. Any student born after December 31, 1956, must show proof of immunization that was administered after December 31, 1967. The immunization dates must also be after your first birthday. Requirements include proof of two (2) doses of immunization against measles (Rubella) given at least 30 days apart and one (1) proof of Rubella immunization. Include mo/day/yr. Any immunizations administered after June 11, 1993, must be an MMR. The record must be signed by a physician, health agency or school official.

When to Apply

Students wishing to attend Montana State University Billings should apply for admission as early as possible prior to the term in which enrollment is desired.

New First–Time Students: Admission Requirements

First–time Students Who Graduated from High School Within the Last Three Years

New students in this category need to follow the “All New Students: How to Apply” section. First-time students who graduated from high school within the last three years are also required to do the following:

1. All first-time applicants who enter college within three years from the date of their high school graduation or from the date when they would have graduated from high school are required to take either the American College Test (ACT) or the Scholastic Aptitude Test (SAT). One of these tests should be taken prior to making application for
admission and official results sent to Montana State University Billings. The SAT or the ACT test must be taken no later than by the end of the first term of attendance at MSU Billings.

2. Students who enter college within three years from the date of their high school graduation need to complete the High School Self-Report Form (listing admission requirements and college preparatory requirements) or complete a high school transcript (reflecting graduation date) and submit it with the application for admission. This form is available from Montana high school counselors or from the Office of Admissions and Records at MSU Billings.

3. Students who have graduated from high school within the last three years must meet one of the three following Admission Requirements:
   • Have a minimum grade point average of 2.5
   • A composite score of 22 on the American College Test (ACT) or a combined score of 1540 on the SAT
   • Rank in the upper one-half of the student’s graduating class

4. Students must also meet the following University Preparatory Requirements:
   • Four years of English.
   • Three years of mathematics, including Algebra I, Geometry, and Algebra II (students are encouraged to take a math course their senior year in high school).
   • Three years of social studies, including global studies (such as world history or world geography); American history; and government, economics or Native American history or other third-year course.
   • Two years of laboratory science. One year must be earth science, biology, chemistry, or physics; the other year can be one of those sciences or another approved college preparatory laboratory science course.
   • Two years chosen from the following: foreign language (preferably two years of one language), computer science, visual and performing arts, or vocational education units that meet the Office of Public Instruction guidelines.

5. Any student seeking admission to a four-year program must also satisfy the mathematics proficiency standard set out in Board of Regent Policy 301.15:
   • Fall 2007 and following: Minimum ACT Math score of 18 (SAT score of 440) or a score of 3 or higher on the AP Calculus AB or B exam.

In lieu of the math proficiency indicators set out above, students may offer CLEP Subject Examinations in selected topics (College Algebra, College Algebra-Trigonometry, Calculus or Trigonometry) if their score on the examination meets or exceeds the ACE Recommended Score for Awarding Credit of 50.

6. Any student seeking admission to a four-year program must also satisfy the writing proficiency standard set out in Board of Regent Policy 301.16:
   • Fall 2007, students must earn a minimum score of:
     • 5 on the Writing Subscore or 16 on the Combined English/Writing section of the Optional Writing Test of the ACT; or
     • 5 on the Essay or 390 on the Writing Section of the SAT; or
     • 2.5 on the Montana University System Writing Assessment, or
     • 3 on the AP English Language or English Literature Examination.
   • Fall 2008, students must earn a minimum score of:
     • 6 on the Writing Subscore or an equivalent score on the Combined English/Writing section of the Optional Writing Test of the ACT; or
     • 6 on the Essay or an equivalent score on the Writing Section of the SAT; or
     • 3 on the Montana University System Writing Assessment; or
     • 3 on the AP English Language or English Literature Examination.
   • Fall 2009 and the following years, students must earn a minimum score of:
     • 7 on the Writing Subscore or an equivalent score on the Combined English/Writing section of the Optional Writing Test of the ACT; or
     • 7 on the Essay or an equivalent score on the Writing Section of the SAT; or
     • 3.5 on the Montana University System Writing Assessment; or
     • 3 on the AP English Language or English Literature Examination.

In lieu of the writing proficiency indicators set out above, students may offer CLEP Subject Examinations in Composition if their scores on the examination meet or exceed the ACE Recommended Score for Awarding Credit of 50.

A student who has not yet demonstrated the ability to meet these standards may be admitted (without condition) to a two-year degree program or admitted provisionally to a four-year degree program on any campus of the Montana University System.
NOTE: Admission, college preparatory curriculum requirements, and math and writing proficiency standards do not apply to the following students:
1. Students who do not enter college within three years from the date of their high school graduation or from the date when they would have graduated from high school. (See “First-time Students Out of High School More than Three Years” section.)
2. Part-time students taking seven credits or less.
3. Summer only students.

NOTE: A student less than three years from high school graduation and who does not meet the University Preparatory Requirements and/or the Admission Requirements has the following options to enter Montana State University Billings:
1. Enroll part-time during a summer session to make up any deficiency.
2. Enroll as a part-time student for seven credits or less. (To receive part-time financial aid, students must enroll for six or more credits.)
3. Enroll as a full-time student accepted under an exemption allowed by Board of Regent Policy.
4. Enroll as a student at the MSU Billings College of Technology.
5. Enroll at a community college or another accredited college and attempt at least 12 semester credits or make up any deficiencies in college preparatory curriculum or proficiency standards, and transfer to Montana State University Billings. See the Transfer Students information section.

NOTE: A student less than three years from high school graduation who meets Admission and University Preparatory Requirements, but does not meet the math and/or writing proficiency standards may prove that he/she has the appropriate proficiency in the following ways:
• Re-take one or more of the listed assessments to earn the required score
• Earn a C- grade or better in a college course that is the prerequisite to the course that satisfies the general education program requirements (See Advising Center for assistance in selecting such a course).

Non-Montana Residents who enter college within three years from the date of their high school graduation
Out-of-state applicants must be graduates of an accredited high school. Students who seek college admission within three years of the date of their high school graduation and are from states without a University Preparatory curriculum will need to meet two of the three Admission Requirements listed previously.

Students in this age category from states that have University Preparatory requirements which are comparable to the Montana Preparatory Requirements must meet those requirements and at least one of the Admission Requirements listed previously for admission to Montana State University Billings. If the out-of-state preparatory curriculum is determined to require less than Montana’s University Preparatory Requirements, the applicant must meet two of the three admission criteria listed previously in order to be accepted for full-time status.

Non-resident students wishing clarification of their admission requirements should call the Office of Admissions and Records, (406) 657-2158, for assistance.

First-time Students Out of High School More Than Three Years
In order to be accepted for admission to Montana State University Billings’ senior campus, students must meet the following requirements:

Montana Resident Students out of high school more than three years: Graduates of any accredited Montana high school out of high school more than three years must complete the steps for “All New Students: How to Apply” section.

Non-Montana Resident Students out of high school more than three years: Non-Montana resident applicants out of high school more than three years must be graduates of an accredited high school and must complete the steps for “All New Students: How to Apply” section.

[An exception to these requirements pertains to those who are not high school graduates and who have completed the General Educational Development test (GED). Please see the “Non-high School Graduates” section of this catalog (page 23)].
College of Technology

Enrollment Requirements
The College of Technology, 3803 Central Avenue, requires students to have earned either a high school diploma from an accredited institution, or a GED, or passed the Compass Ability-to-Benefit exam (ABT) administered by the MSU Billings Advising Center. In an effort to meet individual needs, the College of Technology has established special admission procedures for students seeking admission to certain programs. Contact the College of Technology for this information at (406) 247-3000, ext. 3005. The Admission application fee is $30.00 for the College of Technology.

Transfer Students

How to Apply
NOTE: Students making application to attend Montana State University Billings should be aware that Admission Requirements may have changed since the publication of this document. Please contact the Office of Admissions and Records (406) 657-2158 or 1-800-565-MSUB; or write to the Office of Admissions and Records, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298.

Applicants who have attempted 12 or more GPA credits at another accredited college or university are considered transfer students. To be admitted to Montana State University Billings, transfer students must do the following:
1. Complete and submit an application for admission. Applications for admission may be obtained from college counselors or from the Office of Admissions and Records, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298. You may call (406) 657-2158 or 1-800-565-MSUB to have this material sent to you or apply online at www.msubillings.edu. Applications will be processed only for the term the applicant indicates on the application.
2. Submit a $30.00 nonrefundable application fee (check or money order) with the application for admission. A $40 nonrefundable fee is assessed to new graduate students.
3. Transfer students must request official and complete transcripts from each college attended or a transcript which indicates that a baccalaureate degree has been earned and transcripts from any colleges attended after the degree was earned. Transcripts must be sent directly to the Office of Admissions and Records at Montana State University Billings.
4. Any student born after December 31, 1956, must show proof of immunization that was administered after December 31, 1967. The immunization dates must also be after your first birthday. Requirements include proof of two (2) doses of immunization against measles (Rubella) given at least 30 days apart and one (1) proof of Rubella immunization. Include mo/day/yr. Any immunizations administered after June 11, 1993, must be an MMR. The record must be signed by a physician, health agency or school official.

Montana Resident Transfer Students will be admitted upon receipt of an official and complete transcript from each college or university attended. A resident transfer student applicant must meet the criteria for “good academic standing” as defined by Montana State University Billings. See page 450 of the General Bulletin.

Non-Montana Resident Transfer Students must meet the in-state student requirements and must also have a 2.00 cumulative grade point average for all college level work before his/her admission is approved.

When to Apply
Transfer applicants should apply for admission as early as possible prior to the term in which enrollment is desired.

Transfer of College-Level Credits

Transfers from Montana University System Units, Montana Community Colleges and Montana Tribal Colleges
By Board of Regents policy, Montana State University Billings is committed to facilitating undergraduate transfer for students transferred to us from units of the Montana University System and the three publicly supported community colleges and the seven tribal colleges in Montana.

Block Transfer
Undergraduate students who have completed, with a cumulative grade-point average of 2.0 (C) on a four-point scale, an approved general education program at
one of the institutions noted above, will be deemed to have met the lower division General Education requirements of Montana State University Billings.

Special attention should be paid to Board of Regents Policy 301.5.3 on Minimum Course Grades which also applies to acceptance of transfer credit. Before Montana State University Billings will accept the courses as applicable for meeting General Education, a student will have to earn a grade of “C-” or better in each of the classes.

Depending on the major program the student selects, there may still be additional lower division courses required to meet published major program prerequisites. A student may be required to take additional coursework at the upper division level that is part of the approved General Education program at Montana State University Billings.

**Associate of Arts and Associate of Science Degrees**

A student who has completed an Associate of Arts or an Associate of Science degree with an approved general education component package at another unit of the Montana University System, has satisfied the requirements of this policy.

**NOTE:** Students should be aware that Associate of Arts or Associate of Science degrees ordinarily do not have a designated field of study in their title.

Special attention should be paid to Board of Regents Policy 301.5.3 on Minimum Course Grades which also applies to acceptance of transfer credit. Before Montana State University Billings will accept the courses as applicable for meeting General Education, a student will have to earn a grade of “C-” or better in each of the classes.

**Montana University System (MUS) Core Curriculum**

The Montana Transferable Core Curriculum represents an agreement among community, tribal, and publicly funded colleges and universities in the State of Montana. It assures the transfer of up to 30 semester credits for those students enrolled in courses prescribed within each of six discipline areas at a participating host institution. The six discipline areas are:

- Natural Sciences (at least one with a laboratory experience) ........................................ 6 semester credits
- Social Sciences/History .............................. 6 semester credits
- Mathematics .............................................. 3 semester credits
- Communication - written & oral .................................. 6 semester credits
- Humanities/Fine Arts ................................. 6 semester credits
- Cultural Diversity ....................................... 3 semester credits

**Total Semester credits ........................................ 30**

Transfer students and student advisors should also be familiar with the additional guidelines that have been adopted by the Montana Board of Regents for students who use the Montana University System Core to satisfy their lower division general education requirement. Those guidelines are entitled Operational Rules for the Montana University System Core, and can be found at www.mus.montana.edu/transfer. They include the following:

- In order to satisfy the MUS core, students must successfully complete at least one course that includes significant content related to the cultural heritage of American Indians. (See an academic advisor for assistance in determining which transfer courses satisfy this requirement.)
- Students must earn the minimum number of credits in each of the six (6) categories of coursework. Students can only use credit-bearing competency tests or coursework to satisfy the MUS core.
- Coursework can only be used once to satisfy the requirements of the MUS Core. It cannot be “double counted” to satisfy the requirements of more than one category.
- In order to satisfy the requirements of the Communications area, students must successfully complete a combination of courses that includes significant content in both written and oral communications.
- Students must satisfy the “minimum grade” requirements established by Board of Regents’ Policy 301.5.3, along with any exceptions to that policy that may have been established by their program of study.

The Montana University System is committed to facilitating the ease of undergraduate student transfer to its campuses. Therefore, all campuses of the Montana University System will recognize the integrity of general education programs offered by units of the Montana University System and the three publicly supported community colleges and the seven tribal colleges in Montana.

An undergraduate student who has completed courses identified as part of the Montana University System (MUS) Core courses will have general education coursework reviewed for transferability to Montana State University Billings as follows:
1. If a student has completed less than 20 general education credits, that student will be required to complete the approved General Education program at Montana State University Billings. All general education transfer credits that are part of the MUS Core will be reviewed for possible application in the approved General Education program.

2. If a student has completed 20 or more MUS core credits, but does not satisfy the block transfer policy described in the preceding section, that student may choose to complete either the MUS core or the approved General Education program at Montana State University Billings. The student should make that decision in consultation with an advisor.

3. An undergraduate student who completes postsecondary coursework in the Montana University System that does not fall within the MUS Core will have his/her classes analyzed on a course-by-course basis to determine how those classes might satisfy the General Education program requirements at Montana State University Billings.

**Course by Course Evaluation**

Students who have not completed such an approved general education program will have their transcript evaluated for transfer purposes using the Statewide Core Curriculum and Community College Transfer Guide. **Note**: College-level courses shall be defined as those that are applicable to an associate of arts, associate of science or baccalaureate degree. In advance of a student’s enrollment, Montana State University Billings will determine which courses within an associate of applied science degree program will be credited toward a given associates or baccalaureate degree. In all cases, such courses shall not include remedial or developmental courses.

Depending upon the major program the student selects, there may still be additional lower division courses required to meet published major program prerequisites.

**Minimum Course Grades**

Effective Fall Semester 2005, Board of Regents policy 301.5.3 on minimum grades will apply to all students who enter or are readmitted to the Montana University System or the three (3) community colleges that semester or subsequent semesters. All students in the Montana University System and the three (3) community colleges must earn the following minimum grades in order to demonstrate their competency and preparation:

1. a “D-” or better in all classes that are used to satisfy so-called free or elective credits in an associate or baccalaureate degree program;
2. a “C-” or better in all classes that are used to satisfy a general education program;
3. a “C-” or better in all classes that are used to satisfy the pre-requisites or required courses in a major, minor, option or certificate.

Individual programs may establish grade standards that are higher than the minimums set out in paragraph A above, for some or all of the courses that are used to satisfy the pre-requisites or requirements for a major, minor, option, certificate or general education. Students will be notified of that expectation.

**All Transfers**

**NOTE**: By action of the Academic Senate of MSU Billings, MSU Billings will accept transfer students with completed AA or AS degrees from other regionally accredited institutions as having fulfilled their MSU Billings General Education requirements if the general education package is comparable in total credits and content. (10/7/04 memo #446 p. 1654)

All college-level courses from regionally accredited institutions of higher education will be received and applied towards the free elective requirements of associate or baccalaureate degrees as applicable.

The Advising Center (McMullen first floor west, 406-657-2240/COT A017, 406-247-3020) will do an evaluation of transcripts upon the request of the applicant. The student will be informed as to what transfer courses can be accepted toward the major and what courses must yet be completed for the degree. This evaluation will be processed only after an application, the admission fee, and official college transcripts are on file with the Office of Admissions and Records.

Students who transfer credit from foreign institutions or from institutions that do not have regional accreditation will have their courses evaluated on an individual basis. Policy and procedure information may be obtained in the Office of Admissions and Records.

Students transferring from institutions with candidacy status in a regional accrediting association must earn at least 20 credits at MSU Billings with a minimum 2.00 GPA before their credits from the former institution will be considered for acceptance.
Students transferring from community colleges or other two-year colleges may not use the credit transferred in lieu of upper division credits required for graduation at Montana State University Billings.

Students transferring to Montana State University Billings who have previously earned a Bachelor of Arts or Bachelor of Science degree from a regionally accredited institution of higher education are considered to have their General Education requirements completed. Only information pertaining to the degree, date, and institution conferring will be noted on the transcript, individual coursework is not transcripted.

Acceptance of credits from other institutions of higher learning does not preclude the necessity of meeting all curricular requirements of a specific program. Students transferring to MSU Billings may have their credits evaluated on the basis of the current catalog at the time they first entered Montana State University Billings, or they may elect to enter under the catalog for the year in which they entered any accredited institution of higher education in the United States provided they have maintained continuous, full-time enrollment (excluding summers) in good standing.

Transfer students will begin a new grade point average at MSU Billings, but for graduation with honors all previous transfer work will be calculated into GPA.

**Course Equivalency Guides**

Annually, Montana State University Billings updates equivalency agreements with regional community colleges in Wyoming, North Dakota, and Montana; Montana’s tribally controlled colleges; and Montana’s four-year (public and private) institutions. The individual Colleges at MSU Billings also prepare program-specific transfer agreements; for instance, the College of Education has a listing of courses that students at Northwest College in Wyoming can take that will transfer directly into elementary education. Beginning with 1992, MSU Billings’ equivalency agreements also highlight the Montana University System Core Curriculum. Students who attend any of these colleges and who plan to transfer to MSU Billings are encouraged to visit the MSUB website (www.msubillings.edu). This information will assist students in understanding how specific courses will transfer to MSU Billings and what courses individual degree programs require.

MSU Billings has Course Equivalent Guides on the MSUB website (www.msubillings.edu) to the following colleges:
- Blackfeet Community College
- Casper College

**Former MSU Billings Student Re-Admission**

A former student of Montana State University Billings who is in good standing and who was not in attendance the preceding term will be eligible for registration after completing the following:

1. Complete and file a re-admission card with the Office of Admissions and Records, or, re-admit online at www.msubillings.edu. A $40 non-refundable fee is assessed to new graduate students.

2. Request that transcripts from institutions attended, if any, since last attending Montana State University Billings be sent to the Office of Admissions and Records.
3. Former students born after December 31, 1956, must show proof of immunization that was administered after December 31, 1967. The immunization dates must also be after your first birthday. Requirements include proof of two (2) doses of immunization against measles (Rubella) given at least 30 days apart and one (1) proof of Rubella immunization. Include mo/day/yr. Any immunizations administered after June 11, 1993, must be an MMR. The record must be signed by a physician, health agency or school official.

When to Apply
Returning students should apply for re-admission as early as possible prior to the semester in which enrollment is desired.

Special Admission Procedures
In an effort to meet individual needs, MSU Billings has established special admission procedures for undergraduate students which pertain to non-high school graduates, home-schooled students, high school students, and non-degree applicants.

NOTE: Students making application to attend Montana State University Billings should be aware that Admission Requirements may change at any time. Please contact the Office of Admissions and Records (406) 657-2158; or write to the Office of Admissions and Records, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298.

Students in these categories would also complete the process of application outlined in the “All New Students: How to Apply” section as it is appropriate to their circumstances. However, the following information also applies:

Non–High School Graduates
Non-high school graduates may be admitted on the basis of the General Educational Development (GED) test or COMPASS. Various boards establish minimum scores for these tests or groups and students can visit with the Advising Center (406-657-2240/406-247-3020) for current minimums.

Students in this age group who wish to enroll part-time may do so without restriction.

Scores from the ACT or SAT are still required of this group of students who enter the University less than three years from the date of their high school class would have graduated. There are no minimum scores attached to this test, but a national test score from either the ACT or SAT is required. Students may access these tests on the regularly scheduled national test dates, or the ACT Residual Test is available to students through the Testing Center at the College of Technology (call 406-247-3025 for upcoming test dates and times).

Students who enter college three or more years after the date they would have graduated from high school are exempt from this conditional status and from the Admission/University Preparatory Requirements and writing/math proficiency standards.

High School Students – University Connections
Approved high school students may take college courses while enrolled in high school. The signature of the high school counselor or principal certifies that student can do University level work and must accompany the application. Financial aid is not available to students in this category. Tuition for courses taken by high school students under this program is $100/credit.

Non–Degree Applicants
An applicant who wishes to pursue studies for personal growth and who does not wish to work toward a formal degree at Montana State University Billings may apply as an undergraduate non-degree student. Acceptance into this category does not constitute acceptance into a degree-granting program. All applicants should have sufficient educational background to qualify for the course or courses in which enrollment is sought and must certify on the application form that they have graduated from high school or appropriate Ability-to-Benefit test. A maximum of 32 semester hour credits earned as a non-degree student may be applied to an undergraduate degree at Montana State University Billings if the applicant applies and is accepted into a degree program. Financial aid is not available to students in this category, nor may they qualify for the WUE (Western Undergraduate Exchange) program.

This category is not open to students currently on academic suspension from Montana State University Billings or on academic suspension from any other college or university.

No academic credentials or transcripts are required in support of the application; however, non-degree students who later wish to change to a degree program must furnish required supporting credentials and must meet all the regular admission requirements. Financial aid is not available to students in this category.
International Students
International applicants must meet the out-of-state admission requirements in addition to the following:

1. Certified copies of all certificates, degrees and diplomas with a certified translation of the records. If you have any post-secondary level course(s) completed outside of the U.S. or in non-English-speaking Canada to transfer to Montana State University Billings, we need a course-by-course evaluation completed by one of the three services highlighted below:
   - AACRAO
   - ECE
   - WES

2. Completed MSU Billings Financial Statement and certified statement from a reliable financial institution, bank or U.S. citizen who will accept responsibility for the student’s financial obligations. The statement must certify that the applicant has adequate funding to meet all of the expenses that will be incurred in the student’s proposed program of study.

3. Students from non-English speaking countries must provide evidence of proficiency in English. Students can do this several ways:
   a. Students may take the Test of English as a Foreign Language (TOEFL) and have official results sent with their applications to the Office of International Studies. TOEFL information can be accessed on the web at www.toefl.org or by calling 609-921-9000. The Montana State University – Billings Institutional Code for the TOEFL and the GRE is 4298. Students scoring higher than 500 on the paper-based TOEFL and higher than 173 on computer-based TOEFL are assured undergraduate admission if all other requirements are met; those scoring less will be reviewed on a case-by-case basis. Students with lower TOEFL scores may be asked to enroll in an English as a Second Language curriculum prior to regular admission. Prospective graduate students need a 550 paper-based TOEFL score or a 209 computer-based TOEFL score.
   b. American Cultural Exchange students who have finished level 6 will be admitted to our undergraduate programs without TOEFL; graduate students who have finished level 7 will be admitted to our graduate programs without TOEFL. Students need to submit a copy of their A.C.E. program certificate and transcripts with their applications for admission to the Office of International Studies.

4. Autobiography or Personal Statement (1-2 pages double spaced) that addresses how attending MSU Billings fulfills personal or academic goals.

5. Appropriate immunization records. These records must be submitted with an English translation.

When to Apply
Application Deadlines:
Fall Semester: June 15
Spring Semester: November 1
Summer Semester: April 1

For more information on international student admission call the International Studies Office at (406) 657-1705 or email jsmothers@msubillings.edu.

Agreements with International Institutions
MSU Billings has signed formal agreements for International Student Exchange with the Prefectural University of Kumamoto in Japan, the Finnish College for SME Business Administration in Kauhava, Finland, Jilin University in China, Ewha Woman’s University in Korea, and Ludwigsburg University of Education in Germany. In addition, MSU Billings has joined with approximately a dozen other universities from Europe and North America (including those in the UK, Sweden, Mexico, Poland and Hungary) to form and contribute students and faculty to the Maastricht Center for Transatlantic Studies in the Netherlands, and has study abroad agreements with Letra Hispanica, Salamanca, Spain and Intercultura in Heredia, Costa Rica.

Western Undergraduate Exchange (WUE)
Montana State University Billings participates in the Western Undergraduate Exchange (WUE), a program of the Western Interstate Commission for Higher Education and other western states. Through WUE, undergraduate students who are not residents of Montana may enroll at Montana State University Billings and pay reduced nonresident tuition and fees. This WUE tuition rate is in-state tuition plus 50 percent of that amount. (See the Fee Schedule on page 33) Because Montana State University Billings participates, residents of Montana may enroll under the same terms in designated institutions and programs in other participating states.
Resident students from the following states may participate if they meet eligibility requirements: Alaska, Arizona, Montana, California, Oregon, Colorado, Nevada, South Dakota, Hawaii, New Mexico, Utah, Idaho, North Dakota, Washington, and Wyoming.

All degrees and programs are offered to undergraduates in WUE. This program may be subject to enrollment limits established by the Montana Board of Regents. Application forms for WUE are available at the Office of Admission and Records (406) 657-2158 or 1-800-565-MSUB.

Veterans’ Affairs Office
McMullen First Floor West, (406) 657–2158
Veterans are advised to check with the Veterans’ Affairs coordinator 30-45 days prior to registration. A veteran must notify this office whenever there is a change in address, enrollment, or additional dependents.

Graduate School Applicants
McMullen First Floor West, (406) 657–2238
Graduate school applicants should consult the Graduate Catalog for complete admission information. However, all applicants must submit an application for admission and a $40.00, nonrefundable, admission fee to MSU Billings through the Office of Admissions and Records.

Note: MSU Billings graduates will also be required to pay the graduate application fee of $40.

Additional requirements for application to the Graduate School include:
1. Completed Application to Graduate Studies
2. Required Immunizations (See “How to Apply: New Students” section)
3. Submission of GRE scores for graduate programs in the College of Education and the College of Arts and Sciences.
4. Official transcripts of all previous undergraduate and graduate coursework
5. Three letters of recommendation from individuals qualified to assess the applicant’s ability to perform graduate-level academic work

All of the above must be on file in the Office of Admissions and Records and in the Office of Graduate Studies prior to registration dates or registration may be delayed and late registration fees applied.

Falsification of Information
Each student is responsible for knowing and for complying with all regulations regarding the admission procedures. Failure to be informed or to comply does not excuse a student from responsibility or from any penalty or difficulty which may be encountered. Misrepresentation or falsification of a student’s enrollment status or application for admission will be sufficient grounds to cancel a student’s current registration and to suspend the student for two semesters. It is the student’s responsibility to know his/her enrollment status at his/ her former institution(s).

Denial of Admission
Under Board of Regents’ policy (301), MSU Billings “may deny or condition admission, readmission, or continuing enrollment of any individual who, in the judgment of the campus, presents an unreasonable risk to the safety and welfare of the campus and persons thereon. In making such judgment, the campus may, among other things, take into account the individual’s history and experience relative (a) to violence and destructive tendencies, (b) to behavior on other college campuses, and (c) to any rehabilitative therapy the individual may have undergone.”

Based on this policy and completion of the application for admission and other application materials (which may include but not be limited to the Safety Questionnaire, counselor input, advising or other student affairs interview and input), a student may be denied admission or may be given provisional admission at part-time or full-time status under the guidance of an advisor.

Reasons for denial shall be communicated to the individual in writing. Applicants may appeal their denial to the Vice Chancellor for Student Affairs.
REGISTRATION

First-Time Students
1. All first-time students at MSU Billings need to apply to the University and be accepted before they can register (see the Admissions Section of this General Bulletin, page 16).

2. After being admitted, students should check for the beginning dates for registration (see the inside cover of this General Bulletin), after which students may register at any time.

3. New Student Orientation Sessions are scheduled throughout the summer and immediately prior to the beginning of Spring Semester. Attendance at one of the Orientations is expected. Placement testing, course registration, processing of student identification cards, and other information necessary for a successful first semester at MSU Billings is accomplished at New Student Orientation.

4. First-time students at MSU Billings are required to visit with an academic advisor prior to registering for classes. Academic advising is provided as part of Orientation. A student’s course schedule must be approved by an academic advisor before actual registration can take place. The Advising Center is located in McMullen Hall first floor west, (406) 657-2240 or at the COT A017, (406) 247-3020.

5. As students are expected to complete 120 credits over an eight-semester period of time to graduate in four years, a minimum of 15 or more credits must be taken each semester. To encourage students to take a full load of 15 or more credits, a “Flat Spot” in the tuition has been created allowing students to register for 12-18 credits for the same tuition as 12 credits. Thus, whether one registers for 12, 15 or 18 credits, the same tuition applies. It is clearly to students’ advantage to register for 15 credits or more a semester.

6. Once the course schedule has been approved, the student should follow registration instructions found in the Schedule of Courses or on the web at www.msubillings.edu.

7. Some classes may be restricted or closed and need departmental approval. Student should see department for assistance in registering for these courses.

8. Students may add courses during the first seven instructional days of the semester before permission of the instructor or department chairperson is required. Dropping a course with a partial refund is permissible through the 15th instructional day, and a course may be dropped without a grade penalty up through the 13th week of the semester. With instructor and advisor approval, a course may be dropped up until 10 class days (not including finals) from semester’s end. Once a course grade is submitted, the course may no longer be dropped without instructor and advisor approval.

9. Students who have not paid their bills by the close of business on the 3rd day of classes will be dropped from their classes.

10. If registration takes place after the third day of the semester, a late fee will be added to the registration charge.

Registration Regulations
Late Registration
Students are expected to complete registration within the dates stated. For any delay beyond that period, unless such delay is caused by University officials, a late registration fee will be charged as stated in the General Bulletin. Students permitted to register late must pay the full fees. Students who fail to pay or do not have their fees arranged before the final fee payment day will have their classes deleted for that semester.

Transcript(s) from Former School(s) and College(s)
All official records (transcripts) of former college study must be filed in the Office of Admissions and Records by new students (and by former students if they have attended other colleges since last attending MSU Billings) before registration is considered complete. (See Non-Degree Policy and Procedures under Admissions Section.) Failure to file transcripts with the Office of Admissions and Records within a reasonable time makes necessary the cancellation of a student’s registration. Responsibility for securing transcripts rests with the student.
Adding Courses
Students may add courses during the first seven instructional days of each semester. Students may add courses after the seventh instructional day and through the 15th instructional day only with the instructor’s and department chairperson’s approvals.

Repeated Courses
When a course which a student has previously attempted is repeated, only the most recent course credit and grade is calculated into the student’s grade point average, even if the most recent grade is lower. (Note: the original course and the grade remain on the official transcript in addition to the more recent course and grade). In order to inform the Office of Admissions and Records of a repeated course, the student must file with the Office of Admissions and Records a Repeat Form that identifies the proper course numbers.

No prerequisite course may be repeated if the more advanced course has been completed with a grade of “C” or better. Exception may be considered upon appeal to the chairperson of the department in which the course is offered.

Veterans’ Credits (Credit for Military Service)
Credit may be granted for military service and for completed military service schools based upon the recommendations of “A Guide to the Evaluation of Educational Experiences in the Armed Forces.” Application for such credits should be made at the Office of Admissions and Records.

Credit Recommended by the National Guide to Education Credit for Training Programs
Credit may be granted to students based on the recommendation of the National Guide to Education Credit for Training Programs and the National Program on Collegiate Sponsored Instruction.

Academic Regulations
Classification of Students
Students at Montana State University Billings are classified as full time students when enrolled in a minimum of 15 credits each semester. (Note: Financial Aid considers full time enrollment as 12 credits). Thus, the following undergraduate student categories are designated based on credits completed:
Freshman --------------------------------------- 0-29 credits
Sophomores ------------------------------------ 30-59 credits
Juniors ---------------------------------------- 60-89 credits
Seniors ---------------------------------------- 90 or more credits

Please note that students must complete an average of 15 credits each semester/30 credits each academic year in order to complete the required 120 credits to graduate in eight semesters.

Flat Spot
As students are expected to complete 120 credits over an eight-semester period of time to graduate in four years, a minimum of 15 or more credits must be taken each semester. To encourage students to take a full load of 15 or more credits, a “Flat Spot” in the tuition has been created allowing students to register for 12-18 credits for the same tuition as 12 credits. Thus, whether one registers for 12, 15 or 18 credits, the same tuition applies. It is clearly to students’ advantage to register for 15 credits or more a semester.

Graduate Student Classification
Please consult the Graduate Catalog for information regarding the classification of graduate students and credit load.

Credit Overload
Any student not on probation may register for up to 18 credits per term. However, individual students who have a 3.00 grade point average (GPA) may register for up to 20 credits per semester without consent being required. Students who wish to register for a credit load in excess of 18 hours, but who have less than a 3.00 GPA must have approval of the chairperson of the department in which they are majoring. Students who have a 3.00 GPA and wish to register for a credit load in excess of 20 credits per semester must have the approval of the chairperson of the department in which they are majoring, complete a Request for Overload form, and return the form to the Office of Admissions and Records.

Change of Major
A student who transfers from one major to another must have the approval of the chairperson of the department or division in which the new curriculum is outlined. A student who considers such a change is warned that the requirements of the new curriculum may make necessary the completion of additional credits if the student is to fulfill requirements for graduation.
Students need to visit the Advising Center (McMullen Hall first floor west/COT A017) to obtain assistance with a change of major.

**Final Examinations**

Final examinations are scheduled during the last week of each semester. A final examination schedule is available at the Office of Admissions and Records and on the web at www.msubillings.edu.

**Accelerated Coursework**

Students are encouraged to decrease the time required to complete a degree by gaining credit for knowledge they have obtained which duplicates that which is taught in specific courses. Students should initiate requests for such academic credit by consulting first with their advisor or department chairperson. The following provisions indicate ways accelerated credit may be awarded.

Applicants who have taken Advanced Placement (AP) Exams, C/T Start and/or International Baccalaureate (IB) Exams should request that the official scores be sent directly to the Office of Admissions and Records. AP scores of 3 or higher and IB Exams with scores of 4 or higher will be granted college credit with a Pass (P) grade for the equivalent courses. After students successfully complete a semester at MSU Billings, the credits will be placed on their college transcripts with the indication of AP for Advanced Placement, IB for International Baccalaureate, or C/T for Career/Technical Statewide ARTiculations (C/T Start).

**Course Waiver**

A required course may be waived if the student has previously completed equivalent work. All waivers must be approved by the academic department responsible for the requirements or course in question and must be certified by the chairperson of the appropriate academic department. In no instance will college credit be given for a waiver.

**Course Substitution**

Students may request a substitution for any stated course if they have previously completed a college course in which the subject matter closely parallels that of the course for which they request the substitution. All substitutions must be approved by the academic department chairperson. In no instance will a reduction be made in the number of credits required for any academic program.

**Challenging Courses**

Each department or unit determines the courses which may be challenged. A course may not be challenged when the course is a prerequisite to a more advanced course already completed. Students are advised to check with individual departments for detailed procedures to be followed.

**Procedure for Challenging a Course**

The student should obtain a recommendation from the instructor of the course being challenged and the approval of the chairperson of the department in which the course is listed. The following conditions apply to the challenging of courses for college credit:

1. The student must be currently enrolled in MSU Billings.
2. Approval of the challenge request must be made by the chairperson of the department in which the course is listed, who will decide whether the challenge shall be by a comprehensive examination and/or by some other evidence of competence in the subject matter of the course.
3. Challenge credit may be granted only if the grade received is “C” or higher.
4. A course previously taken as an audit course or as a credit course may not be challenged for credit.
5. By action of the University’s Academic Senate, AP, CLEP and DANTES credit is awarded with a “P” grade. Departmental challenges may carry a letter or “P” grade.

The Board of Regents has authorized the American Council on Education’s Guide to Educational Credit by Examination and National Program on Noncollegiate Sponsored Instruction for use to establish minimum scores and credit.

6. Currently enrolled students may receive credit on their transcript for successfully completed Advanced Placement (AP) exams, DANTES exams, College Level Examination Program (CLEP) exams or challenge exams prepared by the Academic Department. For the credit to be applied to an MSU Billings transcript, the following procedure must be followed: Students or departments must turn in challenge documentation to Admissions and Records after the successful challenge has been completed. Admissions and Records will enroll students for the course during a semester when they are
planning to enroll in 12 or more credits. Additional tuition and mandatory fees are not charged for credits taken in the tuition “flat spot” between 12 and 18 credits. AP and CLEP credits are added to student transcripts after the 15th class day each term.

Independent Study
Well-qualified students may undertake academic work in the form of independent study. The number of credits will be determined by the instructor and approved by the department chairperson. Courses listed in the General Bulletin as regularly offered courses may not be taken under the designation of Independent Study.

Advanced Placement
Advanced placement in certain academic areas with sequential or prerequisite courses is available to students with a high degree of competency. Normally, advanced placement is made on the basis of standardized tests and other evidence of competency in the area. Should students demonstrate sufficient competency as determined by the appropriate department, they are placed at a level in the course sequence commensurate with their abilities. Satisfactory results of the advanced placement procedure are reported to the Office of Admissions and Records by the responsible department with a grade report.

College Advance Placement Exams (AP for High School Students)
High school students who earn at least a scaled score of three on the College Entrance Examination Board’s Advance Placement exams may receive credit in approved MSU Billings courses. (See the Admission Section of this General Bulletin pertaining to admission of high school students.) Call Admissions and Records at (406) 657-2158 for course equivalencies or check the listing on the homepage at www.msubillings.edu.

College Level Examination Program (CLEP)
The purpose of this program is to allow students and prospective students to take examinations which measure knowledge in a variety of subject matter areas. Evaluation of the results determines whether proficiency is equivalent to that which would be expected upon completion of a college level course in that subject. If the individual demonstrates proficiency, credits earned through CLEP may apply toward graduation requirements (See “Procedures for Challenging a Course” on page 28). A Pass (P) grade is granted upon obtaining the required examination score. Call the Office of Admissions and Records (406-657-2158) for course equivalencies or check the listing on the homepage at www.msubillings.edu.

Opportunities for Study Abroad
MSU Billings encourages students to seek out opportunities to study abroad. A variety of international programs varying from a summer tour to a complete junior year abroad are available. Contact the Office of International Studies (406-657-1705) for details.

Prior Learning Assessment Policies and Procedures
At Montana State University Billings, students may earn credit through a variety of methods including work experience and challenge tests. Our University will work with the student to determine which type of experience can be translated into credit. Several options are as follows:
1. Challenge tests, such as CLEP and DANTES, allow the student to study for and test out of equivalent college-level courses. Study guides are available in Career Services or the College of Technology Library and Testing Center to assist students in preparation for these tests. Tests can be scheduled at the College of Technology (406-247-3025).

2. Students may have already earned credit through work-site training or government-sponsored workshops or military experience. If students have certificates or documentation, which state that the American Council on Education (ACE) or the National Program on Non-collegiate Sponsored Instruction (PONSI) assesses that training, credit may be available for coursework for which there are equivalencies in MSU Billings’ curriculum. Military credit is assessed from the DD214, DD295, or military transcript. Questions about this type of training or military credit may be directed to MSUB Downtown at (406) 896-5998.

3. In addition to the methods listed above, our University also offers students the opportunity to earn credit through Prior Learning Assessment. This assessment will take into account work experience or other learning experiences, which do not fall into the categories described above, but which can be assessed through the development of a portfolio. Up to 15 credits can be earned through Prior Learning Assessment, and this type of credit
will be graded with “P” if credit is earned (Pass/No
Pass credit guidelines can be found on page 50).
The University offers individual instruction for
students throughout the process of preparing this
portfolio. For more information on Prior Learning
Assessment, please call MSUB Downtown at (406)
896-5998.

4. Implementation of this policy needs to be consistent
with existing departmental policies and consistent
with accreditation policies and practices already in
place in the various colleges (NCATE, AACSBE,
etc.).

Prior Learning Assessment Guidelines
A. Prior to enrolling in this course, students must have
successfully completed 12 credits of college-level
coursework with a 2.50 GPA from an accredited
institution within the past five years. Prior credit
must also include completion of WRIT 101 or its
equivalent.

B. The student will first select the MSU Billings course
the student wishes to complete through Prior
Learning Assessment. Second, the student will
contact the on-campus instructor for that course to
determine whether the student can meet the course
objectives through this method of assessment. If the
student receives a positive recommendation from
the instructor or department chair or dean, the
student may proceed with the portfolio process for
that course; however, a positive recommendation
does not guarantee the award of credit.

C. The student’s completed portfolio is examined first
by MSUB Downtown for approval or returned back
to the student for additional documentation. If
approved, the portfolio is forwarded to the chair of
the department in which the students seek to receive
credit and the faculty member from whom the
student received the recommendation. If approved
by both the chair and the faculty of record, the
portfolio goes to the Academic Standards and
Scholastic Standing Committee which consists of
faculty appointed annually. Final action on the
awarding of credit takes place in this committee.
Credit awarded may not be the same as the number
of credits requested by the student’s portfolio.

D. Credit recommendation and documentation for the
coursework is forwarded to the Registrar if the
assessment is successful. Coursework is posted on
student’s transcript using the course equivalent
assigned by the portfolio assessment process.

E. Up to 15 credits may be earned through this
procedure and coursework will be graded Pass/ No
Pass. Students may submit subsequent requests to
earn credit through prior learning assessment after
initial completion of the seminar course.
Registration and program guidelines shall be those
in force at the time of the subsequent request.

Auditing Coursework
(No credit awarded)
Any person enrolled for audit will be certified as such
by the Office of Admissions and Records and will not
receive credit for the course nor be required to take
examinations. An audit needs to be declared during the
first seven instructional days of a semester. Currently
enrolled students who elect to audit a class pay the
normal credit hour fee as outlined in the student fee
schedule. Any person not otherwise enrolled or
registered in a course for college credit may, with
instructor approval, audit the course at the cost of $5
per credit hour. These fees are nonrefundable.

An audit is at the discretion of the course instructor. In
order to audit, the student must obtain instructor’s
permission and instructor’s signature on an audit card.
This card is available from Admissions and Records
(McMullen first floor west). When the student has
completed the audit card with the faculty signature and
cashier payment, the card is returned to Admissions and
Records.

A student may not later establish credit in a course that
was taken under the audit option by taking a special
examination. In all cases, students who register for
regular credit and pay regular fees will have priority for
enrollment in a class over those students who audit the
class.

Class Attendance and Student
Absences
Members of the faculty determine the attendance policy
for their classes. Absences for official University
activities are permissible providing the instructor is
notified in advance of such an absence. An official
University activity is an activity where a student
officially represents the University through an academic
department, sponsored University program, or an
officially registered student organization. In all
absences, the student is responsible for all requirements
of the course.

Requests for absence for special events shall be
submitted to the Vice Chancellor for Student Affairs on
the Student Travel Authorization form. This form
should be obtained from the Office of the Vice Chancellor, room 201, McMullen Hall at least one week in advance of the expected absence. This procedure will assure students the opportunity to make up examinations given when official University activities are scheduled.

**Class Enrollment Lists**
Faculty may obtain class lists each term online. Only students who are regularly registered for a course may attend. No grade or credit will be given to students for any course in which they are not properly registered.

**Extent of Official Absence**
When issued, an official absence is an excuse for time only and does not mean that a student is excused from the study assignment for that period. Each student is responsible for making up all work missed, as required by the instructor.

**Drops and Withdrawals**

**Dropping a Course**
Dropping a course is permitted through the seventh week, 35th day of the semester. There is no penalty for failing work through the drop period. Dropping a course is also permitted through the 13th week and up until 10 class days from the official end of the semester (not including final) with the approval of the student’s academic advisor and course instructor. Once a course grade is submitted, the course may no longer be dropped without instructor and advisor approval. After the 13th week, students may not drop courses, and the instructor will assign a letter grade. The mark “W” is assigned to any course dropped after the 15th day of class.

After the 15th class day and before the 13th week, all drops must be formal and must be recorded by the student with the Office of Admissions and Records.

In all courses in which a student fails to complete all requirements and for which no formal withdrawal has been filed in the Office of Admissions and Records, the final grade for the course shall be an “F.”

**Withdrawal from College**
Students who withdraw from the University during a semester are required to fill out a withdrawal form and complete an exit interview with an advisor in the Advising Center located on McMullen Hall first floor west or COT A017.
First Time Student Checklist

☐ Complete the Application for Admission and submit it to the Office of Admissions and Records as early as possible prior to the term you wish to attend.

☐ If out of high school less than three years, complete the ACT or SAT test and send results to Office of Admissions.

☐ If born after December 31, 1956, provide proof of immunization against measles and rubella that was administered on or after your first birthday and after December 31, 1967.

☐ Submit final high school transcript to Office of Admissions and Records after graduation.

☐ If interested in securing financial aid, apply for financial aid by submitting the Free Application For Federal Student Aid (FAFSA) online at www.fafsa.gov by the priority date of March 1.

☐ To apply for scholarships, submit the Application. Scholarships are awarded on an on-going basis. Apply early to be considered for scholarships.

☐ Read through the New Student Guide you will receive after completing your application. Complete all forms included in the New Student Guide that are appropriate: housing, orientation, U-card, and more.

☐ Attend a new student orientation session prior to the term you wish to attend. Contact New Student Services at (406) 657-2888 for dates and times.

☐ Complete housing form and submit by July 15.

☐ Pay fees.

Checklist for Students Returning After An Absence

☐ Complete the Application for Re-admission and return it to the Office of Admissions and Records as early as possible before the term you will enter. Also provide transcripts from any college you have attended since leaving MSU Billings.

☐ If born after December 31, 1956, provide proof of immunization against measles and rubella that was administered on or after your first birthday and after December 31, 1967.

☐ Submit the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov by the priority date of March 1, if you plan to enter MSU Billings the following Fall term. For other terms, submit the financial aid application as early as possible before the term you will enter.

☐ Apply for scholarships by completing the Scholarship Application for Current and Returning Students by the deadline of February 1.

☐ Call the Advising Center (McMullen first floor west, 406-657-2240) to schedule an appointment to register for courses.

☐ Pay fees.

☐ Start classes.

☐ Get involved in student organizations.
Student Tuition and Fees

The student fee information provided in this General Bulletin is based upon policies of the Board of Regents of Higher Education in effect at the date of publication. The Board of Regents of Higher Education reserves the right to change the fees at any time without notice. Additional information concerning fees may be obtained by contacting the Business Office, McMullen Hall ground floor west, Montana State University Billings, 1500 University Drive, Billings, Montana 59101-0298, (406) 657-2301. Check us out at www.msubillings.edu/boffice then select Student Account Information.

Students are encouraged to have adequate funds on deposit in a local bank in order to be able to write checks for the payment of tuition, room and board, books, supplies and other fees. Foreign checks are not accepted. Student enrollment is not complete until all fees have been paid, or satisfactory arrangements have been made with the business office.

All undergraduate and graduate students enrolling at Montana State University Billings must pay the required fees in the fee schedule for each semester.

Semester Tuition and Fee Schedule

Effective Fall Semester, 2011

Tuition and fees are subject to change by authorization of the Board of Regents of Higher Education. If you have questions on the current fees, please call the MSU Billings Business Office at (406) 657-2301 or stop by McMullen Hall ground floor west. Comprehensive fee and extra fee tables are available through the MSU Billings website at www.msubillings.edu/boffice under Student Account Information.

A student paying for 12 credits in a semester can take an additional 6 credits for no additional tuition. This is referred to as the “flat spot” in the Tuition and Fee Schedule.

Tuition and fees for graduate studies, extended studies, summer session, workshops, and conferences may be in addition to or in lieu of the required fees. Please consult the publications pertaining to the special session, course, workshop or conference to determine those fees.

Fee Schedule Explanation

Required Tuition and Fees Per Semester

Registration Fee
A $30.00 nonrefundable fee is assessed each enrolled student per semester.

Tuition Fee
Students are charged tuition each semester to pay for the delivery of the education they are receiving. Resident students are subsidized by the State of Montana and pay a reduced tuition rate.

Associated Students Activity Fee & Recreational Activity Fee
Students enrolled for seven credit hours or more each semester are required to pay for activities sponsored by the Associated Students of Montana State University Billings. Students enrolled for less than six credit hours pay a reduced activities fee each semester. Online only students do not pay these fees.

Academic Building Fee
The Academic Building fee varies based on the number of credit hours taken. The funds generated from this fee are used to pay a portion of the costs of repair, maintenance, and operation of the state owned buildings on campus.
Resident and Nonresident Building Renewal and Replacement Fee
All students are charged a building fee for the building and replacement of campus structures. A reduced rate is charged to students taking less than 7 credits. A nonresident building fee is collected in addition from all students who are not residents of the State of Montana.

Equipment Renewal and Replacement Fee
Enrolled students are assessed an Equipment Renewal and Replacement Fee each semester. This fee is used to replace obsolete equipment with new equipment and cover costs of equipment repairs.

Student Union Fee
Each semester students are assessed a fee pledged for the operation of the Student Union. Students enrolled for less than four credit hours pay a reduced fee.

Computer Fee
Students are assessed a computer fee to cover the expense of student used computer equipment and labs.

Athletic Fee
Students enrolled at MSU Billings are assessed a fee to subsidize the University’s athletic department and associated activities. Students enrolled for seven credits or less pay a reduced athletic fee. Online only students do not pay this fee.

Library/Assessment Fee
All students are assessed a Library/Assessment fee. Funds generated from this fee are used for the purchase of new and replacement books, periodicals, and assessment tools.

Technology Replacement Fee
All students are assessed a tech replacement fee. This fee is used to support the information technology infrastructure. All students accessing email or the web are utilizing and benefiting from the tech replacement fee.

Comprehensive Health Plan
Student health coverage consists of two parts:

Health Service
All students are entitled to services provided by the Student Health Center. Students enrolled in 7 or more credits are charged a mandatory fee. Students enrolled for six credit hours or less may have the benefits of the Health Center services by electing coverage and paying the semester fee. Online only students do not pay this fee.

Health Insurance
All students enrolled in 7 or more credit hours will be automatically enrolled in the health insurance plan and assessed the health insurance premium. Any student covered by another health plan must access the insurance waiver form via the student secure web site prior to the 15th class day and their account will be adjusted. Students who enroll for four to six credit hours may participate in the health insurance plan upon request by enrolling in the plan, paying the insurance premium and the Health Service fee. Students taking less than four credits may petition to enroll in the health insurance plan.

Additional Information Regarding Fees

Removing from All Classes and Refunds
The following refund schedule applies to the standard semester format. For courses taught in nonstandard format such as Intersession, and special workshops, there are no refunds after the first day the class meets. See the Summer Session catalog for information regarding the refund policy during summer.

1. Registration fee is nonrefundable.
2. 90 percent of all remaining mandatory fees will be refunded to the end of the fifth classroom day.
3. 75 percent of all remaining mandatory fees will be refunded to the end of the 10th classroom day.
4. 50 percent of all remaining mandatory fees will be refunded to the end of the 15th classroom day.
5. Refunds will not be made after the 15th day of classes. Exceptions to this may occur in the case of financial aid students subject to the federal pro rata refund policy.
6. Refunds are determined as of the day the student officially withdraws from college and not from the date of last class attendance.
7. Classroom days are determined by the college calendar—not by the student’s class schedule.

MSU Billings students receiving Title IV funds and who officially or unofficially withdraw or are expelled, up to the 60% point of the semester, may be required to return federal funds. Students may also be entitled to a post withdrawal refund up to the 60% point of the semester. Examples of the Federal Title IV policy may be obtained at the MSU Billings Financial Aid Office. Financial aid recipients will not receive refunds until
their financial aid is repaid (Pell Grant, SEOG Grant, SSIG Grant, Perkins Loan, FFEL Loans, fee waivers, and some scholarships). If the refund is insufficient to repay the financial aid programs, students will be billed for the over-awards.

Students who owe over-award repayments to any federal aid programs cannot receive future financial aid until repayment is made in full.

**Changes in Credit Load After Payment of Fees**

Students adding classes after payment of fees are required to pay additional fees created by the change in credit load. Payment for these charges is due immediately.

Students dropping classes (but not withdrawing) will receive a 100 percent refund on classes dropped before the end of the 15th classroom day. Refunds will not be made after the 15th classroom day. Students will be assessed a $5.00 drop fee for each class dropped.

**Payment of Fees**

Financial Aid students must pay for fees prior to classes beginning. The student’s financial aid will be applied to the student’s account with any refund being mailed to the student prior to the first day of classes. Please call the Business Office at (406) 657-2301 for details, or visit us at www.msubillings.edu/boffice.

Payment may be made by credit card (VISA, MasterCard, and Discover) in person, by mail, by telephone or via the internet by accessing the student secure website and selecting the student online payment option.

Fees may be paid after courses are selected. To avoid a $40.00 late registration charge, fees must be paid by the date posted for each semester as indicated in the calendar. Fees may be paid by mail. To request that a fee statement be mailed to you, call (406) 657-2301.

Students may elect to pay their fees in installments. The installment payment method requires approximately 1/4 down, 1/4 within 30 days, 1/4 within 60 days, and 1/4 within 90 days. A $30.00 administrative charge is assessed to students using the installment method. Students not paying in accordance with the terms of the deferred fee contract will be charged a $15.00 late payment fee per installment, and may have their enrollment canceled.

If the student withdraws from the university and the installment contract is not paid in full, any refund due the student is applied first to the unpaid balance of the contract. Withdrawal from the University does not void the contract and the University refund policy will be followed.

**Non-Payment of Fees**

No person who owes Montana State University any fees, fines or other charges will be permitted to (1) receive academic credit or grades; (2) register; (3) secure a transcript, diploma, or other record; or, (4) access any MSU Billings facilities or services, regardless of the relationship thereof to the amount owed, until the full amount due has been paid or satisfactorily adjusted with Business Services. Any attorney’s fees or other costs or charges necessary for the collection of the amount owed may be added to the balance due, including collection agency fees. MSU Billings shall have the right to apply any portion of any amount it may owe such individual for any reason, including wages, to payment of the balance owed MSU Billings.

**Other Fees**

**Late Registration Fee**

A nonrefundable fee of $40.00 is payable by all students who do not pay during the designated fee payment period unless their late payment was due to the fault of Montana State University Billings. If a bank declines payment on a check and returns it to Montana State University Billings, a late registration fee shall be charged to the student offering the check in payment of fees. The late registration fee applies to students enrolled for six credit hours or less beginning the second week of classes.

**Audit Fee**

Students who elect to audit a course must pay the normal per credit hour fee as outlined in the student fee schedule.

**Listening Fee**

Any person not otherwise enrolled, and who does not want to register in a course for college credit, may with instructor approval enroll upon payment of a $5.00 per credit hour fee. Listening fees are nonrefundable.

**Application Fee**

A $30.00 nonrefundable application fee is assessed to each person applying for admission for the first time as an undergraduate student. Normally, this fee applies only to the period for which the person is making initial...
application at the undergraduate level. If the applicant is accepted and does not register, admission to MSU Billings is cancelled. The applicant has one calendar year from the semester of initial application to apply for readmission without paying an additional application fee. After one year, the $30.00 application fee is assessed again. A $40.00 application fee is assessed for a graduate program, the same restrictions being applied.

Continuing Education Fees
A minimum of $70.00 per semester credit hour is charged for continuing education courses. Individual course fees vary.

Course-Related Fees
Several Montana State University Billings courses require additional fees. Examples of these are art classes, science labs or field trips. Some practicum and internship classes require an extra fee for professional liability insurance. A complete schedule of course related fees are available from the Business Office website: www.msubillings.edu/boffice

Electronically Mediated Course Fees
Interactive television courses and online courses are assessed additional fees per credit hour. Electronic mediated fees are non-returnable after the 5th classroom day.

Graduation Fee
A nonrefundable fee is assessed per degree for each application to graduate. Please call Admissions and Records (406-657-2158) for details.

Transcript Fee
Students may receive one free official transcript. Each official transcript thereafter costs a minimal fee. Please call Admissions and Records (406-657-2158).

Parking Fees
MSU Billings provides parking for students who live off campus, for a fee. All vehicles parked on university property must display a current MSU Billings parking permit on weekdays when the university is in session during the hours specified in the “MSU Billings Traffic and Parking Regulations” brochure. Students may pick up parking permits from 7:30 a.m.-5:00 p.m. Monday through Friday at the Campus Police office on the ground floor of the parking garage, southwest side and during Fee Payment week at the SUB Information Desk.

Residence Halls Meal Plan
All students living on campus are required to purchase a meal plan each semester. Please check online at www.msubillings.edu/dining/ for meal plans, benefits of the plan, and services.

Western Undergraduate Exchange (WUE)
Montana State University Billings participates in the Western Undergraduate Exchange (WUE), a program of the Western Interstate Commission for Higher Education and other western states. Through WUE, students from Alaska, Oregon, California, Colorado, Nevada, South Dakota, Hawaii, New Mexico, Utah, Idaho, North Dakota, Washington, and Wyoming may enroll in degree programs paying resident tuition plus 50 percent of that amount (plus other fees that are paid by all students). Students should be aware that the Montana Board of Regents may change regulations concerning Montana’s participation in the WUE Program. Students may contact the Office of Admissions and Records at MSU Billings, (406) 657-2158 or 1-800-565-MSUB for more information.

Determination of Resident Fee Status
The Montana University System classifies all applicants for admission and students as either in-state or out-of-state. The basic rules for making the classification are found in Board of Regent’s policy. It is each student’s responsibility to secure and review a copy of the policy. Failure to be aware of the rules will not be cause for granting exceptions to them. A copy of the policy is available from the Office of Admissions and Records at Montana State University Billings. Each residency determination is based on the unique set of facts found in each individual’s case. If students have questions regarding their case, they should contact the Office of Admissions and Records.

Dishonored Check Policy
An administrative service charge of $15.00 is assessed each time a check is returned by a bank. Any check tendered in payment of fees and returned by a bank may result in the postponement of a student’s registration and/or the assessment of the late registration fee.
Financial Aid and Scholarships

McMullen First Floor East, (406) 657-2188

The Office of Financial Aid and Scholarships at Montana State University Billings provides advice and financial assistance to students. Although families and students are expected to make a maximum effort to meet the costs of education, financial aid is available to fill the gap between family resources and educational expenses.

Financial aid consists of grants/scholarships, loans, and employment opportunities. Individual awards are based on the calculated financial need of the student. The estimated financial need is the difference between the cost of attending MSU Billings and the ability of the student and/or family to contribute to those education costs as determined by the Office of Financial Aid and Scholarships.

All students are encouraged to complete the Free Application for Federal Student Aid (FAFSA). This form can be completed on the web at www.fafsa.gov. Early application is essential. Priority awarding will be given to those students who have a complete file in our office on March 1. Students should allow up to two months if they file a paper application and two weeks for processing the web application. The FAFSA must be filed annually.

Verification
Some students’ FAFSA information will be selected for verification during processing. By signing the FAFSA students and parents give the University permission to ask for all verification documentation. The evaluation of a final award will occur once the requested verification information has been received and reviewed.

What Does College Cost?
To help students make a realistic evaluation of their financial needs, the following are estimated costs of attending MSU Billings for the academic year 2010-2011 from September to May. There are, of course, wide variations in actual cost, depending upon individual needs and the resourcefulness of students. The estimated budgets shown below do not include transportation expenses, health insurance, Internet fees for online classes and personal costs.

*Tuition and fees are subject to change by the Montana University System Board of Regents.

**General Eligibility Requirements**
All financial aid recipients must meet the following eligibility requirements:

- Be enrolled/accepted for enrollment in a degree or certificate program.
- Cannot be enrolled in an elementary or secondary school.
- Have a high school diploma or GED.
- Be a citizen or eligible non-citizen.
- Maintain satisfactory academic progress.
- Cannot be in default on Perkins Loans, Stafford Loans, or PLUS Loans at any institution.
- Cannot owe an overpayment of Pell or SEOG.
- If required, must register with the Selective Service.
- Cannot have borrowed in excess of loan limits.
- Have need, as defined by individual program requirements (except for unsubsidized Stafford Loans and PLUS Loans).
- Meet any other program-specific criteria.
Grants

**Federal Pell Grant**
Federal Pell Grants are awarded to undergraduate students who have not earned their first bachelor’s degree. Pell eligibility is determined by a formula developed by the U.S. Congress and is applied consistently to all applicants using the information reported in the FAFSA.

**Federal Supplemental Education Opportunity Grant (FSEOG)**
This grant is awarded to undergraduate students who have not earned their first bachelor’s degree and have financial need. Priority is given to students who receive Pell Grants. Eligible students may receive up to $1,000 per year depending on need.

**MTAP Grant, Montana Higher Education Grant**
To qualify for one of the state grants, a student must be a Montana resident, be eligible for financial aid, and be enrolled or accepted for enrollment as an undergraduate student. Enrollment in at least twelve credits is required for the MTAP grant. Eligible students may receive awards up to $1000 per year depending on need.

Scholarships
Montana State University Billings has many scholarships available to students. Any prospective or currently enrolled student may apply for a scholarship by completing a General Scholarship Application Form available online at http://www.msubillings.edu/finaid/Scholarships.htm. Since the requirements and criteria are different for each scholarship, it is advisable for students to use the general application to be considered for all scholarships. The Scholarship Application priority is February 1 for continuing and returning students. New and transferring students can apply for scholarships when they apply for admission to the college.

Employment

**Federal and State Work Study Programs**
The work study programs at MSU Billings are need-based and funded with federal and state dollars to provide students with part-time employment on and off campus. Off campus work study jobs are limited to community service employment. Hourly rates of pay comply with minimum wage laws and vary with the type of work and the student’s experience and responsibilities. Student employees are paid every other week, according to State of Montana payroll schedules.

**Student Employment**
The Job Locator assists MSU Billings students in obtaining part-time employment in the community. Area businesses list job opportunities with the Job Locator. The Job Locator Service is free to all MSU Billings students and is not based on financial need. Students who are interested in obtaining employment should refer to the Financial Aid web site, http://www.msubillings.edu/careers/linksSJobs.htm for available job listings.

**Loans**
Loans are a major source of aid for students. Student loans must be repaid after the student graduates, withdraws from school, or drops below six credits. Interest rates, grace periods, and repayment requirements vary depending on the type of loan.

**Federal Perkins Loan**
A Federal Perkins Loan is a low-interest (5%) loan for both undergraduate and graduate students with financial need. The school is the lender. A typical award at MSU Billings is $2,000/year. Repayment of the Perkins Loan is deferred while the borrower is enrolled at least half-time in an approved institution of higher education. Interest begins to accrue and repayment starts nine months after the borrower ceases to be enrolled at least half-time. Repayment may be extended over a maximum of 10 years. Under certain circumstances the Perkins Loan can be forgiven. For information regarding loan forgiveness and deferment, please contact the Office of Financial Aid and Scholarships.
Federal Direct Loan Program
Federal Direct Loans are low-interest loans funded by the Department of Education to undergraduate and graduate students attending school at least half-time. Students must complete the Free Application for Federal Student Aid (FAFSA) in order for the University to determine loan eligibility.

Federal Direct Loans can be subsidized and unsubsidized. A student may receive both during an enrollment period. A subsidized loan is awarded on the basis of the student having unmet financial need. The student will not be charged any interest until payment begins. Unsubsidized loans are not awarded on the basis of financial need. Interest accrues to the student from the time the loan is first disbursed. If the accrued interest is not paid while the student is in school, the interest owing at the time the student goes into repayment will become part of the principal and increase the amount of the original loan.

Repayment of the Federal Direct Loan begins six months after the student graduates, leaves school, or drops below half-time. Students have up to 10 years to repay. Deferment and forbearance options are available to students under certain circumstances. The Office of Financial Aid & Scholarships is your resource for more information regarding Direct Loans.

Federal Direct Loan Annual Loan Limits
First year $5,500-$9,500
Second year $6,500-$10,500
Third, fourth, fifth year $7,500-$12,500
Graduate $8,500-$20,500

Aggregate Loan Limits:
Undergraduate $23,000-$57,500
Grad + undergrad $65,500-$138,500

Federal PLUS Loan
Federal PLUS Loans are unsubsidized loans made to parents of dependent students and graduate students. The maximum PLUS Loan amount that a parent or graduate student can borrow is the student’s cost of attendance minus other financial aid received. Interest is 8.5%. Repayment of a PLUS loan for graduate students begins on the date of the last disbursement. Parent PLUS loan borrowers whose funds were first disbursed on or after July 1, 2008, have the option of delaying their repayment on the PLUS loan to either 60 days after the loan is fully disbursed or six months after the dependent student is not enrolled at least half-time.

During this time, interest may be paid by the parent or capitalized. MSU Billings does require students to complete a FAFSA before a PLUS loan will be awarded.

Alternative Educational Loans
Alternative educational loans are unsubsidized private loans available from lenders. More information can be obtained in the Office of Financial Aid and Scholarships or through participating lenders.

Tuition Waivers
MSU Billings has tuition waivers for veterans, senior citizens, Montana American Indians, faculty and staff, advanced honor students, athletes, graduate students, war orphans, dependents of firemen and policemen killed in the line of duty, and students with certain majors. Eligibility and selection criteria vary. Certain waivers require a separate application form and in some cases additional documentation in order to qualify. To be eligible for Department waivers students must complete the General Scholarship Application by the February 1 priority date. Inquire at the Office of Financial Aid and Scholarships for specific information regarding tuition waivers.

Other Programs Available to Students

State Vocational Rehabilitation Service
Students with disabilities may qualify for educational assistance through the Montana Department of Social and Rehabilitation Service. In Billings they can be contacted at 406-248-4801.

Veterans’ Benefits
Students may apply for veterans’ educational benefits through the Veterans Administration. Information can be obtained from the campus Office of Admissions and Records or the student’s local office of the Veterans Administration.

Tribal Grants
Assistance is available to many American Indian students through Tribal Higher Education Offices. The award limits are based on the student’s need and the availability of funds. Further information may be obtained by contacting the student’s tribe or the tribal higher education office.
Financial Aid Satisfactory

Academic Progress Standards
Students are expected to maintain certain academic standards and make satisfactory progress toward a degree in order to receive federal and state financial aid. In accordance with Federal and State laws and regulations, MSU Billings has established a policy to define and administer standards of academic progress for all students. Detailed information explaining the financial aid satisfactory progress standards, including the appeal and reinstatement process, is available online at www.msubillings.edu/finaid/SAP.htm.

Refund Policy
The institution’s refund policy for students who withdraw from college ranges from a 90 percent refund for class days one through five; 75 percent for class days six through 10; 50 percent refund for class days 11 through 15; there are no refunds after the 15th day of classes. Students with financial aid may have to return some or all of the financial aid they received if they withdraw or if they do not begin attending classes.

Financial Aid – Summer Session
Summer financial aid is based on the FAFSA information used to determine eligibility for the previous fall and spring semesters. Those students who are Pell eligible should also complete the upcoming FAFSA to ensure they receive their maximum Pell grant eligibility. To determine aid eligibility for summer, students must provide a copy of their summer schedule to the Office of Financial Aid & Scholarships. For specific information please visit our web site at: http://www.msubillings.edu/finaid/SummerFinAid.htm.

Financial Aid – Study Abroad
The Financial Aid Director will review requests for funding “Study Abroad” coursework after receiving the following information and documentation:
1. Document acceptance into the study abroad program.
2. A copy of the course approval form;
3. A list of all necessary direct education expenses such as: tuition & fees, books, class supplies, room and board
4. A copy of the airline ticket or a letter from a travel agency listing the cost if the student is to incur airfare or travel expenses

The above information must be submitted to the Financial Aid Office at least six weeks prior to departure. Any adjustments to a student’s award will be based upon eligibility and available funds. Most grant and loan programs have yearly limits which cannot be exceeded. These limits could affect a student’s funding level, even if allowable expenses are documented.

Additional information is available by contacting the Financial Aid Office in McMullen Hall first floor east, or calling (406) 657-2188 to make an appointment.
Student Affairs

Montana State University Billings provides academic and student support programs and extracurricular activities that enhance and enrich the total student life of the University. A wide range of services, challenges and opportunities are available for every student including programs delivered through the Division of Student Affairs and other activities that affect student life from admission through graduation.

MSU Billings Division of Student Affairs Mission Statement
We commit ourselves to students by providing quality services to facilitate the achievement of academic and personal goals. In cooperation with the campus and community, we will strive to provide a diverse student population with a supportive and caring environment and the tools to meet the challenges of the future.

Student Rights, Responsibilities, and Conduct
The Board of Regents statement regarding students’ rights and responsibilities is as follows:

“The Montana University System is committed to the full support of the constitutional rights of its students, including due process of student disciplinary matters. At the same time, each unit has an obligation to protect its own educational purpose and the interests of its student body. Each educational institution is dedicated not only to the learning and the advancement of knowledge, but also the development of responsible persons. These goals are achieved through a sound educational program and through policies governing student conduct that encourage independence and maturity.

“Students are subject to federal, state, and local laws, as well as the institutional rules and regulations. A student is not entitled to greater immunities or privileges before the law than those enjoyed by citizens generally. The University System cannot and will not abrogate its responsibility to protect its property, its purpose and processes, and may take appropriate disciplinary action, independent of any action taken by the courts, whenever a student commits an offense which would have an adverse effect on the institution.

“Since there are appreciable differences between institutions in tradition, environment, mission, clientele, and institutional character, each unit of the Montana University System is authorized to establish rules and regulations for student conduct, within the overall state system philosophy, that are appropriate to the unique needs of an institution. The administration of each unit, in consultation with faculty and students, shall formulate these rules and regulations, and all students shall assume the responsibility for compliance with them upon entering the institution.”

MSU Billings has formulated rules and regulations and has established a disciplinary system to administer and enforce these rules and regulations. The Student Code of Conduct, in the Student Handbook, provides details regarding the rules, regulations and disciplinary procedures which will be followed.

Student Rights
One of the concerns of Montana State University Billings is to provide each student the opportunity to learn. Therefore, some personal freedoms and rights of students include, but are not limited to:

1. Freedom of inquiry, speech, and assembly.
2. Freedom from threats.
3. Freedom from acts of violence.
4. Freedom from unfair or obscene treatment from others.
5. Freedom from interference from others in an unreasonable and unauthorized manner while in class, activities, and public events.
6. Freedom from theft and willful destruction of personal property.
7. Right to study and learn in an atmosphere of academic freedom.
8. Right to procedural due process in University misconduct action.
9. Right to be governed by justifiable academic regulations.
10. To be informed in writing of the academic requirements determined by individual instructors.
11. Right to be informed of the regulations for academic and social conduct and graduation requirements of the University.
12. Right to petition for redress of grievances, academic and non-academic.
Student Responsibilities
Each student has the responsibility:
1. To respect the rights and property of others.
2. To be fully acquainted and comply with the published rules and regulations of the University.
3. To comply with all local, state, and federal laws.
4. To recognize that student activities reflect upon the individuals involved as well as upon the entire University community.
5. To recognize the University’s obligation to provide a safe environment conducive for learning and academic inquiry.
6. To adhere to the academic requirements determined by individual instructors.
7. To abide by the reasonable direction of a University official acting within the legitimate scope of his or her duties.

Academic Advising
McMullen First Floor West, (406) 657–2240
COT Jacket Student Central, (406) 247–3019
www.msubillings.edu/advise
The Advising Center offers advising services to all new admitted, transfer, and re-admit students for the first few semesters. The Advising Center assists students with understanding the coursework and requirements for their major, registration, and academic planning. Upon completion of the first few semester(s) in good academic standing the student is transferred to a faculty advisor in their major. Students should call this office for an appointment to begin the process of choosing coursework and determining an academic plan of study.

COT: A–035, (406) 247–3022
www.msubillings.edu/asccot
The Academic Support Center provides services that support the academic success of students at MSU Billings and the College of Technology. All developmental level courses in math, reading, and English are taught in the same buildings as the Centers, and tutorial assistance is provided in the Learning Labs to address the academic needs of students. Special educational delivery requirements that need to be addressed by persons with disabilities should be directed to Disability Support Services.

Associated Students of Montana State University Billings
SUB 213, (406) 657–2365
www.msubillings.edu/asmsub
The Associated Students of Montana State University Billings (ASMSU Billings) are governed by a Student Senate, the functions of which are to administer and to distribute student activity fees, to act as liaison among students, faculty, and administration, to protect the privileges and the rights of students, and to act as a central agent for student opinion.

Legal Services
The Associated Students of MSU Billings maintain an attorney on staff to assist students with legal problems. While there is no charge to see the attorney, there may be a nominal fee charged for certain types of legal services such as divorce, wills and name change.

Intercollegiate Athletics
Physical Education Building, (406) 657–2369
www.msubsports.com
Athletics is an integral part of the college life at MSU Billings for both men and women. All teams are members of NCAA Division II and the Great Northwest Athletic Conference, with the exception of men’s and women’s tennis that compete in the Rocky Mountain Athletic Conference. Men’s and women’s teams compete on a varsity level in basketball, cross country, golf, soccer, indoor track and field, outdoor track and field, and tennis; additionally, women compete in volleyball and softball, and men compete in baseball. All MSU Billings students are admitted free to Yellowjacket Athletics events with a valid student ID. Schedules, news, and stats are available on the Yellowjacket Athletics website at www.msubsports.com.

MSU Billings Booster Clubs
PE Building, (406) 657–2369
The Yellowjacket Booster Clubs, one for each sport, are made up of alumni and friends of the University who support the educational and athletic goals of MSU Billings and its student athletes. Booster Club members provide financial assistance to the University’s athletic programs, encourage community support for academic and athletic programs, and create a solid bond between MSU Billings and its many friends nationwide. The ultimate goal of the Yellowjacket Booster Clubs is to enrich MSU Billings’ Athletic Program.
Jackets and Company

Student Union Building, (406) 657–2121
www.jacketsandcompany.com

Jackets and Company provides the campus community with textbooks, supplies, and supplemental learning tools required in academic courses and operates stores at four locations across the campuses. Jackets and Company also carries a wide selection of school and office supplies, imprinted apparel, computers, software, gifts, greeting cards, and sundries at competitive prices.

Jackets and Company locations are The Union located in the Student Union, the Express located in the L.A. Building, West located on the College of Technology campus and On Broadway located in downtown Billings at 112 North Broadway.

Career Services and Cooperative Education

Library 100, (406) 657–2168
COT Jacket Student Central, (406) 247–3006
www.msubillings.edu/careers

A full range of career services is available to help students gain experience and skills that will clarify career goals and facilitate entry into the job market. Services include Career Workshops, career counseling and assessments, credential file service, career resource library, campus interviewing, Job Locator, and career/job fairs. See www.msubillings.edu/careers for additional information.

Cooperative Education

Library 100, (406) 657–1717

Cooperative Education (Co-Op) internships create educational partnerships among Montana State University Billings, the business community, and students. This unique academic experience allows students to earn academic credit while combining classroom learning with practical work experience. Learn more at www.msubillings.edu/careers/cooped/students.htm

Career Services/Job Locator

Library 100, (406) 657–1618
COT Jacket Student Central, (406) 247–3006

The Job Locator coordinates part-time positions for currently enrolled students. Available jobs can be accessed on the web and range from the service industry to technical positions and are designed to accommodate students’ academic schedules.

Financial aid-eligible work study students can access Community Service positions which enable students to work in non-profit agencies in the local area.
www.msubillings.edu/workstudy/Default.aspx

William R. Lowe Child Care and Enrichment Center

2630 Normal Avenue
(Across from the Liberal Arts Building)
(406) 896–5820
www.msubillings.edu/childcare

The William R. Lowe Child Care and Enrichment Center was opened in the summer of 2002 to provide child care services for children of MSU Billings students. The Center is located on campus, and it is designed to accommodate children ages 0-5 on a full-time or part-time basis that will best fit the schedule of the student/parents. The Center is open Monday through Friday from 6:45 a.m. to 6:00 p.m. MSU Billings students who are interested in touring the Center, finding out more about the services and the facilities, and/or submitting an application to enroll their child/ren are encouraged to contact the Director of the Child Care and Enrichment Center at (406) 896-5820.

Dining Services

Student Union Building, (406) 657–2383
www.msubillings.edu/dining

Montana State University Billings Dining Services offers a dining program for students, faculty, and staff. Students living in the residence halls participate in the campus dining program by purchasing 1 of 5 meal plans consisting of flex dollars and board meals. Board meals are used for an all-you-care-to-eat dinner in Rimrock Café. Flex dollars can be used in any of the dining venues including Rimrock Café, Stingers, LA Espresso, LA Express, and COT. Rimrock Café, located in the SUB, offers an array of choices that includes Grill 155°, a salad bar, from-scratch soups, Fresh Creations Made-to-Order Deli Sandwiches and Wraps, Ultimate Baja, International Stir-Fry & Sauté, home-style entrees, calzones and stromboli, and assorted beverages and desserts. Stingers, the newly remodeled coffee house, is also located in the SUB and features lattes, cappuccinos, smoothies, Italian sodas, assorted bottled beverages, and convenient Café Fresca.
grab-n-go items. Come relax and watch TV, read, or play a board game. LA Express and LA Espresso are located in the Liberal Arts Building. LA Express offers a variety of quick food items, snacks and beverages. LA Espresso, the coffee kiosk, features Seattle’s Best Espresso Beverages, Café Fresca grab-n-go items, and a selection of bottled beverages. The COT location includes beverages, Café Fresca grab-n-go products, continental breakfast including hot breakfast sandwiches, a daily grill, pizza, from-scratch soups, and a fresh salad bar.

**Disability Support Services**

**Academic Support Center, (406) 657–2283 (V/TTY)**

**COT A–035, (406) 247–3029**

[www.msubillings.edu/dss](http://www.msubillings.edu/dss)

Disability Support Services (DSS) provides direct assistance to students with documented disabilities by encouraging their independence, creating and maintaining an accessible physical and program environment, providing a supportive emotional atmosphere, and serving as a liaison and advocate.

Students with disabilities have the responsibility to identify themselves and request appropriate accommodations. Students are encouraged to contact DSS at the Academic Support Center, visit our website at [www.msubillings.edu/dss](http://www.msubillings.edu/dss) or call the number above (voice or text).

**Financial Aid & Scholarships**

**McMullen First Floor East, (406) 657–2188**

[www.msubillings.edu/finaid](http://www.msubillings.edu/finaid)

Paying for education is a concern for all students. This office can assist you in your search for information concerning financial aid and scholarships. Call (406) 657-2188, or see the Financial Aid section of this General Bulletin. The Office of Financial Aid and Scholarships is located on McMullen Hall first floor east.

**Housing and Residential Life**

**SUB 221, (406) 657–2333**

[www.msubillings.edu/reslife](http://www.msubillings.edu/reslife)

**Residence Halls**

Montana State University Billings provides on-campus living facilities for students who are pursuing an educational mission. The residence halls offer an environment which is desirable for those who are seriously seeking a well-rounded education. Participation in hall programming and group processes is part of the complete experience the residence hall provides.

Students living in the residence halls may select from a variety of living options. These options include the following: co-ed floors (women and men are housed on separate ends of the floor divided by a common lounge area), co-ed 24 hour quiet floor, co-ed guaranteed singles floor (additional single room price is applied), or single sex floor (females only).

Students with disabilities are encouraged to make arrangements for any specific needs with the Office of Housing and Residential Life and Disability Support Services prior to moving on campus.

Residence hall living is available during Fall, Spring, and Summer sessions and during break periods to those students meeting the necessary requirements.

To apply for residence hall living, contact our office at (406) 657-2333 or visit our website at [www.msubillings.edu/reslife](http://www.msubillings.edu/reslife) to get the Housing Application.

**Family Housing**

MSU Billings offers 10 family housing apartments for students currently enrolled in 12 or more credits. Family housing eligibility includes: married students, single parent with children, or married students with children. Family housing apartments include 6 three-bedroom apartments and 4 two-bedroom apartments. There is an application and $25.00 application fee to place your name on the waiting list for an available apartment.

To obtain more information about family housing apartments, contact the housing office at (406) 657-2333 or visit our website, [www.msubillings.edu/reslife](http://www.msubillings.edu/reslife).

**Housing Application**

Residents who sign their Housing Applications and pay their $75 Room Damage Deposit to reserve a room have entered into a legally binding agreement with Montana State University Billings for the purchase of housing. Once a student has moved into the residence halls and accepted or signed for a room key, and has signed a contract, he/she is financially obligated by the contract for the entire year, and may only be released for the following reasons:

A. Withdrawal from Montana State University Billings.
B. Graduation from Montana State University Billings.
C. Internship or student teaching assignment out of the area.
D. Medical condition.
E. Extreme financial circumstances.
F. Marriage.
G. Academic suspension.
H. Disciplinary suspension.

Any student wishing to cancel a Housing Contract for an upcoming term must notify the Office of Housing and Residential Life in writing at least two weeks prior to the first day of classes in order to receive a Room Deposit Refund. Room and board rates, programs, and rules and regulations governing the residence halls are subject to change without notice. An optional installment plan is available for payment of room and board. Students may pay room and board in full at the beginning of each term or select the installment plan. This selection is made in conjunction with regular fee payment.

Residency Requirement
All students who have earned fewer than 30 semester credit hours are required to live in a residence hall. However, the following groups of students are automatically exempted:
1. Married students.
2. Single parents.
3. Students with eleven or fewer credit hours.
4. Students who reside with their parents.
5. Students over 21 years of age.

The following groups may request a written exemption:
1. Students residing with a member of their immediate family (grandparents, brothers, sisters).
2. Students who have a particular hardship including a physical or mental condition which would preclude the possibility of living in a residence hall.
3. Students who have other extenuating circumstances that compel an exception.

All requests for exemption must be made to the Office of Housing and Residential Life. These requests must be made in writing and must be on the Housing and Residential Life Request for Exemption Form. This form can be obtained from the Office of Housing and Residential Life or visit our website, www.msubillings.edu/reslife. Supporting documentation must be supplied with this request.

A supporting letter is necessary from a parent if the family member with whom the student wishes to reside is not a parent.

The Office of Housing and Residential Life will approve or deny all exemption requests. Appeals regarding decisions of the Office of Housing and Residential Life may be made to the Vice Chancellor for Student Affairs. The decision of the Vice Chancellor will be final.

American Indian Outreach and Diversity Center
http://www.msubillings.edu/americanindian
http://www.msubillings.edu/diversity

The American Indian Outreach office assists American Indian students in making academic, cultural and social adjustments to Montana State University Billings. Activities include an American Indian peer mentoring program, a professional network called Intertribal Clan Mothers, a drum group for Indian men, and individualized assistance in creating internships for all majors that are relevant to the American Indian community.

This campus recognizes and has a commitment to cultural diversity that is demonstrated by the American Indian Outreach office and the Diversity Center. The staff of both offices join forces to provide advocacy for students, referral to other Student Affairs and MSU Billings programs including Native American Studies, and serve as a liaison with tribal educational representatives and other community organizations. The annual celebration of the Billings American Indian Heritage Day exemplifies the collaboration between MSUB and the local and regional communities in providing cultural experiences for students, Kindergarten through college. The American Indian Outreach Office also collaborates with the Montana Indian Athletics Hall of Fame and the School District #2 Indian Education Office.

The Diversity Center is committed to providing a welcoming campus environment for all students. To accomplish this, the Diversity Center foster social and professional opportunities, cross-cultural training for staff members, and advocacy for any student that meets a minority sector by race, creed, ethnicity, or sexual orientation. The mission of this office is to ensure we are meeting the various needs of all students through fair and equal representation and opportunity.
Amistad, advised by the Diversity Center Coordinator, is a new campus organization for any student of Latin ancestry. As a new program, the full extent of focus is still a work in progress, as it will be student focused and student driven. Recognizing Hispanic students, offering leadership roles, and providing cultural activities will all be integral parts of this successful student organization.

Intertribal Indian Club is open to all interested students. The Intertribal Indian Club is a student organization, established to assist Native American students in their adjustment to university life, to promote scholastic ability, and to foster pride in the cultural heritage of the Native American. The Club is involved with the planning and sponsorship of an annual Pow Wow, the largest student-sponsored campus event. Other activities include social events that are culturally appropriate to share in a campus environment such as dances, Native Games, documentary films, and Native cuisine.

New Student Orientation

Sessions

McMullen First Floor East, (406) 657–2888

www.msubillings.edu

Call New Student Services for new student orientation sessions, which are scheduled each academic term.

In addition to the orientation sessions, Return-to-Learn is a free, two-day seminar that is offered to all students to help them consider their options and start on track to skills such as note-taking and study habits. Call 406-657-2162 to find out when the next seminar is offered.

Parking

Campus Police, (406) 657–2147

www.msubillings.edu/security

MSU Billings provides parking for students for a fee. All vehicles parked on university property must display a current MSU Billings parking permit on weekdays when the university is in session during the hours specified in the “MSU Billings Traffic and Parking Regulations” brochure. Students may pick up parking permits from 7:30 a.m.-5 p.m. Monday through Friday at the Campus Police office on the ground floor of the parking garage, southwest side and during Fee Payment week at the SUB Information Desk.

Physical Education Building

The Physical Education Building at MSU Billings includes two gymnasiums, a fitness center, a swimming pool, a racquetball court, a running track and other recreational and health facilities. During set hours each semester the facilities may be used by students and their families for swimming, workouts, etc. Use is free to students while family members pay a nominal charge.

Recreational Activities

PE 016, (406) 657–2881

www.msubillings.edu/recactivities

The Recreational Activities Program offers a wide range of activities. It provides all students, faculty and staff with recreational opportunities in competitive and noncompetitive events as well as organized and informal activities as regularly as their time and interest permit.

Intramural Sports  Competition is scheduled for individual, dual and team sports. Participation is generally arranged in men’s, women’s and coeducational divisions for each activity. These range from the traditional team sports of flag football, volleyball, basketball and softball, to the popular individual and dual sports such as racquetball, tennis and golf. Everyone is encouraged to participate regardless of experience or skill.

Leisure Recreation  This informal activity allows those not wishing to be a part of a structured program to make use of our fine recreational facilities. The Physical Education Building includes two gymnasiums, a swimming pool, six racquetball/handball courts, a weight/exercise room, an indoor jogging track, four indoor tennis courts, and locker rooms.

Student Health Services

Petro Hall, (406) 657–2153

www.msubillings.edu/hservices

The Student Health Services (SHS) is an ambulatory health care facility which is available to students to care for illnesses and injuries, to promote improved mental health, and to encourage a healthy life style. With a staff of physicians, mid-level providers (contracted through St. Vincent’ Health Care) nurses, mental health counselors, and a health educator, we provide health care, immunizations, limited emergency services,
mental health counseling and health education programs. SHS strives to encourage students to become responsible and knowledgeable consumers of health care.

Student Health Insurance
All MSU Billings students enrolled in seven or more credits are required to have some form of health insurance. A student health insurance policy is available to MSUB students. Before registering, students will be asked to elect or waive this insurance. All students taking at least four (4) credits are eligible for health insurance. Students must elect or waive the health insurance before the 15th class day of fall or spring semesters. The premiums are paid on a semester basis, along with tuition and fees. Those students electing to take the insurance for spring semester will be covered through the summer sessions whether or not they are taking summer classes.

Note: All students are eligible to use the Student Health Services, whether or not they enroll in the student health insurance.

Insurance policy brochures are available at fee payment and at the Student Health Services office on the 2nd floor of Petro Hall.

Full information about the student health insurance program provided by the Montana University Insurance Consortium is available at www.university.bcbsmt.com.

For questions about enrolling in insurance coverage for other family members, please contact SHS.

Student Opportunity Services
(SOS/TRIO)
Library 141, (406) 657–2162
www.msubillings.edu/sos
This federally funded program is located on the lower level of the Library. SOS assists eligible students by helping them to remain in school and graduate. To be eligible, students must meet one of the following: be from a low-income background, be a first generation college student (neither parent earned a bachelor’s degree), or have a documented physical and/or learning disability. SOS offers:
• Peer Mentoring
• Study Groups/Tutoring
• Access to Cultural Events
• Workshops
• Financial Aid Information
• Counseling & Referral
• Midterm Evaluations
• Newsletters
• Assistance in Graduation Preparation
• Return to Learn

Student Union and Activities Office
SUB 219, (406) 657–2387
www.msubillings.edu/sub
The Student Union (SUB) is a major center for co-curricular activities and serves as the community center for the University and guests visiting the Montana State University Billings campus. The Student Union is an integral part of the Petro-Rimrock-Student Union complex and is centrally located on the campus with easy access to other college services and facilities.

Offices and Programs Housed in the Student Union
In addition to Student Union and Activities, the Student Union provides space for Jackets and Company (bookstore), Business Operations (Student Affairs), Campus Dining Services, Stingers Coffee Shop, ASMSU Billings, Housing and Residential Life, Recreational Activities, Petro Theater, The Retort (campus newspaper), Student Activities Board, student organization offices, and student organization work/resource room.

Student Activities, Student Organizations, Leadership Development
The Student Union and Activities Office coordinates and supervises the registration of over 50 student organizations. The office provides organizations with support, consultation services, resources, and leadership development and recognition programs. The Office is also the University contact for students seeking assistance to charter and organize new student organizations on campus. At MSU Billings, student organizations exist in the following categories: Academic/Departmental, Cultural, Campus Media/Literary, Honorary, Performing and Visual Arts, Recreational/Club Sports, Religious, Service, Special Interest, and Student Government/Leadership/Campus Programming. The Director of Student Union and Activities serves as the advisor to the Student Activities Board. Several events are planned each year for MSU Billings students through funds allocated by the Associated Students of MSU Billings (ASMSUB).
The University encourages a variety of student activities and organizations, insofar as they promote both positive activity and the objectives of the University. The nonacademic aspects of student life can prove to be immensely valuable in the balanced development of the human personality. Many co-curricular activities are related to coursework and thus provide opportunities for applying knowledge and skills learned in the college classroom, in the studio or in the laboratory.

**Meeting and Conference Space**

The Student Union also provides meeting and conference rooms, space for art exhibits, event posting and displays, and public lounges. The Student Union and Activities Office coordinates the scheduling of nonacademic space on campus. The Office also publishes a weekly listing of all nonacademic campus events scheduled in University facilities.

The Ballroom, within the Student Union, has been designed to accommodate major banquet presentations, luncheons, conferences, and special events.

Petro Theater provides space for special events and also theatre productions. The Department of Communication and Theatre presents student productions in the theater throughout the year.

The Rimrock Cafe, located in the Student Union Building, is the main dining service outlet on campus. Our innovative and flexible dining service offers a complete retail service to resident and nontraditional students. We also provide two coffee shops on campus: Stingers, located in the Student Union Building, and L.A. Express, located in the Liberal Arts Building. For your special events and meetings, the Grand Ballroom and meeting rooms are located in the Student Union Building.

**Office for Community Involvement (OCI)**

SUB 225, (406) 896-5815

[www.msubillings.edu/community](http://www.msubillings.edu/community)

The Office for Community Involvement at MSU Billings strives to connect students to the community through meaningful service and educational opportunities. We believe community involvement strengthens a sense of responsible and productive citizenship, which creates a lifelong commitment to service and leadership. The OCI will help get students directly involved in civic engagement opportunities and will provide avenues to help them become connected to the campus and Billings community in a volunteer capacity.

The office will have information on various local agencies that are looking for volunteers so students can volunteer on an individual basis. Students will have direct access to the United Way’s You Can Volunteer website [www.youcanvolunteer.org](http://www.youcanvolunteer.org). There are group volunteer opportunities available through the MSU Billings Student United Way and students have the opportunity to be involved in Campus Corps, either as a part-time paid position or as part of their academic program. The office will also be coordinating many one-time service opportunities each month (Service Saturday, MSUB Night on the Van, Blood Drives, etc).

**Montana Campus Compact**

The Montana Campus Compact (MTCC) is a coalition of Montana college and university presidents, chancellors, and deans committed to the civic purposes of higher education. The MTCC is committed to renewing the public purposes of higher education by promoting volunteerism, public service, and service learning on Montana’s college and university campuses. The MTCC is an affiliate of Campus Compact, a national organization with a rapidly growing membership of more than 700 public and private two- and four-year colleges and universities in 41 states and the District of Columbia. The MTCC provides training, technical assistance, grants and education awards to students and faculty members engaged in community service activities. The MTCC and its programs make an immediate impact on communities, students, and institutions while developing students as lifelong citizens-leaders. For more information on the Montana Campus Compact, contact the MSU Billings Office for Community Involvement at 406-896-5828.

**Student Activities Board**

SUB 212, (406) 657-2257

[www.msubillings.edu/sab](http://www.msubillings.edu/sab)

The Student Activities Board coordinates a balanced program of cultural, social and entertainment events appropriate to the educational goals and needs of the campus community. The Board consists of 13 selected student members and two advisors. Selection of Board members occurs during fall and spring. The selection process is by SAB Chairperson, three (3) current SAB members and the non-voting advisors.
Upward Bound/TRIO
CI 306, (406) 657-2180
www.msubillings.edu/upb
Upward Bound is a federally funded high school scholarship program designed to generate in participants the skills and motivation needed to enroll and graduate from a program of postsecondary education. Participants must meet federal eligibility criteria, as well as demonstrate interest and motivation to attend college. Services include: academic advising, instruction and tutoring, an on campus summer academic program, postsecondary enrollment assistance, and cultural and social experiences.

Educational Talent Search/TRIO
CI 306, (406) 657-2116
www.msubillings.edu/ets
Educational Talent Search (ETS) is a federally funded TRIO program designed to assist 7th - 12th grade students prepare for and attend a post-secondary institution of their choice upon high school graduation. Participants must meet federal eligibility criteria and demonstrate interest and motivation to attend college. The ETS program serves 600 eligible students in Yellowstone County. Services include academic advising, instruction and tutoring, post-secondary enrollment assistance, and cultural and social experiences.

Veterans’ Affairs Office
McMullen First Floor West (406) 657-2158
Veterans are advised to check with the Veterans’ Affairs coordinator, McMullen first floor west, (406) 657-2158, 30 to 45 days before registering. A veteran must notify this office whenever there is a change in address, enrollment, or additional dependents.

Veterans’ Upward Bound
Cisel 109, (406) 657-2075
vubmt.com
The Veterans’ Upward Bound Program of Montana State University-Northern maintains a program at MSU Billings to assist veterans to learn the skills that will enable them to be successful in college. Both day and evening courses are offered in areas such as English, math and computers. Call (406) 657-2075 or toll free at 877-356-8387 for assistance.

Office of Alumni Relations
Alumni House (2712 Normal Avenue)
(406) 247-5781
www.msubillings.edu/alumni
The Office of Alumni Relations is the University department that connects with the Alumni Association and the MSU Billings Foundation on matters regarding alumni affairs, event planning, and fundraising. This new office was established to reconnect alumni of MSU Billings with the University and provide more strategic initiatives aimed and event planning and alumni communication.

Urban Institute
Downtown Billings, 2806 3rd Avenue North
(406) 896-5862
www.msubillings.edu/urban
The Urban Institute was created to identify critical issues of long-range significance to the community and region, provide facilitative leadership to address emergent problems and opportunities, and help implement sustainable solutions. With the assistance of an advisory board of community leaders, the Urban Institute focuses on activities that will provide optimal opportunities to make a positive difference for Billings, Eastern Montana, Northern Wyoming, and beyond. Upper division and graduate students are invited to inquire as to availability for assignments in Urban Institute projects. The Urban Institute is located in the Broadway III building of the MSU Billings downtown campus, at 2806 3rd Avenue North.
Academic Affairs

Scholastic Requirements

Grading System
A - Excellent.
B - Good.
C - Average.
D - Minimally Passing.
I - Incomplete work (not included in GPA). Work must be completed within one calendar year or the “I” grade will be converted to an “F” grade. The faculty who awards the “I” will assign all necessary academic work to convert the “I” to a letter grade. The student does NOT re-register and pay for the class.
F - Failure, grade below passing (included in GPA).
W - Withdrawal from class without penalty (not included in GPA).
N - No credit/Audit.
P - Passing (not included in GPA but credits count toward graduation).
X - No Pass

Incomplete "I" Grade
An Incomplete is given only when a student has been in attendance for at least three-fourths of the semester but has been prevented by circumstances beyond his/her control from completing all of the requirements of the course. A student must provide adequate evidence to the instructor as to the reason why he/she was unable to complete the requirements for the course. If a grade of "I" Incomplete has been given, the instructor shall advise the Office of Admissions and Records in writing what the student must do to remove the deficiency.

An Incomplete must be made up within one calendar year. An “I” grade is not included in the computation of the GPA. An “I” grade not made up in the prescribed length of time automatically becomes an “F” grade. Once the “I” grade has been converted to an “F” grade, the course must be repeated in order for the grade to be changed.

Change of Grade
A change of grade may be made for error only. A change of grade may not be made to allow additional time or for additional work once the semester is completed. A change of grade is not meant to substitute for an Incomplete grade when an Incomplete cannot be justified. No grade may be changed after one full year unless approved by the instructor’s Academic Dean and the Academic Standards and Scholastic Standing Committee. Once a grade has been submitted to the Admissions and Records Office, it may not be changed to a lower grade without the written approval of the Dean of the respective College.

Pass/No Pass Grading Mode
Pass/No Pass is offered as an opportunity for undergraduate students to explore courses outside their major, minor, or option curricula and outside the Professional Core Requirements for Teacher Education or Pre-Admission Requirements for Business.

Under the grading mode, the grade of “P” is given if the students’ work is judged to be the equivalent of “A,” “B,” “C,” or “C.” The grade of “No Pass” (symbolized by “X”) is awarded if the work is equivalent to “D” or “F.” The students’ Pass/No Pass grades do not affect overall GPA. However, “P” grades may be counted as credits earned toward a degree. Other policies concerning Pass/No Pass are as follows:

1. Courses designated by the departments are available Pass/No Pass. Certain courses are taught only with this grading mode; other courses may be excluded from Pass/No Pass grading. Therefore, students should check with their advisor for details.

2. Students may enroll in courses as Pass/No Pass up to a limit of 20 semester credit hours to be counted towards graduation. Credits earned by challenge, experiential learning assessment such as military credits, student teaching, cooperative education, or internships do not count toward this 20-credit limit.

3. Students declare this grading mode at the time of registration. Students may change their grading mode to Pass/No Pass up through the last day to add at the beginning of each semester or term. After the last day to add, any request to change grading mode (Pass/No Pass to letter grade or vice versa) must be petitioned by the student to the Academic Standards and Scholastic Standing Committee.

4. Courses taken under Pass/No Pass may be repeated for a letter grade. A course taken for a letter grade may not be repeated as Pass/No Pass.
Grade Points (Grade Point Average)
In order to graduate with a Bachelor of Arts or a Bachelor of Science degree in the College of Arts and Sciences, and a Bachelor of Science in Psychiatric Rehabilitation degree a student must earn a minimum grade point average of 2.00 in (a) all courses attempted at Montana State University Billings; (b) the academic major; and (c) the academic minor. For BA/BS Teaching Options, students must earn a minimum grade point average of 2.65.

In order to graduate with a Bachelor of Science degree in the College of Business, a student must earn a minimum grade point average of 2.00 in (a) all courses in the College of Business; and (b) all courses attempted at Montana State University Billings.

In order to graduate with a Bachelor of Science in Education degree, a minimum grade point average of 2.65 must be earned in (a) all courses attempted at Montana State University Billings; (b) the academic major; (c) the academic minor; and (d) the Professional Teacher Education Core.

In order to graduate with a Bachelor of Science in Human Services degree, a student must earn a minimum grade point average of 2.00 in (a) all courses attempted at Montana State University Billings; and (b) all coursework completed for the Human Services major.

Grade Reports
Students’ grades are available on the web at www.msubillings.edu. Students who wish to have their grades mailed must leave a self-addressed stamped envelope at the Office of Admissions and Records.

Mid-term Grade Reports
Mid-term grades will be issued to all freshmen students. Instructors of classes with freshmen will be required to notify each freshman student, in writing, of the student’s mid-term grade before the official last day to drop classes (7th week, 35th class day).

How to Calculate the Grade Point Average
Each grade is worth a predetermined number of grade points as indicated above. Total grade points are established by multiplying the number of credits of a course times the number of grade points of the grade received.

The grade point average is determined by dividing the number of grade points earned by the number of course credits attempted. In computing the number of grade points earned, each letter grade is assigned a certain grade point value per credit hour as follows:

- Each credit hour of A ................ 4 points
- Each credit hour of B............... 3 points
- Each credit hour of C................. 2 points
- Each credit hour of D ................ 1 point
- Each credit hour of F ................. 0 points

Effective Fall 2005 for transfer and re-admitted students, in accordance with Board of Regents policy, all campuses of the Montana University System will use the following values when determining grade point averages.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>
</tr>

<tr>
<td>D-</td>
<td>0.7</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Grade point averages calculated before Fall Semester 2005, using the values noted above, will not be recalculated, using the new weights or values.

The new values should not be applied retroactively to grade point averages already calculated for students in the Montana University System. Decisions about those students’ academic performance, including satisfactory progress, admission to limited enrollment programs, graduation and financial aid eligibility, have been made, using the grading scale in place at the time of those decisions. The decisions should not be invalidated because of a subsequent change in grade point average calculations.

Examples
WRIT 101 is a 3 credit course. If a grade of “B” was received, multiply 3 credits times 3 grade points for a total of 9 grade points (3 credits x 3 grade points = 9 grade points).
PSYX 100 is a 3 credit course. If a grade of "C" was received, it would produce an additional 6 grade points (3 credits x 2 grade points = 6 grade points).

Add the 9 grade points from WRIT 101 and the 6 grade points from PSYX 100 for a total of 15 grade points. Then, divide the total grade points (15) by the total number of credits (6) to determine the grade point average for the two courses. In this case, the grade point average is 2.50 (15/6 = 2.50). Remember, the total grade points divided by the total credits attempted equals the grade point average (GPA).

Academic Honors
In recognition of scholastic achievement, the University makes public at the close of each semester an honor roll of undergraduate students who earn 12 or more credits which are not of a Pass/No Pass nature and who earn a grade point average of 3.50 or better.

Minimal Academic Progress
Students are in good standing at Montana State University Billings as long as they have a 2.00 grade point average (GPA) although additional requirements may have to be met in specific fields (see, for example, Teacher Education).

Academic Probation
Full–Time Students (12 or more credits attempted)
Students are placed on academic probation the first time their cumulative institutional GPA falls below the required 2.00. If they later meet the required 2.00 cumulative institutional GPA, they are removed from academic probation. Students who are on academic probation and fail to earn at least a 2.00 GPA during the next semester or have a 2.00 cumulative institutional GPA are suspended for one semester, excluding the Summer Session. However, students on academic probation or continued probation who do not meet the required 2.00 cumulative institutional GPA are allowed to continue in college as long as they have a 2.00 GPA for each succeeding semester. Students on probation should not carry more than 16 credits in the probationary period. All students on academic probation should meet with their academic advisors to review their respective course schedules.

Part–Time Students (Less than 12 credits attempted)
Part-time students are placed on academic probation whenever they have attempted a total of 10 overall (transfer and institutional) cumulative semester credits and do not have a 2.00 cumulative institutional GPA or a 2.0 institutional term GPA. Part-time students are suspended whenever they have attempted a total of 30 overall (transfer and institutional) cumulative semester credits and do not have a 2.00 cumulative institutional GPA or a 2.0 institutional term GPA. Part-time students on academic probation are allowed to continue in college as long as they earn a 2.00 GPA in each succeeding semester.

Veterans Receiving Educational Benefits
Veterans or other individuals who receive educational benefits from the Veterans’ Administration remain eligible for those benefits as long as they remain in good academic standing at Montana State University Billings and are permitted to continue in college. All veterans eligible to receive benefits should report to the coordinator of Veterans’ Affairs upon arrival on campus.

Academic Suspension
Any full-time student who has been on academic probation one semester and who did not make a 2.00 GPA during the last semester is suspended for one semester, excluding the Summer Session. A student who is suspended may, however, attend Montana State University Billings during the Summer Session by meeting the requirements stated below.

Students suspended from Montana State University Billings may register for no more than a total of 16 semester credits during the Summer Session without reinstatement. Students must register for a minimum of nine semester credits after consultation with their advisors, for either one or all three Summer Sessions. Students who at the end of Summer Session have earned at least a 2.00 GPA in nine or more semester credits are re-admitted Fall Semester on continued probation. However, students who attend the Summer Session and fail to earn the 2.00 GPA will be suspended for an additional two semesters.

Students who are reinstated after a period of suspension must submit an application for re-admission to Admissions and Records. Upon re-admission, students are placed on continued probation and must maintain a 2.00 GPA for each successive semester of work and
meet any other pertinent conditions imposed by the Academic and Scholastic Standing Committee. Students who do not meet the stipulations set by the Committee incur automatic suspension. Upon action by the Administration, a student may also be suspended for nonacademic reasons. Such a notation will be placed in the student’s file.

A student who has been suspended from Montana State University Billings may apply for re-admission after one semester has elapsed. A student who has two or more suspensions is suspended for two semesters excluding summer term. The student may, however, petition the Academic Standards and Scholastic Standing Committee for reinstatement after one semester.

Exceptions to this regulation may be made for students who provide evidence to the Academic Standards and Scholastic Standing Committee that their reinstatement can be justified. Only extreme cases of extenuating circumstances may be considered by the Committee for re-admitting a student who has been suspended, or if there is evidence that the student has taken some reasonable action to correct the cause(s) for suspension. The student must have approval from his/her major department chairperson before the Academic Standards and Scholastic Committee will consider the student for reinstatement.

Academic Dishonesty
Students at Montana State University Billings are expected to do their own work in their own words and with their own ideas. If they quote or paraphrase the words of others, they are expected to indicate whom it is they are quoting or paraphrasing. An instructor who believes that a student has claimed the work of someone else as his or her own may take what steps he or she wishes up to failing the student and referring the student to others on campus for further discipline. The Student Handbook contains more detailed information about the policy on Academic Dishonesty.

Fresh Start Option
(Academic Bankruptcy)
The Fresh Start option is available to undergraduate students. It is a one-time opportunity for MSU Billings students and those who transfer to MSU Billings. Students may bankrupt up to two consecutive semesters of previous coursework in which they received poor grades. Students must not have been enrolled in any institution for a minimum of three calendar years. To be eligible for the Fresh Start option students must have completed 30 semester credits in residence since entering or returning to MSU Billings earning a 2.65 grade point average (GPA) or higher. The bankrupted coursework will remain on the student’s academic record. The student has the option to save “A” and “B” grades or bankrupt all courses. Bankrupted credits and grades will not be carried forward into the student’s cumulative GPA.

Eligibility for Intercollegiate Athletics and Other Activities
To be eligible for intercollegiate athletics, students must meet the specific requirements of the N.C.A.A. Division II. Students should consult with the Athletic Administrator regarding these requirements. Students are eligible during a semester to represent MSU Billings in an University sponsored activity off-campus or to participate in co-curricular activities as long as the students are officially enrolled (this applies only to the activities that are not sanctioned by the N.C.A.A. Division II). Certain activities may have additional eligibility requirements that students must meet.

Student Records
Academic Records
Official academic records of each student’s scholastic achievement are kept on file in the Office of Admissions and Records, and include the following:
1. A signed “Official Class Roll and Final Grade Report” from the instructor of each class in which the student is enrolled each semester.
2. An “Official Academic Record” for each student officially enrolled.
3. Directory information of a student currently enrolled. (See the Family Educational Rights and Privacy Act Revised.)

Transcripts
A transcript is a copy of the complete, unabridged educational record of a student who has been or is currently enrolled. It is issued only to the student upon the student’s written request. An official transcript is distinguished from an unofficial copy of the student’s record in that the official transcript carries the signature of the Registrar and bears the seal of Montana State University Billings.

As often as possible, transcripts are issued within five days following receipt of the transcript request and payment of the fee. During periods of registration, changes in registration, grading periods, and Commencement, the Office of Admissions and Records
staff has to devote full time to such activities. The records are necessarily incomplete, and the status of students is pending; consequently, a longer time than usual is required for the issuance of transcripts.

All current and former MSU Billings students are entitled to one free official transcript; thereafter, each official transcript request is processed only upon the receipt of the transcript fee. The student’s signature and/or personal request is required for the release of any transcript except when the transcript is released to those individuals who are considered to have a legitimate educational reason to have access to the student’s transcript.

Misuse of Electronic Devices
Cellular phones, pagers, and other electronic devices shall not be used in a manner that causes disruption in the classroom, library, or within any college-owned or college-operated facility. Abuse of cellular devices with photographic capabilities, use of devices for purposes of photographing test questions or other notes and materials is prohibited. Photographing individuals in secured areas such as bathrooms, locker rooms, or other areas where there is a reasonable expectation of privacy, and/or taking photographs of any person without expressed permission is strictly prohibited.

Appeals and Petitions for Exceptions to University Regulations

Appeal by a Student on Academic Matters
The student should confer with the faculty member against whom the alleged problem exists. The student must confer with the department chairperson or, in the event the problem involves a department chairperson, with the appropriate dean before resorting to the formal grievance process. The student should consult the Student Resolution Officer for proper procedures.

Petition for Exception to University Regulations
Certain problems encountered by a student may result in a request to have an exception considered to an academic standard or to an academic regulation of the University. A student may request an exception to an MSU Billings regulation by filing a special petition with the Academic Standards and Scholastic Standing Committee. The petition form may be obtained from the Office of Admissions and Records and it is to be returned there after the student has completed the form. The Office of Admissions and Records will present the petition to the committee. The student is encouraged to appear before the committee to respond to questions about the student’s petition. The student will be notified in writing of the decision as soon as it is determined.

Grade Appeal Procedure
Montana State University Billings has a set of procedures for contesting a grade which must be followed for appropriate resolution. The student must understand that they cannot appeal a grade after sixty (60) days from the official release date of those grades. All documentation must be in writing and submitted to the instructor and Student Resolution Officer (SRO).

Step I You must meet with or attempt to make appropriate contact (email, phone, office hours, etc.) with your instructor to discuss your reasons for the grade appeal within sixty (60) days from the official start date of the next term. Documentation supporting your claim should be made available at this meeting. The University would like to have both you and the instructor discuss the details, in a reasonable, open manner, and formulate an agreeable resolution.

Step II If the initial meeting (or attempt to meet) with your instructor did not provide an agreeable resolution, you must then contact the ASMSU Billings Student Resolution Officer and schedule a time for you and the SRO to meet and discuss the reasons for the appeal. The SRO can then help schedule a meeting between you and the instructor of the course you are contesting or, if Step I was not successful, can help move the appeal to Step III. You must submit any documentation supporting your claim and a copy of the course syllabus to the SRO. This information should be presented at the meeting with the instructor. The instructor will submit a formal decision to the student, in writing, within fifteen (15) University business days. A copy of the letter must be sent to the SRO.

Step III If no resolution is achieved at Step I or II, the dispute may be brought to the Department Chair of the relevant department (if the dispute is with the Department Chair, then refer to Step IV). All documentation and a letter of appeal must be submitted to the Department Chair within ten (10) University business days after receipt of the formal decision by the instructor. The SRO can assist with this process. A
meeting will then be scheduled between you and the Department Chair. The Chair will submit a formal decision to the student, in writing, within fifteen (15) University business days. A copy of the letter must be sent to the SRO.

Step IV  If no resolution is achieved at Step III, the dispute may be brought to the Dean of the relevant College. All documentation and a letter of appeal must be submitted to the Dean within ten (10) University business days after receipt of the formal decision by the Chair. The SRO can assist with this process. A meeting will then be scheduled between you and the Dean with the SRO present. The Dean, as the representative of the relevant College, has the authority to review all documentation, discuss the matter with the instructor and Department Chair, and formulate a resolution. The Dean will submit a formal decision to the student, in writing, within fifteen (15) University business days. A copy of the letter must be sent to the SRO.

Step V  If no resolution is achieved at Step IV and you wish to appeal further, the dispute may be brought before the Campus Hearing Committee. All documentation and a letter of appeal must be submitted to the Vice Chancellor for Student Affairs within ten (10) University business days after receipt of the formal decision by the Dean. The SRO can assist with this process. The Campus Hearing Committee will consist of a maximum of three (3) faculty members and three (3) students. One (1) staff member will be selected to chair the hearing process and will have no vote in the recommendation process. The Campus Hearing Committee will follow prescribed hearing procedures and make a recommendation directly to the Chancellor who makes the final decision. The Chancellor will then have fifteen (15) University business days to send a formal and final decision to you.

Prior Learning Assessment Policy
At Montana State University Billings, students may earn credit through a variety of methods including work experience and challenge tests. Our University will work with the student to determine which type of experience can be translated into credit. Several options are as follows:

1. Challenge tests, such as CLEP and DANTES, allow the student to study for and test out of equivalent college-level courses. Students interested in these methods of earning credit for specific college courses can visit Career Services (Library 100, 406-657-2168) to examine study guides and call the College of Technology (406-247-3025) to schedule the testing.

2. Students may have already earned credit through work-site training, government-sponsored workshops, or military experience. Students who have certificates or documentation, which state that the American Council on Education (ACE) or the National Program on Non-collegiate Sponsored Instruction (PONSI) assesses that training, may earn credit. This credit may be available for coursework for which there are equivalencies in MSU Billings’ curriculum. Military credit is assessed from the DD214, DD295, or military transcript. Questions about this type of training or military credit may be directed to the College of Technology at (406) 247-3057.

3. In addition to the methods listed above, our University also offers students the opportunity to earn credit through Prior Learning Assessment. This assessment will take into account work experience or other learning experiences, which do not fall into the categories described above, but which can be assessed through the development of a portfolio. Up to 15 credits can be earned through Prior Learning Assessment (credit guidelines can be found on page 29).

Graduation Requirements

Graduation Guarantee
MSU Billings has created a Graduation Guarantee for Undergraduates which students may utilize as they begin study. The Guarantee includes a set of conditions that the student needs to fulfill as well as the University; the Guarantee itself is signed by the student as well as the advisor. If the student fulfills his/her conditions and the University fails to do so, postponing graduating, the student may appeal to the Academic Standards and Scholastic Standing Committee prior to the beginning of classes for the last term of the signed Guarantee. If the Committee finds the University at fault, appropriate actions will include waiving course requirements, waiving tuition and fees, or a combination of the two.

Copies of this Guarantee are available at the Advising Center (McMullen Hall first floor west). Students are urged to examine this Guarantee to see if it will assist
them in facilitating their completion of requirements and graduation. Advisors in the Center can explain the Guarantee and prepare appropriate plans of study for students.

**Time Limit for Degree**
A student is expected to complete requirements for graduation within six years after original entrance to MSU Billings, during which time the graduation requirements are those of the catalog in effect at the time of entrance to MSU Billings, or a subsequent catalog. After six years, students are expected to meet the graduation requirements of the catalog current at that time, or the requirements of any Montana State University Billings catalog under which they have been enrolled during the six years prior to graduation. Any request for an extension of time beyond the six-year limit must be approved in writing by the Provost/Academic Vice Chancellor.

General Education requirements and the first major must be under the same catalog within the six-year period; the minor and/or second major may be under any catalog within that six-year period. The University reserves the right to make substitutions for requirements or changes in course offerings.

Students who transfer to MSU Billings from a regionally accredited institution may have their credits evaluated on the basis of the current catalog at the initial time of entry to Montana State University Billings; or students may elect to enter under the catalog that was in effect during the year in which they entered any regionally accredited institution of higher education in the United States within the six year time limit, provided they have maintained continuous, full-time enrollment (excluding summers) in good standing.

**Certificate or Associate of Applied Science Degree**
The College of Technology offers certificates in a number of trades, for practical nurses, and in areas of office and accounting technology. In addition it offers associate of applied science degrees in many of these same areas. Please see the College of Technology catalog for details about these programs and for additional information about the College of Technology.

**Associate of Arts or Science Degree Requirements**
In addition to the AAS degree awarded through the College of Technology, MSU Billings awards the associate of arts and science degrees.

There are two types of associate degrees: those with no particular disciplinary affiliation and those with a special focus. The requirements for programs with a special focus are listed in this General Bulletin in the Associate of Arts Degrees and Associate of Science Degrees, page 80, among the baccalaureate degree programs and include programs of study in business, education, psychology, allied health, fire science, environmental science, and rehabilitation and related services.

These degrees require that a student meet General Education requirements as specified next. Students being awarded a general associates degrees with no disciplinary affiliation should work with their advisor in planning courses, but are subject to no additional requirements other than those listed next:

1. A minimum of 60 semester credits must be earned with a minimum grade point average of 2.00 for all coursework.
2. A minimum of 20 semester credits with 40 grade points (2.00 grade point average) must be earned at Montana State University Billings.
3. Minimum grade point average of 2.00 must be earned in (a) all college work to be applied toward the degree for which credits and grades have been received, and in (b) all courses completed with credits and grades at Montana State University Billings and applied toward the degree.
4. The candidate may elect a maximum of 16 semester credits on the Pass/No Pass option in lieu of regular course grades.
5. Associate degree students must satisfy the following General Education requirements:

Bachelor’s Degree Requirements

Major and Minor Requirements
Each student in the Bachelor of Arts, Bachelor of Science, or Bachelor of Science in Psychiatric Rehabilitation, degree program must complete a subject field major of at least 30 semester credits. Certain subject field majors require more than 30 semester credits. A subject field minor of at least 20 semester credits is required in selected degree programs. Subject to the approval of the appropriate department chairperson, certain courses may fulfill both major and minor course requirements, but the credits may be counted only once. Therefore, substitutions must be made to meet at least the minimum credits of both the major and the minor. Students should consult the appropriate section of this catalog to determine the specific requirements for the various majors and minors and should review their programs with their advisors.

In programs that include minors, a student may, with permission of the chairperson concerned, elect to complete an extended major instead of a minor. Specific details of the extended major program may be obtained from the academic advisor or chairperson of the academic department concerned.

Special Major and Minor Options
1. Any major or minor in the College of Arts and Sciences may be added to a required degree program offered in the College of Business.
2. Selected majors and/or minors in the College of Arts and Sciences may be added to certain degree programs in the College of Education. Prior approval is required from the Dean of the College of Education.
3. Selected minors in the College of Education (Special Education, Health Education, and Rehabilitation and Related Services) and selected minors in the College of Business (Economics and Business Administration) may be added to or may take the place of the required minor for degree programs in the College of Arts and Sciences.

4. Students who plan to meet the requirements for two majors concurrently and who plan to apply the two majors to one degree must have the approval of the respective department chairpersons and deans.

To avoid any misunderstanding, students should seek the required approval of their advisors and of their respective deans prior to enrolling in any required courses for a specific major or minor.

Credits Earned for Graduation
Credits earned for graduation shall mean the total number of credits for which passing grades (A, B, C, D, P) have been received in courses applicable toward graduation. If a student repeats a course in which a passing grade is earned, the last grade will be the effective grade for graduation and in no case are the credits to be counted more than once toward fulfilling the credit requirements for graduation.

For bachelor’s degrees, a minimum of 120 semester credits must be earned, and a prescribed degree curriculum must be completed at Montana State University Billings. A minimum of 30 semester credits and satisfactory completion of all degree requirements in a prescribed bachelor’s degree program must be earned at Montana State University Billings. This may include up to 10 semester credits of residency in the major area of study and up to six semester credits of residency in the minor area of study as determined by individual departments. Students should contact their major and/or minor department advisors to determine the major and/or minor requirements.

At least 36 semester credits must be in upper division courses (numbered 300 or above), and at least 12 semester credits of these upper division credits must be in the subject major program.

A transfer student may not use community college or other two-year college credits for or in lieu of upper division credits required at MSU Billings.

Except when used to satisfy the requirements of a specified teaching major or minor, not more than a total of eight semester credits in any combination of the following may be counted in the minimum of 120 semester credits required for graduation: music performance groups, drama and ensemble music credits, and physical education activity credits.

Not more than 20 semester credits of courses taken on a Pass/No Pass basis may be counted toward graduation.
Second Degree
A student may earn a second bachelor’s degree at Montana State University Billings by taking a minimum of an additional 30 semester credits in residence beyond the 120 semester credits required for the first bachelor’s degree. Once the first bachelor’s degree has been awarded, the student must earn an additional 30 semester credits regardless of the total number of credits earned within the first degree. Students at Montana State University Billings may earn the two degrees concurrently. In order to earn two bachelor’s degrees concurrently, a student must earn a minimum of 150 semester credits. The student must meet all other requirements for the second degree. Students transferring to MSU Billings for the second degree must have earned the first degree at an institution accredited by its regional accrediting association. Montana State University Billings will not grant a student a second degree if the second degree is the same degree and from the same Montana State University Billings College that awarded the first degree.

Students who have previously earned a master’s degree or a more advanced degree may be eligible to earn a bachelor’s degree. The bachelor’s degree must be outside of the major concentration of the advanced degree, and the student must earn no less than 30 additional semester credits at Montana State University Billings while meeting all the requirements for the bachelor’s degree.

Graduating with Honors
Graduation with honors will apply to students who earn their first and/or second bachelor’s degree at MSU Billings. Students who earn a second bachelor’s degree at MSU Billings will have all of the grades earned in their first degree included in the determination of the recognition of academic honors. In all cases and for all degrees or certificates, transfer credits earned elsewhere to this University must be calculated with the credits earned at MSU Billings in order to qualify for academic honors.

Depending on total academic undergraduate grade point average a student seeking a bachelor’s degree may be granted graduation with the designation of academic honors: cum laude, magna cum laude, or summa cum laude. Again, these designations include all undergraduate academic work accomplished by the student, transfer work as well as academic work done at MSU Billings.

The designation of cum laude signifies a grade point average of 3.50 to 3.74 for a student’s entire undergraduate academic record. Magna cum laude signifies a grade point average of 3.75 to 3.99 for a student’s entire academic record. Summa cum laude signifies a grade point average of 4.00 for a student’s entire academic record. These designations are awarded to bachelor degree candidates only.

The designation of honors and high honors is awarded to associate degree or certificate recipients. Honors recognizes students with a total academic grade point average of 3.50 to 3.74; high honors recognizes students with a total academic grade point average of 3.75 to 4.00. Again, this designation is for associate degree or certificate recipients and based on their total cumulative grade point average which includes transfer work as well as academic work done at MSU Billings.

Lists of students receiving academic honors at Commencement are posted on the bulletin board outside the Office of Admissions and Records by April 1. Students are urged to check the list, as this is the official list used to designate honors for convocations and for Commencement.

Commencement
Commencement is held once each year at the end of the Spring term. All diplomas are officially awarded at the end of each term. The date of graduation and the degree a student is to receive will be posted on the student’s Official Academic Record at the end of the semester in which the student meets all requirements. Students should acquaint themselves with their specific majors’ academic requirements. An advisor is assigned to every student; however, it is the student’s responsibility to know and meet the requirements for graduation.

A student who intends to graduate with a master’s degree, bachelor’s degree, associate degree or certificate will be permitted to participate in the Spring Semester Commencement Ceremony only if the student complies with the following procedure:

1. Students are to file their Application for Graduation the semester before the semester of graduation. Application forms are available from the Office of Career Services, Library 100. All applications should be filed no later than the fourth week of the semester in which the student intends to graduate. The fee should be paid at the Cashier’s Window and the application needs to be filed with the Office of Admissions and Records, McMullen first floor west. This application is good for one year from the date
of information supplied by the student on the Application for Graduation in the blank labeled “Semester/Year Graduating.” After one calendar year from that date, the Application will be destroyed and the student will need to re-apply and re-pay the fee.

The Application for Graduation is required in order to prepare and forward the Final Evaluation for Graduation to the necessary offices for approval. A student who submits an Application for Graduation after the fourth week of the semester may have the final evaluation for graduation processed the following semester and will graduate at the end of that particular semester.

The Final Evaluation will be circulated during the student’s final semester. The Final Evaluation must be completed, must have all the required signatures, and must be returned to the Office of Admissions and Records before notification of the student’s graduation is posted on the student’s Official Academic Record.

2. Student must meet, by the end of the Summer Session, all of the graded requirements for graduation or be enrolled in Pass/No Pass coursework the following Fall Semester and meet all the requirements for graduation by the end of that Fall Semester.

Diplomas will be issued eight to ten weeks after the end of academic term.

Please note: Certain departments may have additional academic requirements that must be met before students will be permitted to graduate and/or participate in the commencement ceremony. Students should check with their major department for any additional departmental requirements.

The determination for honors for students who will graduate at the end of the Spring Semester or Summer Session will be calculated on the most recent semester completed. Should a student’s cumulative grade point average (including any transfer work) at the end of the Spring Semester or Summer Session entitle the student to an honors designation, this recognition will be recorded on the student’s Montana State University Billings academic record.

Release of Information
In accordance with the Family Educational Rights and Privacy Act (FERPA), the Office of Admissions and Records at Montana State University Billings may disclose directory information from the educational records of a student who is in attendance at the University. If the student wishes to have all directory information excluded as public information, the student must notify the Office of Admissions and Records, McMullen Hall first floor west, within the first two weeks of the current academic year. This notice is good for the remainder of the current academic year. A new form for nondisclosure must be completed each academic year.

A complete copy of the MSU Billings’ FERPA policy is available upon request at the Office of Admissions and Records.
Academic Support

MSU Billings provides a number of support facilities and services on campus to help you succeed in your academic efforts. Facilities include such obvious ones as the library, computers, and presentation halls for art, drama, and music. They also include less obvious areas such as language and scientific laboratories, greenhouses, and centers for reading and the measurement of human performance.

Brent Roberts, Director

The Montana State University Billings Library, located in the center of campus, supports the University’s programs of instruction, research, and service by providing free and open access to information and ideas.

The Library is designed to help students with their information needs. Friendly and helpful staff at the Reference Desk assist students in finding books, journal articles, Internet sites, and other resources that they need for classes. The MSU Libraries share an online catalog, which provides quick and easy access to materials in all the MSU Libraries located in Billings, Bozeman, Havre, and Great Falls, as well as the collections of Rocky Mountain College, Carroll College, Dawson Community College, Little Big Horn College, Chief Dull Knife College, and the University of Great Falls. Electronic library resources, including the online library catalog, are available both on- and off-campus 24 hours a day, 7 days a week.

Books, journals, documents, and other information in the MSU Billings Library are supplemented by a wide variety of digital resources, such as electronic journals, databases, online indexes, and Internet resources. Interlibrary loan and document delivery services are available to provide materials from other libraries for students and faculty. There is no charge to students for items borrowed from another library.

The Information Commons is located on the first floor of the Library, with PCs for student use. The Information Commons is available at all times the Library is open and has a variety of software available for student assignments, word processing, and Internet access, as well as research use. The Library has study rooms for group use, copy machines, and microform reader-printers. You may use your U-card money or cash for copies and color printing in the Library. There is comfortable furniture for leisurely reading and group study areas on different floors of the Library.

The Library building has excellent access for people with disabilities. Students who need assistive technology are encouraged to use the computers with adaptive software and other equipment in the Assistive Technology Room on the first floor of the Library.

Regular Library Hours
(Fall and Spring Semesters)
Monday – Thursday .................... 7:30 am – 10:00 pm
Friday ............................................ 7:30 am – 5:00 pm
Saturday ........................................ 9:00 am – 5:00 pm
Sunday ........................................ 2:00 pm – 10:00 pm

Summer Hours (Summer 2011)
Monday – Thursday ...................... 7:30 am – 7:00 pm
Friday ............................................ 7:30 am – 4:00 pm
Saturday & Sunday .......................................... Closed

For specific holiday hours or changes in hours, check the MSU Billings Library web site at www.msubillings.edu/library, or call (406) 657-1657 for a recorded message with current library hours.

College of Technology

Library

(406) 247–3025

Library Hours
Monday – Thursday ..................... 7:30 am – 6:00 pm
Friday ............................................. 7:30 am – 5:00 pm

The College of Technology Library is a branch of the MSU Billings Library, and is located in the Technology Building of the College of Technology. The collection supports the wide variety of programs at the College of Technology with books, magazines, multimedia, and digital resources.

Materials in the College of Technology Library are included in the OMNI MSU system, accessible in the Library and through the MSU Billings Library web site
at www.msubillings.edu/library. This leads to many other digital resources and useful web sites, as well as to the shared catalog system.

Study areas and computers are available for student use in the Library, which will obtain materials from the senior campus Library or from other libraries on request.

In Fall 2010, the Library joined forces with the Academic Support Center to create the Learning Commons, a one-stop location to help students obtain the tutoring and research assistance needed for classes. The Learning Commons, located in the COT Technology Building, is a great place to find help as well as computer and Internet access.

Also in Fall 2010, the MSUB Library and the Parmly Billings Library opened the Community Library, an area in the COT Learning Commons space where public library materials may be checked out and returned. Computers are also available for public use.

Copyright Warning
The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or reproduction. One of these conditions is that the photocopy or reproduction is not to be “used for any purpose other than private study, scholarship or research.” If a user exceeds “fair use,” that user may be liable for copyright infringement.

Software licensing agreements are very specific, and may prohibit making copies for use by those who have not purchased the software.

Montana State University Billings reserves the right to refuse to accept a copying request, if, in its judgment, fulfillment of the request would involve violation of copyright law, licensing agreements or fair use.

Office of Information Technology

Information Commons

Library, (406) 247-5755
The Information Commons, an open access computer lab for MSU Billings student use, is located on the first floor of the MSU Billings Library and is available all hours that the Library is open. The Information Commons is operated by the Information Technology (IT) department, and has computers, scanners, laser printers, and access to color printing. A wide variety of software is available for student use, including Microsoft Office, Visual Studio, Adobe Creative Suite, Macromedia Studio, ArcGIS, Mathematica, Matlab, Minitab, SPSS, iLife, Oracle, web publishing software and specific software for various courses and programs.

The lab is open to all current MSU Billings students during Library hours and Student Assistants are available to support students in the use of hardware and standard software and to direct them to additional help resources if needed.

Students must have a student ID Card to use the computers in the Information Commons, and will need money in their U-card accounts to pay for color printing and other services. People who are not current students, faculty or staff of MSU Billings will be asked to use the open access computers located in other areas of the Library.

Access is available to the Internet, email, and the Library’s online catalog as well as other web-based Library resources. Each MSU Billings student has disk space to store his or her course related documents. Disability accommodation resources are available and students using the Assistive Technology Lab on the first floor of the Library have easy access to the lab and support staff.

College of Technology Information Commons

COT Commons and Health Sciences Building
Computer access is available with standard campus software, the Internet, email, and the Library’s online catalog as well as other web-based Library resources to all current MSU Billings students during COT campus hours.
College of Education 401
Academic and Administrative Computing Support
COE 401, (406) 247–5755
COE 401, a computer lab for the design, development, and production of academic multi-media projects, is located on the fourth floor of the College of Education in room 401 and is available 8:00 a.m. to 5:00 p.m. COE 401 is operated by the Information Technology (IT) department, and has PCs, iMacs, scanners, cameras, laser printers, and access to color printing. A wide variety of software is available for student use, including Microsoft Office, Visual Studio, Adobe Creative Suite, Macromedia Studio, ArcGIS, Mathematica, Minitab, SPSS, iLife, Oracle, web publishing software, and specific software for various courses.

The lab is open to all current MSU Billings students; Information Technology staff are available to support students in the use of hardware and standard software and to direct them to additional help resources if needed.

Students must have a student ID Card to use the computers in COE 401 and preference is given to academic work, and will need money in their U-card accounts to pay for color printing and other services.

All computers are connected to a network (LAN) providing students at each computer access to the Internet, email, and disk space to store their email and course related documents.

eLearning and Media Services Support
College of Education 158, (406) 247–5700
A new eLearning and Media Services lab is located in the College of Education room 158. Media Services provides support for media equipment and audio and video production. Other services include media transfer, video creation, live video feeds, and technical support for Desire to Learn (D2L), the online course platform.

IT Student Helpdesk
hours: 8 am - 5 pm M-F
406-247-5755
msubonline@msubillings.edu

Wireless Internet Access
The campus has wireless access available to students in common study areas and dining facilities. This access is available in the Student Union, Library, Liberal Arts, College of Education, College of Technology, Academic Support Center, and McDonald Hall. Students should bring their computers to the Information Technology office in College of Education room 401 or to the Information Technology staff at the College of Technology to setup their MSUB wireless access. This provides a secure connection to the student campus resources.

Montana State University Billings Foundation
2615 Virginia Lane, (406) 657–2244
The purpose of Montana State University Billings Foundation is to help the University achieve excellence through the solicitation, investment, and stewardship of financial support. The Foundation promotes philanthropy, campus and community partnerships, and educational opportunities.

Established in 1968, the MSU Billings Foundation is an independent, non-profit organization under Internal Revenue Service code 501(c)(3). A governing board of trustees composed of civic, business, and industry leaders guides the Foundation in achieving its mission. The Foundation staff is dedicated to helping Montana State University Billings and to serving donors, supporters, students, and faculty of MSU Billings with integrity, perseverance, stewardship and excellence.

MSU Billings Alumni Association
Alumni House (2712 Normal Avenue)
(406) 247–5781
www.msubillings.edu/alumni

The Office of Alumni Relations is the University department that connects with the Alumni Association and the MSU Billings Foundation on matters regarding alumni affairs, event planning, and fundraising. The mission of this office is to find meaningful ways for the alumni of MSU Billings to develop life-long relationships with their alma mater through strategic initiatives aimed at event planning and communication.

Yellowstone Public Radio
(KEMC–FM)
406 Marbara, (406) 657–2941
From studios on the campus of Montana State University Billings, Yellowstone Public Radio provides a general adult audience with in-depth news, public affairs, and cultural programming, including classical music, jazz and blues, spoken arts and humanities
programs. This station is affiliated with National Public Radio (NPR), Public Radio International (PRI), the WFMT Fine Arts Network, and American Public Media, along with other program producers and suppliers. The more than 35,000 listeners reside in Montana and northern Wyoming.

Yellowstone Public Radio consists of eight stations licensed to MSU Billings: KEMC-FM (Billings), KBMC-FM (Bozeman), KPRQ-FM (Sheridan, WY), KYPR-FM (Miles City), KYPW-FM (Wolf Point), KYPB-FM (Big Timber), and KYPM-FM (Livingston). YPR also operates 26 translators throughout Montana and northern Wyoming.

Yellowstone Public Radio can be heard on the web at www.ypradio.org, and on the FM dial at these frequencies:

In Montana:  Billings 91.7, Ashland 89.1, Big Sky 95.9, Big Timber 89.3/90.5, Bozeman 102.1/95.9, Broadus 91.9, Chester and the Sweetgrass Hills area 100.1, Colstrip 88.5/89.9, Columbus 88.5, Conrad 91.3, Cut Bank 88.9, Emissary & Paradise Valley 91.1, Forsyth 91.1, Gardiner & Yellowstone Park 103.9, Glasgow 91.9, Glendive 88.5, Havre 91.7, Helen 96.7, Lewistown/Stanford 89.5, Livingston 90.1/91.1, Miles City 90.7, Red Lodge 89.1, Shelby 90.3, Terry 91.9, and Wolf Point at 88.3.

In Wyoming: Buffalo 91.9, Cody 88.5, Greybull & the Big Horn Basin 91.5, Lovell 91.1, Powell 88.5, Sheridan 88.1, Worland 88.5, and in Yellowstone Park at 103.9.

College of Allied Health Professions

Physical Education Building
Faculty, staff, and students can draw on the facilities of the Physical Education Building. The building includes a 3,300-seat gymnasium with a varsity basketball court, a volleyball court, and a badminton court; a 25-yard swimming pool; a spectator gallery; dressing rooms for men and women with disabilities and an elevator with direct access to the swimming pool; men’s and women’s locker rooms equipped with saunas; and a fitness center with free weights, exercise machines, and selectorized machines.

The facility also includes an annex which has a large gymnasium divisible by curtains into two sections, each with a high school-sized basketball court, two tennis courts, three volleyball courts, six badminton courts, four racquetball courts with glass backwalls and an instructor’s gallery, and a suspended running track with 14 laps to the mile.

In 2004, a new athletic training room and a new human performance lab were added to the physical education building. The athletic training room includes a wet area complete with whirlpools and ice machines, treatment tables, and a physician exam room. The athletic training room serves Division II student athletes at Montana State University Billings as well as provides an instructional setting for students in the athletic training program. The human performance lab is complete with biomechanic, biofeedback, and exercise physiology equipment including a new pulmonary exercise system for monitoring metabolic processes.

College of Arts and Sciences

Northcutt Steele Gallery
The recently remodeled Northcutt-Steele Gallery, the new student gallery, and the Outer Gallery are located on the first floor of the Liberal Arts Building. The Department of Art sponsors solo and group exhibitions featuring international, national and regional artists. In addition, student art is exhibited throughout the year in graduating senior exhibitions, end-of-semester shows, and ad hoc shows organized by various student groups.

Presenting both established and emerging artists in a mix of traditional and experimental form, media and subject matter, these exhibits are offered for the benefit of both on and off-campus audiences. In effect, the exhibits provide everyday access to art—a bridge linking students, the community, and the professional art world.

Exhibits are often accompanied by related events including gallery talks, slide lectures, workshops and receptions. All the exhibits and the majority of related events are free and open to the public. A changing exhibit of Asian art from the Opal Leonard Collection is also located in the exhibition complex.

Surrounding this exhibition complex are the main Art Department offices, the Visual Resource Center, and the studios for drawing, painting, design, and printmaking. The photography studio is located in the connected library building. The Art Annex houses the ceramic and sculpture studio including foundry, welding area and wood shop. Art history classes meet in various locations. Art education classes meet in the College of Education building.
Montana State University Billings presents at least two major theatre productions each academic year and various other activities, such as “lunch box” performances, student productions, and touring companies and performers. Any student may participate as a member of the cast or crew. Major on-campus theatre productions are given in Petro Theatre, a 530-seat auditorium designed for play production and capable of hosting a variety of other events, from movies and lecture presentations to full performing arts programs. The theatre has excellent lighting and sound equipment, a backstage production area and dressing rooms.

Music
Students perform in choirs, bands and other musical ensembles each term. Performances usually are given in Cisel Recital Hall, a 219-seat recital hall with excellent acoustics and the technology to enable recordings to be made of performances. It is also used for student recitals.

Greenhouse
MSU Billings’ Department of Biological and Physical Sciences maintains a greenhouse on campus to grow a variety of plants year-round, even in the deepest of Montana winters. The greenhouse enables both students and faculty to work on plant projects no matter the season.

Herbarium
MSU Billings’ Department of Biological and Physical Sciences maintains a herbarium on campus that is registered in Index Herbariorum (a Global Directory of Public Herbaria of the world) and is part of a multi-herbarium web-accessible database of the vascular plants from the Missouri Plateau, U.S.A. The University Herbarium is a collection of preserved plant specimens (some of which date back to early 1900’s) that serve as a tool for basic research in plant systematics, ecology, phytogeography, and evolution. They are actively used in teaching and research as a resource to provide population localities for studies of a diverse nature, ranging from biological control to rare plants. The University Herbarium was originally established in 1976 when the collections from the herbaria of Eastern Montana Normal School, Eastern Montana College, Rocky Mountain College, and USDA Forest Service were consolidated. It has grown steadily to about 16,000 specimens. The collections include plants of Montana, (emphasis on eastern Montana and Beartooth Plateau), Plants of India, Venezuela, Roberson County, Texas, Brooklyn Botanical Gardens Herbarium, W.K. Kellogg Biological Field Station and vascular plants of Wisconsin, Ohio Utah, and many other places.

Research Projects
Montana State University Billings has been approved by the National Science Foundation as an undergraduate research site, in part because of the extent to which undergraduates have been involved in faculty research in the past. Colleges which involve undergraduates in research efforts seem to have the highest success rates for training future scientists. At MSU Billings students have presented research papers at various scientific conferences, such as the Montana Academy of Sciences and others out of state, and have had papers published in professional scientific journals. Recent grants have made such studies possible for even more students.

National Institutes of Health Program in Biomedical Research Excellence (NIH–INBRE)
MSU Billings administers a 1.8 million dollar grant from the National Institutes of Health program in Biomedical Research Excellence (NIH-INBRE). The NIH-INBRE grant supports faculty research in the molecular biology of infectious disease, student research opportunities in the biomedical sciences and the construction of new biomedical research laboratories. The NIH-INBRE grant also involves close collaborations between faculty at MSU Billings and scientists at other universities in Montana.

College of Business
Center for Business Enterprise
Located in the College of Business (406-657-2212), the Center for Business Enterprise serves the community in a variety of ways. Management assistance to business and government is provided through workshops and short courses, management development seminars, applied research projects, and consulting activities. A number of programs offered by the Center for Business Enterprise qualify for Continuing Professional Education Credits (CPE) for accountants, lawyers, real estate and other professionals. Hands-on training for students in the business program is provided by assignments to small business cases and involvement with other Center for Business Enterprise projects as either a part of class or as an individual assignment.
Small Business Institute
The Small Business Institute (SBI) provides consulting services for small businesses in the Billings Montana area. Upper division business students, working under the supervision of a faculty member, gain practical experience while using their business training to solve “real world” problems. SBI cases provide assistance to clients in areas such as finance, marketing, human resource management, business operations and strategic planning. The program’s value lies not only in the student’s hands-on experience of assisting business people identifying and solving actual business problems, but also in the experience of working with other team members in accomplishing these objectives. Facing challenges provided in SBI casework provides insights into how businesses operate, opportunities to exercise skills learned in other parts of the program, and experience in developing creative solutions to new business problems.

MSU Billings Center for Applied Economic Research
The Center for Applied Economic Research (CAER), an interdisciplinary research center, is located in the College of Business (MCD 113, 406-657-1763). The Center maintains a Regional Economic Database, used by researchers, business and community clients. The Center provides economic and other interdisciplinary community related research services to the Billings and Eastern Montana region, and research for potential economic development. Results of faculty research on topics of regional interest are published as occasional/working papers through this Center.

Volunteer Income Tax Assistance (VITA)
The Volunteer Income Tax Assistance (VITA) program provides free tax return assistance to individuals who cannot afford professional tax help. The program allows students who have taken the income tax course to get firsthand experience preparing income tax returns for low-income, elderly, and handicapped taxpayers. The VITA program has assisted over 400 taxpayers each year for the last seven years.

College of Education
Completed in 1972, the College of Education (COE) building houses academic programs as well as the Montana Center on Disabilities. In addition, Information Technology provides technology support and services for computing, applications, multi-media production, and student computing. Construction of the two-story addition was completed in the Spring of 2000 and boasts state-of-the-art classrooms.

Big Sky American Indian Project
The Big Sky American Indian Project is a grant funded program in the College of Education. The Big Sky American Indian Project provides a variety of teacher preparation services for American Indian students through recruitment, retention, multicultural curriculum enrichment, and the provision of culturally appropriate student support services for Native students. Active partnerships with tribal colleges and K-12 schools support the Big Sky American Indian Project in meeting goals.

Montana Center on Disabilities
The Montana Center on Disabilities is dedicated to creating a fully inclusive society that values people with disabilities and their perspectives. To meet this vision, the Montana Center collaborates with campus, regional, state, and national programs in support of increasing the number of leaders with disabilities.

The Montana Center serves as a training and technical assistance resource to people with disabilities, families and agencies throughout the state. The activities of the Center are funded by a variety of state and federal resources.

The staff of the Montana Center has professional skills related to disability in the areas of employment, work incentives, rehabilitation counseling, transition, hearing conservation, community integration, and collaboration. Through its unique array of programs the Center provides students opportunities to apply skills in a supervised setting. In addition, the various programs of the Center offer unique opportunities for students to engage in study and applied research. The center also maintains a wealth of research resources in the Center’s library and on their web page www.msubillings.edu/mtcd.

MSU Billings Downtown
MSUB Downtown responds to the needs of changing academic expectations in higher education. Specifically, the department was developed to support new ventures and interdisciplinary programs of study, pursue innovative and entrepreneurial programs, promote lifelong learning opportunities, and provide a number of University-wide functions. The educational programs offered through MSUB Downtown are tailored to the economic, social, and cultural needs of
the University’s constituents. The educational activities may occur on campus, throughout the State of Montana, elsewhere in the United States and Worldwide.

The department provides services for the planning, support, and delivery of conferences, workshops, seminars, and special programs. The educational activities offered through MSUB Downtown may be designed for academic credit, extension credit, or not-for-credit depending upon program and constituent requirements.

**MSU Billings Downtown**

208 North Broadway
(406) 896–5890

Montana State University Billings Downtown is a focal point for outreach for the campus of Montana State University Billings. MSU Billings Downtown seeks to create a community of learning that provides greater access to academic programs, creates new partnerships with organizations external to the University, and strengthens and expands existing partnerships with regional and community organizations. MSU Billings Downtown supports the University’s goal of creating a culture of providing educational opportunities for learners “anywhere, anytime, and anyplace.” Learning opportunities may be credit or not-for-credit, semester long courses, condensed courses, workshops, conferences, seminars, and educational programs delivered via distance education.

**Summer Session**

(406) 896–5890

During the summer, Montana State University Billings traditionally offers a wide variety of graduate and undergraduate classes, as well as noncredit classes and camps and programs for people of all ages.

A hallmark of MSU Billings’ Summer Session is the University’s ability to offer quality, large-scale workshops and conferences on topics of current interest and importance which feature well-known experts.

Two five-week Summer Sessions are offered as well as a three-week May Session where condensed courses can be completed by the end of May. The Summer Session is designed for undergraduate and graduate students as well as working professionals. Courses are taught in the traditional classroom model as well as online and workshop formats.

In addition, a variety of extension credit classes are typically offered throughout the Summer Sessions. Extension classes and workshops offer the same quality instruction as regular courses. They simply differ in the way they are funded. These classes are offered on campus and at other sites in the region. Extension credit classes must be fully self-supporting and a minimum enrollment is required.

For a copy of the latest Summer Session brochure, contact Admissions and Records at (406) 657-2158 or (800) 565-MSUB or go to www.msubillings.edu/summer.

**Distance Education Center**

(406) 896–5869

The Distance Education Center provides University-wide support for the distribution of courses and special programs via the Internet (MSUB Online) and interactive television.

**Interactive Television**

The Center participates in two different interactive television networks which serve various portions of Montana. The networks are the METNET system, which is a compressed two-way video and audio network owned and operated by the State of Montana, and the Mid-Rivers network, which is a compressed two-way video and audio system that links approximately 20 sites throughout Montana. For additional information about interactive television, call (406) 657-1685.

**Satellite Services**

Distance Education provides C-band and Ku-Band downlink services to the University. Satellite programming may be received and distributed to rooms throughout the senior campus, Downtown and the College of Technology.

**Audio and Video Production**

The Distance Education Center provides video and audio production services for the University. The Center assists with the production of public service announcements, student recruitment videos, and university community affairs programs broadcast over channel 7 of the Bresnan Communications cable television system in Billings.
Academic Support Center
(406) 657-1641

The Academic Support Center provides services to support the academic success of students of MSU Billings and the College of Technology through developmental level Math, Reading, and English courses; Learning Labs, tutorial assistance; and workshops. Students with disabilities should be directed to Disability Support Services.

See the senior campus Academic Support Center web site at www.msubillings.edu/asc and the COT Academic Support Center web site at www.msubillings.edu/asccot for detailed information about the centers and the programs provided.

Developmental Courses
The Academic Support Center offers a number of courses designed to help students succeed in their academic programs.

English
WRIT 095 Developmental Writing [formerly ENGL 100 English Essentials] Reviews basic grammar with emphasis on sentence structure and mechanics. Also presents basic writing considerations, especially paragraph organization and development of the multi-paragraph essay. Placement by student’s request or by results of Writing Placement Test, SAT, or ACT and by faculty recommendation. Credits do not apply toward graduation requirements and do not fulfill General Education requirements. Credits do not count towards enrollment status for financial aid.

RD 101 Reading Improvement for College Students Provides instruction and practice in applying active reading strategies, improving comprehension in content areas, demonstrating critical thinking skills in responding to individual content area reading assignments, and increasing vocabulary to improve academic success. RD 101 prepares students for the demands of college-level reading. Course earns academic credit but does not count toward General Education, a degree, or certification.

Mathematics
M 065 Prealgebra [formerly M 061 Basic Mathematics] covers pre-algebra concepts involving terminology, fractions, decimals, percent, ratio and proportion, measurement, geometry, and statistics. Credits do not apply toward graduation requirements nor fulfill General Education requirements. However, the credits do count towards enrollment status for financial aid.

M 090 Introductory Algebra [formerly MATH 101 Introductory Algebra] covers introductory algebra concepts involving terminology, exponents, operations on rational numbers, multiplication of polynomials, and basic factoring. Credits do not apply toward graduation requirements and do not fulfill General Education requirements. However, the credits do count towards enrollment status for financial aid.

M 095 Intermediate Algebra [formerly MATH 105 Algebra for College Students] reviews elementary algebraic concepts and covers more advanced factoring, operations on rational expressions and radical expressions, quadratic equations, the rectangular coordinate system, and exponential and logarithmic functions. Credits do not apply toward graduation requirements and do not fulfill General Education requirements. However, the credits do count towards enrollment status for financial aid.

M 098 Introductory & Intermediate Algebra covers basic algebra concepts including terminology; operations on rational numbers; solving and graphing linear equations and inequalities in one and two variables; determining equations of lines; polynomial and function operations; operations on exponential and radical expressions; factoring; solving rational, absolute value, radical, and systems of equations; solving and graphing quadratic equations. This is a modularized course based on mastery learning in which students will earn credit for each module (A, B, C, D, E) by examination.

College Success Strategies
A&SC 101 College Success Strategies orients students to the expectations of college-level study and provides basic strategies for success as a student.
Learning Labs
A Learning Lab for students is available in the Academic Support Center building on the senior campus and in room A035 at the College of Technology. The Learning Labs provide tutoring space, study group tables, and computers for students’ school-related assignments.

Tutoring
The Academic Support Center offers tutoring in math, writing, reading, and other general education subjects in the Learning Labs at both campuses, as well as program-specific tutoring at the College of Technology.

Writing Tutors
Academic Support Center tutors provide tutorial assistance for writing assignments in all classes. Tutors help students at any stage of the writing process, from topic selection to final proofreading, but will not proofread, edit, or write work for the students. Tutors also help students master grammar and mechanics, research-writing formats and procedures, and many other writing skills. Handouts and other reference materials are available at no charge.

Math Tutors
Academic Support Center tutors provide tutorial assistance for students taking any 100 or 200 level math or statistics course, as well as specific higher level courses. The Learning Lab is staffed with instructors and student tutors who have majors in a variety of disciplines. Tutor responsibilities include helping students to understand mathematical concepts and assisting with homework problems.

Specialty Tutors
Based on student need, tutoring in other subjects is available in the Learning Labs. Program-specific tutoring, such as in anatomy, drafting & design, automotive services, and computer applications, is available in the Learning Lab at the College of Technology.

Online Tutoring
Online writing tutoring is available for students through the Academic Support Center. Students can submit papers as email attachments to writelab@msubillings.edu, and a writing tutor will review the paper, add comments, and return the paper.

Workshops
The Academic Support Center provides workshops on specific topics, such as APA writing style and graphing calculators. Workshops are based on student need and vary from semester to semester.
The goal of the Advising Center is to assist students in understanding the requirements for their selected program and designing academic plans which enable them to complete their program requirements. All new, transfer, and returning students start with an advisor in the Advising Center. New students will receive information regarding General Education requirements and worksheets related to their major and minor programs. Students who have not yet selected a major will be advised to begin working on General Education requirements and to work with the Office of Career Services to explore career interests. Transfer and returning students will be able to have transcript evaluations completed and plans of studies developed. After initial academic planning has been completed with the Advising Center, students will be assigned to a faculty advisor in their major for the planning of upper-division coursework.

Mandatory Advising
All first-time entering students at MSU Billings are required to see an academic advisor before registering for classes. During the initial advising session, students will receive information regarding General Education requirements and worksheets for major and minor academic programs.

Students who plan to develop a graduation guarantee must contact the Advising Center and complete this agreement prior to the first semester of attendance.

Students are ultimately responsible for meeting graduation requirements, but advisors assist students with selection of courses, academic plans and academically-related questions.

General Studies Students
Students who have not selected a major are registered as General Studies majors. In an effort to assist students in completing degree requirements as efficiently as possible, General Studies students are encouraged to focus on General Education requirements their first semester. Students are also encouraged to visit the Office of Career Services to explore career interests and to clarify how their academic program may support their career goals.

Transfer Students
Students transferring to MSU Billings are required to apply for admission and submit transcripts of post-secondary institutions attended. Once these documents are submitted the advisor will be able to complete a transcript evaluation. The transcript evaluation will reflect how prior credits will apply to the degree/program the student is considering at MSU Billings. In order to give an accurate transcript evaluation, transfer students should provide copies of transcripts of all previous college level work. Although we maintain course equivalency guides for all Montana colleges and universities, it is helpful if transfer students can provide catalogs with course descriptions for coursework completed at out-of-state institutions.

Declaring a Major
Students are encouraged to select and declare a major during their Freshman year. Students should contact Admissions and Records or the Advising Center to declare their major. The student will see the advisor regarding reviewing the requirements for the major selected and receive an updated major/degree work sheet and information on when they will be transferred to a faculty advisor in their selected major.

Changing a Major
Students complete the change of major form with an advisor in the Advising Center. The academic advisor will clarify new program requirements, update the student’s advising file with new program worksheets, and let the student know when they will be transferred to a faculty advisor. The changing of an academic major may have significant impact on a student’s long-range academic plan and graduation date. All students are encouraged to keep in close contact with their advisor through the process of changing majors.

Pre-Nursing Students
MSU Billings has developed a very close relationship with the MSU-Bozeman Nursing Program which enables students to complete pre-nursing requirements as MSU Billings students and then transfer into the MSU-Bozeman program which is offered on the Billings campus. The Advising Center provides
advising services through the first two years of the program and provides guidance for making application to upper-division courses.

Pre-Professional Majors
Students planning to transfer to another college or university to complete a program not available at MSU Billings may choose to enroll in a pre-professional program. There are several important steps to take in order to coordinate a pre-professional program with the school to which one is going to transfer:

A. Acquire a catalog from the school to which one is going to transfer
B. Take General Education courses which match requirements of the transfer school
C. Select other equivalent courses which will meet transfer school requirements and/or prerequisites

Many of the pre-professional programs at MSU Billings have been designed to prepare students to transfer to professional programs offered at other Montana University System units. Programs may be developed to meet the prerequisites for other pre-professional programs.

Graduate Student Advising
Academic advising for graduate students is provided by faculty advisors in the College of the student’s graduate program. Initial advising is provided through the Office of Graduate Studies with subsequent assignment to a permanent faculty advisor. The faculty advisor assists the student with the development of a plan of study and guidance in completing the requirements for the chosen degree program. Further information can be obtained by contacting the Office of Graduate Studies, McMullen first floor west, (406) 657-2238.

Graduation Guarantee
MSU Billings has created a Graduation Guarantee for Undergraduates which students may utilize as they begin study. The Guarantee includes a set of conditions that the student needs to fulfill as well as the University; the Guarantee itself is signed by the student as well as the advisor. If the student fulfills his/her conditions and the University fails to do so, postponing graduating, the student may appeal to the Academic Standards and Scholastic Standing Committee prior to the beginning of classes for the last term of the signed Guarantee. If the Committee finds the University at fault, appropriate actions will include waiving course requirements, waiving tuition and fees, or a combination of the two.

Copies of this Guarantee are available from the Advising Center. Students are urged to examine this Guarantee to see if it will assist them in facilitating their completion of requirements and graduation. Advisors in the Center can explain the Guarantee and prepare appropriate plans of study for students.

Assessment Testing
All entering students and transfer students who have not completed their general education requirements in English or Mathematics must take the COMPASS Placement test. Results of the COMPASS Placement tests along with ACT scores are used to advise students into the most appropriate math and English courses. The Compass Placement tests are administered during Student Orientation. For further information, contact the Advising Center (406-657-2240 or 406-247-3019).
General Education Requirements

The baccalaureate degree includes three distinct and required areas of study: general education, concentration (major), and electives.

General Education provides for breadth of study across many areas of knowledge. All students are required to complete the General Education program as an essential component of the baccalaureate degree.

An area of concentration provides for depth of study within a chosen discipline (major). Students choose their major, but the specialized, in-depth courses they take are determined by the department which is responsible for the major.

Electives guarantee that students have the opportunity to study areas of personal interest in their own academic pursuits. Students are allowed to choose courses (electives) from any discipline that interests them.

The Purpose of General Education

Objectives
The objectives of General Education are to help students develop and demonstrate an understanding of humanity and what it means to be members of the global community. Students completing General Education will reflect upon the evolution of culture, and learn to identify and value responsible roles for the human being in the physical, social, and intellectual worlds.

Structure
General Education is structured to fulfill the objectives by addressing essential components of human development: (1) Skills Development and Application, (2) Cultural Development, and (3) Intellectual Growth and Development. Specific courses applicable to General Education are arranged in categories and selected to ensure that students completing General Education are intellectually engaged in each of these areas of human development.

1. Skills Development and Application ensures that students will develop effective writing, mathematical, reading and oral communication skills.

2. Cultural Development ensures that students will develop an understanding of the evolution of human culture and social organizations, and an appreciation of cultural diversity.

3. Intellectual Growth and Development ensures that students will pursue knowledge, integrate knowledge among disciplines, apply knowledge to the identification and solving of problems, understand the importance of personal and societal ethics, and reflect on and appreciate the diversity of human endeavors.

General Education Minimum Satisfactory Course Grade
By action of the University’s Academic Senate, the minimum satisfactory grade students must earn in a General Education course is “C-” or better. However, students must earn an overall GPA of 2.0 in the General Education core. (11/10/05 memo #473 p. 1770)

Categorization
Students will complete 37 credits of required courses with either traditional courses, discipline-specific courses, or integrated courses. All courses that fulfill General Education requirements are specifically designed for General Education.

Category Descriptions

Global Academic Skills
The ability to read, write, calculate, and assess sources of information are fundamental and necessary human skills. These skills are prerequisite to effective communication of ideas and the creative solving of qualitative and quantitative problems. These skills are important for their own sake but mastery of them is also required for a university graduate to be considered an educated person.

- Demonstrate the ability to communicate effectively in written form by writing papers which effectively develop and support theses, tell stories, describe events, or express personal insights or values,
- Read and evaluate research materials and incorporate them into informative, argumentative, or analytical writing and oral presentation,
- Read and evaluate problems and quantitatively solve those problems using mathematical reasoning,
- Demonstrate how mathematical modeling or statistical designs are used to obtain knowledge.

The Natural Sciences
The diversity of species in the biosphere, including humans, interact with their environment, changing it and being changed in the process. Science is a creative human endeavor devoted to discovering the principles that rule the physical universe. The natural world is law-driven and science is limited to investigating by asking and answering questions, processes that can be observed and measured to help us understand the laws of nature and the physical universe.

- Understand the experimental basis of science and how scientists accumulate new knowledge,
- Appreciate the goals and limitations of science,
- Develop an understanding of important scientific facts and how those facts help us understand our observations and the laws that govern the natural world,
- Appreciate the role of science in the development of modern technological civilization.

The Social Sciences
Humans are social beings. Through their various relationships they create social life and are, in turn, influenced and transformed by the social life they create and maintain. Social sciences represent those disciplines that apply scientific methods to study the intricate and complex network of human relationships and the forms of organization designed to enable people to live together in societies.

- Understand the evolution of social institutions and the development and maintenance of individual and social behaviors,
- Develop perspectives about the nature of psychological and social processes and the structure of society,
- Identify and comprehend theories of human behavior and of the participation of individuals in psychological and social processes,
- Practice the basic methodologies involved in the social sciences.

History and Cultural Diversity
History is the record of human activity. History presents us with an overview of this activity with the intent that past accomplishments and failures will serve to inform present issues. Cultural diversity presents us with an awareness and understanding of the variety of human experience, especially as manifested among cultures, both present and past.

- Develop a view of current social conditions and events within a chronological and historical context,
- Understand social, cultural, political and economic changes over time,
- Comprehend the international ramifications of domestic policies and how these may affect and be experienced by people in other cultures,
- Appreciate and be sensitized to world cultures.

Arts and Humanities
Through the arts and humanities, students will explore and experience the sensory and perceptual capacities and potentialities that are shared by people and that define us as humans. The expressive arts include visual, performing, and language-based activities in celebration of multiple perspectives. The humanities address qualitative relationships wherein judgments are made but change with time and circumstances.

- Develop an appreciation of the varied cultural artifacts of humans throughout history,
- Foster an understanding of the variety of human expressive experiences in relation to ourselves, other cultures and the physical environment,
- Utilize the basic methodologies and practices endemic to the various disciplines,
- Explore human characteristics especially considered desirable through expressive communicative systems about how to live fully.
General Education Assessment

Objectives

I. Global Academic Skills
   A. Mathematics
      1. Demonstrate ability to solve problems quantitatively.
      2. Solve problems with various mathematical methods of the discipline.
      3. Communicate using mathematical terminology.
   B. English
      1. Demonstrate knowledge of and competence in the use of conventional written forms: mechanics, spelling, punctuation, syntax, grammar, etc.
      2. Demonstrate ability to apply knowledge of writing strategies.
      3. Demonstrate the ability to undertake and accomplish original work in written form.
   C. Communication & Information Literacy
      1. Engage in hands-on research as a process of gathering, assessing, interpreting, and using data from multiple sources to express ideas.
      2. Use information effectively to accomplish a specific purpose in oral or written form.
      3. Understand the economic, legal, and social issues surrounding the use of information, and access and use information ethically and legally.

II. Natural Sciences
   A. Life Science
      1. Demonstrate an understanding of knowledge related to the life sciences.
      2. Demonstrate the ability to synthesize knowledge from different subject areas concerning the life sciences.
      3. Demonstrate the ability to use logical or quantitative approaches to solve problems related to the life sciences.
   B. Physical Science
      1. Demonstrate an understanding of knowledge related to the physical sciences.
      2. Demonstrate the ability to synthesize knowledge from different subject areas concerning the physical sciences.
      3. Demonstrate the ability to use logical or quantitative approaches to solve problems related to the physical sciences.

III. Social Sciences
   A. History
      1. Demonstrate an ability to use analysis of a variety of types of sources to construct historical knowledge.
      2. Demonstrate an ability to organize a variety of historical sources and express them effectively in written form.
      3. Demonstrate basic understanding of the historical context of events.
   B. Cultural Diversity
      1. Demonstrate an ability to identify and solve problems relating to cultural diversity within the discipline.
      2. Demonstrate the ability to communicate and analyze effectively concerning cultural diversity within the discipline.
      3. Demonstrate a basic understanding of the importance of awareness of cultural diversity within the various disciplines.

IV. History and Cultural Diversity
   A. History
      1. Demonstrate an ability to use analysis of a variety of types of sources to construct historical knowledge.
      2. Demonstrate an ability to organize a variety of historical sources and express them effectively in written form.
      3. Demonstrate basic understanding of the historical context of events.
   B. Cultural Diversity
      1. Demonstrate an ability to identify and solve problems relating to cultural diversity within the discipline.
      2. Demonstrate the ability to communicate and analyze effectively concerning cultural diversity within the discipline.
      3. Demonstrate a basic understanding of the importance of awareness of cultural diversity within the various disciplines.

V. Arts and Humanities
   A. Fine Arts
      1. Demonstrate cultural awareness through fine arts at the local, regional, national, and international levels.
      2. Demonstrate an awareness of the power of imagination and expression.
      3. Demonstrate an appreciation for the fine arts and what that appreciation can mean as a quality of life issue.
   B. Humanities
      1. Develop an awareness of the role that the humanities play in culture, i.e., politics, philosophy, economics, science, math, etc.
      2. Create an awareness of how to cross-relate/reference humanities-based information.
      3. Demonstrate an awareness of issues surrounding life, death, and morality.
General Education Courses

I. Global Academic Skills .............. 12
Regarding Global Academic Skills, students are required to take 1 course from Mathematics, 2 courses from English, and 1 course from Communication & Information Literacy.

A. Mathematics .......................................................... 3
M 105 Contemporary Mathematics ................. 3
Surveys the foundations of mathematics with an emphasis on the unity of the subject.
M 114 Extended Technical Mathematics .............. 3
Develops and/or enhances critical thinking skills as students analyze problems and utilize mathematical skills of applied algebra, geometry, and trigonometry to solve such problems.
M 121 College Algebra .................................................. 3
College algebra introduces functions and surveys the basic algebraic functions.
M 131 Mathematics for Elementary Teachers II .... 3
Provides an in-depth survey of the mathematics necessary to teach through eighth grade.
M 143 Finite Mathematics .............................................. 4
Surveys a number of topics in discrete and continuous mathematics that are applicable in the life, management, and social sciences.
M 151 Precalculus .......................................................... 5
Covers those topics from college algebra and trigonometry necessary to prepare a student for calculus.
M 171 Calculus I ........................................................... 4
Introduces and explores the mathematics of change.
STAT 141 Introduction to Statistical Concepts ....... 3
Surveys the basic ideas statistics has to offer.
STAT 216 Introduction to Statistics ...................... 4
Provides an introduction to the basic practice of statistics and data analysis.

B. English ................................................................. 6
WRIT 101 College Writing I ...................................... 3
Helps students acquire the basic writing skills expected in college-level academic writing.
WRIT 121 Introduction to Technical Writing .......... 3
Develops and/or enhances writing skills for various real-life work situations that emphasize technical fields.
WRIT 122 Introduction to Business Writing .......... 3
Develops and/or enhances writing skills for various real-life work situations in the business world.
WRIT 201 College Writing II ...................................... 3
Introduces students to the expectations, conventions, and requirements of undergraduate academic research writing.
WRIT 220 Business & Professional Writing ........... 3
Emphasizes accurate and precise writing for the business audience.

C. Communication & Information Literacy .......... 3
COMT 130 Introduction to Public Speaking .......... 3
This a public speaking skills acquisition course with a two-part objective: (1) improving abilities to access, retrieve, and evaluate information (2) in order that the information might be used in effective public performance.

LS 125 Research in the Information Age ............. 3
Introduces students to the organization, retrieval, and evaluation of both electronic and print sources; covers concepts of the research process, methods, and ethics of information research, the evolving nature of information resources, and appropriate information citation.
MIS 150 Information Access and Organization ........ 3
Explores access to, retrieval of, and organization of information in a wide variety of environments and formats.

II. Natural Sciences ................................. 7
Regarding Natural Sciences, students are required to take one course from Life Sciences and one course from Physical Sciences. At least one course must include a corresponding laboratory. Students can satisfy Natural Sciences by taking SCIN 101, 102, 103, and 104.

A. Life Sciences ........................................................... 3-4
BIOB 101 Discover Biology .................................... 3
Provides students with academic foundation in major concepts of biology from a historical perspective and as they relate to contemporary issues in the world today.
BIOB 102 Discover Biology Laboratory ............... 1
This course is designed to help non-majors understand basic biological concepts such as cellular biology, metabolism, genetics, and population ecology among others through hands-on laboratory exercises and demonstrations.
BIOB 160 Principles of Living Systems ................. 3
Provides students with academic foundation in major concepts of biology from a historical perspective and as they relate to contemporary issues in the world today.
BIOB 161 Principles of Living Systems Laboratory .... 1
Provides students exposure to major concepts of biology through hands-on lab investigations and application of the scientific method.

B. Physical Sciences .................................................... 3-4
ASTR 110 Introduction to Astronomy .................... 3
Provides students with an understanding of the historical development of astronomy and an understanding of our place in the universe.
ASTR 111 Introduction to Astronomy Lab ............. 1
Provides the students with empirical observations to corroborate astronomical theories developed in Introduction to Astronomy (ASTR 110).
CHMY 121 Introduction to General Chemistry ........ 3
This course focuses on understanding fundamental chemical principles.
CHMY 122 Introduction to General Chemistry Laboratory ........................................ 1
Provides students with the opportunity to empirically verify concepts learned in Introduction to General Chemistry (CHMY 121).
CHMY 141 College Chemistry I .............................. 3
Provides students with a foundation in qualitative and quantitative chemistry and relates chemistry to other academic disciplines and to everyday life.
CHMY 142 College Chemistry Laboratory I ............ 1
Provides students with the opportunity to empirically verify concepts learned in College Chemistry I (CHMY 141).
PHSX 103 Our Physical World ................. 3
This course develops a basic understanding of the principles of everyday physics.

PHSX 104 Our Physical World Laboratory ........ 1
This course provides students with laboratory experience in physics.

PHSX 105 Fundamentals of Physical Science ......... 3
Demonstrate physical science awareness and an appreciation of laboratory practice.

PHSX 106 Fundamentals of Physical Science Lab .... 1
Provides students with the opportunity to empirically verify concepts learned in PHSX 105.

PHSX 205 College Physics I ....................... 3
Provides students with a foundation in the physics of motion and an understanding of the consequences of forces and conservation laws.

PHSX 206 College Physics I Laboratory ............ 1
Provides the students with empirical observations to corroborate physical theories developed in College Physics I (PHSX 205).

A. and B. Integrated Sciences ....................... 7

SCIN 101 Integrated Sciences I ..................... 3
The first half of a two-semester integrated course in the sciences, where core principles of scientific knowledge are integrated across scientific disciplines, while also integrating applications of science into the lives of students whose very existence is impacted by science and its technological applications.

SCIN 102 Integrated Sciences Lab .................. 0.5
A half-credit, course that complements Integrated Sciences lecture (SCIN 101).

SCIN 103 Integrated Sciences II .................... 3
The second half of a two-semester integrated course in the sciences.

SCIN 104 Integrated Sciences Lab II ............... 0.5
A half-credit, course that complements Integrated Sciences lecture (SCIN 103).

III. Social Sciences .................... 6

Regarding Social Sciences, students are required to take two courses from different disciplines from this list:

ANTY 217 Physical Anthropology and Archeology . 3
Surveys the structure, evolution, and history of humans as biological and cultural beings.

BUS 101 Introduction to Business ................. 3
Surveys aspects of business using concepts and tools for business decision making.

COMT 109 Human Relations ....................... 3
Aims to develop students’ perception and expression skills as used in a diverse workplace.

COMT 110 Interpersonal Communication ........... 3
This is a communication skills acquisition course with a two-fold objective: identifying theories and patterns of communication within specific social contexts and improving communication competence within those social contexts.

ECNS 201 Principles of Microeconomics .......... 3
The analysis of individual decisions and their impact on social organizations and structures.

ECNS 202 Principles of Macroeconomics .......... 3
The behavior of markets in the context of a national economy.

EDU 105 Education and Democracy ............... 3
This course explores democracy as a form of government, and the critical relationship between democracy and education in the United States.

GPHY 141 Geography of World Regions .......... 3
As an overview of the major continents and regions of the world, this course provides a broad survey of how globalization processes are influencing local identities, modes of life, and standards of living.

HHP 101 Health Sciences ......................... 3
Covers contemporary health issues and explores individual and community based solutions.

PSCI 210 Introduction to American Government ... 3
Covers the American political system relative to central government and institutions.

PSCI 220 Introduction to Comparative Government .................................................. 3
Introduces the ideas behind the democratic and non-democratic forms of political life in the modern world.

PSYX 100 Introduction to Psychology .......... 3
Introduces students to the foundations of human psychology including topics such as the biological basis of behavior, learning, memory, problem solving, motivation, developmental process, and social behavior.

PSYX 231 Human Relations ....................... 3
Applies psychological insights and principles to daily life and personal growth with an emphasis on Positive Psychology.

SOCI 101 Introduction to Sociology .......... 3
The course examines the basic elements of the relationship between self and society, the patterns of human activity, and how these are maintained.

SOCI 201 Social Problems ....................... 3
Survey of contemporary social problems in the U.S.

IV. History and Cultural Diversity ... 6

Regarding History and Cultural Diversity, students are required to take one course from History and one course from Cultural Diversity.

A. History .............................................. 3
HSTA 101 American History I .................. 3
Survey of United States history from the colonial era to the end of the Reconstruction.

HSTA 102 American History II .................. 3
Survey of United States history from the end of Reconstruction to the present.

HSTR 101 Western Civilization I ................. 3
Survey of world history from Antiquity to the Reformation.

HSTR 102 Western Civilization II ............... 3
Survey of world history from the Italian Renaissance to the present.
HSTR 103 Honors Western Civilization I ............... 3
   Honors survey of western civilization from Antiquity to the Peace of Westphalia.
HSTR 104 Honors Western Civilization II ............... 3
   Honors survey of the history of western civilization from the Italian Renaissance to the present.
PSCI 230 Introduction to International Relations .... 3
   Various dimensions of international politics.

B. Cultural Diversity ....................................... 3
A&SC/SOCI 274 Women, Culture and Society ......... 3
   Employs the sociological perspective to analyze the lives of girls and women in North America.
ANTY 220 Culture and Society ........................... 3
   Surveys the basis and diversity of human behavior from a multicultural perspective.
ARTH 160 Global Visual Culture ......................... 3
   Examines visual culture, which includes painting, sculpture, photography, the Internet, performance, cinema, advertising, and television, as our primary means of communication and of understanding our postmodern world.
COMT 160 Introduction to Intercultural Communication.......................... 3
   Explores culture as both producer and product of communication, creating an appreciation of communication processes as essential factors in promoting positive intercultural relations.
GPHY 121 Human Geography ............................ 3
   This course focuses on how the cultural values and practices of people from a variety of places have shaped the various regional landscapes.
HHP 270 Global Health Issues ............................. 3
   Explores relationships between human behavior, economics, history, culture, politics, policy formation, and the environment, while investigating the impact of these elements on the quality of health within our global community.
LIT 230 World Literature Survey ......................... 3
   Provides a comparative basis for understanding different cultures through their literary traditions.
MUSI 207 World Music ..................................... 3
   Introduces students to the uses and functions of music in various cultures.
MUSI 208 World Music ..................................... 3
   Introduces students to the uses and functions of music in various cultures.
NASX 105 Introduction to Native American Studies .......... 3
   Survey course covering the cultures, sociology, and history of American Indian peoples.
NASX 205 Native Americans in Contemporary Society ......................... 3
   Addresses the issues raised at the interface of Native American culture and the values with the majority culture of the United States.
PHL 271 Philosophy and Religion of India .............. 3
   Course explores, compares, and contrasts philosophies and religions of India, starting from 3000 BCE and working up to the present; exploring such subjects as scripture, art, social justice, and politics; noting how India has influenced other nations and how other nations have influenced India; and examining our own beliefs and practices through the lens of Indian philosophies and religions.

PHL 272 Philosophy and Religion of China, Tibet, and Japan .................................................. 3
   Course explores, compares, and contrasts philosophies and religions of China (including Tibet) and Japan from ancient history through to the present, exploring such subjects as scripture, art, social justice, and politics, noting how China has influenced other nations, most notably Japan and modern America, and examining our own beliefs and practices through the lens of Chinese philosophies and religions.
REHA 201 Introduction to Diversity ...................... 3
   The course focuses on perspectives for interacting with diverse cultures, based on understanding of cultural characteristics and differences related to disability, gender, race/ethnicity, sexual orientation, religion, geography, advanced aging, and social class.
RLST 170 The Religious Quest ......................... 3
   Fosters careful and sensitive listening and thinking on diverse and other divisive religious issues.
SPNS 150 The Hispanic Tradition .................... 3
   This course introduces students to various Hispanic traditions and cultures throughout history.

V. Arts and Humanities ................................. 6

Regarding Arts and Humanities, students are required to take one course from Fine Arts and one course from Humanities.

A. Fine Arts .................................................. 3
ARTZ 101 Art Fundamentals ......................... 3
   Encourages enhancement of two- and three-dimensional artistic skills for the general student.
ARTZ 105 Visual Language-Drawing .................... 3
   Introduces the beginning student to the basic fundamentals of drawing and linear perspective.
ARTZ 131 Ceramics for Non-Majors .................... 3
   Develops the ability to design three-dimensional clay forms using manual dexterity.
COMT 155 Global Cinema ............................... 3
   Examines films that speak in their own way to issues of arts appreciation, feminism, diversity, and the human condition.
DSGN 248 Computer Presentation and Animation .. 3
   This course explores the arts through digital three-dimensional environments and animations.
ENGL 204 Fundamentals of Creative Writing ......... 3
   Provides students with the basic skills for self-expression.
LIT 270 Film & Literature .............................. 3
   Provides students with thinking and writing skills focused on a visual art form.
MUSI 101 Enjoyment of Music ....................... 3
   Designed to assist students in developing the ability to effectively perceive the aesthetic and structural qualities of music.
MUSI 114 Band: MSUB Symphonic ................. 1
MUSI 131 Jazz Ensemble I: MSUB ........... 1
MUSI 147 Choral Ensemble: University Chorus..... 1
THTR 101 Introduction to Theatre ..................... 3
   Introduces students to the complexities of performance theory and criticism.
THTR 120 Introduction to Acting I ........................................... 3
Explores both collaborative and individual projects in the areas of comedy, tragedy, and social and political drama; students will find opportunities for personal expression, ensemble building, problem solving, and multi-cultural activities.

B. Humanities ........................................................................... 3
ARTH 150 Introduction to Art History ................................... 3
Surveys world art from prehistory through the present day with the objective of developing a critical understanding of art forms in their historical and cultural context.

HON 121 Perspectives and Understanding ......................... 3
This course explores classic and contemporary works of literature, art, and philosophy with an emphasis on cultural and historical contexts in order to develop critical and multi-disciplinary analytical skills.

HON 281 The American Intellectual Heritage (1620-1877) ................................................................. 3
Explores in conjunction with HSTA 101 the evolution of U.S. cultural, philosophical, and artistic history through the study of its humanistic achievements from the first colonial writings through the Reconstruction era.

HON 282 The American Intellectual Heritage (1877-present) ................................................................. 3
Explores in conjunction with HSTA 102 the evolution of U.S. cultural, philosophical, and artistic history through the study of its humanistic achievements from the Reconstruction era to the present.

LIT 110 Introduction to Literature ......................................... 3
Students build and expand their knowledge to the extent that reading literature is a discovery process for the engaged mind.

LIT 240 The Bible as Literature ........................................... 3
Examines the Bible as a work of literary art.

PHL 110 Problems of Good and Evil: Introduction to Ethics ................................................................. 3
Students analyze divergent moral views and assess the strengths and weaknesses of these views in order to form their own point of view.

PHL 111 Philosophies of Life ............................................... 3
Students evaluate the diversity, intrinsic value, and consequences of various philosophical points of view to develop their own philosophy of life.

Students should consult with their advisors, major departments or faculty in their programs for guidance in selecting appropriate writing, technology intensive, and experiential learning courses.

Writing Requirements
Students who intend to graduate with a baccalaureate degree are required to have passed at least three courses with a WR indicator. WRIT 101 is required. The second course must be one of the following: WRIT 201, WRIT 220, WRIT 122, or WRIT 121. The third course must have a WR indicator and be selected in consultation with an advisor. The WR indicates that the course requires at least one extensive and evaluated writing assignment. To identify these courses refer to the Course Descriptions section (see page 320).

In addition to passing at least three WR courses, each student is required to undertake and successfully complete a writing project as determined by their major department(s). The writing project will be evaluated on the following skill categories:

- Audience Awareness
- Mechanics
- Clarity
- Organization
- Content
- Conciseness
- Development of an Idea
- Originality
- Purpose
- Reflectivity

Additional categories may be added by the departments. For more specific information about the writing project, students should contact the department chair in their major(s) or their faculty advisor.

Technology Requirements
Students who intend to graduate with a baccalaureate degree are required to have passed at least three (3) courses which include a strong component or emphasis on using information and communication technology.

Technology intensive courses are designated TN in the course descriptions (see page 320).

Graduating students will engage in emerging information technologies. Every student will:

- demonstrate proficiency in the use of appropriate software applications for writing, email, presentations, and numerical information;
- utilize discipline-appropriate software and hardware;
- show the ability to find, evaluate, organize, disseminate and internalize information from a variety of sources;
- develop the skills necessary to be independent, lifelong learners.

Experiential Learning
Requirement
Students who intend to graduate with a baccalaureate degree are required to take and pass at least one course of experiential learning. Examples are student teaching, internships, undergraduate research, cooperative education experiences, practica, experiences abroad, and senior projects.
University Honors Program
LA 414 (406) 657-2948
http://www.msubillings.edu/cas/honors

Established in 1997, the Honors Program at Montana State University Billings provides an enhanced and supportive learning environment responsive to the educational needs of exceptionally motivated undergraduate students. This goal is accomplished through the guidance of faculty noted for excellence in teaching who offer small Honors sections of regular courses, interdisciplinary colloquia, special seminars, and increased opportunities for undergraduate research and creative endeavors. Students also have direct access to professors in small courses with unique intellectual challenges. Membership is open to undergraduate students from all majors seeking enriched learning, cultural awareness, and fellowship.

The program fosters an affordable small college experience while benefiting from the University’s size and many degree options. As a community of scholars, faculty work enthusiastically to help students achieve the following goals:

- Develop skills in self-expression, critical thinking, information gathering, and problem solving through lively class discussions.
- Use interdisciplinary methods to investigate, research, and compose analytical or scientific papers of substantial length and depth.
- Acquire a competitive advantage for scholarships, graduate admissions, and professional placement.

The program is overseen by faculty members on the Honors Advisory Council. Students may also serve the program as members of the Student Advisory Board, which selects a representative for the Council. The Board also supports the program by enriching a sense of community so that social activities—such as service learning, outdoor excursions, and other special events—can increasingly flourish.

At present, the University Honors Program is designed so that many courses contribute to satisfying General Education requirements. Students earning at least 21 credits with a GPA of at least 3.0 in Honors courses (including 3 credits in an upper-division course) will have their official transcripts notated: University Honors Scholar: General Honors.

At the heart of the Honors curriculum are courses that examine significant original texts in terms of their historical and cultural backgrounds. Honors courses are frequently offered in history, political science, integrated science, education, law and society, social science, communications, economics, and other areas.

Consult the University Honors Program website at www.msubillings.edu/CAS/honors or contact the Director to see the specific courses scheduled for the current semester.

For acceptance into the University Honors Program, incoming freshmen must satisfy at least one of these requirements:
- have a high school GPA of at least 3.5.
- be in the upper fifth of the student’s graduating class.
- have a composite ACT score of 26 or better.
- have a Chancellor’s Scholarship.
- be supported by a letter from a high school teacher attesting that the student has the intellectual motivation that is expected of an honors student.

Those students who have completed at least 15 credits of higher education may be admitted to Honors courses by having one the following:
- a letter of recommendation from a university faculty member.
- a cumulative GPA of at least 3.2.

Students who earn a grade of “B” or higher in an Honors course are also eligible for admission to the program.

To learn more about what we can offer you, please contact Tami Haaland, Director of the University Honors Program. You can reach her by phone at (406) 657-2948 or by email at thaaland@msubillings.edu.
International Studies

McM 200 (406) 657-1705

http://www.msubillings.edu/intnlstudies

Who am I? What is my place in this world? The International Studies Program seeks to engage students in a process of awakening. Through various study abroad programs and the International Studies Minor, students begin to experience the complexity of cultures and the richness of diversity. The end result produces students who are involved, lifelong learners, with a concern for the world in which we live, and an ability to become leaders who think of future generations.

More prosaically, the Office of International Studies (OIS), McMullen Hall 200, provides support services for current and prospective international students, the International Studies Club, and facilitates study abroad applications.

Drop by the OIS today to see how your educational experiences and your career opportunities can be enriched. Learn to be a citizen of the world!

There is a new minor in International Studies through the Department of English, Philosophy, and Modern Languages. Please see page 187.
Associate of Arts Degrees and Associate of Science Degrees

For additional A.A. and A.S. degrees, see the College of Technology Catalog.

81
*May satisfy General Education requirements.

Note: The above required General Education Courses and Program Courses are minimum requirements. Students with specific career goals in the Allied Health Sciences should be aware that some disciplines require more advanced courses than those listed. Therefore, if you know your career path, or if you believe you may transfer into a B.S. program at MSU Billings or another university, it is essential that you consult with your advisor in the science department so that you proceed efficiently in your studies.

Interdisciplinary and Degree Completion Programs

Bachelor of Applied Science (BAS)

The Bachelor of Applied Science (BAS) degree is limited to students with an Associate of Applied Science (AAS) degree. If a student has earned an AAS degree from a regionally accredited institution, he or she may enroll on the senior campus of MSU Billings to complete General Education requirements and take upper division credits in existing areas of study which will complement the student’s AAS credits already earned.

Academic Requirements

The BAS requires completion of a minimum of 60 credits beyond the AAS degree. A maximum of 60 credits will be accepted from the AAS degrees towards the 120-credit requirement. Coursework must include completion of specified General Education courses and other upper division coursework that relates to and is supportive of the AAS degree.

Requirements for the BAS degree are as follows:
• Completion of an AAS degree from a regionally accredited college or university.
• Satisfy the General Education Requirements at MSU Billings.
• Earn a minimum of 30 credits from MSU Billings.
• Complete a minimum of 30 upper division credits, of which at least 21 must be earned from MSU Billings.
• Complete a thematic concentration of 30 credits including at least 15 credits from one discipline. This concentration shall be prepared in collaboration with a faculty advisor and approved by the Academic Dean responsible for the majority of the courses in the Thematic Concentration. Students seeking a concentration in Business are limited to 27 credits in the College of Business.
• A grade of “C” or higher is mandatory in all courses in the thematic concentration.

Bachelor of Science in Liberal Studies (BSLS)

The Bachelor of Science in Liberal Studies at MSU Billings is designed to meet the following objectives:
1. Provide students with the opportunity to participate in integrated thematic programs of an interdisciplinary nature utilizing resources currently available at MSU Billings.
2. Offer students with credits from many sources the opportunity to complete a baccalaureate degree which has focus and integrity.

Academic Requirements

Students must:
• Earn at least 120 credits with a cumulative grade point average of 2.0 or better.
• Satisfy the General Education requirements at MSU Billings.
• Earn a minimum of 30 credits from MSU Billings.
• Complete at least 36 upper division credits, of which at least 24 must be earned from MSU Billings.
• Complete a thematic concentration of 30 credits including at least 15 credits from one discipline in the College of Arts and Sciences. This concentration shall be prepared in collaboration with a faculty advisor and approved by the Dean of the College of Arts and Sciences.
• A grade of “C” or higher is mandatory in all courses in the thematic concentration.

This program is also offered in an online format.

The Associate of Science (AS)/Associate of Arts (AA) degree is a 60-credit program that includes 37 credits of General Education requirements and 23 credits of electives. Students will work with an academic advisor to design an AS/AA degree. AS/AA degrees may be designed to provide a foundation for moving on to a 120-credit bachelor’s degree. Contact the Advising Center at (406) 657-2240 for further details.
The College of Allied Health Professions

Dr. Diane Duin, Dean
APS 119, (406) 896-5831
cahp@msubillings.edu

The College of Allied Health Professions was formally launched in spring 2004 and represents the sixth College at Montana State University Billings. The College gives attention to the broader definition of allied health and includes those academic programs in behavioral sciences, therapeutic sciences, and support services.

The College is proud to offer curriculum, faculty, and administrative services that help to prepare students to face the challenges of a changing world. All academic programs in the College emphasize the skills required for practice in allied health professions but also stress the importance of a well-rounded education that includes such life skills as critical thinking, literacy, historical consciousness, multicultural experience, ethics, and a sense of values.

Academic Advising
All new, transfer, and re-admitted students are encouraged to visit the Advising Center on McMullen Hall first floor west, to meet with an academic advisor. New students will receive information regarding General Education requirements and Plan of Study worksheets related to their major and minor programs. Transfer and re-admitted students will work with an advisor to complete a transcript evaluation and to develop a Plan of Study. Students majoring in bachelor’s degree programs in the College of Allied Health Professions will be advised through the Advising Center until their sophomore year. At that time, students will be assigned a faculty member for advising. Although advisors are available to assist students in designing their Plan of Study, students are ultimately responsible for meeting degree requirements.

Undergraduate Degrees and Majors
The College of Allied Health Professions offers an array of undergraduate and graduate programs in the area of allied health professions. These programs include:

**Associate of Arts** Program of Study in Rehabilitation and Related Services

**Bachelor of Science** in
- Health Administration
- Health and Human Performance with Options in:
  - Health Promotion
  - Human Performance
  - Teacher Licensure (Health & Physical Education K-12)
- Human Services
- Outdoor Adventure Leadership
- Psychiatric Rehabilitation
- Rehabilitation & Related Services, Extended Major

**Minors:** Coaching, Health Education

**Teaching Minor:** Health & Physical Education (K-12)

**Graduate Degrees**
- Master in Health Administration: A professional graduate degree program delivered in an online format.
- Master of Science in Athletic Training: An entry-level graduate degree program in the Department of Health and Human Performance
- Master of Science in Sport, Recreation, and Fitness Management: A professional graduate degree program in the Department of Health and Human Performance
- Master of Science in Rehabilitation and Mental Health Counseling: A professional graduate degree program in the Department of Rehabilitation and Human Services

**Mission**
The mission of the College of Allied Health Professions (CAHP) is to provide the educational challenges and experiences that prepare all of its graduates to lead lives of leadership and service in health-related professions. The College of Allied Health Professions fulfills this higher education mission by:
- requiring and supporting excellence in teaching, research, and service;
● requiring high achievement from its students, demonstrated by their academic knowledge, professional skills, commitment, and demeanor;
● establishing and nurturing ongoing, mutually-beneficial, professional partnerships with health-related professions, agencies, institutions, and professionals; and
● engaging in continuous self-evaluation, program review and revision, and external review.

Clinical and Field–Based Experiences
The College of Allied Health Professions provides a number of supervised clinical and field-based experiences designed to prepare students for work in the allied health professions. The major aim of these experiences is to allow students to apply principles and theories from the professional knowledge base in the supervised environments. Whereas each degree program has different expectations for clinical and field-based experience, students should clarify expectations with the faculty advisor prior to registration.
The Health Administration Program

Ms. Deborah Peters, Director
APS 116, (406) 896–5832
healthadministration@msubillings.edu

Faculty
James Aspevig, MPH; Bradley M. Beauvais, PhD, MBA; Matthew S. Brooks, PhD, MPH; Elizabeth L. Ciemens, PhD, MPH; Deanna Fuller, MBA/MIS; Don Griffin, JD; Lenette Kosovich, MHA; Roland B. Loudenburg, MPH; Mary Helen McSweeney, PhD; Theresa Parker, MA; Lyle M. Seavy, PhD; Carrie D. Stringham, MS; Debra H. Tennyson-Feinstein, PhD, MBA

Degrees Offered
Bachelor of Science in Health Administration (BSHA)
Master of Health Administration (MHA)
Bachelor of Applied Science (BAS), Health Administration Concentration
Bachelor of Science in Liberal Studies (BSLS), Health Administration Concentration
Additional Health Administration Concentrations offered in Long-Term Care and Case Management

Mission of the Program
The mission of the Health Administration Program at Montana State University Billings is to educate and prepare individuals to be health care leaders who can meet the challenges of health care in our region, advance the quality of care delivered to all, and meet anticipated workforce needs in a variety of positions in health administration. All courses are available online. The Program enhances the depth and quality of education at MSU Billings through internships and research partnerships in the health community.

During the program, students will develop core competencies in these areas:
• General Management: Understand and apply general management concepts regarding the organization of work, finance, economics, and decision-making by working with and through people to achieve organizational goals.
• Health Industry and Policy: Understand the formal and informal context, constituencies, and influence processes which affect health organizations and the health industry.
• Leadership: Envision, motivate, communicate and support achievement of organizational strategy.
• Communication: Listen, learn and respond effectively to the ideas and thoughts of others and present information clearly.
• Critical Thinking: Analyze and evaluate thinking with a view to improving it.

Careers in Health Administration
Careers in health administration include a wide range of management and administrative positions in health-related organizations and health service delivery systems. They include hospitals, ambulatory care, physician group practices, laboratories, pharmacies, social service agencies, long term care facilities, rehabilitation centers, home health organizations, managed care plans, regulatory agencies, and health insurance companies. The Program is designed to meet the rapidly evolving demands of a dynamic industry.

Advising Information
Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that Program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships that will support the student’s interests and career objectives.

Academic advising services for all students are provided through the Advising Center in McMullen Hall first floor west. Once students have declared Health Administration as their degree program, they will be assigned to a Health Administration faculty member for upper-division advising. Upper-division advising files for all Health Administration students are maintained by the Program. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for planning and meeting degree requirements.
Health Administration

Internships
The Health Administration Program provides an internship in which students are required to observe and practice in the field of health administration. The Bachelor of Science in Health Administration (BSHA) degree program culminates in a senior internship. The purpose of the internship is for the health manager-in-training to apply the conceptual foundation and competencies learned in the classroom and develop skills in the areas of leadership, strategic planning, organizational management, human resources, outcomes evaluation, and critical thinking, as well as technical areas.

Admission to the BSHA Program
All students seeking admission to the Health Administration Program are required to file an application for admission to the program. All students must meet the following requirements for admission to the Health Administration major:

a. a minimum of 48 credits completed
b. a minimum 2.5 grade point average
c. satisfactory completion of *WRIT 101, *M 143, ACTG 201, ACTG 202, *ECNS 201, *STAT 216, or their equivalents, with a grade point of 2.0 or better.

*May satisfy General Education requirements.

Student application materials are available from the Health Administration Program (APS 107, 406-896-5830) or online at www.msubillings.edu/hadm/.

Program Graduation Requirements
In order to graduate with a Bachelor of Science in Health Administration, students are required to earn a grade of C or better in all Health Administration, business, and required courses.

Health Administration students whose cumulative GPA falls below 2.5 will be counseled about raising their grades or choosing another major, and will be unable to continue in the program until their cumulative GPA is 2.5 or better.
Bachelor of Science Degree
Major in Health Administration

General Education Requirements .........................................................37-38
The following General Education courses also satisfy requirements in the
major or minor: ECNS 201, WRIT 220, and M 143. Students should consult
with an academic advisor before registering for General Education courses in
order to maximize the number of elective credits allowed in the degree.

Required Health Administration Core
HADM 210 Healthcare Mega Trends.................................................3

^ Joint appointment with the Department of Educational Theory and Practice

Undergraduate Degrees and Majors

Bachelor of Science Degree in Health and Human Performance
Options in:  
Health Promotion Option  
Human Performance Option  
Teacher Licensure Option (Health and Physical Education K-12)

Bachelor of Science Degree in Outdoor Adventure Leadership

Teaching Minor in Health and Physical Education (K-12)

Minor in Coaching

Minor in Health Education

Graduate Degrees

Master of Science in Athletic Training
Master of Science in Sport, Recreation and Fitness Management
Master of Science Interdisciplinary Studies Exercise and Sport Leadership Option

For details covering the graduate degrees, see the Graduate Catalog. Graduate Catalogs may be obtained from the Office of Graduate Studies, McMullen Hall first floor west, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298, (406) 657-2238.

The Department of Health and Human Performance offers professional preparation programs leading to a Bachelor of Science degree in Health and Human Performance with Options in Health Promotion, Human Performance, and Teacher Licensure in Health and Physical Education (K-12), and a Bachelor of Science degree in Outdoor Adventure Leadership.

A teaching minor is also offered in Health and Physical Education (K-12), as well as non-teaching minors in Coaching and Health Education.

Graduates from the Health and Human Performance department succeed in professional positions as health educators; as applicants to doctoral programs such as physical therapy, occupational therapy, and physician assistant; as teachers and coaches; as health and fitness center directors; and in the wide variety of health, outdoor programs, and exercise science programs for which the different program options prepare them.

Advising Information

Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements and/or experiential learning opportunities which will enhance the student’s academic program. In addition, advisors provide assistance in selecting elective courses which support the student’s interests, career plans, and professional development.

Academic advising services for freshmen health and human performance majors are provided through the Advising Center on McMullen Hall first floor west, but students are encouraged to establish a relationship with department faculty as early as possible. During the sophomore year, health and human performance majors will be assigned to a faculty advisor in their department for upper-division advising and advising files for upper-division students are maintained within the department. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

All candidates from the College of Allied Health Professions, College of Education, College of Business, and College of Arts and Sciences who plan to be
recommended for State of Montana licensure must be admitted to the Teacher Education Program at Montana State University Billings. They must also meet all of the Teacher Education requirements (see page 274).

General Education Requirements
The General Education requirements must be fulfilled by majors and minors. General Education classes should be taken during the first two years of college.

Activity Courses
The Department of Health and Human Performance offers an array of physical education activity courses for both majors and non-majors wishing to develop competencies in the specific area of study.

Performance Area I – Team Athletics
HHP 105 Basketball, Beginning
HHP 154 Volleyball
HHP 176 Softball

Performance Area II – Aquatics
HHP 140 Beginning Swimming/Aquatics I
HHP 141 Beginning Swimming/Aquatics II
HHP 142 Lifeguard Training: Basic
HHP 143 Water Safety Instructor
HHP 145 Swim for Fitness/Aquatic Exercise

Performance Area III – Racquet Sports
HHP 108 Badminton, Beginning
HHP 114 Racquetball
HHP 146 Tennis, Beginning
HHP 147 Tennis, Intermediate

Performance Area IV – Lifetime Activities and Outdoor Skills Courses
HHP 103 Archery
HHP 111 Bowling
HHP 125 Golf
HHP 131 Cross Country Skiing
HHP 132 Skiing, Beginning Downhill
HHP 133 Skiing, Intermediate Downhill
HHP 134 Snowboarding
HHP 136 Snowshoeing
HHP 138 Telemark Skiing
HHP 174 Personal Fitness
HHP 180 Judo
HHP 181 Basic Navigation
HHP 182 Advanced Navigation
HHP 183 Environment/Leave No Trace
HHP 184 Hiking/Backpacking
HHP 185 Winter Survival
HHP 186 Strength Training
HHP 187 Mountain Biking

HHP 188 Yoga
HHP 189 Basic Survival
HHP 190 Rappelling/Belaying
HHP 191 Low Element Challenges
HHP 192 Caving/Spelunking
HHP 193 Canoeing
HHP 195 Kayaking
HHP 197 Scuba Diving
HHP 198 Rafting
HHP 199 Avalanche Awareness
HHP 292 Fly Fishing
HHP 292 Rock Climbing
HHP 292 Advanced Rock Climbing
HHP 292 Pilates
HHP 292 Self Defense
HHP 292 Advanced Yoga
HHP 292 Introduction to Belly Dancing
HHP 292 Belly Dancing II

Bachelor of Science Degree
Major in Health and Human Performance – Health Promotion Option

The Health Promotion Option will prepare health professionals to seek employment in a variety of agencies such as local, state, national, international non-profit and corporate wellness programs.

The Health Promotion Option is designed to address the seven areas of responsibilities for the health education profession as recommended by the National Commission for Health Education Credentialing (NCHEC). The seven areas of responsibility are:

- Assess Individual and Community Needs for Health Education
- Plan Health Education Strategies, Interventions, and Programs
- Implement Health Education Strategies, Interventions, and Programs
- Conduct Evaluation and Research Related to Health Education
- Administer Health Education Strategies, Interventions, and Programs
- Serve as a Health Education Resource Person
- Communicate and for Health and Health Education

The health promotion curriculum will prepare students to: develop a strong background in human behavior and behavior modification; effectively plan, implement, and evaluate health promotion programs; increase leadership skills; and become familiar with the latest research and developments within the field.

Internship opportunities may be explored at local, regional, and national agencies/organizations that qualify students for employment in that field.

Health promotion graduates will find employment opportunities as community health educators, health promotion coordinators, health promotion consultants, prevention specialists, community health outreach workers, and worksite health promotion specialists.

A grade of C- or higher is mandatory in all health and human performance courses satisfying the major requirements.

Admission Requirements for Health and Human Performance – Health Promotion Option

All students desiring admission to the Health Promotion Option are required to file an application for admission.

1. A minimum cumulative grade point average of 2.8 is required in all courses completed.
2. Each applicant also must complete 18 credits from the approved list of prerequisite courses with a GPA of at least 2.8 (see application for list of courses).
3. Applications will be accepted when the student has completed a minimum of 21 credits from the General Education Category Requirements at Montana State University Billings, or at another regionally accredited institution of higher education, earning a minimum grade point average of 2.8. Courses taken on a pass/no pass or credit/noncredit basis will not be used to calculate the GPA requirement. Students should consult with their academic advisor.
4. Applications for admission to the Health Promotion Option may be obtained online at www.msubillings.edu/hhp or from the Department of Health and Human Performance Office in the Physical Education Building, Room 120. The application should be submitted to the faculty advisor for review and approval, signed by the advisor and the Department Chairperson. A current working copy of the transcript will be attached to the application form.
5. Applications are handled on a rolling admissions basis. Students will be notified of the status of their application within 15 working days of submitting the complete application. Enrollment in some major courses is limited to students admitted to the program.
6. No student will be allowed to register for restricted upper division courses in Health and Human Performance without formal admission to the Health Promotion Program.

Bachelor of Science Degree
Major in Health and Human Performance – Human Performance Option

Through coursework, research, laboratory, and internship experiences, the Human Performance Option prepares students with a thorough understanding of human movement. Students in this option are well prepared for work in professional positions in medical, community, corporate, or school settings (i.e., medical sales, rehabilitation programs, fitness centers, strength and training facilities, etc.). Students are equally well-equipped for graduate study in any of the diverse disciplines that deal with human movement (i.e., physical therapy, occupational therapy, athletic training, exercise physiology, kinesiology, etc.) and physician assistant programs.

Coursework involves study in multiple disciplines and emphasizes the broad scientific basis on which sound clinical insight and understanding is based, while research, laboratory work, and internships provide students with valuable experience applying their understanding of human movement. Students are expected to develop a thorough understanding of human movement across the wide range of its physiological, neurological, mechanical, and nutritional dimensions, enabling them to serve as effective practitioners in the diverse, expanding and evolving fields related to human movement.

A grade of C- or higher is mandatory in all health and human performance courses satisfying the major requirements.

Admission Requirements for Health and Human Performance – Human Performance Option

Enrollment in several major courses is dependent upon Admission to the Human Performance program and admission to the program is separate from enrollment at the University. Students are encouraged to explore their interest and skill in lower division courses but must realize that admission to the program, which allows access to several majors courses, is selective. The application process is outlined below and applications are available at www.msubillings.edu/hhp.

1. A minimum cumulative grade point average of 2.8 is required in all courses completed.

2. All applicants must complete a minimum of 32 credits from the General Education requirements at Montana State University Billings, or at another regionally accredited institution of higher education, earning a minimum grade point average of 2.8. Courses taken on a pass/no pass or credit/noncredit basis will not be used to calculate the GPA requirement. Students should consult with their academic advisor.

3. Each applicant also must complete 18 credits from the approved list of prerequisite courses with a GPA of at least 2.8 (see application for list of courses).

4. Each applicant must receive a letter advocating for his/her admission to the program from (a) a member of the Health and Human Performance Department and (b) a faculty member in the Biological and Physical Sciences Department.

5. Each applicant must submit a letter of application in which he/she provides a statement as to how the program serves his/her personal goals and how he/she intends to contribute to the program. The applicant’s faculty advisor must approve this letter.

6. Each application must be approved by the Chairperson of the Department.

7. Applications for admission to the Human Performance Option can be obtained online at www.msubillings.edu/hhp or from the Department of Health and Human Performance Office in the Physical Education Building, Room 120. The application should be submitted to the faculty advisor for review and approval, signed by the advisor and the Department Chairperson. A current working copy of the transcript will be attached to the application form in addition to the materials mentioned above.

8. Since admission to the Human Performance Option is selective, applications are to be submitted as soon as the student meets the requirements. Applications are handled on a rolling admissions basis. Students will be notified of the status of their application within 15 working days of submitting the complete application. Enrollment in some majors courses is limited to students admitted to the program.

If application to the Human Performance Option is initially unsuccessful, the student should meet with his/her advisor to address any shortcomings and applicants have the right to appeal the decision to the Human Performance Committee of the Department. The Department Chairperson serves as chair of the appeals committee.

No student will be allowed to register for upper division courses in Health and Human Performance without formal admission to the Human Performance Option.

Bachelor of Science Degree
Major in Health and Human Performance – Teacher Licensure Option (Health and Physical Education K–12)

The degree program in Health and Human Performance Teacher Licensure Option prepares the pre-service professional to teach physical education and health education in a variety of school settings, grades K-12. The program has been designed to provide a comprehensive, sequential professional preparation combining liberal arts, professional education and specialty studies. Extensive fieldwork enables the student to apply skills in a supervised setting. The degree program provides teaching competencies in:

- personal health education
- community health and safety
- health prevention and intervention
- motor learning, physiology and kinesiology
- individual, dual and team sports
- rhythm and dance
- outdoor education
- Native American games and activities
- organization and administration of health and physical education programs.

Admission Requirements for Health and Human Performance – Teacher Licensure Option (Health and Physical Education K–12)

All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

Degree Requirements

The General Education requirements for secondary and K-12 education majors have been designed to prepare pre-service educators in a liberal arts curriculum which stimulates scholarship; promotes a critical understanding of human concepts; fosters individual fulfillment; nurtures the development of free, rational, and responsible professions; cultivates an appreciation for the values associated with life in a free, democratic society; develops intellectually competent, imaginative and vigorous educators; and encourages an analysis of values inherent in foreign cultures, the variety of American ethnic cultures, and Native American cultures with an aim toward developing a clearer understanding of other peoples. The General Education program for secondary and K-12 education majors is similar to the General Education program established for all students at Montana State University Billings. A complete description is contained on page 71. Students should select General Education courses in consultation with their academic advisors in the subject area and education. A grade of “C” or higher is mandatory in all health and human performance courses satisfying the major requirements.

First Aid Competency

Health and Human Performance students who are completing the teacher licensure option are required to demonstrate current competency in first aid, CPR and AED. Presentation of certification documents for First Aid, current Adult/Child/Infant CPR and Automatic External Defibrillation will be accepted as proof of this competency if met through the following organizations:

- First Aid
  - American Academy of Orthopedic Surgeons
  - American Red Cross
  - National Safety Council

- CPR
  - American Academy of Orthopedic Surgeons
  - American Heart Association
  - American Red Cross
  - National Safety Council

Students can also achieve First Aid, Adult/Child/Infant CPR and AED certification through successful completion of HHP 210 First Aid and CPR.

Major in Outdoor Adventure Leadership

The Outdoor Adventure Leadership degree develops leadership skills, awareness of group dynamics, facilitation methods and effective communication techniques. This degree combines the study of educational and leadership theory and practice with technical outdoor travel and adventure. Students will acquire and enhance environmental skills and knowledge related to a variety of populations including senior citizens and youth-at-risk. They will also explore issues ranging from ethical controversies and risk management to program design.

Specialized skills acquired with Outdoor Adventure Leadership include sequencing, facilitation, and processing of activities, with specific attention to transferring the learning from activity-based experiences to “real lives” of participants. In addition, the ability to safely engage in and provide outdoor activities and effectively teach skills in outdoor and indoor settings are central to the degree.

Outdoor Adventure Leadership prepares students for careers in a wide variety of leadership positions with hands-on learning activities. The Outdoor Adventure Leadership degree allows the student to teach outdoor skills to others, safely oversee outdoor programs, and design programs for corporate and community organizations while preparing students for professions with agencies that have a natural resource base foundation and public and private entities for utilizing the outdoors.

An Outdoor Adventure Leadership degree will allow the graduate to pursue careers in adventure business companies; travel agencies; ski resorts; city, state, and national parks; U.S. Forest Service; outfitter organizations; ecotourism; and hotel and resort management.

A grade of C- or higher is mandatory in all health and human performance courses satisfying the major requirements.

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.
Teaching Minor in Health and Physical Education (K–12)

For students who are gaining teaching licensure in a content major, the following minor leads to endorsement. All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

First Aid Competency
Health and Human Performance students who are completing the teacher licensure option are required to demonstrate current competency in first aid, CPR and AED. Presentation of certification documents for First Aid, current Adult/Child/Infant CPR and Automatic External Defibrillation will be accepted as proof of this competency if met through the following organizations:

- First Aid
  - American Academy of Orthopedic Surgeons
  - American Red Cross
  - National Safety Council
- CPR
  - American Academy of Orthopedic Surgeons
  - American Heart Association
  - American Red Cross
  - National Safety Council

Students can also achieve First Aid, Adult/Child/Infant CPR and AED certification through successful completion of HHP 210 First Aid and CPR.

Credits

Required Courses
- HHP 100 Foundations of Exercise Science ............... 3
- HHP 102 Foundations of Exercise Science Lab ........ 1
- HHP 260 Foundations and Scientific Fundamentals in Health and Human Performance ...................... 3
- HHP 330 Health Behavior Theories .......................... 3
- HHP 340 Health Education Strategies ....................... 3
- HHP 370 Methods of Physical Education K-12 ........ 3
- HHP 405 Outdoor and Camping Education.............. 3
- HHP 430 Exercise Physiology
  OR
  HHP 463 Kinesiology and Biomechanics ................. 3

Select two (2) of the following teaching techniques courses:
- HHP 344 Physical Education Techniques I ............... 3
- HHP 346 Physical Education Techniques II ............. 3
- HHP 348 Physical Education Techniques III .......... 3

Total minimum credits required for minor .......... 28

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

Minor in Coaching

The Coaching Option is offered to enhance preparation of individuals wishing to serve as coaches in K-12 settings. This is a non-teaching minor and does not qualify as an area of endorsement.

First Aid Competency
Health and Human Performance students who are completing the teacher licensure option are required to demonstrate current competency in first aid, CPR and AED. Presentation of certification documents for First Aid, current Adult/Child/Infant CPR and Automatic External Defibrillation will be accepted as proof of this competency if met through the following organizations:

- First Aid
  - American Academy of Orthopedic Surgeons
  - American Red Cross
  - National Safety Council
- CPR
  - American Academy of Orthopedic Surgeons
  - American Heart Association
  - American Red Cross
  - National Safety Council

Students can also achieve First Aid, Adult/Child/Infant CPR and AED certification through successful completion of HHP 210 First Aid and CPR.

The Department of Rehabilitation and Human Services

Dr. Terry Blackwell, Chairperson

APS 116, (406) 896–5830
tblackwell@msubillings.edu

Professor: Blackwell
Associate Professor: Colling
Assistant Professor: T. Dell
University Lecturer: Nichols

Undergraduate Degrees and Majors

Bachelor of Science Majors
Human Services
Psychiatric Rehabilitation
Rehabilitation and Related Services, Extended Major

Associate of Arts Program of Study in:
Rehabilitation and Related Services

Graduate Degrees

Master of Science in Rehabilitation and Mental Health Counseling (MSRMHC)

For details concerning the graduate degrees, see the Graduate Bulletin. Graduate Bulletins may be obtained from the Office of Graduate Studies, McMullen Hall first floor west, Montana State University Billings, 1500 University Drive, Billings, MT 59101-0298.

Bachelor of Science Degree
Major in Human Services

Admission Requirements
All students desiring admission to the Human Services Program are required to file an application for admission. The application must be completed during the semester following the completion of 40 semester hours of credit, or, in the case of a transfer student, during the first semester of residence after the student has attained sophomore level.

1. A minimum of 40 semester credits is to be completed prior to admission to the Human Services Program.
2. A minimum cumulative grade point average of 2.00 is required in all courses completed.
3. All applicants must complete the General Education Category Requirements at Montana State University Billings, or at another regionally accredited institution of higher education, earning a minimum grade point average of 2.00. Courses taken on a pass/no pass or credit/noncredit basis will not be accepted to fulfill the requirements. Students should consult with their academic advisor.
4. A minimum grade of B in HS 201
5. The application should be accompanied by a working copy of the student’s transcript and be submitted to the faculty advisor for review and approval and signed by the advisor and the Department Chair at least three (3) weeks prior to the end of the semester during which application is made.

Students not accepted are encouraged to apply for admission during the next application period. It is the responsibility of each student to ensure that a completed application is submitted by the deadline. It is suggested that applications be submitted at least three (3) weeks prior to the end of the semester during which application is made. If admission to the Human Services Program is denied, the applicant may appeal the decision to the Human Services Committee of the Department. The Department Chair serves as chair of the appeals committee.

Psychiatric Rehabilitation and Rehabilitation and Related Services

Rehabilitation is defined as the restoration, re-adaptation, or re-education to fullest physical, mental, social, vocational, and economic usefulness following a disabling injury or disease. Thus the role of the rehabilitation counselor involves aiding adult clients with disabilities through the techniques of job development and placement, case management, vocational counseling and assessment, and effective counseling. The aim of the treatment program is to
allow clients to overcome mental, physical or emotional disabilities and become self-sufficient and productive citizens.

The rehabilitation curriculum is focused on preparing professionals for employment in rehabilitation settings. Graduates have found employment in state and private rehabilitation offices, supported employment programs, Veterans Administration, community-based vocational programs, hospitals, chemical dependency programs, mental health centers, schools, centers of independent living, insurance companies, manufacturing firms, and other commercial enterprises.

A Master’s Degree in Rehabilitation Counseling is generally considered the minimum educational requirement for the job title Rehabilitation Counselor; however, many agencies accept applicants with bachelor’s degrees. Individuals with associate degrees find entry-level positions as paraprofessionals in many work settings.

**Program of Study in Rehabilitation and Related Services**

A paraprofessional training program leading to the Associate of Arts Degree and preparing graduates for entry-level employment in rehabilitation and related settings.
Bachelor of Science Degree
Major in Human Services

Credits

General Education Requirements ............................................................. 37
(See page 71) Students should consult with the Academic Advisor to determine if specific courses are necessary in order to satisfy the General Education requirements within this major.

5. Social Issues Across the Lifespan
   EC 336 Social and Emotional Development in Young Children ........... 3
   EC 437 Child in the Family System ....................................................... 3
   *NASX 205 Native Americans in Contemporary Society ................... 3
   *SOCI 201 Social Problems ................................................................. 3
   SOCI 330 Juvenile Delinquency ............................................................ 3

Total for Concentrations ........................................................................ 30

Continued...
Please Note: Students must complete an average of 15 credits each semester or 30 credits each academic year to graduate in four years (eight semesters). A student paying for 12 credits in a semester can take an additional six (6) credits for no additional tuition (“flat spot”). See page 33.

Math and Science Requirements (below) .......................................................... 6
The Degree Program in Human Services requires three (3) semester credit hours in Mathematics and three (3) semester credit hours in Sciences in addition to the General Education Math/Science requirements.

For Human Services majors, the Math requirement involves the selection of one (1) of the following courses:
*STAT 141 Introduction to Statistical Concepts ............................................ 3
PSYX 222 Psychological Statistics ................................................................ 3
Or an equivalent course selected in consultation with the student’s advisor

Science Course
The Science course should relate to some aspect of the human condition and is to be selected in consultation with the advisor.

Total minimum credits required for major .................................................. 75
Electives ......................................................................................................... 8
Total minimum credits required for degree .............................................. 120

*May satisfy General Education requirements.

The College of Arts and Sciences

Dr. Tasneem Khaleel, Dean
LA 427, (406) 657–2177
tkhaleel@msubillings.edu

The liberal arts and sciences are the core of a complete college education, stimulating our spirit, deepening our understanding, and broadening our horizons. They cultivate clear and imaginative thinking, effective communication, critical evaluation of ideas, and effective adaptation of knowledge. The student who experiences the liberal arts and sciences becomes informed, inquiring, critical, and concerned, while building strong foundations for future career opportunities.

In all of its programs, Montana State University Billings places great emphasis upon the liberal arts and sciences as the foundation of each student’s General Education. Upper-division courses in those areas also fill an important role in the education of students across campus.

Academic Advising
All new, transfer, and re-admitted students are encouraged to visit the Advising Center on McMullen Hall first floor west, to meet with an academic advisor. New students will receive information regarding General Education requirements and Plan of Study worksheets related to their major and minor programs. Transfer and re-admitted students will work with an advisor to complete a transcript evaluation and to develop a Plan of Study. After the initial contact with the Advising Center, students who have declared a specific major will be assigned a faculty advisor in their major department.

General Studies majors will work with the Advising Center and the Office of Career Services until a specific academic program has been selected and a Plan of Study has been developed.

Undergraduate and Graduate Degrees and Majors
The College of Arts and Sciences offers both the Bachelor of Arts and the Bachelor of Science degrees in the following majors:

Bachelor of Fine Arts Major in Art

Bachelor of Science degree: Majors in Biology, Broadfield Science, Chemistry, Criminal Justice, Liberal Studies, Mathematics, Political Science, Psychology, Public Relations, and Sociology.

Medical Lab Science and Environmental Science Options are available in the Biology Major.

This program is also offered in an online format.

Teaching Licensure Options: Available in the following Arts and Sciences Majors: Art (K-12), Biology (Secondary), Broadfield Science (Secondary), Chemistry (Secondary), English (Secondary), History (Secondary), Mathematics (Secondary), Music (K-12), Political Science, and Spanish (K-12).

Associate of Arts: Program of Study in Applied Psychology

Associate of Science: Programs of Study in Allied Health, Environmental Science, and Pre-Engineering.

Teaching Minors:
For students who are gaining teacher licensure in a content major, the following minors lead to endorsement: Art (K-12), Biology, Chemistry, Earth Science, English, Geography, History, Mathematics, Physics, Political Science, Psychology, Sociology, Spanish (K-12), Speech Communication, and Theatre.

Licensure: Social Science (Broadfield) Endorsement

These degree programs and other programmatic options are described in the specific discipline areas in this General Bulletin. Information about programs and options approved subsequent to the publication of this Bulletin may be obtained from the Student Advising Center and the individual department offices.

See the Academic Support section, page 60, for some of the resources and opportunities the College of Arts and Sciences provides students and the public.

Graduate Education

Master of Science in Psychology: A professional graduate degree and doctoral preparation degree in the Department of Psychology.

Master of Public Administration: A professional graduate degree in the Department of Sociology, Political Science, Native American Studies and Environmental Studies.

Master of Science in Public Relations: A professional graduate degree in the Department of Communication and Theatre.

Mission Statement

The mission of the College of Arts and Sciences is to serve the educational needs of the people of Montana through:

- a General Education program providing a foundation of liberal education to all students;
- selected undergraduate degree programs in the arts, humanities, sciences, and social sciences;
- selected pre-professional programs; and
- various graduate, continuing education, and non-conventional learning opportunities consistent with the mission of the University.

Through these learning experiences, the College seeks to provide knowledge and cultivate skills to allow a student to select realistic future directions for study and/or employment. These learning experiences should be of high quality and be consistent with the mission and resources of the University. With its inherent diversity, the College serves as an intellectual and cultural resource for all students, faculty, and staff of the University, and for the larger community and region which it serves.

Career Areas

The liberal arts and sciences provide the basic background which is essential for careers in many areas. Some examples are listed below:

- Actuarial Science
- Agriculture
- Business Management
- Dentistry
- Forestry
- Health Services
- Law
- Medicine
- Pharmacy
- Social Work
- Wildlife Management

The baccalaureate degree is sufficient preparation to begin a career in many such areas. For others, graduate or professional training after the baccalaureate degree is necessary. Montana State University Billings does not offer baccalaureate degrees in all of these areas, but information concerning career opportunities in specific areas and the kinds of college degrees and specializations that employers look for in a student’s preparation for a career is available through the various academic departments and the Office of Career Services.

Requirements for Bachelor of Arts and Bachelor of Science Degrees

Candidates for the Bachelor of Arts and the Bachelor of Science degree are subject to all of the general academic regulations set forth in this General Bulletin. The following is a summary of degree requirements:

I. General Education – 37 credits

A complete listing of General Education requirements is included in the Academic Affairs section (see page 71). Note: Students seeking a Bachelor’s degree at Montana State University Billings must take WRIT 101 and an advanced writing class. Advanced writing classes for the College of Arts and Sciences vary. Students should consult with their advisors.
II. Degree Requirements in Language

Definition of “Language”

Any spoken or written language (excluding sign and computer languages) for which a measuring instrument is available or for which a valid measuring technique can be devised may be used to meet the proficiency requirement. Proficiency, advanced placement, and equivalency credit are determined by the Department of English, Philosophy and Modern Languages. (In the case of American Indian Languages, the evaluation is done in conjunction with the appropriate faculty in the Department of Sociology, Political Science, Native American Studies and Environmental Studies.) Language credits used for fulfillment of the degree requirement may also apply toward an appropriate language major or minor offered by the University.

Language requirements are different for different degrees and are described in the section with the degree.

A. B.A. Degree Language Requirement

In Bachelor of Arts degrees requiring foreign language, the language requirement is satisfied by demonstrating proficiency in a language other than English equivalent to satisfactory completion of second-year college-level work in that language or languages courses number 101-102 and 201-202 in the same language (maximum of 14 credits).

Language requirements may be different for some B.A. degrees and are described in the section with the degree.

B. B.S. Degree Language Requirement

The language requirement for the Bachelor of Science degree is satisfied by demonstrating proficiency in a language other than English equivalent to satisfactory completion of first-year college-level work in that language or language courses numbered 101-102 in the same language (maximum of 8 credits).

III. Degree Requirements in Mathematics

The mathematics requirement for the Bachelor of Science degree is satisfied in one of two ways:

A. Taking two (2) approved mathematical sciences courses (Mathematics, Statistics, or Computer Science) in addition to the course taken to satisfy the General Education requirement in Mathematics.

B. Taking *M 171 Calculus I to satisfy the General Education requirement in Mathematics, and completing one (1) additional approved mathematical sciences course (M 172 Calculus II is recommended).

Students should consult their major department to determine the mathematical sciences courses recommended for their major.

*May satisfy General Education requirements.

IV. Majors and Minors

A. An academic major is required for graduation. Majors as listed in the disciplines consist of 30 or more credits.

B. An academic minor is required in many departments. Minors as listed in the disciplines consist of 20 or more credits.

C. In lieu of the major-minor combination, some disciplines offer extended majors. Extended majors consist of 40 or more credits, and with this type of major a minor is not required.

V. Electives

In addition to the above requirements, elective courses are necessary to make a total minimum of 120 semester credits for the degree or, in the case of the major with a teaching licensure option 128 credits. At least 36 semester credits must be in upper division courses (numbered 300 or above), and at least 12 semester credits of these upper division credits must be in the subject major program.

Bachelor of Science in Liberal Studies

Requirements for the BSLS are listed in the Interdisciplinary Degree section (see page 83). This program is also offered in an online format.

Bachelor of Applied Science Degree

Requirements for the BAS Degree are listed in the Interdisciplinary Degree section (see page 83). This program is also offered in an online format.

Associate of Arts and Associate of Science Degree Programs

Requirements for the Associate of Arts and Associate of Science degrees are listed in the Associate of Arts & Associate of Science Degrees section (see page 80).
The Department of Art

Dr. Patricia Vettel-Becker, Chairperson
LA 106, (406) 657-2324
pvbecker@msubillings.edu

Professors: Cast, Jussila, Landis, Vettel-Becker
Assistant Professor: Wilkins
University Lecturer: Fliegel
Professor Emeritus: Pollock, Selsor, Steele

Undergraduate Degrees and Majors

Bachelor of Arts
Major: Art
Option: Teaching Licensure

Bachelor of Fine Arts in Art
Minor and Teaching Minor: Art

Mission of the Department
The mission of the Department of Art at Montana State University Billings is to educate students in the understanding, production, and analysis of visual art and culture. This educational process includes the development of technical, conceptual and art historical awareness; the development or furtherance of visual and tactile insight; the development of appropriate verbal and written skills; and the fostering of professional attitudes and goals. The curriculum is designed to prepare students to face the challenges and diverse career opportunities that exist within the discipline and to give students the knowledge, practical skills, and maturity of critical thinking that is necessary to embark on study at higher levels.

This mission is accomplished through classes in various studio media; in art history, theory, and criticism; through individual advisement and assistance from a concerned faculty; through exhibitions in the Northcutt Steele Gallery, the Yellowstone Art Museum and other museums and galleries in the area; through the activities of the Art Students’ League and the Potters’ Guild; through the visiting artist programs; and through career advisement.

Coursework in the Areas of Concentration—art history, ceramics, drawing, new media, painting, photography, printmaking, and sculpture—lead to a Bachelor of Arts (BA) degree in Art or a Bachelor of Fine Arts (BFA) degree in Art.

The BA in Art is a liberal arts degree that focuses on art in the context of a broad program of general studies. Students choose one of the following Areas of Emphasis: Studio Art, Studio Art with Minor, Art History with Minor, or Studio Art and Art History.

The BA in Art with Teaching Licensure is designed for the student seeking licensure (K-12) in the extended major teaching field of art.

The BFA in Art is considered the professional undergraduate degree in studio art and is designed to provide students with a thorough grounding in fundamental principles and techniques with opportunities for emphasis in one or more specific studio art areas.

Students may also obtain teaching licensure with a BFA, but the coursework extends beyond the minimum credits required for the BA in Art with Teaching Licensure.

Learning Outcomes
Students in all art major and minor programs will:

- Demonstrate knowledge of formal elements and principles, artistic genres, stylistic categories, materials and techniques and contextual factors.
- Exhibit proficiency with a range of media in creating two- and three-dimensional artworks.
- Demonstrate research, analysis, and organizational abilities in relation to artworks.
- Articulate art concepts in appropriate oral and written professional presentations.

Career Opportunities
Many careers require the expressive, communicative and imaginative skills of individuals educated in the visual arts. According to various reports, career possibilities in the visual arts are more diversified now than ever before. Whether designing one’s own art career or following an already existing path, exciting opportunities exist for artists and art educators. Basic preparation for professional studio artist and art teacher careers can be supplemented with consideration of the
following: positions in a museum, gallery or center as
director, manager, curator, conservator; art historian; art
librarian; illustrator; designer; architect; therapist;
personnel connected to public and private art granting
and government agencies, among many others.

Accreditation
The Department of Art is accredited by NASAD
(National Association of Schools of Art and Design).

Auditing Courses
Studio classes, including Practicum and Workshop
classes as designated in the General Bulletin, may not
be audited. Art History and Seminar classes may be
audited with instructor permission and following
University policies.

Advising Information
Students are required to meet with their advisor each
semester to confirm that their Plan of Study is accurate
and complete. If necessary, changes and updates
should be made in order to ensure that program
requirements can be completed in a timely manner.
Faculty advisors work with students to explore
appropriate internships, cooperative education
placements and/or experiential learning opportunities
which will enhance the student’s academic program. In
addition, advisors provide assistance in selecting
elective courses which support the student’s interests,
career plans and Plan of Study.

Academic advising services for all freshmen Arts and
Sciences majors are provided through the Advising
Center on McMullen Hall first floor west. Upon
declaring a specific major, Arts and Science majors will
be assigned to a faculty advisor in their department for
upper division advising. Advising files for all upper-
division students are maintained in the departmental
office of the program in which the student is majoring.
Although advisors are available to assist students in
designing their Plans of Study, students are ultimately
responsible for meeting degree requirements.

A grade of “C” or higher is mandatory in all Art
classes satisfying major and minor requirements.

Location of the Art Facilities
The Department of Art is housed in various campus
locations. The Liberal Arts Building houses the main
Art office, Visual Resource Center, the Northcutt Steele
Gallery, the Outer Gallery and the Student Gallery.
Studios for drawing, design, digital photography, new
media, painting and printmaking are in the same
location. The library, connected to the Liberal Arts
Building, accommodates the darkroom photography
studio. Art history courses meet in various buildings
with multimedia classrooms. Studio spaces for
ceramics and sculpture are in the Art Annex. Art
Education classes meet in the College of Education
building.

Gallery Complex
The Department of Art coordinates everyday access to
the Northcutt Steele Gallery located in the Liberal Arts
Building. The gallery features a variety of exhibitions
including the annual art faculty exhibition, juried
student exhibition, and individual artist exhibitions of
national, regional and area significance. The Student
Gallery and Outer Gallery are dedicated to the
exhibition of student work. Three other art collections
are maintained and shown at various times: Permanent
Art Collection, Opal Leonard Collection of Chinese and
Japanese Art, and the Helen and Paul Covert Collection
of Fine Art.

Explanation of Credits in Art
The Department of Art offers two types of classes: 1)
classes which meet one hour per week for each earned
credit hour referred to as “Lecture” (Lec), and 2)
classes which are a combination of studio, recitation
and discussion referred to as “Studio” (Stu). “Studio”
classes meet one hour per week for each credit hour
designated as recitation/discussion (Rct) and two hours
per week for each credit hour designated as Studio
(Stu). Students should plan to study on their own for an
additional two hours for each credit earned. The
designation of a course as lecture (Lec),
recitation/discussion (Rct) or studio (Stu) can be found
in Course Terms and Definitions.

Studio Use
Unscheduled studio classrooms are available for art
student use during the day. Students should avail
themselves of the open studios at these times. In
addition, an adopted “After Hours Studio Use Policy” is
posted in each classroom for other hours.

The total number of elective credits will be determined by the number of
courses a student elects to take which fulfill both the General Education
requirements and the major requirements. Electives should be chosen in consultation with an academic advisor.

*May satisfy General Education requirements.

There is a lab fee for most studio classes, payable at registration.

Certain courses in this program have prerequisites; others are offered only in
alternate years. Students should check course descriptions for required
prerequisites.
**Bachelor of Arts Degree**  
**Major in Art**  
**Teaching Licensure Option**

All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

**General Education Requirements** ............................................................. 37  
ARTH 150 is designated as a General Education course and is required for the major. EDU 105 is designated as a General Education course and is required in the Professional Core.  
Students should consult with their faculty advisors to ensure proper selection of General Education courses (see page 71).  
**Note:** A grade of “C” or higher is mandatory in all Art courses satisfying major and minor requirements.

**Teaching Licensure Option Professional Core (see page 288)** .............. 35  
(includes EDU 397H Methods: K-12 Art, 3 credits)

(See page 71) Students should consult with their advisors to determine if specific courses in General Education also satisfy requirements in this major.

**NOTE:** A grade of “C” or higher is mandatory in all Art courses satisfying major and minor requirements

**Admittance to Degree Candidacy**

All students initially enter as Bachelor of Arts (B.A.) candidates. Students interested in earning the Bachelor of Fine Arts Degree (B.F.A.) must apply for candidacy and undergo a portfolio and transcript review no later than the end of the first half of the degree program. Students not admitted to the B.F.A. program in their first application may continue as B.A. candidates or may reapply to the B.F.A. program the following semester.

**Required Art Courses**

| ART 258 New Media I .......................................................... | 4 |
| ARTH 150 Introduction to Art History .................................. | 3 |
| ARTH 321 Renaissance and Baroque Art ......................... | 3 |
| ARTH 342 Modern Art ...................................................... | 3 |
| ARTH 352 Visual Theory and Criticism .................................. | 3 |
| ARTH 451 Contemporary Art .................................................. | 3 |
| *ARTZ 105 Visual Language-Drawing ................................... | 3 |
| ARTZ 106 Visual Language-2-D Foundations ....................... | 3 |
| ARTZ 108 Visual Language-3-D Foundations ....................... | 3 |
| ARTZ 211 Drawing I ............................................................ | 4 |
| ARTZ 400 Careers in Art ..................................................... | 1 |
| ARTZ 409 Resume and Artist Statement ............................ | 1 |
| ARTZ 499 Senior Project/Capstone .................................... | 1 |
| **Total** .................................................................................. | 35 |

**Restricted Art Electives**

**Group 1:** Select one course from each of the following three areas:

**Area One**

| ARTZ 271 Printmaking I .................................................. | 4 |
| ARTZ 273 Printmaking I-Lithography ................................. | 4 |
| ARTZ 284 Photography I-Techniques and Processes ............... | 4 |

**Area Two**

| ARTZ 221 Painting I ......................................................... | 4 |
| ARTZ 224 Watercolor I ......................................................... | 4 |

**Area Three**

| ARTZ 231 Ceramics I .......................................................... | 4 |
| ARTZ 251 Sculpture I .......................................................... | 4 |

**Group 2:** Select one course from this group:

| ARTH 435 Art of the United States .................................. | 3 |
| ARTH 436 The History of Women in Art .............................. | 3 |
| ARTH 439 American Indian Art ............................................ | 3 |
| ARTH 455 Art and the Environment .................................... | 3 |

| ARTH 494 Seminar/Workshop (Art History) ......................... | 3 |

**Total Restricted Art Electives** ........................................................................ | 15 |
Upper Division Studio Art ................................................................. 28
Twenty-eight hours of upper division studio art credits to include a minimum of 16 credits in one Area of Concentration (Ceramics, New Media, Drawing, Painting, Photography, Printmaking, or Sculpture).

Art Electives ....................................................................................... 5-11

Total minimum credits required for degree ...................................... 120

NOTE: ARTH 150 and ARTZ 105 double count in General Education and the major, so the credits total 120.

*May satisfy General Education requirements.

There is a lab fee for most studio classes, payable at registration.

Certain courses in this program have prerequisites; others are offered only in alternate years. Students should check course descriptions for required prerequisites.
**Minor in Art**

*ARTH 150 Introduction to Art History .................. 3  
ARTH 352 Visual Theory and Criticism .................. 3  
*ARTZ 105 Visual Language-Drawing .................. 3  
ARTZ 106 Visual Language-2-D Foundations .......... 3  
ARTZ 108 Visual Language-3-D Foundations .......... 3  
Art Electives ................................................. 8-9  

Total minimum credits required for minor .... 23-24

Other specific minors are available. Please speak with your faculty advisor.

*May satisfy General Education requirements.

**Teaching Minor in Art (K–12)**

For students gaining teaching licensure in a content major, the following minor leads to endorsement. All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

**Required Courses**

ART 258 New Media I .............................................. 4  
*ARTH 150 Introduction to Art History .................. 3  
ARTH 352 Visual Theory and Criticism .................. 3  
*ARTZ 105 Visual Language-Drawing .................. 3  
ARTZ 106 Visual Language-2-D Foundations .......... 3  
ARTZ 108 Visual Language-3-D Foundations .......... 3  

Total ........................................................................ 19

Select one course from the following ...................... 4  
ARTZ 221 Painting I ................................................. 4  
ARTZ 224 Watercolor I ............................................ 4  
ARTZ 231 Ceramics I ............................................... 4  
ARTZ 251 Sculpture I ............................................... 4

Sciences at MSU Billings
Biology, Chemistry, Physics and Earth Science are core programs in the sciences at MSU Billings. Biology is the study of living organisms. Biologists study interactions among and within organisms in order to understand processes characteristic of life. Chemistry, Physics and Earth Science are physical sciences exploring the composition, structure, properties and interactions of matter. Chemistry is the study of differences and similarities of elements in order to understand how they interact to produce diverse molecules. Physics examines the properties of atoms and laws governing the makeup of matter. Earth Science is the study of minerals and soils, their origin, change and distribution.

Research
Science faculty at MSU Billings encourage undergraduate students to participate in research. Every student is given the opportunity to explore a research problem in the sciences under the guidance of a faculty sponsor. Faculty conduct research in molecular genetics, animal physiology, topics in laser spectroscopy, plant physiology, plant systematics and ecology and evolution. Active involvement in research with faculty is an important part of student success in the sciences at MSU Billings.

Undergraduate Degrees and Majors

Bachelor of Arts
Major: Biology

Bachelor of Science
Major: Biology
Options: Environmental Science, Medical Laboratory Science, Teaching Licensure

Major: Broadfield Science
Option: Teaching Licensure

Major: Chemistry
Option: Teaching Licensure

Minors: Biology, Chemistry, Earth Science, Geography, Physics

Teaching Minors: Biology, Chemistry, Earth Science, Geography, Physics

Pre-Professional Programs: Medicine, Dentistry, Pharmacy, Physical Therapy, Pre-Engineering, Veterinary Medicine

Associate of Science Programs of Study in: Allied Health, Environmental Science, Pre-Engineering.

Program Outcomes
Programs offered through the Department of Biological and Physical Sciences share many outcomes. Upon program completion students will:
- Understand the basic principles and laws governing our world and have a global awareness of their discipline.
- Demonstrate basic competency in laboratory, field and computer skills related to the sciences.
- Be familiar with accessing and interpreting the scientific literature.
- Be proficient in written and oral communication in the sciences.
- Understand scientific methodology, and conduct scientific investigations using it.
- Be prepared to participate in professional activities.
Career Opportunities
Most students who graduate from MSU Billings in the sciences typically receive a Bachelor’s degree in Biology or Chemistry. In some instances our graduates directly enter the job market. For example, our Biology and Chemistry teaching licensure programs allow students to enter the teaching profession with appropriate expertise and licensure to teach in Montana. Our new program in Medical Laboratory Science will allow students to achieve national certification for a career in clinical/medical laboratory science. Students seeking jobs with private industry, state (e.g. Fish, Wildlife & Parks) or federal (e.g. FBI) agencies have also been successful. Alternatively, many of our graduates choose to continue their training beyond a four year undergraduate program. They have been accepted in professional programs in the health sciences (medical, dental, pharmacy & veterinary medicine) and major university graduate programs leading to a master’s degree or Ph.D. in Biology, Chemistry and Physics.

Advising Information
Academic advising for all freshmen Arts and Sciences majors is initially provided through the Advising Center on campus. Science majors are then assigned a faculty advisor in the Sciences with expertise matched to their interest. Students meet with their faculty advisor each semester to review their progress and make any changes required for a complete and accurate Plan of Study to satisfy program requirements in a timely manner. Faculty advisors also work with students to explore internships, cooperative education placements and opportunities in research to enhance the student’s academic program. In addition, faculty advisors provide assistance in selecting elective courses which support the student’s interests, career plans and Plan of Study. Students are ultimately responsible for meeting degree requirements, and science faculty at MSU Billings believe very strongly that academic advising is a vital component to ensuring student success.

Biology
Biology programs available at MSU Billings include (1) the Biology Major (2) the Biology Minor, and (3) the Biology Teaching Minor. The biology major also has several options and plans of study to allow students to specialize in an area of interest. The biology curriculum is designed to provide biology students with the opportunity for the best possible undergraduate education in biology. In addition to the transmission of factual information, the biology curriculum places emphasis on the development of critical thinking skills in contemporary areas of biology. This is accomplished through a combination of lecturing, experimental laboratory exercises, independent learning by data analysis, research and field projects, seminars, incorporation of extensive writing, library research, and use of computers in data analysis.

MSU Billings’ program in biology begins with a two-year core curriculum emphasizing the broad scope of biology through coursework in biological principles, biological diversity, cell biology and genetics. Other required advanced courses and electives are taken in the junior and senior year. While building a solid foundation in biology, the program allows students to match their interests with professional requirements.

Students in biology at MSU Billings have an opportunity to focus on specific areas in biology through a variety of options and plans of study. Options available to students include Environmental Sciences, Biology Teaching Licensure, and Chemistry Teaching Licensure. The Environmental Sciences Option offers in-depth specialization to include an area of biology having regional and global importance. Specialization in biology is possible with the choice of an appropriate plan of study and in consultation with the faculty advisors who can provide students with the best educational experience at MSU Billings.

All students in the Biology program also take a Capstone seminar course in their senior year. This course is designed to ensure a standard of excellence in knowledge of basic biological concepts, and integration of those concepts with other areas in Science.

A maximum of five semester credits of BIOB 490, 492, 494, 495, and 498 can be applied to the BA or BS degree as unrestricted biology electives. Excess credits earned in these courses may still be applied to graduation as unrestricted electives.

Chemistry
Chemistry programs at MSU Billings include (1) the Chemistry Major (2) the Chemistry Minor and (3) the Chemistry Teaching Minor. Students taking the first two years in a chemistry program will have a well rounded background in organic and inorganic chemistry. Students majoring in chemistry will receive additional training in physical chemistry, quantitative chemistry, instrumentation, biochemistry and advanced organic or inorganic chemistry.

The chemistry program is designed to be flexible enough to meet individual interests of students and comprehensive enough to be competitive nationally. A
chemistry major can expect to find employment in private, state, or federal laboratories ranging from research and development to quality control. Course selection and/or selection of a minor can open additional choices in other fields such as biology, geology, business, or health sciences. Graduate education is encouraged as an avenue to expand career opportunities.

Earth Science
Earth Science programs available at MSU Billings include (1) the earth science minor with an emphasis in Geology and (2) the Earth Science Teaching Minor which covers a broader field of the earth sciences leading to teacher licensure.

The Earth Science Minor with a geology emphasis provides opportunities for study in the areas of: landform development, igneous, sedimentary and metamorphic rocks, crystallography, earth history, earth structures, and independent research. Students completing this program may find employment in the geological, engineering and environmental areas as well as employment as interpreters with park systems, nature centers and museums.

The Earth Science Teaching Minor provides opportunity for study in a broader area of earth sciences including geology, meteorology and astronomy. This broader field of study leads to an earth science teaching endorsement in the State of Montana. Students completing this track of study would be predominantly employed by educational systems.

Broadfield Science
The Broadfield Science program offers students a broad-based foundation in the sciences through coursework in Biology, Chemistry, Earth Science and Physics. The program provides graduates with the knowledge and skills necessary to qualify for positions requiring a broad-based foundation in all sciences.

The Broadfield Science Degree with Teaching Endorsement is especially attractive to students interested in teaching science because they will have a strong foundation in multiple scientific disciplines. With additional Professional Core requirements met for teacher licensure, students entering this program would be regarded as “highly qualified” according to national standards, and thus qualify for K-12 teaching opportunities in broadfield science.

Geography
Geography programs available at MSU Billings include (1) a Geography Minor and (2) a Geography Teaching Minor.

Students seeking a Geography Minor will be provided with an opportunity to study the phenomena, events and physical properties on the Earth’s surface, including their interrelationships with human beings. Students in the program will learn specific geographic techniques and their applications to regional, national and global levels. Technical skills in mapping, computer applications and survey research will be presented. Students completing this program may find employment with planning, interpretative and governmental agencies.

The Geography Teaching Minor will provide education majors with the necessary skills to obtain a teaching endorsement in geography. The student will be provided with an opportunity to study both the physical and cultural aspects of geography. However, the greater emphasis is on the cultural aspects of geography and their application to educational instruction. Students completing this program would be prepared to seek employment in regional, state and federal educational programs.

Physics
Physics programs available at MSU Billings include (1) the Physics Minor, (2) the Physics Teaching Minor, and (3) the Pre-engineering program. Physics is the study of matter, energy, and their interactions; this includes all physical structures and phenomena. Experiments and observations in physics have shown that the operation of the universe at all levels is based on a few fundamental laws. The study of physics is the study of these laws and their applications.

Requirements for the pre-engineering program and physics teaching minor are listed under the Pre-Professional Program and College of Education sections, respectively. It is recommended that chemistry teaching majors complete their teaching minors in physics, since many high schools require the teaching of physics and chemistry by the same individual. Chemistry and math majors should also consider a minor in physics.
Medical Laboratory Science

Program
Students wishing to become medical/clinical lab scientists may choose the Medical Laboratory Science option in the Biology Program and complete the program in four years. Students working towards a Bachelors of Science degree in Biology or Chemistry, or a double major in Biology and Chemistry, may apply to this program and upon entrance complete the professional training in their fifth year. Two plans of study are available to complete this program. For additional information, contact Dr. Rhonda Dillman, Program Director at (406) 657-2031 or rdillman@msubillings.edu.

Plan A: Bachelor of Science Degree Major in Biology – Medical Lab Science Option (3+1)
Total credits for graduation are 128. Additional credits are required in this option because students take additional summer session of courses. This additional summer semester is necessary because professional training programs approved by the National Accrediting Agency for Clinical Laboratory Science (NAACLS, www.naacls.org) are 12 months in duration. All students desiring to become a certified Clinical Laboratory Scientist must take a national certification examination upon completion of a senior year of professional training. All students will develop a career plan in their freshman/sophomore year with the help of their advisor. Students with a 2.5 GPA or higher can apply for a senior year of professional training. They will obtain a degree in Biology/Medical Laboratory Science Option from MSU Billings. The following courses are required in the fourth year of the program and offered by off campus Institutions:

- BIOH 470 Summer Clinical Laboratory (University of North Dakota/Sacred Heart School of Medical Technology at Spokane/Health One Alliance School of Medical Technology, Denver) 12 credits
- BIOH 471 Professional Training I Fall Semester (Training Site) 13 credits
- BIOH 472 Professional Training II Spring Semester (Training Site) 12 credits

Plan B. Bachelor of Science Degree Major in Biology or Chemistry – Medical Lab Science (4+1 Plan of Study)
Total credits for graduation are 120. All students will develop a career plan in their senior year with the help of their advisor. After completion of the Bachelor of Science degree, students can apply for an internship at any approved training program in the United States. Upon completion of the internship, students will be qualified to take a national registry examination administered by the American Society for Clinical Pathologists or the National Certification Agency.

Pre-Medical Sciences
Advising Center, McMullen First Floor West
(406) 657–2240
Students interested in professional programs in medical sciences such as medicine, dentistry, veterinary medicine, physicians assistant, physical therapy and pharmacy must obtain a Bachelor’s degree in preparation for most of these professional programs. No specific undergraduate major is required for most of these health professions, but a strong academic background in biology and chemistry is expected for admission to these programs.

Medical science programs look for students who are well-rounded. Individual plans of study can be designed in consultation with a faculty advisor to provide the student with the maximum opportunity for pursuing goals. Students seeking admission to a medical science program apply to an appropriate professional school before graduation from MSU Billings. Biology and Chemistry faculty assist and advise the student in arranging these applications.

Total Degree Requirements ........................................................................ 120

*May satisfy General Education requirements.
Bachelor of Science Degree
Major in Biology
Medical Laboratory Science Option

Students with a 2.5 GPA or higher can apply for a senior year of professional training. They will obtain a degree in Biology/Medical Laboratory Science Option from MSU Billings. Total credits for graduation are 128. Additional credits are required in this option because students take additional summer session of courses. This additional summer semester is necessary because professional training programs approved by the National Accrediting Agency for Clinical Laboratory Science (NAACLS, www.naacs.org) are 12 months in duration.

All students desiring to become a certified Clinical Laboratory Scientist must take a national certification examination upon completion of a senior year of professional training.

General Education Requirements ............................................................. 37
The following General Education courses also satisfy requirements in the major: BIOB 160, BIOB 161, CHMY 141, and STAT 216. Students should consult with an academic advisor before registering for General Education courses in order to minimize the number of courses needed to satisfy the requirements of the major.

Professional Medical Lab Training Core ................................................. 37

Biology Requirements

CHMY 212 Elements of Organic Chemistry Laboratory ................ 1
^CHMY 311 Analytical Chemistry-Quantitative Analysis .............. 3
^CHMY 312 Analytical Chemistry Laboratory-Quantitative Analysis ... 1
Chemistry Total ........................................................................ 16
^Highly recommended but not required.

NOTE: Students wishing to obtain a minor in Chemistry will need to take
CHMY 321, 322, 323, 324 instead of CHMY 211, 212 and CHMY 311, 312.

Mathematics/Statistics Requirement
Choose one:
*STAT 216 Introduction to Statistics .............................................. 4
STAT 217 Intermediate Statistical Concepts .................................. 4
Mathematics/Statistics Total .......................................................... 4

Physics Requirements
Choose one Physics course with lab:
*PHSX 205 College Physics I ...................................................... 3
*PHSX 206 College Physics I Laboratory ...................................... 1
PHSX 220 Physics I ................................................................. 3
PHSX 221 Physics I Laboratory ................................................... 1
Physics Total ............................................................................... 4

Total minimum credits required for major .................................. 64

Total minimum credits for internship ........................................... 37

Total minimum credits for degree ............................................... 128

*May satisfy General Education requirements.

Courses in the professional training core (BIOH 470 Summer Clinical
Laboratory, BIOH 471 Professional Training I Fall Semester and BIOH
472 Professional Training II Spring Semester) will be taught at an
affiliated institution, either at the University of North Dakota, Sacred
Heart School of Medical Technology in Spokane, WA or the Colorado
Center for Medical Laboratory Science, Denver, CO
(www.MedLabEd.org). The training and credits from all three
programs will allow students to fulfill the requirements needed to take
the national examinations to become certified clinical laboratory
scientists or medical technologists. All students enrolled at each training
program site will remain MUS students at their respective institutions.
Bachelor of Science Degree
Major in Biology
Teaching Licensure Option

All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

General Education Requirements ............................................................. 37
(Secondary & K-12 majors)
The following General Education courses also satisfy requirements in the major: BIOB 160, BIOB 161, CHMY 141, M 171, STAT 216 and EDU 105. Students should consult with an academic advisor before registering for General Education courses in order to minimize the number of courses needed to satisfy the requirements of the major.

Elective Program Courses
Students must take 8 credits from the following electives:
- NUTR 221 Basic Human Nutrition ......................... 3
- BIOM 360, 361 General Microbiology with Lab .......... 4
- BIOB 375, 376 General Genetics with Lab ............... 4
- *CHMY 141, 142 College Chemistry I with Lab ....... 4
- CHMY 143, 144 College Chemistry II with Lab ........ 4
- HHP 210 First Aid and CPR .................................. 2
- PHSX 205*, 206*, 207, 208 College Physics
  with Labs........................................................ 8
- PSYX 330 Developmental Psychology
  OR
- PSYX 340 Abnormal Psychology ............................ 3
Upper division Biology or Chemistry courses chosen in
conjunction with advisor .......................................... V
Total Elective Credits.................................................. 8
Total minimum credits required for degree ........ 60

*May satisfy General Education requirements.

Note: The above required General Education Courses and Program Courses are minimum requirements.
Students with specific career goals in the Allied Health Sciences should be aware that some disciplines require
more advanced courses than those listed. Therefore, if
you know your career path, or if you believe you may transfer into a B.S. program at MSU Billings or
another university, it is essential that you consult with
your advisor in the science department so that you proceed efficiently in your studies.

Electives  

The total number of elective credits required for the degree will be determined by the number of courses a student elects to take which fulfill both the General Education requirements and the major requirements. Electives should be chosen in consultation with an academic advisor.

Total minimum credits required for degree

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.
Bachelor of Science Degree  
Major in Chemistry  
Teaching Licensure Option

All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

**Credits**

Minor in Earth Science

Credits

Required Courses

ERTH 400 Geomorphology and Quaternary Geology ...................................................... 3
ERTH 401 Geologic Field Methods ......................... 4
*GEO 101 Introduction to Physical Geology .......... 3
*GEO 102 Introduction to Physical Geology Laboratory ...................................................... 1
GEO 205 Mineralogy ................................................ 4
GEO 211 Earth History and Evolution ..................... 3
GEO 212 Earth History and Evolution Laboratory ... 1
GEO 309 Sedimentation and Stratigraphy ............... 3
GEO 315 Structural Geology .................................... 3
Total minimum credits required for minor........ 25

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check course descriptions for required prerequisites.

Teaching Minor in Earth Science

For students who are gaining teaching licensure in a content major, the following minor leads to endorsement. All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

Credits

Required Courses

EDU 397G Methods: 5-12 Science ......................... 2
ERTH 303 Weather and Climate ............................ 4
ERTH 401 Geologic Field Methods ......................... 4
*GEO 101 Introduction to Physical Geology .......... 3
*GEO 102 Introduction to Physical Geology Laboratory ...................................................... 1
GEO 205 Mineralogy ................................................ 4
GEO 211 Earth History and Evolution ..................... 3
### Minor in Geography

**Credits**

**Required Courses**
- GPHY 111 Introduction to Physical Geography .......... 3
- GPHY 112 Introduction to Physical Geography Laboratory ........................................... 1
- GPHY 121 Human Geography .................................. 3
- GPHY 141 Geography of World Regions ............... 3
- GPHY 222 Introduction to Economic Geography .... 3
- GPHY 282 Mapping Techniques ................................................. 3

**Electives** .......................................................... 6
Any two of the following upper division courses:
- ERTH 400 Geomorphology and Quaternary Geology ............................................................ 3
- ERTH 401 Geologic Field Methods .............................. 4
- GPHY 341 Geography of Latin America .................. 3
- GPHY 345 Geography of Russia .............................. 3
- GPHY 346 Geography of Europe ............................. 3
- GPHY 347 Regional Geography (Multiple Regions) .......................................................... 3
- GPHY 380 Principles of GIS ..................................... 3
- GPHY 440 Geography of Montana ........................... 3
- GPHY 494 Seminar/Workshop .................................. 3

**Total minimum credits required for minor ........ 22**

*May satisfy General Education requirements.

_Certain courses in this program have prerequisites; students should check course descriptions for required prerequisites._

### Teaching Minor in Geography

For students who are gaining teaching licensure in a content major, the following minor leads to endorsement. All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

**Credits**

**Core Requirements**

The Department of Communication and Theatre

Dr. Susan Balter-Reitz,
Chairperson
LA 600, (406) 657-2178
sbalter-reitz@msubillings.edu

Professors: S. Coffman, Gross
Associate Professors: Balter-Reitz, Keller
Assistant Professor: Weiss
Lecturers: Pugh, Tilton
Professors Emeritus: Boden, V. Coffman, Held

Undergraduate and Graduate Degrees and Majors

Bachelor of Arts Degree
Major: Communication Arts
Options: Mass Communication, Organizational Communication, Theatre
Students with a Communication and Theatre Major are not required to have a minor.

Bachelor of Science Degree
Major: Public Relations

Minor: Communication Arts
Options: Mass Communication, Organizational Communication, Theatre

Teaching Minors: Speech Communication, Theatre

The Department of Communication and Theatre offers exciting options for students interested in the communication discipline as it relates to secondary education.

Master of Science Degree in Public Relations
Please see the Graduate Catalog for details.

Degree Language Requirement
Bachelor of Arts Majors in Communication & Theatre are encouraged to consider taking two years of a foreign language.

The Department of Communication and Theatre offers the following four options for the foreign language requirement:
1. Complete the standard language requirement for a Bachelor of Arts for a total of 14 credits.
2. Complete the 101-102 active skills sequence in one foreign language plus six credits of cultural studies courses selected from List One (below) for a total of 14 credits.
3. Complete 101-102 active skills sequence in one foreign language and six credits in statistical and research method selected from List Two (below) for a total of 14 credits.
4. Complete six credits in statistical and research methods selected from List Two (below) along with nine credits selected from List One for a total of 15 credits.

List One
*SPNS 150 The Hispanic Tradition
*ANTY 220 Culture and Society
*PHL 271 Philosophy and Religion of India
*PHL 272 Philosophy and Religion of China, Tibet, and Japan
RLST 303 Classical Mythology
HSTR 330 History of Mexico
NASX Select from offerings
Other Cultural Studies in consultation with Advisor

Academic advising services for all freshman Arts and Sciences majors are provided through the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Arts and Sciences majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

Advising Information
Students are strongly encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements and/or experiential learning opportunities that will enhance the student’s academic program. In addition, advisors provide assistance in selecting elective courses that support the student’s interests, career plans and Plan of Study.

V This program is also offered in an online format.
List Two
SOCI 318 Sociological Research Methods
*STAT 141 Introduction to Statistical Concepts
*STAT 216 Introduction to Statistics
STAT 340 Probability
Other statistical and methods courses in consultation with Advisor

*May satisfy General Education requirements.

Bachelor of Arts Degree
Major in Communication Arts

The Mass Communication Option is designed to examine the nature of the mass media through theoretical grounding and applied knowledge with a concentration in (1) the construction and delivery of media messages and (2) the effects of mediated messages and the structures and practices of the media industries on culture, society, politics, the economy, and individual attitudes and behavior. This approach prepares students for careers as trained media professionals as well as to be critical consumers of media messages. The study of message construction and analysis is offered in a variety of contexts including news gathering and reporting, public relations, video production, and advertising. In each context theoretical perspectives are combined with skills training related to print and electronic media. Career options in the field of Mass Communication include public relations, marketing, broadcast news, corporate communications, and advertising.

The Organizational Communication Option is designed to educate students entering the fields of business and social service as managers, trainers, human resource officers, and corporate communication staff. This option also provides excellent preparation for graduate study in communication as well as law. The programs in Organizational Communication enable the student (1) to acquire a mature understanding of interaction and other communication issues in organizational situations; (2) to improve the ability to contribute to productive organizational performance; (3) to increase personal effectiveness related to technical communication concerns; and (4) to apply learning to real-life organizational settings.

The Theatre Option provides a general knowledge of the various components of the art of the theatre and a foundation for further study or training. The program offers exposure to acting, directing, play reading, and theatre history. Students are given opportunities to perform in the classroom, on the stage, and in the community.

Bachelor of Science Degree in Public Relations

The Public Relations degree is designed to prepare students to serve as public communicators in a variety of settings including (but not limited to) corporate, non-profit, government, healthcare, and education. The program curriculum is devised to provide students with significant communication training and internship opportunities. Students will learn essential writing, speaking, and critical thinking skills. Additionally, students will be exposed to a variety of theoretical approaches to the practice of public relations. The curriculum is modeled on the Public Relations Society of America’s Undergraduate Education recommendations.

Certain courses in these programs have prerequisites; students should check the course descriptions for required prerequisites.

V This program is also offered in an online format.

The Department of English, Philosophy and Modern Languages

Dr. Gary Acton, Chairperson
LA 437/400, (406) 657-2348
gacton@msubillings.edu

English
Professors: Acton, Dillon, Hart, Kamowski, D. Schaffer, R. Schaffer
Associate Professors: Haaland, Quetchenbach
Professors Emeritus: Gloege, Healey, Noyes, Utroske, Willett

Philosophy
Assistant Professors: Diaz, Kemmerer
Professors Emeritus: Benedict, Gulick, Karnos

Modern Languages
Professor: Robinson
Assistant Professor: Regele
Professors Emeritus: Heidinger, Jensen, Plank

Undergraduate Degrees and Majors

Bachelor of Arts
Majors: English, Spanish
Option: Teaching Licensure
Minors: English (Programs of Study: Writing Across the Curriculum, Creative Writing, Literature), International Studies, Philosophy (Option: Religious Studies), Spanish

Teaching Minors: English, Spanish (K-12)

Department Mission Statement
In English, the Department’s mission is to provide students with an understanding and appreciation of the development and aesthetic achievement of literature primarily reflecting English and American cultural, linguistic, and historical influences, but also of world literatures as well. The Department’s mission includes providing students with the tools necessary to become practiced writers.

In Spanish, the Department’s mission is to provide students with critical skills in the use of the Spanish language and familiarity with the cultures and literatures of that language, both Peninsular and Latin American.

In philosophy, the Department provides students with the ethical, philosophical, and religious viewpoints from different cultures.

In all areas of emphasis the mission of the Department is to provide academic excellence of content.

Learning Outcomes
Students who attend class regularly, complete the required courses, and work diligently will achieve the following outcomes:

• Students in English will demonstrate skills in writing expressive, literary, referential, and persuasive discourse.
• Students in English will demonstrate knowledge of the grammar, structure, development and use of the English language.
• Students in English will demonstrate an understanding of the critical approaches to and development of American, British, and World literature.
• Students in philosophy will demonstrate an understanding of basic philosophical and ethical approaches to life across cultures.

Students in Spanish will be able to use their language skills in daily life as well as possess:

• a general understanding (historical and contemporary) of the culture(s) of that language;
• an acquaintance with the literature of that language;
• a general understanding of the grammar of that language;
• (for teaching majors and minors) an acquaintance with traditional and current methodology for teaching modern languages and familiarity with on-going issues in modern languages

Advising Information
Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program
requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements and/or experiential learning opportunities which will enhance the student’s academic program. In addition, advisors provide assistance in selecting elective courses which support the student’s interests, career plans and Plan of Study.

Academic advising services for all freshmen Arts and Sciences majors are provided through the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Arts and Science majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

**English**

Satisfactory achievement of the student’s professional goals depends, in large part, on careful planning. In order to help students majoring in English to develop programs of studies that best reflect their professional goals, the faculty in the Department of English, Philosophy and Modern Languages requires students to participate in a strong program of academic advisement. The close personal and professional relationships of such a program can strengthen both students and faculty. Also, certain courses in the Bachelor of Arts and Bachelor Arts with Teaching Licensure programs have prerequisites, and students should check with their advisors for courses in the catalog with required prerequisites.

By the end of the second year of study, Bachelor’s degree candidates should have developed, in consultation with their advisors, a program of studies designed to meet individual goals. In addition, students should supplement requirements in the major with coursework in related academic disciplines. The student’s faculty advisor will help select related courses that best supplement a program of studies.

Some students who major in English continue their professional education beyond the baccalaureate degree. Law school is an example of a professional school which recommends English as an undergraduate major for applicants. Areas of employment open to English graduates with Bachelor of Arts degrees include journalism, public relations, technical writing and editing positions, and other career fields which require the ability to use language effectively.

Graduates in Education with majors in English most often enter the teaching profession at the secondary level.

**Philosophy**

The courses offered in Philosophy, Humanities and Religious Studies provide students with a chance to search for answers to the fundamental questions of human existence: Who am I? What makes life worth living? What is the nature of reality? Philosophy courses introduce students to a rich heritage of thinkers who have stressed the role of reason in providing answers to such questions. Religious Studies emphasizes the role played by scriptures, rituals, religious experiences and priestly or prophetic persons in the search for meaning. Humanities courses are characterized by critical yet imaginative inquiry into the values found in human experience. Courses in each area have much to offer students wondering who they are and what they should do with their lives.

In addition, philosophy courses in particular help develop the abilities to think coherently, to express ideas clearly and to argue rigorously. Thus, many students find philosophy to be excellent as a preparation for many professions, e.g., law, business, education, ministry, medicine and social work. Students seeking positions immediately after college often find that philosophy, combined with another area of expertise, equips them with attitudes and critical skills essential to their careers.

**Modern Languages**

Foreign languages, as currently taught in college and universities, take as their province the culture both old and new of the particular national groups as revealed in their languages and literatures. The culture—that is, the behavior, beliefs, customs, values, arts and mode of productivity—is an integral part of every foreign language course, from the elementary to the advanced courses in literature, civilization, and business. Recorded and computerized material and tutorial programs provide the “on location” experience of cultural authenticity. Through the fiber-optic network of MSU Billings, computer access to the world’s major newspapers, universities, museums and archives is available. The national language is the indisputable vehicle and the inseparable component of any particular culture, which becomes accessible only through its language. Thus are time and history, the self and the world structured and given expression.
The ability to communicate in a language other than one’s mother tongue has historically been the mark of an educated and successful person. Twenty centuries ago, Caesar read Greek in his tent at night; the Renaissance writer, Castiglione, required the knowledge of several languages for the polished courtier. Rapid communication has made neighbors of distant peoples, and the need for language study is greater than ever before if we intend to participate in the political, economic, scientific and cultural leadership of the planet. The monolingual will never be a traveler—merely a tourist.

The Bachelor of Arts degree in Spanish is available for those interested in careers in government, companies with overseas branches, and international agencies.

Credit Examinations
Those students who have had previous training in a foreign language or who are native speakers of a language other than English may receive credit for their level of proficiency through a credit examination.

The Department administers national standardized credit examinations in Spanish. Depending on proficiency, students may receive from one semester to three years credit in a language. High school study of a foreign language thus may provide immediate college credit to students who have applied themselves in high school. Students who challenge out of the second year of Spanish, and who plan to major or minor in that language, must take at least one semester of advanced grammar in the language.

Upon request, the department will grant credit in a language other than those taught at MSU Billings, including Native American languages. Students must provide a qualified interpreter. They must show oral proficiency for first year credit, and generally both oral and reading proficiency for second year credit. This credit is awarded under the LANG prefix.

Prior to graduation, students must enroll in the course for which the credits will be awarded. Students may elect to enroll in the course in the semester after the challenge exam is taken, or they may enroll for the course in any semester after the successful completion of the challenge exam. Students will avoid any additional tuition and fee charges for the successfully challenged course if they elect to enroll for the course during a semester when they are planning to enroll in 12 or more credits. Additional tuition and mandatory fees are not charged for credits taken in the tuition “flat spot” between 12 and 18 credits.

Sequence Course Procedures
Courses in first and second year French, German and Spanish must be taken in sequence, that sequence being 101, 102, 201, 202.

Study Abroad
The University offers Spanish students the opportunity to live and learn in Spain, Costa Rica and other countries. Other fully accredited summer session, semester, and academic-year abroad programs may be arranged in cooperation with other American colleges and universities. Students should inquire at the departmental office or at the Office of International Studies (McM 200, 406-657-1705).

Internships
Internships (some paid) are available for students of French, German and Spanish, and students majoring or minoring in a foreign language are encouraged to participate in one of these programs.

Bachelor of Arts Degree
Major in English

Credits

General Education Requirements ............................................................. 37

(See page 71) The Department of English, Philosophy and Modern Languages imposes specific requirements within the broad General Education requirement. WRIT 095, WRIT 101, & LIT 110 cannot be counted toward an English major or minor. English majors must consult with their advisors to determine which courses are necessary to satisfy the General Education requirements within this major. Bachelor of Arts majors in English are required to take WRIT 101, WRIT 201, and LIT 230 to satisfy specific General Education requirements. Substitutions must be approved in writing by the chairperson.

Required Courses
ENGL 213 Introduction to Language ............................................................. 3
ENGL 390 Peer Tutoring................................................................................ 1
LIT 300 Literary Criticism ........................................................................... 3
LIT 312 Advanced American Literature I ...................................................... 3
LIT 313 Advanced American Literature II ..................................................... 3
LIT 320 Advanced British Literature I ........................................................... 3
LIT 321 Advanced British Literature II .......................................................... 3
LIT 322 Advanced British Literature III ........................................................ 3
LIT 499 Thesis/Capstone: Portfolio .............................................................. 3
Total Required Courses ............................................................................. 25

Restricted Elective
ENGL 466 Studies in Language and Linguistics ......................................... 1-3
ENGL 467 Topics in Creative Writing ........................................................ 1-3
LIT 432 Major Writers ................................................................................ 3
LIT 460 Studies in British Literature ........................................................... 1-3
LIT 461 Studies in American Literature ....................................................... 1-3
LIT 462 Studies in Literature and the Environment ...................................... 3
LIT 463 Studies in Contemporary Literature ................................................. 3
LIT 464 Studies in Medieval Literature ........................................................ 1-3
Total ............................................................................................................... 3

Areas of Emphasis ............................................................... 12

English courses to be chosen in consultation with advisor.

Area I Literature
*LIT 230 World Literature Survey ............................................................ 3

Bachelor of Arts Degree
Major in English
Teaching Licensure Option

All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

Credits

General Education Requirements ............................................................. 37
(Secondary & K-12 majors)
(See page 71) LIT 230 satisfies General Education Category IV.B. and is counted in the major. Students should consult with their English advisor to determine other specific courses necessary in order to satisfy the General Education requirements within this major.

Professional Core (see page 288) ......................................................... 34 -36
(includes EDU 497D Methods: 5-12 English, 2cr.)
EDU 105 also satisfies General Education Requirements.

Required English Courses:
ENGL 213 Introduction to Language ............................................................. 3
ENGL 312 English Grammar ......................................................................... 3
ENGL 315 Sociolinguistics ............................................................................ 3
ENGL 390 Peer Tutoring ................................................................................ 1
ENGL 394 Internship ..................................................................................... 1
*LIT 230 World Literature Survey ................................................................. 3
LIT 300 Literary Criticism ............................................................................. 3
LIT 312 Advanced American Literature I ...................................................... 3
LIT 313 Advanced American Literature II ..................................................... 3
LIT 320 Advanced British Literature I ........................................................... 3
LIT 321 Advanced British Literature II .......................................................... 3
LIT 322 Advanced British Literature III ........................................................ 3
LIT 327 Shakespeare ...................................................................................... 3
LIT 381 Young Adult Literature ................................................................. 3
LIT 499 Thesis/Capstone: Portfolio .............................................................. 3
Total minimum required credits for major .............................................. 41

Teaching minor ......................................................................................... 21^

Total minimum credits required for degree ........................................... 128^

Residency Requirement: Students electing the BA in English at MSU Billings with teaching licensure must complete a minimum of 10 semester hours of the major requirements or electives in English at MSU Billings and six semester hours of the teaching minor requirements or electives in English at MSU Billings. Exceptions to this requirement can be petitioned to the Department of English for special approval.

^ Double counting credits. Students may double count at least six General Education credits to satisfy requirements in both the major and minor. LIT 230 required in this program meets an General Education requirement for BA majors in English, as does EDU 105 in the Professional Education Core.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

SUGGESTED PLAN OF STUDY

B.A. Major in English
Teaching Licensure Option

Students should talk with their faculty advisors prior to registration for classes. It is a good practice to visit with the faculty advisor each semester. The following suggested schedule provides a general overview of courses and work that will enable the Teaching Major in English student to progress through the degree in an orderly and timely manner.

First Year F S
WRIT 101  3
LIT 230  3
ENGL 213  3
BIOB 101  3
EDU 105  3
EDU 220  3
COMT 110 or 101 or 130  3
Minor  3
General Education 3 6
Total 15 18

Second Year F S
WRIT 201  3
ENGL 312  3
LIT 312  3
LIT 313  3
EDU 221  3
HSTA 101 or 102 3
HHP 412  1
NASX 105 or 205  3
SPED 260  3
LIT 320  3
General Education w/Lab 4
Total 16 16

Apply for Admission to Teacher Education Program Spring Semester.

Third Year F S
ENGL 315  3
LIT 300  3
LIT 321  3
LIT 322  3
LIT 381  3
ENGL 390 1
EDU 333  3
Minor 6 9
ENGL 394 1
Total 17 18

Fourth Year F S
EDU 497D  2
LIT 499  3
LIT 327  3
EDU 406  3
EDU 380  2
EDU 495C  9
Minor Methods 3
Minor  6
Total 16 12

Apply to Student Teach Fall Semester.
Apply to Graduate Fall Semester.
Apply for licensure Spring Semester.
**Minor in English**
See below for options.
Substitutions must be approved in writing by the chairperson, Department of English, Philosophy and Modern Languages. WRIT 095 and WRIT 101 cannot be counted toward an English minor.

Minor in Philosophy

Credits

Core Requirements
Select 12 credits from the following courses:

A. Core Requirement
*PHL 110 Problems of Good and Evil: Introduction to Ethics ................................................. 3

B. Lower Division Electives
Choose 9 credits from the list below. NOTE: (1) Do not count both PHL 101 and PHL 111 and (2) Do not count more than 1 course from Honors.
HON 181 The Ancient and Medieval Worlds ........... 3
HON 182 The Renaissance and Modern Worlds ...... 3
PHL 101 Reason and Reality: Introduction to Philosophy.................................................... 3
*PHL 111 Philosophies of Life ................................................................. 3
PHL 234 Introduction to Logic: Applied Logic ...... 3
*PHL 271 Philosophy and Religion of India ............ 3
*PHL 272 Philosophy and Religion of China, Tibet, and Japan....................................... 3
PHL 294 Seminar/Workshop.............................................................. 3
Core Requirements total ............................................ 12

Upper Division Electives .............................................. 9
Select 9 credits from the following two groups in consultation with your advisor from any upper division Philosophy courses.

Group A
(Any 6 credits)
PHL 326 Death, Dying, and Medical Ethics......... 3
RLST 303 Classical Mythology ........................... 3
RLST 304 Global Mythology .................................. 3
PHL 322 Philosophy and Environmental Ethics .. 3
PHL 320 Philosophy and Business Ethics .......... 3

Group B
(Any 3 credits)
PHL 364 Great Figures in Philosophy and Religion .3
PHL 375 Women, Philosophy and Religion ........... 3
PHL 494 Seminar/Workshop......................................... 3

Total Minimum credits required for minor....... 21

*May satisfy General Education requirements.

Minor in Philosophy

Credits

Religious Studies Option

Core Requirements
Select 12 credits from the following courses:

A. Core Requirement
*RLST 170 The Religious Quest ................................. 3

B. Lower Division Electives
Choose 9 credits from the following list.
NOTE: Do not count more than 1 course from Honors.
HON 181 The Ancient and Medieval Worlds ........... 3
HON 182 The Renaissance and Modern Worlds ...... 3
*LIT 240 The Bible as Literature............................. 3
*PHL 110 Problems of Good and Evil: Introduction to Ethics .................................................. 3
*PHL 271 Philosophy and Religion of India ............ 3
*PHL 272 Philosophy and Religion of China, Tibet, and Japan....................................... 3
RLST 245 Christianity .................................................. 3
RLST 303 Classical Mythology .................................. 3
Core Requirements total ............................................ 12

Upper Division Electives .............................................. 9
Select 9 credits in consultation with your advisor from any upper division Philosophy courses.
NASX 304 Native American Beliefs and Philosophy .................................................. 3
RLST 303 Classical Mythology .................................. 3
RLST 304 Global Mythology ........................................ 3
PHL 364 Great Figures in Philosophy and Religion .3
PHL 494 Seminar/Workshop......................................... 3

Total Minimum credits required for minor....... 21

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; student should check the course descriptions for required prerequisites.

A. Select one course from the following ........... 3
SPNS 311 Hispanic Culture and Civilization I .... 3
SPNS 312 Hispanic Culture and Civilization II ... 3
B. Select two upper division courses in Spanish in consultation with advisor from the following .... 6
SPNS 314/LIT 307 Latino Literature ................. 3
SPNS 405 Spanish Composition & Grammar I .... 3
SPNS 406 Spanish Composition & Grammar II ... 3
SPNS 455 Topics in Spanish American Literature .. 3
SPNS 456 Topics in Spanish Literature ............. 3

Total Restricted Elective credits .................... 9

Total minimum credits required for minor .... 23

^Students with fluency may receive credit for these courses through the challenge mechanism. In addition to language courses, it is recommended that students, in consultation with their advisors, select appropriate courses in other disciplines which will enhance their preparation to teach Spanish.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

Minor in International Studies

Credits

Required Core
*HSTR 102 Western Civilization II .................. 3
*PSCI 230 Introduction to International Relations 3
A course in modern language ....................... see below LANG 499 International Studies Capstone Course .. 1

Option A: Study Abroad
After satisfying the core courses, the student is encouraged to choose an area for overseas study through consultation with the Director of the Office of International Studies. Credits earned while studying abroad will constitute the remaining courses for the fulfillment of the minor. Upon returning to campus or upon completion of the minor, the student will register for the capstone course LANG 499.

Option B: On Campus
In Option B, the student must first satisfy the core courses. Remaining courses will be selected so that they constitute a focus of interest such as Latin America, Asia, the Arts, or General Comparative. The student must then write a short essay which states the rationale for the choice of courses for the focus area. Upon completion of the focus area courses, the student will register for the capstone course LANG 499.

Suggested Focus Areas and Course Options:

Latin America focus:
GPHY 341 Geography of Latin America .......... 3
HSTR 336 Modern Latin America .................. 3
HSTR 330 History of Mexico ......................... 3
LIT 307/SPNS 314 Latino Literature ............... 3

Asia focus:
HSTR 466 Islamic Civilization ...................... 3
*PHL 271 Philosophy and Religion of India ........ 3
*PHL 272 Philosophy and Religion of China, Tibet, and Japan ........................................................... 3

**General Comparative focus:**
RLST 304 Global Mythology ........................................ 3
PSCI 333 Comparative Government ............................ 3

**Comparative Arts focus:**
* ARTH 160 Global Visual Culture ............................ 3
* COMT 155 Global Cinema .................................... 3
* LIT 230 World Literature Survey ............................. 3
* MUSI 207 World Music .......................................... 3

**Language Requirement**
Students are required to present a course in modern language as part of the core. If the student has had one year or less of high school foreign language, the language requirement is satisfied by successful completion of the second half of the elementary language sequence (FRCH/SPNS/etc. 102). If the student has had more than one year of high school foreign language, that student must successfully complete the second half of the intermediate language sequence (FRCH/SPNS/etc. 202). Only one language course will be counted toward the minor.

**Total credits required for minor .................. 22-23**

*May satisfy General Education requirements.

*Certain courses in the program have prerequisites; students should check the course descriptions for required prerequisites.*

Option: Teaching Licensure

Minor: History
Teaching Minor: History
Licensure: Social Science (Broadfield) Endorsement

Advising Information

Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements and/or experiential learning opportunities which will enhance the student’s academic program. In addition, advisors provide assistance in selecting elective courses which support the student’s interests, career plans and Plan of Study.

Academic advising services for all freshmen Arts and Sciences majors are provided through the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Arts and Science majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

The Department of History has a four-year program in History which leads to a Bachelor of Arts degree.

Language Requirement for the B.A. Degree in History

Requires proficiency in a language other than English, equivalent to satisfactory completion of second-year college-level work or the 101-102 active skills sequence in one foreign language plus 6 credit hours of foreign culture courses selected from the following:

- HSTR 330 History of Mexico
- HSTR 332 Pre-Columbian & Colonial Latin America
- HSTR 336 Modern Latin America
- HSTR 366 Middle East in the 20th Century
- HSTR 439 Colonial and Independent Africa since 1884
- HSTR 440 Topics in Southern Asia since 1750
- HSTR 447 Modern Asia
- HSTR 466 Islamic Civilization
- HSTR 491 Special Topics: Modern European History
- *PHL 271 Philosophy and Religion of India
- *PHL 272 Philosophy and Religion of China, Tibet, and Japan
- *SPNS 150 The Hispanic Tradition

*May satisfy General Education requirements.

Transfer students may use other foreign cultural courses they may have taken in another institution to fulfill this requirement upon approval by the department. History majors and extended majors in history who choose history courses from the above options will still have to fulfill the required number of credit hours of upper-division courses in history in addition to the 6 credit hours chosen from the list.

History

The history program provides a broad general education, an intensive study of History, proficiency in a foreign language, and courses in a selected minor field of study.

Students focus their study in the following two areas: United States History and Global History. History helps one to learn to read critically, to write carefully and to think problems through to a logical conclusion. History courses offer a basic background of knowledge essential to many professions.
Pre-law students can put their study of the past to good use in their legal work since it entails an examination of past events and the reasons how and why they happened. Business and industry are interested in hiring individuals who have an interest and knowledge in international affairs and cultures. A degree in history serves as preparation and background for management, sales and public relations.

In the area of journalism it is good to remember that newspapers and magazines have backup staffs and research oriented jobs. History provides a perspective and discipline necessary in the world of communication through the printed word, television, radio, films and the theatre. History also provides artists with the understanding of forces and conflicts that molded and influenced the arts.

Government is still the largest employer of all, and since many positions require no specific major, history is a good choice. Whatever students choose as occupations, an interest in the world around them, past and present, is very essential.

Bachelor of Arts Degree
Major in History

General Education Requirements ............................................................. 37
(See page 71) Students should consult with their advisors to determine if specific courses are necessary in order to satisfy the General Education requirements within this major.
A grade of “C” or higher is mandatory in all History Courses satisfying major requirements.

Required Courses
*HSTA 101 American History I ................................................................. 3
*HSTA 102 American History II ................................................................. 3
*HSTR 101 Western Civilization I
  OR  *HSTR 103 Honors Western Civilization I ...................................... 3
*HSTR 102 Western Civilization II
  OR  *HSTR 104 Honors Western Civilization II ................................... 3
HSTA/HSTR 499 Senior Capstone: Historical Methodology ....................... 3
Total Required Courses ............................................................................. 15

Restricted Electives
A minimum of 18 credits of upper division courses distributed as follows: at least 3 credits from each of the following categories: Area 1a, Area 1b, Area 2a, Area 2b, and Area 3, and 3 credits from any Area. Please note that students may, upon consultation with and the permission of their academic advisor, count up to 6 credits of historically-oriented Honors Seminars as restricted electives in their History major.

Area 1a: Early United States
HSTA 313 American Colonial and Revolutionary History to 1789 ............... 3
HSTA 315 Early American Republic 1787-1848 ....................................... 3
HSTA 316 American Civil War Era ............................................................ 3
HSTA 428 Historical Archaeology in the Americas ................................. 3

Area 1b: Modern United States
HSTA 320 Birth of Modern United States ................................................. 3
HSTA 321 America in Crisis ................................................................. 3
HSTA 325 United States since 1960 ........................................................ 3
HSTA/HON 421 The 1960s ................................................................. 3

Area 1c: United States Topics
HSTA 460 Montana and the West ............................................................. 3
HSTA 464 Trans-Mississippi West ............................................................ 3
HSTA 470 American Environmental History ........................................ 3
HSTA 480/PSCI 472 Constitutional Law: Civil Liberties ......................... 3

Total required course credits: 12

Electives

Nine upper-division credits in History courses selected in consultation with advisor.

Total minimum credits required for minor: 21

*May satisfy General Education requirements.

Teaching Minor in History

Students who intend to graduate on the 128 credit degree program should consult with the Advising Center and their faculty advisor before selecting a teaching minor. Some requirements for certain teaching minors can be met in General Education, but some others cannot. Students choosing to take teaching minors with requirements beyond 21 credits may take credits in excess of 128 to complete their teaching major and preferred teaching minor.

For students who are gaining teaching licensure in a content major, the following minor leads to endorsement. All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

Licensure

Social Science (Broadfield) Endorsement

Social Science Broadfield Endorsement has been eliminated as a major. It is now a Licensure.

Students majoring in history (licensure option) and political science (teaching minor) are encouraged to expand employment opportunities by adding a social science (broadfield) endorsement. Students seeking this endorsement must complete one of the following four areas:

Geography

The Department of Mathematics

Dr. Maggie McBride, Co-Chair  
Dr. John Hoover, Co-Chair  
LA 848, (406) 657–2228  
mmcbride@msubillings.edu

Professors: Chen  
Associate Professors: Hoover, Jacobson, McBride  
Assistant Professor: Wilathgamuwa  
University Lecturer: McIntyre  
Emeritus: Amunrud, Davison, Evans, Howell,  
McKinley, Stannard

Undergraduate Degrees and Majors

Bachelor of Science  
Major: Mathematics  
Option: Teaching Licensure (Multiple & Single Subject Endorsements)  
Minors: Mathematics, Computer Science, Statistics  
Teaching Minor: Mathematics

The mathematics major is designed to include students with a wide variety of goals and backgrounds. Mathematics is an excellent preparation for fields from technical to legal, from scientific to managerial, and from computational to philosophic. It is also a source of pleasure and satisfaction for people in every line of endeavor. Therefore, MSU Billings’ programs are constructed to welcome interested students of all sorts. Our programs reflect the diversity of interests of our students and the increasingly diverse nature of the mathematical sciences.

Advising Information

Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements and/or experiential learning opportunities which will enhance the student’s academic program. In addition, advisors provide assistance in selecting elective courses which support the student’s interests, career plans and Plan of Study.

Academic advising services for all freshmen Arts and Sciences majors are provided through the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Arts and Science majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

Total Required Core Courses .................................................................. 45-47

Minor (Optional) ......................................................................................... 21

Electives ...................................................................................................... 7-9

Total minimum credits required for degree ........................................... 120

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

SUGGESTED PLAN OF STUDY

Bachelor of Science
Major in Mathematics

The following sample schedule is a suggested plan for students to follow in completing the Bachelor of Science Major in Mathematics. Due to course schedule changes and staff assignments, students may not be able to follow the plan exactly. Students should consult with their advisors to plan classes before registering each semester.

The Department of Music

**Ms. Dorothea Cromley, Chair**

**CI 119, (406) 657-2350**

dcromley@msubillings.edu

Professors: Barfield*, Cromley, Robertson  
Assistant Professors: Fenderson, Nagel  
Professors Emeritus: Behm, Perkins, Smith

* Joint Appointment with the Department of Educational Theory and Practice

**Undergraduate Degrees and Majors**

- **Bachelor of Arts**  
  **Major:** Music  
  **Options:** Performance, Teaching Licensure  
  **Minor:** Music

**Advising Information**

Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. In addition, advisors provide assistance in selecting elective courses which support the student’s interests, career plans and Plan of Study.

Academic advising services for all freshmen Arts and Sciences majors are provided through the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Arts and Science majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

The Department of Music educates musicians by combining a thorough professional training with a sound academic foundation. It is accredited by the National Association of Schools of Music. MSU Billings’ Department of Music stresses high standards of performance, a strong theoretical background, a broad exposure to music history, opportunities in pedagogy, and a significant encounter with other academic disciplines. Implied is the development of the individual as an educated, cultured person with aesthetic values.

The varied functions of music in the world today present many interesting and challenging opportunities to students as teachers, performers, and creative artists. Because of the many areas available to students, the faculty of the Department of Music has established a program of training which allows first-year students to determine the course of study they may wish to follow.

The Bachelor of Arts Major in Music and the Bachelor of Arts Major - Performance Option are designed primarily for those wishing to pursue a well-rounded arts and sciences education. The Bachelor of Arts Degree Major in Music Teaching Licensure Option is designed for students wishing to pursue music teaching careers in the schools. Through an emphasis in music history and theory as well as performance instruction and participation in various ensembles, students receive a background that prepares them for graduate study in musicology, theory and performance.

**Program Outcomes for All Music Programs**

**Theory**

Students will demonstrate a comprehensive knowledge of music theory. They will do so by analyzing selected works in which they will identify and relate fundamental musical elements such as phrase structure, organization of harmonic elements, and the construction of rhythmic and melodic materials.

**History**

Students will demonstrate an understanding of the major historical musical styles by placing selected works, for which they will be provided scores and recordings, into appropriate time frames. During this process they will document and comment on elements such as harmonic style, melodic and rhythmic structure, dynamic structure, the use of ornamentation, etc. as they relate to each of the historical style periods.
**Performance**

**BA & Teaching Licensure**
Students will display the technical and musical ability to perform significant musical literature at an advanced level. They will demonstrate this by performing a 30 minute upper divisional jury at the end of their sophomore year.

At the end of their senior year, students will perform an adjudicated 45 minute recital. Prior to this recital, they must qualify by successfully performing a pre-recital jury for the music faculty.

**Performance Option**
Students will display the technical and musical ability to perform significant musical literature at an advanced level. They will demonstrate this by performing two one-hour adjudicated solo recitals at the end of their junior and senior years. Prior to each of these recitals they must qualify by successfully performing a pre-recital jury for the music faculty.

Bachelor of Arts Degree
Major in Music

Credits

General Education Requirements ............................................................. 37

The following General Education course also satisfies requirements in the major: MUSI 207 (3 cr.). The credits may be counted only once. Students should consult with an academic advisor before registering for General Education courses in order to minimize the number of credits required for graduation.

Music

Four credits of Applied Study selected from one of the following .......... 4
  MUSI 135 Keyboard Skills I ................................................................. 1
  MUSI 136 Keyboard Skills II ................................................................. 1
  MUSI 105 Music Theory I ..................................................................... 3
  MUSI 140 Aural Perception I ................................................................. 1
  MUSI 106 Music Theory II ................................................................. 3
  MUSI 141 Aural Perception II ............................................................. 1
  *MUSI 207 World Music .................................................................... 3

Four credits selected from the following performance ensembles .......... 4
  *MUSI 114 Band: MSUB Symphonic ................................................ 1 R-4
  MUSI 108 Orchestra: MSUB .............................................................. 1 R-4
  *MUSI 147 Choral Ensemble: University Chorus.............................. 1 R-4
  MUSI 205 Music Theory III ................................................................. 3
  MUSI 206 Aural Perception III ............................................................. 1
  MUSI 206 Music Theory IV ................................................................. 3
  MUSI 241 Aural Perception IV ............................................................. 1

Upper Divisional Juries

Music majors must pass an upper divisional jury before registering for 300 Level Advanced Applied Music courses. Students must apply for upper divisional with the chairperson at least two weeks prior to the proposed jury date. Following are the upper divisional requirements:

1. A closed audition before a faculty committee. This audition may be performed during the semester, or during the semester-end juries. It must consist of at least two solo works of varying styles that demonstrate appropriate technical and musical ability, as well as scales, and other performance requirements specified by the student’s applied teacher.

2. A working copy of the student’s transcript to verify satisfactory progress in MUSI 206 and MUSI 241.

Four credits of Advanced Applied Study selected from one of the following ......................................................... 4

SUGGESTED PLAN OF STUDY

Bachelor of Arts
Major in Music

This sample schedule is a suggested plan for students to follow in completing the Bachelor of Arts Degree Major in Music. Due to course schedule changes and staff assignments, students may not be able to follow the plan exactly. Students should consult with their advisors to plan classes before registering each term.

The Department of Psychology

Dr. Michael D. Havens,
Chairperson
LA 525, (406) 657–2242
mhavens@msubillings.edu

Professors: Hatch, Havens, McMullen
Associate Professor: McLaughlin
Professors Emeritus: Mossman, Wiesner

Undergraduate Degrees and
Majors

Bachelor of Arts
Major: Psychology

Bachelor of Science
Major: Psychology
Minor: Psychology
Teaching Minor: Psychology

Associate of Arts degree Program of Study: Applied Psychology

Graduate Degree
Master of Science in Psychology
For details, see the Graduate Catalog.

Advising Information
Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements and/or experiential learning opportunities that will enhance the student’s academic program. In addition, advisors provide assistance in selecting elective courses that support the student’s interests, career plans and Plan of Study.

Academic advising services for all freshmen Arts and Sciences majors are provided through the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Arts and Science majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

Students interested in applied psychology, developing knowledge in human relations, abnormal psychology, psychological testing and clinical psychology are encouraged to develop their skills in an internship in a human service agency.

A Bachelor’s degree in Psychology can serve as a general Liberal Arts degree, as preparation for a career in Psychology, or as preparation for graduate school in Psychology or related fields.

As a general Liberal Arts degree, Psychology majors develop excellent interpersonal, research, writing, and analytical skills and are attractive to a wide variety of employers. Students may wish to take appropriate courses in other areas to enhance their skills and marketability. To prepare for a career in Psychology with a Bachelor’s degree, students are encouraged to consult with faculty to take appropriate courses and to pursue internships in the Billings community.

Students intending to pursue graduate education should obtain a broad background in Psychology and maintain a high GPA. All Psychology majors, but particularly those considering graduate school, are encouraged to work closely with at least one faculty member in research, and to keep in mind that letters of recommendation are required for graduate school applications and most other types of employment.

The Associate of Arts degree with a Program of Study in Applied Psychology provides part-time and paraprofessionally-oriented students with training in psychology at an intermediate level. The graduate of this program is prepared for paraprofessional level positions in human services.

Bachelor of Arts Degree
Major in Psychology

Credits

General Education Requirements ............................................................. 37
The following General Education courses also satisfy requirements in the major: PSYX 100 and PSYX 231. Students should consult with an academic advisor before registering for General Education courses in order to minimize the number of courses needed to satisfy the requirements of the major. A grade of “C” or higher is mandatory in all psychology courses satisfying these major requirements.

Required Courses
*PSYX 100 Introduction to Psychology ......................................................... 3
PSYX 222 Psychological Statistics ............................................................... 3
PSYX 223 Research Design and Analysis I .................................................... 3
PSYX 224 Research Design and Analysis I Lab .......................................... 1
PSYX 400 History & Systems in Psychology .............................................. 3
PSYX 499 Senior Thesis ........................................................................... 3

The student is also required to complete a minimum of three semester credits in one of the following courses:
PSYX 395 Field Work .................................................................................. 3
PSYX 492 Independent Study ........................................................................ 1-4
PSYX 495 Practicum ................................................................................. 1-3
PSYX 298/498 Cooperative Education/Internship ...................................... 1-8

Total minimum Required Courses credits ............................................... 19

**SUGGESTED PLAN OF STUDY**

**Bachelor of Science**  
**Major in Psychology**

This sample schedule is a suggested plan for students to follow in completing the Bachelor of Science Major in Psychology. Due to course schedule changes and staff assignments, students may not be able to follow the plan exactly. Students should consult with their advisors to plan classes before registering each term.

Minors: Criminal Justice, Environmental Studies, Native American Studies, Political Science (options: General, Public Administration, Pre-Law), Sociology

Teaching Minors: Political Science, Sociology

Pre-Professional Program: Pre-Law

Licensure: Social Science (Broadfield) Endorsement

Advising Information
Students are encouraged to meet with their advisor each semester to confirm that their Plan of Study is accurate and complete. If necessary, changes and updates should be made in order to ensure that program requirements can be completed in a timely manner. Faculty advisors work with students to explore appropriate internships, cooperative education placements and/or experiential learning opportunities which will enhance the student’s academic program. In addition, advisors provide assistance in selecting elective courses which support the student’s interests, career plans and Plan of Study.

Academic advising services for all freshmen Arts and Sciences majors are provided through the Advising Center on McMullen Hall first floor west. Upon declaring a specific major, Arts and Science majors will be assigned to a faculty advisor in their department for upper-division advising. Advising files for all upper-division students are maintained in the departmental office of the program in which the student is majoring. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

The Department of Sociology, Political Science, Native American Studies and Environmental Studies combines four scholarly disciplines, each with its separate faculty and academic programs. The four-year program in Sociology leads to a Bachelor of Science or Bachelor of Arts degree, or a Bachelor of Science in Criminal Justice. The four year program in Environmental Studies leads to a Bachelor of Arts degree. The department offers minors in Political Science, Native American Studies, Sociology, and Environmental Studies.

Sociology
Mission Statement
The sociology program at MSU Billings is dedicated to promoting the values of social responsibility, respect for diversity, and a commitment to lifelong learning. Our sociology program takes a holistic approach to learning, an approach that directly links academic work with understanding of the structure of social institutions, changes in them, and their impacts on the lives of individuals. Our program also conveys insights
into the dynamics of social processes, and the manners in which individuals both shape and are shaped by these processes. Finally, the sociology program at MSU Billings imparts knowledge about the self as it relates to various social contexts.

**Objectives**

Students who complete the sociology program at MSU Billings will be able to use the following tools to provide an understanding of a variety of social situations.

- Critical thinking
- Introspective awareness of self in social contexts
- Multi-cultural awareness
- Inductive and deductive logical modeling
- Quantitative and qualitative research methods

The study of sociology at MSU Billings is based on a core of theory and method courses: (1) how to understand social life as a sociologist (theory) and (2) how to observe social life and draw conclusions from what one sees (method). Courses involving theory and method are required for every major.

In the interest of building a broad sociological foundation, each student is required to take at least one course from the four areas in the program: (1) General Sociology, Anthropology and Human Ecology; (2) Interpersonal Relationships, Family and Human Sexuality; (3) Crime and Criminal Justice; and (4) Women and Minority Studies. Based on this foundation, students are strongly encouraged to focus their academic interest on one of the four areas. To provide opportunity for students to integrate their academic knowledge in sociology and the wider social world we live in, the department requires a minimum of 135 hours of work experience with an organization.

A degree in Sociology provides a solid foundation for a student to enter into either graduate study or occupation in government, industry or business. For instance, with a concentration in program area two or three, a student can find job opportunities in human services or the criminal and/or juvenile justice related fields. There are two degree programs in Sociology. A Bachelor of Arts degree program orients a student toward graduate study by putting an emphasis on the proficiency of a second language. A Bachelor of Science degree program puts an emphasis on familiarity with Mathematics and Computer Science to prepare a student for entering the labor market right after graduation. Nonetheless, the difference between the two degree programs is only a matter of emphasis, rather than the substance of the program itself. Regardless of one’s special interest, one might wish to emphasize research methods and statistics. Because of the growth of computer use, these two skills are cited as most valuable by sociology graduates employed in nonacademic jobs.

Extended major: In lieu of a minor, students may choose the Sociology major extended option. This option requires 15 additional credits from the list of Sociology courses.

**Political Science**

**Mission Statement**

Political Science is the study of politics, government, and public affairs. It provides the student with knowledge and understanding of the theory, organization, functions, and processes of domestic and international systems and institutions of politics and government, including the role of individual and group relations.

**Objectives**

Courses offered are oriented toward:

- preparing the student for citizenship roles in community and national affairs and providing a coherent knowledge of political and government activities;
- assisting the student to secure a broad liberal arts and sciences education;
- providing undergraduate preparation for those students who propose to study at the graduate level;
- offering general training for students who plan careers in government and public affairs;
- preparing students for careers in secondary teaching;
- providing a sound background for those students who intend to enroll in law and other professional schools;
- providing a useful background for students who wish to work in management and staff positions in business and industry which have relationships with the public sector, including political journalism.

**Native American Studies**

**Mission Statement**

The Native American Studies program at MSU Billings is dedicated to providing outstanding courses in Native American Studies, support for all students, and working cooperatively with Tribal communities and
organizations. All Native American Studies programs incorporate traditional indigenous philosophies of maintaining balance in a holistic environment.

Objectives
The Native American Studies Program has four primary goals:

- to offer a comprehensive academic program in Native American Studies for both Native American and non-Native students;
- to provide increased awareness of and appreciation for the rich cultural heritage, knowledge, and contributions of Native Americans in the United States;
- to contribute actively to increased multicultural awareness and appreciation at MSU Billings and throughout the region; and
- to cooperate with other MSU Billings programs in providing a supportive environment for Native American students.

Native American Studies began at Montana State University Billings in 1970 and has continued to develop in response to internal and external needs and provisions. The Native American Studies staff supports other Native American related programs at MSU Billings including American Indian Outreach & Diversity Center and the Intertribal Indian Club. The academic offerings in Native American Studies include classes which examine past and present Native American cultures as living, vital cultures; explores issues in Native American history, education, and the behavioral sciences; and identifies factors that contribute to the unique cultural and legal status of Native American people. Special workshops and classes are held which are responsive to the contemporary needs and concerns of the Native American populations in Montana. NASX courses provide a background for any career involving work with people from different cultures and especially with Native American communities. MSU Billings actively supports, encourages, and instructs in MCA 20-1-501, commonly called Indian Education for All. An academic minor of 21 credits is offered for the Arts and Sciences, Education, or Business student.

Environmental Studies
The Environmental Studies program is among the newest and most innovative programs at Montana State University Billings. Both students and faculty benefit from living in one of the most ecologically diverse and environmentally spectacular regions of North America. Yellowstone National Park, the northern Rockies, and the northern Great Plains are within a short drive of the MSU Billings campus.

The program is dedicated to balancing students’ understanding of environmental values and social dimensions, environmental sciences, and environmental policies. As an interdisciplinary program, students take courses in environmental ethics, environmental history, environmental ecology, geography, environmental assessments, and geographic information systems.

Additionally, students have options such as advanced ecology, environmental law, Native Americans and the environment, business and the environment, environmental sociology, and art and the environment. Students often select electives and Minor Fields of Study with career options in mind. Moreover, they enhance their academic studies by fulfilling the internship requirement. As student interns, they may work in local, state, and federal agencies, in private firms, in lab settings and/or in the field.

The faculty of the Environmental Studies program are drawn from existing academic programs and occasionally from the community of environmental professionals in the Billings area. They are enthusiastic and committed to interdisciplinary methods and teaching approaches. The faculty are involved in environmental research, they attend national meetings and colloquia, and they serve in various capacities within community organizations and agencies. Their work outside the classroom enhances the curriculum and the learning objectives of the program.

The program prepares students to enter the work force in a variety of environmental occupations, and graduates from the program have proven to be successful in both the public and private sectors. Others have been accepted into graduate programs where they earn Masters or professional degrees in areas such as planning and environmental law.

Mission Statement
The Environmental Studies program at MSU Billings provides a well-rounded interdisciplinary approach to understanding our natural systems and the role of humans in those systems. The program is dedicated to community collaboration and experiential learning opportunities.

Objectives
Students who complete the program will be able to:
• Identify and explain key scientific principles involved in understanding environmental issues.
• Identify and explain key human concerns involved in understanding environmental issues.
• Identify and explain key policy and regulatory concerns involved in understanding environmental issues.

Bachelor of Arts Degree
Major in Sociology

General Education Requirements ............................................................. 37
The following General Education courses also satisfy requirements in the
major: ANTY 217, ANTY 220, SOCI 101, SOCI 201, SOCI 274. Please
refer to limitations on General Education requirements (see page 71).
Limited to two courses per discipline. Students should consult with an
academic advisor before registering for General Education courses in order to
minimize the number of courses needed to satisfy the requirements of the
major.

Required Courses
*SOCI 101 Introduction to Sociology ............................................................ 3
(SOCI 101 is a prerequisite for all other coursework in the required core)
SOCI 318 Sociological Research Methods ................................................... 3
SOCI 319 Sociological Research Methods Lab .............................................. 1
SOCI 455 Classical Sociological Theory ...................................................... 3
SOCI 482 Contemporary Sociological Theory ................................................. 3
SOCI 498 Internship/Cooperative Education .................................................. 3
SOCI 499 Senior Thesis/Capstone ................................................................. 3
Total Required Courses credits ................................................................. 19

Restricted Electives
At least 2 courses from the lower division core and at least one course from
four of the five content areas. Minimum of 18 credits, including 14 upper
division.

Lower Division Core
Choose at least 2 courses.
**ANTY 217 Physical Anthropology and Archeology .................................. 3
**ANTY 220 Culture and Society ................................................................. 3
CRIM 228 Race, Class, Gender and Crime .................................................... 3
*SOCI 201 Social Problems ........................................................................ 3
SOCI/CRIM 221 Criminal Justice System .................................................... 3
*SOCI/A&SC 274 Women, Culture and Society ............................................. 3

At least one course from four of the five content areas:
Area 1: General Sociology
SOCI 345 Sociology of Organizations ......................................................... 3
SOCI 355 Social Demography and Population Studies ................................... 3
SOCI 382/PSYX 360 Social Psychology and Social Structure .......................... 3

Total Restricted Electives Courses credits ............ 9

The total number of elective credits required for the minor will be determined by the number of courses a student elects to take which fulfill both the General Education requirements and the minor requirements. Electives should be chosen in consultation with an academic advisor.

Total minimum credits required for minor .......... 21

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.
(Minor in Political Science)
Pre-Law Emphasis

Required Courses
*PSCI 210 Introduction to American Government 3
*PSCI 230 Introduction to International Relations 3
PSCI 260 Introduction to State and Local Government 3
PSCI 351 Political Philosophy 3
Total Required Course credits 12

Restrictive Electives
Nine credits chosen in consultation with the Pre-Law advisor and with the approval of the Chairperson of the Department of Sociology, Political Science, Native American Studies and Environmental Studies. Substitutions must be approved by the Pre-Law advisor and the Chairperson of the Department.

Two courses selected from the following:
PSCI 376/NASX 379 The Indian and the Law 3
PSCI 472/HSTA 480 Constitutional Law: Civil Liberties 3
PSCI 473/HSTA 481 Constitutional Law: Powers and Structures 3
PSCI 491 Special Topics 3
Total 6

One course selected from the following:
CRIM/SOCI 311 Criminology 3
*SOCI 201 Social Problems 3
SOCI 330 Juvenile Delinquency 3
PSCI/NASX 419 Federal Indian Policy 3
Total 3

Total minimum credits required for minor 21

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

Minor in Sociology

Required Courses
*SOCI 101 Introduction to Sociology 3
SOCI 318 Sociological Research Methods 3
SOCI 319 Sociological Research Methods Lab 1
SOCI 455 Classical Sociological Theory
OR
SOCI 482 Contemporary Sociological Theory 3
Total required credits 10

Lower Division Core
At least one course from the following:
*ANTY 217 Physical Anthropology and Archaeology 3
*ANTY 220 Culture and Society 3
CRIM 228 Race, Class, Gender and Crime 3
*SOCI 201 Social Problems 3
SOCI/Crim 221 Criminal Justice System 3
*SOCI/A&SC 274 Women, Culture and Society 3
Total 3

Restricted Electives
At least one course from three of the following five areas. Minimum of 8 credits, including 6 upper division.

Area 1: General Sociology
SOCI 345 Sociology of Organizations 3
SOCI 355 Social Demography and Population Studies 3
SOCI 382/PSYX 360 Social Psychology and Social Structure 3
SOCI 435 Law and Society 3

Area 2: Family and Relationships
SOCI 332 Sociology of the Family 3
SOCI 351 Dating & Mate Selection 3
SOCI 432 Human Sexual Behavior 3

Area 3: Crime and Criminal Justice
CRIM 421 Criminal Justice Ethics 3

SOCI 448 Sport and Society 3
SOCI 461 Urban Society and Human Ecology 4
SOCI 470 Environmental Sociology 3

Other courses which may be used to satisfy
Restricted Elective Requirements:
SOCI 294/494 Seminar/Workshop 1-3
SOCI 492 Independent Study 1-5
Restricted Elective total ........................................ 11
Total minimum credits required for minor .......... 21
*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

Teaching Minor in Political Science

Students who intend to graduate on the 128 credit degree program should consult with the Advising Center and their faculty advisor before selecting a teaching minor. Some requirements for certain teaching minors can be met in General Education, but some others cannot. Students choosing to take teaching minors with requirements beyond 21 credits may take credits in excess of 128 to complete their teaching major and preferred teaching minor.

For students who are gaining teaching licensure in a content major, the following minor leads to endorsement. All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

Credits

Required Courses:
EDU 497A Methods: 5-12 Social Studies ............. 2
*PSCI 210 Introduction to American Government ... 3
*PSCI 220 Introduction to Comparative Government....................................................... 3
*PSCI 230 Introduction to International Relations .... 3
PSCI 351 Political Philosophy
OR
PSCI 342 Media, Public Opinion, Polling ............. 3
Total Required Course credits ............................. 14

Restricted Electives
Nine credits chosen in consultation with an advisor from the following list:
PSCI 215 Introduction to Political Parties & Elections....................................................... 3
PSCI 240 Introduction to Public Administration ...... 3
PSCI 260 Introduction to State and Local Government....................................................... 3
PSCI 333 Comparative Government ...................... 3
PSCI 335 American Foreign Policy ...................... 3
PSCI 342 Media, Public Opinion, Polling
(if not taken in required courses) ...................... 3
PSCI 351 Political Philosophy
(if not taken in required courses) ...................... 3
PSCI 464 Local Government Administration ........ 3

PSCI 472/HSTA 480 Constitutional Law: Civil Liberties....................................................... 3
PSCI 473/HSTA 481 Constitutional Law: Powers and Structures....................................................... 3
PSCI 491 Special Topics....................................................... 3
PSCI 498 Internship/Cooperative Education ...... 1-12
Total Restricted Elective credits ............................ 9

Total minimum credits required for minor .......... 23
*May satisfy General Education requirements.

Teaching Minor in Sociology

Students who intend to graduate on the 128 credit degree program should consult with the Advising Center and their faculty advisor before selecting a teaching minor. Some requirements for certain teaching minors can be met in General Education, but some others cannot. Students choosing to take teaching minors with requirements beyond 21 credits may take credits in excess of 128 to complete their teaching major and preferred teaching minor.

For students who are gaining teaching licensure in a content major, the following minor leads to endorsement. All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program (see page 274).

Credits

Required Courses:
*ANTY 220 Culture and Society.......................... 3
EDU 497A Methods: 5-12 Social Studies ............. 2

SOCI 455 Classical Sociological Theory .............. 3
SOCI 461 Urban Society and Human Ecology..........4
SOCI 482 Contemporary Sociological Theory..........3
**Total Restricted Elective credits**....................6-8

**Total minimum credits required for minor**....21-23

*May satisfy General Education requirements.

*Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

**Licensure**

**Social Science (Broadfield)**

**Endorsement**
Social Science Broadfield Endorsement has been eliminated as a major. It is now a licensure.

Students majoring in history (licensure option) and political science (teaching minor) are encouraged to expand employment opportunities by adding a social science (broadfield) endorsement. Students seeking this endorsement must complete one of the following four areas:

**Geography**
*GPHY 111, *GPHY 121, GPHY 282, and one upper division geography course (total 12 credits)

**Economics**
*ECNS 201, *ECNS 202, ECNS 314, and one upper division economics course (total 12 credits)

**Sociology**
*SOCI 101, *ANTY 220, *SOCI 201, and one upper-division sociology course (total 12 credits)

**Psychology**
*PSYX 100, PSYX 223, *PSYX 231 and PSYX 330 (total 12 credits)

*May satisfy General Education requirements.
Bachelor of Arts Degree

Major in Environmental Studies

As an interdisciplinary major, many Environmental Studies Major Field of Study Requirements also fulfill General Education requirements. By carefully selecting courses, most students have enough available open elective credits to fulfill a Minor Field of Study.

Students must earn a grade of “C-” or better in all Core Requirements and Restricted Electives.

Students must earn a minimum of 120 credits, including at least 30 upper-division credits within the Core Requirements and/or Restricted Electives. Overall, students must earn at least 36 upper-division credits.

Credits

GENERAL EDUCATION REQUIREMENTS .. 39
(See page 71) Students should consult with an academic advisor before registering for General Education courses in order to maximize the number of elective credits allowed in the degree. The following General Education courses also satisfy requirements in the major: ^STAT 216, ^BIOB 101/102 or ^BIOB 160/161, ^any physical science lecture & lab, ^ECNS 201, and ^GPHY 121.

ENVIRONMENTAL STUDIES

Other options, such as 492 Seminars, must be approved by the Chairperson of Sociology, Political Science, Native American Studies and Environmental Studies.

**LANGUAGE REQUIREMENT** ............................... 8
In Bachelor of Arts degrees requiring foreign language, the language requirement is satisfied by demonstrating
proficiency in a language other than English equivalent to satisfactory completion of two semesters of college-level work in that language. Many students use Foreign Language credits to complete this requirement; however, options are available for students fluent in Native American Languages.

**OPEN ELECTIVES ......................................... 26-28**
Any other college-level credits. Can be dedicated toward Minor Field of Study, areas of career interest, and/or necessary prerequisite courses. A minor area of study is not required, but strongly encouraged.

**TOTAL MINIMUM CREDITS REQUIRED FOR DEGREE .............................................................. 120**

*May satisfy General Education requirements.

*Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.*

### Minor in Environmental Studies

**Credits**

**Required Courses**

**One** of the following Biology courses with a lab:

* BIOB 101 Discover Biology ........................................... 3
* BIOB 102 Discover Biology Laboratory ............................ 1
* BIOB 160 Principles of Living Systems .................. 3
* BIOB 161 Principles of Living Systems
  Laboratory ......................................................... 1

**All of the following courses:**

BIOE 202 Introduction to Environmental Ecology ....3
ENST 210 Introduction to Environmental Studies ....3
ENST 385 Environmental Impact and Policy
  Analysis ............................................................. 3
* GPHY 121 Human Geography ................................. 3
HSTA 470 American Environmental History ..........3
PHL 322 Philosophy and Environmental Ethics ......3

**Total minimum credits required for minor ........ 22**

*May satisfy General Education requirements.

*Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.*
The College of Business

Dr. Tim Wilkinson, Interim Dean
McD 300, (406) 657-2326
timothy.wilkinson@msubillings.edu

Undergraduate Degree and Options

Bachelor of Science in Business Administration (BSBA) major in Business Administration with options in Accounting, Finance, Management, Marketing, and Online General Business (including a track in Fire Science)

Teaching Minor: Economics

Vision Statement
We are committed to access and excellence as we strive to be recognized as a premier College of Business in the region.

Mission Statement
We are a public, comprehensive, regional university dedicated to developing business professionals by offering a quality undergraduate business administration degree that integrates theory and practical experience. We value excellent instruction and emphasize student educational growth through close interactions between students and faculty. We emphasize basic business disciplines, and focus on developing competencies in communication, critical and creative thinking, quantitative skills, and the effective use of information technology. We foster understanding of ethical practices and the significance of globalization to enable our students to compete regionally and nationally in a dynamic, global environment.

Our faculty engage in a range of scholarship that emphasizes management practice and also contributes to pedagogy and the development of business disciplines. Further, our faculty is committed to service that supports the university and strengthens the bond of the university with the community.

AACSB Accreditation
The College of Business is now one of only 600 universities worldwide that are accredited by the Association to Advance Collegiate Schools of Business (AACSB). This means that Montana State University Billings offers an undergraduate degree in the same league as institutions such as the University of Colorado, Michigan State University, the University of Montana, and Montana State University. This accomplishment is even more impressive since MSUB is one of fewer than 8% of accredited undergraduate business schools.

Career Preparation
The development of management and administrative personnel for business, government, and other organizations is the primary goal of the business administration degree. Business programs at MSU Billings provide a foundation of study in the arts and sciences combined with professional business training preparing graduates for numerous career paths and leadership roles in business.

Development of the student’s knowledge of the traditional and functional areas of business, the behavioral and social sciences, the management sciences, and the systems approach to problem solving, is of key importance to these programs. Integrated throughout this part of the program is an emphasis on developing the ability to make effective operational and administrative decisions.

Additionally, intensive study in a chosen area of concentration provides the student with the in-depth experience necessary for an understanding of the global economic and social systems and their relationships to the individual and the organization.

Each program is designed to provide the undergraduate student with the background to effectively participate in business, industry, government, education, and other organizations and institutions which require a high degree of management and administrative competence. The programs also provide the basic undergraduate education required for admission to graduate study in professional fields such as management, law, urban
planning, health administration, etc. An advisor will assist students with information about business degrees and degree planning.

Advising Information
All new, transfer and readmitted students are encouraged to visit the Advising Center on McMullen Hall first floor west to meet with an academic advisor. New students will receive information regarding General Education requirements and advising worksheets related to their major and minor programs. Transfer and readmitted students will work with an advisor to complete a transcript evaluation and select courses for the upcoming semester.

Beginning at the sophomore level, students who have declared business as their major are assigned a COB faculty advisor, based on their option. The faculty advisor is available to assist with the selection of courses, clarify course and degree requirements, monitor student progress toward degree completion, and provide other general academic assistance, including information about career opportunities.

Students are ultimately responsible for meeting regularly with an advisor and for successfully completing degree requirements.

Student Services Office
Business majors and other students taking business courses utilize the Student Services Office to obtain information and assistance on College of Business courses, programs, registration, and support services.

Coordination of Internships
Internships provide COB students with the opportunity to gain valuable business work experience as it relates to their option. The COB Internship coordinator, together with the University Cooperative Education specialist, work with students to ensure a quality educational experience. Specific information about applying for an internship is available at the cooperative education web site.

Assessment Testing
All first-time students and transfer students who have not completed their general education requirements in English or Mathematics must take the COMPASS Placement test. Results of the COMPASS Placement tests along with ACT and/or SAT scores are used to place students into the most appropriate Math and English courses. The Compass Placement tests are administered during Student Orientation. For further information, contact the Advising Center (406-657-2240 or 406-247-3020).

All College of Business students are required to pass a comprehensive test in Microsoft Word, Excel, and PowerPoint.

Grade Requirements in Required Business Core, Pre-Admission, and Option Courses
All courses counting toward fulfillment of Required Business Core, Pre-Admission and Option Requirements must be a grade of "C-" or better.

Student Help Lab
A student help lab is available to assist students in lower level accounting, economics, and business law courses as well as BUS 315 Applied Business Decisions. The lab is open approximately 20 hours per week during the fall and spring semesters and is located in the College of Business. The lab is coordinated by the Academic Support Center and is staffed by upper-level business students and graduates. Solution manuals are available for students to check their homework. Students receive one-on-one help with homework and course topics.

Support Services
Campus-wide academic support services are available at the Academic Support Center adjacent to McMullen Hall. These services include a learning lab, English, math and tutoring services. More information is available at their web site (www.msubillings.edu/asc/).

College of Business Committees
Students are actively involved in the policy making and governance of the College of Business. Many College committees have a combined student and faculty membership, and there are numerous opportunities for student involvement.

Business Advisory Board
The College of Business has a Business Advisory Board that meets semiannually to provide counsel and guidance to faculty and administration of the College.

Specific functions of the Board include assisting the College to: prepare and update strategic plans, provide professional development activities for faculty, increase
the effectiveness of student placement activities, and keep COB programs attuned to the needs of the business community.

**Student Advisory Board**
The Student Advisory Board works directly with the Department Chair and the Dean on student and college matters. Students are encouraged to take advantage of this opportunity to participate in and contribute to the College.

**General Requirements for Baccalaureate Degree Programs in Business Administration**

<table>

MGMT 322 Operations Management .......... 3
MGMT 488 Business Strategy ................. 3
MIS 330 Principles of Management Information Systems .......... 3
MKT 340 Principles of Marketing .......... 3
* WRIT 220 Business & Professional Writing .... 3
**Total credits required** .......... 39

**Option Requirements**

(see listing by area) .......... 30-37

**Total credits required for major** .......... 66-80

**Unrestricted Electives** .......... 6-14

**Total minimum credits required for degree** .......... 120

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

**Requirements for Admission to Upper Division Classes**

Students admitted to most 300- and 400-level courses in Business Administration degree programs must complete the preparatory courses listed below. Course requirements and proper sequencing are outlined by each department as typical plans of study. Students must consult with their advisors when selecting electives. All courses listed must be completed before students are allowed to take upper-division courses.

**Pre-Admission Requirements**

All Business Administration majors must pass each of the following courses with a grade of “C-” or better:

* M 143 Finite Mathematics .......... 4
* STAT 216 Introduction to Statistics .... 4
* WRIT 101 College Writing I .......... 4

ACTG 201 Principles of Financial Accounting ........ 3
ACTG 202 Principles of Managerial Accounting .... 3
* ECNS 201 Principles of Microeconomics ........ 3
* ECNS 202 Principles of Macroeconomics .... 3

*May satisfy General Education requirements.

^Competency in the computer applications Word, Excel and PowerPoint must be demonstrated. This may be done by:

- Earning a passing score on the COB Productivity Application Software Proficiency Exam.
- Earning a “C-” or better in CAPP 131 Basic MS Office or a similar course from another institution.

**Accounting Option**
The following accounting courses are exempt from the pre-admission requirements and may be taken in the second year of study, provided students have completed the necessary accounting prerequisites:

ACTG 301 Intermediate Accounting I .......... 3
ACTG 302 Intermediate Accounting II .......... 3
ACTG 303 Intermediate Accounting III and Theory ............................................................... 3
ACTG 410 Cost/Management Accounting I ............. 3
ACTG 415 Governmental and Not-For-Profit Accounting ........................................................ 3

Credits from Two Year Institutions
Credits earned in business courses taught at junior colleges may not be used to satisfy upper division requirements, but some might count as electives toward graduation. Check with the College of Business Student Services Office.
The Department of Business Administration

Mr. Michael Campbell,
Chairperson
McD 304B, (406) 657–1651
mcampbell@msubillings.edu

The Department of Business Administration consists of the following options: Accounting (available entirely online), Finance, Information Systems, Management, Marketing and an online option in General Business (including a track in Fire Science).

Director of Student Services: Mr. Michael Campbell

Professors: Brown, Campbell, A. Heiat, N. Heiat, McNally, Steerey, Wilkinson
Associate Professors: Harris, Johnson, Larsen, Leonard, Otjen, Sah
Assistant Professor: Robertson, Wang
Adjunct Faculty: Amundson, Dockery, Fazel, Gurney, Holman
Emeritus: Bieber-Moses, Farsio, Hinthorne, Howard, Sheridan, Spicer

Bachelor of Science in Business Administration with options in:
- Accounting
- Finance
- Management
- Marketing
- Online General Business (including a track in Fire Science)

Minors
Accounting, Business Administration, Business Geographic Information Systems, Finance, Information Systems, Marketing

Teaching Minor: Economics

Accounting Option
Accounting is a system for measuring, processing, and communicating information useful in making economic decisions. Accounting, in different forms, has existed for many years, but significant changes have occurred in the past several decades and have created greater information needs for managers. In keeping pace with these changes and increased demands for information, the need for accountants has increased in recent years, thus resulting in excellent opportunities for graduates.

The MSU Billings accounting program prepares students to sit for and pass the Certified Public Accountant Examination (CPA Exam). Requirements to sit for the CPA Exam in Montana include successful completion of 24 credits of upper division accounting courses and 24 credits of other business courses, e.g., courses in management, marketing, finance, management information systems, economics, communications and ethics. After passing the CPA Exam individuals must meet an experience requirement, possess a bachelor’s degree and have earned at least 150 semester credits of college courses in order to be licensed as a Certified Public Accountant in Montana. The additional 30 credits beyond the 120 credits required for a bachelor’s degree may be in any area. Transfer students and students who have changed majors often have 150 credits by the time they complete their accounting and other business courses. Due to potential changes in laws and regulations regarding licensing as a CPA, students should be sure to consult with their accounting advisor or any accounting faculty member in planning their course schedules.

Starting with 2011-2012 academic year, all accounting courses will be offered online. This will allow students to complete the Bachelor of Science in Business Administration degree with an Option in Accounting by taking all courses online. For the past 10 years many business core courses and many accounting courses have been offered online, and online students have performed well in these courses. We are excited to offer this online opportunity for our accounting students.

Finance Option
The Finance Option is designed to give students an understanding of the financial markets and their relation to banking and investments as well as to acquaint students with the concepts and methods relevant to financial analysis and management. Employment opportunities include careers in corporate financial management, financial institution management, or investment portfolio management.
Information Systems Option

This program is currently on moratorium and no new students will be admitted.

The Information Systems Option offers students the opportunity to concentrate on modern information resource management. The Information Systems Option closely follows the Model Curriculum for Computer Information Systems designed by the Data Processing Management Association.

The computer revolution of today will have an even greater impact on business and society than the industrial revolution of the nineteenth century. Advancing computer technology provides ever more complex hardware and software necessary to process information, but to utilize it effectively business needs knowledgeable individuals to analyze, design, and implement information management systems to meet the needs and demands of the rapidly changing business environment.

The Information Systems Option is designed for the application users of computer and other technologies, rather than the developer of software and hardware technology. Information Systems students are concerned with computer information systems and data processing, systems analysis and design, and web development. Graduates are employed as application programmers, systems analysts, data base administrators, web designers and developers, end-user support personnel and MIS consultants. Our objective is to prepare students in the technical aspects of computer systems, in the applications areas in which they will work, and in the broad aspects of business so that they can both move into other areas of management and undertake the continuing education so necessary to such a dynamic field.

Management Option

The Management Option is designed for students seeking management careers in a variety of both public and private organizations. The curriculum focuses on the development and application of analytical and ethical decision-making skills in solving practical problems.

The program emphasizes integration of a broad set of skills and abilities. Students in management receive a well-rounded exposure to accounting, business law, economics, finance, marketing, and computer applications. Management students are also taught management-specific topics relating to issues such as the structural design of organizations, the creation of a competitive business strategy, project management, the effect of human relation factors on organizational performance, and effective performance measurement and control. Students also are given opportunities to study and practice leadership, motivation, and team building and to become skilled writers and speakers through various classroom activities and projects.

Current job opportunities are broad, with graduates finding employment in private firms, nonprofit organizations, and government. Some students start their own businesses, while others gain employment in small entrepreneurial firms, mid-size companies, and large corporations.

Marketing Option

The Marketing Option prepares students to succeed in an integrated business environment with a focus on meeting the needs of the customer. Marketing option graduates are prepared for a position such as marketing manager, sales manager, account manager, marketing representative, professional salesperson, or advertising staff. Students completing this option will understand strategic marketing planning, the marketing mix, market research fundamentals, customer relationship management, and the financial implications of marketing within firms. The integrated sequence of courses enables students to obtain a broad education in marketing decision-making.

Online General Business Option

The Online General Business Option is designed for students who wish to complete a degree in business in a totally online environment. All courses required for this degree are offered in an online format. Students completing this option receive a well-rounded exposure to accounting, business law, economics, finance, marketing, and computer applications. For more information, please contact Gary Amundson (406-657-1610 or gamundson@msubillings.edu), Coordinator for the Online General Business Option.

The new Fire Science track in the General Business Option is designed for students who have completed an A.S. degree in Fire Science and would like to complete a Bachelor’s degree. All courses required for this degree are offered in an online format. Students completing this option receive a well-rounded exposure to general business classes as well as specific topics of interest to those in Fire Science disciplines. For more information, please contact Gary Amundson (406-657-1610 or gamundson@msubillings.edu.), Coordinator for the Online General Business Option, or Jennifer Leonard (406-657-1689 or jleonard@msubillings.edu).

Certain courses in this program have prerequisites; students should check
the course descriptions for required prerequisites.
Requirements – Double Option in Management and Marketing

NOTE: Students seeking to complete options in both Marketing and Management must complete the following in addition to fulfilling the General Education requirements and Business Core requirements:

1. Management Option Requirements
2. Marketing Option Requirements
3. Three courses from the Restricted Elective courses in the Management option
4. Three different courses from the Restricted Elective courses in the Marketing option

In most cases, this will result in five additional courses beyond that required for either a BSBA Management Option or a BSBA Marketing Option.

Total ....................................................................... 17

Upper division electives in Economics selected in consultation with advisor ................................. 6

Total minimum credits required for minor ......... 23

^This course may meet General Education requirements for Secondary/K-12 majors. Please refer to limitations on General Education Requirements (see page 71).

*May satisfy General Education requirements.

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.
The College of Education

Dr. Mary Susan E. Fishbaugh, Dean
COE 106, (406) 657-2285
mfishbaugh@msubillings.edu

Advising Information
All new, transfer, and re-admitted students are encouraged to visit the Advising Center on McMullen Hall first floor west, to meet with an academic advisor. New students will receive information regarding General Education requirements and Plan of Study worksheets related to their major and minor programs. Transfer and re-admitted students will work with an advisor to complete a transcript evaluation and to develop a Plan of Study. Students majoring in bachelor degree programs in the College of Education will be advised through the Advising Center until their sophomore year. At that time, students will be assigned a faculty member for advising.

Students pursuing a Bachelor of Science or a Bachelor of Arts with a secondary or K-12 teaching licensure option will be assigned a major advisor from the content area in the College of Arts and Sciences and a professional education advisor from the College of Education.

Undergraduate Degrees and Majors
The College of Education provides an array of undergraduate and graduate programs for educator preparation. Degree programs and specific courses are designed to ensure the comprehensive development of practitioners able to serve children in a variety of settings.

Bachelor of Science in Education with Teaching Majors in the following:
- Broadfield Major in Elementary Education
- Elementary Ed/Special Ed (P-12) Double Major
- Elementary Education/Reading (K-12) Double Major
- Secondary Ed/Special Ed (P-12) Double Major
- Secondary Education/Reading (K-12) Double Major

Special Education and Reading majors are available to candidates completing an elementary broadfield major or a secondary teaching option.

Bachelor of Science or Bachelor of Arts Degree with Secondary or K-12 Teaching Licensure Option
MSU Billings no longer offers a Bachelor of Science in Education (BSED) degree. Students now receive either a Bachelor of Arts or Bachelor of Science in the content area with a secondary or K-12 Teaching Licensure Option. Students must earn a teaching major and teaching minor, a double major, or an extended major in order to complete degree and licensure requirements.

See Teacher Licensure Options for the following areas in the College of Arts & Sciences (see page 117)
- Art (K-12)
- Biology
- Broadfield Science
- Chemistry
- English
- Health & Physical Education (K-12)
- History
- Mathematics
- Music (K-12)
- Political Science
- Social Science (Broadfield)*
- Spanish (K-12)

* It is recommended that students interested in pursuing Social Sciences choose a major in history (licensure option) with a teaching minor in political science and apply for the social science (broadfield) licensure endorsement. This plan will expand employment potential. Please consult the College of Arts & Sciences for specific information (see page 117).

Teaching Minors
For students who are pursuing secondary or K-12 teacher licensure in a content major, the following minors lead to additional endorsement. A teaching minor, second major, or extended major is required for the teacher licensure.
- Art (K-12)
- Biology
- Chemistry
- Earth Science
- Economics
- English
- Geography
- Health and Physical Education (K-12)
- History
- Mathematics
Physics
Political Science
Psychology
Reading (K-12)
Sociology
Spanish (K-12)
Speech Communication
Theatre Arts

Academic Departments
The College of Education is comprised of the following academic department and a public service agency:
Department of Educational Theory and Practice
Montana Center on Disabilities

Accreditations and Affiliations
The educator preparation programs at Montana State University Billings are accredited by the National Council for the Accreditation of Teacher Education (NCATE) and the Montana Board of Public Education.

Mission Statement
The College of Education is dedicated to:
• Preparing competent, caring and committed professionals for Montana’s schools;
• Conducting socially significant research to improve the human condition;
• Providing community service aimed at improving the quality of life experienced by Montanans; and
• Providing graduate education designed for the continuing development of professionals.

Operating Principles
To successfully implement the University’s mission, the faculty and staff adhere to the following operating principles:
• All people are entitled to educational programs committed to assisting each individual develop self-knowledge and to promote physical, social, mental, intellectual and spiritual health in a manner enhancing dignity and respect.
• Educational programs enable students to think critically and analytically, make independent decisions, develop social consciousness and recognize the importance of making productive contributions to a multicultural society.
• Education programs are committed to the concept of equal opportunity.
• Educators are committed to the ethical principles of the profession.
• Teachers are facilitators of learning, able to assist and direct the natural learning processes of their students.
• Professionals in education have the skills and understanding necessary to assist people from different cultures and those with disabling conditions.
• Professional preparation programs are interdisciplinary in nature.
• Professionals in education have a comprehensive foundation in the liberal arts.
• Professional preparation programs have sequential and increasingly intense supervised field experience to allow for the guided demonstration of clinical skills.
• Research conducted by the academic community searches for solutions to specific human problems.
• Faculty are actively engaged in community education programs to assist with the implementation of current, empirically validated practices.
• In support of lifelong learning by professionals in education, the faculty are committed to providing regular in-service education.

Instructional Facilities and Special Partnerships

The Montana Center on Disabilities
The Montana Center on Disabilities is a statewide disability outreach program of the College of Education. The Center is dedicated to developing resources that promote the inclusion of people with disabilities of all ages and cultural backgrounds into their communities. To meet this mission, the Center works with numerous university and community partners.

The Montana Center serves as a training and technical assistance resource to people with disabilities, families and numerous agencies throughout the state. The activities of the Center are funded by a variety of state and federal resources.

The staff of the Montana Center have professional skills related to disability in the areas of employment, rehabilitation counseling, transition, hearing conservation, community integration, prevention, collaboration, and learning strategies.

Montana State University Cooperative Programs
The Montana State University campuses at Billings and Bozeman have developed cooperative programs to better serve students who want to earn endorsements and degrees not offered through the authorized curricula on one or the other campus. For Bozeman, MSU Billings offers the special education endorsement program, the Master of Science in Special Education program, and a special education minor in the doctoral programs in curriculum and instruction, and educational leadership offered by MSU-Bozeman. For Billings, MSU-Bozeman offers the school administration endorsement for elementary education and secondary education, and the Master of Education in Educational Administration. Contact the Office of the Dean of Education at either campus for additional information.

The Teacher Education Program
The faculty of Montana State University Billings recognizes that the preparation of teachers is an all-University responsibility. Therefore, the various programs for the preparation of teachers represent a cooperative effort by the colleges and departments involved in teacher education.

All candidates from the University who wish to be recommended for the State of Montana Licensure must be formally admitted to the Teacher Education Program and meet all of the Teacher Education requirements.

The overall purpose of the Teacher Education Program is to develop competent teachers to meet the challenges of contemporary education. The faculty in the Teacher Education Program accepts the fact that teaching competence at every level requires steadily changing patterns and greater depths of preparation in order to meet the rising standards of study. Therefore, the faculty assumes responsibility for the selection and admission of those who wish to prepare to teach, for the advisement and retention of those admitted, and for the development of curricula designed for the preparation of educators.

Certain requirements are of major importance: (1) a broad background in General Education in the traditional liberal arts; (2) in-depth content preparation in specific teaching fields; (3) mastery of professional education knowledge, skills, and dispositions, and (4) demonstration of the competencies of the Initial Conceptual Framework.

In order to accomplish these objectives, the prospective teacher must acquire a scholarly mastery of the field to be taught and the ability to use methods of critical inquiry. This implies that prospective teachers acquire a superior fund of knowledge and enhanced scholarly ability in their respective academic disciplines. Moreover, prospective teachers must secure knowledge and understanding of the process of human development and behavior; competence in the techniques of instruction; knowledge of school organization and administration; an understanding of education as a social institution in historical and philosophical perspective; knowledge, understanding and experience in culturally diverse settings; and an ability to work with a diverse group of learners.
The Teacher Education Program includes not only a base of General Education and mastery of specific teaching fields, but also an in-depth education in the philosophical processes and organization of public education through a program of combined theory and direct experience.

Field–Based Experiences
The College of Education provides a number of supervised clinical and field-based experiences designed to prepare students to work effectively in the education professions. All field-based experiences are systematically designed and selected to provide students with opportunities to observe, plan and practice in a variety of community settings including schools and social service agencies. The major aim of these experiences is to apply execution of principles and theories from the professional knowledge base in supervised environments. Through a sequence of field-based experiences students develop skills that allow them to assume full responsibility as a beginning professional. Site and University personnel supervise clinical and field-based experiences.

All clinical and field-based experiences require a minimum of 45 contact hours per semester credit. In some degree programs, the contact hours may be greater than 45 hours per semester credit and students should clarify expectations with their faculty advisor prior to registration. Students may be required to purchase an insurance policy during the field experience. In some cases the school or agency provides insurance.

Student Teaching
The student teaching requirement is the culminating experience in the teacher education program at Montana State University Billings. Student teaching provides a guided teaching experience in a school setting on a fulltime basis. During the student teaching term, students concurrently participate in the Capstone seminars. For further information and basic policies regarding the student teaching experience students should meet with their faculty advisors and refer to the Guide for Student Teachers, Mentoring Teachers, and University Supervisors.

Internship
Field-based internships offer students the opportunity for enhanced experiences in school and community settings. Proposals for internships must be planned by students and their faculty advisor.

Application Process
In order to provide the highest quality field experience placements for students majoring in elementary or secondary education, deadlines have been set for accepting field placement applications. Field experience placements are the product of a number of elements including student needs, school district requests, and recommendations from faculty. To coordinate these elements in a timely fashion and meet all participants’ needs to the fullest extent possible, there must be sufficient lead-time. Application deadlines are posted throughout the College each semester. Students who plan to enroll for student teaching must have completed their required coursework prior to the term they plan to student teach.

Teacher Licensure Requirements
Specific teacher licensure requirements for the State of Montana have been established by the Office of Public Instruction. All licenses are endorsed by the State Superintendent of Public Instruction for the appropriate level(s) and area(s) of professional competence based upon the recommendation by the Licensure Official of the College of Education. Curriculum programs at MSU Billings prepare students for standard and professional licensure in elementary and secondary teaching and school counseling. Education students who take sufficient credits in a specific field, and meet all the endorsement requirements may receive an endorsement on their teaching license for the field of teaching upon recommendation of the Licensure Official of the College of Education.

Processing Procedures for Licensure and Endorsement
1. Direct all applications for licensure to the College of Education Licensure Officer.
2. All applications for areas of permissive special competency, teaching licensure, teaching endorsements, and supervisory endorsements must be reviewed and receive final approval by the Licensure Officer prior to institutional recommendation and final consideration by the State Licensure Office in Helena, Montana.
3. The same regulation applies to applicants seeking licensure outside the state of Montana.
Drug and Alcohol Course

Requirement
Chapter No. 396, Section 3, Montana Session Laws 1971 “All units of the Montana University System and all private colleges and universities in Montana that offer any degree in education shall require that any person who receives any degree in education from that unit, private college, or university must have successfully completed a course in health education to include drug and alcohol education and abuse prior to being awarded his or her degree.”

Indian Education for All (IEFA)
The State of Montana requires licensed personnel to have instruction pertaining to the history, traditions, customs, values, beliefs, ethics, and contemporary affairs of American Indians, particularly Indian tribal groups in Montana. While one three-credit course is a teacher education requirement, IEFA is infused throughout the program.

Teachers of Native American Studies
Licensed teachers with any endorsement may teach Native American Studies classes if they have 10 credits of Native American Studies courses. The following courses are recommended:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>

*May satisfy General Education requirements.

Admission to the Teacher Education Program

The Teacher Education Program at MSU Billings may be completed by students enrolled in the College of Education, the College of Arts and Sciences, the College of Business, or the College of Allied Health Professions.

All students desiring licensure to teach are required to file an Application for Admission to the Teacher Education Program. The application is completed during the term following the completion of a minimum of 45 semester hours of credit, or in the case of a transfer student, during the first term of residence above the sophomore level or the first term of graduate studies enrollment. Approved admission is necessary prior to registration for Professional Teacher Education courses at the 300 and 400 levels.

Admission to the Teacher Education Program requires the following:

1. Completion of a minimum of 45 semester credits with a minimum overall grade point average of 2.65 in all coursework completed.

2. All students must have completed the following General Education Requirements (see page 71) at MSU Billings, or from another regionally accredited institution of post-secondary education, earning a minimum grade point average of 2.65 with a minimum grade of “C” in each course.

*May satisfy General Education requirements.
3. A minimum grade of “C” and a combined GPA of 2.65 must be earned for the following courses in the Professional Education Core.

**Professional Education Core**

*EDU 105 Education and Democracy OR
EDU 200 Introduction to Education .............3
EDU 220 Human Growth and Development ......3
EDU 221 Educational Psychology and Measurement ...............................................3
HHP 201 Core Concepts in Health ......................3
SPED 260 Introduction to Teaching Exceptional Learners...............................................3

4. Prior to assignment/placement in any field experience, the student must provide a federal background check, including finger printing, with clear results. The documentation must be no older than two (2) years. The candidate understands and agrees that information submitted may need to be shared with faculty and the school district/organization, on a “need to know” basis, to secure the candidate’s field experience placement(s). Field experience placements include sophomore practica, junior field experiences, student teaching, and internships.

**Teacher Education Program**

**Appeals**

Candidates proposing a deviation from the Teacher Education Program appeal to the College of Education Teacher Education Program Appeals Committee. Candidates should contact their faculty advisor for assistance with this process. The Committee makes recommendations to the Dean of the College of Education, who has final decision-making authority.

**Courses Restricted to Teacher Education Program Admission**

Formal admission to the Teacher Education program is required for enrollment in the following courses:

**CURRICULUM AND INSTRUCTION**

EDU 381 Curriculum Theory and Design
EDU 397A Methods: K-8 Language Arts
EDU 397B Methods: K-8 Social Studies

SPED 415 Individualizing Curriculum (Preschool-12th grade)
SPED 420 Teaching Special Populations
SPED 484 Special Education Student Teaching
SPED 492 Seminar

**Initial Conceptual Framework**

The Initial Conceptual Framework represents the shared vision of members of the faculty in collaboration with members of the professional education community in preparing undergraduate students to become educators in P-12 schools. It provides direction for programs, courses, teaching, candidate performance, scholarship, service, and unit accountability. The Initial Conceptual Framework is the foundation that describes MSU Billings’ intellectual philosophy and expected performance outcomes of graduates.
The Initial Conceptual Framework provides the basis for coherence among curriculum, instruction, field experiences, clinical practice, assessment, and evaluation. It makes explicit collective professional commitments, including the commitment to acquire and use knowledge on behalf of P-12 students. It reflects commitment to diversity and the preparation of educators who help all students learn. Finally, the Initial Conceptual Framework provides a context for aligning national and state standards with the knowledge, skills and dispositions expected by the unit for educators.

**Initial Conceptual Framework**

**Professional and Pedagogical Development**

**MSU Billings–INTASC Standards**

**STANDARD 1: CONTENT PEDAGOGY**
The teacher understands the historical-legal-philosophical foundations of education, as well as the central concepts, tools of inquiry, and structures of the discipline he or she teaches. The teacher creates learning experiences that make these aspects of subject matter meaningful for students.

**STANDARD 2: STUDENT DEVELOPMENT**
The teacher understands how children learn and develop, and can provide learning opportunities that support a child’s intellectual, social, and personal development. MSU Billings teacher education candidates understand differences among groups of people and individuals. In the context of human similarity, candidates are aware of United States and global diversity, respect and value differences, recognize that students and their families may hold different perspectives and strive to meet individual student needs. (MSU Billings definition of diversity, 2001)

**STANDARD 3: DIVERSE LEARNERS**
The teacher understands how students differ in their approaches to learning and creates instructional opportunities that are adapted to diverse learners. Montana educators understand and teach with attention to the cultures of Montana Indian nations.

**STANDARD 4: MULTIPLE INSTRUCTIONAL STRATEGIES**
The teacher understands and uses a variety of instructional strategies to encourage student development of critical thinking, problem solving.

**STANDARD 5: MOTIVATION AND MANAGEMENT**
The teacher uses an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

**STANDARD 6: COMMUNICATION & TECHNOLOGY**
The teacher uses knowledge of effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom.

**STANDARD 7: PLANNING**
The teacher plans instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

**STANDARD 8: ASSESSMENT**
The teacher understands and uses formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social, and physical development of the learner.

**STANDARD 9: REFLECTIVE PRACTICE: PROFESSIONAL DEVELOPMENT**
The teacher is a reflective practitioner who continually evaluates the effects of his or her choices and actions on others and who actively seeks out opportunities to grow professionally. MSU Billings teacher candidates demonstrate professional dispositions both on and off campus.

**STANDARD 10: SCHOOL AND COMMUNITY INVOLVEMENT**
The teacher fosters relationships with school colleagues, parents, and agencies in the larger community to support students’ learning and well-being.

^Joint Appointment with the Department of Health and Human Performance
+Joint Appointment with the Department of Music

Mission

The Mission of the Department of Educational Theory and Practice is preparation of teachers who evidence the highest ideals of the teaching profession. This mission involves leading prospective teachers to examine the complex ways in which diverse disciplines interrelate and provide the foundations of all education. Study in the Department’s programs prepares professional educators for insightful, critical examination of the principles and practices that they encounter in their careers.

Offerings in the Department are based on the assumptions that teaching excellence depends upon: 1) celebration of the dignity of all individuals and cultural groups; 2) comprehensive understanding of subject matter; 3) a knowledge of human intellectual, physical, social, emotional, and spiritual development; and, 4) thoughtful, informed decisions about pedagogy.

Advising Information

Academic advising services for freshmen education majors are provided through the Advising Center on McMullen Hall first floor west. During the sophomore year, education majors will be assigned to a faculty advisor in their program for upper division advising. Advising files for upper division students are maintained within the department. Although advisors are available to assist students in designing their Plans of Study, students are ultimately responsible for meeting degree requirements.

Undergraduate Degrees and Majors

Bachelor of Science in Education with Teaching Majors in the following:
- Broadfield Major in Elementary Education
- Elementary Ed/Special Ed (P-12) Double Major
- Elementary Education/Reading (K-12) Double Major
- Secondary Ed/Special Ed (P-12) Double Major
- Secondary Education/Reading (K-12) Double Major

Special Education and Reading majors are available to candidates completing an elementary broadfield major or a secondary teaching option.

Bachelor of Science or Bachelor of Arts Degree with Secondary or K-12 Teaching Licensure Option

MSU Billings no longer offers a Bachelor of Science in Education (BSED) degree. Students now receive either a Bachelor of Arts or Bachelor of Science in the content area with a secondary or K-12 Teaching Licensure Option. Students must earn a teaching major and teaching minor, a double major, or an extended major in order to complete degree and licensure requirements.

See Teacher Licensure Options for the following areas in the College of Arts & Sciences (see page 117)
- Art (K-12)
- Biology
- Broadfield Science
- Chemistry
- English
- Health & Physical Education (K-12)
- History
- Mathematics
- Music (K-12)
- Political Science
Social Science (Broadfield)*
Spanish (K-12)

* It is recommended that students interested in pursuing Social Sciences choose a major in history (licensure option) with a teaching minor in political science and apply for the social science (broadfield) licensure endorsement. This plan will expand employment potential. Please consult the College of Arts & Sciences for specific information (see page 117).

Teaching Minors
For students who are pursuing secondary or K-12 teacher licensure in a content major, the following minors lead to additional endorsement. A teaching minor, second major, or extended major is required for the teacher licensure.
- Art (K-12)
- Biology
- Chemistry
- Earth Science
- Economics
- English
- Geography
- Health and Physical Education (K-12)
- History
- Mathematics
- Physics
- Political Science
- Psychology

Certificate of Teaching and Learning Online

Supervisory Endorsements
- Supervisor of Reading
- Supervisor of Special Education

The Department of Educational Theory and Practice is committed to preparing teachers who evidence the highest ideals of the teaching profession. Programs in the Department are based on the assumptions that: 1) effective teachers celebrate the uniqueness and dignity of all individuals and in all cultural groups; 2) a comprehensive understanding of subject matter is essential to teaching excellence; 3) an in depth knowledge of human intellectual, physical, social, emotional, and spiritual development through informed classroom practice is essential to teaching excellence; 4) human learning emerges contextually within individuals and is molded in part by familial and cultural institutions and values; and, 5) thoughtful, informed decisions about pedagogy enable teachers to guide students in constructing knowledge and becoming actively involved citizens in an increasingly global society.
These goals are accomplished by: schooling pre-service and in-service teachers in the dynamics of developing self-esteem and diverse family and cultural heritages; encouraging broad-based, in depth studies in a variety of disciplinary areas; focusing on developmentally appropriate instructional theory and practice; modeling attitudes, behaviors, and practices sensitive to individual, gender, and cultural differences; assisting students in developing instructional strategies emanating from several theoretical bases; and, limiting the size of classes to promote maximum individual attention for students.

**Online Availability**
A number of COE programs are available online with limited on-campus residency requirements. These include the following:

- AA Program of Study in Education
- Minor in Early Childhood Studies
- Special Education Teaching Endorsement
- Graduate licensure programs in elementary and secondary education
- Graduate special education supervisory endorsement
- Master of Education in Educational Technology

In addition, some College of Education programs have individual course availability online but not the entire program of study. These include the following:

- Early Childhood undergraduate minor
- Reading courses
- School Counseling courses
- Elementary Education

Bachelor of Science in Education Degree  
Broadfield Major in Elementary Education  

**General Education Requirements** ............................................................. 37

The General Education requirements for elementary education majors have been designed to prepare preservice educators in a liberal arts curriculum that: stimulates scholarship; promotes a critical understanding of human concepts; fosters individual fulfillment; nurtures the development of free, rational, and responsible professions; cultivates an appreciation for the values associated with life in a free, democratic society; develops intellectually competent, imaginative and vigorous educators; and encourages an analysis of values inherent in foreign cultures, the variety of American ethnic cultures with an aim toward developing a clearer understanding of other peoples. The General Education program for elementary majors is similar to the General Education program established for all students at Montana State University Billings. A complete description is on page 71. Students should select General Education courses in consultation with their academic advisors.

I. Global Academic Skills  
A. Mathematics  
*M 131 Mathematics for Elementary Teachers II ........................................ 3  
(M 130, a prerequisite to M 131, is required in the Content Cognate of the Elementary Education Major)

B. English

Teaching Minor or Areas of Concentration ....................................... 21
Students in Elementary Education must select, in consultation with their education faculty advisor, a teaching minor as identified in this catalog, or one of the areas of study listed below:

- American Studies
- Bilingual/Multicultural
- Broadfield Science
- Chemistry
- Creative and Performing Arts
- Early Childhood
- Global Studies
- Humanities
- Mathematics/Science
- Native American Studies
- Philosophy
- Teaching Endorsement in Art (K-12)
- Teaching Endorsement in Health and Physical Education (K-12)
- Teaching Endorsement in Reading (K-12)
- Teaching Endorsement in Spanish (K-12)
- Teaching Endorsement in Special Education (P-12)

Total minimum credits required for degree ................................... 127

Professional Core Requirements
The Professional Core at Montana State University Billings combines the intellectual foundations of education and the professional knowledge and skills required of all teachers into a coherent sequence of courses. The core provides the basis for understanding the philosophical, historical, cultural, and sociopolitical means by which society attempts cultural transmission and it provides the opportunity to acquire the knowledge and skills that are essential for effective instruction. It includes the range of human development and learning as they affect instructional planning, evaluation, curriculum design and implementation, performance skills, management of classrooms, direction of students, professional responsibilities, and ethical issues affecting teacher effectiveness.

At different points in its sequence of courses, the Professional Core engages students in supervised practice applying their developing knowledge and skills. By having faculty who hold diverse disciplinary perspectives teach throughout its sequence, the Professional Core encourages students to develop a professionally responsible understanding of the diversity that defines learners and teachers. The student teaching experience completes the sequence and includes both a final look at classroom skills and a capstone seminar.

The Professional Core presents a balanced approach to epistemology from philosophical, psychological, and sociological perspectives. The core is predicated on the evidential nature of knowledge required for the professional practice of education. While the professional practice of education is also informed by belief and intuition, it is ultimately defensible only to the extent that it has evidential support. The Professional Core engages students in both the processes and products of human knowing as such knowing is central to all aspects of education. The Professional Core involves the (a) creation, (b) facilitation of change, (c) transmission, and (d) application of human knowledge across the diversity of ways in which individuals understand human knowledge.

SUGGESTED PLAN OF STUDY
B. S. in Education
Secondary Education/Special
Education (P-12) Double Major

This sample schedule is a suggested plan for students to follow in completing the
double major of Secondary Education and Special Education. Due to course
changes and staff assignments, students may not be able to follow the plan exactly.
Students should consult with their faculty advisors to plan classes before registering
each semester.

Apply to Student Teach Fall Semester
Apply to Graduate Fall Semester
Apply for Licensure Spring Semester

Certain courses in this program have prerequisites; students should check
the course descriptions for prerequisites.
Bachelor of Science in Education
Secondary Education/Reading Double Major
5–12 and K–12 Reading Endorsement
This program leads to initial licensure in teaching (5-12) per chosen content field and the K-12 Reading Endorsement. This double major requires completion of courses required the Content Subject Matter major, specified courses in Secondary Education along with courses in Reading indicated for completion of the double major. The Reading Major provides a route to Highly Qualified Teacher status.

Minor in Early Childhood Studies
The minor is designed to expand the knowledge and skill level of students receiving degrees in elementary education, psychology, or sociology who are preparing to work with children (0-8) and their families. Transfer students interested in the Permissive Special Competence in early childhood education from the Montana Office of Public Instruction will need to add additional courses to complete the requirements of the competency.

Required Courses
- EDU 240 Behavior Management ............................................. 3
- EC/SPED 283 Curriculum and Adaptations .................................. 3
- EDU 336 Cognitive & Language Development in Young Children ................................................. 3
- EC 336 Social/Emotional Development in Young Children ............................................................ 3
- EC 437 Child in the Family System ........................................ 3
- Focus Electives ........................................................................ 6
  The focus electives must be chosen in consultation with the student’s faculty advisor.

Total Required Course credits ............................. 21

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

Teaching Minor in Reading
(K-12)
The minor in Reading leads to a Reading Endorsement on a Montana Teacher Licensure. The endorsement allows the licensed teacher to serve as reading specialist for kindergarten through grade 12.

Required Courses
- EDU 330 Emergent Literacy .................................................. 3
- EDU 430 Teaching Reading K-3 ............................................. 3
- EDU 435 Theories in Reading .................................................. 3
- EDU 438 Literacy Assessment, Diagnosis and Instruction ......................................................... 3
- EDU 432 Literature and Literacy for Young Adults .................................................. 3

Total Required Courses credits ................................... 15

Restricted Electives
Select two courses from the list below and/or a special workshop in consultation with your faculty advisor.
- EDU 336 Cognitive and Language Development in Young Children ................................................. 3
- EC 437 Child in the Family System ........................................ 3
- EDU 413 Developing Student Writing .................................. 3
- EDU 434 Reading Round Table ................................................ 1-3
- EDU 436 Storytelling ............................................................ 3

Total Restricted Electives ............................................... 6

Total minimum credits for minor ......................... 21

Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.

Teaching Endorsement in Special Education (P-12)
All students selecting a teaching endorsement in special education must have a written plan of study for the endorsement.

Required Courses
- EDU 438 Literacy Assessment, Diagnosis and Instruction ......................................................... 3
  (Note: EDU 433 is a prerequisite for EDU 438)
- SPED 260 Introduction to Teaching Exceptional Learners ......................................................... 3
- SPED 310 Teaching Students with Learning Disabilities ......................................................... 3
- SPED 311 Teaching Students with Emotional Disturbances ......................................................... 3
- SPED 312 Teaching Students with Developmental Disabilities .................................................. 3
- SPED 375 Teaching, Learning and Behavior in the Schools ......................................................... 3
- SPED 400 Legal and Current Issues in Special Education ......................................................... 3

- SPED 420 Teaching Special Populations ......................................................... 3
- SPED 484 Special Education Student Teaching ......................................................... 9

Total Credits for Teaching Endorsement .................. 39

Non-Endorsable Teaching Minor in Special Education (K-12)
Concentration
The special education requirements listed below will better prepare elementary or secondary education candidates to meet the educational needs of an increasingly diverse student population. To earn a special education endorsement, the candidate must complete the special education teaching major,
including student teaching, listed on pages 284 and 289. **All courses in this minor count toward a special education major.**

### Credits

- SPED 310 Teaching Students with Learning Disabilities ........................................................ 3
- SPED 311 Teaching Students with Emotional Disturbance ....................................................... 3
- SPED 312 Teaching Students with Developmental Disabilities .................................................... 3

- SPED 415 Individualizing Curriculum (Preschool-12th Grade) ................................................... 3
- SPED 420 Teaching Special Populations ....................................................................................... 3

**Total Elective Credits** .......................................................... **6**

**Total Minimum Credits for the Minor** ............................... **21**

*Certain courses in this program have prerequisites; students should check the course descriptions for required prerequisites.*
The College of Technology

Ms. Tammi Miller, Associate Dean
tmiller@msubillings.edu
COT A–009, (406) 247-3000

For the most up-to-date information about College of Technology programs please see the annual College of Technology Catalog.

Mission
The mission of the Montana State University Billings College of Technology is to be the College of first choice, dedicated to the development of workforce capacity by providing top quality learning opportunities and services to meet a variety of career choices and customer needs by being responsive, flexible, and market-driven.

History
In 1969, the Montana State Legislature created the Billings Vocational-Technical Education Center (BVTC) to serve the postsecondary technical training needs of adults. In 1987, by order of the Legislature, governance passed from the Billings School District to the Montana University System Board of Regents, making the BVTC one of five campuses of the Montana University System for postsecondary vocational-technical education. In 1994, the BVTC officially merged with Eastern Montana College to become the fifth College of Montana State University Billings. The merger and subsequent sharing of resources brought about new and improved student services, such as cooperative education, health services, career services, fee payment options, and credit transferability.

Areas of Emphasis
The College of Technology provides individuals with training (or re-training) to obtain excellent, “in demand” positions available at many area employers. Graduates of the College of Technology become licensed practical nurses, surgical technicians, paramedics, firefighters, automobile technicians, diesel technicians, process plant operators, computer system technicians, computer desktop support specialists and computer assisted drafting technicians working with architects. These examples are just a few of the career possibilities awaiting students earning a Certificate, Associate of Applied Science degree, Associate of Science degree or Associate of Art degree from the College of Technology. We will give you the tools to make your career dreams come true.

Partnerships and Collaborative Relationships
The College of Technology enjoys partnerships with key organizations in the greater Billings region including: Billings Clinic, St. Vincent Healthcare, Billings Fire Department, Bresnan Communications, Underriner Motors, One Eighty Communications, The Billings Gazette, and the Montana Contractor’s Association to name a few. In addition, the College offers occupationally specific and related instructional opportunities on campus as well as through distance learning to prepare or retrain individuals to meet the demands of present and future technology. The College continues to develop collaborative relationships and articulation agreements with other institutions of higher education where appropriate. Since fall 2003, the College Of Technology has been a training site for the University of Montana’s Surgical Technology Associate of Applied Science degree. Students in the Billings area are now able to complete all of the training locally instead of having to relocate to the Missoula area. This is our first attempt at collaboration with another College of Technology in offering their program through our campus and community. We anticipate expanding such collaborations in the near future.

Specialized Training
Through the College of Technology’s Outreach and Community Development Center of Excellence, a variety of special programs have been developed to meet specific training needs of business, industry, and other organizations through contract training, continuing education courses, workshops, and seminars. Specialized programs can be developed at the request of individuals and employers and are conducted on the job site or on campus.
Accreditation
Montana State University Billings is accredited by the Northwest Commission on Colleges and Universities. The College of Technology has individual programs that are recognized and approved by the United States Office of Education, Bureau of Indian Affairs, Division of Vocational Rehabilitation, National Automotive Technicians Education Foundation (NATEF), Inter-Industry Conference on Auto Collision Repair (I-CAR), Committee on Accreditation of Allied Health Education Programs (CAAHEP), Committee on Accreditation of Educational Programs for the EMS Professions (CoAEMSP), and the Montana State Board of Nursing. All programs are approved for veterans.

Location and Campus
The College of Technology is located at 3803 Central Avenue, seven miles from the senior MSU Billings campus in the fast-growing west-Billings “Shiloh Corridor Complex,” near the intersection of Central Avenue and Shiloh Road. The campus consists of two buildings: the Tech building and new Health Sciences building. At the front of the COT campus is the MSU Billings soccer field, used by both the women’s and men’s soccer teams for practice and games.

College of Technology

Degrees and Certificates
The College of Technology offers Associate of Arts, Associate of Science, Associate of Applied Science Degrees and Certificates in the following areas:

Programs marked with a △ are also offered in an online format.

Associate of Science Degree (AS)

Programs of Study in:

Business Administration
Drafting & Design
Fire Science
General Studies (Self-designed) △
Human Resources - General Applied Emphasis △
Human Resources - College of Business Articulated Emphasis △
Networking Technology

Associate of Science in Nursing (ASN)

Associate of Applied Science (AAS)

Certificate of Applied Science
For more information on this program, please see the College of Technology catalog.

Required Courses Credits
ABDY 111 Introduction to Auto Body Repair .............. 5
ABDY 112 Minor Collision Repair ............................... 6
ABDY 121 Automobile Body Structural Repair ............ 6
ABDY 122 Automobile Collision Mechanics .................. 5
CAPP 120 Introduction to Computers .......................... 3
COMT 109 Human Relations ........................................ 3
M 111 Technical Mathematics ...................................... 3
TRID 140 Automobile Sheet Metal and Structural MIG Welding ...................................................... 2
WRIT 104 Workplace Communications ....................... 3

Total minimum credits required .............................. 36

Students should check the course descriptions for required prerequisites.

Automobile Refinishing Technology

Certificate of Applied Science
For more information on this program, please see the College of Technology catalog.

Required Courses Credits
ABDY 131 Introduction to Refinishing Principles ........ 6
ABDY 132 Introduction to Automotive Undercoats and Plastics ...................................................... 6
ABDY 141 Advanced Automotive Refinishing .............. 6
ABDY 142 Introduction to Automotive Paint Blending and Color Matching ........................................ 7
CAPP 120 Introduction to Computers .......................... 3
COMT 109 Human Relations ........................................ 3
M 114 Extended Technical Mathematics ...................... 3
TRID 150 Environmental and Shop Practices ............... 2
TRID 151 Welding...................................................... 2
TRID 152 Vehicle Heating, Ventilation, and Air Conditioning ......................................................... 3
TRID 170 Engine Theory .............................................. 4
TRID 180 Electrical Systems ........................................ 4
WRIT 122 Introduction to Business Writing ................. 4
OR WRIT 121 Introduction to Technical Writing ........ 3

Total minimum credits required for degree .......... 71

Students should check the course descriptions for required prerequisites. Math and English requirements are usually determined by performance on placement tests or transfer credits.
Automotive Technology

Certificate of Applied Science

For more information on this program, please see the College of Technology catalog.

Required Courses Credits
AUTO 110 Manual Drive Train and Axles ................... 2
AUTO 111 Manual Drive Train and Axles Lab ............ 2
AUTO 160 Automotive Brake Systems ........................ 2
AUTO 161 Automotive Brake Systems Lab ................. 2
AUTO 172 Engine Rebuild ........................................... 5
AUTO 182 Diagnosis and Tune-Up .................................. 3
AUTO 183 Automotive Diagnosis and Tune-Up Lab ...... 3
COMT 109 Human Relations ........................................ 3
M 111 Technical Mathematics ...................................... 3
TRID 170 Engine Theory .............................................. 4
TRID 180 Electrical Systems ........................................ 4
WRIT 104 Workplace Communications ..................... 3

Total credits required ................................................ 36

Optional courses
CAPP 120 Introduction to Computers ....................... 3
TRID 150 Environmental and Shop Practices ............. 3

Students should check the course descriptions for required prerequisites. Math and English requirements are usually determined by performance on placement tests or transfer credits.

Business Administration

Associate of Science Program of Study

For more information on this program, please see the College of Technology catalog.

Required Courses Credits
General Education Requirements .................................... 37
Students should consult with an academic advisor before registering for General Education courses. The following General Education courses are required:
M 143, WRIT 101, WRIT 220, COMT 130 or MIS 150, and ECNS 201.

Core Courses
ACTG 201 Principles of Financial Accounting ............ 3
#BUS 205 Business Law I ........................................... 3
CAPP 120 Introduction to Computers
OR
CAPP 131 Basic MS Office ........................................... 3
CTBU 171 Introduction to Business ......................... 3
CTBU 270 Introduction to Sales & Marketing ............. 3
CTBU 280 Principles of Applied Management ............ 3
ECNS 202 Principles of Macroeconomics ................. 3

^TASK 294 Seminar/Workshop .................................... 2
Total for core .......................................................... 23

#Indicates courses that transfer to the College of Business core.
^Indicates courses that transfer to the College of Business as general electives.

Computer Desktop/Network Support

Associate of Applied Science Degree

For more information on this program, please see the College of Technology catalog.

Required Courses Credits
CAPP 110 Short Courses: MS Outlook ....................... 1
CAPP 153 MS PowerPoint ........................................... 2
CAPP 154 MS Word ................................................. 3
CAPP 156 MS Excel .................................................. 3
CAPP 158 MS Access ................................................. 3
CAPP 120 Introduction to Computers
OR
CAPP 131 Basic MS Office ........................................... 3
CTBU 171 Introduction to Business ......................... 3
CTCM 130 Introduction to Public Speaking ............. 3
DSGN 208 Multimedia Technology ......................... 3
M 114 Extended Technical Mathematics ................. 3
WRIT 121 Introduction to Technical Writing .......... 3
CST 292 Technical Support Internship ................. 3

Total minimum credits required for degree ........... 69

Students should check course descriptions for required prerequisites. Math and communication requirements are usually determined by performance on placement tests or transfer credits.

^Students are required to complete two credits, but may earn up to three.

Human Resources General Applied Emphasis

For more information on this program, please see the College of Technology catalog.

Required Courses

- General Education Requirements ...........................................37
- The following General Education courses are required:
  - WRIT 101 & WRIT 220 in Category I subcategory B;
  - ECNS 201 in Category III.

Technical Courses

- ACTG 101 Accounting Procedures I ............................ 3
- ACTG 180 Payroll Accounting ..................................... 3
- CAPP 120 Introduction to Computers .......................... 3
- HR 180 Employment Law and Practices ............................ 3
- HR 250 Employment and Compensation Strategies .......... 3
- HR 281 Risk Management, Safety, and Security .......... 3
- HR 282 Organizational Training and Development ...... 3
- TASK 294 Seminar/Workshop
  - OR
    - HR 296 Cooperative Education/Internship ........... 2-3^  

Total Required Courses ............................................ 23

Total Credits .............................................................. 60

^Students are required to complete two credits, but may earn up to three.

Human Resource Management

For more information on this program, please see the College of Technology catalog.

Required Courses

- General Education
  - WRIT 122 Introduction to Business Writing ................ 3
  - COMT 109 Human Relations ....................................... 3
  - M 121 College Algebra ................................................. 3
- Total ............................................................................. 9

Students should consult with an academic advisor before registering for General Education courses in order to maximize the number of elective credits allowed in the degree. A list of General Education courses is available in the General Bulletin and College of Technology catalog.

- ACTG 101 Accounting Procedures I ............................ 3
- ACTG 180 Payroll Accounting ..................................... 3
- CAPP 120 Introduction to Computers .......................... 3

M 111 Technical Mathematics ......................................3
WRIT 104 Workplace Communications ........................3
Total minimum credits required .............................. 34

NOTE: Students are encouraged to take the industry certifications tests for Cisco and MCSE. Please contact our testing center for more information on cost and scheduling.

Nursing
Practical Nurse
Associate of Applied Science Degree
For more information on this program, please see the College of Technology catalog.

Required Courses Credits
Semester One
BIOH 201 Human Anatomy and Physiology I ............. 3
BIOH 202 Human Anatomy and Physiology I Laboratory ................................................. 1
CHMY 121 Introduction to General Chemistry ............ 3
CHMY 122 Introduction to General Chemistry Laboratory ................................................. 1
M 121 College Algebra .............................................. 3
NRSG 100 Introduction to Nursing ................................ 1

Semester Two
BIOH 211 Human Anatomy and Physiology II ............ 3
BIOH 212 Human Anatomy and Physiology II Laboratory ................................................. 1
NUTR 121 Clinical Human Nutrition .......................... 1
PSYX 100 Introduction to Psychology .......................... 3
WRIT 101 College Writing I ......................................... 3

NOTE: Admission to the Nursing Program is required prior to taking Semester Three coursework

Semester Three
NRSG 130 Fundamentals of Nursing ............................ 4
NRSG 131 Fundamentals of Nursing Lab ....................... 3
NRSG 135 Nursing Pharmacology .................................. 3
NRSG 138 Gerontology for Nursing ............................. 1
NRSG 139 Gerontology for Nursing Clinical ................ 1

Semester Four

WLDG 215 Gas Tungsten Arc Welding .......................5
WLDG 251 Specialty Welding Processes ....................5
WLDG 255 CNC Burn Table Programming and Operation ..................................................5
WLDG 280 Weld Testing Certification .........................2
WLDG 281 Weld Testing Certification Lab ..................3
WRIT 122 Introduction to Business Writing ................3
Total minimum credits required ..................................39

Suggested Elective
CAPP 120 Introduction to Computers .........................3
WLDG 298 Internship/Cooperative Education ............3-9

In order to take the first semester of WLDG courses, students must prove their skills in Reading Comprehension and Writing. For more information, please contact the Advising Office.
Welding for Energy Technology

Certificate of Applied Science
For more information on this program, please see the College of Technology catalog.

Entrance Requirement
Entrance requirement for the Welding for Energy Technology Certificate of Applied Science is successful completion of the Welding and Metal Fabrication Certificate of Applied Science or equivalent professional industry certification, and/or evaluation by qualified College of Technology faculty of applicable work experience.

MSU Billings Downtown

Mr. Bob Carr, Executive Director
208 N. Broadway, Suite 414
Downtown Billings
(406) 896–5890

Mission Statement
The mission of MSU Billings Downtown is to respond to the needs of changing expectations in higher education. Specifically, the department was developed to support interdisciplinary programs of study, new ventures, pursue innovative and entrepreneurial programs, promote lifelong learning opportunities, and provide a number of University-wide functions. The educational programs offered through the department are tailored to the economic, social and cultural needs of the University’s constituents. The educational activities may occur on-campus, throughout Montana, elsewhere in the United States, and worldwide.

MSUB Downtown is organized into several program areas. Based upon the context of your educational needs and objectives, one or all of these programs may be creatively employed to fulfill them.

Lifelong Learning
Our Lifelong Learning programs focus on the development and delivery of conferences, workshops, seminars, and other special educational programs. Offerings can include programs for degree credit, extension credit, or not-for-credit depending upon the needs of the recipients. Groups served include youth through our “Kids on Campus” programs, adults, and seniors as part of “Seniors on Campus” programs.

Training and Development
The MSU Billings Outreach Program specializes in the development & delivery of credit and non-credit courses, workshops, seminars, conferences, special events and other educational outreach services intended to serve your professional development & lifelong learning needs.

Event Planning Assistance
MSU Billings Downtown Conference Center Staff offer comprehensive educational facilities and resources for all of your event planning needs.

For more information on the above, contact: (406) 896-5890.
MSU Billings Online

We are pleased to be able to offer you an opportunity to take college courses via the Internet as a way of overcoming barriers of time and place. Our students have told us that they need the ability to fulfill their academic goals in an environment that affords them “freedom and flexibility, comfort and convenience and more time for work and family.” By combining our commitment to “Access and Excellence” with the technology that allows you to “Learn Online… Anywhere… Anytime,” this program ensures that you can achieve your personal, professional and academic goals while not having to sacrifice the other things that are important in your life.

Health Career Pathways
2+2 Online Degree Completion Program

Bachelor of Applied Science (with thematic concentration in Healthcare Administration or Radiology Technology Management)

This program provides individuals who have earned an associate’s degree or radiology technology certification an opportunity to complete an interdisciplinary bachelor’s degree. The program has been strategically designed to prepare graduates for success in leadership roles in Healthcare Administration or Radiology Technology.

Montana State University Billings will work with your college or institution, enabling you to seamlessly transfer credits you have earned in your completed associate’s degree program or radiology technology certification toward completion of an interdisciplinary bachelor’s degree in our 2+2 Online Degree Completion Program.

This unique program provides working adults with an opportunity to earn a bachelor’s degree while still enjoying freedom and flexibility, comfort and convenience, and more time for work and family. Students admitted to this program will complete the bachelor’s degree within two years, via fully online courses, with a part-time workload of six credits per term in consecutive eight-week terms.

*May satisfy General Education requirements.

A final degree completion plan of study will be developed and approved for each student following an analysis of their associate degree transcripts. Some students may need to earn additional course credits beyond the thematic concentrations in order to satisfy missing general education requirements or other required elective credits. Any additional course credits...
required will be confirmed for the student before getting started in the program. Courses may be subject to change.

**Admission**

To apply for admission to the Health Career Pathways 2+2 Online Degree Completion Programs, please complete the following:

1. Complete and submit the application at www.msubillings.edu/healthpathways.
2. In addition to submitting the above online application form, please mail an official copy of your undergraduate transcript(s) indicating successful completion of an associate’s degree to:
   
   Online Student Recruitment, Support & Retention Coordinator
   
   Montana State University Billings
   
   1500 University Drive
   
   Billings, MT  59101

For more information:

Fax:  (406)254-9787

Phone:  (406)896-5998

Email:  abruce@msubilling.edu

**Degree Planning & Course Selection Advising**

**Assistance**

Students are encouraged to work with an advisor to ensure that courses selected will successfully meet all degree requirements and also fulfill the student’s academic interests and goals. For academic advising and course selection assistance, please contact the MSU Billings Online University Advisor at advisor@msubonline.org.
Special Programs and Pre-Professional Programs

Pre-Engineering and Pre-Engineering Technology

_Advising Center, McMullen First Floor West_

**(406) 657–2240**

Students seeking an Engineering or Engineering Technology degree can pursue a basic program of study for one or two years at Montana State University Billings. Upon completion of this basic program, students may transfer to the engineering college of their choice to complete the requirements for a Bachelor’s degree. In addition to the technical program, these students will have to complete the General Education requirements of the school from which the degree will be given.

The core of basic courses is similar for the different fields of engineering but varies slightly among colleges of engineering. As a model for planning, the curricula at the College of Engineering at Montana State University-Bozeman are used in these pre-professional programs at Montana State University Billings. The College of Engineering at MSU is nationally accredited, which ensures that students using this model will follow a program similar to that of other accredited colleges. Nevertheless, students are urged to obtain a catalog from the engineering college of their choice to use as a guide in planning a specific study program.

In order to complete the requirements for an engineering degree in four years, it is generally necessary to carry 16 to 18 credit hours per semester.

Pre-Law Program

_Advising Center, McMullen First Floor West_

**(406) 657–2240**

Most accredited law schools require that a Bachelor’s degree be completed prior to registration. Additionally, admission is based upon the applicant’s score on the Law School Admission Test (LSAT), ethical character, professional promise, academic achievements, and letters of recommendation. Because admission to law school is highly competitive, a student should attempt to achieve a cumulative grade point average of at least 3.00 and a LSAT score of at least 150 within a range of 120 to 180.

Law schools do not prescribe a specific undergraduate course of study. Students should seek out specific requirements of the law schools to which they are applying. Individuals with baccalaureate degrees in every subject area have been admitted to law schools and have become successful lawyers. The best background, however, is a program that provides a broad liberal arts education. Useful majors include English, Communication Arts, Foreign Languages, History, Psychology, and Sociology. As the practice of law becomes increasingly technical, a specialized background in business or science may prove valuable. A major should be chosen on the basis of the interest and challenge it offers, not because it might guarantee admission to a law school.

Montana State University Billings offers a minor in Political Science with a pre-law emphasis. The Political Science minor includes courses in United States Government, Constitutional Law, Civil Liberties, and Juvenile Delinquency--areas directly related to the law.

Certain academic skills are essential: the ability to read effectively with speed and comprehension; the ability to write clearly, including a good command of grammar; and the ability to think logically. These basic skills can be acquired by carefully selecting courses and instructors, regardless of the specific subject.

Communication skills can also be developed through drama, creative writing, and the like. The ability to type and computer skills are invaluable.

Law schools require applicants to take the LSAT, a half-day standardized test. It consists of three sections which evaluate a student’s reading comprehension, analytical reasoning, logical reasoning, and other skills. A 30- minute writing session is also included. The writing sample is not scored; rather, copies of the essay are sent to all schools to which candidates request their LSAT score sent. Most law schools also require candidates to register for the Law School Data Assembly Service (LSDAS), a biographical and academic information clearinghouse. The LSAT should be taken in June following the junior year or in October of the senior year.
Most law schools operate on a semester basis; they begin the year of study in September and only allow admission at that time. Pre-law students should begin to consider possible law schools during the spring of their junior year and complete their applications by the end of the fall semester of their senior year. The Pre-Law Handbook provides information about all accredited law schools; it may be consulted in the pre-law advisor’s office.

Montana State University Billings provides the basis for an excellent pre-law education. While admission to law school ultimately depends upon the student’s abilities, MSU Billings offers challenging courses and instructors who help individuals develop the skills needed for admission into law school and a successful legal career.

This information is general and only serves as a beginning. More detailed information, including a suggested pre-law curriculum and particular law school admission standards, is available on request from the faculty pre-law advisor.

Pre-Medicine

Advising Center, McMullen First Floor
West

(406) 657-2240

Students interested in medicine, veterinary medicine, dentistry, or medical technology must obtain a Bachelor’s degree in preparation for these professional programs. No specific undergraduate major is required for these health professions, but a strong academic background in biology and chemistry is expected for admission to most medical-science professional programs. Programs that build a foundation in science and mathematics are adjusted to best fit the needs of particular professional or graduate schools and the student.

Medical schools look for students who are well-rounded. Individual programs can be designed to provide the student with the maximum opportunity for pursuing educational goals. Classes outside the sciences can be helpful to offer breadth to a student’s education. Education outside of the classroom is also important. Medical schools expect students to have a strong understanding of the world around them. Volunteer work, internships, and involvement in clubs or activities that interest students are strongly encouraged.

Medical technology students graduating with a baccalaureate major in Biology or Chemistry need to apply to an approved school of medical technology to serve a 12-month internship. Students in the other areas should apply to an appropriate professional school before graduation from MSU Billings. Biology and Chemistry faculty will assist and advise the student in arranging these applications, but the initiative lies with the student.

Pre-medical students should regularly use the Medical School Admissions Requirement Handbook to find admissions standards of accredited medical schools and keep abreast of requirements in this field.

Pre-Nursing

Advising Center, McMullen First Floor
West

(406) 657-2240

The Pre-Nursing curriculum at MSU Billings is designed in conjunction with the College of Nursing at Montana State University-Bozeman. This two year pre-nursing program fulfills the basic undergraduate General Education requirements and the College of Nursing requirements WITH THE EXCEPTION OF FIVE (5) LOWER DIVISION NURSING COURSES. One of these five lower division courses is available online through MSU-Bozeman. The remaining four (4) lower division nursing courses are taught at the Bozeman Campus and are offered on a limited basis at the Billings campus.

Pre-Nursing students should apply for upper division (junior and senior years) placement during their second semester at MSU Billings. Upper Division placement is competitive and based strictly on a “selected” Grade Point Average (GPA) calculation. Due to occasional changes in the curriculum, it is essential to contact the pre-nursing advisor before course selection.

Students interested in details of the complete MSU-Bozeman program may write directly to MSU-Bozeman College of Nursing or contact the director at the Billings Extended Campus of the MSU-Bozeman College of Nursing located on the MSU Billings campus, Apsaruke Hall 212, 657-1775.

Students are reminded that a Practical Nursing Program is available at the MSU Billings College of Technology. The chairperson of the Health Occupations Department may be reached at (406) 247-3000.
Pre–Pharmacy and Pre–Physical Therapy

Advising Center, McMullen First Floor West

(406) 657–2240

Students interested in Pharmacy or Physical Therapy should see an advisor for information. Forms outlining the curricula for transfer to the University of Montana in either program are available from the Arts and Sciences Academic Advisor on McMullen first floor west. Students planning to transfer to any other school will need to obtain a catalog from the college and, in consultation with their advisor, develop a plan of study to meet the specific requirements of the college of their choice. Because competition for acceptance into the professional schools is intense, the student should maintain a strong grade point average, have experience in the field, be knowledgeable of the application deadlines for the schools of choice, and apply to several schools.
Course Terms and Definitions

Listings in the Course Descriptions section are grouped alphabetically according to academic discipline. Then, under each academic discipline, the courses follow a numerical order. Each listing includes the description of the course content, the course credit, prerequisites (if any), and corequisites (if any). Course offerings are subject to the availability of staff and adequate enrollment. Students should consult the yearly time schedule of classes to determine the courses actually offered each semester.

**Cross-Referenced Rubrics** Some courses carry two rubrics (i.e. A&SC/SOCI 274). This means the same course is offered in the Arts & Sciences listing and in the Sociology listing of courses.

**Course Numbering** The academic program at Montana State University Billings is organized in lower division, upper division and graduate courses. Lower division courses are numbered 100 to 299; upper division courses carry numbers from 300 to 499; graduate courses have numbers from 500 to 599. Ordinarily, freshmen take courses carrying numbers from 100 to 199; sophomores from 200 to 299; juniors from 300 to 399; and seniors from 400 to 499. However, provided that prerequisites are met, freshmen may take courses carrying numbers from 200 to 299, sophomores from 300 to 399, and juniors from 400 to 499. Courses numbered 500 to 599 are available to senior students who have completed graduation, have a minimum grade point average of 3.00, and have received prior approval from the Director of Graduate Studies. If these conditions have been satisfied, students may enroll for up to eight semester graduate credits.

Courses numbered 600 and above are only available to graduate students.

**Teacher Education Program Restricted Courses** Certain upper division courses are restricted to students admitted to the Teacher Education Program at MSU Billings. (See page 275 for a listing of specified courses.) Only those students admitted to the Teacher Education Program may register for these restricted courses.

Symbols and Abbreviations

**Credit Hour** The number following the course title indicates the number of credits for which the course is offered. When the credit number is followed by “R,” the course may be repeated up to the total credit indicated. For example, 1 cr. R-6 means a course is offered for one credit but may be repeated up to a maximum of six credits. When the indicated credit is preceded by a “V,” the possible credit varies. For example, V 1-5 cr. means the credit varies from one up to a maximum of five. Normally, a credit represents 60 minutes of classroom instruction per week for one semester. The time required for each credit may be distributed in any combination among preparation, recitation, lecture or laboratory work.

**Lecture and Laboratory 4 cr. (Lec. 3; Lab 1)** Illustrates a class with three credits of lecture per week and one credit of laboratory.

**Lecture and Studio 4 cr. (Lec. 2, Stu 2)** Illustrates a class with two credits of lecture per week and two credits of studio work a week.

**Recitation and Studio 4 cr. (Rct 2, Stu 2)** Illustrates a class with two credits of recitation a week and two credits of studio work a week.

**Course Rotation (F, Sp, Su)** Illustrates when a class is regularly offered: F – fall, Sp – spring, Su – summer.

**Cooperative Education V 1–8 cr.** Each Cooperative Education course requires, as a minimum, 45 contact hours per semester credit hour.

**Prerequisite** Some courses require other courses which must be completed before another can be taken. For example, **ACTG 202 Principles of Managerial Accounting Prerequisite: ACTG 201** means that ACTG 201 must be completed before a student enrolls in ACTG 202. In some cases, an equivalent course for stated prerequisites may be substituted by permission of the dean or chairperson of the area in which the course is given.
Corequisite  Some courses require that another course(s) be taken simultaneously if the corequisite course has not been successfully completed prior to registration. Withdrawal from a corequisite course necessitates withdrawal from the other corequisite course(s).

WR  designates a Writing Intensive course (See General Education page 71).

TN  designates a Technology Intensive course (See General Education page 71).

*  Designates a course that can be counted toward General Education Requirements (See General Education, page 71).

∇  Designates programs and degrees that are offered online as well as on campus (see the Online University, page 313).

**Arts & Sciences**

**Advising Center, McMullen First Floor West**

(406) 657-2240

**A&SC 101 College Success Strategies**
1 cr. Oriented students to the expectations of college-level study and introduces basic strategies for success (such as time management, goal setting, choosing a major, study skills, and test taking).

**A&SC 103 College Survival Skills**
3 cr. Prepares entry-level students to succeed in college by providing study skills strategies and practice to increase reading and math proficiency.

**A&SC 105 Campus Explorations**
1 cr. (P/NP). Provides students with the opportunity to explore campus resources by sampling a menu which includes wellness activities, community service, campus resources, academic support, and campus involvement.

**A&SC 107 Cultural Explorations**
1 cr. (P/NP). Awards one credit to students who experience and reflect upon specified musical, dramatic, artistic, and cultural presentations on campus and in the community.

**A&SC 192 Billings: A Case Study**
3 cr. Studies how the community of Billings works, through discussion with community leaders, visits to City Council and other key events or sites, and individual research projects.

* **A&SC 274 Women, Culture and Society**
  (crosslisted with SOCI 274)
  [formerly A&SC/SOCL 250 Women, Culture and Society]
  3 cr. Examines the diversity of women’s experience in society as citizens, creators, and thinkers. The course includes cross-cultural and historical study, but concentrates on the status and roles of women (and men) in contemporary American society.

**A&SC 291 Independent Study**
V1-3 cr. Provides an opportunity to receive credit for individualized or special experiential learning opportunities.

A&SC 292 Interdisciplinary Seminar
V1-3 cr. An opportunity to explore basic themes and concepts common to the broad areas of the Humanities, the sciences, and the social sciences and to focus on contemporary Human problems. Course content will vary, and the course may be repeated for credit.

A&SC 295 Campus Involvement
1 cr. (P/NP). Offers credit for student participation in a time-consuming committee and/or student organization at MSU Billings. Requires student reflection upon challenges faced and skills learning in campus involvement experiences. No student officer or participant in student organization need take this course as a condition for his or her participation.

A&SC 297 Service Learning
1 cr. (P/NP). Introduces students to basic skills as a volunteer; offers credit for a variety of service activities including volunteer work with the needy, tutoring, and helping service organizations; and helps students assess their experience.

A&SC 298 Student Leadership Development
1 cr. (P/NP). Provides a leadership training component to supplement student involvement in a student leadership position. No student officer or participant in student organization need take this course as a condition for his or her participation.

A&SC 309 Psychology of Gender (crosslisted with PSYX 335)
[formerly A&SC/PSYC 309 Psychology of Gender Differences]
3 cr. Prerequisite: PSYX 100. Explores the factors that influence the development of differences in cognitive and social/emotional functioning between males and females and the effects of those differences on psychological functioning.

A&SC 350 Perspectives on Women
3 cr. Considers various perspectives of and about women and major issues relevant to women today, with an accent on women’s scholarship. Course content will vary, and the course may be repeated for credit.

A&SC 365 Images of Women in Literature and the Arts (crosslisted with LIT 335)
[formerly A&SC/ENGL 365 Images of Women in Literature and the Arts]
3 cr. Studies examples of the written, oral and visual arts depicting women as “voices” of the periods which produced them, and examines how those voices influenced and continue to color women’s perceptions of their roles in society. Pays special attention to the
literature written by such authors as Doris Lessing, Alice Adams, Anne Sexton, Alice Munro, Megan Terry and Alice Walker.

A&SC 492 Interdisciplinary Seminar
V1-3 cr. An opportunity to explore in-depth certain concepts, problems, and issues from a combination of arts and sciences disciplines. Course content will vary, and the course may be repeated for credit.

Accounting
McD 300, (406) 657–2295

ACTG 201 Principles of Financial Accounting
[formerly ACCT 233 Principles of Accounting I]
3 cr. Corequisite: M 095 or student has tested out of M 095. (F, Sp, Su) Introduces the concepts and terminology of accounting and financial reporting for modern business enterprises. The course will focus on analyzing and interpreting accounting information for use in making decisions about organizations. Problem solving, critical thinking, and communication skills that are necessary to use accounting information, to form conclusions about businesses and to communicate these conclusions to others will be emphasized.

ACTG 202 Principles of Managerial Accounting
[formerly ACCT 234 Principles of Accounting II]
3 cr. Prerequisite: ACTG 201. (F, Sp, Su) Introduces the concepts and terminology of accounting and managerial reporting for modern business enterprises. The course will focus on the selection and analysis of accounting information for internal use by management. Problem solving, critical thinking, and communication skills that are necessary to use accounting information, to form conclusions about businesses and to communicate these conclusions to others will be emphasized.

ACTG 294 Seminar
[formerly ACCT 292 Seminar]
V1-3 cr. Provides students an opportunity to investigate topics pertinent to the field of Accounting.

ACTG 301 Intermediate Accounting I
[formerly ACCT 301 Intermediate Accounting I]
3 cr. Prerequisite: ACTG 201, ACTG 202. Admission to upper division standing not required. (F) Covers the conceptual framework underlying financial accounting and the development of generally accepted accounting principles. Emphasizes proper income statement and balance sheet presentations in accordance with current professional pronouncements.

Present value concepts and accounting for cash, receivables, inventory, and the related revenue and expense accounts are covered.

ACTG 302 Intermediate Accounting II
[formerly ACCT 302 Intermediate Accounting II]
3 cr. Prerequisite: ACTG 201, ACTG 202, ACTG 301. Admission to upper division standing not required. (Sp) Considers the proper accounting for plant assets, intangible assets, current liabilities and long-term liabilities. Covers accounting for investments, derivative securities and earnings per share. Various aspects of stockholders’ equity are also covered.

ACTG 303 Intermediate Accounting III and Theory
[formerly ACCT 303 Intermediate Accounting III and Theory]
3 cr. Prerequisites: ACTG 201, ACTG 202, ACTG 301, ACTG 302. Admission to upper division standing is not required. (F, Su) Covers accounting for pensions and leases, accounting changes, analysis of financial statements, the statement of cash flows, revenue recognition, income taxes, contemporary issues in accounting theory, as well as accounting research techniques.

ACTG 321 Accounting Information Systems I
[formerly ACCT 421 Accounting Systems and Controls]
3 cr. Prerequisites: Admission to upper division standing and ACTG 302. (Sp) Reviews the components of automated accounting systems and emphasizes control considerations in these systems.

ACTG 401 Principles of Federal Taxation-Individuals
[formerly ACCT 433 Income Tax]
3 cr. Prerequisites: Admission to upper division standing and ACTG 301. (F) Covers the federal income tax code and regulations as applied to individual taxpayers. Emphasizes understanding tax law with less attention given to preparing tax returns.

ACTG 402 Advanced Income Tax
[formerly ACCT 434 Advanced Income Tax]
3 cr. Prerequisites: Admission to upper division standing and ACTG 401. (Sp) Covers advanced topics in federal tax law as applied to corporations, S corporations, partnerships, and other selected topics. Emphasizes understanding tax law with less attention given to preparing tax returns.
ACTG 410 Cost/Management Accounting I
[formerly ACCT 343 Cost Accounting]
3 cr. Prerequisite: ACTG 202. Admission to upper division standing is not required. (F) Considers the fundamental principles of cost accounting as applied to job order, process, and standard cost systems, and introduces the use of cost information by management in the decision-making process.

ACTG 411 Auditing I
[formerly ACCT 428 Auditing and Assurance Services]
3 cr. Prerequisites: Admission to upper division standing and ACTG 302. (F) Presents a theory of auditing by considering the auditing environment, auditing standards, professional ethics, techniques of internal control, audit evidence, audit approaches and the auditor’s report.

ACTG 412 Auditing II
[formerly ACCT 429 Advanced Auditing Assurance Services]
(WR) 3 cr. Prerequisites: Admission to upper division standing and ACTG 411. (Sp) Strengthens the student’s understanding of the auditing process by building on the material presented in ACTG 411. Students perform audit case studies, are introduced to current auditing trends and techniques, and study various audit approaches.

ACTG 415 Governmental and Not-For-Profit Accounting
[formerly ACCT 342 Governmental and Not-For-Profit Accounting]
3 cr. Prerequisites: ACTG 201, ACTG 202, ACTG 301 (Admission to upper division standing is not required). (Sp) Includes accounting principles, budgeting and cost determination as they apply to governmental units and nonprofit organizations.

ACTG 435 Volunteer Income Tax Assistance (VITA)
[formerly ACCT 345 Volunteer Income Tax Assistance (VITA)]
3 cr. Prerequisites: Admission to upper division standing and ACTG 401 or consent of department. (Sp) Provides practical experience preparing federal and state income tax returns for low-income taxpayers.

ACTG 436 Advanced Accounting
[formerly ACCT 438 Advanced Accounting]
3 cr. Prerequisites: Admission to upper division standing, ACTG 302 and ACTG 303 or concurrent enrollment in ACTG 303. (F) Introduces the theory and practice relative to business combinations and foreign currency transactions and translations.

ACTG 491 Special Topics
[formerly ACCT 492 Seminar]
V1-3 cr. Prerequisite: Admission to upper division standing. (F, Sp, Su) Provides advanced students an opportunity to intensively investigate topics pertinent to the field of Accounting.

ACTG 492 Independent Study
[formerly ACCT 491 Independent Study]
V1-3 cr. Prerequisites: Admission to upper division standing, consent of department, and approval of the College of Business Academic Programs Committee (CBAPC). (F, Sp, Su) Provides outstanding junior and senior students an opportunity to explore material not covered by regular Accounting courses. Students must complete a Request for Independent Study form and have it approved by the instructor and the Department Chair.

ACTG 494 Seminar/Workshop (F, Sp, Su)
ACTG 498 Internship (F, Sp, Su)

Anthropology
LA 836, (406) 657–2311

* ANTY 217 Physical Anthropology and Archaeology
[formerly SOCL 212 Physical Anthropology and Archaeology]
3 cr. Study of humans as biological organisms; human evolution; fossil humans; genetics; racial classifications and human variability; primate behavior. Biological bases and emergence of language and culture; development of culture; survey of world prehistory and human migrations. Consideration of method and theory in physical anthropology and archaeology.

* ANTY 220 Culture and Society
[formerly SOCL 211 Cultural Anthropology]
3 cr. The meaning and significance of culture. Survey of world culture areas and peoples; organization and functioning of societies, their diverse forms and degrees of elaboration. Symbolic behavior systems and expression. Intercultural contacts and relations. Dynamics of cultural change and continuity. History and methods of cultural anthropology.
Art
LA 116, (406) 657-2324

ART 258 New Media I
(TN) 4 cr. Prerequisite: Basic computer literacy and ARTZ 106 or permission of the instructor. Explores the creative potential of computer-based digital technology on an introductory level: creative research and experimentation in contemporary artistic expression including two-dimensional and three-dimensional digital applications, and large-format printing. Work includes instruction on software programs used by studio artists with emphasis on theory, aesthetics, and technology for fine art applications. Digital camera required. (Lab fee)

ART 292 Seminar
V1-3 cr. Provides students an opportunity to investigate topics pertinent to the field of Art.

ART 293 Workshop
V1-4 cr. Provides an opportunity for study in an area of Art.

ART 358 New Media II
(TN) 4 cr. (Stu 6 hrs/wk) (F, Sp) Prerequisite: ART 258. Continues the development of new media skills on an intermediate level: creative research and experimentation in contemporary artistic expression with an emphasis on time-based and interactive applications, including video installation, media performance, and interactive animation. Work includes instruction on software programs used by studio artists with emphasis on theory, aesthetics, and technology for fine art applications. Digital camera required; video camera recommended. (Lab fee)

Art History
LA 116, (406) 657-2324

* ARTH 150 Introduction to Art History
[formerly ART 132 Art History Survey]
3 cr. (Lec) (F, Sp, Su) Surveys world art from prehistory through the present day with the objective of developing a critical understanding of art forms in their historical and cultural context.

* ARTH 160 Global Visual Culture
[formerly ART 131 Global Visual Culture]
3 cr. (Lec) (F, Sp, Su) Examines visual culture, which includes painting, sculpture, photography, the Internet, performance, cinema, advertising, and television, as our primary means of communication and of understanding our postmodern world. Explores the effects of global visual culture on specific cultures and societies. Special emphasis on the importance of race, ethnicity, gender, sexuality, and the body in visual culture.

ARTH 321 Renaissance and Baroque Art
[formerly ART 331 Renaissance and Baroque Art]
3 cr. (Lec) Prerequisite: ARTH 150 or permission of instructor. (even F) Surveys the major artistic developments in Europe from the fifteenth through the seventeenth centuries. In addition to examining the stylistic evolution of Renaissance and Baroque art, this course also addresses the relationship of cultural production to social customs, intellectual trends, political systems, and religious beliefs. Emphasis on the works of Jan Van Eyck, Donatello, Botticelli, Leonardo da Vinci, Michelangelo, Albrecht Durer, Titian, Caravaggio, Artemisia Gentileschi, Bernini, Rubens, Velazquez, and Rembrandt.

ARTH 342 Modern Art
[formerly ART 332 Modern Art]
3 cr. (Lec) Prerequisite: ARTH 150 or permission of instructor. (even Sp) Surveys major developments in European and American art from the late eighteenth century to the present. Focuses on the aesthetics and philosophies of modernism and postmodernism and their cultural and political contexts.

ARTH 352 Visual Theory and Criticism
[formerly ART 352 Visual Theory and Criticism]
(WR) 3 cr. (Lec) Prerequisite: ARTH 150, WRIT 101. (F) Covers reading, research and discussion of the thought of historic and contemporary art critics and theoreticians, relating them to the practice of creating art.
ARTH 435 Art of the United States
[formerly ART 435 Art of the United States]
(WR) 3 cr. (Lec) Prerequisite: WRIT 101; Preferred background ARTH 150. Reviews the art and architecture of the United States from colonial times to the present.

ARTH 436 The History of Women in Art
[formerly ART 436 History of Women in Art]
(WR) 3 cr. (Lec) Prerequisite: WRIT 101; Preferred background ARTH 150. Provides a thematic and chronological survey of women as creators, collectors, and the subject of art, beginning with the medieval period and finishing in the present day. Emphasizes the institutional and ideological factors that have made it difficult for women to achieve equal status in the arts, the Women’s Art Movement of the 1970’s, and contemporary feminist art.

ARTH 439 American Indian Art (crosslisted with NASX 439)
[formerly ART 439 Survey of American Indian Art]
(WR) 3 cr. (Lec) (odd Sp) Presents an overview and analysis of Native American art forms, techniques, and traditions. Background and interpretation of traditional and contemporary styles and symbols important to both tribal and individual expression. Includes discussion of tribal arts and crafts associations, markets and exhibitions, and federal laws.

ARTH 451 Contemporary Art
[formerly ART 437 Contemporary Art]
(WR) 3 cr. (Lec) Prerequisite: WRIT 101; Preferred background ARTH 150. (odd Sp) Surveys developments in the world of art since 1970.

ARTH 455 Art and the Environment
[formerly ART 434 Art and the Environment]
(WR) 3 cr. (Lec) Prerequisites: WRIT 101; Preferred background: ARTH 150. (even Sp) Explores the relationship between artistic expression and the natural environment from a cross-cultural and historical perspective. Emphasis on landscape painting, architectural site planning, earthworks, land art and the impact of environmentalism, eco-feminism and holistic worldviews on contemporary art production.

ARTH 492 Independent Study
[formerly ART 491 Independent Study]
V1-5 cr. Prerequisites: consent of instructor and department chairperson. Provides outstanding students an opportunity to explore material not covered by regular Art courses.

ARTH 494 Seminar/Workshop
[formerly ART 492 Seminar]
V1-3 cr. Provides advanced students an opportunity to intensively investigate topics pertinent to the field of Art.

ARTH 495 Practicum in Art
[formerly ART 490 Practicum in Art]
V1-5 cr. Prerequisites: Senior level standing in Art and consent of department chairperson. Provides experience in a responsible appointment as an assistant in some specialized area of the Art Program.

ARTH 498 Internship/Cooperative Education
[formerly ART 496 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a work experience in the area of Art supervised by faculty. Learning agreement must be completed prior to registration (restricted).

Visual & Studio Arts
LA 116, (406) 657-2324

* ARTZ 101 Art Fundamentals
[formerly ART 110 Introduction to Studio Art for Non-Art Majors]
3 cr. (Stu) (F, Sp) Encourages enhancement of two- and three-dimensional artistic skills for the general student. Traditional and experimental materials, techniques, and concepts are emphasized. Expect improvement of individual art abilities and understandings. (Lab fee)

ARTZ 102 Fundamentals of Art for Elementary Teachers
[formerly ART 101 Fundamentals of Art for Elementary Teachers]
(Stu) 2 cr. Prerequisite: Restricted to majors in Elementary Education and Special Education. (F, Sp) Provides experiences with two-and three-dimensional materials and techniques appropriate for elementary teachers. Includes selected components of art history, art criticism and aesthetics (modern paradigm) and the post-modern paradigm. (Lab fee)

* ARTZ 105 Visual Language-Drawing
[formerly ART 161 Introduction to Drawing]
3 cr. (Stu) (F, Sp, Su) Introduces the beginning student to the basic fundamentals of drawing including line, form, value, composition, and linear perspective. Instruction will include drawing of various subjects and many include the nude figure. Lab fee.
ARTZ 106 Visual Language-2-D Foundations
[formerly ART 151 Two-Dimensional Design]
3 cr. (Stu) (F, Sp) Provides the student with the basic fundamentals to plan and organize two-dimensional expression through painting, graphic design, color theory and composition. Student will be exposed to both content (what artists want to say) and form (how an artist says it). An emphasis will be placed on creativity and critical thinking skills. Lab fee.

ARTZ 108 Visual Language-3-D Foundations
[formerly ART 152 Three-Dimensional Design]
3 cr. (Stu) (F, Sp) Introduces the basic principles of designing in three dimensions with an emphasis on form, structure, and terminology in media such as wood, paper fibers, metal, plaster, clay, etc. Assignments focus on aesthetic concepts and technical skills and involve broad-based themes of art, the role of the artist, and creative and critical thinking skills. Lab fee.

* ARTZ 131 Ceramics for Non-Majors
[formerly ART 142 Introduction to Pottery]
3 cr. (Stu) (F, Sp) Develops the ability to design three-dimensional clay forms using manual dexterity. Provides the individual with opportunities for creative experiences and an understanding of basic artistic developments in design, process and content of the ceramic object. (Lab fee)

ARTZ 211 Drawing I
[formerly ART 261 Figure Drawing]
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 105. (F) Continues and expands on the understanding of the fundamentals, the theories and the content of drawing with an emphasis on the human figure. Lab fee.

ARTZ 221 Painting I
[formerly ART 272 Introduction to Painting]
4 cr. (Rct 2, Stu 2) Prerequisites: ARTZ 106 and ARTZ 105 or permission of instructor. (F, Sp) Introduces the principles of painting through the use of various painting media. (Lab fee)

ARTZ 224 Watercolor I
[formerly ART 271 Introduction to Watercolor]
4 cr. (Rct 2, Stu 2) Prerequisites: ARTZ 106 and ARTZ 105 or permission of instructor. (Sp) Introduces the principles and techniques of painting with transparent watercolor media.

ARTZ 231 Ceramics I
[formerly ART 242 Introduction to Ceramics]
4 cr. (Rct 2, Stu 2) Preferred background: ARTZ 108. (F, Sp) Introduces basic forming skills, glaze techniques and firing processes with emphasis on craftsmanship and aesthetic judgment. (Lab fee)

ARTZ 251 Sculpture I
[formerly ART 281 Introduction to Sculpture]
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 108 or permission of instructor. (F, Sp) Introduces the basic concepts of space and volume as they relate to sculpture as well as the basic methods of forming various materials into sculpture. Lab fee.

ARTZ 271 Printmaking I
[formerly ART 215 Introduction to Printmaking]
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 106 and ARTZ 105 or permission of the instructor. (F) Provides basic concepts in areas of serigraphy, intaglio, and relief as means of contemporary expression. (Lab fee)

ARTZ 273 Printmaking I-Lithography
[formerly ART 217 Introduction to Lithography]
4 cr. (Rct 2, Stu 2) Preferred background: ARTZ 106 and ARTZ 105 or permission of instructor. (Sp) Provides concepts and techniques of printmaking through the technical means of lithography. (Lab fee)

ARTZ 284 Photography I-Techniques and Processes
[formerly ART 211 Introduction to Photography]
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 106 or permission of instructor. (F, Sp) Provides instruction in black-and-white film photography while investigating problems of design, content, criticism and expression in the photographic medium with emphasis on theory, aesthetics, and technology for fine art applications. Course is taught in a chemical darkroom with some projects being completed on the computer. Required: manual film SLR camera and digital camera (digital SLR recommended). (Lab fee)

ARTZ 298 Internship/Cooperative Education
[formerly ART 296 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a sophomore work experience in the area of Art supervised by faculty. Learning agreement must be completed prior to registration (restricted).
ARTZ 311 Drawing II  
[formerly ART 361 Intermediate Drawing]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 211. (F)  
Stresses further exploration and application of drawing from the human figure. Students are exposed to various approaches and disciplines both as to medium and concept. (Lab fee)

ARTZ 321 Painting II  
[formerly ART 372 Intermediate Painting]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 221. (F, Sp)  
Provides experimentation in various directions to develop personal style and techniques in painting with the use of various painting media. (Lab fee)

ARTZ 324 Watercolor II  
[formerly ART 371 Intermediate Watercolor]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 224. (Sp)  
Provides individual experimentation and exploration in the medium of transparent watercolor.

ARTZ 331 Ceramics II  
[formerly ART 342 Intermediate Ceramics]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 231. (F, Sp)  
Develops technical skills in the forming of clay design concepts and glaze technology. Emphasis is placed on the growth of personal development. (Lab fee)

ARTZ 351 Sculpture II  
[formerly ART 381 Intermediate Sculpture]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 251. (F, Sp)  
Provides exploration and laboratory experience in a variety of materials in the production of three-dimensional art forms. (Lab fee)

ARTZ 371 Printmaking II  
[formerly ART 315 Intermediate Printmaking]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 271. (F)  
Continues the study of printmaking with extensive exploration in artistic expression and printing techniques. (Lab fee)

ARTZ 372 Printmaking II-Lithography  
[formerly ART 317 Intermediate Lithography]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 273. (Sp)  
Continues the study of printmaking in the area of lithography as a means of contemporary artistic expression. (Lab fee)

ARTZ 384 Photography II-Theory, Criticism, Practice  
[formerly ART 311 Intermediate Photography]  
4 cr. (Rct 2, Stu 2) Prerequisite: ARTZ 284. (F, Sp)  
Provides continuing experience in variety of photographic techniques, expanding on darkroom, camera, computer, and digital printing skills, while exploring experimental and aesthetic possibilities of the medium in the context of contemporary art. Required: manual film SLR camera and digital camera (digital SLR recommended). (Lab fee)

ARTZ 400 Careers in Art  
[formerly ART 399 Careers in Art]  
1 cr. (Lec) Prerequisites: For Art majors and minors, sophomore level and above or by instructor approval. (Sp)  
Provides an overview of information from a variety of sources on professional art careers. A discussion format will accompany presentations by invited speakers, readings, research and written assignments. Offered spring only.

ARTZ 409 Resume and Artist Statement  
[formerly ART 498 Resume and Artist Statement]  
1 cr. (Lec) Prerequisites: Junior or senior level standing; Art majors and minors only. (F)  
Covers the initial development of visual portfolio, the writing of a resume and artist statement and other preparation for the senior show. Other topics include art venue possibilities, financial aspects, graduate programs, and securing an art teaching position. Students will work with their advisor and other art faculty. Class may be taken concurrently with ARTZ 499 Senior Show if the show is scheduled during Fall Semester. Offered fall only.

ARTZ 410 Advanced Research-Drawing  
[formerly ART 461 Advanced Drawing]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 311. (F)  
Development of the student’s personal expression and style. Includes the principles of drawing exemplified in works of historic and contemporary masters. Emphasis will be placed on the use of drawing as a finished art product. Lab fee.

ARTZ 420 Advanced Research-Painting  
[formerly ART 472 Advanced Painting]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 321. (F, Sp)  
Emphasizes advanced exploration in various painting media. (Lab fee)

ARTZ 424 Advanced Research-Watercolor  
[formerly ART 471 Advanced Watercolor]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 324. (Sp)  
Emphasizes advanced exploration techniques in the medium of transparent watercolor.

ARTZ 430 Advanced Research-Ceramics  
[formerly ART 442 Advanced Ceramics]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 331. (F, Sp)  
Employs advanced technical problems and emphasizes personal expression in the medium. (Lab fee)
ARTZ 451 Advanced Research-Sculpture  
[formerly ART 481 Advanced Sculpture]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 351. (F, Sp) Involves advanced level sculptural exploration emphasizing personal expression and style. (Lab fee)

ARTZ 470 Advanced Research-Printmaking  
[formerly ART 415 Advanced Printmaking]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 371. (F) Extends the study of serigraphy, intaglio, or relief printmaking with extensive exploration in artistic expression and printing techniques. (Lab fee)

ARTZ 474 Advanced Research-Lithography  
[formerly ART 417 Advanced Lithography]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 372. (Sp) Extends the study of lithography with extensive exploration in artistic expression and printing techniques. (Lab fee)

ARTZ 486 Advanced Research-Photography  
[formerly ART 411 Advanced Photography]  
4 cr. (Rct 2, Stu 2) R-24. Prerequisite: ARTZ 384. (F, Sp) Involves advanced level photographic exploration and production emphasizing photography as a fine art medium and a means to personal expression. Students will create several assignment-guided and self-proposed projects. Required: manual film SLR camera and digital camera (digital SLR recommended). (Lab fee)

ARTZ 492 Independent Study  
[formerly ART 491 Independent Study]  
V1-5 cr. Prerequisites: consent of instructor and department chairperson. Provides outstanding students an opportunity to explore material not covered by regular Art courses.

ARTZ 495 Practicum in Art  
[formerly ART 490 Practicum in Art]  
V1-5 cr. Prerequisites: Senior level standing in Art and consent of department chairperson. Provides experience in a responsible appointment as an assistant in some specialized area of the Art Program.

ARTZ 499 Senior Project/Capstone  
[formerly ART 499 Senior Show, Portfolio and Review]  
(WR) 1 cr. (Lec) Prerequisite: Junior or senior level standing in Art. Art majors or minors only. (F, Sp) Involves arranging for all details necessary to present a show of work done during the two years prior to graduation in conjunction with a formal review. The art history student will prepare for the formal review through written documents and recitation. The student will work with his/her advisor.

Astronomy  
SCI 110, (406) 657–2812

* ASTR 110 Introduction to Astronomy  
[formerly PHYS 201 Introduction to Astronomy]  
3 cr. (Sp) Surveys the historical highlights and traditional topics in classical and modern astronomy, such as the solar system, sun, planets, galaxies, and the universe. Exotic objects such as quasars, pulsars, and black holes will be examined. Recent discoveries, modern evolutionary theories, and current unsolved problems will be discussed.

* ASTR 111 Introduction to Astronomy Lab  
[formerly PHYS 203 Introduction to Astronomy Lab]  
1 cr. Corequisite: ASTR 110. (Sp) Introduces students to the night sky. Illustrates the difference between real and apparent motions in the heavens. Develops useful observational techniques and an appreciation by the student of the broad range of phenomena in the Universe.

ASTR 191 Special Topics  
[formerly PHYS 202 Special Topics in Astronomy]  
3 cr. Prerequisite: ASTR 110. Provides the opportunity for students who have completed the survey course to explore a number of special topics in depth. These may include the Big Bang and alternate cosmologies, the dark matter problem, the galaxy formation problem, the dark sky paradox, supernovae, black holes, and/or other topics of current interest.

Biochemistry  
SCI 110, (406) 657–2812

BCH 380 Biochemistry  
[formerly CHEM/BIOL 361 Biochemistry]  
3 cr. Prerequisites: BIOB 160, CHMY 211 or CHMY 323. Corequisite: BCH 381. (F) Covers structure and function of biomolecules, biocatalysis, bioenergetics, as well as metabolism and its control.

BCH 381 Biochemistry Lab  
[formerly CHEM/BIOL 371 Biochemistry Lab]  
1 cr. Corequisite: BCH 380. (F) Complements the lecture material presented in the corequisite.
BCH 480 Advanced Biochemistry I  
[formerly CHEM/BIOL 463 Advanced Biochemistry]  
3 cr. Prerequisite: BCH 380. Corequisite: BCH 481.  
(Sp) Provides students with an opportunity to study advanced topics in biochemistry. Serves as an extension of BCH 380 exposing students to advanced aspects of biomolecular structure and function as well as metabolism and its regulation.

BCH 481 Advanced Biochemistry I Lab  
[formerly CHEM/BIOL 473 Advanced Biochemistry Lab]  
1 cr. Prerequisite: BCH 380. Corequisite: BIOB 425.  
(Sp) Exposes students to advanced research methodologies in biochemistry. Utilizes project-based labs to complement the lecture material in the corequisite.

BCH 491 Special Topics  
V1-12 cr. Prerequisite: determined as needed.  
Provides students with an opportunity to take courses not required in any curriculum for which there is a particular need, or given on a trial basis to determine acceptability and demand before requesting a regular course number.

Business Finance

McD 300, (406) 657–2295

BFIN 267 Real Estate Theory and Law  
[formerly FIN 276 Real Estate]  
3 cr. Prerequisite: ECNS 201 or consent of department.  
Real estate principles as they apply to appraisal of residential, commercial, and industrial property; to sales of real estate; to leasing and management of property; and to subdividing, developing, and zoning of land.

BFIN 305 Financial Planning  
[formerly FIN 305 Financial Planning]  
3 cr. Prerequisite: Junior standing. Offered ONLY Online. (Sp, Su) Organizing and Managing Your Financial Resources, Protecting Your Financial Resources, and Investing and Long-Term Planning. Provides students of all disciplines with an understanding of the strategies and techniques necessary for analyzing financial situations and investment opportunities from an individual’s perspective.

BFIN 316 Quantitative Methods in Business and Economics  
[formerly FIN 316 Quantitative Methods in Business and Economics]  
3 cr. Prerequisite: Admission to upper division standing or consent of department chair. (F, Sp)  
Focuses on basic quantitative techniques and models used by business, finance, and economic decision makers to make optimum decisions in real world situations.

BFIN 322 Business Finance  
[formerly FIN 351 Principles of Financial Management]  
3 cr. Prerequisite: Admission to upper division standing or consent of department. (F, Sp, Su)  
Treats all forms of business organizations. Emphasizes control, corporate securities, capital and income management, valuation and capitalization, security markets, and other selected topics.

BFIN 420 Investments  
[formerly FIN 451 Investments]  
3 cr. Prerequisites: Admission to upper division standing and BFIN 322 or consent of department. (F)  
Acquaints students with the characteristics of various types of investment securities, the evaluation of certain risks and rewards associated with investment securities, and an understanding of the principles underlying the selection of a portfolio of investment securities.

BFIN 422 Intermediate Business Finance  
[formerly FIN 453 Intermediate Financial Management]  
3 cr. Prerequisites: Admission to upper division standing and BFIN 322 or consent of department. (F)  
Gives students who are especially interested in finance an opportunity to learn in greater detail subjects covered in BFIN 322 and to study advanced concepts and techniques useful in the financial world by use of real world case analyses.

BFIN 455 Money and Banking  
[formerly FIN 352 Money and Banking]  
3 cr. Prerequisites: Admission to upper division standing and BFIN 322, or consent of department. (F, Sp)  
Covers the mechanics of financial markets, the impact of fiscal and monetary policies, banking and financial institutions and instruments used by business and government, the relationships between interest rates, security prices, risk, exchange rates and world financial markets.
BFIN 460 Futures and Options
[formerly FIN 452 Futures and Options]
3 cr. Prerequisites: BFIN 322, BFIN 455, BFIN 420 or consent of department. (Sp) Provides an introduction to derivative securities, their markets and the relation to the markets for real and financial assets. Focuses on the trading and valuation of futures, options and swaps; their uses and misuses; and their role in financial risk management.

BFIN 490 Undergraduate Research (crosslisted with ECNS 490)
[formerly FIN/ECON 480 Research in Finance and Economics]
3 cr. Prerequisites: ECNS 300, ECNS 302, ECNS 403 or consent of department. Combines statistical and econometric techniques with economic and financial theories to conduct rigorous research projects in the areas of economics and finance. The project is similar to a thesis and is the sole factor used to determine the course grade.

BFIN 492 Independent Study
[formerly FIN 491 Independent Study]
V1-3 cr. Prerequisites: Admission to upper division standing, consent of department, and approval of the College of Business Academic Policy Committee (CBAPC). Provides outstanding junior and senior students an opportunity to explore material not covered by regular Finance courses. Students must complete a Request for Independent Study form and have it approved by CBAPC.

BFIN 494 Seminar/Workshop
[formerly FIN 492 Seminar]
V1-3 cr. Prerequisites: Admission to upper division standing and consent of department. Provides advanced students an opportunity to intensively investigate topics pertinent to the field of Finance.

General Biology

SCI 110, (406) 657–2341

* BIOB 101 Discover Biology
[formerly BIOL 101 Survey of Biology]
3 cr. (F, Sp, Su) Includes discussion of the most important concepts in biology. Lectures cover cells (structure and physiology), genetics (cellular reproduction, genes, the nature of heredity and evolution), and the diversity of life (plants, animals, microorganisms and their ecological relationships). General Education course for non-science majors.

* BIOB 102 Discover Biology Laboratory
[formerly BIOL 115 Survey of Biology Lab]
(TN) 1 cr. Corequisite: BIOB 101. Includes laboratory exercises from different areas of Biology. Introduces students to experiments designed to examine major conceptual ideas in Biology such as cells, cell reproduction, metabolism, molecular genetics, evolution and diversity. Online sections of BIOB 102 are restricted to students concurrently enrolled in an online section of BIOB 101.

* BIOB 160 Principles of Living Systems
[formerly BIOL 178 Principles of Biology]
3 cr. Corequisite: BIOB 161. Emphasizes principles of biology related to the unity of life. Covers cell structure and function, cellular metabolism and mechanisms of energy trapping, cellular reproduction, genetics, evolution, and a brief introduction to ecology, classification and biological diversity.

* BIOB 161 Principles of Living Systems Laboratory
[formerly BIOL 188 Principles of Biology Lab]
(TN) 1 cr. Corequisite: BIOB 160. Includes laboratory exercises related to topics discussed in BIOB 160.

BIOB 170 Principles of Biological Diversity
[formerly BIOL 179 Biodiversity]

BIOB 171 Principles of Biological Diversity Laboratory
[formerly BIOL 189 Biodiversity Lab]
1 cr. Corequisite: BIOB 170. Includes laboratory exercises related to topics discussed in BIOB 170.

BIOB 180 Human Genetics
[formerly BIOL 253 Human Genetics]
3 cr. Prerequisites: BIOB 101, BIOB 160, or SCI 101 & 103. Introduces fundamental concepts and technological advances in human genetics. The course will provide students with an understanding of the genetic basis for human disease and the rational basis for the clinical management of these disorders by addressing what genes are and how they function and interact with each other and the environment.

BIOB 260 Cellular and Molecular Biology
[formerly BIOL 263 Introduction to Cell Biology]
3 cr. Prerequisites: BIOB 160, BIOB 161. Corequisite: BIOB 261. Covers the molecular basis of eukaryotic cell structure and function. Topics
include nuclear structure and function, intracellular compartmentalization and protein storing, membrane structure and function, signal transduction pathways, mechanisms and regulation of the mitotic and meiotic cell cycles, and tissue formation and maintenance.

**BIOB 261 Cellular and Molecular Biology Laboratory**  
(formerly BIOL 273 Introduction to Cell Biology Lab)  
1 cr. Prerequisites: BIOB 160, BIOB 161.  
Corequisite: BIOB 260. (F) Complements the lecture material presented in the corequisite.

**BIOB 294 Seminar/Workshop**  
(formerly BIOL 292 Sophomore Seminar)  
V1-6 cr. Provides students with specific deficiencies the opportunity to take selected portions of the required Biology sequence. Lectures and laboratories to be attended, and credits to be earned are determined by biology faculty.

**BIOB 298 Internship/Cooperative Education**  
(formerly BIOL 296 Cooperative Education/Internship)  
V1-9 cr. Provides university credit for a sophomore work experience in the area of Biology, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

**BIOB 315 Animal Development**  
(formerly BIOL 320 Animal Development)  
3 cr. Prerequisite: BIOB 260. (even F) Introduces the reproductive and developmental patterns in animals. Covers the embryonic and postembryonic developmental processes emphasizing cellular differentiation, the generation of form and shape, growth regulation, and developmental control mechanisms. The second half of the course emphasizes the genetic and molecular control of development, organized around our current understanding of commonly studied model organisms.

**BIOB 375 General Genetics**  
(formerly BIOL 353 Genetics)  
3 cr. Prerequisites: BIOB 260, BIOB 261.  
Corequisite: BIOB 376. (Sp) Covers the basic principles of genetics from both the classical and molecular point of view. Topics include Mendelian and non-Mendelian concepts, chromosome theory of inheritance, linkage and gene mapping, structure and function of DNA, regulation of gene expression, mutations and fundamentals of population genetics.

**BIOB 376 General Genetics Lab**  
(formerly BIOL 354 Genetics Lab)  
1 cr. Corequisite: BIOB 375. (Sp) Includes laboratory exercises related to topics in BIOB 375.

**BIOB 410 Immunology**  
(formerly BIOL 443 Immunology)  
3 cr. Prerequisites: BIOB 260, BIOB 375, BIOB 425 is recommended. (odd Sp) Includes fundamentals of immuno-chemistry, cellular immunology, immunogenetics and clinical immunology. Lab required.

**BIOB 425 Advanced Cell and Molecular Biology**  
(formerly BIOL 363 Molecular Biology)  
3 cr. Prerequisites: BIOB 375, BIOB 376, BCH 380, BCH 381 and CHMY 323. Corequisite: BIOB 426. (Sp) Covers the molecular basis of gene expression and inheritance in prokaryotic and eukaryotic cells. Topics include transcription, RNA processing, translation, regulation of gene expression and DNA replication. Emphasis is placed on understanding the experimental underpinnings of molecular biology.

**BIOB 426 Advanced Cell and Molecular Biology Lab**  
(formerly BIOL 373 Molecular Biology Lab)  
1 cr. Corequisite: BIOB 425. (Sp) This laboratory complements the lecture material presented in the corequisite.

**BIOB 487 Bioinformatics**  
(formerly BIOL 485 Bioinformatics)  
3 cr. Prerequisite: BIOB 375. Corequisite: BCH 380. (odd F) Introduces the field of bioinformatics through a combined lecture-computer laboratory format. Provides students with an overall view of genomics and proteomics through hands-on experience with biologically relevant databases, DNA sequence comparisons, structure analysis of macromolecules, phylogenetics, microarrays and proteomics.

**BIOB 490 Undergraduate Research**  
(formerly BIOL 495 Biological Research)  
V1-6 cr. Prerequisites: Junior standing in Biology or consent of advisor. Involves intensive study of a specific problem related to biology. A contract describing the study must be completed at the time of enrollment.
BIOB 491 Special Topics
V1-12 cr. Prerequisite: determined as needed.
Provides students with an opportunity to take courses not required in any curriculum for which there is a particular need, or given on a trial basis to determine acceptability and demand before requesting a regular course number.

BIOB 492 Independent Study
[formerly BIOL 491 Independent Study]
V1-3 cr. Prerequisites: Junior standing in Biology or consent of instructor.
Provides advanced students an opportunity to explore material not covered by regular Biology courses. A contract describing the study must be completed at the time of enrollment.

BIOB 494 Seminar/Workshop
[formerly BIOL 492 Seminar]
V1-3 cr. Prerequisites: Junior standing in Biology or consent of instructor.
Provides an opportunity to investigate intensively topics pertinent to the field of Biology.

BIOB 495 Fieldwork
[formerly BIOL 497 Field Study]
V1-3 cr. Prerequisites: BIOB 170 and BIOB 171 or consent of instructor.
Provides an opportunity through summer field experience at the MSU Billings Biological Field Station or tour courses to study quantitatively and/or qualitatively the fauna and flora of ecosystems.

BIOB 498 Internship/Cooperative Education
[formerly BIOL 490 Biology Internship]
V1-3 cr. Prerequisites: A grade of “A” or “B” in the course in which the internship will be done. Allows the student to earn credit for assisting in teaching biology laboratory classes.

BIOE 202 Introduction to Environmental Ecology
[formerly BIOL 202 Introduction to Environmental Ecology]
3 cr. Prerequisites: BIOB 101 or BIOB 160. (Sp)
Introduces interactions of organisms with each other and with their physical surroundings in the context of populations, communities, ecosystems, and landscapes. Emphasizes major global problems, energy resources, pollution, and sustaining biodiversity and ecological integrity.

BIOE 370 General Ecology
[formerly BIOL 355 Ecology and Evolution]
3 cr. Prerequisites: BIOB 160, BIOB 161.
Corequisite: BIOE 371. (F) Covers the concepts of evolution and ecology. Includes speciation, physiological, behavioral, population and community ecology as well as energetics and nutrient cycling.

BIOE 371 General Ecology Laboratory
[formerly BIOL 356 Ecology and Evolution Lab]
(WR) 1 cr. Corequisite: BIOE 370. (F) Includes laboratory exercises related to topics in BIOE 370.
BIOE 483 Evolution and Ecology
[formerly BIOL 456 Advanced Evolution and Ecology]
3 cr. Prerequisites: BIOE 370 and BIOE 371.
Corequisite: BIOE 484. (odd Sp) Examines advanced topics in evolutionary biology and ecology, focusing on critical discussion of theory and the literature. Content varies but topics may include mechanisms of evolutionary change, evolutionary genetics, sexual selection, evolutionary biogeography, coevolution, and evolutionary developmental biology among others.

BIOE 484 Evolution and Ecology Lab
[formerly BIOL 457 Advanced Evolution and Ecology Lab]
1 cr. Corequisite: BIOE 483. (odd Sp) Includes discussion of primary literature and computer simulations related to topics in BIOE 483.

Human Biology

SCI 110, (406) 657–2341

BIOH 301 Human Anatomy and Physiology I
[formerly BIOL 341 Human Anatomy and Physiology I]
3 cr. Prerequisite: BIOB 101 and CHMY 121 or BIOB 160 and CHMY 141. (F) Introduces basic physiological chemistry, followed by detailed study of the physiology of cells, tissues, bone, muscle, and the nervous system. This is primarily a course for health science majors.

BIOH 302 Human Anatomy and Physiology I Lab
[formerly BIOL 343 Human Anatomy and Physiology I Lab]
1 cr. Prerequisite: BIOH 101 or BIOB 160. (F) Includes detailed study of the anatomy of skeletal, integumentary, muscle, and nervous systems. Involves examination of body parts at both the gross and microscopic levels.

BIOH 311 Human Anatomy and Physiology II
[formerly BIOL 345 Human Anatomy and Physiology II]
3 cr. Prerequisite: A grade of “C-” or better in BIOH 301, or consent of instructor. Corequisite: BIOH 312. (Sp) Includes detailed study of sensory physiology, cardiovascular system, respiratory physiology, gastrointestinal system, renal physiology, endocrinology, and reproduction. Lab required.

BIOH 312 Human Anatomy and Physiology II Lab
[formerly BIOL 346 Human Anatomy and Physiology II Lab]
1 cr. Corequisite: BIOH 311. (Sp) Includes a study of physiology of the nervous, cardiovascular, endocrine, respiratory, renal, gastrointestinal, and reproductive systems using the laboratory approach.

BIOH 405 Hematology
[formerly BIOL 425 Hematology]
3 cr. Prerequisites: BIOH 301/302; BIOH 311/312.
Corequisite: BIOH 406. (odd F) Studies the function, biochemistry, cell biology, and pathology of blood and its constituents.

BIOH 406 Hematology Laboratory
[formerly BIOL 426 Hematology Laboratory]
1 cr. Prerequisite: BIOH 301/302; BIOH 311/312.
Corequisite: BIOH 405. (odd F) Covers methods for examining white blood cells, red blood cells, and platelets. Includes the examination of abnormal blood cells, hemostasis, and fluorescent antibody cell sorting analysis.

BIOH 470 Summer Clinical Laboratory
[formerly BIOL 435 Summer Clinical Laboratory] V12-15 cr. Prerequisite: Consent of instructor. Studies clinical immunohematology, clinical chemistry theory, theory and practice of phlebotomy, clinical hemostasis, clinical microscopy and urinalysis, clinical body fluids, theory of modern transfusion techniques, and theory of clinical microbiology. This is the first part of the year-long professional training core. Clinical lab science fee applies.

BIOH 471 Professional Training I
[formerly BIOL 436 Professional Training I] V12-15 cr. Prerequisite: Consent of instructor. Provides training at a clinical laboratory affiliate. Reviews clinical immunohematology, clinical chemistry theory, theory and practice of phlebotomy, clinical hemostasis, clinical microscopy and urinalysis, clinical body fluids, theory of modern transfusion techniques, and theory of clinical microbiology. Performs actual patient laboratory testing under the guidance of trained professionals. This is the second part of the year-long professional training core. Clinical lab science fee applies.

BIOH 472 Professional Training II
[formerly BIOL 437 Professional Training II] V12-15 cr. Prerequisite: Consent of Instructor. Provides training at a clinical laboratory affiliate. Covers financial and quality management information for the clinical laboratory, advanced immunohematology, clinical chemistry, clinical
microbiology, and clinical hematology. This is the third part of the year-long professional training core. Clinical lab science fee applies.

**BIOH 491 Special Topics: Human Biology**  
[formerly BIOL 480 Topics in Human Biology]  
V1-2 cr. R-3 Prerequisite: BIOH 301 and consent of instructor. (Sp) Provides advanced study of selected topics in human biology. Course content will vary and may include explorations of human reproductive biology, neurobiology, or microscopic anatomy.

**Microbiology**

**SCI 110, (406) 657–2341**

**BIOM 250 Microbiology for Health Sciences**  
[formerly BIOL 251 Microbiology for the Health Sciences]  
3 cr. Prerequisites: BIOB 101 or BIOH 301, or BIOH 201 & BIOH 211. (F, Sp, Su) Surveys the fundamental principles of microbiology, while emphasizing the relationship of microorganisms to infectious disease. Designed as an introductory course in microbiology for nurses and health-related majors. Lab optional.

**BIOM 251 Microbiology for Health Sciences Lab**  
[formerly BIOL 261 Microbiology for the Health Sciences Lab]  
1 cr. Corequisite: BIOM 250. (F, Sp) Emphasizes techniques for the isolation, identification and control of microorganisms. The lab is intended for allied health science students requiring an introductory microbiology laboratory.

**BIOM 360 General Microbiology**  
[formerly BIOL 340 General Microbiology]  
3 cr. Prerequisites: BIOB 260, BIOB 261, two years of Chemistry. Corequisite: BIOM 361. (F) Introduces the anatomy, physiology, metabolism and genetics of bacteria and viruses. Surveys the roles of microorganisms in industrial and environmental microbiology as well as infectious disease.

**BIOM 361 General Microbiology Lab**  
[formerly BIOL 350 General Microbiology Lab]  
1 cr. Corequisite: BIOM 360. (F) Emphasizes fundamental techniques for the isolation, manipulation and identification of bacteria. An experimental approach is used to solving problems in microbiology.

**BIOM 400 Medical Microbiology**  
[formerly BIOL 452 Medical Microbiology]  
3 cr. Prerequisite: BIOM 250 or BIOM 360. (even Sp) Includes a study of pathogenic microorganisms and the diseases they cause. Pathogenic mechanisms, host resistance, control and epidemiology of the major bacterial, viral, fungal and protozoan diseases are discussed. Lab optional.

**BIOM 401 Medical Microbiology Lab**  
[formerly BIOL 462 Medical Microbiology Lab]  
1 cr. Prerequisite: BIOM 251 or BIOM 361. (even Sp) The laboratory emphasizes diagnostic methods and culturing techniques.

**BIOM 427 General Parasitology**  
[formerly BIOL 427 Parasitology]  
2 cr. Prerequisite: BIOB 260, BIOB 375. (odd Sp) Studies the life cycles, biochemistry, molecular parasitology, pathogenesis, identification and treatment of the major parasitic groups, including parasitic protozoa, monogeneans, digeneans, cestodes, nematodes, acanthocephalans, and parasitic arthropods.

**BIOM 491 Special Topics**  
V1-12 cr. Prerequisite: determined as needed. Provides students with an opportunity to take courses not required in any curriculum for which there is a particular need, or given on a trial basis to determine acceptability and demand before requesting a regular course number.

**Organismal Biology**

**SCI 110, (406) 657–2341**

**BIOO 412 Animal Physiology**  
[formerly BIOL 424 Animal Physiology]  
3 cr. Prerequisite: BIOB 260. (odd F) Includes a description of physiological processes in the major animal phyla. This course considers nervous and endocrine integration, electrolyte and fluid balance, gas exchange, movement, and energetics.

**BIOO 422 Morphology and Anatomy of Vascular Plants**  
[formerly BIOL 420 Morphology and Anatomy of Vascular Plants]  
3 cr. Prerequisite: BIOB 261. Corequisite: BIOO 423. (odd F) Covers the external form and internal structure of vascular plants. Includes major concepts in plant anatomy and morphology, and relates structural characteristics of plants to their associated functions in the natural environment. Lab required.
BIOO 423 Morphology and Anatomy of Vascular Plants Lab  
[formerly BIOL 421 Morphology and Anatomy of Vascular Plants Lab]  
1 cr. Prerequisite: BIOB 261. Corequisite: BIOO 422. (odd F) Complements lecture material presented in the corequisite through investigations of the external form and internal structure of vascular plants while also introducing techniques used for such investigations.

BIOO 433 Plant Physiology  
[formerly BIOL 465 Plant Physiology]  
3 cr. Prerequisites: BIOB 376, BIOE 370. (odd Sp) Examines the physiological basis of plant survival, including water movement, mineral nutrition, gas exchange, solute transport, photosynthesis and environmental plant physiology. Includes physiological aspects of plant growth and development, including hormones, morphogenesis, biological clocks and plant responses to temperature. Integrates plant physiology from biochemical and physiological perspectives.

BIOO 434 Plant Physiology Laboratory  
[formerly BIOL 475 Plant Physiology Lab]  
1 cr. Corequisite: BIOO 433. (odd Sp) Includes exercises related to lecture topics in BIOO 433, with emphasis on the physiology of selected plants in Montana. Examines physiological aspects of plant growth, development and survival by acquainting students with a variety of methods used to investigate physiological processes in plants.

BIOO 435 Plant Systematics  
[formerly BIOL 315 Plant Systematics]  
2 cr. Prerequisites: BIOB 170 and BIOB 171. Corequisite: BIOO 436. (even F) Includes systems and methods of plant classifications as well as collection, identification and preservation of the local flora.

BIOO 436 Plant Systematics Lab  
[formerly BIOL 325 Plant Systematics Lab]  
2 cr. Corequisite: BIOO 435. (even F) This laboratory complements the lecture material presented in the corequisite.

BIOO 437 Plant Development  
[formerly BIOL 330 Plant Development]  
3 cr. Prerequisite: BIOB 260. (even Sp) Provides an in-depth exploration of reproductive and developmental patterns in plants. Covers embryonic and postembryonic developmental processes, emphasizing cellular differentiation, generation of form and shape, growth regulation, developmental control mechanisms, genetic and molecular control of development.

BIOO 438 Plant Development Lab  
[formerly BIOL 331 Plant Development Lab]  
1 cr. Prerequisite: BIOB 260. Corequisite: BIOO 437. (even Sp) Complements the lecture material presented in the corequisite with laboratory exercises emphasizing angiosperm development. Includes exercises on gametophyte development, embryology, and development of roots, leaves and stems.

BIOO 450 Vertebrate Zoology  
[formerly BIOL 458 Vertebrate Zoology]  
3 cr. Prerequisites: BIOB 170 and BIOB 171. (even Sp) Surveys the vertebrate classes, focusing on classification, morphology, physiology, ecology, behavior, and evolutionary history of each group.

BIOO 451 Vertebrate Zoology Lab  
[formerly BIOL 460 Vertebrate Zoology Lab]  
1 cr. Corequisite: BIOO 450. (even Sp) Complements the lecture material presented in the corequisite, with an emphasis on identification of Montana vertebrates.

Business  
McD 300, (406) 657–2295  

* BUS 101 Introduction to Business  
3 cr. (F, Sp, Su) Surveys several aspects of business including the U.S. economic environment, social responsibility of business, small business and alternative forms of ownership. Presents concepts of general management, human resource management, marketing, finance, accounting and management information systems for decision making.

BUS 205 Business Law I  
3 cr. (F, Sp, Su) Covers the nature, origin and philosophy of law and civil procedure. Provides a comprehensive treatment of contracts and also emphasizes the advantages and disadvantages of different organizational forms.

BUS 285 Experiential Learning  
V1-9. Provides university credit for work experience in the business area, supervised by faculty. Learning agreement must be completed prior to registration (restricted). One hour of seminar per week.

BUS 292 Seminar  
V1-3 cr. Provides students an opportunity to investigate topics pertinent to the field of Business.
BUS 315 Applied Business Decisions
3 cr. Prerequisite: Admission to upper division standing. (F, Sp) Provides opportunities to reinforce and integrate fundamental business knowledge including accounting, economics, quantitative and technology in applied decision making. Focuses on commonly used, business decision-making practices including financial statement analysis, market analysis using descriptive statistics, and risk analysis. Students will participate in an integrated business simulation using business knowledge and technology.

BUS 347 Integrated Business Cases and Simulation
3 cr. Prerequisites: ACTG 202, CAPP 131, and admission to upper division standing. Offered ONLY Online. (F) Uses business cases to develop skill in integrating and applying basic knowledge acquired in lower division business courses. The focus is on financial statement analysis combined with market analysis and planning for managerial decision making. A competitive business simulation advances the application of fundamental business concepts.

BUS 405 Business Law II
3 cr. Prerequisites: Admission to upper division standing and BUS 205. (Sp) Covers legal topics, such as a professional’s legal liability and ethical issues, secured transactions, debtor-creditor relationships, agency, bankruptcy, and negotiable instruments. Coverage also includes additional topics such as administrative law, consumer, labor, and includes employment, antitrust, landlord tenant, real and personal property and insurance law.

BUS 440 Business and the Environment
3 cr. Prerequisite: Admission to upper division standing and MGMT 321 or consent of instructor. (F) Investigates the interaction between business and its physical environment. Material comes from a variety of sources and perspectives, including ecology, economics and public policy. Emphasis is on the evolving concept of sustainability, and emerging best practices in areas of eco-efficiency, product/service design, and closed loop manufacturing.

BUS 450 Business and Society
3 cr. Prerequisite: MGMT 321 or consent of department chair. Analyzes changing expectations and relationships between business and society as well as the responsibilities of business to society and its impact on decision making. Topics include the role of business organizations in society, business and government in a global society, impacts of technological and social changes, building relationships with stakeholders, and business and ethical considerations.

BUS 485 Capstone
3 cr. Prerequisite: All 200 and 300 level courses in the online Business degree. Offered ONLY Online. (Sp) Covers strategic analysis and planning for managerial decision making through integration of the functional areas of business. Theoretical class work is applied through multiple pedagogical methods. The course is the capstone business course in the online Bachelor of Science in Business Administration major with an option in General Business.

BUS 486 Advanced Business Geographics
3 cr. Prerequisites: MIS 352 or MIS 372. Emphasizes application of business of business geographics techniques to client projects. More advanced applications will be covered. Capstone course for students completing the minor in Business Geographics.

BUS 490 Internship
V1-9 cr. Prerequisite: Admission to upper division standing. (F, Sp, Su) Provides student managerial level work experience integrating theoretical and applied learning in a business setting. Requires written assignments and classroom participation supervised by faculty. Position and student must be approved through the Guidelines outlined by the College of Business. (Guidelines available in the COB Student Service Center or the Career Services.)

BUS 492 Seminar
V1-3 cr. Prerequisite: Admission to Upper Division Standing. (F, Sp, Su) Provides advanced students an opportunity to intensively investigate topics pertinent to the field of Business.

Computer Applications
McD 300, (406) 657–2295

CAPP 131 Basic MS Office
[formerly MIS 225 Introduction to Productivity Application Software]
3 cr. (F, Sp) Provides introductory concepts of computers, Windows operating system, Internet, spreadsheets, and word processing.
Chemistry

SCI 110, (406) 657–2812

* CHMY 121 Introduction to General Chemistry
  [formerly CHEM 104 Fundamentals of General Chemistry]
  3 cr. Prerequisite: M 095 or equivalent. (F, Sp, Su)
  Covers the fundamental definitions of chemistry, structure, chemical equations, solutions, equilibrium, oxidation-reduction, and acid/base chemistry. This is primarily a course for pre-nursing and allied health students.

* CHMY 122 Introduction to General Chemistry Laboratory
  [formerly CHEM 105 Fundamentals of General Chemistry Lab]
  (TN) 1 cr. Corequisite: CHMY 121. (F, Sp, Su)
  Provides laboratory experiences that complement and extend the lecture materials.

CHMY 123 Introduction to Organic and Biochemistry
  [formerly CHEM 106 Fundamentals of Organic and Biochemistry]
  3 cr. Prerequisites: CHMY 121 and CHMY 122. (Sp, Su)
  Covers the unique characteristics of carbon, bonding, structure, reactions, nomenclature, and a look into the major organic functional groups. This is a one-semester introduction to organic chemistry.

* CHMY 141 College Chemistry I
  [formerly CHEM 115 General Chemistry I]
  3 cr. Prerequisite: M 095 or satisfactory math placement score. Corequisite: CHMY 142. (F, Su)
  First course of the two semester sequence in general chemistry. Introduces the student to the fundamental concepts of chemistry. Includes atomic and molecular structure, stoichiometry, chemical bonding and the laws governing relationships of elements and compounds. Primarily for science majors/minors, pre-engineering and allied health students.

* CHMY 142 College Chemistry Laboratory I
  [formerly CHEM 118 General Chemistry I Lab]
  (TN) 1 cr. Corequisite: CHMY 141. (F, Su)
  Lab to accompany CHMY 141. Introduces the tools and techniques of experimental chemistry such as weighing, solution preparation, titration and standardization.

CHMY 143 College Chemistry II
  [formerly CHEM 116 General Chemistry II]
  3 cr. Prerequisites: CHMY 141 and CHMY 142.
  Corequisite: CHMY 144. (Sp, Su)
  Continues those functions introduced in CHMY 141. Introduces kinetics and equilibria, electrochemistry, and the chemistry of inorganic and organic compounds. Lab required.

CHMY 144 College Chemistry Laboratory II
  [formerly CHEM 119 General Chemistry II Lab]
  1 cr. Corequisite: CHMY 143. (Sp, Su)
  Lab to accompany CHMY 143. Introduces quantitative analysis, inorganic qualitative analysis and other topics to complement the lecture material.

CHMY 211 Elements of Organic Chemistry
  [formerly CHEM 220 Principles of Organic Chemistry]
  3 cr. Prerequisites: CHMY 143, CHMY 144. (Sp)
  Covers the unique characteristics of carbon, bonding, structure, reactions, nomenclature, and a look into the major organic functional groups. This is a one-semester introduction to organic chemistry.

CHMY 212 Elements of Organic Chemistry Laboratory
  [formerly CHEM 221 Principles of Organic Chemistry Lab]
  1 cr. Prerequisites: CHMY 143, CHMY 144. (Sp)
  Introduces the basic techniques used in an organic lab to include crystallization, extraction, distillation, chromatography, and synthesis.

CHMY 292 Independent Study
  [formerly CHEM 291 Independent Study]
  V1–4 cr. Prerequisite: Consent of instructor and department chairperson.
  Provides an opportunity for freshman and sophomore students to explore material not covered by regular Chemistry courses. A contract describing this study must be completed at the time of enrollment.

CHMY 298 Internship/Cooperative Education
  [formerly CHEM 296 Cooperative Education/Internship]
  V1–9 cr. Provides university credit for a sophomore work experience in the area of Chemistry, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

361
CHMY 310 Scientific Literature
[formerly CHEM 310 Scientific Literature]
1 cr. Prerequisite: Sophomore standing in a science major. Provides an overview of science information sources from primary to tertiary. Use of print and computer access systems is emphasized. Students will research a selected topic and present a short seminar.

CHMY 311 Analytical Chemistry-Quantitative Analysis
[formerly CHEM 320 Quantitative Chemical Analysis]
3 cr. Prerequisite: CHMY 143 and CHMY 144. Corequisite: CHMY 312. (F) Covers the theoretical foundations of quantitative chemical analysis, common wet chemical and simple instrumental analysis techniques. Lab required.

CHMY 312 Analytical Chemistry Laboratory-Quantitative Analysis
[formerly CHEM 325 Quantitative Chemical Analysis Lab]
1 cr. Prerequisite: CHMY 144. Corequisite: CHMY 311. (F) Lab to accompany CHMY 311 covering gravimetric, titrimetric, electrochemical and spectrometric analysis techniques.

CHMY 321 Organic Chemistry I
[formerly CHEM 330 Organic Chemistry I]
3 cr. Prerequisites: CHMY 143 and CHMY 144. Corequisite: CHMY 322. (F) Covers the nomenclature, structure, reactions and reaction mechanisms of organic functional groups - alkanes through simple aromatics. Lab required.

CHMY 322 Organic Chemistry Laboratory I
[formerly CHEM 331 Organic Chemistry I Lab]
1 cr. Corequisite: CHMY 321. (F) Develops laboratory skills and techniques and provides experiences that complement and extend the lecture materials.

CHMY 323 Organic Chemistry II
[formerly CHEM 334 Organic Chemistry II]
3 cr. Prerequisites: CHMY 321 and CHMY 322. Corequisite: CHMY 324. (Sp) Covers the remaining functional groups: aldehydes and ketones to amines, organic spectroscopy, and organic chemistry of biologically important compound classes. Lab required.

CHMY 324 Organic Chemistry Laboratory II
[formerly CHEM 335 Organic Chemistry II Lab]
1 cr. Corequisite: CHMY 323. (Sp) Continuation of CHMY 322. Provides additional techniques and skills, complement to lecture, and experience in qualitative organic analysis.

CHMY 371 Physical Chemistry-Quantum Chemistry and Spectroscopy
[formerly CHEM 340 Physical Chemistry I]
(WR) 3 cr. Prerequisites: CHMY 323, M 171, M 172 and PHSX 232. Corequisite: CHMY 372. (odd F) Introduces the fundamental concepts of equilibrium thermodynamics, equilibria and phenomenological kinetics. Lab required.

CHMY 372 Physical Chemistry Laboratory I
[formerly CHEM 341 Physical Chemistry I Lab]

CHMY 373 Physical Chemistry-Kinetics and Thermodynamics
[formerly CHEM 344 Physical Chemistry II]
(WR) 3 cr. Prerequisite: M 171, M 172, PHSX 232. Corequisite: CHMY 374. (even Sp) Introduces the fundamental concepts of quantum mechanics, atomic and molecular structure, and chemical bonding. Lab required.

CHMY 374 Physical Chemistry Laboratory II
[formerly CHEM 345 Physical Chemistry II Lab]
(WR) 1 cr. Corequisite: CHMY 373. (even Sp) Reinforces concepts of quantum mechanics as well as atomic and molecular spectroscopy.

CHMY 401 Advanced Inorganic Chemistry
[formerly CHEM 355 Advanced Inorganic Chemistry]
3 cr. Prerequisites: CHMY 143 and CHMY 144. Corequisite: CHMY 402. (odd Sp) Covers the chemistry of the main group and transition elements. Includes bonding theory, descriptive chemistry, symmetry and periodic properties, reaction mechanisms, organometallic chemistry. Lab required.

CHMY 402 Advanced Inorganic Chemistry Laboratory
[formerly CHEM 356 Advanced Inorganic Chemistry Lab]
1 cr. Corequisite: CHMY 401. (odd Sp) Lab to accompany CHMY 401. Includes advanced techniques used in organic syntheses.
CHMY 411 Advanced Organic Chemistry
[formerly CHEM 430 Advanced Organic Chemistry]
3 cr. Prerequisites: CHMY 323 and CHMY 324.
Corequisite: CHMY 412. (even Sp) Covers additional topics in organic synthesis, organic reaction mechanisms, and organic spectroscopy. Lab required.

CHMY 412 Advanced Organic Chemistry Laboratory
[formerly CHEM 431 Advanced Organic Chemistry Lab]
1 cr. Corequisite: CHMY 411. (even Sp) Provides advanced techniques, skills, reactions not covered in CHMY 322 and CHMY 324.

CHMY 421 Advanced Instrument Analysis
[formerly CHEM 420 Instrumental Analysis]
3 cr. Prerequisites: CHMY 311 and CHMY 371.
Corequisite: CHMY 422. (odd Sp) Covers the foundations of modern instrumental analysis theory and techniques. Techniques studied include instrumental design, atomic and molecular spectroscopy, electrochemistry and chromatography. Lab required.

CHMY 422 Advanced Instrument Analysis Laboratory
[formerly CHEM 421 Instrumental Analysis Lab]
1 cr. Prerequisite: CHMY 411. Corequisite: CHMY 421. (odd Sp) Lab to accompany and demonstrate the techniques covered in CHMY 421.

CHMY 490 Undergraduate Research
[formerly CHEM 499 Chemical Research]
V1-3 cr. Prerequisite: consent of instructor. Students will carry out a contained research project under the supervision of a faculty member, including library and experimental research as appropriate, analysis of the results and the submission of a formal research report upon completion of the project.

CHMY 491 Special Topics
V1-12 cr. Prerequisite: determined as needed. Provides students with an opportunity to take courses not required in any curriculum for which there is a particular need, or given on a trial basis to determine acceptability and demand before requesting a regular course number.

CHMY 492 Independent Study
[formerly CHEM 491 Independent Study]
V1-3 cr. Prerequisites: Consent of instructor and department chairperson. Provides outstanding students an opportunity for research in chemistry. A contract describing the study must be completed at the time of enrollment.

CHMY 494 Seminar/Workshop
[formerly CHEM 475 Senior Seminar]
1 cr. Prerequisite: senior standing in a science major or consent of the instructor. Students are expected to research and give an hour seminar on a topic from chemistry or a closely related field, and write a paper on the topic as if for publication.

CHMY 494 Seminar/Workshop
[formerly CHEM 492 Seminar]
V1-3 cr. Prerequisite: Chemistry major or minor, or consent of instructor. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Chemistry.

CHMY 494 Seminar/Workshop
[formerly CHEM 493 Workshop]
V1-4 cr. Prerequisite: consent of instructor. Provides an opportunity for experimental study in an area of Chemistry.

CHMY 498 Internship/Cooperative Education
[formerly CHEM 490 Internship]
1 cr. Prerequisite: Consent of department chairperson and an “A” or “B” grade in the course in which the internship is to be done. Provides experience in a position of responsibility in some aspect of the chemistry program with an opportunity for early exploration of teaching interests.

CHMY 498 Internship/Cooperative Education
[formerly CHEM 496 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a work experience in the area of Chemistry, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

CHMY 499 Senior Thesis/Capstone
[formerly CHEM 498 Honors Thesis]
1 cr. Prerequisites: Junior or Senior standing in Chemistry and/or concurrent enrollment in CHMY 490. Involves an intensive study of a specific problem related to chemistry requiring the writing and submission of a thesis to graduate with departmental honors. To graduate with honors, it is also necessary to have an overall GPA of 3.25 or better and a GPA of 3.5 or better in the major. A thesis proposal describing the study and a thesis review committee must be completed at the time of enrollment.
Computer Sciences
LA 848, (406) 657–2228

COMP 100 Topics in Computer Programming (TN) 3 cr. R-9. Prerequisite: M 095 or equivalent. Introduces the logic and techniques of computer programming. Computer languages will vary; may be repeated for credit when different languages are offered. Possible topics include BASIC, LOGO or Introductory Pascal.

COMP 292 Seminar V1-3 cr. Provides students an opportunity to investigate topics pertinent to the field of Computer Science.

COMP 293 Workshop V1-8 cr. Provides an opportunity for experimental study in an area of Computer Science.

COMP 311 Digital Logic Design 3 cr. Prerequisite: CSCI 132. Corequisite: COMP 312. Covers number representation, fundamental codes, concepts of Boolean algebra, basic logic algorithms, arithmetic, logic units, and computer architecture.

COMP 312 Logic Design Lab 2 cr. Prerequisite: PHSX 205. Corequisite: COMP 311. Covers digital logic circuit design with software assistance. Hands-on experience in the design and construction of digital logic circuits. (Lab fee required.)

COMP 390 Practicum 1 cr. Prerequisite: CSCI 246. Provides practical experience in the administration of a desktop laboratory. Includes both hardware and software troubleshooting.

COMP 402 Artificial Intelligence (TN) 3 cr. Prerequisites: CSCI 246 and some programming experience. Covers data representation, production systems, search strategies, expert systems. Leads to competence with an AI language such as LISP.

COMP 491 Independent Study (TN) V1-3 cr. Prerequisites: consent of instructor and department chairperson. Provides outstanding students an individual opportunity to explore material not covered by regular Computer Science courses.

COMP 492 Seminar V1-3 cr. Prerequisite: Mathematics major or minor, or consent of instructor. Investigates intensively topics pertinent to the area of Computer Science.

COMP 493 Workshop V1-3 cr. Provides an opportunity for experimental study in an area of Computer Science.

Communication and Theatre
LA 600, (406) 657–2178

COMT 101 Fundamentals of Communication 3 cr. Provides instruction in oral competencies expected of university students. Major topics presented include interaction skills, public speaking and mass media awareness.

* COMT 110 Interpersonal Communication 3 cr. (F, Sp) Empowers students to understand and apply effective interpersonal skills to improve their communication and bolster relationships. This course examines several vital areas of communication and relationships, including self-concept, perception, listening, language, nonverbal communication, conflict management, and culture.

* COMT 130 Introduction to Public Speaking 3 cr. (F, Sp, Su) Develops the student’s speaking abilities. Students acquire an understanding of basic rhetorical theory and its application in a variety of speech situations. Listening, speaking and critiquing abilities are emphasized. This course addresses the following topics: speech preparation and delivery, forming and fielding questions, audience analysis, listening skills, critiquing and speaker anxiety.

* COMT 155 Global Cinema 3 cr. (F) Offers students an artistic appreciation of the diversity of cinema around the world. Develops a broadened multicultural perspective through surveying films from Asia, Europe, North and South America. Encourages students to view cinema as a means of interpreting culture. (Special fee).

* COMT 160 Introduction to Intercultural Communication 3 cr. (F, Sp) Examines communicative encounters among people of different cultural, ethnic, and minority groups. Local, national, and global in scope, the course also analyzes identity, verbal and nonverbal communication, popular culture, intercultural relationships, and multicultural communication in applied settings. Practical guidelines for enhancing
intercultural interactions will be offered while noting the layers of complexity in communicating across cultural boundaries.

**COMT 200 Exploring Communication Studies**
3 cr. (F, Sp, Su) Explores the major strands of study in the discipline of communication while exposing students to the various contexts, methods, and expectations for the academic study of communication. The course is a prerequisite for all upper-level communication courses.

**COMT 201 Technology for Communication**
(TN) 3 cr. Offered ONLY Online. (F) Provides instruction in computer-mediated communication competencies expected of Communication and Theatre Majors. Topics presented include advanced word processing, multimedia presentations, desktop publishing, Internet, spreadsheet, database, etc.

**COMT 210 Group Dynamics**
3 cr. (F) Increases the student’s awareness of communication processes in small group discussions. The course should help the student to become more comfortable in group situations, to learn to observe discussions more capably, to listen carefully to the ideas of others, to develop techniques to facilitate group decision-making, and to become aware of the function of roles in communication situations.

**COMT 222 Media Writing**
3 cr. (F, Sp) Introduces students to fundamentals of newsgathering in print and broadcast journalism. The course covers basic skills necessary for newsgathering such as reporting techniques, story composition, and interviewing methods.

**COMT 230 Advanced Public Speaking**
3 cr. Prerequisite: COMT 130 or Consent of Instructor. (Sp) Enhances the public skills of students who have already mastered the basic principles of oral communication. Emphasizes audience analysis and adaptive speech behaviors with the goal of developing speakers with polished skills for a variety of real world situations.

**COMT 290 Internship: Media**
V1-3 cr. Prerequisites: COMT 222 and/or consent of instructor. Provides on-site observational opportunities with related forms of mass media.

**COMT 292 Seminar**
V1-3 cr. Prerequisite: consent of instructor. Provides students an opportunity to investigate intensively topics pertinent to the field of Communication and Theatre.

**COMT 293 Workshop**
V1-5 cr. Prerequisite: consent of instructor. Provides an opportunity for experimental study in an area of Communication and Theatre.

**COMT 296 Cooperative Education/Internship**
V1-9 cr. Provides university credit for a sophomore work experience in the area of Communication and Theatre supervised by faculty. Learning agreement must be completed prior to registration (restricted).

**COMT 310 Organizational Communication**
3 cr. Prerequisite: COMT 200 or consent of department chair. (F, Sp, Su) Introduces material related to organizational socialization, structure, climate, leadership, power, and conflict management.

**COMT 320 Introduction to Mass Communication**
3 cr. Prerequisite: COMT 200 or consent of department chair. (F, Su) Introduces students to each of the major media of mass communication, focusing on historical development, commercial functions, societal impact, cultural contributions, and contemporary controversies surrounding each. Media forms explored include television, radio, the Internet, magazines, newspapers, film, and recorded music. Media support industries (advertising, public relations), media regulation, and media ethics are also surveyed. For COMT majors concentrating in Mass Communication, this class serves as the introduction to the “inner core” sequence of media study courses.

**COMT 321 Theories of Media and Society**
3 cr. Prerequisite: COMT 200, COMT 320 or consent of department chair. (alternating Sp) Examines the role of mass media in modern societies and the effects and influences of media institutions and mediated messages on individuals, communities, societies, and culture. Presents and critically examines a range of theories, scholarly opinions, and research approaches regarding media-society interrelationships.

**COMT 322 Principles of Public Relations**
3 cr. Prerequisite: COMT 200, COMT 222 or consent of department chair. (F, Sp, Su) Explores the fundamentals of the public relations field and develops the skills necessary for the public relations practitioner. The course provides the student with practical experience in the development of public relations materials, such as brochures and press releases, as well as the skill for the implementation of communication programs within the organization.
COMT 325 Introduction to Visual Communication  
3 cr. Prerequisite: COMT 200 or consent of department chair. (every other Sp & Su) Surveys the entire spectrum of visual media, and introduces students to the fundamentals of communication (theoretical models, the role of codes and conventions, etc.). Addresses formal developments in visual communication. Serves as a springboard to several of the more specialized offerings in the Mass Communication program.

COMT 328 Essentials of Video Production  
(TN) 3 cr. Prerequisite: COMT 200, COMT 222 or consent of department chair. Provides an introduction to video production through a focus on script writing, camera operation, and editing. Students will have the opportunity to learn to produce their own videotapes.

COMT 330 Persuasion  
3 cr. Prerequisite: COMT 200 or consent of department chair. (F, Sp, Su) Explores the history, literature, and theory of persuasive communication affording students the opportunity to examine the dynamics of change in a variety of contexts.

COMT 410 Advanced Interpersonal Communication  
3 cr. Prerequisite: COMT 200 or consent of department chair. (Sp) Presents theoretical materials and case studies related to the communicational foundation of human relationships. Issues considered include: perceptual variances in cross-cultural and familial interactions, gender differences, elements of verbal/nonverbal communication, listening, developing/sustaining/struggling/ending relationships, conversing with friends, and interpersonal communication in the workplace.

COMT 414 Issues in Organizational Communication  
3 cr. Prerequisite: COMT 200, COMT 310 or consent of department chair. (F, Su) Presents material related to the relationship between corporations and public decision-making, the nature of democracy in the workplace, a multiple stakeholder model of communication, diversity, negotiation, organizational politics, and dialogic communication.

COMT 416 Leadership and Communication  
crosslisted with COMT 516  
3 cr. Prerequisite: COMT 200 or consent of department chair. Offered ONLY Online. (every other Sp & Su) Presents material related to leadership theories, leader-participant relations, vision/mission/goals, structure and design, culture, capacity building, and social responsibility.

COMT 420 Advertising, Media, and Culture  
crosslisted with COMT 520  
(TN) 3 cr. Prerequisite: COMT 200 or consent of department chair. (every other year) Provides a critical look at the role(s) of advertising in a market economy, its contributions to and influences upon the mass media, and its powers as a mirror and a shaper of society and culture. Students will acquire insights into the methods, policies, problems, opportunities, and ethical issues of advertising as a business, as a cornerstone of Western-world media systems, and as a socio-cultural force. Assignments will include the development of original creative work as well as critical assessments of current advertising.

COMT 421 Communicating Online  
crosslisted with COMT 521  
3 cr. Prerequisite: COMT 200 or consent of department chair. Offered ONLY Online. (every other year) Examines the major principles influencing the construction and dissemination of online communication. May address topics such as the conventions of web page design, effective utilization of the internet as a communication channel, differentiating useful messages from spam, and identifying the strengths and limitations of online communication.

COMT 422 Issues in Public Relations  
crosslisted with COMT 522  
3 cr. Prerequisite: COMT 200, COMT 322 or consent of department chair. (Su) Examines the major principles influencing the construction and dissemination of online communication. May address topics such as the conventions of web page design, effective utilization of the internet as a communication channel, differentiating useful messages from spam, and identifying the strengths and limitations of online communication.

COMT 425 Media Criticism  
crosslisted with COMT 525  
3 cr. Prerequisites: COMT 200, COMT 320, COMT 321 or consent of department chair. (every other year) Engages students in the in-depth exploration, analysis, and criticism of the media as foundational components of democracies, as economic institutions, as producers of text (rhetoric), and as meaning-making
systems. Students will learn a variety of critical methods and apply them to the analysis of pressing contemporary issues of media and society.

COMT 426 Case Studies in Public Relations (crosslisted with COMT 526)
3 cr. Prerequisite: COMT 200 or consent of department chair. (alternating Sp)
Uses actual cases to assess strategic decisions concerning internal and external publics and appreciate the accompanying ethical, legal, economic, psychological, organizational, political, and media impact of such decisions.

COMT 427 Public Relations Ethics (crosslisted with COMT 527)
3 cr. Prerequisite: COMT 200 or consent of department chair. (alternating Sp)
Explores ethical issues in public relations from a case study approach. Students will critically examine the structures, work, and business of the public relations industry and discuss the implications of ethical standards applied to the field.

COMT 428 Advanced Video Production (crosslisted with COMT 528)
(TN) 3 cr. Prerequisite: COMT 328.
Provides instruction in advanced video production techniques including camera operation, sound design, lighting, and scriptwriting. Examines studio production systems and equipment. Activities include the production of video projects including news packages and other short video programs designed by the instructor. Graduate students will be required to present an extensive research paper/project.

COMT 429 The Law of Public Communication (crosslisted with COMT 529)
3 cr. Prerequisite: COMT 200 or consent of department chair. (alternating F)
Examines major principles in communication law that influence media and public relations professionals. Students will become familiar with landmark court decisions and contemporary issues in first amendment jurisprudence.

COMT 431 Political Communication (crosslisted with COMT 531)
3 cr. Prerequisite: COMT 200 or consent of department chair. (even F)
Explores communication methods and strategies employed by political campaigns to influence voters. Students will analyze political discourse produced by national, state, and local campaigns in order to understand the communication patterns and interactions that occur.

COMT 440 Popular Culture and Cultural Studies (crosslisted with COMT 540)
3 cr. Prerequisites: COMT 200, COMT 320, COMT 321 or consent of department chair. (every other year)
Provides an introduction to the history, theory, and practice of studying popular culture. Explores a variety of theoretical approaches to pop culture, including classical Marxism, the Frankfurt School, structuralism, feminism, and postmodernism. Throughout the course, theoretical methodologies will be illustrated through their ability to interpret and/or decode cultural objects ranging from HBO television to science fiction to hip hop. Students will be encouraged to take these applications as models for their own work in choosing, reading, and analyzing specific instances of pop culture.

COMT 450 Performance Skills for Professionals
3 cr. Prerequisites: COMT 200, THTR 120 or consent of department chair. (Sp)
Trains students in the master application of performance studies techniques and the reification of theoretical principles. Students incorporate voice, movement, kinesthetics, text analysis, oral interpretation, storytelling, and visual design techniques in performances designed to encourage audience awareness and interaction. Course will focus on a dynamic interaction between performer and audience across a broad genre/discipline range, including education, performing arts, business, and communication.

COMT 461 Multicultural Mass Communication (crosslisted with COMT 561)
3 cr. Prerequisites: COMT 200, COMT 320, COMT 321 or consent of department chair. (every other year)
Explores and critically analyzes mass mediated communication in a multicultural world and the U.S. as a multicultural nation. Provides an understanding of the roles of media corporations and media texts in the construction of cultural, subcultural, and individual identities. Considers media as transnational businesses, as expressive forms, and as mirrors and shapers of culture. Investigates theories, practices, and outcomes of mediated cultural imperialism and the unique role played by U.S. media organizations and U.S.-produced texts.

COMT 465 Communication Theory (WR) 3 cr. Prerequisite: COMT 200, consent of department chair or junior standing. (F, Sp)
Provides the student with a theoretical/conceptual framework for understanding human communication.
COMT 470 Capstone Project
3 cr. Prerequisite: COMT 200 and consent of department chair. (F, Sp, Su) Explores how people apply their knowledge of communication in practical contexts. Addresses applied topics such as dealing with conflict, conducting meetings, leading effectively, managing rumors, advocacy, and political communication.

COMT 480 Health Communication (crosslisted with COMT 580)
3 cr. Prerequisite: COMT 200 or consent of department chair. (every other year) Explores key findings in health communication research and practice, focusing on a wide range of media (e.g., brochures, posters, radio, television, telephone hotlines, Internet) and a wide range of health objectives (e.g., STD/HIV prevention, smoking cessation, cardiovascular disease prevention). We will examine the literature and key health communication campaigns to determine what are the key ingredients of successful or effective approaches in each medium, for different types of messages and target audiences.

COMT 481 Media for Social Change (crosslisted with COMT 581)
3 cr. Prerequisite: COMT 200 or consent of department chair. (every other year) Examines the application of commercial campaign technologies to the analysis, planning, execution, and evaluation of programs designed to influence the voluntary behavior of target audiences in order to improve their personal welfare and that of their society.

COMT 482 Women, Media and Health (crosslisted with COMT 582, HADM 482, HADM 582, HHP 482, and HHP 582)
3 cr. Corequisites: COMT 480, COMT 481. Analyzes gaps in basic health care needs for women, both domestically and abroad, emphasizing the role of mass media both in promoting and hindering basic reproductive health. A special emphasis will be placed on women’s reproductive rights and the ways in which political movements have limited and advanced needs in this area.

COMT 488 Topics in Communication
3 cr. Prerequisite: Senior class standing or consent of instructor. Provides Senior students with the opportunity to research, prepare, and present before the faculty a final project that exemplifies the culmination of their course of study as Communication and Theatre majors.

COMT 490 Internship
V1-3 cr. Prerequisite: consent of instructor. (F, Sp, Su) Provides on-site observational opportunities.

COMT 490 Media Internship: Senior Project
V1-3 cr. Prerequisite: consent of instructor. Provides onsite observational opportunities with selected forms of mass media.

COMT 491 Independent Study
V1-3 cr. Prerequisites: consent of instructor and chairperson of department. Provides an opportunity for students of outstanding ability to explore material not covered by regular Communication and Theatre courses.

COMT 492 Seminar
V1-3 cr. Prerequisite: consent of instructor. Provides students an opportunity to investigate intensively topics pertinent to the field of Communication and Theatre. This course may be offered ONLY Online.

COMT 493 Workshop
V1-5 cr. Prerequisite: consent of instructor. Provides an opportunity for experimental study in areas Communication and Theatre.

COMT 496 Cooperative Education/Internship
V1-9 cr. Provides university credit for a work experience in the area of Communication and Theatre, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

Criminal Justice
LA 802, (406) 657–2119

CRIM 221 Criminal Justice System (crosslisted with SOCI 221) [formerly CRIM/SOCL 225 Introduction to Crime and Justice] (TN) 3 cr. Familiarizes students with the phenomena of crime and the formal mechanisms of crime control. Uniform Crime Report and National Crime Survey will be used as the primary crime database for examination. Special attention will be paid to study police, their organization and function, as the first-line agent of crime control.

CRIM 226 Introduction to Probation
3 cr. Prerequisites: SOCI 101, CRIM/SOCI 221. Provides an in-depth examination of the role of probation in the criminal justice system. Topics include
caseloads, pre-sentence investigations, practices and procedures, and issues associated with supervising offenders in the community.

**CRIM 227 Introduction to Policing**  
*3 cr.* **Prerequisites:** SOCI 101, CRIM/SOCI 221. Examines the police as a component of the criminal justice system. Provides an overview of law enforcement agencies at the local, state, and federal levels. Issues and trends in law enforcement will be examined.

**CRIM 228 Race, Class, Gender and Crime**  
*3 cr.* **Prerequisite:** SOCI 101. Explores the effects of social stratification on crime. Examines the relationship between social class, race/ethnicity, and gender and the criminal justice system. Includes analysis of populations as both offenders and victims.

**CRIM 292 Seminar**  
*3 cr.* Provides freshman and sophomores an opportunity to investigate intensively topics pertinent to the field of Criminal Justice.

**CRIM 311 Criminology (crosslisted with SOCI 311)**  
*[formerly CRIM/SOCL 324 Criminology]*  
*3 cr.* **Prerequisite:** CRIM/SOCI 221. Explores the legal aspects of crime by examining the sociological aspects of making of law. Major contemporary theories in crime as well as criminal behavior systems will be discussed.

**CRIM 327 Sociology of Deviance (crosslisted with SOCI 327)**  
*[formerly CRIM/SOCL 325 Sociology of Deviance]*  
*3 cr.* **Prerequisite:** SOCI 101. Examines deviant behavior in contemporary society. Explores why certain people and types of behaviors come to be defined as deviant. Introduces students to theoretical explanations of deviance.

**CRIM 370 Courts and Judicial Politics (crosslisted with PSCI 370)**  
*3 cr.* **Prerequisite:** PSCI 210. Examines the Federal and Montana judicial systems, focusing on the institutions, procedures, and personnel. Presents an introduction to civil and criminal procedures and the legal profession.

**CRIM 413 Administration of Law Enforcement**  
*3 cr.* **Prerequisite:** SOCI 101. Examines the structure and organization of law enforcement agencies. Students will learn how to manage police departments and sheriff’s departments. Topics include law enforcement organizational patterns, goal identification, planning, personnel management, and budgeting.

**CRIM 421 Criminal Justice Ethics**  
*3 cr.* **Prerequisites:** SOCI 101, CRIM/SOCI 221. Examines ethical issues in law enforcement, courts, and corrections. Students will learn moral and ethical standards that can be used to resolve dilemmas they encounter in the criminal justice system.

**CRIM 423 Sociology of Corrections**  
*4 cr.* **Prerequisite:** SOCI 101. Examines philosophies of punishment and provides an introduction to institutional and community corrections. Topics include prisons, jails, and probation. Field work is a required feature of this course and will consist of field trips to local correctional facilities.

**CRIM 425 Crime Prevention and Victimology**  
*3 cr.* **Prerequisite:** CRIM/SOCI 311 or SOCI 330. Applies theoretical understandings gained in Criminology and Juvenile Delinquency to construct and evaluate programs in crime prevention. The primary objective is to familiarize students with major prevention strategies, both criminalization (becoming a criminal) and victimization (becoming a victim), as well as certain operational mechanisms.

**CRIM 450 Computer Crime**  
*3 cr.* Examines the theoretical definition and applied context of crime committed either through or with “information age technology.” Topics to be defined and discussed include privacy and information, wire tapping and encryption, internet security, communication in cyberspace, and censorship. Special consideration will be given to such topics as the multinational criminal definitions of software piracy, hacking, information theft, digital forgery, and other internet crimes.

**CRIM 492 Seminar**  
*3 cr.* Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Criminal Justice.

**Computer Science and Programming**  
**LA 848, (406) 657-2228**  
**McD 300, (406) 657-2295**

**CSCI 100 Introduction to Programming**  
*[formerly MIS 245 Introduction to Programming]*  
*(TN)* *3 cr.* **Prerequisite:** M 143. Covers structured concepts for problem solving, programming and data representation. Includes structured charts and
CSCI 111A Programming with Java I
[formerly COMP 101 Fundamentals of Computer Science]
(TN) 4 cr. Prerequisite: M 095. (F, Sp) Introduces programming in Java. Presents algorithms and problem solving, data structures in Java, searching and sorting, procedures and functions, and elements of program life cycle.

CSCI 132 Basic Data Structures and Algorithms
[formerly COMP 102 Data Structures]
(TN) 4 cr. Prerequisite: CSCI 111A. (Sp) Investigates the essential properties of data structures and algorithms for operating on them. Covers the use of data structures as tools in algorithms design. Provides exposure to searching, sorting, and hashing techniques using the Java language.

CSCI 232 Data Structures and Algorithms
[formerly COMP 200 Advanced Topics in Computer Programming]
(TN) 4 cr. Prerequisite: COMP 100 or CSCI 111A. M 172 is prerequisite when Fortran is taught. Computer language Java and software development will be used as the vehicles to introduce applet and its application to computer representations of various important concepts and their applications.

CSCI 246 Discrete Structures
[formerly COMP/MATH 305 Discrete Structures I]
4 cr. Prerequisite: M 172 and CSCI 111A. (F) Covers logic, recursion, induction and basic data models. Surveys combinatorics and the theory of algorithms with attention to design analysis and verification techniques.

CSCI 260 Object Oriented Programming I
[formerly MIS 255 Object Oriented Programming]
3 cr. Prerequisite: CAPP 131. Familiarizes students with principles of Object-Oriented Programming. Includes Object-Oriented features in selected software packages; creating classes; object hierarchies and collections; Active X components; ADO objects. Juniors will complete a major programming project (Cross-listed with College of Technology).

CSCI 320 Numerical Methods
[formerly COMP/MATH 371 Numerical Computing]
(TN) 4 cr. Prerequisite: M 333. Presents floating-point arithmetic, approximate solution of equations and systems of equations, polynomial interpolation, numerical integration and differentiation, and the approximate solution of ordinary differential equations. Exact topics may vary from year to year.

CSCI 346 Advanced Discrete Structures
[formerly COMP/MATH 306 Discrete Structures II] 4 cr. Prerequisites: CSCI 246. (Sp) Discusses algorithm design in the context of graph theory. Introduces automata and formal languages. Covers logic, computability, artificial intelligence and robotics.

CSCI 360 Object Oriented Programming II
[formerly MIS 355 Object Oriented Programming] 3 cr. Prerequisite: CAPP 131. Familiarizes students with principles of Object-Oriented Programming. Includes Object-Oriented features in selected software packages; creating classes; object hierarchies and collections; Active X components; ADO objects. Juniors will complete a major programming project (Cross-listed with College of Technology).

Dance
PE 116, (406) 657–2370
DANC 155 Square Dance
[formerly HHP 124 Dance, Square] 1 cr. Develop the basic movement skills in square dance and appreciate it as a lifetime activity and community involvement.

DANC 156 Ballroom Dance
[formerly HHP 135 Dance, Ballroom] 1 cr.

DANC 158 Folk Dance
[formerly HHP 123 Dance, Folk] 1 cr. Learn fundamental dances which represent many nations.

Early Childhood
COE 261, (406) 657–2315
The College of Education has designed its professional preparation programs to include a series of sequentially arranged field-based experiences. Depending on the degree option, these field-based experiences may be referred to as internships, practica, clinics, or supervised field experiences. Each field-based course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or
Departmental policy, may require additional contact hours beyond the minimum requirement. Students should clarify requirements with their faculty advisor prior to registration.

EC 283 Curriculum and Adaptations (crosslisted with SPED 283) 3 cr. (F) Provides the student with an understanding of developmentally appropriate curriculum. Curricular adaptations for individual learners including appropriate technology and equipment will be addressed. A field experience is integrated into the course and assignments.

EC 289 Professional Roles and Expectations (crosslisted with SPED 289) 3 cr. (Sp) Provides the student with an understanding of roles and responsibilities of professional staff and paraprofessionals when working with families. Emphasis on professional standards of conduct including the requirements of confidentiality. A field experience is integrated into the course and assignments.

EC 290 Internship V1-6 cr. Provides freshmen and sophomores with a supervised experience in a licensed setting providing services to young children and/or families. The internship setting and requirements are arranged with the student’s advisor in conjunction with the Office of Licensure, Standards and Clinical Practice. The student will spend 45 contact hours during the academic semester for each semester hour of credit.

EC 291 Independent Study V1-6 cr. Prerequisites: Consent of instructor and Department Chairperson. Provides an opportunity for freshman and sophomore students to explore material not covered by the regular college courses.

EC 292 Seminar 3 cr. Investigates topics pertinent to the area of Early Childhood Education.

EC 293 Workshop V1-6 cr. Provides an opportunity for study in an area of Early Childhood Education.

EC 294 Clinic V1-7 cr. Prerequisite: consent of instructor. Provides freshmen and sophomores with an opportunity to explore and develop applications of study in a particular area. Uses selected pupils for demonstration purposes. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

EC 336 Social/Emotional Development In Young Children 3 cr. Prerequisite: EDU 240. (Sp) Provides the student with a knowledge and experiential base related to the social and emotional development of young children, to include guidance techniques. An emphasis will be placed on issues of the developing self while emphasizing the critical role of supportive and engaged adults. Classroom observation and interaction with children required.

EC 437 Child In The Family System 3 cr. (Sp) Focuses on the reciprocal relationship between the child, family and environment. This course includes knowledge and experience necessary to assist and support the parents (of both typically developing and children with special needs) in their role as primary caregivers and informal teachers of young children. A field experience is integrated into the course experience.

EC 490 Internship V1-6 cr. Prerequisites: Consent of advisor. Allows the student to assume the full range of teaching duties in an exemplary early childhood setting. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice and require 45 hours of contact time for each semester hour of credit.

EC 491 Independent Study V1-6 cr. Provides an opportunity for students of superior academic standing to explore material not covered by the regular college courses.

EC 492 Seminar V1-8 cr. Investigates topics pertinent to the area of Early Childhood Education.

EC 493 Workshop V1-8 cr. (Sp, Su) Provides an opportunity for study in an area of Early Childhood Education.

EC 494 Clinic V1-6 cr. Provides an opportunity through use of selected pupils for demonstration purposes for students to explore and develop applications of theoretical study in a particular area. Infield contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.
* **Economics**

**McD 300, (406) 657-2295**

* **ECNS 201 Principles of Microeconomics**
  [formerly ECON 200 Principles of Microeconomics]
  3 cr. (F, Sp) Introduces the analytical tools of economists as they pertain to microeconomic theory and applications. This course emphasizes price theory, production theory, theory of economic organizations, and factor markets.

* **ECNS 202 Principles of Macroeconomics**
  [formerly ECON 201 Principles of Macroeconomics]
  3 cr. (F, Sp, Su) Introduces the analytical tools of economists as they pertain to macroeconomic theory and applications. This course emphasizes the behavior of markets in the context of a national economy. Introduces theories of national income and employment, economic growth and stabilization theory, money and banking, and international economics.

**ECNS 300 Intermediate Microeconomics**

[formerly ECON 324 Intermediate Microeconomic Theory]

3 cr. **Prerequisite:** Admission to upper division standing or consent of department. (F) Covers price determination and resource allocation under competitive and noncompetitive market structures. Includes theories of demand, production, and income distribution.

**ECNS 302 Intermediate Macroeconomics**

[formerly ECON 325 Intermediate Macroeconomic Theory]

3 cr. **Prerequisite:** Admission to upper division standing or consent of department. (Sp) Considers the determinants of aggregate levels of employment, output, and income of an economy.

**ECNS 313 Money and Banking**

[formerly ECON/FIN 352 Money, Capital Markets and Institutions]

3 cr. **Prerequisites:** Admission to upper division standing and BFIN 322, or consent of department. (F, Sp) Covers the mechanics of financial markets, the impact of fiscal and monetary policies, banking and financial institutions and instruments used by business and government, the relationships between interest rates, security prices, risk, exchange rates and world financial markets.

**ECNS 314 International Economics**

[formerly ECON 331 International Economics]

3 cr. **Prerequisite:** Admission to upper division standing or consent of department. Considers classical and modern theories of international trade with applications to selected international economic problems.

**ECNS 403 Introduction to Econometrics**

[formerly ECON 443 Business and Economic Forecasting]

(TN) 3 cr. **Prerequisite:** Admission to upper division standing or consent of department. (Sp) Covers forecasting techniques used in business; assembly, interpretation and use of economic data; analysis of business conditions; construction of firm and industry sales forecasts.

**ECNS 406 Industrial Organization**

[formerly ECON 446 Industrial Organization]

3 cr. **Prerequisite:** Admission to upper division standing or consent of department. Covers the organization and structure of production in the U.S. economy; determinants of market structures, business behavior, and economic performance; implications for antitrust policy.

**ECNS 435 Energy and Natural Resource Economics**

[formerly ECON 442 Energy and Natural Resource Economics]

3 cr. **Prerequisite:** Admission to upper division standing or consent of department. Introduces principles useful in analyzing problems and policies of energy and natural resource use, development, and conservation.

**ECNS 457 Economics of Organizations**

[formerly ECON 457 Economics of Organizations]

3 cr. **Prerequisite:** ECNS 300 or department. Applies microeconomic, contract and agency theories to understanding the structure and scope of organizations. Examines incentive structures, issues in accountability, responsibility and productivity measurements, and ownership structures of business.

**ECNS 490 Undergraduate Research**

[formerly ECON/FIN 480 Research in Finance and Economics]

3 cr. **Prerequisite:** ECNS 300, ECNS 302, ECNS 403 or consent of department. Combines statistical and econometric techniques with economic and financial theories to conduct rigorous research projects in the areas of economics and finance. The project is similar to a thesis and is the sole factor used to determine the course grade.
ECNS 492 Independent Study
[formerly ECON 491 Independent Study]
V1-3 cr. Prerequisites: Admission to upper division standing, consent of department, and approval of the College of Business Academic Policy Committee (CBAPC). (F, Sp, Su) Provides outstanding junior and senior students an opportunity to explore material not covered by regular Economics courses. Students must complete a Request for Independent Study form and have it approved by CBAPC.

ECON 494 Seminar
[formerly ECON 492 Seminar]
V1-3 cr. Prerequisites: Admission to upper division standing and consent of department. (F, Sp, Su) Provides advanced students an opportunity to intensively investigate topics pertinent to the field of Economics.

Curriculum and Instruction

COE 261, (406) 657–2315
The College of Education has designed its professional preparation programs to include a series of sequentially arranged field-based experiences. Depending on the degree option, these field-based experiences may be referred to as internships, practica, clinics, or supervised field experiences. Each field-based course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or Departmental policy, may require additional contact hours beyond the minimum requirement. Students should clarify requirements with the faculty advisor prior to registration.

Students are encouraged to make application 12 weeks prior to the semester in which the clinical or field-based experience is to be completed. Applications are available in the Department of Educational Theory and Practice, second floor Room 261, COE.

EDCI 403 Using Technology in School Mathematics
3 cr. Prerequisites: Admission to Teacher Education Program; completion of EDU 270 or equivalent; M 131, EDU 381. Deals with different technologies relevant to elementary school mathematics: the Math Explorer calculator, the graphing calculator, and computer applications such as logo, Geometer’s Sketchpad, spreadsheets, and graphing software. The appropriate integration of technology in mathematics instruction will be dealt with.

EDCI 407 Integrating Technology in the Curriculum
(TN) 2 cr. Prerequisites: EDU 270 and admission to Teacher Education program. Focuses on advanced topics in educational computing, including the selection, evaluation, and integration of classroom and administrative software; integration of educational telecommunications; and the development of a plan for integrating technology at the building and district level.

EDCI 429 Composition in the Elementary School
3 cr. Traces the development of writing from scribbling through full narrative. Students participate in the examination of children’s writing. Current research on writing in the elementary school is discussed.

EDCI 430 Environmental Education for Teachers
3 cr. Explores the philosophy and rationale for environmental education. Considers the ecological foundations required of environmental studies programs and deals with issues in multidisciplinary curriculum design and instructional procedures.

Education

COE 261, (406) 657–2315
The College of Education has designed its professional preparation programs to include a series of sequentially arranged field-based experiences. Depending on the degree option, these field-based experiences may be referred to as internships, practica, clinics, or supervised field experiences. Each field-based course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or Departmental policy, may require additional contact hours beyond the minimum requirement. Students should clarify requirements with the faculty advisor prior to registration.

Students are encouraged to make application 12 weeks prior to the semester in which the clinical or field-based experience is to be completed. Applications are available in the Department of Educational Theory and Practice, second floor Room 261, COE.

* EDU 105 Education and Democracy
[formerly EDF 100 Education and Democracy]
3 cr. (F, Sp, Su) Explores what it means to be an educated person in a democratic society. Although schooling is generally the primary formal means whereby societies educate citizens, this course focuses on education broadly to examine a) the ways people create and share knowledge, b) society’s responsibilities to provide the rich and varied
opportunities needed by all citizens who would be educated, c) the consequences of disenfranchising anyone from those opportunities, and d) the critical link between democratic society and education.

**EDU 200 Introduction to Education**  
[formerly EDF 120 Society, Schools and Teachers]  
(WR) 3 cr. (F, Sp, Su) Provides prospective educators with a historical and social overview of education to inform the student’s decision about undertaking serious study in the profession. Also examines education within its contemporary and comparative context, focusing on breadth of social diversity as it affects education. Addresses continuing professional topics and issues.

**EDU 211 Multicultural Education**  
[formerly EDCI 441 Multicultural Education]  
3 cr. (odd Sp) Acquaints students with the history, philosophy, goals, teaching strategies, curricula, and practices of multicultural education in order to prepare teachers for dealing with and affirming the diversity of America’s increasingly pluralistic classrooms. Deals with racial, cultural, and other forms of diversity in the United States and Montana.

**EDU 220 Human Growth and Development**  
[formerly EDF 225 Human Development in Education]  
3 cr. (F, Sp, Su) Presents a comprehensive introduction to the study of Human development including the developmental capabilities and needs of Humans at different ages with respect to the physical, psychomotor, cognitive, social, emotional, and psychological domains that affect all education. The course includes a practicum with community-based services for children and youths so students need to plan accordingly.

**EDU 221 Educational Psychology and Measurement**  
[formerly EDF 250 Educational Psychology]  
3 cr. (F, Sp, Su) Focuses on Human learning as it provides the basis for instruction and classroom management. Provides comprehensive coverage of the principles, concepts, and implications of Human learning from classical, operant, social, learning, and cognitive paradigms. Covers measurement, similarities and differences in learners, management and discipline strategies, and related corollaries of human learning applied to instruction.

**EDU 232 Foundations of Reading**  
[formerly RD 288 Foundations of Reading]  
3 cr. Prerequisite: Admission to AA Program of Study in Education. Introduces essential background related to reading, develops understanding of features and functions of print, presents materials for building mastery of reading subskills and examines common instructional practices. Areas covered include emergent reading, reading programs, reading processes, word attack strategies, vocabulary development, phonics and phonemic awareness, comprehension, and fluency.

**EDU 240 Behavior Management**  
[formerly EC/SPED 210 Adult/Child Interaction Skills]  
3 cr. Provides the student with basic knowledge of adult-child interaction, support strategies, literacy development, and observation techniques. A field experience is integrated into the course and assignments.

**EDU 270 Instructional Technology**  
[formerly EDCI 210 Educational Technology Applications]  
(TN) 2 cr. Prepares students to use computer applications in the classroom, including adaptive technology, databases, multimedia, telecommunications, and word processing.

**EDU 292 Independent Study**  
[formerly EDCI 291 Independent Study]  
V1-3 cr. Prerequisites: consent of the faculty supervisor and advisor. Provides an opportunity for freshman and sophomore students of superior academic standing to explore material not covered by the regular college courses.

**EDU 292 Independent Study**  
[formerly EDF 291 Independent Study]  
V1-3 cr. Provides opportunities for freshmen and sophomores to explore material not offered through regular courses.

**EDU 292 Independent Study**  
[formerly RD 291 Independent Study]  
V1-5 cr. Prerequisites: consent of instructor and department chairperson. Provides an opportunity for freshman and sophomore students to explore material not covered by the regular college courses under supervision and approved by the Department Chairperson.

**EDU 294 Seminar/Workshop**  
[formerly EDCI 292 Seminar]  
V1-3 cr. Investigates intensively topics pertinent to the area of Education.

**EDU 294 Seminar/Workshop**  
[formerly EDCI 293 Workshop]  
V1-5 cr. Provides an opportunity for experimental study in an area of Education.
EDU 294 Seminar/Workshop  
[formerly EDF 292 Seminar]  
V1-3 cr. Provides the opportunity for the department to offer lower division courses of particular topical interest which are not offered as a part of the regular offering of courses.

EDU 294 Seminar/Workshop  
[formerly EDF 293 Workshop]  
V1-3 cr. Provides an opportunity for the department to offer lower division, non-course exploration into topics not covered in regular course offerings.

EDU 294 Seminar/Workshop  
[formerly RD 292 Seminar]  
3 cr. Provides students an opportunity to investigate intensively topics pertinent to the field of Reading Education.

EDU 294 Seminar/Workshop  
[formerly RD 293 Workshop]  
V1-8 cr. Provides an opportunity for students of superior academic standing to explore material not covered by the regular college courses.

EDU 296 Clinic  
[formerly EDCI 294 Clinic]  
V1-5 cr. Prerequisite: consent of instructor. Provides freshman and sophomores with an opportunity to explore and develop applications of study in a particular area. Uses selected students for demonstration purposes. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

EDU 298 Internship  
[formerly RD 290 Internship]  
V3-8 cr. Provides freshmen and sophomores with an experience in an appointment as an assistant in some area of the school program under supervision. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

EDU 330 Emergent Literacy (crosslisted with RD 512)  
[formerly RD 412/512 Emergent Literacy]  
3 cr. Prerequisite: EDU 397A or consent of instructor. (Sp) Provides a view of the stages of literacy development including areas of language, writing, perception, behavior and cognitive development. Curriculum and instruction analyses are related to various stages of literacy development. Contains a field experience with children, relating theory to practice.

EDU 333 Reading and Writing Across the Curriculum  
[formerly RD 310 Reading and Writing Across the Curriculum]  
3 cr. Prerequisite: Admission to Teacher Education program or consent of department chairperson. (F, Sp, Su) Introduces pre-service teachers to basic concepts about reading and writing to learn, provides strategies for making content area text more accessible to readers, includes techniques for assessment of text difficulty and student competence in reading content text, and examines designs for approaching content area study using reading and writing as tools for the development of content subject concepts.

EDU 336 Cognitive and Language Development in Young Children  
[formerly RD/EC 335 Cognitive and Language Development in Young Children]  
3 cr. (Lec 2; Clinic 1) Prerequisite: EDU 240. (even F) Focuses on current theory and practice related to understanding and enhancing the young child’s cognitive and language development. Provides the student with opportunities to apply child development and learning theory to assessment, curriculum, and interaction patterns with young children. A field experience is integrated into the course experience and assignments.

EDU 353 Junior Field Experience  
[formerly EDCI 385 Junior Field Experience]  
2 cr. Prerequisite: Admission to Teacher Education program AND consent of instructor. Corequisite: coregistration with at least two of EDU 397A, EDU
397B, EDU 397C, EDU 397D or EDU 397E. (F, Sp)
Students will engage in 90 hours of supervised practical experience in an elementary classroom. This experience includes: structured observation focusing on cultural and developmental characteristics of children; working with teachers on individual diagnosis of student needs and prescription of student activities; and assisting small groups of students in accomplishing learning tasks.

EDU 354 Secondary Junior Field
2 cr. Prerequisites: Admission to Teacher Education Program and consent of instructor. Corequisite: secondary or K-12 methods class. Students will engage in 90 hours of supervised practical experience in a K-12 or secondary classroom. This experience includes structured observation focusing on cultural and developmental characteristics of children, working with teachers on individual diagnosis of student needs and prescription of student activities, and assisting small groups of students in accomplishing learning tasks.

EDU 380 Introduction to Curriculum Planning/Practice
[formerly EDCI 310 Curriculum and Instruction for Middle School, High School, & K-12 Teachers]
(TN) (WR) 2 cr. Prerequisites: EDU 220, EDU 221, SPED 260. (F, Sp) Introduces middle school, high school, and K-12 pre-service teachers to several major curriculum models and a variety of instructional practices appropriate for use with preadolescent and adolescent students in contemporary school settings. Teaches students to integrate technology and multicultural issues into the curriculum.

EDU 381 Curriculum Theory and Design
[formerly EDCI 300 Curriculum Theory and Design]
(TN) (WR) 3 cr. Prerequisites: EDU 220, EDU 221, SPED 260. (F, Sp, Su) Introduces pre-service elementary and middle school teachers to the various historical, philosophical, psychological, sociological, and developmental concerns in designing school curricula. Philosophies of and practical strategies for integration of computer technologies and multicultural perspectives in to curricula are explored.

EDU 397A Methods: K-8 Language Arts
[formerly EDCI 301 Teaching Language Arts and Children’s Literature]
(WR) 4 cr. Prerequisites: EDU 381, admission to Teacher Education Program, and General Education categories Writing Skills and Oral Skills completed. (F, Sp, Su) Provides strategies for integration of reading, writing, listening, and speaking across the curriculum. Examines children’s tradebooks:

EDU 397B Methods: K-8 Social Studies
[formerly EDCI 302 Teaching Social Studies in the Elementary School]
(TN) 3 cr. Prerequisites: Admission to Teacher Education Program, EDU 381 and completion of History, Social Science and Global Studies categories of General Education or equivalents. (F, Sp, Su) Includes theories and practices for teaching social studies in the elementary and middle school. Students plan for teaching social science concepts and skills using developmentally and culturally appropriate instructional practices, involvement learning strategies, and a variety of evaluation procedures. Techniques for collaborating with professional colleagues and integrating multimedia computer technologies into social studies instruction are included in the course.

EDU 397C Methods: K-8 Mathematics
[formerly EDCI 303 Teaching Mathematics in the Elementary School]
(TN) 3 cr. Prerequisites: Admission to Teacher Education. (F, Sp, Su) Provides preservice elementary teachers with theories and practical strategies for planning, facilitating, and assessing student learning. Also, the course deals with incorporation of technology into the elementary mathematics classroom and the appropriate use of manipulatives and other instructional materials. Curriculum adaptation to meet the needs of all students is addressed.

EDU 397D Methods: K-8 Science
[formerly EDCI 304 Teaching Science in the Elementary School]
(TN) 3 cr. Prerequisites: Admission to Teacher Education and EDU 381. (F, Sp, Su) Focuses upon methods of teaching science inquiry skills, content and attitudes in the elementary classroom. Provides experiences which enhance student understanding of how children learn science and construct knowledge regarding K-6 science curricula. Addresses curriculum adaptation to meet the needs of all students.
EDU 397E Methods: K-8 Art  
[formerly EDCI 305 Teaching Art in the Elementary School]  
(TN) 3 cr. Prerequisites: ARTZ 102, EDU 381. (F, Sp, Su) Examines the purposes, media, and teaching strategies of art at elementary and middle school levels. Studio, aesthetics, criticism and history topics (modern paradigm) addressed as separate topics and linked to other disciplines. Includes technology, individualization/collaboration, developmentally appropriate practice, planning, assessment, and post-modern components directed at art instruction. (Lab fee).

EDU 397F Methods: K-8 Music  
[formerly EDCI 306 Teaching Music in the Elementary School]  
3 cr. Prerequisites: Admission to Teacher Education, MUSI 101, and EDU 381. (TN) (F, Sp, Su) Examines the purposes, materials, and teaching methodologies of music as a separate discipline and as a program within the 3 curriculum models (technical, practical and critical). Links with other elementary school disciplines provided. Performance, aesthetic, and historical topics are also included.

EDU 397G Methods: 5-12 Science  
[formerly EDCI 314 Teaching Science in the Middle and Secondary School]  
(TN) 2 cr. Prerequisite: Admission to Teacher Education. (even Sp) Emphasizes teaching strategies, learning enhancements, school problems, safety procedures, and curriculum materials regarding the teaching of science in the middle and secondary schools.

EDU 397H Methods: K-12 Art  
[formerly EDCI 315 Teaching Art K-12]  
(TN) 3 cr. Prerequisite: Admission to Teacher Education. (F, Sp) Provides pre-service K-12 art teachers with modern and post-modern theories and practical strategies for planning, facilitating, and assessing student learning. Art production, history/heritage, criticism, and aesthetics are addressed from age-appropriate perspectives and as related to the disciplines. Field experience is a focus. Presents an overview of technology, inclusion of special populations, health/safety aspects, and art-related career opportunities. (Lab fee)

EDU 397I Methods: K-12 Music  
[formerly EDCI 316 Teaching Music K-12]  
2 cr. Prerequisite: Admission to Teacher Education. (F, Sp) Provides the student with the methods and materials necessary for teaching music in a K-12 setting. Specifically, the areas to be covered are: elementary general music, elementary instrumental music, middle school instrumental and choral music, and high school instrumental and choral music.

EDU 397J Methods: 5-12 Speech and Drama  
[formerly EDCI 317 Teaching Speech and Drama in the Middle and Secondary School]  
3 cr. Prerequisite: Admission to Teacher Education. Corequisite: EDU 380. (F, Sp) Introduces middle and secondary speech and drama pre-service teachers to major curriculum models, instructional strategies and contemporary practices. Teaches students to plan, organize, teach and assess speech and drama lessons. All students complete 45 hours of speech and drama secondary junior field experience in an instructional setting.

EDU 406 Philosophical, Legal and Ethical Issues in Education  
[formerly EDF 450 Philosophical, Legal and Ethical Issues in Education]  
(WR) 3 cr. Prerequisite: Admission to Teacher Education program and taken concurrently with the professional semester. (F, Sp, Su) Focuses on analysis of the philosophical, legal and ethical issues in the context of education in a pluralistic society. Provides the student with a background in the philosophies of education and allows the student to study legal and ethical issues relevant to modern education in America.

EDU 412 Teaching the Bilingual/Multicultural Student  
[formerly EDCI 443 Teaching the Bilingual/Multicultural Student]  
3 cr. Prerequisites: EDU 381 and completion of NASX 105. Provides a basic background for multicultural and bilingual teaching. Includes foundations and emphasis on the development of bilingual education, the development of minority group children, sociolinguistic and psycholinguistic issues, and the variety of program responses to addressing the needs of minority group children. Also includes a theory-into-practice component which explores curricular approaches to the specific subject areas.

EDU 413 Developing Student Writing (crosslisted with RD 513)  
[formerly RD 413/513 Developing Student Writing]  
3 cr. (odd F) Provides students with a view of the writing process, methods for engaging children in writing activity in the classroom, assessments of and interventions into the writing efforts of children, and understanding of writing-reading connections consistent with current practices in reading education.

EDU 418 Development of Literacies in
Multicultural/Multilingual Communities
[formerly RD 418 Development of Literacies in Multicultural/Multilingual Communities]
3 cr. Provides theoretical background and practical experience in approaching literacy acquisition and development in multilingual and multicultural communities. Offers consideration of the nature of literacy itself vis-à-vis linguistic, cultural, socio-economic, gender, racial, ethnic and intellectual diversities.

EDU 430 Teaching Reading K-3 (crosslisted with RD 514)
[formerly RD 414/514 Teaching Reading K-3]
3 cr. Prerequisites: EDU 397A or EDU 433. (F)
Introduces students to developmentally appropriate methods for teaching and assessing reading and literacy in early elementary classrooms. This course will focus on the instruction of Reading in the primary grades (K-3) as reflected in best practices and current research.

EDU 432 Literature and Literacy for Young Adults
[formerly RD 427 Literacy Development in Middle and Secondary Schools]
3 cr. Prerequisite: Admission to Teacher Education program or consent of instructor. (odd F)
Provides the reading specialist and 5-12 certification preservice teachers with a view of literacy development consistent with the abilities, interests and needs of upper grade and secondary students. Offers instructional practices in reading/writing appropriate to and supportive of middle and secondary curricula.

EDU 433 Reflective Practices in Teaching Reading
[formerly RD 401 Reflective Practices in Teaching Reading]
4 cr. Prerequisite: EDU 397A. (F, Sp, Su)
Introduces students to visual cueing systems in print, to models of text processing and the reading process. Discusses phonemic awareness, elements of balanced literacy, reading programs and approaches and inquiry methodology. Provides students with a grounding in phonemic awareness, emergent literacy, evaluation and assessment, and reading/writing applications for subject matter content.

EDU 434 Reading Round Table
[formerly RD 419 Reading Round Table]
V1-3 cr. (Su)
Provides students with literature study routines and materials for nine juvenile/young adult trade books; discussion and engagement focuses on one title at a time using a literature workshop method. Examination of reading practices which employ trade books in middle and secondary schools is included.

EDU 435 Theories in Reading
[formerly RD 415 Theories in Reading]
3 cr. Prerequisite: EDU 333 or teaching experience. (odd F)
Acquaints the student with a variety of theories of reading and writing instruction. Designed to extend the theoretical understanding of literacy development.

EDU 436 Storytelling (crosslisted with RD 531)
[formerly RD 431/531 Storytelling]
3 cr. (Sp)
Provides students with background in the nature of oral narrative, offers developmental experience for the novice teller, and ties storytelling and practices in oral narrative in general to language acquisition and development.

EDU 438 Literacy Assessment, Diagnosis and Instruction
[formerly RD 417 Diagnostic Teaching of Reading]
3 cr. Prerequisite: EDU 433 or EDU 333; admission to Teacher Education or consent of instructor. (F, Sp, Su)
Focuses on the literacy development of children experiencing difficulty with classroom reading/writing instruction. Effective teaching strategies are studied and applied. Contains a field experience with children, tying theory to practice.

EDU 439 Practicum: Literacy Assessment, Diagnosis and Instruction
1 cr.

EDU 457 Learning Mathematics and Science in Cross-Cultural Settings
[formerly EDCI 445 Learning Mathematics and Science in Cross-Cultural Settings]
3 cr.
Surveys the history of mathematical and scientific ideas from ancient times to the present day; explores the development of mathematical and scientific concepts in various cross-cultural settings; applies relevant research to the study of mathematical and scientific ideas among American Indians.

EDU 492 Independent Study
[formerly EDCI 491 Independent Study]
V1-3 cr. Prerequisite: Admission to Teacher Education program, and consent of faculty supervisor and advisor. (F, Sp, Su)
Provides an opportunity for students of superior academic standing to explore material not covered by the regular college courses.

EDU 492 Independent Study
[formerly EDF 491 Independent Study]
V1-3 cr. (F, Sp, Su)
Provides opportunities for juniors and seniors to explore material not offered through regular courses.
EDU 492 Independent Study  
[formerly RD 491 Independent Study]  
V1-5 cr. (F, Sp, Su) Provides an opportunity for students of superior academic standing to explore material not covered by the regular college courses.

EDU 494 Seminar/Workshop  
[formerly EDCI 492 Seminar]  
V1-3 cr. (F, Sp, Su) Investigates intensively topics pertaining to an area of Education.

EDU 494 Seminar/Workshop  
[formerly EDCI 493 Workshop]  
V1-5 cr. Prerequisite: Admission to Teacher Education program. (F, Sp, Su) Provides an opportunity for experimental study in an area of Education.

EDU 494 Seminar/Workshop  
[formerly EDF 492 Seminar]  
V1-3 cr. (F, Sp, Su) Provides the opportunity for the department to offer upper division courses of particular topical interest which are not offered as a part of the regular offering of courses.

EDU 494 Seminar/Workshop  
[formerly EDF 493 Workshop]  
V1-3 cr. (F, Sp, Su) Provides an opportunity for the department to offer upper division, non-course exploration into topics not covered in regular course offerings.

EDU 494 Seminar/Workshop  
[formerly RD 492 Seminar]  
V1-8 cr. (F, Sp, Su) Investigates intensively topics pertinent to the area of Reading Education.

EDU 494 Seminar/Workshop  
[formerly RD 493 Workshop]  
V1-8 cr. (F, Sp, Su) Provides an opportunity for experimental study in an area of Reading Education.

EDU 495A Student Teaching: K-12  
[formerly EDCI 484 Student Teaching (K-12)]  
9 cr. (8 credits student teaching, 1 credit seminar). Prerequisites: Approved application to student teach and coregister in EDU 406 if not completed. (F, Sp) Places the student in a supervised field experience in a K-12 setting that allows the student to demonstrate teaching skills in the classroom with a variety of learners. Students, in collaboration with the mentor teacher, engage students in learning and participate in related experiences associated with the teaching profession. On-site mentoring and university supervision are integral to this experience. Students participate in the Capstone Seminar scheduled throughout the professional semester. Lab fee required.

EDU 495B Student Teaching: K-8  
[formerly EDCI 485 Student Teaching (Elementary)]  
9 or 12 cr. (8/11 credits student teaching, 1 credit seminar). Prerequisites: Approved application to student teach and co-registration in EDU 406 if not completed. (F, Sp) Places the student in a supervised field experience in an elementary setting that allows the student to demonstrate teaching skills in the classroom with a variety of learners. Students, in collaboration with the mentor teacher, engage students in learning and participate in related experiences associated with the teaching profession. On-site mentoring and university supervision are integral to this experience. Students participate in the Capstone Seminar scheduled throughout the professional semester. Lab fee required.

EDU 495C Student Teaching: 5-12  
[formerly EDCI 486 Student Teaching (Secondary)]  
9 cr. (8 credits student teaching, 1 credit seminar). Prerequisites: Approved application to student teach and co-registration in EDU 406 if not completed. (F, Sp) Places the student in a supervised field experience in a secondary setting that allows the student to demonstrate teaching skills in the classroom with a variety of learners. Students, in collaboration with the mentor teacher, engage students in learning and participate in related experiences associated with the teaching profession. On-site mentoring and university supervision are integral to this experience. Students participate in the Capstone Seminar scheduled throughout the professional semester. Lab fee required.

EDU 496 Clinic  
[formerly EDCI 494 Clinic]  
V1-5 cr. Prerequisite: Admission to Teacher Education program or Consent of department chairperson, and consent of faculty supervisor. 
Provides an opportunity through use of selected pupils to explore and develop applications of theoretical study in particular area. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice, Room 114, COE.

EDU 496 Clinic  
[formerly RD 494 Clinic]  
V1-8 cr. Selected practice opportunities allow students to explore and develop reading/writing applications in one-on-one settings. Reflective teaching capacities emerge through direct observation, assessment and responsibility for instructional design.
EDU 497A Methods: 5-12 Social Studies
[formerly EDCI 312 Teaching Social Studies in the Middle and Secondary School]
(TN) 2 cr. Prerequisite: Admission to Teacher Education. Corequisite: EDU 380. (F) Prepares pre-service teachers to teach middle and high school students the fields of history and the social sciences. Students explore major models used in teaching social studies and current curriculum trends and instructional strategies in the field. Students learn how to plan, organize, teach, and assess lessons and units which integrate contemporary practices such as computer technology and cooperative learning.

EDU 497B Methods: 5-12 Mathematics
[formerly EDCI 313 Teaching Mathematics in the Middle and Secondary School]
(TN) 2 cr. Prerequisite: Admission to Teacher Education. (F) Prepares pre-service teachers to teach mathematics to middle and secondary school students.

EDU 497C Methods: K-12 Modern Language
[formerly EDCI 319 Teaching Foreign Languages K-12]
2 cr. Prerequisite: Admission to Teacher Education program and junior standing in major/minor. (F) Examines the unique set of concerns and challenges facing the K-12 teachers of foreign languages. Instruction is offered in: language acquisition practice, classroom teaching techniques, curricular design, testing and evaluation, media-based instruction and technology, instructional materials development, and classroom behavioral management.

EDU 497D Methods: 5-12 English
[formerly EDCI 424 Teaching English]
2 cr. Prerequisites: Admission to Teacher Education program. (F) Prepares pre-service middle and secondary language arts teachers to implement instruction and facilitate and assess student learning. Provides practice in using a variety of methods and approaches for teaching students to develop functional reading, writing, speaking, listening, viewing, and critical thinking skills.

EDU 498 Internship
[formerly EDF 490 Internship]
V1-6 cr. (F, Sp) Avails juniors and seniors of opportunities for experience in various Non-classroom settings under faculty and on-site supervision. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

EDU 498 Internship
[formerly RD 490 Internship]
V4-8 cr. Prerequisites: completion of student teaching or approved equivalent experience. (F, Sp) Provides a classroom, tutoring, mentoring or other appropriate educational assignment related to teaching the English/Language Arts, with emphases on: reading/writing development, uses of literature with children, curriculum construction, integration of language processes in instruction, etc. Infield contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

Electrical Engineering

EELE 201 Circuits I for Engineering
[formerly EE 206 Circuits I]
4 cr. (Lec. 3/Lab 1 – Lab required) Prerequisite: M 172. Corequisites: PHSX 232 & PHSX 233. (Sp) Introduces students to circuit analysis including Ohm’s and Kirchhoff’s Laws; nodal and mesh methods; network theorems; resistors, capacitors, inductors, independent and dependent sources, and diodes; ideal OP-AMP and transistor circuits; R-L, R-C, and R-L-C responses; complex frequency and phasors; and steady-state AC circuits. This course is offered online with only the lab portion at MSU Billings.

English

LA 437/400, (406) 657-2348

* ENGL 204 Fundamentals of Creative Writing
3 cr. Prerequisite: WRIT 101. (F, Sp) Introduces the principles and techniques of various kinds of creative writing, ranging from personal expression in simple narrative and description to basic elements of fiction and poetry.
ENGL 213 Introduction to Language
3 cr. (F, Sp) Surveys introductory linguistic topics and methods of analysis as applied to the structure of English and as preparation for the scientific analysis of other language phenomena.

ENGL 292 Seminar
V1-3 cr. Provides freshmen and sophomores an opportunity to investigate intensively topics pertinent to the fields of composition, literature and language.

ENGL 293 Workshop
V1-3 cr. Provides freshmen and sophomores an opportunity for experimental study in an area of English or the teaching of English.

ENGL 296 Cooperative Education/Internship
V1-9 cr. Provides university credit for a sophomore work experience in the area of English supervised by faculty. Learning agreement must be completed prior to registration (restricted).

ENGL 312 English Grammar
3 cr. Prerequisite: ENGL 213. (F) Provides a thorough review of traditional grammatical terms and principles, as well as an overview of modern theories of syntactic analysis, including structural and transformational-generative grammars, for the prospective teacher of English. (Course must be completed prior to student teaching.)

ENGL 314 History of the English Language
3 cr. Prerequisite: ENGL 213. (odd Sp) Presents a linguistic analysis of the history of the English language, including Old English, Middle English, and Modern English dialects and recent semantic and vocabulary changes as illustrated by writings from various historical periods. Considers applications of such information in the classroom.

ENGL 315 Sociolinguistics
3 cr. Prerequisite: ENGL 213. (F) Surveys a variety of topics of interest to teachers and language arts students, including language variation, conversational interaction, the relationship between language and society, and language and power.

ENGL 318 Psycholinguistics (crosslisted with PSYX 482)
[formerly ENGL/PSYC 318 Psycholinguistics]
3 cr. Prerequisite: ENGL 213. (even Sp) Explores the relationship between the human brain and language, including brain anatomy, first and second language acquisition, abnormal language acquisition and functions, and mental language processes.

ENGL 321 Writing Fiction
3 cr. Prerequisite: ENGL 204 or consent of instructor. (F) Provides extensive practice in the writing of the short story. Considers various narrative and stylistic techniques through discussion of selected professional and class-produced work and through exercises. Promotes versatility in writing style. Affords individual conferences.

ENGL 322 Writing Poetry
3 cr. Prerequisite: ENGL 204 or consent of instructor. (Sp) Promotes the writing of fresh, imaginative, distinctive poetry. Covers many elements of the writing process, including the use of imagery, figurative language, metrical techniques, and specific poetic forms. Enables students, through the production of numerous poems, to sharpen their sensitivity to the precise employment of their own language.

ENGL 323 Magazine Article Writing
V1-3 cr. Prerequisite: WRIT 101 or consent of instructor. (odd Sp) Provides guidance and practice in all stages of the magazine article writing process from idea through publication. Completed articles will be the primary basis for student evaluation and the objectives of the course will be met through submission/publication of at least one article.

ENGL 324 Writing for Stage and Screen
3 cr. Prerequisite: ENGL 204. (alternating Sp) Provides extensive practice in the writing of scenes, plays, and screenplays. Develops various writing skills such as convincing dialogue, believable and interesting characterization, correct pacing of plot and action, appropriate use of setting, and screenwriting techniques. Develops analytical skill through discussion of selected professional and student work. ($10 photocopying fee).

ENGL 326 Creative Nonfiction
3 cr. Prerequisite: ENGL 204. (Sp) Provides extensive practice in the writing of creative nonfiction. Considers various stylistic and technical approaches through discussion of selected professional and student-produced work and through exercises. Promotes versatility. Includes individual conferences. ($10 photocopying fee).

ENGL 390 Peer Tutoring
1 cr. R-6. Prerequisites: English major or minor and approval of the instructor. (F, Sp) Provides practical experience imparting basic language skills to fellow students in the Writing Lab.
ENGL 394 Internship  
1cr. R-6. Prerequisites: English major, Upper-division status and approval of department chair.  
(F, Sp) Places the upper-division English student in a section of WRIT 101 College Writing I, as a teaching assistant with a faculty member as mentor. The student will assist the faculty member in teaching the class and have primary responsibility for designing, implementing, and evaluating at least one writing assignment. The class provides direct teaching experience for students pursuing teacher licensure in English.

ENGL 421 Advanced Fiction Writing  
3 cr. Prerequisite: ENGL 321 and consent of instructor. (F) Provides advanced practice in the writing of the short story. Considers various narrative and stylistic techniques through discussion of selected professional and class-produced work. Promotes versatility in writing style. Affords individual conferences.

ENGL 422 Advanced Poetry Writing  
3 cr. Prerequisites: ENGL 322 and consent of instructor. (Sp) Provides advanced practice in writing fresh, imaginative, distinctive poetry. Offers continued discussion of the use of imagery, figurative language, metrical techniques, and specific poetic forms through discussion of professional and class-produced work. Enables students to sharpen their sensitivity to the precise employment of their own language.

ENGL 424 Advanced Writing for Stage & Screen  
3 cr. Prerequisite: ENGL 324. (alternating Sp) Provides advanced practice in writing scenes, plays, and screenplays. Advances various writing skills such as convinc ing dialogue, believable and interesting characterization, correct pacing of plot and action, appropriate use of setting, and screenwriting techniques. Provides further development of analytical skill through discussion of selected professional and student work.

ENGL 426 Advanced Creative Nonfiction  
3 cr. Prerequisites: ENGL 326 and consent of instructor. (Sp) Provides advanced practice in the writing of the creative nonfiction. Considers various stylistic and technical approaches through discussion of selected professional and student-produced work. Promotes versatility. Includes individual conferences.

ENGL 466 Studies in Language and Linguistics  
V1-3 cr. R-6. Prerequisite: Upper division status. Provides advanced study in selected language/linguistics topics. Course content will vary, and the course may be repeated for credit.

ENGL 467 Topics in Creative Writing  
V1-3 cr. R-6. Prerequisite: upper division status. Provides advanced study and practice in creative writing for experienced writers serious about their craft. Course content will vary, and the course may be repeated for credit.

ENGL 490 Internship  
V1-3 cr. Prerequisites: Upper division status and approval of department chairperson. Provides an opportunity for students to acquire field experience and material not covered by regular English courses.

ENGL 491 Independent Study  
V1-3 cr. Prerequisites: consent of instructor and chairperson of the department. Provides outstanding students with an opportunity for individually guided research and study in English. A contract describing the study must be completed at the time of enrollment and filed in the English Department office. (Note: Not more than 6 credits of ENGL 491 may be allowed toward any program in English.)

ENGL 492 Seminar  
V1-3 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of English.

ENGL 493 Workshop  
V1-3 cr. Provides an opportunity for experimental study in an area of English and the teaching of English.

ENGL 496 Cooperative Education/Internship  
V1-9 cr. Provides university credit for a work experience in the area of English, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

Environmental Studies  
LA 8th floor, (406) 657-2311

ENST 210 Introduction to Environmental Studies  
[formerly EVST 230 Introduction to Environmental Studies]  
3 cr. Prerequisite: WRIT 201 or consent of instructor. Presents an orientation to the field of environmental studies as an academic discipline and as public service. Provides students with experiential opportunities with local agencies and organizations designed to facilitate individual interests and educational goals relative to the study and practice of environmental problem solving. Students will acquire information literacy skills through the process of identifying, accessing, analyzing, and evaluating
secondary source material, audiovisual media, and computer-based information. Course requires students to complete a community-based environmental project.

ENST 295 Seminar/Workshop
[formerly EVST 293 Workshop]
V1-6 cr. Provides freshmen and sophomore an opportunity for experimental study in an area of environmental studies.

ENST 298 Internship/Cooperative Education
[formerly EVST 296 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a sophomore work experience in the area of Environmental Studies supervised by faculty. Learning agreement must be completed prior to registration (restricted).

ENST 381 Law and Society (crosslisted with HON 351)
[formerly EVST 351 Law and Society]
3 cr. Studies the role of the American legal system in society; course emphasis varies from year to year, depending on which topics have current, wide-ranging social and philosophical implications; typical topics include environmental and toxic torts, intellectual property, death penalty issues, and invasion of privacy in cyberspace.

ENST 382 Environmental Law (crosslisted with HON 352)
[formerly EVST 352 Environmental Law]
(WR) 3 cr. Prerequisites: 6 credits of WRIT 101, WRIT 201, WRIT 220, or WRIT 221. Provides a broad overview of the major federal and Montana environmental statutes, including attention to how the statutes attempt to balance long-view goals (i.e., needs of future generations) and broad-view goals (i.e., needs of ecological systems). Course content also examines how the statutes are administratively and judicially enforced, as well as the social benefits and burdens associated with criminal punishments and civil litigations. Course content will address the complexities inherent to a regulatory system that is generated within federal, state, and local jurisdictions. Course assignments will include at least one important writing assignment (i.e., term paper assignment).

ENST 385 Environmental Impact and Policy Analysis
[formerly EVST 360 Environmental Impact and Policy Analysis]
3 cr. Prerequisite: Junior standing or permission of instructor. Explores human environmental impact, impact assessment, and environmental policy. Topics include pollution impact and mitigation, energy policy, natural resources management, environmental impact assessment and impact statement methods.

ENST 490 Undergraduate Research
[formerly EVST 495 Environmental Studies Research]
V1-4 cr. Prerequisites: junior or senior in the EVST program, 3.0 or better GPA in major, 3.0 or better GPA overall, BIOE 202, PHIL 322. Involves intensive study of a specific problem related to environmental studies. A contract describing the study must be completed at the time of enrollment.

ENST 492 Independent Study
[formerly EVST 491 Independent Study]
V1-6 cr. Provides an opportunity for students of superior academic standing to explore material not covered by the regular college courses.

ENST 494 Seminar/Workshop
[formerly EVST 492 Seminar]
(WR) V1-6 cr. Prerequisites: 6 credits of WRIT 101, WRIT 201, WRIT 220, or WRIT 221. Provides advanced students an opportunity to investigate topics pertinent to the field of Environmental Studies. Each seminar must include at least one important writing assignment (i.e. term paper assignment). [Can repeat course number as different seminar topic.]

ENST 498 Internship/Cooperative Education
[formerly EVST 490 Environmental Studies Internship]
V1-3 cr. Allows the student to earn credit for assisting in teaching Environmental Studies courses and/or for assisting in courses requiring fieldtrip activities.

ENST 498 Internship/Cooperative Education
[formerly EVST 496 Cooperative Education/Internship]
V3-6 cr. Provides university credit for a work experience in the area of Environmental Studies, supervised by faculty. Learning agreement must be completed prior to registration (restricted).
ENST 499 Senior Thesis/Capstone  
[formerly EVST 498 Capstone Seminar]  
3 cr. Prerequisite: ENST 385, PHL 322, BIOE 202, senior standing. Provides an opportunity for students in the environmental studies program to demonstrate proficiency in the skills presented in the environmental studies curriculum.

Earth Science

SCI 110, (406) 657–2341

ERTH 202 Montana’s Geological Environment  
[formerly EASC 201 Montana: Its Geological Environment]  
3 cr. Examines the geological evolution of Montana utilizing a regional approach. Considers Montana’s resources and the roles that they have played in the historical development of the state’s past, present and future. Field trips required.

ERTH 303 Weather and Climate  
[formerly EASC 220 Meteorology]  
4 cr. (Lec. 3; Lab 1). (even F) Presents a semi-technical approach to the elements and controls of weather. Lab required.

ERTH 400 Geomorphology and Quaternary Geology  
[formerly EASC 400 Geomorphology and Quaternary Geology]  
3 cr. Prerequisite: GEO 315. (even Sp) Investigates the origin and evolution of landforms, through quantitative techniques, aerial photos and topographic maps. Considers the origin, structure, chronology and movement of glaciers and associated periglacial environments of the Quaternary. Extensive field work required.

ERTH 401 Geologic Field Methods  
[formerly EASC 440 Geologic Field Methods]  
4 cr. Prerequisite: GEO 315. (odd F) Presents the techniques used by the geologist to conduct field surveys. Standard geologic surveying equipment will be utilized by the student to conduct an investigation and prepare a geological map of an area of moderately complex structure. Extensive field work required.

ERTH 460 Problem Solving Issues in Science Education  
[formerly EASC 460 Science and Society: Problem Solving Issues in Science Education]  
3 cr. Prerequisites: PHSX 105, BIOL 105. Investigates and analyzes the scientific concepts that are the basis of selected societal issues that are applicable to Montana and global environments. The problems selected for study vary with course offerings. This course is intended primarily for Elementary Education majors and graduate students in Elementary Education; others admitted by permission of instructor.

ERTH 491 Special Topics  
V1-12 cr. Prerequisite: determined as needed. Provides students with an opportunity to take courses not required in any curriculum for which there is a particular need, or given on a trial basis to determine acceptability and demand before requesting a regular course number.

ERTH 494 Seminar/Workshop  
[formerly EASC 492 Seminar/EASC 493 Workshop]  
V1-3 cr. Prerequisite: consent of instructor. Provides advanced students an opportunity to intensively investigate topics pertinent to the field of Earth Sciences.

ERTH 495 Field Studies  
[formerly EASC 497 Field Studies]  
V1-4 cr. Prerequisite: Undergraduate - 10 semester hours of Earth Science or consent of instructor; Graduate - 20 hours of natural sciences or consent of instructor. Provides an opportunity through field experience for students to study quantitatively and/or qualitatively exemplary geological sites.

ERTH 498 Internship/Cooperative Education  
[formerly EASC 490 Internship/EASC 496 Cooperative Education]  
1 cr. Prerequisite: Consent of instructor. Provides instructional experience in the Earth Sciences program with an opportunity for early exploration of teaching interests.

French

LA 722, (406) 657–2232

FRCH 101, 102 Elementary French I, II  
[formerly FREN 101, 102 Elementary French I, II]  
4, 4 cr. (F, Sp) A sequence course; student must pass FRCH 101 before enrolling in FRCH 102. Offers oral-aural methods and objectives; inductive approach to grammar necessary for simple spoken and written French; reading texts of appropriate level.

FRCH 201, 202 Intermediate French I, II  
[formerly FREN 201, 202 Intermediate French I, II]  
(WR) 3, 3 cr. Prerequisite: FRCH 102 or equivalent. (F, Sp) A sequence course; student must pass FRCH 201 before enrolling in FRCH 202. Provides a
Montana State University Billings 2011–2013 Undergraduate Catalog

systematic review of French grammar, intensive oral drills, reading and discussion of one literary work per semester, compositions beginning with 202.

FRCH 292 Independent Study

FRCH 492 Independent Study
[formerly FREN 491 Independent Study]
V1-5 cr. Prerequisites: consent of instructor and chairperson of the department. Offers an opportunity for students of outstanding ability to explore material not covered by regular courses in Languages.

FRCH 494 Seminar/Workshop
[formerly FREN 492 Seminar]
V1-3 cr. Prerequisites: Senior status and consent of instructor and chairperson of department. Offers an opportunity to investigate intensively topics pertinent to the field of French Language and Literature.

FRCH 498 Internship/Cooperative Education
[formerly FREN 490 Internship]
V1-3 cr. Prerequisites: Completion of 60 credit hours or upper division standing in French, 3.0 overall GPA, consent of advisor, and approval of the Department Chair. Provides an opportunity for students to acquire field experience and material not covered by regular classes in French; can only be taken on a Pass/No Pass basis.

FRCH 498 Internship/Cooperative Education
[formerly FREN 496 Cooperative Education]
V1-8 cr. Provides university credit for a paid work experience in the area of French supervised by faculty and requiring written assignments.

Geology

SCI 110, (406) 657–2341

* GEO 101 Introduction to Physical Geology
[formerly EASC 100 Lithosphere and Hydrosphere]
(TN) 3 cr. Corequisite: GEO 102. (F) Presents an introduction to the study of the earth through a study of its materials and composition, structure, geologic processes, surface and ground waters, physical, chemical and biological oceanography.

* GEO 102 Introduction to Physical Geology Laboratory
[formerly EASC 101 Lithosphere and Hydrosphere Lab]
(TN) 1 cr. Corequisite: GEO 101. (F) Enhances the lecture material of GEO 101 through the usage of experiential activities.

GEO 105 Oceanography
[formerly EASC 105 Oceanography]
3 cr. Introduces students to the basic workings of the ocean. The course covers the origin of the ocean’s basin; the evolution of its coastlines; the motion of currents, waves, and tides and their destructive power; the source and composition of seawater; the biology of the ocean; and the role of the ocean in local and global climate, both present and past.

GEO 205 Mineralogy
[formerly EASC 200 Earth Materials]
4 cr. Prerequisite: GEO 101. Surveys crystallography, chemistry and physics of minerals, and mineral field occurrences and associations. Studies will also include identification, classification, and interpretation of origin, chemistry, and mineralogical compositions of igneous, sedimentary, and metamorphic rocks. Lab included. Field trips required.

GEO 211 Earth History and Evolution
[formerly EASC 120 Historical Geology and Paleontology]
(TN) 3 cr. Corequisite: GEO 212. Presents a systematic study of the earth through geologic time by analysis of the geological evolution of earth and its sequence of life forms reconstructed from the paleontological record. Lab required.

GEO 212 Earth History and Evolution Laboratory
[formerly EASC 121 Historical Geology and Paleontology Lab]
(TN) 1 cr. Corequisite: GEO 211. Enhances the lecture material of GEO 211 through the usage of experiential activities.

GEO 309 Sedimentation and Stratigraphy
[formerly EASC 320 Sedimentation and Stratigraphy]
3 cr. Prerequisites: GEO 315. (odd F) Introduces and studies the processes of sedimentation, mechanical analysis sediments, environments of deposition, origin and classification of sedimentary rocks, principles and techniques utilized in measuring sedimentary rock strata, facies changes, tectonic framework, biostratigraphic units and paleo-environments. Extensive field and lab work required.

GEO 315 Structural Geology
[formerly EASC 300 Structures and Tectonics]
3 cr. Prerequisite: GEO 205. (odd Sp) Presents a study of classical geological structures and their mechanical processes, traces the development of plate tectonic theory and deformation, explores the graphic methods and the preparation of geologic maps and structure sections. Extensive field work required.
GEO 490 Undergraduate Research
V1-6 cr. Prerequisite: Junior standing or consent of instructor. Provides students the opportunity to conduct a research project under the supervision of a faculty member, including library and experimental research as appropriate, analysis of the results, and the submission of a formal research report upon completion of the project.

GEO 491 Special Topics
V1-12 cr. Prerequisite: determined as needed. Provides students with an opportunity to take courses not required in any curriculum for which there is a particular need, or given on a trial basis to determine acceptability and demand before requesting a regular course number.

GEO 492 Independent Study
[formerly EASC 491 Independent Study]
V1-3 cr. Prerequisite: consent of instructor. Provides advanced students an opportunity to explore material not covered by regular Earth Science courses. A contract describing the study must be completed at the time of enrollment.

Geography
SCI 110, (406) 657–2341
AP 123, (406) 657–2310

* GPHY 111 Introduction to Physical Geography
[formerly GEOG 101 Physical Geography]
(TN) 3 cr. (F) Stresses the understanding of the broad concepts of physical geography. Includes topography, climate and other geographic aspects of the earth’s environment. Laboratory required.

* GPHY 112 Introduction to Physical Geography Laboratory
[formerly GEOG 100 Physical Geography Lab]
(TN) 1 cr. Corequisite: GPHY 111. (F) Enhances the lecture material of GPHY 111 through the use of experiential activities.

* GPHY 121 Human Geography
[formerly GEOG 120 Environment and Culture]
3 cr. (F, Sp) Analyzes the interrelationships between man and his environment, including such topics as race, origin and dispersal of technology, livelihood patterns and settlement.

* GPHY 141 Geography of World Regions
[formerly GEOG 102 World Geography]
3 cr. (F, Sp) Covers the regions of the world as the home of mankind, showing people’s adaptation to their physical environment.

GPHY 222 Introduction to Economic Geography
[formerly GEOG 202 Economic Geography]
3 cr. Prerequisite: a geography or economics course, or consent of instructor. Examines the spatial aspects of geography as they relate to people’s economic adjustment to the physical environment.

GPHY 240 Landscape and People of North America
[formerly GEOG 220 Landscape and People of North America]
3 cr. Prerequisite: a geography course or consent of instructor. Analyzes the natural environment, historical spread and impact of settlement and land use, and present demographic, agricultural, industrial and urban situations of the United States and Canada.

GPHY 282 Mapping Techniques
[formerly GEOG 201/EVST 201 Mapping Techniques]
3 cr. (F) Introduces map interpretation, computer cartography, spatial data and Geographic Information Systems.

GPHY 341 Geography of Latin America
[formerly GEOG 320 Geography of Latin America]
3 cr. Prerequisite: GPHY 222 or consent of instructor. (even F) Considers the physical geography of Latin America with emphasis on the factors arising from the strategic location of its nation’s natural resources.

GPHY 345 Geography of Russia
[formerly GEOG 321 Geography of Russia]
3 cr. Explores the human and environmental geography of Russia and the territories of the former USSR.

GPHY 346 Geography of Europe
[formerly GEOG 322 Geography of Europe]
3 cr. Prerequisite: GPHY 121 or GPHY 222, or consent of instructor. Explores the physical geography of Europe. Emphasis is on the physical environment as it relates to each country’s economic position within the continent and with the rest of the world.
GPHY 347 Regional Geography (Multiple Regions)  
[formerly GEOG 350 Regional Geography]  
3 cr. Prerequisite: One of the following: GPHY 141, GPHY 121, or GPHY 222. (F) Focuses on the human and environmental geography of one region, such as Africa, Asia, or the Great Plains of the U.S. and Canada.

GPHY 380 Principles of GIS  
[formerly GEOG/EVST 301 Principles of Geographic Information Systems]  
3 cr. Prerequisite: GPHY 282. (Sp) Introduces GIS, spatial analysis, map production, and spatial data handling.

GPHY 440 Geography of Montana  
[formerly GEOG 410 Geography of Montana]  
3 cr. Prerequisite: GPHY 240 or consent of instructor. Considers the physical geography and resources of Montana with emphasis on its location in the nation with respect to transportation, economy and future development.

GPHY 491 Special Topics  
V1-12 cr. Prerequisite: determined as needed. Provides students with an opportunity to take courses not required in any curriculum for which there is a particular need, or given on a trial basis to determine acceptability and demand before requesting a regular course number.

GPHY 492 Independent Study  
[formerly GEOG 491 Independent Study]  
V1-3 cr. Prerequisites: Consent of instructor and department chairperson. Provides advanced students an opportunity to explore material not covered in regular geography courses. A contract describing the study must be completed at the time of enrollment.

GPHY 494 Seminar/Workshop  
[formerly GEOG 492 Seminar]  
V1-3 cr. Prerequisite: Consent of instructor. Provides advanced students an opportunity to investigate intensively topics pertinent to the area of Geography.

GPHY 494 Seminar/Workshop  
[formerly GEOG 493 Workshop]  
V1-3 cr. Prerequisite: Consent of instructor. Provides an opportunity for advanced study in an area of Geography.

German

LA 722, (406) 657–2232

GRMN 101, 102 Elementary German I, II  
[formerly GERM 101, 102 Elementary German I, II]  
4, 4 cr. A sequence course; student must pass GRMN 101 before enrolling in GRMN 102. (F, Sp) Introduces modern German. Presents the vocabulary and grammar necessary for simple spoken and written German.

GRMN 201, 202 Intermediate German I, II  
[formerly GERM 201, 202 Intermediate German III]  
3, 3 cr. Prerequisite: GRMN 102 or equivalent. (F, Sp) A sequence course; a student must pass GERM 201 before enrolling in GERM 202. Provides a systematic review and expanded study of German grammar and increased development of oral, reading and writing skills.

GRMN 292 Independent Study V1-5 cr.

GRMN 492 Independent Study  
[formerly GERM 491 Independent Study]  
V1-5 cr. Prerequisites: consent of instructor and chairperson of department. Offers an opportunity for students of outstanding ability to explore material not covered by regular courses in Languages.

GRMN 494 Seminar/Workshop  
[formerly GERM 492 Seminar]  
(WR) V1-3 cr. Prerequisites: Consent of instructor and chairperson of department. Offers an opportunity to investigate intensively topics pertinent to the field of German Language and Literatures.

GRMN 494 Seminar/Workshop  
[formerly GERM 493 Workshop]  
3 cr. Prerequisite: consent of instructor. Provides an opportunity for experimental study in an area of German Language and Literatures.

GRMN 498 Internship/Cooperative Education  
[formerly GERM 490 Internship]  
V1-3 cr. Prerequisites: Completion of 60 credit hours or upper division standing in German, 3.0 overall GPA, consent of advisor, and approval by the Department Chair. Provides an opportunity for students to acquire field experience and material not covered by regular classes in German. Can only be taken on a Pass/No Pass basis.
GRMN 498 Internship/Cooperative Education
(formerly GERM 496 Cooperative Education)
V1-8 cr. Provides university credit for a paid work experience in the area of German supervised by faculty and requiring written assignments.

GRMN 499 Senior Thesis/Capstone
(formerly GERM 499 Senior Paper)
1 cr. Prerequisite: Senior standing in German. Major research paper to be defended in German.

GERM 301, 302 German Conversation and Composition I, II
(WR) 3, 3 cr. Prerequisite: GERM 202 or equivalent. Consists of class discussion on previously assigned materials, and the practice of various reading strategies designed to rapidly enlarge students’ passive and active vocabulary. Composition writing provides strategic self-improvement component promoting research and review of spelling, grammar, and sentence structures.

GERM 423 German for International Trade
3 cr. Prerequisite: GERM 202 or equivalent. Introduces students to the specialized German terminology of business and economics. Includes recent and current economic and political changes in Europe and offers cultural insights into customs and practices in the world of German and European business, as well as into the economic interdependence of Europe with the United States. Serves as preparation for the “Prüfung Wirtschaftsdeutsch International” (International Business German exam).

Health Administration

AP 119, (406) 657-2115

HADM 210 Healthcare Mega Trends
3 cr. (F, Sp) Provides the student with a challenging new perspective—viewing health as a social science—and places all the components of health and the U.S. system in context. The course will dissect the interplay between issue and circumstance, underscore the fact that the health system is profoundly political, and consider opportunities for constructive changes in the system. The course will also consider the current rise in consumer activism as it relates to the healthcare system.

HADM 307 Health Informatics
3 cr. Prerequisite: HADM 210 or consent of instructor. Offered ONLY Online. (F) Explores the resources, devices, and methods required to optimize the acquisition, storage, retrieval, and use of health information to strengthen the organization’s operational performance and market position. The course will explore how information technology can be used to restructure work processes and systems, as well as facilitate change within the healthcare organization.

HADM 310 Healthcare Economics
3 cr. Prerequisites: HADM 210, ECNS 201, ECNS 202 or consent of instructor. (Sp) Examines the health care industry from an economic perspective. To better understand the factors and influences on the decision-making process within the health care industry. To apply economic concepts to the unique characteristics of the health care industry in business and consumer decision making.

HADM 335 Health Law and Ethics
3 cr. Prerequisites: HADM 210. Offered ONLY Online. (F) Provides students with information regarding the central legal issues in U.S. healthcare delivery and how these relate to the operational practices of healthcare administrators including labor relations, malpractice, patient rights, information management and confidentiality of patient records, patient safety, contracts, legal reporting requirements, and risk management practices. The course will also allow students an opportunity to understand the key components of legal issues relevant to medical and business ethics and the link between the law and health policy development.

HADM 355 Rural/Frontier Health Care Delivery
3 cr. Prerequisites: HADM 210 or consent of instructor. Offered ONLY Online. Familiarizes students with issues facing health care providers and administrators in rural/frontier settings. Topics to be discussed include governance, financing, management, quality of health care services, and the recruitment and retention of health care professionals to the rural community.

HADM 360 Long-Term Care Management
3 cr. Prerequisites: HADM 210 or consent of instructor. Offered ONLY Online. Provides the student with information regarding the fundamental management principles and special concerns and problems of long-term care management including the aging of America, the financing of long-term care services, and the public policies impacting on long-term care delivery systems.
HADM 405 Evidence in Research and Evaluation  
3 cr. Prerequisites: HADM 210, STAT 216, and upper division standing or consent of instructor.  
Offered ONLY Online.  (Sp)  Provides an overview of evaluation research methods in health organizations, including a conceptual framework for organizational evaluation, basic evaluation research methods, and use of evidence to assess and improve health organization performance.

HADM 409 Aging in America and Long-Term Care  
3 cr. Explores changes in life expectancy, health status, the pace of growth of the over 65 year old population in America, and the overall graying of America, in order to gain a comprehensive understanding of how long-term care systems and policies can be managed to meet these new “aging” needs.

HADM 422 Operations, Outcomes, and Quality  
3 cr. Prerequisites: HADM 210, STAT 216, and upper division standing or consent of instructor.  
Offered ONLY Online.  (F)  Provides an overview of concepts and techniques for designing, planning, and improving the quality of health operations, including operations analysis, coordinating and planning health operations, and quality improvement methods to improve work processes.

HADM 425 Financial Management and Budgeting in Healthcare  
3 cr. Prerequisites: HADM 210, BFIN 322, and upper division standing or consent of instructor.  
Offered ONLY Online.  (Sp)  Creates an understanding of the use of financial management concepts and techniques in health management decision-making.

HADM 440 Managerial Epidemiology and the Public’s Health  
3 cr. Prerequisites: HADM 210, STAT 216, and upper division standing or consent of instructor.  
Offered ONLY Online.  (F)  Provides a systematic approach to the evidence-based practice of epidemiological preventive care to promote population health.  Students will learn about the traditional epidemiologic model of disease as well as various conceptual models and frameworks that are used to expand the traditional model to include community-based networks, health care systems, and collaborative partnerships.  The application of these models to health services management represents the evolution of epidemiology for use in health services management.

HADM 445 Managing Healthcare Organizations  
3 cr. Prerequisites: HADM 210, MGMT 321, and upper division standing or consent of instructor.  
Offered ONLY Online.  (Sp)  Examines the daily operations of health care organizations.  The course addresses management, staff support, and the implementation of business strategies.  The course focuses on the effective management of health care professionals and identifies unique human resource elements in health care organizations.  The course will provide students with strategies for becoming effective leaders in health care.

HADM 450 Health Policy and Politics  
3 cr. Prerequisites: HADM 210 or consent of instructor.  
Offered ONLY Online.  (Sp)  Provides students with an overview of the political context of healthcare organization and delivery.  Specific attention will focus on health care regulations, payment sources, and policy formulation and implementation.

HADM 452 Case Management  
3 cr. HADM 210 or consent of instructor.  Offered ONLY Online.  Explains how to use case management to coordinate care in order to improve care delivery and patient outcomes while managing costs.  Topics include the role of the case manager; assessment, planning, implementation, and evaluation techniques; and negotiating reimbursement and service delivery across care settings.

HADM 462 Supervision in Healthcare  
3 cr. HADM 210, MGMT 321 or consent of instructor.  Offered ONLY Online.  Provides an integrated overview of management and organization principles and practices for supervisors.  Introduces students to a general management framework and fundamental tools from management and organization science that supervisors use to meet strategic and technical organization goals.  Course topics focus on the supervisor’s job, managing individuals and groups in organizations, managing operations, and managing the environment.

HADM 482 Women, Media and Health (crosslisted with HADM 582, COMT 482, COMT 582, HHP 482, and HHP 582)  
3 cr. Corequisites: COMT 480, COMT 481.  Analyzes gaps in basic health care needs for women, both domestically and abroad, emphasizing the role of mass media both in promoting and hindering basic reproductive health.  A special emphasis will be placed on women’s reproductive rights and the ways in which political movements have limited and advanced needs in this area.
HADM 490 Internship  
V1-6 cr. Prerequisite: Consent of instructor. (F, Sp, Su) Provides students with a supervised experience in a responsible appointment as an assistant health administrator. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Health Administration office.

HADM 491 Independent Study  
V1-3 cr. Prerequisite: Consent of instructor. Provides opportunities for juniors and seniors to explore material not offered through regular courses.

HADM 492 Seminar  
V1-3 cr. Prerequisite: Consent of instructor. Provides students an opportunity to intensively investigate topics in Health Administration.

HADM 496 Cooperative Education/Internship  
3 cr. Repeatable once. Prerequisites: HADM 210, 307, 335, and consent of department chair. Integration of didactic coursework, knowledge and skills acquired enable the student to demonstrate a broad mastery of learning throughout the curriculum. This is accomplished through an in-depth analysis of a specific problem/issue or an in-depth audit of management practices in a specific functional area (in consultation with the cooperative education preceptor). Learning agreement must be completed prior to registration (restricted).

HADM 497 Capstone  
3 cr. Prerequisites: HADM 307, 335, 422, 445, MKT 340, and consent of instructor. Corequisite: HADM 425. Offered ONLY Online. (F, Sp, Su) Integrates didactic coursework, knowledge and skills acquired, and the cooperative education (internship) experience to enable the student to demonstrate a broad mastery of learning throughout the curriculum. This is accomplished through an in-depth analysis of a specific problem/issue (in consultation with the cooperative education preceptor) or an in-depth audit of management practices in a specific functional area. (This course may be waived if the student has previous or current employment in a health profession.)

Health and Human Performance  

PE 116, (406) 657–2370  
The College of Allied Health Professions has designed its professional preparation programs to include a series of sequentially arranged field-based experiences. Depending on the degree option, these field-based experiences may be referred to as internships, practica, clinics, or student teaching. Each field-based course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or Departmental policy, may require additional contact hours beyond the minimum requirement. Students should clarify expectations with the faculty advisor prior to registration.

HHP 100 Foundations of Exercise Science  
3 cr. Corequisite: HHP 102. (F, Sp, Su) Extends and applies understanding to the use of life science in promoting healthy lifestyles to students’ lives. The exercise sciences of physiology, kinesiology, biomechanics, and motor learning are integrated through didactic and laboratory instruction that focuses students on the fundamental importance of exercise science in healthy living.

* HHP 101 Health Sciences  
3 cr. (F, Sp) Covers contemporary health issues and explores individual and community based solutions. Content areas to include: medical self-care, culture and health behavior, alcohol, tobacco and other drugs, mental and emotional health, consumer health, nutrition, physical fitness, environmental health, human sexuality, chronic degenerative and communicable diseases, aging, violence and personal safety, health care, and death and dying.

HHP 102 Foundations of Exercise Science Lab  
1 cr. Corequisite: HHP 100. Provides laboratory experiences in exercise science to complement student learning in the classroom. By its nature, exercise science involves lab activities dependent upon physical activity.

HHP 103 Archery, Beginning, Intermediate  
1 cr.

HHP 105 Basketball, Beginning  
1 cr. (F)

HHP 108 Badminton, Beginning  
1 cr. (Sp) Covers fundamental skills, equipment, strategy, rules and etiquette of badminton.
HHP 111 Bowling  
1 cr. (F) Bowling is a lifetime sport. Students participate in bowling instruction, bowl and record assigned minimum number of games, and demonstrate understanding of rules, etiquette and scoring procedures. (Special fee required.)

HHP 114 Racquetball  
1 cr. (Sp)

HHP 125 Golf  
1 cr. (F, Sp) Covers the mechanics, skills and strategies of playing golf. (Special fee required.)

HHP 126 Apparatus  
1 cr.

HHP 131 Cross Country Skiing  
1 cr. Presents skills needed in cross country skiing including equipment, base preparation, waxing, and classical and skating techniques. Depending on time constraints and student interest, classical winter risk management will also be included. (Due to course content and physical requirements, the class may not be held on MSU Billings main campus.)

HHP 132 Skiing, Beginning Downhill  
1 cr. (Sp) Covers the basics of downhill skiing for students without prior experience. (Special fee required.)

HHP 133 Skiing, Intermediate Downhill  
1 cr. (Sp) Goes beyond HHP 132 to cover additional techniques and skills of downhill skiing for students with successful prior instruction and experience. (Special fee required.)

HHP 134 Beginning Snowboarding  
1 cr. Covers the basics of snowboarding equipment, safety, mechanics and techniques. (Due to course content and physical requirements, the class may not be held on MSU Billings main campus.)

HHP 136 Snowshoeing  
2 cr. (Sp) Understand and identify the various parts of snowshoes, demonstrate maneuvering while wearing snowshoes, gain knowledge of appropriate clothing for snowshoeing and demonstrate techniques of walking in deep snow, ascending, and descending.

HHP 138 Telemark Skiing  
2 cr. (Sp) Learn, understand, and demonstrate telemark skiing techniques and proper equipment needs for the sport of telemark skiing.

HHP 140 Beginning Swimming/Aquatics I  
1 cr. (F) Course includes learning to swim front crawl, backstroke, elementary backstroke, breaststroke, treading water and survival float. Additionally an introduction to aquatic exercise is included.

HHP 141 Intermediate Swimming/Aquatics II  
1 cr. Prerequisite: HHP 140 or consent of instructor. (F) Course seeks to improve skills taught in HHP 140. Additionally, the side stroke, single trudgen and single trudgen crawl strokes are taught, as are skills such as open turns, simple rescue and aquatic safety.

HHP 142 Lifeguard Training: Basic  
2 cr. (Sp) The student who successfully completes this course receives certificates in the following American Red Cross courses: CPR for the Professional Rescuer and Lifeguarding.

HHP 143 Water Safety Instructor  
3 cr. Prerequisite: Consent of instructor. This course is designed to train instructor candidates to teach a wide variety of swimming and water safety courses.

HHP 144 Lifeguarding Instructor/Head Lifeguard/Waterfront Modules  
2 cr. Prerequisite: Consent of instructor. (Sp) After successfully completing this course the student is qualified to teach several courses within the American Red Cross Lifeguard Training program. Additionally, the successful student is qualified for Head Lifeguarding and may qualify for other modules or courses with additional work within the course.

HHP 145 Swim for Fitness/Aquatic Exercise  
2 cr. Prerequisite: Consent of instructor. (F, Sp) Seeks to develop awareness and foster application of fitness principles through reading, lab activities, and development of personal fitness program to meet personal goals through swimming, kicking, pulling, and participation in swimming and aquatic exercise routines.

HHP 146 Tennis, Beginning  
1 cr. (F, Sp) Practice basic tennis fundamentals: forehand, backhand, and serve. Covers equipment, strategy, rules and etiquette.

HHP 147 Tennis, Intermediate  
1 cr. (F, Sp) Provides further development of groundstrokes, serve, volley and lob. Advanced singles and doubles strategies.

HHP 153 Tumbling  
1 cr.
HHP 154 Volleyball
1 cr. (F)

HHP 174 Personal Fitness
1 cr. (F, Sp) Offers an individualized approach to fitness at any level. It is designed to teach principles of cardiovascular fitness, endurance, strength and flexibility, and back strengthening exercises through participation with a basic weight training program, use of stretch bands, handweights, and a run walk program.

HHP 176 Softball
1 cr. (Sp)

HHP 180 Judo
2 cr. (F, Sp) Promotes lifelong health skills through presenting judo history, philosophy, and etiquette. Specific throwing and grappling skills designed to improve strength and endurance are presented. Also the course seeks to provide the student with some personal self-defense skills. Teaches how to fall safely in judo play or in self-defense situations. Develops understanding of body mechanics through the study of techniques sport-specific to judo such as grip, Kumikata; throwing, Nagewaza; falling, Ukemi; and grappling skills, Katamewaza.

HHP 181 Basic Navigation/Orienteering
1 cr. (F) Provides an introduction and application of the history, equipment, and techniques of land navigation and orienteering. Included will be sections on map reading, compass use, GPS use, map and compass techniques, orienteering principles, and orienteering course design. (Practice and testing may require classes meeting off MSU Billings main campus.)

HHP 182 Advanced Navigation
2 cr. Prerequisite: HHP 181. Introduces newest technology for navigating in wilderness and emergency settings and navigation techniques ranging from environmental to global positioning systems. Included will be practical application of learned skills in a outdoor/wilderness setting presented off the main MSU Billings campus.

HHP 183 Environment/Leave No Trace
1 cr. (F) Develops participants’ awareness and application of Leave No Trace principles and develop an appreciation of the ethical reasons behind the principles.

HHP 184 Hiking/Backpacking
2 cr. (F) Develops understanding and demonstration of backpack trip planning, nutritional needs, proper selection of equipment, selection of appropriate clothing, correct packing recommendations, appropriate sanitation recommendations, and basic camping skills.

HHP 185 Winter Survival Skills
2 cr. Presents skills and application of necessary techniques needed for safe winter travel as well as involving winter risk management, nutrition, survival skills, ice rescues, snow shelters, avalanche awareness, and protection methods. (Due to course content and physical requirements, the class may not be held on MSU Billings main campus.)

HHP 186 Strength Training
2 cr. (F, Sp) Teaches students how to develop fitness programs and tailor them to meet individual needs in helping promote lifelong health skills. Various components of fitness (cardiorespiratory fitness, muscular strength, muscular endurance, flexibility, and body composition) are explored. Students will develop an understanding of aerobic and anaerobic energy production systems, overload principles, and specificity of training while learning to utilize systems of isometric, isokinetic, and progressive exercises. This course is a hands-on activity course, but also includes an academic component where students investigate the above principles.

HHP 187 Mountain Biking
2 cr. (Sp) Teaches students how to choose the correct size bicycle, develop students’ mountain biking skills, develop awareness of risk management in mountain biking, develop students’ ability to negotiate mountain bike terrain with proper technique, and develop students’ ability to maintain and fix common problems that they may encounter on a mountain bike ride.

HHP 188 Yoga
2 cr. (F, Sp) Promotes lifelong health skills through presenting history and philosophy of yoga while providing opportunities for students to learn a variety of yoga poses designed to increase flexibility, strength, and endurance. This class provides an opportunity to learn stress management skills, improve balance and body control, incorporate breathing techniques that foster development in yoga, and enhance well-being.

HHP 189 Basic Survival in the Outdoors
2 cr. (Sp) Understand and demonstrate basic wilderness survival recommendations including methods of staying warm and building shelters, signaling, natural indicators of direction, fire building, and accessing water.
HHP 190 Rappelling/Belaying
2 cr. (F) Develops students’ understanding and demonstration of rappelling and belaying methods, correct anchoring, equipment, proper climbing knots, and rescue techniques.

HHP 191 Low Element Challenges
2 cr. (S) Learn a variety of low element challenges and demonstrate creative planning, teamwork, cooperation, and trust development, and understand the many varied values of low element challenges.

HHP 192 Caving/Spelunking
2 cr. (Sp) Develops students’ understanding of caving/spelunking, caving equipment, and proper techniques of moving efficiently and safely through caves; familiarizes students with safe caving protocols and techniques.

HHP 193 Canoeing
2 cr. (Sp) Learn, understand, and apply canoeing terminology, principles, and equipment. Included will be canoe design affects, paddle selection, carrying the canoe efficiently and safely, and tandem canoeing.

HHP 195 Kayaking
2 cr. (Sp) Learn, understand, and execute kayaking skills such as getting into a kayak, forward and backward paddling strokes, stopping techniques, forward and reverse sweep stroke, and draw stroke. Included are safety and rescue methods recommended in kayaking.

HHP 197 Scuba Diving/Snorkeling
2 cr. (Sp) Learn, understand, and apply scuba diving techniques, equipment, and knowledge of diving hazards and precautions.

HHP 198 Rafting
2 cr. (F) Learn to identify rafting equipment, awareness of preplanning considerations, proper raft carrying techniques, execution of proper rowing and oar strokes, foundational execution of rescue maneuvers, and a thorough understanding of safety considerations.

HHP 199 Avalanche Awareness and Safety
1 cr. (Sp) Develops students’ awareness of how destructive avalanches can be, how to avoid an avalanche, what to do if caught in an avalanche, and where to receive further avalanche education.

HHP 200 Foundations of Outdoor Adventure Leadership
2 cr. (F) Introduces foundational information of Outdoor and Adventure Leadership/Education. Included are history and background of outdoor and adventure education and relationship to a variety of career areas such as educational teachers, outdoor recreational instructors, challenge course coordinators, corporate teambuilding managers, community activity centers, and the like. Fundamental competencies for effective outdoor adventure leadership are presented, discussed, and practiced.

HHP 201 Core Concepts in Health
3 cr. (F, Sp) Provides pre-service educators with an introduction to contemporary health issues and the importance of individual responsibility for personal health care. Reviews the health and safety issues of children and adolescents and provides an introduction to the role of the teacher as it applies to the eight component model of the comprehensive school health program.

HHP 210 First Aid and CPR
2 cr. (F, Sp) Considers the emergency care to be given victims of accident or sudden illness. Develops safety consciousness and prevention as well as stresses individual responsibility, rights and wrongs in times of disaster. Standard First Aid and CPR certification awarded upon successful completion of the course.

HHP 211 Community Health
3 cr. (F) Promotes an understanding of the spread and control of communicable diseases. Explores the epidemiology and prevention of chronic degenerative diseases. Provides practical experience in planning and carrying out a selected community health program.

HHP 212 First Responder Emergency Care
3 cr. Prerequisite: Basic First Aid preferred. (Sp) Covers first responder techniques, equipment, and prevention content areas are covered. Development of first responder skills, including assessment, surveys, treatment, and prevention techniques. Specialized areas of pre-professional CPR, oxygen therapy, resuscitation mask, and spinal back boarding are included. Awards certification for First Responder and CPR upon successful completion of requirements.

HHP 214 Outdoor Recreations in the United States
3 cr. (Sp) Provides an introduction to the history, purpose, scope, and depth of outdoor recreation in the United States. Topics include Wilderness, Public and Private Recreation, Adventure Leadership and Education, National and Regional Recreation Issues, Recreation History, Professional Organizations and Services, Current and Future Recreation Trends, and the Role of Recreation in Society. Student presentations, field trips, and guest speakers are part of
this course. Students can expect to participate and be engaged in group projects, lecture, and activities while taking this class.

**HHP 230 Wilderness First Responder**  
**3 cr.** Covers First Responder applications in wilderness settings. Addressed are issues of short- and long-term patient care, backcountry rescue techniques, and survival skills. Training will include emergency care for environmental illnesses and injuries, using special equipment and techniques particular to non-urban rescuers, and managing transport as well as other high-level emergency care skills. Participants who successfully complete the course and exam will receive Wilderness First Responder certification. (Due to course content and instructor and physical requirements, the class may not be held on MSU Billings main campus.)

**HHP 240 Coaching Volleyball**  
**3 cr. (Sp)** Acquaints the student with those skills necessary to teach volleyball on the secondary level. The course will cover such areas as volleyball rules, teaching individual skills, team strategies, offensive patterns, defensive patterns, organizing practices, and scouting. Course includes a 1 credit practicum.

**HHP 241 Coaching Football**  
**3 cr.** Acquaints the student with those skills necessary to coach football in high school. Course includes a 1 credit practicum.

**HHP 242 Coaching Basketball**  
**3 cr. (Sp)** Acquaints the student with those skills necessary to coach basketball in high school. Course includes a 1 credit practicum.

**HHP 244 Coaching Track/Field**  
**3 cr. (Sp)** Acquaints the student with those skills necessary to coach track and field in high school. Course includes a 1 credit practicum.

**HHP 245 Coaching Soccer**  
**3 cr.** Prepares students to coach competitive/recreational soccer with a focus on teaching skills, techniques, and tactics. A one credit hour (minimum 45 contact hours) coaching practicum is included as a required element of this course.

**HHP 246 Coaching Gymnastics**  
**3 cr.** Acquaints the student with skills necessary to coach beginning gymnastics. Course includes a 1 credit practicum.

**HHP 247 Coaching Softball/Baseball**  
**3 cr. (Sp)** Acquaints the student with a variety of methods for teaching basic softball/baseball skills, with particular emphasis on fastpitch softball. Emphasis is placed on teaching progression, practice drills and common error coaching hints. Current rules and regulations as well as strategies are also covered for all phases of the game. Course includes a 1 credit practicum.

**HHP 248 Coaching (Current Sport)**  
**3 cr.** Designed to present skills and strategies related to coaching a given sport. Course includes a 1 credit practicum.

**HHP 249 Foundations of Coaching**  
**3 cr. (F)** Covers introductory principles needed in becoming an effective coach. Topics include development of a coaching philosophy, basic sport psychology, sport safety, basic legal aspects, and program and athlete management principles.

**HHP 260 Foundations and Scientific Fundamentals in Health and Human Performance**  
**3 cr. (F)** Introduces fundamentals of scientific basics in human movement. Included areas of study are basic human bone and muscle anatomy, principles of biomechanical movement, and basic principles of exercise physiology. The relationship between Health/Physical Education and Education is introduced as well as historical background facts, discipline interrelationships, career opportunities, elementary principles of fitness and nutrition, and professional challenges.

**HHP 265 Foundations of Health Promotion**  
**3 cr. (F)** Explores the historical, philosophical, theoretical, and ethical foundations of the health education and health promotion profession. Students will learn about the process of health promotion through the examination of school, community, worksite, and hospital health education settings.

* **HHP 270 Global Health Issues**  
**3 cr. (F)** Explores the relationships between human behavior, economics, history, culture, politics, policy formation, and the environment, while investigating the impact of these elements on the quality of health within our global community. Class sessions will focus on the interdisciplinary nature of health issues that impact on daily human existence. The objective of seminar based class meetings will be to study these issues, contrasting their origins, manifestations, and possible resolutions in developed and less developed nations.
**HHP 280 Challenge Course Fundamentals**  
3 cr. (Sp) Introduces history and current practices in American challenge courses. Current practices in design, facilitation, and evaluation of curricula in Outdoor Adventure Leadership settings, including low and high ropes and challenge course programs, are presented. Students will also be introduced to current offerings in challenge course technology and the opportunity to practice basic challenge course facilitation methods.

**HHP 290 Internship/Practicum**  
V1-3 cr. Provides physical education majors with practical selected experiences in areas of the school program under supervision and by prior approval of the Department chairperson. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

**HHP 292 Seminar**  
V1-3 cr. (F, Sp) Provides students an opportunity to investigate intensively topics pertinent to the field of Physical Education.

**HHP 293 Workshop**  
V1-3 cr. Provides experience in popular activities suitable for satisfying the physical education activity requirement, but which presently is offered only on a temporary experimental basis. Examples: Intermediate Golf, Jog for Fitness, Scuba Diving, Ice Skating, Cheerleading, Individual Exercise, and Handball.

**HHP 300 Motor Learning and Control**  
3 cr. Prerequisite: HHP 100. Corequisite: HHP 301. (F, Sp) Focuses on the basic principles of motor control and learning, examining the mechanisms by which the nervous system plans, initiates, and executes movements (both involuntary and voluntary) as well as accomplished sensory-motor integration and the means for maximizing the learning and performance of movement skills including how to design practice conditions and how to optimize arousal, attention, motivation, feedback, and transfer so to optimize skilled motor performance.

**HHP 301 Motor Learning and Control Lab**  
1 cr. Corequisite: HHP 300. (F, Sp) Includes laboratory exercises in motor control fundamentals of nervous system functions, sensory-motor integration, and methods for maximizing the learning and performance of movement skills.

**HHP 310 Adventure Leadership**  
3 cr. (F) Acquaint students with the history, philosophy, depth, and scope of Adventure Leadership. Methods discussed will be applied to group development, minimizing risk in the field, teambuilding, decision making, problem solving, and teaching. Students will explore and enhance their own leadership, philosophy and style through participation in group projects, lecture, and activities while taking this class.

**HHP 314 Health Enhancement Strategies in the Elementary School K-8**  
3 cr. Prerequisite: Admission to Teacher Education program. (F, Sp, Su) Covers methods of Health Enhancement education for the elementary education major and minor K-8. Students write lesson plans, participate in teaching activities and evaluate the activities. Methods discussed are applied to the following health content areas: mental and emotional health, family living, growth and development, nutrition, personal health, substance use and abuse, communicable and chronic diseases, injury prevention and safety including pedestrian and bicycle safety, and consumer and environmental community health. Additionally, methods of teaching basic movement education, such as dance and rhythmic movement, physical fitness, gymnastics and related skills, and cooperative games, are presented.

**HHP 320 Current Issues in Health**  
3 cr. (F, Sp) An investigation of issues facing the health educator in today’s schools. Special focus will be given to the topics of nutrition education, physical fitness, and human sexuality. Students will develop lesson plans in these topical areas as they pertain to either elementary or secondary education levels.

**HHP 330 Health Behavior Theories**  
3 cr. Prerequisite: Junior level status. (F, Sp) Provides an overview of the various behavior change theories with specific attention given to individual health behavior, interpersonal health behavior, and group intervention models of health behavior change. Behavior change theories are discussed in terms of their application to curriculum development and program planning models.

**HHP 335 Methods of Health Promotion**  
3 cr. (F) Focuses on the planning and implementation of health promotion programs by health promotion specialists in a variety of settings. Students explore the “What,” “When,” “Where,” and “Why” of health promotion.
HHP 340 Health Education Strategies
3 cr. Prerequisite: Admission to Teacher Education Program. (Sp) Develops the ability of students to plan and implement health instruction programs in school, workplace, and community settings. Students will explore the “WHAT,” “WHEN,” “WHERE,” and “HOW” of health education. The course will focus on: Planning for health instruction (curriculum and content), Writing effective behavioral objectives, Learner-centered instructional strategies, Teaching sensitive health-related content, The relationship of instructional strategies to behavioral outcomes, and Evaluating student learning. Students will also investigate cultural and global perspectives as well as the integration of health issues with other academic disciplines.

HHP 344 Physical Education Techniques I
3 cr. (Sp) Identifies developmentally appropriate techniques, skills, strategies, and progressions for teaching competitive and lifelong leisure team and individual activates.

HHP 346 Physical Education Techniques II
3 cr. (F) Identifies developmentally appropriate techniques, skills, strategies, and teaching progressions for teaching fundamental elementary health enhancement activities, rhythms, dance, gymnastics, and Native American/low organized games activities.

HHP 348 Physical Education Techniques III
3 cr. (Sp) Identifies developmentally appropriate techniques, skills, strategies, and teaching progressions for teaching fitness, wellness activities, and basic strength and conditioning fundamentals.

HHP 350 Outdoor Adventure Leadership for the Aging Population
2 cr. Prerequisite: HHP 200. Acquaints students with current methods of using Outdoor Adventure Leadership activities and challenges to enhance physical and psychological health of the aging population. Biological, sociological, and psychological aspects of aging will be covered as well as the planning and preparation of developing activities and programs for the aging. Included in the course will be hands-on experiences in presenting and facilitating activities for groups in the aging population.

HHP 362 Basic Athletic Training
3 cr. (F) Provides knowledge and practical experience in the care and prevention of common sports injuries.

HHP 364 Research Methods in Health and Human Performance
3 cr. (F, Sp) Provides students with experience and knowledge which will allow them to critically analyze and evaluate completed research in health and human performance. Examines methods of assessment, prescription, and evaluation in health and human performance activities.

HHP 365 Special Populations in Health and Physical Education
2 cr. Prerequisite: HHP 260 or Consent of instructor. (Sp) Focuses on understanding and developing the skills needed to appropriately adapt health and physical education for students who cannot participate safely or successfully in health and physical education classes without modifications. Since students receiving adapted physical education may receive instruction in a variety of settings (i.e. educational environments), adapted physical education practices vary widely and this course surveys the range of modifications that are needed to provide appropriate participation for all students. Hands-on activities are an essential component of the course and participation is expected of all students.

HHP 370 Methods of Physical Education K-12
3 cr. Prerequisite: Admission to Teacher Education program. (F) Provides the Health and Human Performance teacher education major or minor with opportunities to investigate appropriate strategies for teaching Health Enhancement in the K-12 school. The student will gain experience writing developmentally and culturally appropriate lesson plans for teaching the following activities: fundamental movements including locomotor, non-locomotor, and manipulative skills; body management skills; rhythmic skills and gymnastics; game skills, relays, and personal challenges; and sport-specific skills. In addition, students will gain experience planning for physical fitness and wellness activities. Legal considerations associated activities with activity-based education will also be discussed. Students will briefly discuss evaluation, classroom management and discipline, and rainy day activities in and out of the gym setting. The integration of physical activities with health education and other disciplines is also discussed.

HHP 380 Coaching Practicum
1 cr. Provides supervised practical experiences for students who wish to enter the coaching profession. Students work as a head or assistant coach for an athletic team for a minimum of 45 contact hours.
HHP 381 Adventure Counseling and Leadership
2 cr. (Sp) Explores the theory and practice of adventure counseling and leadership principles applied to outdoor adventure settings. Topic areas include the counselor in a guidance role, the planning and selection of adventure activities, along with the development of decision-making communication, motivational, organizational, and evaluation skills.

HHP 390 Junior Field Experience
1 cr. (F, Sp) Provides the student the opportunity to engage in 45 hours of supervised practical experience in the health enhancement classroom. This experience is to include: structured observation focusing on cultural and developmental characteristics of children; working with teachers in individual diagnosis of student needs and prescription of student activities; assisting with small groups or in one-on-one settings to accomplish learning tasks. Where appropriate, the student will also gain practical experience with school athletic programs. This course is offered as a Pass/No Pass course only. The student must receive a passing grade to complete graduation requirements. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

HHP 405 Outdoor and Camping Education
3 cr. (F) Introduces the policies and principles of modern recreation and camping. Wilderness camping skills/equipment, navigational skills and basics of rope care are covered as well as opportunities to apply the skills learned in an outdoor setting.

HHP 410 Psychology of Coaching
3 cr. Prerequisite: Junior Standing. (Sp) Covers the psychological aspects of coaching that are essential in all coaching, not specific to one sport. Examines both the intra- and interpersonal aspects of sport achievement from an applied perspective, emphasizing effective leadership of athletics. Connects study of the topical areas of sport psychology to coaching.

HHP 411 Alcohol, Tobacco and Other Drug Prevention
3 cr. Prerequisite: Junior standing. (F, Sp, Su) Provides information about: alcohol, tobacco, and other drugs; the potential for abuse and addiction; and factors associated with use. The primary focus is on the preventive aspects of drug abuse across the lifespan, and it centers on the approaches that are most effective. (Meets State Teacher Licensure requirement for a Drug and Alcohol Abuse Class).

HHP 412 Alcohol, Tobacco and Other Drug Awareness (ATOD)
1 cr. Provides information about problems related to contemporary drug use, misuse, and abuse. Due to the potential negative effects of alcohol, tobacco, and the broad category of “other drugs,” drug prevention at the school and community level is critical for addressing problems that arise from ATOD use. The primary focus on this course is identifying which drugs are most commonly used and abused, particularly among youth and teens, and recommend effective drug prevention strategies.

HHP 425 Health and Sexuality
3 cr. Explores contemporary issues in human sexuality and the preparation of professionals who conduct sexuality education with diverse populations in a variety of settings. The course examines current knowledge of and attitudes toward human sexual behavior with emphasis on topics such as healthy sexuality throughout the lifecycle, sexual anatomy and physiology, gender roles, body image, interpersonal relationships, sexual orientations, birth control, sexual response, sexual dysfunction, sexual abuse, sexually transmitted infections, abortion, and pregnancy.

HHP 430 Exercise Physiology
3 cr. Prerequisite: HHP 100. Corequisite: HHP 431. (F, Sp) Provides students the opportunity to study the physiological fundamentals needed to understand skilled movement. The course focuses on the responses of the human body to exercise with emphasis on professional interventions in various education, health promotion, and human performance settings. Various body systems (i.e. respiratory, circulatory, musculo-skeletal, endocrine) are studied to understand the adaptations associated with involvement in physical fitness, sport, and healthy lifestyle activities. Labs and related activities are essential components of the course and participation is expected of all students.

HHP 431 Exercise Physiology Lab
1 cr. Corequisite: HHP 430. (F, Sp)

HHP 433 High Level Wellness Through Decision Making
3 cr. (even F) Introduces the concept of wellness and presents strategies for adoption of a wellness life-style.

HHP 435 Health Aspects of Aging
3 cr. (odd F) Addresses the rapidly increasing need for specialized knowledge of health promotion for an aging society (in 2020, 20% of the US population will be 65 or older). Introduces the epidemiology of aging and age-related disorders, including overviews of the public health impact of an aging society and the demographics
and biology of aging. Covers the strategies for prevention of age-related disorders and options to improve the quality of life through health enhancement.

**HHP 436 Stress Management and Emotional Health**  
3 cr. (Sp) Examines the interrelationship of human stress and emotions on health and performance. Explores theories, research and strategies to enhance human performance and manage stress.

**HHP 445 Exercise Testing and Prescription**  
(crosslisted with HHP 545)  
3 cr. Prerequisite: HHP 430. (F, Sp) Explores basic techniques in the assessment of physical fitness, prescription of exercise for healthy and unhealthy adults, and promotion of physical activity within communities.

**HHP 450 Worksite Health Promotion**  
3 cr. (odd Sp) Provides students with an overview of the theory and practice of occupational health promotion. It is assumed that the students have some background in health promotion and may be interested in pursuing a career as a health promotion specialist.

**HHP 455 Technological Applications in the Health Sciences**  
(TN) 3 cr. Explores current and future uses of technology in health promotion fields. Examples of application include: health promotion and the Internet, computer-assisted learning, computer health assessments, common applications in health promotion (i.e., spreadsheet, database, presentation, and desktop publishing software).

**HHP 461 Organization and Administration in Health Enhancement**  
3 cr. Prerequisite: Admission to Teacher Education program. (Sp) Examines important principles related to planning, organizing, leading, and administering health enhancement programs.

**HHP 462 Advanced Athletic Training**  
3 cr. Prerequisites: BIOL 141, BIOL 143, HHP 362. Examines the rationale and use of therapeutic modalities and rehabilitative exercises with emphasis on developing practical injury assessment and injury management skills/techniques. Organizational/administrative concerns in athletic training are also addressed.

**HHP 463 Kinesiology and Biomechanics**  
3 cr. Prerequisite: HHP 100. Corequisite: HHP 464. (F, Sp) Examines the anatomy and mechanics of human motion with the goal of improving efficiency in sport, dance, and exercise.

**HHP 464 Kinesiology and Biomechanics Lab**  
1 cr. Corequisite: HHP 463. (F, Sp)

**HHP 465 Legal Aspects of Sport**  
3 cr. Prerequisite: HHP 410 or permission of instructor. Analysis of the legal aspects of sport, athletics, and other physical activity in contemporary society. Includes use of the case study method. Particular emphasis is given to tort liability and risk management in coaching.

**HHP 466 Ethical/Legal Aspects in Outdoor Adventure Leadership**  
2 cr. (F) Presents the ethical and legal principles and practices recommended and required in outdoor adventure leadership careers. Particular emphasis is on the ethical and legal guidelines that follow national program accreditation standards.

**HHP 480 Advanced Challenge Skills and Facilitation**  
3 cr. Presents understanding and proficiency in applying current and advanced outdoor adventure leadership facilitation and debriefing skills. Course coverage will include designing challenge course elements, developing various risk management plans, review and awareness of new safety policies and recommendations, understanding program construction basics, and applying evaluation methods in all levels of adventure challenge settings. Included will be planning and development of leadership and facilitation objectives and methods for diverse populations.

**HHP 482 Women, Media and Health**  
(crosslisted with HHP 582, COMT 482, COMT 582, HADM 482, and HADM 582)  
3 cr. Corequisites: COMT 480, COMT 481. Analyzes gaps in basic health care needs for women, both domestically and abroad, emphasizing the role of mass media both in promoting and hindering basic reproductive health. A special emphasis will be placed on women’s reproductive rights and the ways in which political movements have limited and advanced needs in this area.

**HHP 490 Internship/Practicum**  
V1-3 cr. (F, Sp) Provides experience in a responsible appointment as an assistant in some specialized areas of the HPE program. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.
HHP 491 Independent Study
V1-3 cr. Provides an opportunity for students of superior academic standing to explore material not covered by the regular college courses.

HHP 492 Seminar
V1-3 cr. Provides students of superior academic standing to explore material not covered by the regular college courses.

HHP 494 Clinic
V1-3 cr. Provides an opportunity through use of selected pupils for demonstration purposes for students to explore and develop applications of theoretical study in a particular area. Infield contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

HHP 499 Senior Thesis
V3-6 cr. (F, Sp) Provides students the opportunity to conduct a research project under faculty supervision. Students engage in the scholarly activities needed to conceptualize and design a relevant research topic; conduct the research including data collection, analysis, and interpretation; and present the research as a written thesis that is orally defended in a meeting open to faculty and students outside of the committee.

Honors
LA 437/400, (406) 657–2201
In addition to these courses, there will be Honors sections in integrated science, education, law and society, social science, communications, economics, and other topics. For actual courses being offered at any specific time consult the University Honors Program’s web site at www.msubillings.edu/honors, or contact the Director, Tami Haaland, at (406) 657-2948 or thaaland@msubillings.edu.

* HON 121 Perspectives and Understanding
3 cr. Explores classic and contemporary works of literature, art, and philosophy with an emphasis on cultural and historical contexts in order to develop critical and multi-disciplinary analytical skills. This course will serve as an introduction to Honors and will be required for University Honors students.

HON 181 The Ancient and Medieval Worlds
3 cr. Examines in conjunction with HSTR 103 the political, economic, social, philosophical, literary, and artistic history of the ancient Near East, classical Greece, the Roman Empire, and medieval Europe. Focuses on biblical material, Greek drama, and such authors as Homer, Sappho, Thucydides, Plato, Virgil, Augustine, Dante, and Chaucer.

HON 182 The Renaissance and Modern Worlds
3 cr. Examines in conjunction with HSTR 104 the political, economic, social, philosophical, literary, and artistic history of the European Renaissance and the Modern World (through the 20th Century). Focuses on such authors as Machiavelli, Luther, Shakespeare, Descartes, Locke, Voltaire, Goethe, Marx, Nietzsche, Ibsen, Sartre, Wollstonecraft, and Woolf.

^ HON 281 The American Intellectual Heritage (1620-1877)
3 cr. Corequisite: HSTA 101. Explores in conjunction with HSTA 101 the evolution of U.S. cultural, philosophical, and artistic history through the study of its humanistic achievements from the first colonial writings through the Reconstruction era.

^ The course must be taken in conjunction with HSTA 101. HSTA 101 and HON 281 satisfy the General Education requirements in the History and Humanities subcategories, respectively.

^ HON 282 The American Intellectual Heritage (1877-present)
3 cr. Corequisite: HSTA 102. Explores in conjunction with HSTA 102 the evolution of U.S. cultural, philosophical, and artistic history through the study of its humanistic achievements from the Reconstruction era to the present.

^ The course must be taken in conjunction with HSTA 102. HSTA 102 and HON 282 satisfy the General Education requirements in the History and Humanities subcategories, respectively.

HON 290 Internship
V1-3 cr. Prerequisite: Approval of Honors Director and instructor. Provides an opportunity for students to engage in field experience not offered in other courses. Contains a research component to be developed in conjunction with supervising faculty member.

HON 291 Independent Study
V1-3 cr. Prerequisite: Consent of Director or Associate Director of Honors Program. Provides an opportunity to receive credit for individualized or special experimental learning opportunities and to count up to 3 credits towards the University Honors Program’s 21-credit requirement for Honors Scholar designation.
Montana State University Billings 2011–2013 Undergraduate Catalog

HON 292 Seminar
3 cr. Prerequisite: Consent of instructor or the University Honors Program. (once per semester)
Provides an opportunity to investigate and explore, at a lower-division level, basic themes and concepts—especially in a multidisciplinary manner—in the humanities, natural sciences, and/or social sciences.

HON 351 Law and Society (crosslisted with ENST 381)
3 cr. Studies the role of the American legal system in society; course emphasis varies from year to year, depending on which topics have current, wide-ranging social and philosophical implications; typical topics include environmental and toxic torts, intellectual property, death penalty issues, and invasion of privacy in cyberspace.

HON 352 Environmental Law (crosslisted with ENST 382)
(WR) 3 cr. Prerequisites: 6 credits of WRIT 101, WRIT 201, WRIT 220, or WRIT 221. Provides a broad overview of the major federal and Montana environmental statutes, including attention to how the statutes attempt to balance long-view goals (i.e., needs of future generations) and broad-view goals (i.e., needs of ecological systems). Course content also examines how the statutes are administratively and judicially enforced, as well as the social benefits and burdens associated with criminal punishments and civil litigations. Course content will address the complexities inherent to a regulatory system that is generated within federal, state, and local jurisdictions. Course assignments will include at least one important writing assignment (i.e., term paper assignment).

HON 420 Historical Archaeology of the Classical World (crosslisted with HSTR 420)
3 cr. Examines the material culture (i.e. art, architecture, and artifacts) of Greece and Rome beginning with the Minoans and Mycenaeans (c. 2000 B.C.E.) and ending with Constantine in the early fourth century C.E. The course explores the following: defining classical archaeology, dating systems, archaeological methods, the material culture of the Mediterranean basin, the formation and perpetuation of the “classical tradition” in art and architecture, understanding of chronology and dating, urban planning and construction techniques, architectural orders, artistic styles, and the process of archaeological reconstruction.

HON 460 The 1960s (crosslisted with HSTA 421)
[formerly HON/HIST 460 The 1960s]
3 cr. Prerequisite: HSTA 102 or HSTA 325 recommended. Immerses students intensively into the most tumultuous decade of the 20th century through analysis of the social, political, and cultural upheavals that shaped the period and continue to shape post-modern America.

HON 490 Internship
V1-3 cr. Prerequisite: Approval of Honors Director and instructor. Provides an opportunity for students to engage in field experience not offered in other courses. Contains a research component to be developed in conjunction with supervising faculty member. Publication strongly encouraged.

HON 491 Independent Study
V1-3 cr. Prerequisite: Consent of Director or Associate Director of Honors Program. Provides an opportunity to receive credit for individualized or special experimental learning opportunities (including a senior thesis) at an upper-division level and to count up to 3 credits towards the University Honors Program’s 21-credit requirement for Honors Scholar designation.

HON 492 Seminar
3 cr. Prerequisite: Consent of instructor or the University Honors Program. (once per semester)
Provides an opportunity to investigate and explore, at an upper-division level, basic themes and concepts—especially in a multidisciplinary manner—in the humanities, natural sciences, and/or social sciences.

Human Services
APS 107, (406) 896–5830
The College of Allied Health Professions has designed its professional preparation programs to include a series of sequentially arranged field-experiences. These field experiences may be referred to as internships, practica, or supervised field experiences. Each field-based course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or Departmental policy, may require additional contact hours beyond the minimum. Students should clarify requirements with the faculty advisor prior to registration. Students are required to pay an insurance fee when registering for field experiences.
Students are encouraged to make application 12 weeks prior to the semester in which the field experience is to be completed. Applications are available in the Career Services & Cooperative Education Office, Library 100.

HS 201 Survey of the Human Services  
3 cr. (F)  Presents an orientation to the general field of Human Services as a helping profession, academic discipline, and public social service. Includes fundamental information regarding the historical and contemporary development of the field.

HS 291 Independent Study  
V1-3 cr. Provides an experience for students of superior academic standing to explore material not covered by regular college courses.

HS 296 Cooperative Education/Internship  
3 cr. Prerequisite: Permission of Instructor. Provides university credit for a freshman level field experience in the area of Human Services supervised by faculty. Learning agreement must be completed prior to registration.

HS 335 Introduction to Counseling  
3 cr. Prerequisites: Admission to Human Services Program, HS 201, HS 386 and HS 387. (F) Designed to provide an overview of counseling theories and the fundamental skills of counseling.

HS 345 Legal, Ethical and Professional Issues in the Human Services (crosslisted with REHA 345)  
3 cr. Prerequisites: HS 201 or REHA 201. (F) Presents a review of the current and historical legal decisions which effect client rights and service provisions. Legal and ethical issues of due process and appropriate treatment in the least restrictive settings, the right to treatment and other significant legal ramifications relative to client advocacy and professional responsibility are discussed. Students are exposed to various professional standards in Human Services. Similarly, legal and professional issues such as confidentiality and privileged communication are discussed.

HS 385 Behavioral Pharmacology and Human Services  
3 cr. Prerequisites: HS 201 and CHS 335, or consent of instructor. Provides an introduction to the conceptual issues and methods of behavioral analysis of drug action and effect upon personality and behavior. Examines issues of psychopharmacology and the diagnostic, behavioral and social rationale for the application of chemical therapy. Examines the complexity of drug analysis, and explains the multifaceted analytical procedure that has been developed in response to the prescription of behavior changing medicine.

HS 386 Supervised Field Experience I in the Human Services  
3 cr. Prerequisites: HS 201, SOCI 101, and PSYX 100. Corequisite: HS 387. (Sp) Provides students an initial supervised agency field experience in the human services designed to facilitate the information necessary to explore and formulate individual interests, abilities and educational goals relative to the field and practice of human services.

HS 387 Professional Seminar I in the Human Services  
1 cr. Prerequisite: HS 201, SOCI 101, and PSYX 100. Corequisite: HS 386. (Sp) Provides an academic and supportive environment to freshman and sophomore students to discuss and share their field experiences and intensively investigate topics pertinent to the field of human services and an agency setting.

HS 452 Human Services Management  
3 cr. Prerequisite: Admission to Human Services Program. (F) Discusses concepts applied in providing the organization with the people needed to perform its functions. Covers critical areas such as recruiting, selection, training and performance appraisal. Also covers relevant laws which guide the organization in selecting and promoting its workers.

HS 481 Abuse, Neglect in the Family and the Helping Process in Human Services  
3 cr. Prerequisite: Admission to Human Services Program. (F) Explores the various theories of family dysfunction and relative social problems surrounding marital and family disruption. Discusses the various types of family abuse and neglect and the impact on child development and psychological status on family members. Effects of dysfunctional communication and its etiology are discussed. Community reaction and support systems are presented in the context of human services practice and delivery systems.

HS 483 Treatment Perspectives of Chemical Dependency and Addictive Behaviors  
3 cr. Prerequisite: HS 335, or consent of instructor. Provides an introduction to the conceptual issues and methods of behavioral analysis of drug action and effect upon personality and behavior. Examines issues of psychopharmacology and the diagnostic, behavioral and social rationale for the application of chemical therapy. Examines the complexity of drug analysis, and explains the multifaceted analytical procedure that has been developed in response to the prescription of behavior changing medicine.
are explained. Students will participate in a field experience at an AA group meeting or another similar support group.

**HS 485 Suicidal Ideation and Behaviors**  
3 cr. **Prerequisite:** consent of instructor. Presents clinical aspects of suicide and discusses various perspectives of suicidal behaviors within the context of social conditions in human life. Presents an introduction to the study of Thanatology and issues surrounding self-destructive behavior with emphasis on mental health and human service interventions.

**HS 486 Supervised Field Experience II in Human Services**  
3 cr. **Prerequisites:** Admission to the Human Services Program, HS 386, HS 387, and HS 335.  
**Corequisites:** HS 487. (F) Provides students with progressive learning situations in which they have the opportunity to assume responsibility for productive tasks in a practical setting in a Human services agency or organization in which they are placed. A series of opportunities to integrate theory, methodology and practice are available. Each section (486 and 488) constitutes a separate internship, providing a block learning experience.

**HS 487 Professional Seminar II in Human Services**  
1 cr. **Prerequisites:** Admission to the Human Services Program, HS 386, HS 387, and HS 335.  
**Corequisite:** HS 486. (F) Provides students who are currently enrolled in HS 486, Supervised Field Experience I in the Human Services, with a forum for discussing their internship experiences in a supportive, confidential, and academic setting. Another important purpose of the Pro-seminar is to facilitate the active integration of a theoretical knowledge base to practical field experiences and applications. Students engage in the HS 486/487 and 488/489 sequence consecutively during their senior year after completion of a significant portion of academic coursework in the Human Service discipline.

**HS 488 Supervised Field Experience III in the Human Services**  
3 cr. **Prerequisite:** Admission to the Human Services Program, HS 386, HS 387, HS 335, and HS 486/487.  
**Corequisite:** HS 489. (Sp) Provides students with progressive learning situations in which they have the opportunity to assume responsibility for productive tasks in a practical setting in a human services agency or organization in which they are placed. A series of opportunities to integrate theory, methodology, and practice are available. Each section (486 and 488) constitutes a separate internship, providing a block learning experience.

**HS 489 Professional Seminar III in the Human Services**  
1 cr. **Prerequisites:** Admission to the Human Services Program, HS 386, HS 387, HS 335, and HS 486/487. **Corequisite:** HS 488. (Sp) Provides students who are currently enrolled in HS 488, Supervised Field Experience II in Human Services, with a forum for discussing their internship experiences in a supportive, confidential, and academic setting. Another important purpose of the Pro-seminar is to facilitate the active integration of a theoretical knowledge base to practical field experiences and applications. Students engage in the HS 486/487 and 488/489 sequence consecutively during their senior year after completion of a significant portion of academic coursework in the Human Service discipline.

**HS 491 Independent Study**  
V1-3 cr. Provides an experience for students of superior academic standing to explore material not covered by regular college courses.

**HS 493 Workshop**  
V1-3 cr. Provides an opportunity for experimental study in an area of human services.

**HS 496 Cooperative Education/Internship**  
3 cr. **Prerequisite:** Permission of Instructor. Provides university credit for a junior or senior level field experience in the area of Human Services supervised by faculty. Learning agreement must be completed prior to registration.

**American History**  
 **LA 836, (406) 657-2119**

* **HSTA 101 American History I**  
[formerly HIST 204 United States History to 1877]  
3 cr. (F, Sp) Surveys American history from the establishment of the colonies to the end of the Reconstruction period after the Civil War. Includes such topics as the English political and cultural heritage, independence, creation of the Constitution, early national period, increasing democracy, economic problems, manifest destiny, slavery, sectionalism, disunion, war, and reunion.

* **HSTA 102 American History II**  
[formerly HIST 205 United States History Since 1877]  
3 cr. (F, Sp) Surveys the political, economic, and social development of the U.S. since Reconstruction. Deals with industrialization and the agrarian reaction, Progressive Era, U.S. reaction to World War I, 1920s,
Depression and New Deal, background to involvement in World War II, Cold War leadership (inc. Korea and Vietnam), and domestic changes since WWII.

**HSTA 298 Internship**  
[formerly HIST 296 Cooperative Education/Internship]  
V1-9 cr. Provides university credit for a sophomore work experience in the area of History supervised by faculty. Learning agreement must be completed prior to registration (restricted).

**HSTA 309 The Atlantic World 1492-1763**  
[formerly HIST 309 Creating Empire and Identity in the Atlantic World 1492-1763]  
3 cr. Prerequisite: HSTA 101 or HSTR 102. Explores the nature of the encounters between people and cultures from the Americas, Europe, and Africa from Columbus to the end of the French and Indian War. Emphasis will be on how global trade patterns and technological developments gave rise to different kinds of relationships; the formation of new economic, demographic, political, and cultural configurations; and how the identities of people fundamentally changed during the time period, particularly in a colonial context. The class will study the Atlantic world’s various geographic segments (i.e. Europe, Africa, North America, Latin America) in a comparative and/or integrated way.

**HSTA 313 American Colonial and Revolutionary History to 1789**  
[formerly HIST 312 The American Colonial and Revolutionary Era to 1787]  
3 cr. Prerequisite: HSTA 101 suggested or permission of instructor. (every third semester) Examines the origins and evolution of colonial America, the development of a distinct American identity, the birth of the United States, the struggle for independence from Great Britain, and the problems and challenges of a new nation.

**HSTA 315 Early American Republic 1787-1848**  
[formerly HIST 314 The New and Expanding Nation, 1789-1846]  
3 cr. (every third semester) Examines the early Constitutional era, the political, social, and diplomatic issues of Jeffersonian and Jacksonian America, the emergence of the two party political system, the evolution of social reform movements, and the growing complexities of territorial conquest and expansion.

**HSTA 316 American Civil War Era**  
[formerly HIST 316 The American Civil War Era, 1846-1877]  
3 cr. (every third semester) Considers the social, political, and economic background of events culminating in the sectional and constitutional crises of the 1850s, the American Civil War of the 1860s, and the subsequent reconstruction of the United States in the 1870s.

**HSTA 320 Birth of Modern United States**  
[formerly HIST 317 The Birth of Modern United States, 1877-1929]  
3 cr. (every third semester) Covers the period 1877-1929 with special emphasis on those events which were crucial to America’s emergence as a great power. Particular attention will be given to the rise of industrialism and the city, the decline of American agriculture, the rise of the United States’ worldwide empire, the Progressive Era, United States involvement in the First World War, and the 1920’s.

**HSTA 321 America in Crisis**  
[formerly HIST 318 The United States from Depression to Prosperity, 1929-1960]  
3 cr. (every third semester) Covers the period 1929-1960 in an effort to focus on America’s response to world turmoil characteristic of that era. The Depression of the 1930’s, the Second World War, the beginning of the Cold War, and increasing economic disparity represent the principle upheavals in which the United States found itself involved.

**HSTA 325 United States since 1960**  
[formerly HIST 319 The United States since the New Frontier, 1960-Present]  
3 cr. (every third semester) Considers the problems of the United States since the beginning of the Kennedy administration including such topics as the Cold War, Vietnam, domestic politics, the radical left and the radical right, and the end of the Cold War. The social, cultural, and economic problems created by such forces in American life as Far- and Middle Eastern affairs, presidential politics, and the global electronic economy will be examined in detail.

**HSTA 421 The 1960s**  
[crosslisted with HON 460]  
[formerly HIST/HON 460 The 1960s]  
3 cr. Prerequisite: HSTA 102 or HSTA 325 recommended. (every third semester/summer) Immerses students intensively into the most tumultuous decade of the 20th century through analysis of the social, political, and cultural upheavals that shaped the period and continue to shape post-modern America.
HSTA 428 Historical Archeology in the Americas
[formerly HIST 425 Historical Archeology in the Americas]
3 cr. (even Sp) Explores how archaeological research contributes to the understanding of American history. The class examines the development of historical cultures and sub-cultures in the New World from 1500 to the recent past. Focus will be on the importance of material culture; the intimate relationship between archaeology and primary documents; and a review of current models, theories, and paradigms used in archaeological interpretation. A secondary focus will be the use of technology in the process of archaeological analysis.

HSTA 460 Montana and the West
[formerly HIST 424 Montana History]
3 cr. (F, some Su) Traces the political, social, economic, and cultural development of Montana from pre-contact period through the present. Special emphasis on Montanan’s changing historical relationship with natural environment, the contest of cultures, and twentieth century issues. Course includes occasional field trips to historic sites.

HSTA 464 Trans-Mississippi West
[formerly HIST 421 The American West]
3 cr. (Su) Examines various cultures that have historically resided in and interacted with the unique western natural environment. Special emphasis on the West’s role in the larger history of the United States, the 20th Century West, “the new western history,” Hollywood’s image of the West, and the region’s ongoing relationship with the federal government.

HSTA 470 American Environmental History
[formerly HIST 470 American Environmental History]
3 cr. (every third semester/summer) Focuses on human interaction with and within the variety of North American environments. Compares Native American, European, and American philosophies and mythologies surrounding nature. Special emphasis on technology and nature, the American West, and the historical roots of recent ecological movements and controversies in Montana, the region, and the nation.

HSTA 480 Constitutional Law: Civil Liberties
(crosslisted with PSCI 472)
[formerly HIST/POLS 423 Constitutional Law: Civil Liberties]
3 cr. Prerequisite: HSTA 101 or PSCI 210. (even F) Examines major Supreme Court decisions in the field of individual rights. Provides an overview of civil liberties decisions with emphasis on the recent past, or may consider specific constitutional issues (i.e., church and state, freedom of speech and press, the death penalty) over the course of American history.

HSTA 481 Constitutional Law: Powers and Structures (crosslisted with PSCI 473)
[formerly HIST/POLS 427 Constitutional Law: Powers and Structures]
3 cr. Prerequisite: HSTA 101 or PSCI 210. (odd F) Introduces the evolution and structure of the United States constitutional system, focusing on the federal relationship, the separation of powers, and the judicial review, relying primarily upon the case method of analysis.

HSTA 492 Independent Study
[formerly HIST 491 Independent Study]
V1-5 cr. Prerequisites: consent of instructor and chairperson of the department. Provides outstanding students an individual opportunity to explore material not covered by regular History courses. The student’s proposal for independent study must be approved before registering and the student’s GPA in previous History courses must be at least 3.00.

HSTA 494 Seminar/Workshop
[formerly HIST 492 Seminar]
3 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of History.

HSTA 494 Seminar/Workshop
[formerly HIST 493 Workshop]
1-8 cr. Provides an opportunity for experimental study in an area of History.

HSTA 498 Internship/Cooperative Education I, II, III
[formerly HIST 490 Internship: Public History]
V1-6 cr. Provides public history opportunities for students in local organizations which utilize public historians.

HSTA 498 Internship/Cooperative Education I, II, III
[formerly HIST 496 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a work experience in the area of History supervised by faculty. Learning agreement must be completed prior to registration (restricted).
HSTA 499 Senior Capstone: Historical Methodology  
[formerly HIST 499 Historical Methodology]  
(WR) 3 cr. Prerequisite: 12 semester hours of history or consent of instructor. (F, Sp)  
Analyzes how historians ask methodological and interpretive questions and how they answer those questioned intellectually and technically. Aids the student in developing an understanding of the historical profession and the tasks of the historian through research and writing exercises, the investigation and evaluation of primary and secondary materials, and study of various methodologies employed by historians.

History
LA 836, (406) 657–2119

* HSTR 101 Western Civilization I  
[formerly HIST 104 The West and the World to 1648]  
3 cr. (F, Sp) Examines the development of western civilization from its origins through the Middle Ages, and the mutual influence western civilization and world civilizations had on each other. Particular attention is paid to the social, economic, political, religious, and cultural issues which shape the world today.

* HSTR 102 Western Civilization II  
[formerly HIST 105 The West and the World since 1648]  
3 cr. (F, Sp) Examines the development of western civilization since the early modern era, and the mutual influence western civilization and world civilizations had on each other. Particular attention is paid to the social, economic, political, religious, and cultural issues which shape the world today.

* HSTR 103 Honors Western Civilization I  
[formerly HIST 106 Honors: History of Western Civilization to 1500]  
3 cr. Prerequisite: Consent of instructor. Covers the development of Western Civilization from its origins through the Middle Ages. Particular attention is paid to the social, economic, political, and cultural issues which shape the western world today.

* HSTR 104 Honors Western Civilization II  
[formerly HIST 107 Honors: History of Western Civilization Since 1500]  
3 cr. Prerequisite: Consent of instructor. Covers the development of Western Civilization from the Italian Renaissance to the present. Particular attention is paid to the social, economic, political, and cultural issues which shape the western world today.

HSTR 298 Internship  
[formerly HIST 296 Cooperative Education/Internship]  
V1-9 cr. Provides university credit for a sophomore work experience in the area of History supervised by faculty. Learning agreement must be completed prior to registration (restricted).

HSTR 302 Ancient Greece  
[formerly HIST 332 Ancient Greece]  
3 cr. (odd F) Examines the civilization of Ancient Greece from the Minoan Crete period (c. 2600-1400 B.C.) to the fall of the Corinth in 146 B.C. with emphasis on the contributions of politics, art, literature, and philosophy to the western tradition.

HSTR 304 Ancient Rome  
[formerly HIST 333 Ancient Rome]  
3 cr. (even Sp) Covers the history of ancient Rome from its earliest point through the years of the Republic and Empire.

HSTR 305 Middle Ages  
[formerly HIST 335 Middle Ages: Creation and Climax of Medieval Europe]  
3 cr. (even F) Considers the collapse of ancient civilization and the emergence of a new distinctive European civilization in the millennium between 300 and 1300 A.D. Emphasis is placed on the decline and fall of Rome; the integration of Greco-Roman, Christian, and German elements in a new culture; and the creation of European political, economic, social, and intellectual institutions.

HSTR 317 Renaissance & Reformation  
[formerly HIST 336 Renaissance and Reformation Europe]  
3 cr. Prerequisite: HSTR 101 or equivalent. (odd Sp) Explores the events and ideas from the waning of the Middle Ages through conclusion of the Thirty Years War. Examines the impact of the Hundred Years War, the bubonic plague, the roots of the modern nation state, civic and northern humanism as well as the social, political, cultural, and religious issues from the beginning of Luther’s protest to the end of the religious wars in Europe.

HSTR 318 Enlightenment & Revolution 1648-1815  
[formerly HIST 338 Enlightenment and Revolution, 1648-1815]  
3 cr. (odd F) Explores social, political, cultural, and intellectual issues in Europe from the end of the religious wars to Napoleon’s downfall. Central themes are the nature of baroque culture and its use by absolute monarchies in continental Europe and the character of the Enlightenment and its role as a precursor to the
French Revolution. The French Revolution and the rule of Napoleon will be examined in detail. Moreover, this course examines many diverse aspects of seventeenth-and eighteenth-century European history.

HSTR 322 19th Century Europe
[formerly HIST 340 19th Century Europe: 1815-1918]
3 cr. (odd F) Explores social, political, cultural, and intellectual developments from Napoleon’s downfall to the end of the Great War. Central themes are the phenomenon of the industrial revolution and the frustration and fulfillment of modern nationalistic and liberal agendas in Europe, all culminating in World War I. Moreover, this course examines many diverse aspects of the history of the “long nineteenth century.”

HSTR 324 20th Century Europe
[formerly HIST 342 Twentieth-Century Europe, 1918-2001]
3 cr. (odd Sp) Explores social, political, cultural, and intellectual developments since World War I. Central themes are the Great Depression and the rise of totalitarian regimes in Europe, World War II, the postwar recovery of Europe, the Cold War, and European unification. Moreover, this course examines many diverse aspects of the history of the “short twentieth century.”

HSTR 330 History of Mexico
[formerly HIST 459 History of Mexico]
3 cr. (odd Sp) Surveys the Mexican colonial background, War for Independence, and political, social, and economic development to the present. Emphasis on Santa Anna, Juarez, the Diaz dictatorship, the Revolution of 1910, and recent political and economic developments.

HSTR 332 Pre-Columbian & Colonial Latin America
[formerly HIST 357 Pre-Columbian and Colonial Latin America]
3 cr. (odd F) Covers the history of Latin America before the arrival of the Europeans, conquest and colonialism, paying particular attention to the interchange between native and European cultures, the place of the Church in the colonial period, and pre-independence political and economic development.

HSTR 336 Modern Latin America
[formerly HIST 358 Modern Latin America]
3 cr. (even Sp) Deals with selective topics such as the independence movement, the social/cultural/political/economic development of Latin American countries, with special emphasis on U.S.-Latin American relations in the nineteenth and twentieth centuries.

HSTR 365 History of Ancient Near East
[formerly HIST 331 The Ancient Near East]
3 cr. (odd F) Examines the course of human development in the fertile crescent and Egypt from the furthest horizon of history to the Hellenistic period of the fourth century BCE. Analyzes the political, military, economic, social, and artistic evolution of Mesopotamia, Ancient Israel, and Egypt in the intercultural milieu that compromised the “trade basin” of the ancient Near East. Considerable attention will be given to primary sources and archaeological contributions.

HSTR 366 Middle East in the 20th Century
[formerly HIST 453 The Middle East in the Twentieth Century]
3 cr. (even F) Considers the Arab Awakening and examines the Middle East in its contemporary setting with emphasis on the Arab-Israel conflict and the rise of nationalism in Turkey, Iran, Israel, and the Arab states. It explores the recent revolutionary changes in the Arab World and Iran as well as the impact of Islamic fundamentalism on contemporary Middle East.

HSTR 420 Historical Archaeology of the Classical World (crosslisted with HON 420)
[formerly HIST/HON 420 Archaeology of the Classical World]
3 cr. (odd Sp) Examines the material culture (i.e. art, architecture, and artifacts) of Greece and Rome beginning with the Minoans and Mycenaeans (c. 2000 B.C.E.) and ending with Constantine in the early fourth century C.E. The course explores the following: defining classical archaeology, dating systems, archaeological methods, the material culture of the Mediterranean basin, the formation and perpetuation of the “classical tradition” in art and architecture, understanding of chronology and dating, urban planning and construction techniques, architectural orders, artistic styles, and the process of archaeological reconstruction.

HSTR 423 European Intellectual History
[formerly HIST 430 History of European Thought and Culture: From the Enlightenment to the Present]
3 cr. Explores the history of thought and culture from the age of Enlightenment to the present day through an examination of the importance of ideas, as well as their authors, to social change in the modern world. Special emphasis will be placed on the age of reason and reaction against its conclusions as well as on the public
debate and sociability that sustained intellectual inquiry. Special topics may include: the Enlightenment, salon culture, the importance of printing to revolutions, the exchange of ideas across national borders, and the role of ideas in creating social change.

HSTR 439 Colonial and Independent Africa since 1884
[formerly HIST 471 Colonial and Independent Africa, 1884-present]
3 cr. Examines the political, economic, social, and cultural development of Africa from the Congress of Vienna to the present, emphasizing the results of European conquest and the legacy of colonialism in independent Africa.

HSTR 440 Topics in Southern Asia since 1750
[formerly HIST 463 History of Southern Asia Since 1750]
3 cr. Surveys the political, economic, social, and cultural development of southern Asia, from the decline of the Mughal Empire to the rise of post-colonial nations, with particular emphasis placed on religious and philosophical development of the Asian subcontinent.

HSTR 447 Modern Asia
[formerly HIST 465 Topics in Modern Asian History]
3 cr. Explores the development of modern Asia. Topics, which will vary by semester, include Japan, Korea, and China. Students will study these states from their early foundations to their emergence as modern states. Special emphasis is placed on cultural development, particularly religion, literature, and music. The course focuses on turning points in a given country’s (or region’s) history as well as various issues related to identity, social life, and government. This course shall be repeatable for up to 6 credits with instructor approval.

HSTR 462 Holocaust in Nazi Occupied Europe
[formerly HIST 447 The Holocaust in Nazi Occupied Europe]
3 cr. Prerequisite: HSTR 102 or consent of instructor. (odd Sp) Examines the Holocaust in Nazi occupied Europe from 1933 to 1945. Covers the origins, causes, motivations, and effects of the discrimination, internment, and genocidal actions of the Nazi regime. The Holocaust is put into its larger historical perspective prior to and after the actual event.

HSTR 466 Islamic Civilization
[formerly HIST 451 History of Islamic Civilization]
3 cr. Develops the social, political, cultural, and economic history of the Middle East from the rise of Muhammed and the Caliphate to the Umayyad and Abbasid Empires and the establishment of the Ottoman Empire. Emphasizes Islamic religious thought and philosophy and the flowering of Medieval Islam.

HSTR 473 War and Diplomacy in Europe 1648-1945
[formerly HIST 448 War and Diplomacy in Europe, 1648-1945]
3 cr. Traces the changing patterns of warfare and the shifting relations of power among the major European states from the aftermath of the religious wars, through the upheavals of the French Revolution and the Napoleonic Wars, to the First and Second World Wars.

HSTR 491 Special Topics: Modern European History
[formerly HIST 462 Topics in Modern European History]
3 cr. Explores the political, social, cultural, and intellectual history of a particular European country or region in the modern era. The course focuses on turning points in a given country’s (or region’s) history as well as various issues related to identity, social life, and government. The course seeks to provide a specialized knowledge of an individual European country’s (or region’s) history in more depth than the general European survey. Topics under this title may include France since 1789, Germany since 1517, England since 1688, or Eastern Europe since 1918. This course shall be repeatable for up to 6 credits with instructor approval.

HSTR 492 Independent Study
[formerly HIST 491 Independent Study]
V1-5 cr. Prerequisites: consent of instructor and chairperson of the department. Provides outstanding students an individual opportunity to explore material not covered by regular History courses. The student’s proposal for independent study must be approved before registering and the student’s GPA in previous History courses must be at least 3.00.

HSTR 494 Seminar/Workshop
[formerly HIST 492 Seminar]
3 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of History.

HSTR 494 Seminar/Workshop
[formerly HIST 493 Workshop]
1-8 cr. Provides an opportunity for experimental study in an area of History.
HSTR 498 Internship/Cooperative Education I, II, III
(formerly HIST 490 Internship: Public History)
V1-6 cr. Provides public history opportunities for students in local organizations which utilize public historians.

HSTR 498 Internship/Cooperative Education I, II, III
(formerly HIST 496 Cooperative Education/Internship)
V1-9 cr. Provides university credit for a work experience in the area of History supervised by faculty. Learning agreement must be completed prior to registration (restricted).

HSTR 499 Senior Capstone: Historical Methodology
(formerly HIST 499 Historical Methodology)
(WR) 3 cr. Prerequisite: 12 semester hours of history or consent of instructor. (F, Sp). Analyzes how historians ask methodological and interpretive questions and how they answer those questioned intellectually and technically. Aids the student in developing an understanding of the historical profession and the tasks of the historian through research and writing exercises, the investigation and evaluation of primary and secondary materials, and study of various methodologies employed by historians.

Humanities

LA 437, (406) 657–2348

HUMN 292 Seminar
3 cr. Provides students an opportunity to study subjects in the Humanities which are not explored in regular courses.

HUMN 492 Seminar
3 cr. Provides advanced students an opportunity to study subjects in the Humanities which are not explored in regular courses.

Languages

LA 400, (406) 657–2348

LANG 101, 102 Elementary Foreign Language I, II
4, 4 cr. (F, Sp). The courses provide credit for students who wish to satisfy one year of the foreign language requirement in a language other than French, German or Spanish.

LANG 201, 202 Intermediate Foreign Language I, II
3, 3 cr. The courses provide credit for students who wish to satisfy a second year of the foreign language requirement in a language other than French, German or Spanish.

LANG 292 Seminar
V1-3 cr. Provides freshmen and sophomores an opportunity to investigate intensively topics pertinent to the field of Languages and Literatures.

LANG 293 Workshop
V1-8 cr. Provides an opportunity for experimental study in Languages and Literatures.

LANG 295 Study Abroad
3 cr. Prerequisites: Successful completion of LANG 102 or FRCH 102 or GERM 102 or SPNS 102 with a grade of “C” or better, or consent of department chair. Provides students with faculty-led, “real life” opportunities to practice second language skills within an authentic cultural and linguistic framework. Combines on-site university classroom activities, native-guided excursions, and residence with a native family to assure maximum immersion in the target language and culture. Students are responsible for air travel, housing, on-site tuition, and entrance fees associated with the course.

LANG 296 Cooperative Education/Internship
V1-9 cr. Provides university credit for a sophomore work experience in the area of Language supervised by faculty. Learning agreement must be completed prior to registration (restricted).

LANG 490 Internship
V1-3 cr. Prerequisites: Completion of 60 credit hours or upper division standing in the Language, 3.0 overall GPA, consent of advisor and approval by the Department Chair. Provides an opportunity for students to acquire field experience and material not covered by regular Foreign Language classes in French, German or Spanish; can only be taken on a Pass/No Pass basis.

LANG 491 Independent Study
V1-5 cr. Prerequisites: consent of instructor and Foreign Languages and Literatures chairperson. Provides an opportunity for students of superior academic standing to explore material not covered by regular college courses.

LANG 492 Seminar
V1-8 cr. Provides an opportunity for study in an area of Languages and Literatures.
LANG 493 Workshop  
V1-8 cr. Provides an opportunity for experimental study in an area of Languages and Literatures.

LANG 495 Study Abroad  
3 cr. Prerequisites: Successful completion of LANG 202 or FRCH 202 or GERM 202 or SPNS 202 with a grade of “C” or better or consent of department chair. Provides students with faculty-led, “real life” opportunities to practice second language skills within an authentic cultural and linguistic framework. Combines on-site university classroom activities, native-guided excursions, and residence with a native family to assure maximum immersion in the target language and culture. Students are responsible for air travel, housing, on-site tuition, and entrance fees associated with the course.

LANG 496 Cooperative Education/Internship  
V1-9 cr. Provides university credit for a work experience in the area of Language, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

LANG 499 International Studies Capstone Course  
1 cr. Prerequisite: Completion of International Studies Minor. Demonstrates the student’s synthesis of knowledge through the creation and implementation of a project (s) which focuses on international studies and which will be disseminated to the larger campus, and the writing of a reflective paper.

English Literature

LA 437/400, (406) 657–2348

* LIT 110 Introduction to Literature  
[formerly ENGL 160 Reading and Responding to Literature]  
3 cr. (F, Sp) Presents students with the opportunity to experience and analyze short and long fiction; narrative, dramatic and lyric poetry; stage and cinematic drama, and selected audio/visual materials. Students will develop skills and attitudes enabling them to experience the written word and selected audio/visual media for insight and entertainment (Course not applicable to English major).

* LIT 230 World Literature Survey  
[formerly ENGL 260 World Foundations of Literature]  
3 cr. (F, Sp) Surveys in translation representative works of world literature (e.g., Chinese, Indian, Russian, Latin American, European) in poetry, prose, and drama which provides a comparative basis for understanding different cultures.

* LIT 240 The Bible As Literature  
[formerly ENGL/PHIL 240 The Bible As Literature]  
3 cr. (Sp) Examines the Bible as a work of literary art. Considers such topics as literary genre, plots, character development, thematic concerns, historical and cultural contexts, and style of writings that make up the Old Testament/Hebrew Bible and the New Testament.

* LIT 270 Film & Literature  
[formerly ENGL 280 Fiction into Film]  
3 cr. (Sp) Focuses on modern and contemporary novels, plays or short stories which have been adapted to film. Emphasizes written and visual literacy.

LIT 300 Literary Criticism  
[formerly ENGL 325 Survey of Literary Criticism]  
3 cr. Prerequisite: LIT 230. (Sp) Surveys the leading literary critics and theorists from Plato and Aristotle to the Formalists of the mid- twentieth century.

LIT 305 Literature by and about Native Americans (crosslisted with NASX 340)  
[formerly ENGL/NAMS 303 Literature of the American Indian]  
3 cr. Prerequisite: at least one lower division course in English or Native American Studies, or permission of the instructor. Includes fictional and non-fictional oral, written, and visual literature pertaining to Native Americans and created by Indians and non-Indians including traditional literature such as legends, myths, teaching stories, humor, songs, orations, dramas, captivity accounts, sign language, winter counts, and hide paintings; contemporary literature such as poetry, songs, short stories, novels, humor, newspapers, theatricals, movies, television, and picture books; and translation, interpretation, and criticism, with insight drawn from Indian cultural traditions, the humanities, and the social sciences.

LIT 307 Latino Literature (crosslisted with SPNS 314)  
[formerly ENGL/SPAN 309 Latino Literature]  
3 cr. (odd Sp) Introduces Latino/a literature with focus on classic and contemporary writers of Hispanic origin living and writing in the U.S. Analyzes their historical, political, cultural, and literary discourses through fictional and some non-fictional works focusing on Latino/a society as a marginalized minority.
LIT 312 Advanced American Literature I
[formerly ENGL 355 American Literature I]
3 cr. Prerequisite: LIT 230. (F) Provides intensive study and discussion of selections from major American writers from the colonial period through the end of the Civil War.

LIT 313 Advanced American Literature II
[formerly ENGL 356 American Literature II]
3 cr. Prerequisite: LIT 230. (Sp) Provides intensive study and discussion of selections by major American writers from the post-Civil War period through the present.

LIT 320 Advanced British Literature I
[formerly ENGL 361 British Literature I]
3 cr. Prerequisite: LIT 230. (taught in sequence with LIT 321 and 322) Provides intensive study and discussion of selections by major British writers from the Anglo Saxon period to 1660. Pays special attention to Old and Middle English poetry and the lyric and dramatic verse of the sixteenth and seventeenth centuries.

LIT 321 Advanced British Literature II
[formerly ENGL 362 British Literature II]
3 cr. Prerequisite: LIT 230. (taught in sequence with LIT 320 and 322) Provides intensive study and discussion of selections from major British writers from the Restoration through the Romantic period.

LIT 322 Advanced British Literature III
[formerly ENGL 363 British Literature III]
3 cr. Prerequisite: LIT 230. (taught in sequence with LIT 320 and 321) Provides intensive study and discussion of selections from major British writers from the Victorian period to 1965.

LIT 327 Shakespeare
[formerly ENGL 444 Shakespeare]
3 cr. Prerequisite: LIT 320 or instructor’s permission. (F) Examines the major dramatic genres of Shakespeare: history/tragedy, and comedy/romance. Studies Shakespeare’s biography, historical context and knowledge of psychology, ethics, and philosophy as reflected in plays.

LIT 335 Women & Literature (crosslisted with A&SC 365)
[formerly ENGL/A&SC 365 Images of Women in Literature and the Arts]
3 cr. (even F) Studies examples of the written, oral, and visual arts depicting women as “voices” of the periods which produced them, and examines how these voices influenced, and continue to color, women’s perceptions of their roles in society. Pays special attention to the literature written by such authors as Doris Lessing, Alice Adams, Anne Sexton, Alice Munro, Megan Terry, and Alice Walker.

LIT 342 Montana Writers
[formerly ENGL 331 Montana Writers]
3 cr. (alternating Sp) Examines literature produced by authors, including Dorothy Johnson, A.B. Guthrie, James Welch, and Ivan Doig, who were born in or live in Montana and set their literary productions in the state.

LIT 370 Science Fiction
[formerly ENGL 270 Science Fiction]
3 cr. (even Sp) Examines the major Humanistic, biological, environmental, psychosocial, and technological themes of science fiction as a significant genre of modern speculative fiction and traces the historical development of science fiction from the 19th century to the present.

LIT 381 Young Adult Literature
[formerly ENGL 381 Adolescent Literature]
3 cr. (F) Provides students with knowledge of books written specifically for young adults and with a background in the various kinds of material available for both in-class and out-of-class reading experiences for preteens and teenagers. Issues involved in assigning and recommending reading materials for Middle School, Junior and Senior High School students are covered, including units on censorship and methods of promoting books through classroom activities.

LIT 432 Major Writers
[formerly ENGL 471 Major Writers]
3 cr. Provides advanced study of the work of a selected author or authors.

LIT 460 Studies in British Literature
[formerly ENGL 460 Studies in British Literature]
V1-3 cr. R-6. Prerequisite: upper division status. Provides advanced study of major developments, periods, genres, or themes in British Literature. Course content will vary, and the course may be repeated for credit.

LIT 461 Studies in American Literature
[formerly ENGL 461 Studies in American Literature]
V1-3 cr. R-6. Prerequisite: upper division status. Provides advanced study of major developments, periods, genres, or themes in American literature. Course content will vary, and the course may be repeated for credit.
LIT 462 Studies in Literature and the Environment
(formerly ENGL 462 Studies in Literature and the Environment)
3 cr. Prerequisite: upper division status or permission of the instructor. Provides intensive study and discussion of literary text concerning nature and the environment and of environmental content of texts.

LIT 463 Studies in Contemporary Literature
(formerly ENGL 463 Studies in Contemporary Literature)
V1-3 cr. R-6. Prerequisite: upper division status. Provides advanced study of major developments, genres, or themes in American, British, and/or Western-European fiction, poetry, and drama (and film where relevant) since 1965. Appropriate connections among national literatures will be explored. Course content will vary, and the course may be repeated for credit.

LIT 464 Studies in Medieval Literature
(formerly ENGL 464 Studies in Medieval Literature)
V1-3 cr. R-6. Prerequisite: LIT 230 or instructor’s permission. Provides advanced study of British and/or Western European medieval literature, with special emphasis on an influential major author, or authors, and on the major genres and themes of western medieval literature.

LIT 499 Thesis/Capstone: Portfolio
(formerly ENGL 425 Senior Portfolio)
(WR) 3 cr. Prerequisites: WRIT 201 and senior status. (F, Sp) Requires students to produce a substantial quantity and variety of nonfiction prose. Each student makes an oral presentation of his or her best chosen work with the advice of instructor. Course affords opportunity for conferences with instructor as well as discussions of related readings. Designed especially for senior English majors. Work produced for Senior Portfolio constitutes an outcomes assessment of the quality of the student’s training in English.

Library Science
Library, (406) 657–2262

* LS 125 Research in the Information Age
(TN) 3 cr. (F, Sp, Su) Introduces students to how information is organized and demonstrates how to find, evaluate, and use books, articles, web pages, and other materials in both electronic and print forms. The course also covers the steps of the research process including how to think critically about information, how to use information ethically, how to navigate ongoing changes in information sources, and how to cite sources.

Mathematics

LA 848, (406) 657–2228

M 065 Prealgebra
(formerly M 061 Basic Mathematics)
3 cr. Covers pre-algebra concepts involving terminology, fractions, decimals, percent, ratio and proportion, measurement, geometry, and statistics. Credits do not apply toward graduation requirements nor fulfill General Education requirements. However, the credits do count towards enrollment status for financial aid.

M 090 Introductory Algebra
(formerly MATH 101 Introductory Algebra)
3 cr. Prerequisite: Proficiency in basic mathematics. Covers introductory algebra concepts involving terminology, exponents, operations on rational numbers, multiplication of polynomials, and basic factoring. Credits do not apply toward graduation requirements and do not fulfill General Education requirements. However, the credits do count towards enrollment status for financial aid.

M 095 Intermediate Algebra
(formerly MATH 105 Algebra for College Students)
4 cr. Prerequisite: M 090 or equivalent. Reviews elementary algebraic concepts and covers more advanced factoring, operations on rational expressions and radical expressions, quadratic equations, the rectangular coordinate system, and exponential and logarithmic functions. Credits do not apply toward graduation requirements and do not fulfill General Education requirements. However, the credits do count towards enrollment status for financial aid.

M 098 Introductory & Intermediate Algebra
5 cr. Prerequisites: M 065 or equivalent COMPASS score. (F, Sp, Su) Covers basic algebra concepts including terminology; operations on rational numbers; solving and graphing linear equations and inequalities in one and two variables; determining equations of lines; polynomial and function operations; operations on exponential and radical expressions; factoring; solving rational, absolute value, radical, and systems of equations; solving and graphing quadratic equations. This is a modularized course based on mastery learning in which students will earn credit for each module (A, B, C, D, E) by examination.
* M 105 Contemporary Mathematics  
[formerly MATH 141 Contemporary Mathematics]  
3 cr. Prerequisite: M 095 or three years of high school mathematics. (F, Sp) Introduces the student to areas of interest in applied and pure mathematics. Content may vary.

M 110 Mathematical Computing  
[formerly MATH 110 Mathematical Computing]  
1 cr. Corequisite: M 172. (F, Sp) Introduces the use of computer algebra systems to solve mathematical problems.

* M 121 College Algebra  
[formerly MATH 106 College Algebra]  
3 cr. Prerequisite: M 095. (F, Sp, Su) Covers polynomial, rational, exponential, and logarithmic functions.

M 130 Mathematics for Elementary Teachers I  
[formerly MATH 201 Fundamentals of Mathematics I]  
3 cr. Prerequisite: M 095 or equivalent. (F, Sp) Restricted to majors in elementary education and special education. Stresses problem solving techniques, sets, properties of number systems, algorithms for operations, number theory, and probability.

* M 131 Mathematics for Elementary Teachers II  
[formerly MATH 202 Fundamentals of Mathematics II]  
3 cr. Prerequisite: M 130 or consent of instructor. (F, Sp) Focuses on geometry, measurement, computer programming for elementary mathematics, and utilization of computer software for geometry.

* M 143 Finite Mathematics  
[formerly MATH 121 Finite Mathematics]  
4 cr. Prerequisite: M 095 or equivalent. (F, Sp) Studies applications of systems of linear equations to problems of optimization, elementary functions, logic, and mathematics of finance. Introduces differentiation.

* M 151 Precalculus  
[formerly MATH 107 Precalculus]  
5 cr. Prerequisite: M 121. (F, Sp) Includes polynomial, rational, exponential, logarithmic, and trigonometric functions. Includes modeling with functions and analytic trigonometry.

* M 171 Calculus I  
[formerly MATH 112 Calculus I]  
4 cr. Prerequisite: M 151. (F, Sp) Covers differentiation and presents applications to the approximation of functions, root finding, and 1-variable optimization. Introduces integration.

M 172 Calculus II  
[formerly MATH 113 Calculus II]  
4 cr. Prerequisite: M 171. Corequisite: M 110. (F, Sp) Includes techniques and applications of integration, analytic geometry and the theory of sequences and series. This course is a continuation of M 171.

M 273 Multivariable Calculus  
[formerly MATH 312 Multivariable Calculus]  
4 cr. Prerequisite: M 172. (F) Covers vector-valued functions, functions of two and three variables, partial differentiation, as well as multiple, line, and surface integrals; includes a variety of applications.

M 274 Introduction to Differential Equations  
[formerly MATH 302 Intermediate Differential Equations]  
4 cr. Prerequisite: M 172. (Sp) Presents methods for the solution of first and higher-order differential equations including variation of parameters, undetermined coefficients, the Laplace transform, and power series expansions. Introduces phase plane methods.

M 294 Seminar/Workshop  
[formerly MATH 292 Seminar]  
V1-3 cr. Provides students an opportunity to investigate intensively topics pertinent to the field of Mathematics.

M 294 Seminar/Workshop  
[formerly MATH 293 Workshop]  
V1-8 cr. Provides an opportunity for experimental study in an area of Mathematics.

M 298 Cooperative Education/Internship  
[formerly MATH 296 Cooperative Education/Internship]  
V1-9 cr. Provides university credit for a sophomore work experience in the area of Mathematics supervised by faculty. Learning agreement must be completed prior to registration (restricted).

M 302 Trends in Elementary Mathematics  
[formerly MATH 320 Trends in Elementary Mathematics]  
3 cr. Prerequisites: M 131 or consent of instructor. Focuses on a consideration of applications of mathematics that are within the scope of the elementary (K-8) mathematics curriculum. Examples will be drawn from existing elementary mathematics curriculum projects and be adapted from projects at higher levels. The use of this content will serve to reflect the curriculum changes that have been called for by the Curriculum and Evaluation Standards (NCTM,
1989) and will show how math is responding to the expectation that the curriculum demonstrate greater relevance. Topics to be covered include geometry and technology, measurement, social science applications, business applications, and science applications (especially using probability). Technology will be incorporated as appropriate in all activities.

**M 305 Discrete Structures I**  
*formerly MATH/COMP 305 Discrete Structures I*  
4 cr. Prerequisite: M 172 and CSCI 111A. (F)  
Covers logic, recursion, induction and basic data models. Surveys combinatorics and the theory of algorithms with attention to design analysis and verification techniques.

**M 306 Discrete Structures II**  
*formerly MATH/COMP 306 Discrete Structures II*  
4 cr. Prerequisites: M 305. (Sp) Discusses algorithm design in the context of graph theory. Introduces automata and formal languages. Covers logic, computability, artificial intelligence and robotics.

**M 329 Modern Geometry**  
*formerly MATH 311 Geometry*  
(WR) 3 cr. Prerequisite: M 333 or consent of instructor. (Sp) Deals with the fundamentals of synthetic and modern geometry. Covers topics in non-Euclidean geometry as well as topics in Euclidean geometry, such as finite geometry, space geometry, constructions, and solid geometry.

**M 330 History of Mathematics**  
*formerly MATH 331 History of Mathematics*  
(WR) 3 cr. Prerequisite: junior standing or consent of instructor. (F) Emphasizes the historical development of mathematics during 5,000 years, from primitive counting through set theory. Particularly useful for those teaching mathematics.

**M 333 Linear Algebra**  
*formerly MATH 301 Applied Linear Algebra*  
4 cr. Prerequisite: M 273. (Sp) Covers linear systems and matrices, determinants, vector spaces, linear transformations, eigenvalues and eigenvectors, and orthogonality. Exact topics may vary year to year.

**MATH 341 Probability – See STAT 341**

**M 371 Numerical Computing**  
*formerly MATH/COMP 371 Numerical Computing*  
(TN) 4 cr. Prerequisite: M 333. (Sp) Presents floating-point arithmetic, approximate solution of equations and systems of equations, polynomial interpolation, numerical integration and differentiation, and the approximate solution of ordinary differential equations. Exact topics may vary from year to year.

**M 397 Education Methods: Peer Tutoring**  
*formerly MATH 390 Peer Tutoring*  
1 cr. R-3 Prerequisites: mathematics major or minor and approval of the director of the Math Lab. Provides practical experience imparting basic mathematical skills to the students in the Math Lab.

**M 431 Abstract Algebra I**  
*formerly MATH 421 Algebraic Structures*  
3 cr. Prerequisite: M 333. (F) Covers groups, rings, fields and vector spaces. Exact topics may vary from year to year.

**M 471 Mathematical Analysis**  
*formerly MATH 412 Mathematical Analysis I*  
3 cr. Prerequisite: M 273. Presents the basic theorems of one and multivariable analysis as a basis for higher analysis and its applications.

**M 472 Introduction to Complex Analysis**  
*formerly MATH 413 Mathematical Analysis II*  
3 cr. Prerequisite: M 471. Covers topics in multivariable calculus and/or complex variables.

**M 492 Independent Study**  
*formerly MATH 491 Independent Study*  
V1-3 cr. Prerequisites: consent of instructor and department chairperson. Provides outstanding students an individual opportunity to explore material not covered by regular mathematics courses.

**M 494 Seminar/Workshop**  
*formerly MATH 492 Seminar*  
V1-3 cr. Prerequisite: mathematics major or minor, or consent of instructor. Investigates intensively topics pertinent to the area of Mathematics.

**M 494 Seminar/Workshop**  
*formerly MATH 493 Workshop*  
V1-3 cr. Provides an opportunity for experimental study in an area of Mathematics.

**M 498 Internship/Cooperative Education**  
*formerly MATH 496 Cooperative Education/Internship*  
V1-9 cr. Provides university credit for a work experience in the area of Mathematics, supervised by faculty. Learning agreement must be completed prior to registration (restricted).
M 499 Capstone
[formerly MATH 498 Capstone Seminar]
V1-3 cr. Prerequisite: Senior Standing in Math. (F)
Studies a single area of mathematics in depth, drawing on ideas and techniques from previous courses. Requires students to analyze and create mathematical arguments that lead to written or oral reports.

MATH 161 Math for Health Sciences 4 cr.
Prerequisite: M 095 or equivalent. Covers systems of measurements and their relations. Treats thoroughly the mathematics of pharmacology. Introduces elementary functions as models of biological behavior.

Management
McD 300, (406) 657-2295

MGMT 321 Principles of Management
3 cr. Prerequisite: Junior standing or consent of department. (F, Sp, Su) Introduces the principles of managing organizations (both public and private). The course familiarizes the student with the skills needed by managers and the best practices used by organizations in a changing global environment. Topics include diversity, globalization, motivation, social responsibility, leadership, strategic planning, group dynamics, and organizational change.

MGMT 322 Operations Management
3 cr. Prerequisites: Admission to upper division standing or consent of department. (F, Sp, Su) Surveys the tasks which must be accomplished in that part of the organization which produces its service or products. Presents selected critical quantitative models from a managerial perspective. Introduces students to the design of services and products, planning and control, inventory systems and the management of quality.

MGMT 353 Organizational Behavior
3 cr. Prerequisites: Admission to upper division standing and MGMT 321 or consent of department. (F) Studies individual and group behavior in organizations. The course examines how issues such as personality, attitudes, motivation, group dynamics, power, leadership, and conflict management affect individual and organizational performance. The course focuses on how these issues can be managed and utilized to improve employee performance in the workplace.

MGMT 422 Project Management
3 cr. Prerequisites: MGMT 321 and MGMT 322, or consent of department. (F, Sp) Covers all aspects of project management including project definition, methods and strategy, resource scheduling and allocation, leadership, managing teams, partnering, minimizing risks, benchmarking project progress and performance and project termination and review. Students utilize Microsoft Project to implement and manage a project.

MGMT 438 Small Business Management and Entrepreneurship
(WR) 3 cr. Prerequisites: BUS 315, MGMT 321, MKT 340, BFIN 322, or consent of department. (F, Sp) Addresses issues typically faced by managers of smaller businesses. Accounting and inventory systems, financial analysis, means of raising capital, management and marketing techniques, and guidelines for writing a business plan are presented, emphasizing the needs of smaller businesses. Students will write a business plan.

MGMT 439 Entrepreneurship
3 cr. Prerequisites: BUS 347, MGMT 321, MKT 340, BFIN 322. Offered ONLY Online. (F) Addresses issues typically faced by managers of businesses. Accounting and inventory systems, financial analysis, means of raising capital, management and marketing techniques, and guidelines for writing a business plan are presented. Students will write a business plan.

MGMT 452 Human Resource Management
3 cr. Prerequisites: MGMT 321 and Admission to upper division standing, or consent of department. (F, Sp) Presents an overview of the laws and practices involved in providing an organization with the needed skilled workforce. Topics include best practices for handling recruiting and selecting employees, evaluating employee performance, making promotion and discipline decisions, creating fair compensation systems, dealing with sexual harassment and various discrimination issues, and handling union-management relations.

MGMT 456 International Business
(WR) 3 cr. Prerequisites: Admission to upper division standing and MGMT 321 or consent of department. (Sp) Engages students with the complexities and challenges of doing business in a global economy. Emphasis is on learning about cultural diversity and different approaches to management and negotiation, theories of international trade, exchange rates, and an introduction to elements of importing and exporting. Country analyses and a cross national negotiation simulation are required.
MGMT 472 Principles of Fire Management
3 cr. Prerequisite: Business Core. Offered ONLY Online. Addresses issues routinely faced by fire department managers. Management of fire personnel, relationships between department and community as well as problems and issues faced, cross-department interactions, zero-based budgeting, and services offered by fire departments are examined.

MGMT 473 Principles of Planning and Prevention
3 cr. Prerequisite: Business Core. Offered ONLY Online. Investigates issues routinely faced by fire department managers. Master planning, maintaining department readiness and training, engineering elements in fire prevention, evaluation and enforcement of safety codes, terrorism issues, and working with schools and Fire Marshals will be examined.

MGMT 488 Business Strategy
(WR) 3 cr. Prerequisites: COB Required Core courses and senior standing or consent of department. (F, Sp, Su) Covers strategic analysis and planning for managerial decision making. Use of comprehensive cases from small to moderate sized businesses is the focus of study.

MGMT 491 Independent Study
V1-3 cr. Prerequisites: Admission to upper division standing, consent of department, and approval of the College of Business Academic Policy Committee (CBAPC). (F, Sp, Su) Provides outstanding junior and senior students an opportunity to explore material not covered by regular Management courses. Students must complete a Request for Independent Study form and have it approved by CBAPC.

MGMT 492 Seminar
V1-3 cr. Prerequisite: Admission to upper division standing or consent of department. (F, Sp, Su) Provides senior students an opportunity to intensively investigate topics pertinent to the field of Management.

Information Systems
McD 300, (406) 657-2295

* MIS 150 Information Access and Organization
3 cr. (F, Sp) Explores access to information, organization of information, retrieval, and decision-making models for analysis and presentation of information in a wide variety of environments and formats.

MIS 210 Systems Analysis and Design (crosslisted with MIS 410)
(TN) 3 cr. Prerequisites: MIS 352 or CMP 112. Corequisite: MIS 365. (F) Introduces the theory, principles and methodologies of systems analysis and design. Seniors will complete a major project assignment. (crosslisted with COT)

MIS 244 Operating Systems, Algorithms, Data Structures and Hardware
3 cr. Prerequisites: MIS, 103, 104 or successfully pass competency exams. Introduces the main concepts from both traditional and distributed operating systems. Topics covered include: goals, structural concepts, process management, memory management, storage management, and security issues. Examples are drawn from a variety of operating systems. Also includes data structures and algorithms.

MIS 292 Seminar
(TN) V1-3 cr. Provides an opportunity for students to investigate areas of Information Systems.

MIS 310 Web Design, Development and Implementation
3 cr. (F, Sp, Su) Provides students with basic concepts, theories, and tools to design, develop and implement Web pages. Includes advanced Internet researching techniques and skills.

MIS 330 Principles of Management Information Systems
3 cr. Prerequisite: CAPP 131 or equivalent, junior standing. (F, Sp, Su) Introduces the fundamental concepts of management information systems in business organizations.

MIS 352 Microcomputer Database Design and Implementation
(TN) 3 cr. (Su) Covers the concepts and design of microcomputer database management systems. Extensive hands-on with database programs. Students complete a large database management system for a small business.

MIS 365 Database Management
(TN) 3 cr. Prerequisites: Admission to upper division standing, CSCI 100 or consent of department. (F) Introduces the theory and principles of modern database management systems, including the ideas of data and program independence, schemas, hierarchical and network structures, relational systems and data description and query languages. The student uses several data base systems available on mainframe and microcomputers on campus. Includes a major project assignment.
MIS 372 Advanced Database Programming  
(TN) 3 cr. Prerequisites: Admission to upper division standing, CSCI 100 and MIS 365. 
Introduces fourth generation languages using database programming techniques. The application of SQL programming language on micro-computers will be included. 4GL programming will include RISC environment applications.

MIS 410 Systems Analysis and Design (crosslisted with MIS 210)  
(TN) 3 cr. Prerequisites: MIS 352 or CMP 112. 
Corequisite: MIS 365. (F) Introduces the theory, principles and methodologies of systems analysis and design. Seniors will complete a major project assignment. (crosslisted with COT)

MIS 424 Business Intelligence with SQL Server  
(TN) (WR) 3 cr. Prerequisites: Admission to upper division standing and MIS 410. Introduces students to the role of Business Intelligence in the delivery of accurate, useful, and timely information to the appropriate decision makers to support effective decision making. Looks into the source and foundations of Business Intelligence; covers creation of Data Marts, building OLAP and Cubes by using Microsoft SQL Server.

MIS 461 Interactive Web Development  
3 cr. Prerequisite: MIS 310. Provides students with skills needed to create animation and interactive elements for website creation. Covers advanced theory and application of web design.

MIS 462 Advanced Web Development  
3 cr. Prerequisite: MIS 310. Provides students with advanced web programming and design skills needed to create sophisticated website creation. Covers advanced theory and application of web design.

MIS 463 Server Side Scripting  
3 cr. Prerequisite: MIS 310, MIS 365. Provides students with advanced web programming skills needed to create websites with database interaction.

MIS 491 Independent Study  
V1-3 cr. Prerequisites: Admission to upper division standing, consent of department, and approval of the College of Business Academic Policy Committee (CBAPC). (F, Sp, Su) Provides outstanding junior and senior students an opportunity to explore material not covered by regular Information System courses. Students must complete a Request for Independent Study form and have it approved by CBAPC.

MIS 492 Seminar (TN)  
V1-3 cr. Prerequisite: Admission to upper division standing. (F, Sp, Su) Provides students an opportunity to extensively investigate topics pertinent to Information Systems.

Marketing

McD 300, (406) 657-2295

MKT 340 Principles of Marketing  
3 cr. (TN) Prerequisite: Junior standing or consent of department. (F, Sp, Su) Presents behavioral patterns and legal and economic constraints affecting marketing decisions. Introduces analytic and control techniques for effective product planning, promotion, pricing and physical distribution.

MKT 341 Consumer Behavior  
3 cr. Prerequisites: Upper division standing, MKT 340 or consent of department. (Sp, Su) Covers the consumer-firm relationship using concepts from contemporary behavioral sciences. Emphasizes the many problems encountered in marketing to various groups of consumers and the role theory plays in problem solving.

MKT 343 Integrated Marketing Communications  
3 cr. Prerequisites: Admission to upper division standing and MKT 340 or consent of department. (F) Emphasizes theories and practices of advertising, sales promotion and public relations in the marketing program. Includes promotional planning and strategy, program integration and effectiveness and relevant communications concepts.

MKT 344 Professional Selling  
3 cr. Prerequisites: Admission to upper division standing. Corequisite: MKT 340 or consent of department. (F, Sp) Includes the principles of professional selling through strategically planning, making the sales call, strengthening communications, and building partnerships.

MKT 365 e-Commerce  
3 cr. Prerequisite: MKT 340. Provides a seminar course examining the rapid and profound changes occurring within business due to e-Commerce. Issues covered include: internet marketing, e-business in the supply chain, electronic shopping, and internet marketing strategies. The pros and cons of e-Commerce are examined, as well as, characteristics of good marketing on the web.
MKT 443 Applied Marketing Communications
3 cr. Prerequisites: MKT 340, MKT 343, or consent of department. (Sp) Develops marketing communications involving business and community clients. Project management and budget analysis is essential to the quality and accuracy of communication plans. The end goal of the course is the development of communication deliverables using interdisciplinary skills from across the campus and community.

MKT 448 Market Research
(TN) 3 cr. Prerequisites: Admission to upper division standing, MKT 340, or consent of department. (F, Sp) Surveys the influence of market research on the decision-making process. Includes problem formulation, research design, observational and sampling requirements, data analysis, interpretation and reporting.

MKT 449 Strategic Marketing Management
3 cr. Prerequisites: Admission to upper division standing, MKT 340, MKT 341 and MKT 448 or consent of department. (Sp) Covers the methods and techniques employed in marketing management, including study of consumers, retailers, product, and controlling the total marketing program.

MKT 460 International Marketing
3 cr. Prerequisite: MKT 340. Explores the unique aspects of international marketing for both small entrepreneurial firms and for large multinational corporations. Operating in an international context provides unique challenges for small businesses. In order to be successful, firms must adapt to the social, technological, economic, and political environment (STEP) in which they operate. The first part of the course examines how the STEP environment alters international marketing practice. The second part of the course is designed to help students manage the marketing mix (product, promotion, pricing, distribution) in international markets.

MKT 470 Supply Chain Management
3 cr. Prerequisites: Upper division standing and MKT 340. Provides the fundamentals of supply chain management through class lecture, cases, and discussions. Topics include internal and external environments, customer service, logistics, strategy, global dimensions, distribution, planning and forecasting.

MKT 475 Services Marketing/Management
3 cr. Prerequisites: Upper division standing, MKT 340 and MGMT 321. (Sp) Provides practical techniques for defining and meeting the needs of each set of an organization’s external and internal customers. Emphasizes the key drivers of service, e.g., creating a culture of service, customer focused information systems, incentives for customer service, empowered employees, customer satisfaction, and market orientation. Additionally, the leadership role of senior, middle, and lower levels of management will be examined.

MKT 480 National Advertising Campaign
3 cr. Prerequisites: Admission to upper division standing, MKT 340 and consent of department. Provides senior level students with an opportunity to research, develop, and present a professional quality advertising campaign to a nationally recognized panel of professionals and clients. Relies on a team approach and group projects.

MKT 491 Independent Study
V1-3 cr. Prerequisites: Admission to upper division standing, consent of department, and approval of the College of Business Academic Policy Committee (CBAPC). (F, Sp, Su) Provides outstanding junior and senior students an opportunity to explore material not covered by regular Marketing courses. Students must complete a Request for Independent Study form and have it approved by CBAPC.

MKT 492 Seminar
V1-3 cr. Prerequisite: Admission to upper division standing or consent of department. (F, Sp, Su) Provides senior students an opportunity to intensively investigate topics pertinent to the field of Marketing.

Military Science
McM 5th Floor/LA 809, (406) 247–5733

MSG 101 Introduction to Military Leadership Skills
2 cr. Corequisite: MSG 106. Establishes a framework for understanding officerhip, leadership, Army values and physical fitness, time management, communications theory and practice (written and oral), and interpersonal relationships. These initial lessons form the building blocks of progressive lessons in values, fitness, leadership, and officerhip. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall, Spring, and Summer sessions.

MSG 102 Basic Leadership Skills & Concepts
2 cr. Corequisite: MSG 106. Establishes a foundation of basic leadership fundamentals such as: problem solving, communications, military briefings, effective
writing, goal setting, techniques for improving listening and speaking skills, in addition to an introduction to counseling. Provides students with a basic understanding of situational leadership as it applies to the military and how the basic concepts and practices relate to individuals and organizations. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall, Spring, and Summer sessions.

MSG 105 Army Physical Conditioning and Training Laboratory
1 cr. R Corequisite: All MSG courses. Develops confidence and discipline in mind and body through a regimented and challenging physical conditioning course. Designed to provide students a framework of fitness skills, planning, and testing for a lifetime of health. The course consists of three Physical Training (PT) sessions per week that include: running, swimming, upper body, core development, sports, and team building exercises. Offered Fall, Spring, and Summer sessions.

MSG 201 Leadership Development & Life Skills
3 cr. Corequisite: MSG 106. Develops an understanding of how to build teams, influence, communicate, a process for effective decision making, teaches creative problem solving, and the fundamentals of planning. Students identify successful leadership characteristics through observation of others and self through experiential learning exercises. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall, Spring, and Summer sessions.

MSG 202 Leadership Management & Team Building
3 cr. Corequisite: MSG 106. Provides an advanced look at leadership principles and the application and practice of those principles. Examines building successful teams, various methods for influencing action, effective communication, and achieving goals. Additionally, stresses the importance of timing the decision, creativity in the problem solving process, and obtaining team buy-in through immediate feedback. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall, Spring, and Summer sessions.

MSG 203 Ranger Challenge Laboratory
1 cr. Prerequisite: Consent of instructor. Corequisites: MSG 101, 201, 301, or 401. Provides a forum to execute and evaluate the leadership skills and abilities developed in practical exercises, tactical scenarios, and peer mentorship. This course evaluates the tactical, technical, and communication skills and duties common to all branches of the Army. Develops leadership and the ability to function effectively in small unit operations. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall semester.

MSG 298 Leadership Training Course – Internship
V1-6 cr. Prerequisite: Consent of instructor. Provides a forum for the development of military leadership fundamentals. Leadership Training Course (LTC) is four weeks of intense classroom and field training held in the summer at Fort Knox, Kentucky. This course is an accelerated version of the two years of leadership development training Cadets receive in the Basic Course of ROTC (freshman & sophomore years on campus). By transforming themselves through this rigorous training, students will qualify for enrollment in the Army ROTC Advanced Course on campus, provided they have two years of college remaining (undergraduate or graduate).

MSG 301 Small Unit Tactics & Operations
3 cr. Prerequisites: MSG 101, 102, 201, and 202 or MSG 298. Corequisite: MSG 106. Provides for the study, evaluation, and practice of the adaptive leadership model in order to acquire the same. The Leadership Development Program (LDP) is used to develop self-awareness, behavior modification, and critical thinking. Battle drills serve to assist in preparing the student/leader for Warrior Forge. Students conduct self-assessment of leadership style, develop personal fitness regimen, and learn to plan and conduct individual/small unit tactical training while testing reasoning and problem-solving techniques. Students receive direct feedback on leadership abilities. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall semester. Restricted to contracted Military Science students.

MSG 302 Applied Leadership and Tactics Training
3 cr. Prerequisite: MSG 301. Corequisite: MSG 106. Provides a forum in order to execute and evaluate the leadership skills and abilities developed in practical exercises, tactical scenarios, and mentorship. Evaluates the tactical, technical, and administrative skills and duties common to all branches of the Army. Develops leadership behaviors and the ability to function effectively in small unit operations. Examines the role communications, values, and ethics play in the leadership role. Topics include: ethical decision-
making, considerations of others, spirituality in the military, and case studies of effective leaders. Explores the leader’s role in planning, directing, and coordinating the efforts of individuals and small groups in tactical missions. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Spring semester.

**MSG 398 Warrior Forge – Internship**  
**V1-6 cr. Prerequisite: Consent of instructor.**  
Provides an environment in which to evaluate and enhance students’ leadership abilities in a controlled and challenging environment. This serves as U.S. Army Cadet Command’s flagship training and assessment exercise held at Fort Lewis, Washington each summer. Every Army ROTC Cadet hoping to pin-on the gold bar of an Army lieutenant must successfully complete Warrior Forge. After graduation, most attendees will go back to their colleges or universities to finish their degrees and then be commissioned as an Officer of the U.S. Army. Offered during Summer session.

**MSG 401 The Army Officer: Roles & Responsibilities**  
**3 cr. Prerequisite: Consent of instructor. Corequisite: MSG 106.** Develops proficiency in planning and executing complex operations, functioning as a member of a staff, and mentoring subordinates. Students explore training management, methods of effective team collaboration, and developmental counseling techniques, as well as the application of leadership principles and techniques involved in leading young men and women in today’s Army. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall semester.

**MSG 402 Officersonship: Ethics & Justice in the Army**  
**3 cr. Prerequisite: Consent of instructor. Corequisite: MSG 106.** Focuses on case study analysis of military law and practical exercises in establishing an ethical command climate. Future leaders must complete a semester-long Senior Leadership Project that requires them to plan, organize, collaborate, analyze, and demonstrate their leadership skills. The course includes understanding of the ethical components of the Uniform Code of Military Justice and civil rights legislation, study of the military justice system and Army law administrations, exploration of the dynamics of leading in complex situations, and preparation for transition from college student to commissioned Officer in the Army. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Spring semester.

**MSG 491 Leadership Special Topics**  
**V1-6 cr.** Provides a course of study not required in any curriculum for which there is a particular one-time need. Serves the needs of the instructor and/or student(s) otherwise not covered in any other class or curriculum. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Spring, Summer, and Fall sessions.

**MSG 492 Advanced Leadership Practicum**  
**V1-6 cr. Prerequisite: Consent of instructor.** Provides a study in military tactics, leadership, and organizational behavior. Students are closely supervised by military Officers in order to provide one-on-one developmental counseling and mentorship. Restricted to contracted Military Science students. This course includes a required field training component which includes physical fitness, orienteering, and other outdoor skills. Offered Fall, Spring, and Summer sessions.

**Music Education**  
**CI 119, (406) 657–2350**

**MUSE 101 Fundamentals of Music for Elementary Teachers**  
[formerly MUSC 101 Fundamentals of Music for Elementary Teachers]  
**2 cr. Prerequisite: Restricted to majors in Elementary Education and Special Education.** Introduces basic concepts, skills and vocabularies in music appropriate for elementary teachers.

**MUSE 272 Techniques: Flute and Single Reed**  
[formerly MUSC 250 Flute and Single Reed Pedagogy]  
**1 cr. R-2. (odd Sp)** Prepares the prospective teacher with the knowledge of methods of instruction and problems of public school music in woodwind instruments; develops fundamental technical skills on flute, clarinet and saxophone. Includes laboratory experience for the student.

**MUSE 273 Techniques: Double Reed**  
[formerly MUSC 251 Double Reed Pedagogy]  
**1 cr. (odd Sp)** Prepares the prospective teacher with the knowledge of methods of instruction and problems of public school music in double reed instruments;
develops fundamental technical skills on oboe and bassoon. Includes laboratory experience for the student.

MUSE 274 Techniques: Upper Brass  
[formerly MUSC 252 High Brass Pedagogy]  
1 cr. (odd F) Prepares the prospective teacher with the knowledge of methods of instruction and problems of public school music in high brass instruments; develops fundamental technical skills on trumpet and French horn. Includes laboratory experience for the student.

MUSE 275 Techniques: Lower Brass  
[formerly MUSC 253 Low Brass Pedagogy]  
1 cr. (odd F) Prepares the prospective teacher with the knowledge of methods of instruction and problems of public school music in low brass instruments; develops fundamental technical skills on trombone, bass trombone, euphonium, baritone and tuba. Includes laboratory experience for the student.

MUSE 276 Techniques: Percussion  
[formerly MUSC 254 Percussion Pedagogy]  
1 cr. R-2. (even Sp) Prepares the prospective teacher with the knowledge of methods of instruction and problems of public school music in the percussion area; develops fundamental technical skills in percussion instruments. Includes laboratory experience for the student.

MUSE 278 Techniques: String Instrument  
[formerly MUSC 255 String Instrument Pedagogy]  
1 cr. R-2. (even Sp) Prepares the prospective teacher with the knowledge of instruction and problems of public school music in the teaching of string instruments. Develops fundamental technical skills on string instruments. Includes laboratory experience for the student.

MUSE 279 Techniques: Vocal  
[formerly MUSC 256 Vocal Pedagogy]  
1 cr. R-2. (even F) Prepares the prospective teacher with the knowledge of instruction and problems of public school music in the vocal area. Develops fundamental technical skills in this area. Includes laboratory experience for the student.

MUSE 330 Keyboard Pedagogy  
[formerly MUSC 374 Piano Pedagogy I]  
1 cr. Prerequisite: junior standing or consent of instructor. Preparation of advanced piano students for teaching of beginning pupils, privately and in groups. Includes a survey of materials and teaching methods appropriate for this level.

MUSE 430 Keyboard Pedagogy II  
[formerly MUSC 470 Piano Pedagogy II]  
1 cr. Prerequisite: MUSE 330. Provides piano students with actual teaching situations for the practical application of principles studied in piano pedagogy. Includes supervised planning, presentation and evaluation of lessons.

MUSE 431 Keyboard Pedagogy III  
[formerly MUSC 471 Piano Pedagogy III]  
1 cr. Prerequisite: MUSE 430. Continues actual teaching situations for the practical application of principles studied in piano pedagogy. Includes supervised planning, presentation and evaluation of lessons.

Music
CI 119, (406) 657-2350

* MUSI 101 Enjoyment of Music  
[formerly MUSC 100 Music Appreciation]  
3 cr. (F, Sp, Su) Introduces methods of music understanding and perceptive listening. Examines the language and forms of music, plus the styles and genres of the Baroque, Classical, Romantic and Contemporary periods.

MUSI 105 Music Theory I  
[formerly MUSC 130 Music Theory I]  
3 cr. Corequisites: MUSI 135 and MUSI 140. (F) The study and application of written harmony, keyboard harmony and analysis.

MUSI 106 Music Theory II  
[formerly MUSC 132 Music Theory II]  
3 cr. Prerequisite: MUSI 105. Corequisites: MUSI 136 and MUSI 141. (Sp) Continues the study and application of written harmony, keyboard harmony, and analysis.

MUSI 108 Orchestra: MSUB  
[formerly MUSC 161 Symphony Orchestra]  
1 cr. R-4. Provides an opportunity for capable students to participate in the Billings Symphony. Registration by audition only.

* MUSI 114 Band: MSUB Symphonic  
[formerly MUSC 160 Symphonic Band I]  
1 cr. R-4. (F, Sp) Provides members an opportunity to perform wind band literature from all periods and styles.
* MUSI 131 Jazz Ensemble I: MSUB
[formerly MUSC 168 Jazz Ensemble I]
1 cr. R. (F, Sp) Provides members the opportunity to perform big band jazz literature from all periods and styles.

MUSI 135 Keyboard Skills I
[formerly MUSC 125 Keyboard Harmony I]
1 cr. Corequisite: MUSI 105. (F) Develops keyboard skills with an emphasis on theory, technique, sight reading, and piano repertoire for the non-keyboard music major.

MUSI 136 Keyboard Skills II
[formerly MUSC 126 Keyboard Harmony II]
1 cr. Corequisite: MUSI 106. (Sp) Continues the development of keyboard skills with an emphasis on theory, technique, sight reading, and piano repertoire for the non-keyboard music major.

MUSI 140 Aural Perception I
[formerly MUSC 131 Aural Skills I]
1 cr. (F) Beginning ear training and sight singing.

MUSI 141 Aural Perception II
[formerly MUSC 133 Aural Skills II]
1 cr. Prerequisite: MUSI 140. (Sp) Continues the development of ear training and sight singing.

* MUSI 147 Choral Ensemble: University Chorus
[formerly MUSC 162 Concert Choir I]
1 cr. R-4. (formerly A Capella Choir) (F, Sp) Provides an opportunity for members to explore and express, through performance, choral music of all periods and styles of composition.

MUSI 162A Chamber Ensembles: Singers
[formerly MUSC 165 Chamber Singers]
1 cr. R. Corequisite: MUSI 147. (F, Sp) Members are selected through audition to study and present vocal chamber music selected from medieval to contemporary compositions.

MUSI 162B Chamber Ensembles: Instrumental
[formerly MUSC 166 Small Ensemble-Instrumental]
1 cr. R. (F, Sp) Brass, Woodwind, String, Percussion, New Music. Offers experience in chamber music for various wind, string and percussion instrument combinations. Designed to improve individual performance skills as well as familiarizing students with outstanding music.

MUSI 195A Applied Music I: Guitar
[formerly MUSC 104 Applied Guitar I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on guitar.

MUSI 195B Applied Music I: Voice
[formerly MUSC 105 Applied Voice I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction in voice.

MUSI 195C Applied Music I: Piano
[formerly MUSC 106 Applied Piano I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on piano.

MUSI 195D Applied Music I: Flute
[formerly MUSC 107 Applied Flute I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on flute.

MUSI 195E Applied Music I: Oboe
[formerly MUSC 108 Applied Oboe I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on oboe.

MUSI 195F Applied Music I: Clarinet
[formerly MUSC 109 Applied Clarinet I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on clarinet.

MUSI 195G Applied Music I: Saxophone
[formerly MUSC 110 Applied Saxophone I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on saxophone.

MUSI 195H Applied Music I: Bassoon
[formerly MUSC 111 Applied Bassoon I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on bassoon.

MUSI 195I Applied Music I: Horn
[formerly MUSC 112 Applied Horn I]
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on horn.
MUSI 195J Applied Music I: Trumpet  
(formerly MUSC 113 Applied Trumpet I)  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on trumpet.

MUSI 195K Applied Music I: Trombone  
(formerly MUSC 114 Applied Trombone I)  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on trombone.

MUSI 195L Applied Music I: Euphonium  
(MUSC 115 Applied Euphonium I)  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on euphonium.

MUSI 195M Applied Music I: Tuba  
(formerly MUSC 116 Applied Tuba I)  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on tuba.

MUSI 195N Applied Music I: Violin/Viola  
(formerly MUSC 117 Applied Violin or Viola I)  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on violin or viola.

MUSI 195O Applied Music I: Cello/Bass  
(formerly MUSC 118 Applied Cello or Bass I)  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on cello or bass.

MUSI 195P Applied Music I: Percussion  
(formerly MUSC 119 Applied Percussion I)  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor. (F, Sp) Provides the student with private instruction on percussion.

MUSI 205 Music Theory III  
(formerly MUSC 230 Music Theory III)  
3 cr. Prerequisite: MUSI 106. Corequisite: MUSI 240. (F) Continues the study and application of written harmony, keyboard harmony and analysis.

MUSI 206 Music Theory IV  
(formerly MUSC 232 Music Theory IV)  
3 cr. Prerequisite: MUSI 205. Corequisite: MUSI 241. (Sp) Continues the study and application of written harmony, keyboard harmony and analysis.

* MUSI 207 World Music  
(formerly MUSC 150 Musics of the World)  
3 cr. (F) Introduces students to the uses and functions of music in various cultures. The style of music used and performance of music in selected cultures of Africa, Latin America, North America, Asia, the Middle East, as well as folk music of Europe will be explored.

MUSI 235 Keyboard Skills III  
1 cr. Corequisite: MUSI 205. (F)  
Develops advanced keyboard skills with an emphasis on score reading, repertoire, and accompanying.

MUSI 236 Keyboard Skills IV  
1 cr. Corequisite: MUSI 206. (Sp)  
Continues the development of advanced keyboard skills with an emphasis on score reading, repertoire, and accompanying.

MUSI 240 Aural Perception III  
(formerly MUSC 231 Aural Skills III)  
1 cr. Prerequisite: MUSI 141 or permission of instructor. (F) Continues the development of ear training and sight singing.

MUSI 241 Aural Perception IV  
(formerly MUSC 233 Aural Skills IV)  
1 cr. Prerequisite: MUSI 240. (Sp) Continues the development of ear training and sight singing.

MUSI 294 Seminar/Workshop  
(formerly MUSC 292 Seminar)  
V1-3 cr. (F, Sp) Provides students an opportunity to investigate intensively topics pertinent to the field of music.

MUSI 294 Seminar/Workshop  
(formerly MUSC 293 Workshop)  
V1-8 cr. Provides an opportunity for experimental study in an area of music.

MUSI 298 Internship/Cooperative Education  
(formerly MUSC 296 Cooperative Education/Internship)  
V1-9 cr. (F, Sp) Provides university credit for a sophomore work experience in the area of Music supervised by faculty. Learning agreement must be completed prior to registration (restricted).
MUSI 301 Music History I
(formerly MUSC 340 Music History: A Survey of Music and Its Development in Western Civilization to 1750)  
(WR) 3 cr. (even F) Emphasis is given to an acquaintance with representative musical works and style, and to the understanding of musical concepts in the light of their historical background.

MUSI 302 Music History II
(formerly MUSC 341 Music History: A Survey of Music and Its Development in Western Civilization from 1750 to the Present)  
(WR) 3 cr. (odd Sp) Emphasis is given to an acquaintance with representative works and an understanding of specific musical concepts in the light of their historical and general cultural content since 1750.

MUSI 312 Choir III: University Chorus  
(formerly MUSC 362 Concert Choir II)  
1 cr. R-4. Prerequisite: Consent of instructor. (F, Sp) Provides an opportunity for capable students to experience great music written for mixed voices and to develop their potential as members of choral groups.

MUSI 325 Jazz Chronicle  
(formerly MUSC 343 History of Jazz)  
3 cr. Traces the history of America’s only internationally recognized indigenous art form, jazz, from its roots in Africa to New Orleans and on to the contemporary sounds of today.

MUSI 331 Jazz Ensemble II: MSUB  
(formerly MUSC 368 Jazz Ensemble II)  
1 cr. R. Prerequisite: Consent of instructor. (F, Sp) Provides members the opportunity to perform big band jazz literature from all periods and styles.

MUSI 335 Instrumental Conducting  
(formerly MUSC 351 Instrumental Conducting)  
2 cr. Prerequisite: MUSI 336. (Sp) Introduces the basic techniques of instrumental conducting. Continues emphasis placed on techniques previously covered in MUSI 336, including beat patterns, cues, releases, etc. Emphasis will also be on methodology including rehearsal techniques, ensemble organization, seating arrangements, score reading and band literature.

MUSI 336 Choral Conducting  
(formerly MUSC 350 Choral Conducting)  
2 cr. Prerequisites: MUSI 206 and MUSI 241. (even F) Introduces the basic techniques of choral conducting. Initial emphasis will be placed on the physical components of conducting (such as posture, beat patterns, preparations, cues, releases and expressive gestures) both with and without baton, as they relate directly to the musical score. Subsequent emphasis will be given to methodology, including rehearsal techniques, ensemble organization, tone/seating arrangements, score study, choral literature, and repertoire selection.

MUSI 345 Music Improvisation  
(formerly MUSC 345 Improvisation)  
2 cr. Prerequisite: Admission to upper division. (even F) Assists the student in developing the ability to extemporaneously create music using as a basis various styles of pre-existing melodic, rhythmic, harmonic, and stylistic materials.

MUSI 362 Chamber Ensembles III: MSUB  
(formerly MUSC 365 Chamber Singers)  
1 cr. R. Prerequisite: 4 credits of MUSI 162A. Corequisite: MUSI 312. (F, Sp) A select group of singers chosen mainly for reading and singing ability through private audition, performing all styles of music from early Renaissance madrigals and motets to the Twentieth Century. Registration by audition only.

MUSI 364 Symphonic Band  
(formerly MUSC 360 Symphonic Band II)  
1 cr. R-4. Prerequisite: Consent of instructor. (F, Sp) Provides members an opportunity to perform wind band literature for all periods and styles.

MUSI 365 Symphony Orchestra  
(formerly MUSC 361 Symphony Orchestra)  
1 cr. R-4. Prerequisite: 4 credits of MUSI 108. Provides an opportunity for capable students to participate in the Billings Symphony. Registration by audition only.

MUSI 368 Small Ensemble-Instrumental  
(formerly MUSC 366 Small Ensemble-Instrumental)  
1 cr. R. Prerequisite: 4 credits of MUSI 162B. (F, Sp) Brass, Woodwind, String, Percussion, New Music, Jazz. Offers experience in chamber music for various wind, string and percussion instrument combinations. Designed to improve individual performance skills as well as familiarizing students with outstanding music. Registration by audit only.

MUSI 369 Intermediate Wind Ensemble  
(formerly MUSC 369 Wind Ensemble)  
1 cr. R. (F, Sp) Corequisite: MUSI 364. Provides members the opportunity to perform wind ensemble literature requiring from eight to 15 players. Registration by audition only. Instrumentation may vary.
MUSI 395A Applied Music III: Guitar  
[formerly MUSC 304 Applied Guitar II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on guitar.

MUSI 395B Applied Music III: Voice  
[formerly MUSC 305 Applied Voice II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction in voice.

MUSI 395C Applied Music III: Piano  
[formerly MUSC 306 Applied Piano II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on piano.

MUSI 395D Applied Music III: Flute  
[formerly MUSC 307 Applied Flute II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on flute.

MUSI 395E Applied Music III: Oboe  
[formerly MUSC 308 Applied Oboe II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on oboe.

MUSI 395F Applied Music III: Clarinet  
[formerly MUSC 309 Applied Clarinet II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on clarinet.

MUSI 395G Applied Music III: Saxophone  
[formerly MUSC 310 Applied Saxophone II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on saxophone.

MUSI 395H Applied Music III: Bassoon  
[formerly MUSC 311 Applied Bassoon II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on bassoon.

MUSI 395I Applied Music III: Horn  
[formerly MUSC 312 Applied Horn II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on horn.

MUSI 395J Applied Music III: Trumpet  
[formerly MUSC 313 Applied Trumpet II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on trumpet.

MUSI 395K Applied Music III: Trombone  
[formerly MUSC 314 Applied Trombone II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on trombone.

MUSI 395L Applied Music III: Euphonium  
[formerly MUSC 315 Applied Euphonium II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on euphonium.

MUSI 395M Applied Music III: Tuba  
[formerly MUSC 316 Applied Tuba II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on tuba.

MUSI 395N Applied Music III: Violin/Viola  
[formerly MUSC 317 Applied Violin or Viola II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on violin or viola.

MUSI 395O Applied Music III: Cello/Bass  
[formerly MUSC 318 Applied Cello or Bass II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on cello or bass.

MUSI 395P Applied Music III: Percussion  
[formerly MUSC 319 Applied Percussion II]  
V1-4 cr. R-4. Prerequisite: audition and/or permission of instructor and upper division status.  
(F, Sp) Provides the student with private instruction on percussion.
MUSI 399 Junior Recital
[formerly MUSC 399 Junior Recital]
1 cr. Prerequisites: Permission of instructor and successful admission to upper division status. (F, Sp)
A pre-recital jury is required at least one month prior to the junior recital. Requires students to perform a full recital.

MUSI 432 Keyboard Literature
[formerly MUSC 475 Keyboard Literature]
2 cr. Prerequisite: MUSI 302. Surveys keyboard literature from the development of the Baroque era to the contemporary period.

MUSI 440 Orchestration
[formerly MUSC 460 Instrumentation and Arranging]
3 cr. Prerequisite: MUSI 206. (F) Discussion of individual wind, string, percussion and keyboard instruments. Techniques of scoring for winds and voices. Analysis of orchestra.

MUSI 443 Music Form and Style
[formerly MUSC 440 Music Form and Style]
(WR) 3 cr. Prerequisite: MUSI 206. (odd Sp) Involves the study of form with particular attention to tonal structure and musical design in music of the common-practice era.

MUSI 492 Independent Study
[formerly MUSC 491 Independent Study]
V1-5 cr. Prerequisites: consent of instructor and chairperson of department. Provides outstanding students an individual opportunity to explore material not covered by regular music courses.

MUSI 494 Seminar/Workshop
[formerly MUSC 492 Seminar]
V1-3 cr. (F, Sp) Provides advanced students an opportunity to investigate intensively topics pertinent to the field of music.

MUSI 498 Internship/Cooperative Education
[formerly MUSC 496 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a work experience in the area of Music, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

MUSI 499 Senior Recital
[formerly MUSC 499 Senior Recital]
1 cr. Prerequisites: Permission of instructor and successful completion of at least two semesters of upper division applied music. (F, Sp) A pre-recital jury is required at least one month prior to the senior recital. Students enrolled in the Bachelor of Science in Education extended Major in music must present at least a half recital during their senior year.

Music Technology
CI 119, (406) 657–2350

MUST 294 Seminar: Recording Technology
[formerly MUSC 292 Seminar]
2 cr. (F, Sp) Provides advanced students an opportunity to investigate intensively topics pertinent to the field of music.

MUST 394 Seminar: Recording Technology
[formerly MUSC 492 Seminar]
2 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of music.

Native American Studies
LA 836, (406) 657–2311

* NASX 105 Introduction to Native American Studies
[formerly NAMS 181 Introduction to Native American Studies]
3 cr. Covers the scope and concepts of American Indian Studies. Provides a general overview of Indian culture, sociology, values, and history from both a national and regional perspective. Considers the interaction between Indian and non-Indian cultures.

* NASX 205 Native Americans in Contemporary Society
[formerly NAMS 211 Social Issues of the Native American]
3 cr. Analytical and evaluative examination of the sociology of Native Americans. Emphasis on the issues raised by the interface of the Native American culture and values with the majority cultures of the United States, including problem areas such as alcoholism, alienation, education, health, crime, and intercultural relations.
NASX 294 Seminar/Workshop  
[formerly NAMS 292 Seminar]  
V1-3 cr. Provides freshmen and sophomores an opportunity to investigate intensively topics pertinent to the field of Native American Studies.

NASX 294 Seminar/Workshop  
[formerly NAMS 293 Workshop]  
V1-3 cr. Provides an opportunity for experimental study in an area of Native American Studies.

NASX 298 Internship/Cooperative Education  
[formerly NAMS 296 Cooperative Education/Internship]  
V1-9 cr. Provides university credit for a sophomore work experience in the area of Native American Studies supervised by faculty. Learning agreement must be completed prior to registration (restricted).

NASX 304 Native American Beliefs and Philosophy  
[formerly NAMS 413 Native American Philosophies and Religions]  
3 cr. Prerequisite: at least one lower division course in Religion, Philosophy, or Native American Studies, or permission of instructor. Covers Native American philosophies and religions, including basic types and elements of traditional beliefs, ceremonies, holy objects, practitioners, visions, and world views; influence of Christianity through missionaries, federal Indian policy, nativistic movements, and syncretism; and contemporary perspectives such as the Native American Church, Sun Dance, God is Red theology, and revitalization. Special attention is paid to selected Indian tribes.

NASX 332 Montana Indians: Cultures, Histories, Current Issues  
[formerly NAMS 300 Montana Tribal Groups]  
3 cr. Provides a description and analysis of Montana tribes including tribal oral traditions, rock art, intercultural relations, culture change, the impact of Euro-American exploration, the fur trade, and early Westward expansion. Attention is given to the Indian wars, development of the reservation system, persistence and revival of Indian culture, civil rights, and urbanization.

NASX 340 Native American Literature (crosslisted with LIT 305)  
[formerly NAMS/ENGL 303 Literature of the American Indian]  
3 cr. Prerequisite: at least one lower division course in English or Native American Studies, or permission of the instructor. Includes fictional and non-fictional oral, written, and visual literature pertaining to Native Americans and created by Indians and non-Indians including traditional literature such as legends, myths, teaching stories, humor, songs, orations, dramas, captivity accounts, sign language, winter counts, and hide paintings; contemporary literature such as poetry, songs, short stories, novels, humor, newspapers, theatricals, movies, television, and picture books; and translation, interpretation, and criticism, with insight drawn from Indian cultural traditions, the humanities, and the social sciences.

NASX 350 Native Americans and the Environment  
[formerly NAMS 351 Native Americans and the Environment]  
3 cr. Examines traditional beliefs and attitudes of Native Americans with respect to the natural environment as expressed in speeches, stories, and prayer. Surveys traditional techniques and uses of land, plants, and animals. Contemporary environmental issues and actions confronting American Indians are also analyzed.

NASX 379 Federal Indian Law (crosslisted with PSCI 376)  
[formerly NAMS/POLS 314 The Indian and the Law]  
(WR) 3 cr. Covers the development of federal, state, and tribal statutes dealing with Native Americans; judicial decisions that have significant input on the legal status of Indian tribes and individuals; and federal agency policy which constitutes administrative law for tribes. Discusses the impact of Western European and United States jurisprudence on the history and culture of the Indian.

NASX 406 History of American Indian Women  
3 cr. Provides a description and analysis of Indian women from oral histories, legends, and research literature. Attention is given to the roles and responsibilities of Indian women within tribal culture and in response to intercultural relations with other tribes and to Euro-American impact. The challenges and accomplishments of Indian women as leaders, homemakers, warriors, healers, and artists will be examined. Course materials will include discussion of the role of women in the evolution of bi-cultural living with particular concentration on the impact of the fur trade and education. Attention is paid to methods and findings derived from archeology, oral traditions, ethnographic studies, and historical sources.

NASX 419 Federal Indian Policy (crosslisted with PSCI 419)  
[formerly NAMS/POLS 495 Federal Indian Policy]  
3 cr. Prerequisites: NASX 105 or NASX 205. Explores the development of the United States’ federal Indian policy from colonial times to the present.
Follows the evolution of federal Indian policy as a result of tensions between assimilation and separation forces in general and of other legal, political, economic and social forces acting in the United States. Explores how contemporary American Indians fit into the American political system.

NASX 439 American Indian Art (crosslisted with ARTH 439)
[formerly NAMS 439 Survey of American Indian Art]
3 cr. Presents an overview and analysis of Native American art forms, techniques, and traditions. Background and interpretation of traditional and contemporary styles and symbols important to both tribal and individual expression. Includes discussion of tribal arts and crafts associations, markets and exhibitions, and federal laws.

NASX 492 Independent Study
[formerly NAMS 491 Independent Study]
V1-5 cr. Provides an opportunity for students of superior academic standing to explore material not covered by the regular courses.

NASX 494 Seminar/Workshop
[formerly NAMS 492 Seminar]
V1-3 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Native American Studies.

NASX 494 Seminar/Workshop
[formerly NAMS 493 Workshop]
V1-3 cr. Provides an opportunity for experimental study in an area of Native American Studies.

NASX 498 Internship/Cooperative Education
[formerly NAMS 490 Native American Studies Internship]
V1-12 cr. Prerequisites: consent of instructor and consent of chairperson of department. Provides outstanding students an individual opportunity to explore material not covered by regular Native American Studies courses. No more than 6 hours may be counted toward a Native American Studies minor.

NASX 498 Internship/Cooperative Education
[formerly NAMS 496 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a work experience in the area of Native American Studies supervised by faculty. Learning agreement must be completed prior to registration (restricted).

**Nutrition**

**SCI 110, (406) 657–2341**

**NUTR 221 Basic Human Nutrition**
[formerly BIOL 221 Human Nutrition]
3 cr. Prerequisite: BIOB 101 or BIOH 301, and CHMY 121. Recommended: CHMY 123. (F, Sp)
Includes the principles of adequate diet in all facets of the life cycle. Involves the basic concepts of human nutrition, which include carbohydrates, lipids, proteins, vitamins, minerals, absorption, digestion, metabolism, and energy utilization as they relate to health and food consumption at different stages of the life cycle. This is primarily a course for health science majors.

**NUTR 411 Nutrition for Sports and Exercise**
[formerly HHP 432 Nutrition in Health and Human Performance]
3 cr. (F, Sp)
Explores the relationships among nutrition, human behavior, epidemiology, and human performance. Course topics will include nutrition for disease prevention and treatment, obesity and weight control, eating for endurance and non-endurance sport performance, nutritional ergogenic aids, digestion, absorption and metabolism related to energy production, eating disorders, dietary analysis and prescription.

**Philosophy**

**LA 437/400, (406) 657–2348**

**PHL 101 Reason and Reality: Introduction to Philosophy**
[formerly PHIL 107 Philosophical Inquiry]
3 cr. Introduces the art of philosophical practice by exploring how great philosophers have raised questions about the nature of reality, the good life, and how we know. Plato, Aristotle, Descartes, Marx, William James, and Bertrand Russell may be among the thinkers examined.

* **PHL 110 Problems of Good and Evil: Introduction to Ethics**
[formerly PHIL 115 Ethics]
3 cr. (F, Sp)
Explores important historical examples of ethical theories in order to introduce an understanding of the moral point of view. Provides practice in analyzing and assessing moral claims, and encourages reflection on one’s own sense of what is right and wrong and good and bad.
**PHL 111 Philosophies of Life**  
[formerly PHIL 117 Philosophies of Life]  
3 cr. (F, Sp) Explores biographical and autobiographical materials in order to discern the values, visions, and motivation of great figures from different eras and cultures. Each student will work at clarifying his or her philosophy of life.

**PHL 234 Introduction to Logic: Applied Logic**  
[formerly PHIL 221 Critical Thinking]  
3 cr. Distinguishes between different forms of arguments and exposes a variety of common fallacies. Students will learn to analyze the components of arguments, distinguish different forms of argumentation, assess claims, and think critically about such common cultural expressions as advertisements, political rhetoric, and news reports.

**PHL 271 Philosophy and Religion of India**  
[formerly PHIL 233 Philosophies and Religions of India]  
3 cr. (F) Examines the Hindu, Jain, and Buddhist traditions comparatively, exploring such topics as mythology, death, salvation, attitudes toward women and the natural world, and moral ideals. Survey includes aspects of history, literature, art, philosophy, and religious beliefs and practices.

**PHL 272 Philosophy and Religion of China, Tibet, and Japan**  
[formerly PHIL 234 Philosophies and Religions of China, Tibet, and Japan]  
3 cr. (Sp) Surveys Confucian, Taoist, Zen, and Vajrayana Buddhist traditions from historical, literary, aesthetic, and social-political dimensions past and present. Readings typically include Confucius (Kongzi), Laozi, Guanzi, Bodhidharma, Suzuki, and the Dalai Lama.

**PHL 294 Seminar/Workshop**  
[formerly PHIL 292 Seminar]  
V1-3 cr. Provides an opportunity to intensively investigate specific topics pertinent to fields of Philosophy and/or Religious Studies, such as Islam, Philosophy of Science, Sacred Texts and the Natural World, Buddhism, Philosophies of Love, Feminist Philosophy, Existentialism, Phenomenology, and Ideas that Rocked the 20th Century.

**PHL 320 Philosophy and Business Ethics**  
[formerly PHIL 314 Business Ethics]  
3 cr. (every second F) Explores the complex moral dilemmas facing individuals in business and the ethical problems facing business in society. Uses theoretical analysis and the case study approach to examine the way in which the social good, justice considerations, and human rights issues are involved in business situations.

**PHL 322 Philosophy and Environmental Ethics**  
[formerly PHIL 311 Environmental Ethics]  
3 cr. (F) Explores such areas as biological, cultural, and ethical diversity; human impacts on ecological systems; survival and sustainability; resource development and allocation, consumerism, international trade, and other aspects of environmental economies; and the status of values in nature and culture. Expects students to develop their own environmental ethics.

**PHL 326 Death, Dying and Medical Ethics**  
[formerly PHIL 301 Death, Dying and Medical Ethics]  
3 cr. Prerequisite: consent of instructor. (every second Sp) Examines historical and contemporary attitudes and practices concerning illness, dying and death. Encourages exploration of personal attitudes concerning death and medical practices. Explores moral dilemmas in such areas of medical practice as euthanasia, abortion, medical experimentation, genetic research and patient rights.

**PHL 364 Great Figures in Philosophy and Religion**  
[formerly PHIL 360 Great Figures in Philosophy and Religion]  
3 cr. (alternating F) Examines, in a seminar setting, the lives and works of foundational thinkers; possibilities include such persons as Buddha, Nanak, Gandhi, Tagore, Suu Kyi, Ambedkar, Confucious, Mao, Mohammed, Rumi, Rabi’a al-Adwiyya, Al-Ghazali, Socrates, Plato, Aristotle, Joan of Arc, Descartes, Kant, James, Wollstonecraft, Nietzsche, Kierkegaard, Heidegger, Kazantzakis, Sartre, de Beauvoir, M.L. King, Mary Daly, Mother Theresa, Steinam, and Paglia.

**PHL 365 Studies in the History of Philosophy**  
[formerly PHIL 300 Studies in the History of Philosophy]  
3 cr. Prerequisite: one course in philosophy. (every second Sp) Studies philosophical developments during one of the following eras (to be announced each time the course is offered): Ancient, Medieval and Renaissance, Modern, 19th century, 20th century.

**PHL 375 Women, Philosophy and Religion**  
[formerly PHIL 365 Women, Philosophy, and Religions]  
3 cr. Prerequisite: A course in religious studies or consent of instructor. (alternating F) Examines the lives and thoughts of women on three levels: through works of notable individuals on such topics as justice,
education, child rearing, community, feminism, dualism, logic, eco-feminism, marriage, and notions of the divine; through analyzing myth and scripture to uncover ancient teachings, common attitudes, and enduring roles of women; and by exploring the role of the feminine in the divine.

PHL 492 Independent Study
[formerly PHIL 491 Independent Study]
V1-5 cr. Provides students an opportunity to research subjects in Philosophy and Religious Studies which are not explored in regular courses.

PHL 494 Seminar/Workshop
[formerly PHIL 492 Seminar]
V1-3 cr. Provides an opportunity to intensively investigate specific topics pertinent to fields of Philosophy and/or Religious Studies, such as Islam, Philosophy of Science, Sacred Texts and the Natural World, Buddhism, Philosophies of Love, Feminist Philosophy, Existentialism, Phenomenology, and Ideas that Rocked the 20th Century.

Physics

SCI 110, (406) 657–2341

* PHSX 103 Our Physical World
[formerly PHYS 101 Earth, Air, Fire & Water]
3 cr. Prerequisite: M 095. Corequisite: PHSX 104. (F, Sp, Su) Concentrates on fundamental ideas of physics: energy, forces, and conservation laws. Helps students understand basic principles which underlie and explain all diverse phenomena and structures of the physical world. Emphasizes conceptual rather than mathematical treatment; however, basic algebra skills are required.

* PHSX 104 Our Physical World Laboratory
[formerly PHYS 102 Earth, Air, Fire & Water Lab]
1 cr. Corequisite: PHSX 103. (F, Su) Requires the student to critically examine and analyze his or her immediate physical environment in terms of fundamental principles. Develops an appreciation for the simplicity of basic physical laws and the broad range of physical phenomena which can be explained by them.

* PHSX 105 Fundamentals of Physical Science
[formerly PSSC 101 The Physical World Around Us]
(TN) 3 cr. Prerequisite: M 095. Corequisite: PHSX 106. (Sp) Introduces students to the fundamental ideas of Chemistry, Physics and Earth Science and their roles in our understanding of the world, and explores the impact of each on our society. Emphasizes conceptual rather than mathematical treatment; however, basic algebra skills are required. Lab required.

* PHSX 106 Fundamentals of Physical Science Lab
[formerly PSSC 102 The Physical World Around Us Lab]
(TN) 1 cr. (Sp) Enhances the lecture material of PHSX 105 through the usage of experiential activities.

* PHSX 205 College Physics I
[formerly PHYS 110 College Physics I]
3 cr. Prerequisite: M 151. Corequisite: PHSX 206. (F) Presents an algebra-based treatment of introductory physics. This first semester of a two-semester sequence will cover vector analysis as it applies to kinematics (motion in three-dimensions) and to Newton’s laws of motion. Conservation laws will be discussed as an aid to understanding motion. Fluids and thermodynamics will also be covered. Students may receive credit for only one introductory sequence: PHSX 205-207 or PHSX 220-232. Lab required.

* PHSX 206 College Physics I Laboratory
[formerly PHYS 111 College Physics I Lab]
(TN) 1 cr. Prerequisite: M 151. Corequisite: PHSX 205. (F) Laboratory to complement the lecture in PHSX 205.

PHSX 207 College Physics II
[formerly PHYS 120 College Physics II]
3 cr. Prerequisite: PHSX 205 and PHSX 206. (Sp) Presents continuation of algebra-based treatment of physics with a discussion of the behavior of matter in bulk, leading to simple harmonic motion and waves, electricity and magnetism and their application in electric circuits, and the behavior of light, emphasizing optical applications. Students may receive credit for only one introductory sequence: PHSX 205-207 or PHSX 220-232. Lab required.

PHSX 208 College Physics II Laboratory
[formerly PHYS 121 College Physics II Lab]
1 cr. Prerequisites: PHSX 205 and PHSX 206. (Sp) Complements the lecture in PHSX 207 with emphasis on electricity, magnetism, and thermodynamics.

PHSX 220 Physics I
[formerly PHYS 210 University Physics I]
3 cr. Prerequisite: M 171. Corequisite: PHSX 221. (F) Presents a calculus-based treatment of introductory physics. This first semester of a two-semester sequence will cover vector analysis as it applies to kinematics (motion in three-dimensions) and to Newton’s laws of motion. Conservation laws will be discussed as an aid to understanding motion. Simple harmonic motion and
wave motion will also be covered. Students may receive credit for only one introductory sequence: PHSX 205-207 or PHSX 220-232.

PHSX 221 Physics I Laboratory
[formerly PHYS 211 University Physics I Lab]
1 cr. Corequisite: PHSX 220. (F) Laboratory to complement the lecture in PHSX 220.

PHSX 232 Physics II and Thermo
[formerly PHYS 220 University Physics II]
3 cr. Prerequisite: M 171, PHSX 220, PHSX 221. Corequisite: PHSX 233. (Sp) Continues the curricula of PHSX 220. The calculus-based treatment of physics will continue with a discussion of the behavior of matter in bulk, leading to thermodynamics, electricity and magnetism and their application in electric circuits, and the behavior of light emphasizing optical applications. Students may receive credit for only one introductory sequence: PHSX 205-207 or PHSX 220-232. Lab required.

PHSX 233 Physics II and Thermo Laboratory
[formerly PHYS 221 University Physics II Lab]
1 cr. Corequisite: PHSX 232. (Sp) Laboratory to complement the lecture in PHSX 232.

PHSX 343 Modern Physics
[formerly PHYS 230 Modern Physics]
3 cr. Prerequisite: PHSX 232. (even F) Presents the fundamentals of Twentieth century physics—relativity and quantum mechanics—with an emphasis on developing the mathematical tools necessary for analyzing probabilities and waves.

PHSX 344 Modern Physics Lab
[formerly PHYS 231 Modern Physics Lab]
1 cr. Prerequisite: PHSX 232. Corequisite: PHSX 343. (even F) Presents laboratory exercises to complement the lecture in PHSX 343.

PHSX 391 Special Topics
[formerly PHYS 350 Advanced Topics I]
3 cr. Prerequisite: PHSX 343. Designed to serve the needs of students who are interested in continued study in physics beyond the introductory level. The course will be devoted to an in-depth study of one of the following topics: electricity and magnetism, classical mechanics, or quantum mechanics.

PHSX 490 Undergraduate Research
V1-6 cr. Prerequisite: Junior standing or consent of instructor. Provides students the opportunity to conduct a research project under the supervision of a faculty member, including library and experimental research as appropriate, analysis of the results, and the submission of a formal research report upon completion of the project.

PHSX 491 Special Topics
[formerly PHYS 450 Advanced Topics II]
3 cr. Prerequisite: PHSX 391 in the area to be continued. Continues a topic covered in PHSX 391. The follow-up for electricity and magnetism will be electromagnetic wave theory; for classical mechanics will be fluid dynamics; for quantum mechanics will be further analysis of more complicated atomic systems and a study of Dirac’s matrix representation of the Schrodinger equation.

PHSX 492 Independent Study
[formerly PHYS 491 Independent Study]
V1-4 cr. Prerequisites: consent of instructor and department chairperson. Designed to provide the student with the opportunity to study any special aspect of physics which is not offered directly as a course.

PHSX 494 Seminar/Workshop
[formerly PHYS 492 Seminar]
V1-3 cr. Prerequisites: major or minor in one of the natural sciences and consent of instructor. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Physics.

PHSX 494 Seminar/Workshop
[formerly PHYS 493 Workshop]
V1-4 cr. Prerequisite: consent of instructor. Provides an opportunity for experimental study in an area of Physics.

------------------

PHYS 240 Electronics Instrumentation
4 cr. (Lec. 3; Lab 1). Presents the basics of circuit design and analysis to develop an understanding of the behavior of electric circuits. The remainder of the course will be devoted to the use of integrated circuit chips in the construction of filters, amplifiers and logic circuits. Lab required.

Political Science
LA 836, (406) 657–2311

* PSCI 210 Introduction to American Government
[formerly POLS 212 United States Government]
3 cr. Covers the American Political System relative to central government and institutions. Attention is given to concepts, organizations and functions with emphasis on the political, governmental and democratic processes
and problems, including the role of individual and group relationships. Provides a perspective and background for further study in Political Science.

**PSCI 215 Introduction to Political Parties & Elections**  
(formerly POLS 214 Political Parties and Elections)  
3 cr. Focuses on the concepts, organization and processes of political parties and elections. Emphasis is given to politics, values and human interaction in democracy and to the roles and influences of political parties and elections in the political and governmental processes.

**PSCI 218 Introduction to American Presidency**  
(formerly POLS 217 The Presidency)  
3 cr. Examines the historical foundations of the office, analyzes the powers and prerogatives of the presidency, studies the selection process of office seekers, and explores the relationship of the office to other institutions in the U.S. political system.

* **PSCI 220 Introduction to Comparative Government**  
(formerly POLS 200 Introduction to Comparative Government)  
3 cr. Introduces the ideas behind the democratic and non-democratic forms of political life in the modern world; investigates the changing nature of the role of government through systematic and comparative study of political structures, functions, behavior and changes; and provides a background for the pursuit of more specialized study in the various fields of Political Science.

* **PSCI 230 Introduction to International Relations**  
(formerly POLS 221 International Relations)  
3 cr. Considers the nature of relations among nations, various dimensions of international politics and the nature of political challenges occasioned by the changing milieu in which international affairs are conducted.

**PSCI 240 Introduction to Public Administration**  
(formerly POLS 213 Introduction to Public Administration)  
3 cr. Studies the basic principles and theory of administrative structures, organizations, leadership, fiscal management, personnel, and policy-making in the modern state.

**PSCI 260 Introduction to State and Local Government**  
(formerly POLS 215 American State and Local Government)  
3 cr. Prerequisite: PSCI 210 or consent of instructor. Considers the functions, organization and problems of American state governments and the local subdivisions—counties and municipalities—and examines state-federal and state-local relations. This class is a prerequisite for those students interested in applying for a Montana legislative internship.

**PSCI 294 Seminar/Workshop**  
(formerly POLS 292 Seminar)  
V1-3 cr. Provides freshmen and sophomores an opportunity to investigate intensively topics pertinent to the field of Political Science.

**PSCI 294 Seminar/Workshop**  
(formerly POLS 293 Workshop)  
V1-6 cr. Provides freshmen and sophomores an opportunity for experimental study in an area of Political Science.

**PSCI 298 Internship/Cooperative Education**  
(formerly POLS 296 Cooperative Education/Internship)  
V1-9 cr. Provides university credit for a sophomore work experience in the area of Political Science, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

**PSCI 333 Comparative Government**  
(formerly POLS 333 Comparative Government)  
3 cr. Prerequisite: PSCI 220 or consent of instructor. Relates the comparative study of international relations. Explores comparatively the nature of distinctly different political systems by focusing upon the governments of Britain, France, and Germany.

**PSCI 335 American Foreign Policy**  
(formerly POLS 322 United States Foreign Policy)  
(WR) 3 cr. Prerequisites: PSCI 220 and PSCI 210, or consent of instructor. Traces the development of United States foreign policy and foreign policy institutions with emphasis on the post-World War II period. Modern foreign policy is analyzed in the context of theoretical and institutional implications. Will also deal with U.S. foreign policy towards specific areas of the world.

**PSCI 342 Media, Public Opinion, Polling**  
(formerly POLS 350 Public Opinion and Polling)  
(WR) 3 cr. Provides historical background material on public opinion and polling, as well as address major contemporary issues faced by those who measure
public opinion. The students enrolled in this course will develop a survey questionnaire and employ MSU Billings’ CATI (Computer Assisted Telephone Interviewing) Laboratory to conduct a random sample statewide telephone survey and write a paper based upon the polling’s results.

PSCI 347 United States Congress
[formerly POLS 347 Legislative Process]
3 cr. Prerequisite: PSCI 210. Examines the roles, structures, and procedures of the United States Congress and the Montana Legislature. During legislative election years, special emphasis will be devoted to how members are elected to legislative office.

PSCI 351 Political Philosophy
[formerly POLS 331 Political Philosophy]
3 cr. Prerequisite: PSCI 210 or consent of instructor. Surveys political thought from classical times to the present with major emphasis on political thinkers and theories; analyzes their significance to democratic and non-democratic values as well as to contemporary political study.

PSCI 365 Public Policy Issues and Analysis
[formerly POLS 321 Public Policy]
3 cr. Prerequisite: PSCI 210. Traces the public policy process from problem perception and definition through program termination and the feedback loop. Explores contemporary policy agendas of the Federal Government and the State of Montana.

PSCI 370 Courts and Judicial Politics (crosslisted with CRIM 370)
[formerly POLS 310 Judicial Process]
3 cr. Prerequisite: PSCI 210. Examines the Federal and Montana judicial systems, focusing on the institutions, procedures, and personnel. Presents an introduction to civil and criminal procedures and the legal profession.

PSCI 376 The Indian and the Law (crosslisted with NASX 379)
[formerly POLS/NAMS 314 The Indian and the Law]
(WR) 3 cr. Covers the development of federal, state, and tribal statutes dealing with Native Americans; judicial decisions that have significant input on the legal status of Indian tribes and individuals; and federal agency policy which constitutes administrative law for tribes. Discusses the impact of Western European and United States jurisprudence on the history and culture of the Indian.

PSCI 419 Federal Indian Policy (crosslisted with NASX 419)
[formerly POLS/NAMS 495 Federal Indian Policy]
3 cr. Prerequisites: NASX 105 or NASX 205. Explores the development of the United States’ federal Indian policy from colonial times to the present. Follows the evolution of federal Indian policy as a result of tensions between assimilation and separation forces in general and of other legal, political, economic and social forces acting in the United States. Explores how contemporary American Indians fit into the American political system.

PSCI 459 Public Budgeting & Finance (crosslisted with POLS 557)
[formerly POLS 457/557 Public Budgeting & Finance]
3 cr. Prerequisite: Graduate standing. Focuses on budgeting in the public sector as a tool for financial management and the implementation of fiscal and programmatic policy, with emphasis on the political context. Graduate students will be expected to read substantially more in the public administration literature, to produce more in-depth research in their term papers, and to make at least one, possibly two, classroom presentations.

PSCI 464 Local Government Administration (crosslisted with POLS 562)
[formerly POLS 462/562 Local Government Administration]
3 cr. Prerequisite: Graduate standing. Focuses on contemporary issues affecting small towns and counties. Discussed topics include public works departments, economic growth, human resource development, and parks and recreation.

PSCI 469 Ethics and Public Policy (crosslisted with POLS 560)
[formerly POLS 460/560 Ethics and Public Policy]
3 cr. Prerequisite: Graduate standing. Explores ethics and selected issues in public service and policy making through theoretical and case study approaches. Emphasis on the relation of continuing issues and problem areas to individual careers in policy making and administrative decision making. Graduate students will be expected to read substantially more in the public administration literature, to produce more in-depth research in their term papers, and to make at least one, possibly two, classroom presentations.
PSCI 472 Constitutional Law: Civil Liberties  
(crosslisted with HSTA 480)  
[formerly POLS/HIST 423 Constitutional Law: Civil Liberties]  
3 cr. Prerequisite: HSTA 101 or PSCI 210.  
Examines major Supreme Court decisions in the field of individual rights. Provides an overview of civil liberties decisions with emphasis on the recent past, or may consider specific constitutional issues (i.e., church and state, freedom of speech and press, the death penalty) over the course of American history.

PSCI 473 Constitutional Law: Powers and Structures (crosslisted with HSTA 481)  
[formerly POLS/HIST 427 Constitutional Law: Powers and Structures]  
3 cr. Prerequisite: HSTA 101 or PSCI 210.  
Introduces the evolution and structure of the United States constitutional system, focusing on the federal relationship, the separation of powers, and the judicial review, relying primarily upon the case method of analysis.

PSCI 491 Special Topics (crosslisted with POLS 580)  
[formerly POLS 480/580 Special Topics]  
3 cr. Prerequisite: Consent of instructor. Provides Masters of Public Administration students an opportunity for them to investigate contemporary topics related to the field. Staffing needs will largely involve local practitioners in government and not-for-profit organizations. The course will be offered on an irregular basis.

PSCI 492 Independent Study  
[formerly POLS 491 Independent Study]  
V1-5 cr. Prerequisites: consent of instructor and chairperson of department. Provides outstanding students an individual opportunity to explore material not covered by regular Political Science courses.

PSCI 494 Seminar/Workshop  
[formerly POLS 492 Seminar]  
V1-3 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Political Science.

PSCI 494 Seminar/Workshop  
[formerly POLS 493 Workshop]  
V1-6 cr. Provides an opportunity for experimental study in the area of Political Science.

PSCI 498 Internship/Cooperative Education  
[formerly POLS 490 Political Science Internship]  
V1-12 cr. Prerequisites: PSCI 260, or consent of instructor and consent of chairperson of department. Provides outstanding students an individual opportunity to explore material not covered by regular Political Science courses. Students will be working directly for elected or appointed officials and/or various types of political groups. No more than 6 hours may be counted toward a Political Science minor.

PSCI 498 Internship/Cooperative Education  
[formerly POLS 496 Cooperative Education/Internship]  
V1-9 cr. Provides university credit for a work experience in the area of Political Science supervised by faculty. Learning agreement must be completed prior to registration (restricted).

Professional Studies  
Downtown, 208 N. Broadway  
(406) 896–5890

PSLL 120 Create your Best Career  
1 cr. Provides an opportunity for those who seek individualized career exploration or development. This will include constructing resume and cover letters, memos and reports, and email correspondence. Students will learn effective job search strategies, how to interview and present a professional image, and how to balance career and personal life.

Psychology  
LA 525, (406) 657–2242

* PSYX 100 Introduction to Psychology  
[formerly PSYC 101 General Psychology]  
3 cr. (F, Sp, Su) Presents an overview of the psychological functioning of the individual, including such topics as the biological bases of behavior, learning, cognition, motivation, developmental and social processes, psychological disorders and their treatment.

PSYX 222 Psychological Statistics  
[formerly PSYC 205 Research Analysis in Psychology]  
(TN) 3 cr. Prerequisites: PSYX 100 and STAT 141. (F, Sp) Introduces the principles of psychological research and their applications to the analysis and statistical interpretation of experimental data.
PSYX 223 Research Design and Analysis I
[formerly PSYC 206 Research Design in Psychology]
(TN) 3 cr. Prerequisite: PSYX 100. (F, Sp) Provides an opportunity for the student to learn about design, control, and measurement techniques through actual construction and implementation of a research plan. Includes laboratory exercises related to topics discussed. Lab required.

PSYX 224 Research Design and Analysis I Lab
(TN) 1 cr. (F, Sp)

* PSYX 231 Human Relations
[formerly PSYC 271 Human Relations]
3 cr. (Su) Considers the psychological nature of interpersonal relationships, including nonverbal communication, defensiveness, anger, empathy, feedback, listening, and conflict; uses role-playing to practice improving relationships.

PSYX 294 Seminar/Workshop
[formerly PSYC 292 Seminar]
3 cr. Provides students an opportunity to investigate intensively special topics in Psychology.

PSYX 294 Seminar/Workshop
[formerly PSYC 293 Workshop]
V1-8 cr. Provides an opportunity for experimental study in an area of Psychology.

PSYX 298 Cooperative Education/Internship
[formerly PSYC 296 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a sophomore work experience in the area of Psychology, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

PSYX 320 Research Methods III
[formerly PSYC 428 Statistics for Psychology]
(TN) 3 cr. Prerequisite: PSYX 222. (Sp) Enables the student to conduct more advanced statistical analyses of the results of psychological research, through the use of both descriptive statistics, including measures of central tendency, dispersion, skewness, kurtosis, and correlation, and inferential statistics, including parametric statistics, such as the analysis of variance and nonparametric statistics. Lab required.

PSYX 330 Developmental Psychology
[formerly PSYC 380 Developmental Psychology]
3 cr. Prerequisite: PSYX 100. (F, Sp, Su) Explores prenatal development and physical, linguistic, cognitive, and social/emotional development from infancy through adolescence.

PSYX 332 Adult Psychology
[formerly PSYC 382 Adult Psychology]
3 cr. Prerequisite: PSYX 100. (Sp, Su) Considers development through adulthood. Traces the individual’s emotional, cognitive, social and physical adjustment.

PSYX 333 Psychology of Aging
[formerly PSYC 383 The Psychology of Aging]
3 cr. Prerequisite: PSYX 100. (Sp) Considers the various aspects of the aging process as they relate to the psychological functioning of people in later life. Theories, data, and applications are considered as they relate to the well being of older people.

PSYX 335 Psychology of Gender (crosslisted with A&SC 309)
[formerly PSYC/A&SC 309 Psychology of Gender Differences]
3 cr. Prerequisite: PSYX 100. (F) Explores the factors that influence the development of differences in cognitive and social/emotional functioning between males and females and the effects of those differences on psychological functioning.

PSYX 340 Abnormal Psychology
[formerly PSYC 470 Abnormal Psychology]
3 cr. Prerequisite: PSYX 100. (F, Su) Covers the various categories of mental disorders, as classified in the Diagnostic and Statistical Manual of Mental Disorders. For each disorder, information about features, causes, and treatments is examined.

PSYX 350 Physiological Psychology
[formerly PSYC 338 Physiological Psychology]
(TN) 3 cr. Prerequisite: PSYX 100. (F) Presents the physiological basis of human and animal behavior. Primarily concerned with the structure and function of the central nervous system as it relates to the behavior of organisms. Laboratory will concentrate on the neuroanatomy of the brain and demonstrations of techniques used in the discipline. Lab required.

PSYX 351 Physiological Psychology Lab 1 cr.
Prerequisite: PSYX 100. (F)
PSYX 352 Comparative Psychology  
[formerly PSYC 336 Comparative Psychology]  
3 cr. Prerequisite: PSYX 100. Explores the diversity of behavior among different species. Examines research dealing with early experience, courtship, reproduction, conflict, aggression, communication and specialized adaptations which permit the survival of a species in its environment. Includes laboratory exercises related to topics discussed in class, including the collection, analysis, and presentation of observational data in various animal species. Explores many settings such as field, laboratory, and zoological. Lab required.

PSYX 353 Comparative Psychology Lab 1 cr.

PSYX 354 Sensation & Perception  
[formerly PSYC 316 Sensation and Perception]  
(TN) 3 cr. Prerequisites: PSYX 100, PSYX 222 and PSYX 223. Covers the psychological and physiological aspects of sensory and perceptual experience in humans. Explores the historical and scientific backgrounds of sensation and perception. Laboratory exercises demonstrate psychophysics, measures of perceptual phenomena and sensory physiology. Lab required.

PSYX 355 Sensation & Perception Lab 1 cr.

PSYX 360 Social Psychology (crosslisted with SOCI 382)  
[formerly PSYC/SOCOL 471 Social Psychology]  
3 cr. Prerequisites: PSYX 100 or consent of instructor. (Sp) Studies how the thought, feeling, and behavior of individuals are influenced by the actual, implied, or imagined presence of others. Emphasis is given to the symbolic interactionist perspective and the relationship between culture and cognitive processes.

PSYX 370 Psychology of Learning  
[formerly PSYC 314 Learning and Motivation]  
(TN) 3 cr. Prerequisite: PSYX 100. (even Sp) Explores the facts and principles of learning, motivation and memory. Covers the historical and theoretical background of learning, motivation and memory. Laboratory exercises demonstrate learning, motivation and memory processes. Lab required.

PSYX 371 Psychology of Learning Lab 1 cr. (even Sp)

PSYX 378 Introduction to Clinical Psychology  
[formerly PSYC 476 Introduction to Clinical Psychology]  
3 cr. Prerequisite: PSYX 100. (odd Sp) Surveys the major approaches to psychotherapy, with emphasis on theoretical foundations. Also addresses the issues of treatment efficacy, common factors, eclecticism, and current controversies.

PSYX 380 Memory & Cognition  
[formerly PSYC 317 Cognitive Processes]  
(TN) 3 cr. Prerequisites: PSYX 100, PSYX 222 and PSYX 223. (F) Considers such topics as language and thought, attention, visual information processing, and short term and long term memory. Laboratory replicates and extends classical experiences in the field. Lab required.

PSYX 381 Memory & Cognition Lab 1 cr. (F)

PSYX 382 Forensic Psychology  
[formerly PSYC 350 Forensic Psychology]  
3 cr. Prerequisite: PSYX 100 or consent of instructor. (Sp) Applies psychology to the legal system. Topics include jury selection and decision-making, memory as evidence, eyewitness testimony, psychological assessment and the insanity defense, and psychological profiling of criminal behavior.

PSYX 385 Psychology of Personality  
[formerly PSYC 460 Theories of Personality]  
(WR) 3 cr. Prerequisite: PSYX 100 or consent of instructor. (F) Surveys the major theories of personality, with secondary attention to the lives of the theorists who formulated them.

PSYX 395 Field Work  
[formerly PSYC 396 Field Work]  
3 cr. R-6. Prerequisites: Junior standing with 2.50 GPA and consent of instructor. (F, Sp) Provides the student an opportunity to apply academic study to actual work experiences. Offers added meaning to theories and principles learned in class as provided by concrete application on supervised and selected work assignments. Includes weekly case conference with instructor.

PSYX 400 History & Systems in Psychology  
[formerly PSYC 401 History and Systems of Psychology]  
3 cr. Prerequisite: PSYX 100. (Sp, Su) Covers the historical development of psychology and studies the development and the content of the major systems and ideas.

PSYX 410 Cognitive Learning Theories  
[formerly PSYC 410 Cognitive Learning Theories]  
3 cr. Prerequisites: PSYX 100. Studies the thought processes that underlie learning. Focuses on unseen mental events (such as thinking and memory) that occur
during the learning process. Animals and humans use such processes to develop expectancies concerning behavior and its relationship to external events.

**PSYX 461 Industrial & Organizational Psychology**
*[formerly PSYC 445 Industrial/Organizational Psychology]*
3 cr. Prerequisite: PSYX 100 or consent of instructor. (Sp) Introduces students to the field of Industrial/Organizational Psychology. Surveys research and practice of psychological principles to a work setting.

**PSYX 470 Psychological Testing**
*[formerly PSYC 450 Psychological Testing]*
(TN) 3 cr. Prerequisites: PSYX 100 and PSYX 222, or equivalent. (odd Sp) Examines the conceptual foundations of psychological testing and surveys representative tests and measurement instruments.

**PSYX 480 Cognitive Development**
*[formerly PSYC 480 Cognitive Development]*
3 cr. Prerequisites: PSYX 100 and PSYX 330. Examines the development of cognition, including logical thinking, language, memory, and concept formation from infancy through adolescence. Emphasis is placed on a critical examination of Piaget’s theory of cognitive development. Lab required.

**PSYX 482 Psycholinguistics (crosslisted with ENGL 318)**
*[formerly PSYC/ENGL 318 Psycholinguistics]*
3 cr. Prerequisite: ENGL 213. Explores the relationship between the human brain and language, including brain anatomy, first and second language acquisition, abnormal language acquisition and functions, and mental language processes.

**PSYX 492 Independent Study**
*[formerly PSYC 491 Independent Study]*
V1-4 cr. Prerequisites: enrollment in a major or minor program in Psychology and consent of the department chairperson. Provides outstanding students an individual opportunity to investigate material not covered by regular Psychology courses.

**PSYX 494 Seminar/Workshop**
*[formerly PSYC 492 Seminar]*
V1-3 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Psychology.

**PSYX 494 Seminar/Workshop**
*[formerly PSYC 493 Workshop]*
V1-8 cr. Provides an opportunity for study in an area of Psychology.

**PSYX 495 Practicum**
*[formerly PSYC 490 Practicum]*
V1-3 cr. R-6. Prerequisites: Psychology major, Junior or Senior standing and consent of department chairperson. (F, Sp) Provides opportunity of direct use of psychological knowledge in an academic setting. A student may be enrolled in only one practicum during a given semester. If repeated, the second practicum must relate to services in a different course or serve a different function within the same course.

**PSYX 498 Internship/Cooperative Education**
*[formerly PSYC 496 Cooperative Education/Internship]*
V1-6 cr. Provides university credits for a work experience in the area of Psychology supervised by faculty. Learning agreement must be completed prior to registration (restricted).

**PSYX 499 Senior Thesis**
*[formerly PSYC 499 Senior Thesis]*
(WR) 3 cr. Prerequisite: Senior level standing in Psychology. Offered ONLY Online. (F, Sp) Guides students through the process of carrying out a thesis project, including conducting a literature review, designing a study, collecting data, statistical analysis, writing a report, and making an oral presentation.

**Reading**

**COE 261, (406) 657-2315**

The College of Education has designed its professional preparation programs to include a series of sequentially arranged field-based experiences. Depending on the degree option, these field-based experiences may be referred to as internships, practica, clinics, or supervised field experiences. Each field-based course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or Departmental policy, may require additional contact
hours beyond the minimum requirement. Students should clarify requirements with their faculty advisor prior to registration.

**RD 101 Reading Improvement for College Students**
3 cr. (F, Sp) Provides instruction and practice in applying active reading strategies, improving comprehension in content areas, demonstrating critical thinking skills in responding to individual content area reading assignments, and increasing vocabulary to improve academic success. RD 101 prepares students for the demands of college-level reading. Course earns academic credit but does not count toward General Education, a degree, or certification.

**RD 102 Reading and Study Skills**
2 cr. Emphasizes the skills needed for effective studying. Designed to help college students with note taking skills, preparing for class discussions, efficient textbook reading and use of reference materials.

### Rehabilitation and Related Services

**APS 107, (406) 896–5830**
The College of Allied Health Professions has designed its professional preparation programs to include a series of field experiences. Depending on the degree option, these field experiences may be referred to as internships, practica, or supervised field experiences. Each field course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or Departmental policy, may require additional contact hours beyond the minimum requirement. Students should clarify requirements with the faculty advisor prior to registration.

Students are encouraged to make application 12 weeks prior to the semester in which the field experience is to be completed. Field placements are arranged through the Career Services & Cooperative Education Office, Library 100.

* **REHA 201 Introduction to Diversity**
3 cr. Introduces multicultural knowledge, skills, awareness, and attitudes. The course focuses on perspectives for understanding and interacting with diverse groups, and will examine theoretical and research literature concerning cultural characteristics and differences related to disability, gender, race/ethnicity, sexual orientation, religion, geography, advanced aging, and social class. Students will be provided the opportunity to explore scholarly as well as practical resources for interacting with diverse individuals and families.

**REHA 215 Psychosocial Aspects of Disability**
3 cr. Provides overall knowledge of psychological and social factors affecting adjustment to disability. Examines the unique characteristics of specific disability groups and their implications for intervention.

**REHA 290 Internship**
V1-6 cr. Prerequisite: An application for field experience is required with prior approval from the field placement supervisor. Provides freshmen and sophomores with a supervised field experience in an appropriate setting specifically related to the students’ major/minor area. In-field contact time is 45 hours per semester credit.

**REHA 291 Independent Study**
V1-3 cr. Provides an experience for students of superior academic standing to explore material not covered by regular college courses.

**REHA 292 Seminar**
V1-3 cr. Provides students an opportunity to intensively investigate topics pertinent to the field of Rehabilitation.

**REHA 296 Cooperative Education/Internship**
3 cr. Prerequisite: Permission of Instructor. Provides university credit for a sophomore level field experience in the area of Rehabilitation and Related Services supervised by faculty. Learning agreement must be completed prior to registration.

**REHA 301 Principles of Counseling and Group Theory**
3 cr. Prerequisite: upper division standing. Develops an understanding of group process, provides an introduction to conducting interviews and skills in the helping process, and emphasizes group membership skills for rehabilitation clients.

**REHA 303 Assistive Technology Applications Across the Lifespan**
3 cr. Prerequisite: REHA 201. Examines applications of Assistive Technology (AT) to maintain or increase levels of functioning and independence for individuals across the life span. The spectrum of low to high technology options in several life domain areas for children and adults with disabilities, those with chronic illness, and the aging population will be explored. Assessment, public policy, universal design, and multicultural considerations are also addressed.
REHA 345 Legal, Ethical and Professional Issues in the Human Services (crosslisted with HS 345)  
3 cr. **Prerequisites:** HS 201 or REHA 201. Presents a review of the current and historical legal decisions which effect client rights and service provisions. Legal and ethical issues of due process and appropriate treatment in the least restrictive settings, the right to treatment and other significant legal ramifications relative to client advocacy and professional responsibility are discussed. Students are exposed to various professional standards in Human Services. Similarly, legal and professional issues such as confidentiality and privileged communication are discussed.

REHA 406 Assessment and Case Conceptualization in Rehabilitation and Human Services  
3 cr. Applies empirical principles to appraisal of client characteristics, needs, and potential. Provides practice with assessment data recording, interpretation, and application to an overall view of a case.

REHA 418 Counseling for Loss and Bereavement  
3 cr. **Prerequisite:** consent of instructor. Examines the process of adjustment to losses of many different kinds that frequently occur in the lives of consumers serviced by counselors and human service agencies. Course will discuss counseling techniques and strategies to facilitate successful adjustment to loss.

REHA 425 Psychiatric Rehabilitation  
3 cr. **Prerequisite:** upper division standing. Provides an orientation to the field of psychiatric rehabilitation. Includes historical antecedents, philosophical and traditional connections with the field of rehabilitation counseling, assessment, planning and service delivery methods for those intending to work in rehabilitation focused programs serving persons with psychiatric disabilities.

REHA 453 Case Management and Community Resources  
3 cr. **Prerequisite:** upper division standing. Covers methods for effectively managing a case and caseload. Areas covered include writing a case history, treatment planning, and writing case notes. Aids counselors serving consumers, determining appropriate community resources, and making a proper referral.

REHA 458 Community Advocacy for Persons with Disabilities  
1 cr. R-3. Provides students with experience in providing advocacy for individuals with disabilities.

REHA 490 Internship: Rehabilitation Agency  
6 cr. **Prerequisite:** upper division standing. Provides a supervised field experience within a Rehabilitation or allied agency setting. An application is required with prior approval needed for registration. In-field contact time is 45 hours per semester credit.

REHA 490 Internship: Community Agency  
6 cr. **Prerequisite:** upper division standing. Provides a supervised field experience within a community agency which provides people services. An application is required with prior approval needed for registration. Infield contact time is 45 hours per semester credit.

REHA 491 Independent Study  
V1-3 cr. Provides an experience for students of superior academic standing to explore material not covered by regular college courses.

REHA 492 Seminar  
V1-3 cr. Investigates special topics pertinent to the area of Health and Human Services.

REHA 493 Workshop  
V1-3 cr. Provides an opportunity for experimental study in an area of Health and Human Services.

REHA 496 Cooperative Education/Internship  
3 cr. **Prerequisite:** Permission of Instructor. Provides university credit for a junior or senior level field experience in the area of Rehabilitation and Related Services supervised by faculty. Learning agreement must be completed prior to registration.

REHA 497 Capstone in Chemical Dependency Rehabilitation  
2 cr. **Prerequisite:** permission of instructor. Reviews competencies and knowledge essential to the field of chemical dependency rehabilitation. Examines current trends and issues in the field as evidenced by periodicals and other literature. Requires integration and synthesis of knowledge and experiences developed through the program. The course will prepare students for the Montana chemical dependency counseling licensure examination.
Religious Studies
LA 437/400, (406) 657–2348

* RLST 170 The Religious Quest
[formerly PHIL 105 The Religious Quest]
3 cr. (F, Sp) Introduces theories of the origin, nature, and function of religion. Explores several religious interpretations of God, humans, and the world. Focuses upon religious traditions and personal experiences as part of a search for the meaning of life.

RLST 245 Christianity
[formerly PHIL 250 Christianity]
3 cr. Provides an overview of Christian thought and practice in relation to its historical development, outstanding proponents, and significant theological expressions.

RLST 303 Classical Mythology
[formerly PHIL 303 Classical Mythology]
3 cr. (F) Studies Greek and Roman mythology by exploring the social, philosophical, and psychological functions of myth and its influence on Occidental art, music, drama, and literature. Readings typically include Homer, Hesiod, Apollonius, Ovid, and some modern interpretations by such thinkers as Freud, Calasso, Deleuze-Guattari, and N.O. Brown.

RLST 304 Global Mythology
[formerly PHIL 304 Global Mythology]
3 cr. (Sp) Explores mythologies from around the world, including South and North America, Europe, Africa, Asia, and the South Pacific. Compares and contrasts such themes as creation, the gods, evil, the human condition, gender divisions, civilization, salvation, morality, the natural world, death, and attitudes toward non-human animals.

Integrated Sciences
SCI 110, (406) 657–2341

* SCIN 101 Integrated Sciences I
(TN) 3 cr. Prerequisite: M 095. Corequisite: SCIN 102. (F) Introduces the concepts and methodology of science by integrating biology, chemistry, physics and geology to investigate specific relevant topics. In particular, the themes of organization, energy, transformation, and diversity are explored in relation to each scientific discipline. Emphasizes conceptual rather than mathematical treatment; however, basic algebra skills are required. Lab required.

* SCIN 102 Integrated Sciences Lab
(TN) 0.5 cr. Corequisite: SCIN 101. (F) Enhances the lecture material of SCIN 101 through experimental activities.

* SCIN 103 Integrated Sciences II
(TN) 3 cr. Prerequisite: SCIN 101. Corequisite: SCIN 104. Offered ONLY Online. (Sp) Continues to apply the concepts and methodology biology, chemistry, geology, and physics to additional topics. Further details of the application of organization, energy, transformation, and diversity are explored.

* SCIN 104 Integrated Science Lab II
0.5 cr. Prerequisite: SCIN 102. Corequisite: SCIN 103. (Sp) Enhances lecture material of SCIN 103 through experimental activities.

SCIN 201 Special Topics in Science
1 cr. Prerequisites: SCIN 103 Provides an advanced study of special topics in science. Restricted to non-science majors in the University Honors Program.

SCIN 490 Internship
V1-3 cr. Prerequisites: Elementary Education major or Special Education major; completion of PHSX 105, BIOB 101 or equivalents with grade B or higher and consent of instructor. Provides opportunity of direct use of teaching skills in science areas under a supervised setting in college laboratories and lectures.

SCIN 491 Independent Study
V1-4 cr. Prerequisites: Completion of PHSX 105, BIOB 101 or equivalents, consent of instructor and consent of department chairperson. Designed to provide the student with the opportunity to study any aspect of integrated sciences which is not offered directly as a course.

SCIN 492 Seminar
V1-3 cr. Prerequisite: Completion of PHSX 105 or equivalent with a grade B or higher. Provides students in elementary education and or special education an opportunity to investigate science topics pertinent to the teaching of science at the elementary school level.

SCIN 493 Workshop
V1-4 cr. Prerequisites: Completion of PHSX 105, BIOB 101, or equivalents, and consent of instructor. Provides opportunity for experimental and or library research study in integrated areas of the sciences.
Sociology

LA 836, (406) 657–2311

* SOCI 101 Introduction to Sociology
[formerly SOCL 101 Introduction to Sociology]
3 cr. Introduces concepts and principles of sociology. Surveys the discipline’s basic ideas and orientation.

* SOCI 201 Social Problems
[formerly SOCL 221 Social Problems]
3 cr. Provides key sociological concepts and theoretical perspectives in the study of social problems. Examines certain selected major U.S. social problems from the perspective of cultural values and social structure. Different possible solutions to the problems will also be explored.

SOCI 221 Criminal Justice System (crosslisted with CRIM 221)
[formerly SOCL/CRIM 225 Introduction to Crime and Justice]
(TN) 3 cr. Familiarizes students with the phenomena of crime and the formal mechanisms of crime control. Uniform Crime Report and National Crime Survey will be used as the primary crime database for examination. Special attention will be paid to study police, their organization and function, as the first-line agent of crime control.

* SOCI 274 Women, Culture and Society
(crosslisted with A&SC 274)
[formerly SOCL/A&SC 250 Women, Culture and Society]
3 cr. Examines the diversity of women’s experience in society as citizens, creators, and thinkers. The course includes cross-cultural and historical study, but concentrates on the status and roles of women (and men) in contemporary American society.

SOCI 298 Cooperative Education/Internship
[formerly SOCL 296 Cooperative Education/Internship]
V1-9 cr. Provides university credit for a sophomore work experience in the area of Sociology, supervised by faculty. Learning agreement must be completed prior to registration (restricted).

SOCI 311 Criminology (crosslisted with CRIM 311)
[formerly CRIM/SOCL 324 Criminology]
3 cr. Prerequisite: SOCI/CRIM 221. Explores the legal aspects of crime by examining the sociological aspects of making of law. Major contemporary theories in crime as well as criminal behavior systems will be discussed.

SOCI 318 Sociological Research Methods
[formerly SOCL 305 Principles and Methods of Social Science Inquiry]
(TN) 3 cr. Prerequisite: SOCI 101. Corequisite: SOCI 319. Using a philosophy of science approach, this course introduces the basic elements of methodologies used in the social sciences. Qualitative as well as quantitative methodologies are both emphasized. Students will be introduced to computer analysis of social science data in this course.

SOCI 319 Sociological Research Methods Lab
[formerly SOCL 306 Principles and Methods of Social Science Inquiry Laboratory]
1 cr. Prerequisite: SOCI 101. Corequisite: SOCI 318. Includes interviewing, written exposition, and computer analysis of social data. Students will work with the computer program SPSS on MSU Billings’ computer system.

SOCI 327 Sociology of Deviance (crosslisted with CRIM 327)
[formerly CRIM/SOCL 325 Sociology of Deviance]
3 cr. Prerequisite: SOCI 101. Examines deviant behavior in contemporary society. Explores why certain people and types of behaviors come to be defined as deviant. Introduces students to theoretical explanations of deviance.

SOCI 328 Criminology (crosslisted with CRIM 312)
[formerly CRIM/SOCL 325 Criminology]
3 cr. Prerequisite: SOCI/CRIM 221. Considers the structure and function of the juvenile court system in its relation to the societal definition of delinquent behavior and the young people designated as delinquents. Covers the relationship among delinquency and family, school, peer group and social class. Societal reactions to delinquency in terms of mechanisms of social control are also studied.
SOCI 332 Sociology of the Family  
[formerly SOCL 332 Sociology of the Family]  
3 cr. Prerequisite: SOCI 351 or consent of instructor. Examines the basic structures and functions of the family, male-female differences, love and sexuality, types of marital relationships and the family and child raising in different cultures. With the world of John Bradshaw the course also examines family systems theory, dysfunctional family paradigm and the relationships between the family of origin and compulsive behavior.

SOCI 344 Sociology of Race and Ethnicity  
[formerly SOCL 344 Minority Groups in America]  
3 cr. Prerequisite: SOCI 101 or consent of instructor. The first part of the course is devoted to an examination of prejudice and discrimination as characteristics of human societies. The second part of the course examines a number of socially recognized and in some cases, culturally distinct minority groups in the United States with particular attention given to their histories, problems and the degrees to which each, where it applies, has assimilated with the dominant American society.

SOCI 345 Sociology of Organizations  
[formerly SOCL 401 Formal Organizations]  
3 cr. Prerequisite: SOCI 101. Provides insights into social institutions and formal organizations as the most visible core of social life in human cultures and societies. The concept of bureaucracy as a way of organizing social life in modern times is emphasized.

SOCI 351 Dating & Mate Selection  
[formerly SOCL 333 Dating and Mate Selection]  
3 cr. Examines the social and historical contexts of dating and mate selection, the role of intimacy, and considers marriage as a process involving both unity and conflict.

SOCI 352 Diseases & Society  
[formerly SOCL 352 Diseases and Societies]  
3 cr. Examines the interactions between diseases and societies, historically and contemporarily. The course provides a framework for understanding the role diseases have had in shaping society and explores the history of humans’ relationship with diseases and anticipates what the future may be, given current disease outbreaks.

SOCI 355 Social Demography and Population Studies  
[formerly SOCL 342 Social Demography and Population Studies]  
(TN) 3 cr. Prerequisite: SOCI 101 or consent of instructor. Provides an introduction to the field of demography. Emphasis is placed on understanding components of population change, and theories and methods of demography.

SOCI 380 Sociology of Health and Medicine  
[formerly SOCL 380 Sociology of Health, Healing and Illness]  
3 cr. Prerequisite: SOCI 101 or SOCI 318 or consent of instructor. Considers the application of sociology to the field of health and medicine. Topics include: the relationship between sociology and health care; the development of scientific medicine; the influence of the social environment on health and illness; health care practitioners and their relationship with parents and each other; and the health care delivery system.

SOCI 382 Social Psychology and Social Structure (crosslisted with PSYX 360)  
[formerly SOCL/PSYC 471 Social Psychology]  
3 cr. Prerequisite: SOCI 101 or PSYX 100, or consent of instructor. Studies how thoughts, feelings, and behavior of individuals are influenced by the actual, implied, or imagined presence of others. Emphasis is given to the symbolic interactionist perspective and the relationship between culture and cognitive processes.

SOCI 431 Sociology of Gender Roles  
[formerly SOCL 431 Sociology of Gender Roles]  
3 cr. (It is desirable if students enroll in SOCL 431 after taking SOCI 351 and before enrolling in SOCI 432.) Covers the fundamental importance of gender roles as a structural component of social interaction, social structure, and social organization in the face of shifting role responsibilities.

SOCI 432 Human Sexual Behavior  
[formerly SOCL 432 Human Sexual Behavior]  
3 cr. Prerequisites: Consent of instructor. Explores human sexual behavior on a continuum ranging from normal to deviant. The structure of the course permits opportunity for both subjective and objective analyses of a variety of ways in which human sexuality is expressed.

SOCI 435 Law and Society  
[formerly SOCL 465 Sociology of Law]  
3 cr. Prerequisite: SOCI 101 or PSCI 220 or instructor consent. Examines the relationship between the approaches by informal (cultural) and formal (legal) social institutions in attempting to define, organize, and ultimately to legitimately control human behavior in multicultural, historical, institutional, and constitutional contexts. The dichotomy of social justice and inequality is of special concern, along with examining
the social impact (or lack thereof) of different socially and/or legally-based institutional attempts at social change implementation.

**SOCI 448 Sport and Society  
[formerly SOCL 470 Sport and Society]**  
3 cr. Employs sociology as a means to understand and analyze social issues related to sports. Addresses both the positive and negative features of sport in society today, examines the current popularity of sports, the benefits they provide, and the problems they may pose. Discusses how participation in sports can teach cultural values, encourage socially appropriate behavior, and foster community spirit and looks at how particular social problems such as economic inequality, sexism, and racism are handled with sport.

**SOCI 455 Classical Sociological Theory  
[formerly SOCL 481 History of Sociological Thought]**  
3 cr. Prerequisite: SOCI 318 or consent of instructor. Presents the development of the ideas of the science and the formalization and changes in different theories advanced.

**SOCI 461 Urban Society and Human Ecology  
[formerly SOCL 461 Urban Sociology and Human Ecology]**  
4 cr. Prerequisite: consent of instructor. Introduces basic concepts of human ecology and focuses on basic patterns of social life in urban areas and their effect on the society and culture which can be expressed by the individual. The urban area is presented in its communal, ecological and morphological aspects including planning for the future.

**SOCI 470 Environmental Sociology  
[formerly SOCL 442 Environmental Sociology]**  
3 cr. Takes a holistic and systemic approach, applying sociological perspectives to environmental issues. Emphasis on ecological, social-cultural, political-economic, and demographic interactions with the environment.

**SOCI 482 Contemporary Sociological Theory  
[formerly SOCL 482 Contemporary Sociological Theory and Theory Construction]**  
3 cr. Prerequisites: SOCI 455 or consent of instructor. Examines the concepts and theories of recent and contemporary sociologists from 1940 to the present and the current emphasis for sociologists to bring together theory and empirical research at a level where there can be immediate, practical and needed results from their work.

**SOCI 492 Independent Study  
[formerly SOCL 491 Independent Study]**  
V1-5 cr. Prerequisites: consent of instructor and chairperson of department. Provides outstanding students an individual opportunity to explore material not covered by regular Sociology courses.

**SOCI 494 Seminar/Workshop  
[formerly SOCL 492 Seminar]**  
V1-3 cr. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Sociology.

**SOCI 494 Seminar/Workshop  
[formerly SOCL 493 Workshop]**  
V1-6 cr. Provides an opportunity for experimental study in an area of Sociology.

**SOCI 498 Internship/Cooperative Education  
[formerly SOCL 490 Internship]**  
V3-12 cr. Prerequisite: consent of instructor. Provides junior and senior Sociology majors with an opportunity to gain practical experience in sociological fieldwork. Three credits are required in the Sociology BA or BS and six credits may be taken in the Extended Sociology BA/BS major.

**SOCI 498 Internship/Cooperative Education  
[formerly SOCL 496 Cooperative Education/Internship]**  
V1-6 cr. Provides an opportunity for experimental study in the area of Sociology supervised by faculty. Learning agreement must be completed prior to registration (restricted).

**SOCI 499 Senior Thesis/Capstone  
[formerly SOCL 499 Capstone Seminar]**  
3 cr. Prerequisite: Senior status. Restricted-Consent of Selected Instructor. Analyzes how sociologists ask and answer methodological and theoretical questions. Guides the student in developing an understanding of the sociological profession and the tasks of the sociologist through the development of a research project including a literature review, designing a study, collecting data, writing a report, and making a presentation.

## Special Education

**COE 261, (406) 657–2315**  
The College of Education has designed its professional preparation programs to include a series of sequentially arranged field-based experiences. Depending on the degree option, these field-based experiences may be referred to as internships, practica,
clinics, or supervised field experiences. Each field-based course requires, as a minimum, 45 contact hours per semester credit hour. Some programs, due to national or state accreditation requirements or Departmental policy, may require additional contact hours beyond the minimum requirement. Students should clarify requirements with their faculty advisor prior to registration.

SPED 210 Adult/Child Interaction Skills
3 cr. Provides the student with basic knowledge of adult-child interaction, support strategies, literacy development, and observation techniques. A field experience is integrated into the course and assignments.

SPED 260 Introduction to Teaching Exceptional Learners
3 cr. (F, Sp, Su) Considers the characteristics of children with exceptional learning needs. Examines the services and strategies to provide for individual needs of each student with disabilities in the least restrictive environment. Provides students with an in-school practicum experience. Students must co-register with a SPED 260 lab.

SPED 283 Curriculum and Adaptations (crosslisted with EC 283)
3 cr. Provides the student with an understanding of developmentally appropriate curriculum. Curricular adaptations for individual learners including appropriate technology and equipment will be addressed. A field experience is integrated into the course and assignments.

SPED 289 Professional Roles and Expectations (crosslisted with EC 289)
3 cr. Provides the student with an understanding of roles and responsibilities of professional staff and paraprofessionals when working with families. Emphasis on professional standards of conduct including the requirements of confidentiality. A field experience is integrated into the course and assignments.

SPED 290 Internship
V1-6 cr. Provides freshman and sophomore students with a supervised field experience in an appropriate setting specifically related to the student’s major/minor area. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

SPED 291 Independent Study
V1-6 cr. Provides an opportunity for freshman and sophomore students to explore, under supervision, material not covered by regular college courses. Approval of department chair required.

SPED 292 Seminar
V1-3 cr. Provides students an opportunity to investigate topics pertinent to the field of Special Education.

SPED 293 Workshop
V1-9 cr. Provides an opportunity for study in Special Education.

SPED 310 Teaching Students with Learning Disabilities
3 cr. Prerequisite: SPED 260 and Admission to Teacher Education. (F, Sp, even Su) Introduces a historical and theoretical background for teaching students with learning disabilities. Presents a variety of approaches to teaching students with learning disabilities from preschool level through adult life.

SPED 311 Teaching Students with Emotional Disturbance
3 cr. Prerequisite: SPED 260 and Admission to Teacher Education. (Sp, odd Su) Introduces a historical and theoretical background for teaching students with emotional disturbance. Presents identification procedures and the variety of community and system options for these children, as well as classroom techniques and procedures for teaching students in the public schools.

SPED 312 Teaching Students with Developmental Disabilities
3 cr. Prerequisite: SPED 260 and Admission to Teacher Education. (F, even Sp, even Su) Provides a historical and theoretical background for teaching students with developmental disabilities. Presents skills in assessment, instruction, and evaluation of students in school and community settings. An in-class field experience is included in this course.

SPED 375 Teaching, Learning, and Behavior in the Schools
3 cr. Prerequisites: SPED 260 and Admission to Teacher Education. (even F, Sp, odd Su) Introduces principles of learning as conceptualized in applied behavior analysis. Addresses classroom and school-wide discipline models. Provides information and conducting functional behavior assessment, and emphasizes a collaborative problem-solving approach.
SPED 400 Legal and Current Issues in Special Education
3 cr. Prerequisite: SPED 310, SPED 311, SPED 312, and admission to Teacher Education program. (F, odd Sp, odd Su) Focuses on the legal precepts of special education and current issues in implementation of the law.

SPED 405 Assessment of Students with Disabilities
3 cr. Prerequisite: SPED 310, SPED 311, SPED 312, and admission to Teacher Education Program. (F, odd Sp, odd Su) Presents measurement principles and procedures and application of norm referenced, criterion referenced, and classroom-based procedures for students with disabilities.

SPED 415 Individualizing Curriculum (Preschool-12th Grade)
3 cr. Prerequisites: SPED 310, SPED 311, SPED 312 and admission to the Teacher Education program. (F, Sp, Su) Covers aspects of effective teaching with emphasis on curriculum familiarity, curriculum analysis, evaluation, individualizing programs, implementing programs, decision-making, and preparing children for success in general education classrooms. An in-class practicum is included in this class.

SPED 420 Teaching Special Populations
3 cr. Prerequisite: Admission to Teacher Education program and senior standing. (F, Sp) Provides students with 90 hours of supervised practical experience in at least two different special education settings. Involves structured observation, assessment, lesson planning and execution, data collection, and data-based decision-making. Includes biweekly two hour seminars covering such topics as classroom organization and management and teaching techniques for students with autism, behavioral and emotional problems, cognitive delays, learning disabilities, and other disabling conditions.

SPED 484 Special Education Student Teaching
9 cr. Prerequisite: Approved student teaching application and completion of the special education course requirements. (F, Sp, Su) Places the student in a supervised field experience in a special education P-12 setting that allows the student to demonstrate teaching skills in the classroom with a variety of learners. Students, in collaboration with the mentoring teacher, engage students in learning and participate in related experiences associated with the teaching profession. On-site mentoring and university supervision are integral to this experience.

SPED 490 Internship
V1-3 cr. Prerequisite: Consent of department chairperson and completion of student teaching or approved equivalent experience. Provides junior and senior students with a supervised field experience in an appropriate setting specifically related to the student’s major/minor area. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

SPED 491 Independent Study
V1-6 cr. Provides an opportunity for junior and senior students to explore, under supervision, material not covered by regular college courses. Approval of department chair required.

SPED 492 Seminar
V1-3 cr. Prerequisite: Admission to Teacher Education program. Provides students an opportunity to investigate topics pertinent to the field of Special Education.

SPED 493 Workshop
V1-6 cr. Provides an opportunity for study in Special Education.

SPED 494 Clinic
V1-6 cr. Provides an opportunity for students to explore and develop applications of theoretical study in a particular area. In-field contact time is 45 hours per semester credit. Field placements are arranged through the Office of Licensure, Standards and Clinical Practice.

Spanish

LA 722, (406) 657-2232

SPNS 101, 102 Elementary Spanish I, II
[formerly SPAN 101, 102 Elementary Spanish I, II] 4, 4 cr. (F, Sp) A sequence course; student must pass SPNS 101 before enrolling in SPNS 102. Introduces modern Spanish; an audio-lingual approach which teaches the grammar necessary for simple spoken and written Spanish.

* SPNS 150 The Hispanic Tradition
[formerly SPAN 150 The Hispanic Tradition] (WR) 3 cr. (F) Presents aspects of Hispanic traditions and culture across the time and geography as they have shaped current Hispanic societies. Taught in English.
SPNS 201, 202 Intermediate Spanish I, II  
[formerly SPAN 201, 202 Intermediate Spanish I, II]  
3, 3 cr. Prerequisite: SPNS 102 or equivalent. (F, Sp)  
A sequence course; student must pass SPNS 201 before enrolling in SPNS 202. Provides a systematic review and expanded study of Spanish grammar and increased development of oral, reading, and writing skills.

SPNS 292 Independent Study

SPNS 293 Study Tours/Study Abroad

SPNS 304 Spanish for Business  
[formerly SPAN 304 Spanish for Business]  
3 cr. Prerequisite: SPNS 202 or junior standing.  
Introduces essential business terminology and practices in Spanish, including idioms and special language affecting business investments, labor relations, and corporate economic viability. Special attention is given to U.S.-Latin American sphere.

SPNS 305 Spanish Phonetics  
[formerly SPAN 360 Spanish Phonetics]  
3 cr. Prerequisites: SPNS 202 or junior standing.  
(alternating Sp) Introduces students to the unique sound system and fundamentals of Spanish pronunciation, with attention to syllabication intonation, articulation, and individual difficulties; provides students with opportunities to produce, recognize, and transcribe a wide variety of Spanish language sounds.

SPNS 311, 312 Hispanic Culture and Civilization I, II  
[formerly SPAN 311, 312 Hispanic Culture and Civilization I, II]  
(WR) 3, 3 cr. Prerequisite: SPNS 202 or equivalent.  
(F, Sp) Studies the culture and civilization of Spain (SPNS 311) and Latin America (SPNS 312). Readings and discussion on Hispanic history, politics, and culture. Conducted in Spanish.

SPNS 314 Latino Literature (crosslisted with LIT 307)  
[formerly SPAN/ENGL 309 Latino Literature]  
3 cr. (odd Sp) Introduces Latino/a literature with focus on classic and contemporary writers of Hispanic origin living and writing in the U.S. Analyzes their historical, political, cultural, and literary discourses through fictional and some non-fictional works focusing on Latino/a society as a marginalized minority.

SPNS 321, 322 Advanced Spanish Conversation I, II  
[formerly SPAN 301, 302 Advanced Spanish Conversation I, II]  
3, 3 cr. Prerequisite: SPNS 202 or equivalent. (F, Sp)  
Provides extensive oral practice to develop greater fluency and proficiency in spoken Spanish. Conducted in Spanish.

SPNS 405, 406 Spanish Composition & Grammar I, II  
[formerly SPAN 405, 406 Spanish Composition and Grammar Review I, II]  
(WR) 3, 3 cr. Prerequisite: SPNS 202 or equivalent.  
(F, Sp) Considers various points of Spanish grammar with the goal of developing an awareness of style necessary for teaching or advanced studies.

SPNS 455 Topics in Spanish American Literature  
[formerly SPAN 410 Topics in Spanish American Literature]  
3 cr. Prerequisites: SPNS 312 or consent of instructor. (even Sp) Studies aspects of Spanish American literature by genre, theme, or period. Focus varies. May be repeated for up to 6 credits. Conducted in Spanish.

SPNS 456 Topics in Spanish Literature  
[formerly SPAN 414 Topics in Spanish Literature]  
3 cr. Prerequisites: SPNS 311 or consent of instructor. (alternating Sp) Studies aspects of Spanish literature by genre, theme, or period. Focus varies. May be repeated for up to 6 credits. Conducted in Spanish.

SPNS 493 Study Tours/Study Abroad

SPNS 492 Independent Study  
[formerly SPAN 491 Independent Study]  
V1-5 cr. Prerequisites: consent of instructor and department chairperson. Offers an opportunity for students of outstanding ability to explore material not covered by regular courses in languages.

SPNS 494 Seminar/Workshop  
[formerly SPAN 492 Seminar]  
V1-3 cr. Prerequisites: consent of instructor and department chairperson. Provides advanced students an opportunity to investigate intensively topics pertinent to the field of Spanish Languages and Literatures.

SPNS 494 Seminar/Workshop  
[formerly SPAN 493 Workshop]  
3 cr. Prerequisite: consent of instructor. Provides an opportunity for experimental study in an area of Spanish Language and Literatures.
SPNS 498 Internship/Cooperative Education  
(formerly SPAN 490 Internship)  
V1-3 cr. Prerequisites: Completion of 60 credit hours or upper division standing in Spanish, 3.0 overall GPA, consent of advisor, and approval of Department Chair. Provides an opportunity for students to acquire field experience and material not covered in regular classes in Spanish; can only be taken on a Pass/No Pass basis.

SPNS 498 Internship/Cooperative Education  
(formerly SPAN 496 Cooperative Education)  
V1-8 cr. Provides university credit for a paid work experience in the area of Spanish supervised by faculty and requiring written assignments.

SPNS 499 Senior Thesis/Capstone  
(formerly SPAN 499 Senior Paper)  
1 cr. Prerequisite: Senior standing in Spanish. Major research paper to be defended in Spanish.

Statistics  
LA 848, (406) 657–2228

* STAT 141 Introduction to Statistical Concepts  
(formerly STAT 141 Introduction to Statistics)  
3 cr. Prerequisite: M 095 or equivalent. (F, Sp, Su)  
Introduces the basic ideas of modern statistics including descriptive statistics, probability, and statistical inference.

* STAT 216 Introduction to Statistics  
(formerly STAT 241 Statistical Methods)  
(TN) 4 cr. Prerequisite: M 095 or equivalent. (Su)  
Covers descriptive techniques, probability distributions, and statistical inference of one and two sample tests and associated confidence intervals for means and proportions and linear regression. Introduces statistical analysis using technology.

STAT 217 Intermediate Statistical Concepts  
(formerly STAT 242 Statistical Methods II)  
4 cr. Prerequisite: STAT 216. Covers one and two sample tests and associated confidence intervals for means and proportions; one-way analysis of variance; F-tests; multiple comparisons; correlation; contingency tables; and distribution-free methods. Emphasizes statistical analysis using the computer.

STAT 294 Seminar/Workshop  
(formerly STAT 292 Seminar)  
V1-3 cr. Provides students an opportunity to investigate intensively topics pertinent to the field of Statistics.

STAT 294 Seminar/Workshop  
(formerly STAT 293 Workshop)  
V1-8 cr. Provides an opportunity for experimental study in an area of statistics.

STAT 341 Introduction to Probability & Statistics  
(formerly STAT/MATH 341 Probability)  
4 cr. Prerequisite: M 273. (F) Covers discrete and continuous random variables, moment generating functions, statistical inference, and methods of estimation. Topics may vary from year to year.

STAT 492 Independent Study  
(formerly STAT 491 Independent Study)  
V1-3 cr. Prerequisites: consent of instructor and department chairperson. Provides outstanding students an individual opportunity to explore material not covered by regular statistics courses.

STAT 494 Seminar/Workshop  
(formerly STAT 492 Seminar)  
V1-3 cr. Prerequisite: mathematics major or minor, or consent of instructor. Investigates intensively topics pertinent to the area of Statistics.

Theatre  
LA 600, (406) 657–2178

* THTR 101 Introduction to Theatre  
(formerly COMT 150 Introduction to Theatre and Performance)  
3 cr. Introduces the student to various aspects of theatre and performance with the goal of enhancing the student’s enjoyment of drama and performance art. Provides the student with an understanding and an appreciation of the art of theatre.

THTR 102 Introduction to Theatre Design  
(formerly COMT 256 Visual Elements of Performance Studies)  
(TN) 3 cr. Focuses on analysis, design, and construction of the visual/physical aspects of performance. This class explores creating a physical environment for performance. Based on traditional theatrical tools (set/lighting design and construction, costumes, makeup), students will also be encouraged to work with video production techniques leading to
documentary design options. Non-traditional tools such as found objects, expanded definitions of performance space, and experimental design processes will also be explored.

* THTR 120 Introduction to Acting I  
[formerly COMT 250 Introduction to Acting]  
3 cr. Uses theatre games and scripted material to introduce the student to basic concepts of the art of acting. Helps the student to develop an appreciation for the art of acting both from the point of view of the audience and the performer.

THTR 205 Theatre Workshop II  
[formerly COMT 293 Workshop]  
V1-5 cr. Prerequisite: consent of instructor.  
Provides an opportunity for experimental study in an area of Communication and Theatre.

THTR 302 Theatre Design and Technology  
[formerly COMT 356 Theatre Design and Technology]  
3 cr. Prerequisite: THTR 102. Refines communication through the media of lighting, sound, and scenic design. This course allows the student to learn the steps through which to execute a stage design. Students will explore different design strategies and apply theoretical models to theatrical and/or media productions.

THTR 305 Theatre Workshop III  
[formerly COMT 493 Workshop]  
V1-5 cr. Prerequisite: consent of instructor.  
Provides an opportunity for experimental study in areas Communication and Theatre.

THTR 337 Performance Theory and Criticism  
[formerly COMT 350 Performance Theory and Criticism]  
3 cr. Prerequisite: COMT 200 or consent of department chair. Provides the student with a theoretical/conceptual framework for performance analysis. The course deconstructs notions of performance as product as well as process. Topics include the review of critical writings, contemporary theatre theory, philosophies of directing, dialogical definitions of audiences and genres, and ethnographic application.

THTR 375 Directing I  
[formerly COMT 358 Directing]  
3 cr. Prerequisite: COMT 200, THTR 120 or consent of department chair. Provides a guided study in interpreting and directing the play with work in developing a written concept and staging a portion of material based on that concept. It is also intended to help each student with individual rehearsal problems.

THTR 383 Performance for the Camera  
[formerly COMT 340 Performance for the Camera]  
3 cr. Prerequisite: COMT 200 or consent of department chair. Provides training in on-camera performance techniques including delivery style, voice preparation, use of teleprompter and/or cue cards, and interacting with the camera. Contexts of performance to be explored include broadcast news, interviewing, press conferences, acting in commercials, and visual storytelling.

Writing

LA 437/400, (406) 657-2348

WRIT 095 Developmental Writing  
[formerly ENGL 100 English Essentials]  
3 cr. Reviews basic grammar with emphasis on sentence structure and mechanics. Also presents basic writing considerations, especially paragraph organization and development of the multi-paragraph essay. Placement by student’s request or by results of Writing Placement Test, SAT, or ACT and by faculty recommendation. Credits do not apply toward graduation requirements and do not fulfill General Education requirements. Credits not applicable to English major or minor. However, the credits do count towards enrollment status for financial aid.

* WRIT 101 College Writing I  
[formerly ENGL 150 College Composition]  
3 cr. Prerequisite: Satisfactory passing score on Placement Examination or grade of “C” or better in WRIT 095. (F, Sp) Provides instruction in writing competencies expected of college students. Pays special attention to writing as a problem-solving process, patterns of organization in personal and informative writing, and logical thinking and style in argumentative/persuasive writing. (Course not applicable to English major or minor.)

* WRIT 201 College Writing II  
[formerly ENGL 226 Research Writing]  
(TN) 3 cr. Prerequisite: WRIT 101. (F, Sp) Provides opportunities for students to develop writing and thinking skills that are both relevant and adaptable to many writing situations and assignments. Includes basic research writing and information gathering skills appropriate to a variety of academic disciplines. Students will be instructed in the use of both the M.L.A. and the A.P.A. systems of documentation.
* WRIT 220 Business & Professional Writing  
[formerly ENGL 201 Business Communication]  
(TN) 3 cr. Prerequisite: WRIT 101. (F, Sp) Provides instruction in the preparation of business memos, letters, reports, oral presentations, and computer assisted writing in business contexts.

WRIT 221 Intermediate Technical Writing  
[formerly ENGL 210 Technical Writing]  
(TN) 3 cr. Prerequisite: WRIT 101. (even Sp)  
Introduces students to the creation and evaluation of several kinds of written technical communication.
Glossary of Terms and Definitions

The following is a collection of explanations and interpretations of terms commonly used throughout this General Bulletin and at Montana State University Billings.

**General Education Requirements** - A body of knowledge which, in the view of the University and its faculty, every graduate of MSU Billings must have in addition to the specializations of the major and minor. Each student is required to take 37 semester credits of General Education courses.

**Academic Probation** - Denotes that a student’s academic performance is below standard as defined by the institution; the student is warned of possible suspension.

**Academic Record** - The unabridged and complete historical record of a student’s academic coursework.

**Academic Senate** - The highest ranking faculty governing committee on campus. The Senate makes recommendations on course offerings, program content, and other academic matters and governs a variety of faculty matters. Although members are elected by faculty members, students may also serve on Senate committees.

**Academic Year** - That period of time from the opening of Fall Semester to the closing of the next Spring Semester is the “academic year.” Summer Session is specifically excluded.

**Accredited Institution** - A college or university accredited by, or a candidate for accreditation from, one of the recognized regional accrediting commissions. Montana State University Billings is accredited by the Northwest Commission on Colleges and Universities.

**Activity Courses** - Courses centered around participation rather than classroom and laboratory achievement. Examples include physical education activities, band and chorus activities and drama activities. Credit earned in such courses may be limited when used for meeting graduation requirements in some programs.

**Admission** - The process of accepting a candidate for enrollment into college.
student fills out an application for graduation at the Admissions and Records Office, pays a fee, and returns the application to the Admissions and Records Office.

**Class Schedule** - The list of courses and sections offered in a given semester, including days, hours, places of meeting and names of instructors.

**College** - One of five major divisions of academic areas at MSU Billings. They are the College of Allied Health Professions, the College of Arts and Sciences, the College of Business, the College of Education, and the College of Technology. Each college is headed by a dean who reports to the Provost and Academic Vice Chancellor.

**Common Body of Knowledge (CBK)** - Courses required of students in all options and majors in the College of Business.

**Core Courses** - Courses required by the University, the college, or the department by all students in a degree program regardless of the option or concentration in which they may choose to major.

**Corequisite** - A course required to be taken at the same time as another course.

**Course** - A unit of academic work in a particular subject, normally one semester long, for which credit toward graduation is usually given.

**Course Load** - The number of semester credit hours associated with the academic work in which a student is enrolled in any given term.

**Credit Hours** - Normally one semester credit hour represents 60 minutes of classroom instruction each week for one semester. (Credit in a laboratory or studio class may require a longer period of time). A three credit class will meet for three 60-minute or two 90-minute sessions each week for the entire semester.

**Degree** - An academic title MSU Billings is authorized to confer as official recognition to those who complete an academic program. An example is a Bachelor of Science Degree.

**Degree Program** - A prescribed course of study which leads to a degree.

**Double Counting** - The process by which some courses may be used to meet both General Education requirements and requirements for a major or minor. However, the credits may not be counted twice. If, for instance, one course is used to meet requirements in General Education and the major, the credits may only be counted in one of those areas.

**Education (College of)** - This area involves coursework which will enable students to teach in elementary or secondary schools in most areas offered in arts and sciences and in health, physical education and related subjects, and in special education.

**Electives** - Courses which are not a required part of a degree program are electives. Some departments may insist that their majors choose between certain electives (referred to as Restricted Electives).

**Extended Major** - As a substitution for the standard major-minor requirement a student may, with permission of the department chairperson concerned, complete an extended major with a minimum of 40 semester credits.

**Extension Class** - A special class offered through MSU Billings Downtown. A special fee is required and the course may be offered for regular college credit or it may be a non-credit course.

**Faculty Advisor** - A faculty member who helps a student plan and complete a degree program.

**Full-time Student** - An undergraduate student registered for 12 or more semester credits, or any graduate student registered for nine or more semester credits is considered a full-time student.

**Good Academic Standing** - Status which denotes that a student is eligible to continue at or return to an institution.

**Grade Point Average (GPA)** - The grade average a student earns for each semester. It is calculated by multiplying the number of credits given for a course times the value of the grade received for the course (A=4, B=3, C=2, D=1, F=0), adding the value calculated for each class and dividing by the total number of credits. Thus, if a student has an “A” in a 4 credit course; a “B” in a 3 credit course; a “C” in a 2 credit course, and a “D” in a 2 credit course the GPA
calculation would be as follows:
A = 4 times 4 credits = 16 grade points
B = 3 times 3 credits = 9 grade points
C = 2 times 2 credits = 4 grade points
D = 1 times 2 credits = 2 grade points
Total = 31 grade points divided by 11 total credits = 2.82 GPA.

**Grade Report** - A report of the student’s grades earned at the end of each semester.

**Graduate Student** - Student who has earned a baccalaureate degree and is pursuing post baccalaureate studies including a master’s degree.

**Graduate Courses** - Courses generally reserved for graduate students and numbered at the 500 level and above.

**Graduation Check** - The determination of whether a student has met the specified minimum educational requirements necessary for the granting of a degree.

**Headcount** - The number of students enrolled in an educational institution, program, course, etc., without regard to the number of credit hours being taken by individual students.

**Hours** - Sometimes referred to as semester credit hours unless specifically stated otherwise.

**Human Services** - A broad field of human endeavor in which individuals act as agents to assist individuals, families, and communities to better cope with crisis, change, and stress; to prevent or alleviate stress; and to function effectively in all areas of life and living.

**Laboratory** - A course involving supervised experimentation or practice related to an academic area. It generally requires hands-on use of equipment and materials.

**Lower Division Courses** - Classes usually numbered 100 to 299. Ordinarily freshman and sophomores take courses numbered from 100 to 299.

**Major** - The area in which a student concentrates. An academic major is required for graduation. Majors require a minimum of 30 semester credits.

**Minor** - A program of courses in addition to the major in which students must complete. A minor requires at least 20 semester credits of instruction in specified courses.

**MSU Billings Downtown** - This area includes noncredit and credit workshops, interactive TV courses, and internet courses as well as other professional development offerings on and off campus.

**Multicultural Study** - A general term for courses which involve students in the study of a culture other than the typical American culture.

**Option** - A program by which students narrow their area of specialty within the overall umbrella of a particular major program.

**Part-time Student** - A student enrolled with 11 or fewer credits.

**Pass/No Pass Grading** - Pass/No Pass is a way of taking classes without fear of failure. Students who do “A,” “B,” or “C” work in the class are given a “P”; students who do “D” or “F” work receive a “NP.” It is intended to encourage students to explore courses outside of their major and minor programs. There is no affect on Grade Point Average; however, credit is earned toward graduation. Students must indicate the P/NP Option at the time they register for classes.

**Pre-registration** - The process by which students select courses for a succeeding term in advance of the official opening date of the semester.

**Prerequisite** - A course to be completed successfully or a condition to be met before a student may enroll in a specific course.

**Probation** - Academic probation is the result of unsatisfactory scholarship. It is not a penalty but a warning and an opportunity to improve.

**Quantitative Methods** - A group of basic mathematics and statistics courses required for business majors. It provides a foundation for the more complicated mathematical manipulations required in the Common Body of Knowledge and other business courses.

**Quarter** - An enrollment period of about ten weeks.
Quarter Credit Hours - Units of credit awarded for successful completion of academic work. Students' progress toward fulfilling curricular and degree requirements is measured in terms of quarter credit hours at some other institutions. A quarter credit is equal to .66 of a semester credit. Example: A three-credit quarter course is equal to a two-semester credit course.

Registration - The process by which students officially enroll in classes and pay fees. Students must be formally admitted to MSU Billings before they may register.

Restricted Electives - Courses where students choose between several particular classes to meet requirements of the University, college or department.

Section - A division of a course, as between one or more instructors, but having the same course title and the same subject matter.

Semester - An enrollment period of about sixteen to eighteen weeks.

Semester Credit - A semester credit is 1 and 1/2 times more than a quarter credit (example: a two credit semester course is equal to a three credit quarter course).

Summer Session - An enrollment period that begins after the Spring Semester ends.

Suspension - Academic suspension is an involuntary separation of the student from the University for unsatisfactory scholarship. (See Minimal Academic Progress for details).

Teacher Licensure - A document issued by Montana’s Office of Public Instruction authorizing the person holding it to teach at certain levels or in certain subjects, or serve in a professional teaching service position in the public schools of the state. (For additional information contact the Licensure Officer in the College of Education).

Teacher Endorsement - An official notation appended to the Teacher Licensure which defines the areas in which the holder of the licensure is qualified to teach or to serve in a professional teaching service position in the public schools of Montana.

Transcript - An Official Transcript is an unabridged and certified copy of a student’s permanent academic record. A small fee is charged for each copy. (An uncertified working copy of the student’s academic record is available at no charge).

Undergraduate Student - A student who has not yet earned a bachelor’s degree or who has earned a bachelor’s degree, but is a candidate for an additional bachelor’s degree, or is pursuing additional undergraduate coursework.

Upper Division Courses - Courses numbered from 300 to 499. Ordinarily juniors and seniors take courses numbered from 300 to 499. Students must earn 36 semester credits of upper division courses to complete graduation requirements.
Montana State University Billings Faculty

ACTON, Gary A. Professor and Chairperson, English, Philosophy and Modern Languages
B.A., Morningside College, 1964; M.A., University of Iowa, 1966; Ed.D., Montana State University, 1980 (1966)

ALBERSON, Janet Assistant Professor, Educational Theory and Practice

ALEXANDER, Duane Automobile Collision Repair Instructor

ALLARD, W. Gregory University Lecturer, Educational Theory and Practice

AMUNDSON, Gary University Adjunct Instructor, Business Administration

BALTER-REITZ, Susan Associate Professor and Chairperson, Communication and Theatre; Director, Graduate Studies

BARFIELD, Susan Professor, Educational Theory and Practice; Music

BARRON, James Associate Professor, Biological and Physical Sciences
B.S, Purdue University, 1982; Ph.D., Indiana University, 1995 (2003)

BAUER, Paul J. Drafting and Design Technology Instructor; Chairperson, Drafting & Design and Business

BECKER, Edward Automobile Refinishing Instructor
B.S., Eastern Montana College, 1970; ASE Certified Master Technician (1990)

BIGGS, Trisha Human Resources Instructor

BLACKWELL, Robert Welding/Metal Fabrication Instructor; Chairperson, Transportation and Industry Certificate, Billings Vo-Tech; B.S., MSU Billings, 1996 (2008)

BLACKWELL, Terry Professor and Chairperson, Rehabilitation and Human Services

BOHLMANN, Natalie Assistant Professor, Educational Theory and Practice

BROWN, Douglas Professor, Accounting

BRUMLEY, Bruce Computer Systems Technology Instructor

BRUMLEY, Delbert Computer Systems Technology Instructor
(2010)

BUMMER, Albert L. Diesel Technology Instructor

BUSHMAN, Peter Diesel Instructor

BUTLER, David K. Professor, Biological and Physical Sciences
CAMPBELL, Michael C.  Professor and Chairperson, Business Administration  
B.S., Colorado State University, 1971; M.S., Colorado State University, 1975; C.P.A. (1978)

CAST, Brian  Professor, Art  

CASTLES, Carl  Associate Professor, Biological and Physical Sciences  
B.S., Abilene Christian University, 1988, Ph.D., Tulane University, 1993 (1998)

CHEN, Oliver Y. K.  Professor, Mathematics  
B.A., Taiwan Normal University at Taipei, 1969; M.S., Tsing Hua University, 1973; Ph.D., University of Washington, 1983 (1983)

CHRISTENSEN, Alan B.  University Lecturer, Educational Theory and Practice  

COFFMAN, Stephen L.  Professor, Communication and Theatre  
B.A., University of Rochester, 1970; M.A., University of Kansas, 1973; Ph.D., University of Kansas, 1975 (1977)

COLLING, Kyle K.  Associate Professor, Rehabilitation and Human Services  
B.S., Eastern Montana College, 1974; M.S., Eastern Montana College, 1976; Ph.D., University of Northern Colorado, 2001 (2001)

COOPERROSBERG, Audrey  Nursing Instructor  
B.S., George Mason University, 1977; Ed.M. George Mason University, 1980; Ph.D. Fielding Institute, 1998 (1997)

CROMLEY, Dorothea  Professor and Chairperson, Music  

DELL, Cindy Ann  Assistant Professor, Educational Theory and Practice  

DELL, Thomas  Assistant Professor, Rehabilitation and Human Services  

DENNIS, Michael  Associate Professor, Biological and Physical Sciences  
B.S., Northern Arizona University, 1970; M.S., Colorado State University 1975; Ph.D., Colorado State University, 1978 (1987)

DIAZ, Ana  Assistant Professor, English, Philosophy and Modern Languages  
B.A., Rutgers The State University of New Jersey, 1998; M.A., Johns Hopkins University, 2002; Ph.D., Johns Hopkins University, 2010 (2009)

DILLMAN, Rhonda  Assistant Professor, Biological and Physical Sciences  

DILLON, Brian  Professor, English, Philosophy and Modern Languages  

DOCKERY, Brenda  University Adjunct Instructor, Business Administration  
(2011)

DUGI, Rosemarie  Assistant Professor, Educational Theory and Practice  

EDGERTON, Keith  Professor, History  

EDWARDS, Gary  Fire Science Instructor  
B.S., Pacific Western University (2008)

ELIASON, Stephen  Associate Professor, Sociology, Political Science, Native American Studies and Environmental Studies  
B.A., Utah State University, 1990; M.A., Utah State University, 1992; Ph.D., Oklahoma State University, 1998 (2004)
ENDER, Milton  Radiologic Technology Instructor  
A.A.S., Southeast Community College, 1982; B.S.E.D., University of Nebraska, 1977 (2004)

ENDRESEN, Ardyce  University Lecturer, English, Philosophy and Modern Languages  

FAZEL, Shokoofeh  University Adjunct Associate Professor, Economics  
B.A. Bombay University, India, 1975; M.S., Davars College, India, 1976; M.S., Bombay University, India, 1977; Ph.D., The Claremont Graduate University, 1992 (1999)

FENDERSON, Mark  Assistant Professor, Music  

FISHPAUGH, Mary Susan E.  Dean, College of Education; Professor, Educational Theory and Practice  

FLIEGEL, Shanna  University Lecturer, Art  

FLOYD, Susan  Nursing Instructor  
B.S.N., Montana State University, 1985 (1990)

FRANKFURT, Donald  Welding & Metal Fabrication Instructor  
(2010)

FULLON, Elizabeth  English-Writing Instructor  

GABEL, Kathe  Instructor, Health and Human Performance  
B.S., Montana State University-Bozeman, 1973; M.S., Colorado State University, 1979; Ph.D., Utah State University, 1987 (2009)

GAGNON, Vern  Interim Dean, College of Technology; Automotive Technology Instructor  
B.S., Northern Montana College, 1992; M.S., Montana State University Billings, 2003; Automotive Service Excellence (ASE) Master Automobile Tech Certified, 1990; ASE L1 Certified, 2004; ASE Truck, T1, T5, T6, T7 Certified, 2005 (2002)

GILBERTZ, Susan J.  Assistant Professor, Sociology, Political Science, Native American Studies and Environmental Studies  

GOOD, Robert  Power Plant Technology Instructor  
Technical and Apprenticeship Trainer (2009)

GREGORY, Susan  Professor, Educational Theory and Practice  

GROSS, Daniel D.  Professor, Communication and Theatre  

GURCHIEK, David  Paramedic Instructor  
B.S., California Coast University, 1993; M.S., California College for Health Sciences, 2000 (1996)

GURNEY, Brian  Adjunct Assistant Professor, Business Administration  

HAALAND, Tami  Associate Professor, English, Philosophy and Modern Languages; Director, Honors Program  

HANSEN, Jane E.  Medical Coding Instructor  

HARDT, Mark D.  Associate Professor, Sociology, Political Science, Native American Studies and Environmental Studies  

HARRIS, R. Scott  Associate Professor, Economics  
B.A., University of California, 1971; M.A., University of California, 1975; Ph.D., University of California, 1985 (1988)
HART, Suzanne  Professor, English, Philosophy and Modern Languages  

HATCH, Doxey R.  Professor, Psychology  

HAVENS, Michael D.  Professor and Chairperson, Psychology  
B.S., University of Wyoming, 1979; M.S., University of Wyoming, 1983; Ph.D., University of Wyoming, 1985 (1996)

HAVNER, Carter  University Lecturer, History  
B.A., Southwestern University, 1963; M.E., University of Texas, 1973; Ph.D., University of Texas, 1977 (2006)

HECIMOVIC, Anton  Professor, Educational Theory and Practice  

HEIAT, Abbas  Professor, Information Systems  

HEIAT, Nafisseh  Professor, Information Systems  

HOBBS, Sharon F.  Professor, Educational Theory and Practice  

HOFER, Terry  Computer Systems Technology Instructor  
(2010)

HOLMAN, Patricia  Adjunct Assistant Professor, Management/Marketing  

HOLT, Kathleen  University Adjunct Instructor, Educational Theory and Practice  

HONEA, Joy  Assistant Professor, Sociology, Political Science, Native American Studies and Environmental Studies  

HOOD, David  Associate Professor, Sociology, Political Science, Native American Studies and Environmental Studies  
B.A., Mercyhurst College, 1977; M.A., Northern Arizona University, 1979; Ph.D., Washington State University, 1984 (1990)

HOOVER, John C.  Associate Professor and Co-Chairperson, Mathematics  

JACOBSON, Mark  Associate Professor, Mathematics  

JOHNSON, Debra  Associate Professor, Business Administration  

JUSSILA, Neil R.  Professor, Art  
B.S., Montana State University, 1966; M.A.A., Montana State University, 1969 (1969)

KAMOWSKI, William  Professor, English, Philosophy and Modern Languages  
B.A., Seton Hall University, 1971; M.A., Seton Hall University, 1974; Ph.D., Washington State University, 1984 (1985)

KELLER, Sarah  Associate Professor, Communication and Theatre  
KEMMERER, Lisa  Assistant Professor, English, Philosophy and Modern Languages  

KHAMEL, Tasneem  Dean, College of Arts and Sciences; Professor, Biological and Physical Sciences  
B.S., Mysore University, India, 1961; M.Sc., Mysore University, India, 1963; Ph.D., Bangalore University, India, 1970 (1976)

KLIPPMAN, Stacy  Vice Chancellor for Student Affairs; Assistant Professor, Educational Theory and Practice  

LANDIS, Connie M.  Professor, Art  

LARSEN, Don A.  Associate Professor, Business Administration  
B.S., Bringham Young University, 1988; M.B.A., Utah State University, 1994; Ph.D., University of Missouri, 2001 (2002)

LEONARD, Jennifer  Associate Professor, Business Administration  
A.A., Louisiana Tech University, 1982; B.A., Louisiana Tech University, 1983; M.B.A., Northeastern State University, 1995; Ph.D., Oklahoma State University, 2003 (2003)

LEWIS, Thomas  Associate Professor, Biological & Physical Sciences  
B.S., Northern Arizona University, 1980; Ph.D., Oregon State University, 1985 (2007)

LORD, Russell  Professor and Chairperson, Health and Human Performance; Professor, Educational Theory and Practice  
B.S., William Penn College, 1972; M.S., Central Missouri State University, 1975; Ed.D., Texas Tech University, 1979 (1985)

LOUIS, Warren  Sustainable Energy Technology Instructor  
B.S.E.E., University of New Mexico, 1970 (2010)

LYNN, Jennifer  Assistant Professor, History  

MARLOW, Matthew  Assistant Professor, Biological & Physical Sciences  
B.A., Lourdes College, 1995; M.S., University of Wyoming, 1999; Ph.D., University of Wyoming, 2005 (2010)

McBRIDE, Maggie  Associate Professor and Co-Chairperson, Mathematics  
B.S., Eastern Montana College, 1976; M.S., Montana State University, 1983; Ph.D., University of Oregon, 1989 (1994)

McDADE, Julie  Communication Instructor  

McENANY, Judith  Associate Professor, Educational Theory and Practice  

McINTYRE, Rick  University Lecturer, Mathematics  

McKENZIE, Craig  Computer Systems Technology Instructor; Chairperson, Computer Technology  

McLAUGHLIN, Judith A.  Associate Professor, Psychology  

McMULEN, Matthew N.  Professor, Psychology  
B.A., Bowling Green State, 1988; Ph.D., Indiana University, 1995 (1996)

McNALLY, Mary  Professor, Management  

METHENY, Dixie L.  Professor, Educational Theory and Practice  
B.S., Colorado State University, 1968; M.S., Colorado State University, 1970; D.A., University of Northern Colorado, 1973 (1990)
MILLER, Kenneth  Chairperson and Professor,  
Educational Theory and Practice  
B.A., South Dakota State University, 1975; M.S., University of Wyoming, 1987; Ph.D., University of Wyoming, 1993 (1992)

MORGAN, Loretta  University Lecturer, Health and Human Performance  
B.S., Western Carolina University, 1974; M.A., Western Carolina University, 1975; D.A., Middle Tennessee State University, 1987 (2003)

MULLANEY, Janet N.  Business Instructor  
B.A., Montana State University, 1968 (1985)

MURRAY, Scott M.  Instructor, Health and Human Performance  
B.S., University of Texas, 1975; M.D., Southwestern Medical School, 1981 (2009)

NAGEL, Douglas  Assistant Professor, Music  

NICHOLS, Patricia  University Lecturer, Rehabilitation and Human Services  
(2011)

NOWLIN, James  Professor, Educational Theory and Practice  

NYNAS, Suzette  Assistant Professor & Program Director, Athletic Training  
B.S., South Dakota State University, 1997; M.S., Northern State University, 1998 (2009)

OTJEN, A.J.  Associate Professor, Business Administration  

PEDULA, Barbara  Mathematics Instructor  
B.S., Montana State University, 1986; M.S., Montana State University, 1990 (1996)

PFAU, Katherine  Automotive Technology Instructor  
B.S., Montana State University-Northern, 2002; Automotive Service Excellence (ASE) Master Certified, 2005 (2003)

PIERCE, Richard  Mathematics Instructor;  
Chairperson, General Education, Transfer, and Learner Support  

PITT, Harold Wayne  Nursing Instructor  
B.S.N., University of Alabama in Huntsville, 1981; C.R.N.A., Central North Dakota School of Anesthesia, 1993; M.S.N., University of Mary, 1993; (2006)

PUGH, Randall K.  University Lecturer, Communication and Theatre  
B.A., Washington State University, 1972; M.F.A., University of Montana, 1975

QUETCHENBACH, Bernard  Associate Professor, English, Philosophy and Modern Languages  
B.S., State University of New York-Brockport, 1980; M.A., State University of New York-Brockport, 1985; Ph.D., Purdue University, 1993 (2006)

RAINS Jr., James W.  University Lecturer, Sociology, Political Science, Native American Studies and Environmental Studies  

REDINGER, Matthew A.  Professor and Chairperson, History  

REED, Brian C.  Assistant Professor, Sociology, Political Science, Native American Studies and Environmental Studies  
B.A., University of Tampa, 1984; M.A., University of South Florida, 1994; Ph.D., University of Alabama, 2001 (2007)

REGELE, Thomas R.  Assistant Professor, English, Philosophy and Modern Languages  

RIETZ, Sandra  Professor, Educational Theory and Practice  

ROBERTS, Randal  Automotive Technology Instructor  
(2011)
ROBERTSON, Adrian  Assistant Professor, Business Administration  
(2011)

ROBERTSON, James D.  Professor, Music  

ROBINSON, G. A. St. John  Professor, English, Philosophy and Modern Languages  
B.A., Louisiana State University, 1966; M.A., Louisiana State University, 1970; Ph.D., Louisiana State University, 1978 (1982)

RUST, Thomas  Assistant Professor, History  

SAH, Rakesh  Associate Professor, Finance  
B.A., Allahabad University, India, 1982; M.A., Lucknow University, India, 1985; M.A., University of Alabama, 1997; Ph.D., University of Alabama, 1999 (2000)

SANDERS, Jeffrey  Professor and Chairperson, Sociology, Political Science, Native American Studies and Environmental Studies  
B.S., Cornell University, 1965; M.S., Western Connecticut State University, 1977; Ph.D., University of Arizona, 1990 (1996)

SCARLETT, Michael  Assistant Professor, Educational Theory and Practice  

SCHAFFER, Deborah  Professor, English, Philosophy and Modern Languages  

SCHAFFER, Rachel  Professor, English, Philosophy and Modern Languages  

SCHMITZ, Randall R.  Business Instructor  

SCHRAG, Loren H. Jr.  Health Occupations Instructor; Chairperson, Health and Safety Occupations  

SCHWALBE, Lynette  University Lecturer, Educational Theory and Practice  
B.S.E.D., Minot State University, 1989; M.A., Boise State University, 1994

SHAW, John “Jay” H.  Associate Professor, Health and Human Performance  
B.S., Washington State University, 1967; M.S., Washington State University, 1968 (1967)

SMITH-ESTELLE, Allison  University Lecturer, Biological and Physical Sciences  

SNOW, David  Assistant Professor, Educational Theory and Practice  
B.A., University of Toledo, 1987; M.S., Michigan State University, 1990; M.A., University of Chicago, 1997; Ph.D., University of Illinois Champaign, 2007 (2011)

SNYDER, Stuart  Associate Professor, Biological and Physical Sciences  
B.S., Montana State University, 1975; M.S., Montana State University, 1978; Ph.D., University of Idaho, 1992

STARKS, Tim M.  Construction Technology-Carpentry Instructor  

STEEREY, Lorrie  Professor, Business Administration  
B.S., State University of New York, 1971; M.S., Montana State University, 1976; Ed.D., Montana State University, 1984 (1982)

STORLIE, Debra  Nursing, Health, and Safety Occupations Instructor  
A.S.N., Miles Community College, 1994; B.S.N., University of Phoenix, 2005; M.S.N.Ed., University of Phoenix, 2007; Certified as suicide prevention specialist with TPR, tobacco cessation facilitator for the American Lung Association (adults) and TEG/TAP (youth), and certified instructor with the American Red Cross (2011)
SUITS, Neil S.  Assistant Professor, Biological and Physical Sciences  

TAYER, Laura  University Lecturer, Biological and Physical Sciences  
B.S., University of Montana, 1988; Ph.D., Arizona State University, 1995 (1996)  

TILTON, Melinda  University Lecturer, Communication and Theatre  

TOENJES, Kurt  Assistant Professor, Biological and Physical Sciences  
B.S., University of California, Davis, 1989; Ph.D., University of Arizona, 1997 (2006)  

URBANIAK, Timothy R.  Drafting and Design Technology Instructor  

VETTEL-BECKER, Patricia  Professor and Chairperson, Art  

WALLER, Rachael  Assistant Professor, Educational Theory and Practice  
B.S., Minnesota State University-Moorehead, 1999; M.Ed., University of North Dakota, 2006 (2011)  

WANG, Ying  Assistant Professor, Business Administration  
B.A., Shandong University, 1995; M.S., Colorado State University, 2001; D.B.A., Louisiana Tech University, 2007 (2008)  

WEISS, David  Assistant Professor, Communication and Theatre  
B.A., Cornell University, 1982; M.A., University of Oregon, 2002; Ph.D., University of New Mexico, 2005 (2006)  

WHEELING, Barbara  Interim Associate Provost and Associate Professor, Business Administration  

WIATR, Stanley  Associate Professor and Chairperson, Biological and Physical Sciences  
B.A., State University of New York, Oswego, 1972; M.S., University of Alberta, Edmonton, 1974; Ph.D., University of California, Davis, 1978 (1979)  

WILATHGAMUWA, Don Gayan  Assistant Professor, Mathematics  
(2011)  

WILES, Steven  Adjunct Assistant Professor, Biological and Physical Sciences  

WILKINS, Kristen  Assistant Professor, Art  
B.A., University of California, 2000; M.F.A., California State University, 2005 (2010)  

WILKINSON, Timothy  Interim Dean, College of Business; Professor, Business Administration  

WILSON, Craig  Professor, Sociology, Political Science, Native American Studies and Environmental Studies  

WILSON, Richard  Process Plant Technology Instructor  
(2010)  

WINN, Sue  Nursing Instructor  
Associate, Ohio Valley College, 1985; B.S.N., Harding University, 1987; M.S.N., Walden University, 2008 (2008)  

YAZAK, Daniel  Professor, Educational Theory and Practice  
B.S., Baylor University, 1969; M.U.P., Texas A&M University, 1976; D.E.D., Texas A&M University, 1980 (1990)
YOUNG-PELTON, Cheryl  
*Assistant Professor,  
Educational Theory and Practice*  

YOUNG, Gary F.  
*Interim Provost and Vice Chancellor for Academic Affairs; Professor, Business Administration*  
B.S., Tennessee Technological University, 1967; M.S., Clemson University, 1969; Ph.D., Louisiana Tech University, 1977 (2006)
Emeritus Professors

Alterowitz, Dr. Harold S. Professor, Physical Education (1948-1984) and Director, Athletics (1948-1968)

Baack, Ms. Susan Instructor, General Education-English (1995-2008)

Behm, Dr. Gary Professor, Music (1979-2008)

Benedict, Dr. George A. Professor, Philosophy (1973-2004)

Bieber-Moses, Dr. Jeanette Professor, Information Resource Management (1961-1986)

Boden, Dr. Anneke-Jan Professor, Communication Arts (1964-1996)

Card, Dr. Kenneth Professor, Special Education (1964-1981)

Christensen, Dr. Linda Professor, Special Education (1982-2008)

Coffman, Dr. Victoria Marie Tait Professor, Communication Arts (1967-2004)

Davidson, Mr. Harold L. Associate Professor, Education (1967-1982)

Davis, Mrs. Jean Associate Professor; Librarian (1959-1972)

Davison, Dr. David M. Professor, Educational Theory and Practice & Mathematics (1977-2009)

Dunlop, Dr. Lowell A. Professor, Elementary and Secondary Education, Dean of Students (1965-1989)

Elliott, Dr. Eugene Professor, Chemistry (1958-1981)

Evans, Dr. Maurice Professor, Mathematics (1963-1984)

Fargo, Dr. Mumatz A. Professor, History (1969-2000)

Farsio, Dr. Farzad Professor, Finance and Economics (1987-2007)

Floyd, Dr. Joseph W. Professor, Native American Studies, Political Science, and Sociology & Director, CATI Lab (1978-2007)

Friguglietti, Dr. James Professor, History (1976-2000)

Gilliland, Dr. Cleburne “Hap” Professor, Education (1960-1979)

Gloege, Dr. Randall Assistant Professor, English; Associate Director, Environmental Studies Program (1988-2006)

Grant, Dr. Roland L. Associate Professor, Earth Science (1967-1996)

Gruber, Dr. Richard Professor, Education (1962-1992)

Gullick, Dr. Walter B. Professor, Philosophy, Humanities, and Religious Studies (1974-2002)

Healey, Dr. James Professor, English (1975-1999)

Heidenreich, Dr. C. Adrian Professor, Native American Studies (1977-2006)

Heidinger, Dr. Maurice Professor, Foreign Languages and Literatures (1969-1990)

Heikes, Mr. Kenneth W. Administrator Emeritus (1967-1992)

Held, Dr. McDonald Professor, Speech, Communication, and Theatre Arts (1971-1977)

Heywood, Dr. Stanley Professor, Education (1966-1987)

Hinthorne, Dr. Thomas Professor, Management (1993-2008)

Howard, Mr. C. Randy Professor, Accounting (1973-1996)

Howell, Dr. Joseph O. Professor, Mathematics (1980-2008)

Iverson, Dr. Glenn Associate Professor, Physical Education (1968-1993)

Jensen, Dr. Theodore W. Professor, Modern Languages and Literatures (1974-2006)
Karnos, Dr. David D. Professor, Philosophy (1977-2006)

Kittock, Mr. Charles E. Administrator Emeritus (1964-1994)

Kochner, Curtis Vice Chancellor of Student Affairs Emeritus (1984-2006)

LaCounte, Dr. Marlene Professor, Education (1982-2003)

Lee, Dr. Harry F. Professor, Curriculum and Instruction (1970-1999)

Lin, Dr. Ruey-Lin Professor, Sociology (1974-2002)

McKinley, Dr. William S. Professor, Mathematics and Management (1969-1987)

McRae, Dr. Robert Professor, Physics (1958-64; 1966-91)

Mossman, Dr. Beal Professor, Psychology (1967-1996)

Noyes, Dr. Robert Professor, English (1960-1983)

Perkins, Mr. George Associate Professor, Music (1959-1988)

Pollock, Mr. John W. Professor, Art (1974-2010).

Rollins, Dr. George Professor, History (1953-1981)

Schoenthal, Dr. Norman Professor, Biological Sciences (1966-1994)

Schulz, Dr. Dennis D. Professor, Habilitative Services (1967-1987)

Selsor, Marcia L. Professor, Art (1975-2000)

Sexton, Dr. Ronald P. Chancellor; Professor, Educational Theory and Practice (1966-71, 1975-2010)

Smith, Dr. Kenyard E. Professor, Music (1987-1994)

Spicer, Dr. Janeth Professor, Information Systems (1972-2002)

Stannard, Dr. William Professor, Mathematics (1966-1984)

Steele, Mr. Ben Professor, Art (1959-1982)

Utroske, Mr. Walter F. Associate Professor, English (1966-2006)

Vezey, Mr. Joseph D. Instructor, Metal Fabrication (1974-2005)

Waltner, Dr. Richard H. Professor, Sociology (1981-1993)

Warne, Dr. Earl K. Professor, Education (1957-1985)

Wiesner, Dr. Eugene Associate Professor, Psychology (1967-1991)

Willett, Dr. Flora Associate Professor, English (1965-1990)

Zwick, Dr. Thomas T. Professor, Geology (1971-2007)
