

**Department of Health and Human Performance
Montana State University Billings
Student Publication Release Form**

During participation in Health and Human Performance (HHP) courses, activities and events, students and student products are occasionally photographed, videotaped or photocopied. The purpose of these materials is to showcase student work and participation. They are published in educational, instructional, and program recruitment materials to inform the community and other interested parties about the Department of Health and Human Performance. The materials may also be posted on the HHP or college website. The goal is to positively recognize students and share the HHP experience.

In consideration for the privilege of participating in educational, recruiting, and development related activities of HHP, I hereby give my consent for my work to be photographed, videotaped, photocopied or displayed.

I further authorize HHP to use the above mentioned material in whole or in part, in any manner that they deem appropriate, including any reproductions thereof and to **identify students appearing in reproduced material by full name in hard copy publications and by first name only in website publications.**

I also waive any right I may have to inspect and/or approve the material, and release HHP from any and all liability which could result from its use. This form will remain on file and in effect for the duration of my HHP enrollment/participation or through the end of the academic year following my graduation.
