# GENERAL EDUCATION REQUIREMENTS – SEE NEXT PAGE FOR SPECIFIC REQUIREMENTS

General Education Category	Course #	Credits	Grade	Semester	Equivalent
Category I: Global Academic Skills (9 credits) A. Mathematics (3 credits)	M 114				
B. English (3 credits)	WRIT 101				
C. Communication & Information Literacy (3 credits)					
Category II: Natural Sciences (7 credits) 2 lectures (6 credits) & 1 lab (1 credit) (1 life science & 1 physical science & 1 lab)					
Category III: Social Sciences and History (6 credits)  A. Social Science (3 credits)					
B. History (3 credits)					
Category IV: Cultural Diversity (3 credits)					
Category V: Arts & Humanities (6 credits) A. Fine Arts (3 credits)					
B. Humanities (3 credits)					

A minimum grade of "C-" required in all General Education courses.

Note: Certain degrees may require a minimum grade of "C" in General Education courses.

#### **General Information:**

Students pursuing an Associate of Science in Fire Science will refer to the general catalog for academic policies.

**Transfer credits from other institutions** – Students who wish to graduate with an Associate of Science in Fire Science must earn a minimum of 20 credits at MSU-Billings with a GPA of 2.00 or higher. Refer to the general catalog for details.

**Prior Learning Assessment** – Students may have already earned credit through work-site training or government-sponsored workshops or military experience. Certificates or documentation which state that the American Council on Education (ACE) or the National Program on Non-Collegiate Sponsored Instruction (PONSI) assesses that training credit may be available for coursework for which there are equivalencies in MSU Billings curriculum.

**EMT Certification** – Students who pass the National Registry Emergency Medical Technician training and have a current EMT card may be awarded up to 6 credits of coursework. For students who complete this certification, three credits will be awarded to complete the Life Science category (non-lab) and three credits will be awarded to fulfill part of the Social Science category.

It is highly recommended that students complete the EMT certification early in their academic career. Credits can be posted, if possible, in the flat-spot to maximize a student's tuition, and early completion of the course will assist with better academic planning.

### **Developing a Plan of Study**

To facilitate course planning and scheduling, students should be aware that not all courses are offered every semester. Some courses require pre-requisites and preparatory courses to be successfully completed or corequisites be taken simultaneously.

## **Program Specific Information**

Students should know the following information:

- 1.) This program can be started in either the fall or spring semesters.
- 2.) Students are encouraged to earn their National Registry EMT certification. It is not required for the program but strongly encouraged for job placement and an option to get college credits for this training.
  - a. It is highly recommended that if you choose this option to complete the training and exam in the first year of school.
  - b. Once a student has passed the exam and has the NREMT Basic card they may submit it for college credits.
    - i. A student may earn 6 credits: 3 credits toward the Life Science (Biology) category and 3 credits toward the Social Science category. This would mean that once the EMT card is earned a student would only need to take one Physical Science course with a lab and one Social Science course.
  - c. To get these credits posted you must turn a copy of the <u>current NREMT</u> card into the Registrar's office on the main campus.
- 3.) TRID 160 should be completed in a student's LAST Spring semester so that a student will have a current hazardous material certification when they graduate.
- 4.) Students may wish to continue on to a Bachelor's degree. General Education courses can be carefully chosen with an advisor in order to ensure a more seamless transition.
- 5.) Students planning to continue to a BSBA General Business Program in the College of Business should take M143, WRIT 101, WRIT 220, and ECNS 201.
