CAPP 120	3	BMGT Course	3
General Education	6	BMGT Course	3
Total	15	BMGT 298/Task 294	2-3
		General Education	3
		Total	17-18

▼ Program is available online

Developing a Plan of Study

To facilitate course planning and scheduling, students should be aware that not all courses are offered every semester. Some courses require pre-requisites and preparatory courses to be successfully completed or co-requisites be taken simultaneously.

Program Specific Information

Students should know the following information:

- Currently the Human Resources Associate of Science degree and Certificate of Applied Science is fully offered online.
- Students who want to continue into a Bachelor degree within the College of Business should consider taking CAPP 131 in place of CAPP 120.
- If a student is working towards the Associate of Science, it is not recommended that students take all seven credits of science in the same semester.
- When planning out the classes you plan on taking each semester, pay close attention to the required courses. There are several courses that are only offered in specific semesters. Plan accordingly.
- TASK 294 or BMGT 298 is typically taken towards the end of completing this degree.
- Several of the required courses will transfer to the College of Business Core and College of Business as general electives towards completing a Bachelor degree.
- WRIT 220 Business & Professional Writing is a required course for a bachelor degree in business. Although it is not required for the AS in Human Resources, a student may wish to take the class to fill one of the General Education writing requirements.
