Program Specific Information

- Students must test into at least M065 and WRIT 104 and have a minimum of a 72 on the COMPASS Reading exam to take any WLDG courses.
- Students can start working on General Education courses before starting WLDG courses.
- WLDG courses are a fall semester start only.
- For students that complete the Welding & Metal Fabrication Certificate of Applied Science and choose to continue into the Welding and Metal Fabrication Associate of Applied Science degree, they will need to complete WRIT 122 and M 114, the required General Education writing and math courses for the degree. WRIT 122 can substitute WRIT 104 and M 111 can substitute M 114 in the certificate.
- Students will be required to purchase or supply tools for this program. Tool and vendor lists are available at <http://citycollege.msubillings.edu/Programs/ProgWelding.htm> or in Jacket Student Central.
- Graduates can find work in structural and steel fabrication shops with heavy equipment rebuilders and manufactures, mining, refineries, and other energy related enterprises.
- MSUB Career Services assists with Cooperative Education Internships where you can work with professionals in your chosen career field, develop a network of contacts in your career field, and have the potential to earn a salary while doing it. For further information, go to <http://www.msubillings.edu/careers/cooped/students.htm> or contact the Cooperative Education Specialist in Career Services at 406-657-1717.
- Students that earn an Associate of Applied Science degree and want to further their education, thus career; are able to go on for a Bachelor of Applied Science degree through MSUB. There are various thematic concentrations that a student can focus on to earn a BAS degree, one of which is Business. Contact Jacket Student Central or contact MSUB Advising Center at 406-657-2240 for further details.
