

The Praxis Series™ Passing Scores by Test and State

This list shows the minimum/passing scores of user states/agencies for **The Praxis Series** tests. To determine if you passed a test in a particular state, compare your test score with the score listed for the state in which you are interested and read all related footnotes. If your scaled score equals or exceeds the printed score for that state, you have passed. (**Note:** Number in parentheses following the test name is the test code.) **These scores are current as of July 1, 2010.**
