

NORTHCUTT STEELE GALLERY

**DUSTIN AUERBACH
POST-RESIDENCY EXHIBITION
OCTOBER 2–OCTOBER 23**

OUTER GALLERY, 1ST FLOOR LIBERAL ARTS BUILDING, MSUB

During the summer of 2014, Dustin Auerbach, a current MSUB Department of Art student, completed a residency at The Cub Creek Foundation in Appomattox, Virginia. During his time there, Auerbach focused on the technical aspects of throwing on the potters' wheel, refined his conceptual ideas, and gained experience with wood-firing processes.

This exhibition features a selection of both sculptural and functional wood-fired ceramics that Auerbach completed over the course of the residency. About this work, Auerbach comments: "Each vessel I create takes on a presence of its own and speaks to each person in a different way."
