

## Directory of Delta Dental PPO Dentists

Montana Edition

# Directory of Delta Dental PPO Dentists

## How to use this directory

This directory contains the names of PPO dentists in your state.

You may obtain treatment from any licensed dentist, but if you select a PPO dentist, you receive additional advantages:

- Delta dentists complete claim forms and submit them directly to Delta Dental.
- You pay only your portion of the bill at the time of treatment because Delta Dental pays its portion directly to the dentist.
- Delta dentists establish certain fees with Delta Dental, which means your costs will probably be lower than if you visit a non-Delta dentist.

If you are enrolled in a PPO plan, you will generally save on out-of-pocket expenses if you visit a PPO dentist. If you select a non-Delta dentist, you may be responsible for the entire dental bill at the time of treatment; which means you will have to wait for reimbursement for any covered amounts from Delta Dental.

Your benefit booklet lists your benefits, limitations and exclusions, and explains coinsurance costs.

This directory is current as of November 2006 and replaces all previous editions. Please note that it is subject to change without notice. Therefore, we strongly recommend that you ask your dentist about his or her current status as a participating PPO dentist with Delta Dental.

For the most current list of PPO dentists in your area, use our online directory at [www.deltadentalins.com](http://www.deltadentalins.com).

If you experience any problems with a Delta dentist, a written explanation should be sent to the following address:

**Delta Dental Insurance Company**  
**Attn: Customer Service**  
**1000 Mansell Exchange West, #100-#100**  
**Alpharetta, GA 30022**  
**Toll-free (800) 521-2651**

## Dental Specialties

**General dentists** provide a full range of services for the entire family.

**Endodontists** specialize in diseases and injuries of the tooth pulp, performing such services as root canals.

**Oral pathologists** diagnose diseases of the mouth from study of tissue samples.

**Oral surgeons** remove impacted teeth and repair fractures of the jaw and other damage to the bone structure around the mouth.

**Orthodontists** correct misaligned teeth and jaws, usually by applying braces.

**Pediatric dentists** limit their practices to children and teenagers.

**Periodontists** treat diseases of the tissues that support and surround the teeth.

**Prosthodontists** specialize in the restoration of natural teeth and/or the replacement of missing teeth with crowns, bridges, dentures, implants and other procedures.

*Delta Dental's Mission: To advance dental health and access through exceptional dental benefits service, technology and professional support.*
