

# Differentiated Instruction

Stetson & Associates, Inc.

*rediscover* the joy of  
*teaching* and *embrace*  
a sense of  
*accomplishment*

## *Learner Outcomes*

Experience a differentiated classroom using multi-level instructional strategies and a planning model for all students within one framework. Effectively respond to diverse student learner characteristics using pre-assessment, grouping, and grading strategies. Develop practical strategies for differentiating instructional content, process and product. Create a classroom structure and roles that support effective differentiated instruction.

## *Designed for*

General education teachers, special education teachers, paraeducators, instructional specialists, related service providers, and campus and/or district administrators

## *Details*

Two-day Institute with an option for follow-up technical assistance for your school and campus.

*"Stetson & Associates' Differentiated Instruction training and materials is so powerful! Where have you been all my professional life?!"*

--Participant  
Brandywine School District  
Claymont, Delaware

## *For School Leaders:*

Plan to attend a ½ day session (am or pm) that will address the leadership role in promoting Differentiated Instruction at your school. You will receive an overview of Differentiated instruction from the leadership perspective and a bank of tools, and resources including a classroom observation tool to guide you.
