

Doug Doty Presents:

Sponsored by:
Region III CSPD

What to Consider and Include in IEPs for Students with Autism

February 4, 2010

9:00-3:30

8:30 Registration

**MSU Billings
College of Ed Bldg
Room 122**

5 OPI Renewal Units
Available

Registration Fee:

\$25.00 Nonrefundable

This presentation will highlight best-practice suggestions for developing IEPs and teaching and measuring the performance of students with autism in the areas of: communication, behavior, academics, vocational skills, daily living skills, socialization (including intimacy), and leisure skills (including digital literacy.) Please be aware that this presentation is not about students with Asperger's Syndrome.

Doug Doty, Coordinator for the OPI Montana Autism Education Project, has worked for the Montana Office of Public Instruction since 1994 as an autism specialist, behavior specialist and monitor of special education services. Prior to that he worked across Montana as a behavior specialist and staff trainer for group homes, sheltered workshops and supported employment agencies serving adults and children with a variety of disabilities.

Region III CSPD welcomes requests for accommodations. Please make requests no later than January 21, 2010.
