

U-Card Application and Deposit

All students are encouraged to take advantage of the convenience of a Campus Debit Card (U-Card). Students may purchase the amount of U-Card dollars which meets their needs. Students should deposit money in their U-Card account at the beginning of the semester. Students may then take advantage of carrying a U-Card instead of cash.

The U-Card is encoded on a student's Montana State University Billings ID card, and operates through a declining balance system. Funds are deducted from the account as they are spent. **Additional funds may be deposited during the semester. Cash deposits are accepted at the Business Services and COT Cashier. Deposits may be made with debit cards, credit cards, or personal check at Business Operations, SUB 223.**

Please indicate the total amount you wish to deposit. This amount may be billed to your schedule/bill along with other charges, and may be included in your installment payments if you like. Refunds of "general" U-Card funds are available during the semester. If you happen to lose your card, a simple phone call will restrict the account from being used.
