LIVING AND DINING

What is a Block Meal Plan?
A type of meal plan that gives you a set number of meals to eat within a given semester. Students must use meals within the semester and meals will not carry over to the next semester. The Platinum and Nickel Plans are both block meal plans.

What is a Meals Per Week Plan?
A type of meal plan that provides a set number of meals within a week. Students must use the defined number of meals within the given week, and the meals will not carry over to another week. The Gold, Silver, Bronze, and Copper are all meals per week plans.

What are Dining Dollars?
Money put on your U-Card to use for coffee and other grab-and-go items from any Sodexo dining location on the University and City College campus. Your dining dollar balance will carry over from the Fall to Spring semester, but needs to be used by the end of Spring semester. Dining dollars are a part of all of our residence halls meal plans.

U-Card
Your U-Card is not only your university identification, but also your lunch ticket, library card, and more. Deposit money on your card to use around campus for printing, purchasing gear at Jackets and Company Campus Store, buying food and coffee at any of the campus food service locations, and vending machines. Students will learn how to add money to their U-Card at orientation.

City College Dining
At City College, dining is a-la-carte, and students can select from a variety of meal options. Students can still use a meal from their plan when they eat at City College, rather than using dining dollars or paying in cash.

How do I know what meal plan is best for me?
Consider your current eating habits. Will you want three full meals per day, or will you want to grab a snack for some? Do you anticipate working in the evening? Dining Services is willing to provide a sack lunch for students who might miss an evening meal. Just ask.

Double and Single Rooms
Every room is built the same that means single rooms are the same size and include everything a double room does. Single rooms are assigned based on space and availability.

High GPA Award
Residents who are MSU Billings students who live in the halls for at least one semester and maintain a 3.75 cumulative grade point average are eligible to receive a single room for the price of a double or $150 on their general U-Card and remain in a double.
