

To reestablish your connection to the MSUB-mobile wireless network, you will need to reconnect using your NetID as the Username;

1. Tap Settings
2. Tap Wi-Fi
3. In the list of Wi-Fi networks, tap MSUB-mobile

4. Tap the Forget button.

5. From the list of Wi-Fi, again tap MSUB-mobile

6. Enter your NetID in the Identity field and your password

7. Tap Connect

Your connection should be reestablished.
