

# Summer Financial Aid

~ What you should know~

**SUMMER FINANCIAL AID IS AWARDED FROM THE 2008-2009 FAFSA APPLICATION AND IS CONSIDERED PART OF THE 2008-2009 ACADEMIC YEAR AT MSU-BILLINGS.**

**If you've already been awarded financial aid through MSU-Billings during the current aid year (2008-2009):**

- Once you've registered for ALL your summer credits, give a copy of your summer schedule to the financial aid office
- Make note on the schedule if you are interested in loans, work study, or both. We will first attempt to award grants but funding is limited
- Available summer funding depends on the types and amount of assistance used during fall and spring
- Once you've been awarded, you'll receive an email indicating you have a revised award letter available through your student secure log-in
- You do NOT need to respond to the email or the award
- Notify our office immediately if you do NOT want any portion of the summer aid listed

**If summer is your first semester at MSU-Billings, or if you have not received financial aid for fall and/or spring:**

- If you have not already done so, go to [www.fafsa.ed.gov](http://www.fafsa.ed.gov), and complete the 2008-2009 application
- If you HAVE completed a 2008-2009 FAFSA but have not had the information sent to MSU-Billings, add our school code (002530) to your FAFSA through the 'add or delete a school code' option at [www.fafsa.ed.gov](http://www.fafsa.ed.gov).
- You will receive notification via email once you've been awarded, instructing you to respond to your award offer through your student secure log-in. If you accept a student loan, additional requirements can be completed through [www.msubillings.edu/finaid/loans.htm](http://www.msubillings.edu/finaid/loans.htm).

**→ PLEASE NOTIFY OUR OFFICE IF YOUR COURSE SCHEDULE CHANGES. ←  
ANY ADDED OR DROPPED CREDITS MAY REQUIRE AN ADJUSTMENT TO YOUR AWARD**
