^Service Learning in Women's Studies: A central component to the Capstone Seminar (WGSS 499) will be a service-learning project. The goal of the project is to provide students with both a robust academic curriculum and the opportunity to provide valuable services of benefit to local and regional organizations and the wider communities they serve. Each Capstone class will partner with a community organization to work on a semester-long project designed to meet both the academic goals of the course and program and the needs of the community partner.

Certain courses in this program have prerequisites; students should check the course descriptions in the General Bulletin for required prerequisites.
