I am majoring in cybersecurity. It is a field that interested me when I was first learning to code. Then I heard stories about how cybersecurity is done and how it is a very important skill to have. Currently, I am learning the steps and helpful tricks to cybersecurity that will allow me to be hired and land a job one day!

I enjoy film. We watch some film as an example to get an idea of how a film works. Like how a story is supposed to work and then later, we get to pitch our own!

I also like to draw when I get the chance, sometimes it’s a doodle and sometimes it’s a sketch.
