Outstanding Grads 2010-2011

78% of Class of 2010 grads who used Career Services while attending MSUB found employment after graduation!

Beth Allen, B.S. Finance Class of 2011

"I attribute my new career and accomplishments to the tools Career Services provided me. You do not know what your support and efforts did for me during one of the most challenging times of my life. Keep up the good work!"

As a student, Beth optimized her use of Career Services by participating in **Career Services Student Advocates** and was awarded a \$500 scholarship. She also completed an internship, attended career events, met with career counselors to develop job search strategies, and regularly networked with employers. Her use of services available to all students proved invaluable when securing a job in her major field of study.

Alicia Meyer, B.S. Public Relations Class of 2011

"Career Services is one of the greatest services that we have on campus! They are doing all the right things to help students."

Alicia immersed herself in campus organizations upon transferring to MSUB. Her initial position as a Work Study student with the MSUB Foundation Office developed into a paid student position, then into an internship, and finally into a job offer upon graduation.

Alicia also played an instrumental role in the United Way's "Live United" program, serving as the Student Trustee on the Billings United Way Board. Her involvement and hard work paid off when she was recognized as both the MSUB Student Employee of the Year and the Montana Student Employee of the Year. Alicia maximized her use of Career Services by attending career fairs, searching for job opportunities in *CareerLink*, and perfecting her résumé which was critiqued by Career Services professionals.
