**Developing a Plan of Study**

To facilitate course planning and scheduling, students should be aware that not all courses are offered every semester. Some courses require pre-requisites and preparatory courses to be successfully completed or co-requisites be taken simultaneously.

**Program Specific Information**

Students should know the following information:

- 1.) This program is the most flexible of the computer programs and be completed on a part time schedule if needed.
- 2.) WRIT 122 can be substituted for WRIT 121 on a case by case basis.
- 3.) NTS 104 and 105 can fill up quickly so it is important to register early.
- 4.) Students that earn an AAS degree and want to further their education thus career; are able to go on for a Bachelor of Applied Science degree through the university campus MSUB. Students can work to complete General Education requirements and take upper division credits in areas of study which will complement their AAS credits already earned. There are a variety of options and thematic concentrations for completing the BAS degree. Please consult with an advisor for more information.
