Developing a Plan of Study

To facilitate course planning and scheduling, students should be aware that not all courses are offered every semester. Some courses require pre-requisites and preparatory courses to be successfully completed or co-requisites be taken simultaneously.

Program Specific Information

Students should know the following information:

- 1) Computer Programming and Application Development is a fall start program. Please see an advisor for more information.
- 2) This program is difficult to do part time as classes from the previous semester are preparatory to the next semester.
- 3) Courses in this program are frequently in the late afternoon or early evening.
- 4) The Restricted Elective must be chosen in consultation with a program advisor.
- 5) Students that earn an AAS degree and want to further their education thus career; are able to go on for a Bachelor of Applied Science degree through MSUB. There are a variety of thematic concentrations for completing the BAS degree. Please consult with an advisor for more information.
