Developing a Plan of Study

To facilitate course planning and scheduling, students should be aware that not all courses are offered every semester, some courses require prerequisites and preparatory courses need to be completed in the first two semesters.

Program Specific Information

Students should know the following information:

- 1.) ACTG 101 must be taken before any other accounting courses. Students have much more flexibility once that course is completed.
- 2.) This is a very flexible program with part time and full time options. This program can be completed entirely online.
- 3.) Students that earn an AAS degree and want to further their education thus career, are able to go on for a Bachelor of Applied Science degree through MSUB. There are a variety of thematic concentrations for completing the BAS degree. Please consult with an advisor for more information.
