Developing a Plan of Study

To facilitate course planning and scheduling, students should be aware that not all courses are offered every semester. Some courses require pre-requisites and preparatory courses to be successfully completed or co-requisites be taken simultaneously.

Program Specific Information

Students should know the following information:

- Currently the Human Resources Associate of Science degree and Certificate of Applied Science is fully offered online.
- **Students who want to continue into a bachelor degree within the MSUB College of Business or to MSUB Health Administration should consider taking BGEN 240 instead of CAPP 120.**
- When planning the classes you take each semester, pay close attention to the Required Courses. There are several courses that are only offered in specific semesters so, plan accordingly.
- BGEN 294 or BMGT 298 is typically taken towards the end of completing this degree.
- Several of the required courses will transfer to the MSUB College of Business Core and as general electives towards a bachelor degree.
