### Charlotte Danielson’s Framework for Teaching

#### Domain 1: Planning and Preparation

1a. Demonstrating Knowledge of Content and Pedagogy
   - Content knowledge
   - Prerequisite relationships
   - Content pedagogy

1b. Demonstrating Knowledge of Students
   - Child development
   - Learning process
   - Special needs
   - Student skills, knowledge, and proficiency
   - Interests and cultural heritage

1c. Setting Instructional Outcomes
   - Value, sequence, and alignment
   - Clarity
   - Balance
   - Suitability for diverse learners

1d. Demonstrating Knowledge of Resources
   - For classroom
   - To extend content knowledge
   - For students

1e. Designing Coherent Instruction
   - Learning activities
   - Instructional materials and resources
   - Instructional groups
   - Lesson and unit structure

1f. Designing Student Assessments
   - Congruence with outcomes
   - Criteria and standards
   - Formative assessments
   - Use for planning

#### Domain 2: The Classroom Environment

2a. Creating an Environment of Respect and Rapport
   - Teacher interaction with students
   - Student interaction with students

2b. Establishing a Culture for Learning
   - Importance of content
   - Expectations for learning and achievement
   - Student pride in work

2c. Managing Classroom Procedures
   - Instructional groups
   - Transitions
   - Materials and supplies
   - Non-instructional duties
   - Supervision of volunteers and paraprofessionals

2d. Managing Student Behavior
   - Expectations
   - Monitoring behavior
   - Response to misbehavior

2e. Organizing Physical Space
   - Safety and accessibility
   - Arrangement of furniture and resources

#### Domain 3: Instruction

3a. Communicating With Students
   - Expectations for learning
   - Directions and procedures
   - Explanations of content
   - Use of oral and written language

3b. Using Questioning and Discussion Techniques
   - Quality of questions
   - Discussion techniques
   - Student participation

3c. Engaging Students in Learning
   - Activities and assignments
   - Student groups
   - Instructional materials and resources
   - Structure and pacing

3d. Using Assessment in Instruction
   - Assessment criteria
   - Monitoring of student learning
   - Feedback to students
   - Student self-assessment and monitoring

3e. Demonstrating Flexibility and Responsiveness
   - Lesson adjustment
   - Response to students
   - Persistence

#### Domain 4: Professional Responsibilities

4a. Reflecting on Teaching
   - Accuracy
   - Use in future teaching

4b. Maintaining Accurate Records
   - Student completion of assignments
   - Student progress in learning
   - Non-instructional records

4c. Communicating with Families
   - About instructional program
   - About individual students
   - Engagement in families in instructional program

4d. Participating in a Professional Community
   - Relationships with colleagues
   - Participation in school projects
   - Involvement in culture of professional inquiry
   - Service to school

4e. Growing and Developing Professionally
   - Enhancement of content knowledge / pedagogical skill
   - Receptivity to feedback from colleagues
   - Service to the profession

4f. Showing Professionalism
   - Integrity/ethical conduct
   - Service to students
   - Advocacy
   - Decision-making
   - Compliance with school/district regulation
EDUCATOR OATH

I dedicate myself to the life of an educator, nurturing others to fulfill their potential, live meaningful lives and fully participate in our society.

I dedicate myself to assuring excellent educational opportunities for all individuals.

I pledge to make the well-being of my students the fundamental value in my professional decisions and actions.

I recognize parents and community as integral to education and pledge to encourage their involvement.

I dedicate myself to teaching the virtues of honesty, respect, trust and courage.

I commit myself to continuing my own personal growth and professional development, for I must bear witness in my life to the ideals being encouraged in others.

In cooperation with my colleagues, I pledge to advance education professions.

I pledge myself to serving both educational and larger community needs.

I pledge to fulfill these professional responsibilities with diligence, integrity and dedication.

In the presence of this gathering, I bind myself to this oath.
RESPONSIBILITIES OF THE STUDENT TEACHER

Student Teaching Grades

Student teaching is a graded course. The candidate will be evaluated and graded in three areas:

1. US (University Supervisor)/CT (Cooperation Teacher) Observations - 30% of grade
2. Dispositions - 30% of grade
3. Teacher Work Sample (TWS) - 40% of grade
   a. Seminar Attendance: Student teacher candidates are required to attend two seminars unless the Director of Field Experiences and Assessments has authorized an exception. A letter grade will be dropped for each unexcused absence from the seminars.

All Assessment Templates and Guides can be found at the following web link:
https://www.msubillings.edu/coe/fieldexper/StudentTeaching.htm

ATTENDANCE REQUIREMENTS

- Fall semester student teaching begins with the start of the school district’s calendar.
- Spring semester student teaching starts at different dates depending upon your placement. Single majors in Billings SD #2 begin at the start of the school district’s new semester.
- Single majors complete a 14-week placement.
- Single majors for graduate licensed teachers complete a 10-week placement.
- Double majors complete a 20-week placement (10 weeks for each major).
- Reading majors complete 14 weeks in their elementary placement, then 6 weeks with a reading cooperating teacher/specialist.
- Teaching minors complete a 2-week full emersion placement, see Appendix H.
- ALL student teacher candidates (within a 250-mile radius) are required to attend two seminars at MSUB during their student teaching experience unless excused. Excused student teachers who miss the seminar(s) will be required to complete an assignment based on the seminar information provided to them.

SCHEDULE AND CALENDAR

Candidates follow the school’s schedule and calendar during the length of the placement.

- Candidates observe the school district holiday schedule (not the MSU Billings semester schedule)
- Candidates attend all in-service meetings and other teacher workdays required of the mentor teacher.
- Candidates arrive and leave school according to school and/or district policy.
• Absences are excused for illness or other bona fide emergencies. If the number of days missed extends beyond five (5), the days will have to be made up.
• In the event of an absence, a candidate should notify (1) the cooperating teacher or school principal dependent upon school policy and (2) the university supervisor.

**LESSON PLANS**

Find COE Lesson Plan Template at [http://www.msubillings.edu/coe/FieldExper/StudentTeaching.htm](http://www.msubillings.edu/coe/FieldExper/StudentTeaching.htm). On a daily basis, complete lesson plans in accordance with cooperating teacher practice and school/district policy/expectations. This usually means maintaining a lesson plan book of some sort. Plans should be detailed enough that a substitute teacher could come in and know at least the following:

• The lesson objective
• The materials to be used—text pages, manipulatives, worksheets, technology, etc.
• The way the lesson will be carried out—demonstration, lecture, small groups, stations, etc.
• The assessment plan to determine whether or not the students achieved the expected performance outcomes of the objective.
SUGGESTED PHASE-IN SCHEDULE

The student teaching experience will encompass six areas: Orientation, Observation, Induction to Teaching, Planning, Teaching, and Evaluation/Conferring.

Candidates should have full responsibility for all aspects of the planning, teaching, classroom management, and assessment of students for five weeks. Full responsibility does not mean the candidate must be alone in the classroom at all times. However, the student teacher should be the lead teacher for at least five weeks. Co-teaching can and should occur.

The suggested phase-in schedule is just that—suggested. It should be adjusted to meet the needs of the individual candidate, the mentor teacher, and the learners.

http://www.msubillings.edu/reg/graduation.htm
MSU Billings Commencement: (Spring Semester only)
https://www.msubillings.edu/commencement/index.htm

STUDENT TEACHING POLICIES AND PROCEDURES

PROFESSIONAL DRESS
Candidates should dress professionally according to the norms and expectations of the school. This usually means clothing that is both appropriate for a professional person while meeting the expectations of the role. For example, physical education teachers usually wear sport clothing for the activities they teach. Secondary teachers might wear more business-like dress than primary teachers working with young children. Follow the guidance of the cooperating teacher and be careful to follow school/district dress codes.

LIABILITY INSURANCE
Montana State University Billings provides liability insurance for all students in courses that have field experiences.

REPEATING STUDENT TEACHING POLICY
A student teacher candidate who does not successfully complete or pass student teaching for any reason may be permitted to repeat the field experience only once. A third attempt will not be allowed. However, before the second placement is confirmed, the candidate must submit a petition to the College of Education Appeals Committee requesting to repeat student teaching.

SUBSTITUTE TEACHING POLICY
Student teachers may substitute teach UP TO a maximum of ten (10) days in the Cooperating teacher’s classroom. All substitute teaching must be approved through the Cooperating teacher, University Supervisor, and school principal(s). See Appendix G for full policy.
**Licensure**

Initiating the process of licensure is the candidate’s responsibility. Candidates seeking licensure from a MSUB education program must obtain a qualifying Montana Praxis Subject Assessments exam score for all teaching majors and minors in their completed program before a licensure recommendation can be made. **All candidates must meet the three prong Montana Assessment for Content Knowledge Verification (MACK) Score before a recommendation for licensure can be made to any state.** The three-prong assessment consists of content coursework GPA, an assessment of content knowledge demonstrated during student teaching, and the Praxis score. Montana Assessment of Content Knowledge (MACK) Score information including the list of the required Praxis tests and score information according to major and/or minor is listed on the College of Education website in the Licensure, Endorsements, Praxis link - [http://www.msubillings.edu/coe/FieldExper/Licensure.htm](http://www.msubillings.edu/coe/FieldExper/Licensure.htm)

**Montana Teacher Licensure**

The Montana Office of Public Instruction (OPI) is the state department that issues licenses. It is recommended that even if you desire to pursue licensure in another state that you license in Montana. It is beneficial to license in the state you completed your educator preparation program as it generally makes eligibility for licensure in other states easier.

The OPI website contains all licensure applications and contains information for initial as well as licensed teacher candidates. OPI’s web address is [https://opi.mt.gov](https://opi.mt.gov). To obtain licensure application materials, open the Educators tab to access the Educator Licensure Home page to access the Teach Montana System to apply.

**Program Completion for Licensure Eligibility**

Program completion includes coursework and/or degree completion that meets all College of Education GPA requirements, a qualifying score on all required Praxis exams, and successful student teaching. Program completion and meeting the Montana Assessment of Content Knowledge (MACK) Score is required for a licensure recommendation to Montana or any state. A score of 1* on any of the MACK rubric components requires remediation. However, there is a provisional Class 5A option for those who have completed all but Praxis. The Class 5A licensure option is only good for one year — July 1 to June 30. The Class 5 provisional licensure option is a once in an educator lifetime option so should be used with caution and only if you have secured employment not to “job seek”.

**Delaying Licensure**

Delaying Licensure for an extended time will require that the candidate meet any program changes and/or licensure rule changes at the time the licensure recommendation request is received. This can result in additional coursework and/or changes to Praxis or any other program requirements.

**Licensing in States Other Than Montana**

Access the state’s Department of Education webpage for specific information requirements and the application. You can obtain access to the state’s education sites on the College of Education website, Licensure, Endorsements, Praxis link under Info for Students, [http://www.msubillings.edu/coe/FieldExper/Licensure.htm](http://www.msubillings.edu/coe/FieldExper/Licensure.htm). Candidates are responsible for providing the Licensure Officer with necessary out-of-state paperwork.
# MT Licensing Process

All Initial Teacher Licensure Candidates (first time licensing in the state of Montana):

## Apply online
1. OPI Website [https://opi.mt.gov/Educators/Licensure/Educator-Licensure](https://opi.mt.gov/Educators/Licensure/Educator-Licensure) for the Class 2 Standard License by creating a new user account in the OPI Teach Montana (TMT) System **applications are only kept open for 90 days**

## Background Check
1. Submit fingerprint cards to MT Department of Justice [as per OPI Instructions](https://opi.mt.gov/Educators/Licensure/Educator-Licensure)

## Upload Application Items
1. Notary page
2. IEFA Certificate – from OPI Learning Hub coursework completion (must be within the past 5 years)
3. All official transcripts

## Licensure Recommendation
1. Email Licensure Officer when you have applied for and received State Educator ID#  
2. Licensure Officer will complete University Recommendation element and notify when this has been completed.

## Finalize Your Application
1. Complete all elements of your licensure application.  
2. Pay and Submit

## View TMT Application Status and License Issue
1. Refer to the OPI Educator Licensure Home page for the Evaluation Schedule  
2. Print your license from the TMT System when issued.
**STEPS TO LICENSING**

**All Initial Teacher Licensure Candidates: (Bachelor’s, Post Bac Teacher Licensure (not already licensed Class 2 or Class 5 Educators), and Master’s Curriculum and Instruction candidates)**

1. Submit PDF copies of all required Praxis Score Reports and State Educator ID # to Licensure Officer when you have begun an OPI Teach Montana (TMT) application.
2. To order MSUB transcript for uploading or sending to OPI. REMEMBER DO NOT order prior to grade and degree posting. You can find official transcript information on the MSUB website [https://www.msubillings.edu/reg/transcripts.htm](https://www.msubillings.edu/reg/transcripts.htm).

**Endorsement only Candidates: (licensed teachers adding endorsements and Bozeman students completing the Special Education endorsement at MSUB)**

1. Complete the OPI Teach Montana (TMT) licensure system endorsement application - **It is important that you select you are “completing a program” in the application**
2. Submit PDF copies of all required Praxis Score Report and State Educator ID # (SEID#) to Licensure Officer when you have begun an OPI Teach Montana (TMT) application.
3. To order MSUB transcript for uploading or sending to OPI. REMEMBER DO NOT order prior to grade and degree posting (if needed). You can find official transcript information on the MSUB website [https://www.msubillings.edu/reg/transcripts.htm](https://www.msubillings.edu/reg/transcripts.htm).

**Class 5 provisionally licensed teacher candidates:**

1. Complete the OPI Teach Montana (TMT) licensure system Class 5 License Upgrade Application.
2. Submit PDF copies of all required Praxis Score Report and State Educator ID # (SEID#) to Licensure Officer when you have begun an OPI Teach Montana (TMT) application.
3. To order MSUB transcript for uploading or sending to OPI. REMEMBER DO NOT order prior to grade and degree posting (if needed). You can find official transcript information on the MSUB website [https://www.msubillings.edu/reg/transcripts.htm](https://www.msubillings.edu/reg/transcripts.htm).

**Once coursework has been completed, processing occurs in this order:**

1. Grades for coursework are posted on transcripts according to University Calendar Grades Due date. (Double majors will have second student teaching grade posted after completion of second placement and grade assessment).
2. For those candidates earning a degree, the Graduation application is reviewed by MSU Billings staff, faculty, and the Registrar’s Office to confirm program completion. The degree is posted on the official transcript.
3. The official transcript with degree posting is sent to the College of Education Licensure Officer. *This typically does not begin to occur until 3-4 weeks after final grades are submitted.*
4. For non-degree candidates the Licensure Officer does a final grade and program completion review and requests a transcript from the Registrar’s Office if all requirements are met.
5. The Licensure Officer does a final review for licensure eligibility and completes the University Recommendation. No recommendations can be made until all Praxis exams in all teaching majors and minors are evidenced with official score reports and candidates have met the Montana Assessment of Content Knowledge (MACK) score for licensure.
6. The notary page (for initial online licensure applicants – paper application and check for paper applicants), University Recommendation, official transcripts, are mailed to OPI.
7. OPI evaluates the application, determines eligibility for licensure, and issues license.
8. Licensure status can be reviewed on the OPI website.

**QUESTIONS ABOUT LICENSURE**

Contact Jennifer Burns, Licensure Officer, COE Rm. 262, jburns@msubillings.edu, 406-657-2293. Please include the last four digits of your student id# in all information requests.
RESPONSIBILITIES OF THE COOPERATING TEACHER

Student Teaching Placement Options:

- 14-week single major.
- 10-week single major for graduate licensed teacher.
- 10-week double major (20 weeks total- 10 weeks for each major).
- 6- week reading major (Reading majors complete 14 weeks in their elementary placement; then 6 weeks with a reading mentor teacher/specialist)

The Cooperating Teacher is essential for the preparation of educators. Cooperating Teachers serve as hosts, welcoming a novice teacher into their classrooms. Their role is mentor and guide, nurturing the professional development of the novice. Cooperating Teachers work with student teachers in the following ways:

1. **Orientation**: The Cooperating Teacher initiates the student teacher into the culture, mores, policies and procedures of the school and district into which the student teacher has been placed.

2. **Induction**: The Cooperating Teacher serves as an example of a professional educator, guiding the novice as s/he attempts to transfer course theory learned through the university program to teaching practice in an elementary or secondary educational setting.

3. **Planning**: The Cooperating Teacher models and assists the student teacher with daily lesson planning and co-teaching experiences to address whole group and individual student needs.

4. **Teaching**: The Cooperating Teacher models best teaching practice in terms of classroom management, a respectful learning environment, meeting the needs of individual learners, analyzing learning outcomes, and basing subsequent planning on those outcomes.

5. **Observation**: The Cooperating Teacher has the responsibility of observing the student teacher in the various roles played by a teacher throughout a school day and providing constructive guidance.

6. **Evaluation**: The Cooperating Teacher completes two formal observations of the student teacher and discusses the subsequent rating of teaching performance with the student teacher. The Cooperating Teacher also collaborates with the University Supervisor to complete the Dispositions Evaluation.

7. **Teacher Work Sample (TWS)**: Assist the student teacher with the completion of the TWS unit of learning, which includes: preassessment, unit plan, 3-5 lesson plans, reflections on teaching and learning, and a post assessment.

8. **Reflection**: The Cooperating Teacher models reflective practice and guides the student teacher in analyzing teaching performance as it relates to elementary/secondary student performance outcomes. The cooperating teacher helps the student teacher to self-evaluate, monitor, and adjust their behavior to achieve optimal learning outcomes for the elementary/secondary students.

9. **Consultation**: The Cooperating Teacher serves as a consultant—providing assistance, offering constructive criticism, eliciting self-analysis, and rating performance of the student teacher.

**IMPORTANT!**

The following forms must be submitted to the Director of Field Experience and Assessment in order for the Cooperating Teacher to be paid:

1. **Cooperating Teacher Agreement (see Appendix C)**
   a. If a new employee to MSU-Billings, IRS W-9 form.
   b. If current employee who has worked/supervised in last 12 months, no further requirements.
   c. If credit for EDCI 589 is chosen, you will receive further instructions and/or a voucher.

These forms are to be signed and returned to MSU Billings-COE 263, 1500 University Drive, Billings, MT 59101 during the first weeks of the student teacher’s placement. The Cooperating Teacher will not be paid a stipend (or registered for the EDCI 593 course) until these forms have been received by MSUB.
**COOPERATING TEACHER KEY ASSESSMENTS:**

Please submit all your applicable student teacher evaluation forms to the Director of Field Experience and Assessments.

**For all 6, 10, and 14 Week Placements:**

1. **Observation Evaluations:** At least two evaluations spread out over a period of time during the placement. (3 separate lesson observations or the same lesson observations as the supervisor)

2. **Assessment of Content Pedagogy (Elementary OR Secondary and K-12 Education):** One assessment is completed toward the end of the placement. (For middle school, high school, special education, art, music, Spanish, health & human performance, and reading majors - complete the Secondary and K-12 Assessment of Content Pedagogy).

3. **Dispositions Evaluation:** This evaluation is due the final week of the student teaching major placement(s). However, the Cooperating Teacher and University Supervisor should be in constant contact with each other. If any issues arise a Dispositions Evaluation Form should be completed and submitted immediately to the Director of Field Experience and Assessment, who will follow through with any plan for improvement.

It is important for the Cooperating Teacher to work closely with the University Supervisor to assure consistent ratings of the student teacher. If at any time, the Cooperating Teacher and/or University Supervisor perceives a present problem or foresees a future issue, s/he should immediately notify the Director of Field Experience and Assessment at MSU Billings. If there is a problem that needs further action, the Director of Field Experiences and Assessment will develop a Plan for Improvement (Appendix D) through collaboration among the following: student teacher’s faculty advisor, cooperating teacher, university supervisor, and the student teacher.
Responsibilities of the University Supervisor / Placement Supervisor

Student Teaching Placement Options:

- 14-week single major.
- 10-week single major for graduate licensed teacher.
- 10-week double major (20 weeks total- 10 weeks for each major).
- 6-week reading major (Reading majors complete 14 weeks in their elementary placement; then 6 weeks with a reading mentor teacher/specialist).

The MSUB College of Education Teacher Education Program recognized the invaluable role played by experienced educators as they link the university to schools through their supervisory role. The University Supervisor disseminates important information regarding expectations for student teachers and Cooperating Teachers from the university to the schools and provides on-going progress reports regarding the student teacher from the schools to the university.

University Supervisor General Responsibilities:

1. Compare observation results with the Cooperating Teacher to assure reliability of ratings.
2. Review the assignments with the student teacher to provide ongoing professional development to improve reflective teaching practice.
3. Complete and submit all necessary forms and evaluations:

Payment Forms:

Responsibilities of the University Supervisor are listed in the University Supervisor Agreement. This agreement is to be signed and returned to MSU Billings- COE 263, 1500 University Drive, Billings, MT 59101 during the first month of the student teacher’s placement.

University Supervisors often travel many miles to work with student teachers and their Cooperating Teachers. To be reimbursed for travel expenses, the supervisors are expected to follow MSU Billings travel policies and procedures. Complete a Travel Authorization Form to be turned in at the beginning of the semester. Reimbursement is at MSU Billings approved state rates. It may vary throughout a semester and rate-per-mile decreases once the traveler exceeds 1,000 miles. Miles traveled are logged from MSU Billings (not home) to the school sites and back.

If multiple schools are visited in a single day, only the start of the trip is from MSU Billings, and the last site visited is calculated as returning to MSU Billings. The travel log is to be turned in at the end of the semester to MSUB-COE 263, 1500 University Drive, Billings, MT, 59101.

University Supervisor Evaluations:

Please submit all your applicable student teacher evaluation forms to the Director of Field Experience and Assessments.

For all 6, 10, and 14 Week Placements:

1. Observation Evaluations: At least two evaluations spread out over a period of time during the placement. (3 separate lesson observations or the same lesson observations as the supervisor) *10-week Double Majors: Only 2 formative evaluations are required.
2. Assessment of Content Pedagogy (Elementary OR Secondary and K-12 Education): One assessment is completed by the Cooperating Teacher with the review and signature by the University Supervisor toward the end of the placement. (For middle school, high school, special education, art, music, Spanish, health & human performance, and reading majors- complete the Secondary and K-12 Assessment of Content Pedagogy).
3. Dispositions Evaluation: This evaluation is due the final week of the student teaching major placement(s). However, the Cooperating Teacher and University Supervisor should be in constant contact with each other. If any issues arise a Dispositions Evaluation Form should be completed and submitted immediately to the Director of Field Experience and Assessment, who will follow through with any plan for improvement.
4. Teacher Work Sample Evaluation (TWS): The University Supervisor will score the student teacher’s TWS using the rubric provided. This should be submitted by the final week of the teaching major placement(s).

It is important for the Cooperating Teacher to work closely with the University Supervisor to assure consistent ratings of the student teacher. If at any time, the Cooperating Teacher and/or University Supervisor perceives a present problem or foresees a future issue, s/he should immediately notify the Director of Field Experience and Assessment at MSU Billings. If there is a problem that needs further action, the Director of Field Experiences and Assessment will develop a Plan for Improvement.
(Appendix D) through collaboration among the following: student teacher’s faculty advisor, cooperating teacher, university supervisor, and the student teacher.
APPENDIX A: ASSESSMENT FORMS
Candidate Name:  | Candidate ID Number:  | Evaluator Name:  | ☐ University Supervisor  
| | | ☐ Cooperating Teacher  
Date of Observation:  | Time of Observation:  | Observation Number:  | ☐ Junior Field  
| | | ☐ Graduate Practicum  
| | | ☐ Student Teaching  
Content Area:  | School:  | Grade Level:  | TWS Observation  
| | | ☐ Yes  
| | | ☐ No  

Instructions:

Pre-observation
1. Establish time/date of observation and post-observation feedback session.
2. Review lesson plan, which should be submitted at least 24 hours before observation.
3. If any major concerns are identified in the lesson plan, communicate needs for revision as soon as possible.

During the Observation
4. Observe teaching long enough to provide feedback on all components.
5. If observed teaching warrants comments in relation to Domain I (Planning), please note that in the comment sections of the relevant Domain II or III component.
6. For each component, check the descriptor that most accurately describes the candidate’s performance (whole points only). To establish an overall score for the component, select the minimum level observed. For example, if a candidate is rated in both the Needs Improvement and Sufficient levels, the overall score would be Needs Improvement. Scores of Sufficient (2) or Proficient (3) are considered appropriate for student teaching; qualitative feedback for these scores is strongly encouraged.
7. If a score of Needs Improvement (1) is recorded, you must provide sufficient qualitative evidence in the comment box to support the rating.
8. If a descriptor is not assessed for a specific reason, a qualitative comment should be included to explain why the descriptor is not applicable.

Post-observation
9. A post-observation feedback session should be held the same day as the observation.
10. Have the candidate explain the effectiveness of the lesson and suggestions for future improvement.
11. Provide actionable feedback to the candidate, including two specific goals for improvement.
12. Provide a copy of the completed Observation Tool to the candidate.
13. Submit a typed copy of the completed Observation Tool to the Field Placement Coordinator.
### Domain II: The Classroom Environment

#### 2a: Creating an Environment of Respect and Rapport

**Elements:**
- Teacher interaction with students
- Student interactions with other students

<table>
<thead>
<tr>
<th>Needs Improvement (1)</th>
<th>Sufficient (2)</th>
<th>Proficient (3)</th>
</tr>
</thead>
<tbody>
<tr>
<td>☐ Candidate creates an environment in which classroom interactions (candidate-students and among students) are generally negative, inappropriate, or insensitive to students’ ages, cultural backgrounds, and developmental levels.</td>
<td>☐ Candidate creates an environment in which classroom interactions (candidate-students and among students) generally demonstrate caring and respect.</td>
<td>☐ Candidate creates an environment in which classroom interactions (candidate-students and among students) consistently demonstrate caring and respect.</td>
</tr>
<tr>
<td>☐ Candidate generally does not respond to disrespectful behavior.</td>
<td>☐ Interactions are generally appropriate to the ages, developmental levels, and cultures of the students.</td>
<td>☐ Interactions are consistently appropriate to the ages, developmental levels, and cultures of the students.</td>
</tr>
</tbody>

## Domain III: Instruction

### 3a: Communication with Students

**Needs Improvement (1)**
- Candidate’s explanation of the instructional purpose, directions, and procedures is unclear and confusing for most students.
- The explanation of content and vocabulary has many errors.
- Candidate uses oral and written language that may be developmentally inappropriate.
- Candidate uses no specific strategies to support the communication needs of diverse learners.

**Sufficient (2)**
- Candidate explains the instructional purpose, directions, and procedures in ways that are clear to most students.
- The explanation of content and vocabulary is generally accurate.
- Candidate uses oral and written language that is developmentally appropriate.
- Candidate uses some communication strategies to support diverse learners.

**Proficient (3)**
- Candidate explains the instructional purpose, directions, and procedures in ways that are clear to all students.
- The explanation of content is consistently accurate and vocabulary instruction extends the students’ language acquisition.
- Candidate uses oral and written language that is consistently developmentally appropriate.
- Candidate consistently uses multiple communication strategies to support diverse learners.

**Comments for 3a:**

### 3b: Using Questioning and Discussion Techniques

**Needs Improvement (1)**
- Candidate only uses questions/prompts that foster lower-level student thinking.
- Candidate uses discussion techniques that limit student participation.
- Candidate does not provide adequate wait time.
- Candidate does not attempt to use techniques that foster student-to-student interactions.

**Sufficient (2)**
- Candidate attempts to use questions/prompts that foster a range from lower-level to higher-level student thinking.
- Candidate uses discussion techniques that invite most students to participate.
- Candidate generally uses adequate wait time.
- Candidate attempts to use techniques that foster student-to-student interactions.

**Proficient (3)**
- Candidate consistently uses questions/prompts that foster a range from lower-level to higher-level student thinking.
- Candidate uses discussion techniques that invite all students to participate.
- Candidate consistently uses adequate wait time.
- Candidate uses techniques that foster student-to-student interactions.

Goal 1:

Goal 2:
Montana State University–Billings College of Education and Human Services Initial Conceptual Framework was developed through a collaborative process involving unit faculty, Arts and Sciences faculty, school district representatives, and candidates. Development of the Initial Conceptual Framework incorporated standards from major professional groups, including INTASC and ISTE, state and university standards, and the mission of the institution and unit. It is understood that areas of the Conceptual Framework reflect the program as a whole, rather than departmental course offerings. Consequently, candidates have the opportunity to develop and demonstrate competencies through multiple venues.

</tbody>
</table>
Montana State University–Billings College of Education and Human Services Advanced Conceptual Framework was developed through a collaborative process involving unit faculty, Arts and Sciences faculty, school district representatives, and candidates. Development of the Advanced Conceptual Framework incorporated standards from major professional groups, state and university standards, and the mission of the institution and unit. The Advanced Conceptual Framework is based on the understanding that potential candidates entering the Master’s Degree programs have relevant prerequisite knowledge in the intended area of study. The level of “professional studies” is common to all individuals at the advanced level. Components at the level of “specialization” are specific to program areas. “Synthesis” represents unique opportunities to integrate professional studies and specialization through internships, theses, or capstone seminars in preparation for continued professional practice. Consequently, candidates have the opportunity to develop and demonstrate competencies through multiple venues.

## Framework Area # 1: Research and Professional Inquiry

<table>
<thead>
<tr>

<td>Develop the dispositions of a professional within the specialty area.</td>
<td>Demonstrate the dispositions of a professional in practice.</td>
<td></td>
</tr>
</tbody>
</table>
This evaluation is based on CAEP Standard 1, PEPPS 10.58.311, and InTASC Standards 4 and 5. Candidates develop a deep understanding of the critical concepts and principles of their discipline and, by completion, are able to use discipline-specific practices flexibly to advance the learning of all P-12 students toward attainment of college- and career-readiness standards. The Cooperating Teacher(s) completes this Content Validation Assessment on their Student Teacher Candidate. The College/University Supervisor must review this assessment of a beginning teacher, make any pertinent comments at the bottom, and sign. Please evaluate the candidate based on the Montana Board of Public Education’s Administrative Rules of Montana Chapter 58 Professional Educator Preparation Program Standards (PEPPS) 10.58.531 Early Childhood Education P-3 and 10.58.532 Elementary Education as applicable to subjects being taught: Language Arts, Mathematics, Science, and Social Studies. Using the rubrics for each Indicator, record a score for each subject in the box provided. CANDIDATES MUST BE SCORED ON ALL SUBJECT AREAS FOR EACH INDICATOR.

3 = Advanced   2 = Proficient   1 = Basic  0 = Insufficient

**Content Area:**  
- [ ] Early Childhood  
- [ ] Elementary Education

**INDICATOR A: Knowledge of Content - InTASC 4, PEOPPS 5011(d)**
- 3 Demonstrates advanced knowledge of content. ___ Language Arts
- 2 Demonstrates proficient content knowledge. ___ Mathematics
- 1 Uses basic content knowledge. ___ Science
- 0 Uses inaccurate, insufficient content knowledge. ___ Social Studies

**INDICATOR B: Content Alignment with Identified Objectives and Standards – InTASC 4, PEPPS 311(a)**
- 3 Uses objectives and standards to make lessons meaningful to students. ___ Language Arts
- 2 Effectively use objectives and standards to develop the lesson. ___ Mathematics
- 1 Attempts to use objectives and standards to develop the lesson. ___ Science
- 0 Is unable to use objectives and standards to develop a lesson. ___ Social Studies

**INDICATOR C: Accurate and Current Sources of Information – InTASC 7, PEPPS 501(g)**
- 3 Uses additional resources beyond manual texts and curriculum guides. ___ Language Arts
- 2 Effectively use manuals, texts, and curriculum guides. ___ Mathematics
- 1 Demonstrates minimal use of instructional resources. ___ Science
- 0 Is ineffective in using available instructional resources. ___ Social Studies

**INDICATOR D: Content Research to Support Lesson Development – InTASC 4, PEPPS 501(d)**
- 3 Demonstrates in depth research of topic content. ___ Language Arts
- 2 Demonstrates acceptable research of topic content. ___ Mathematics
- 1 Demonstrates minimal research of topic content. ___ Science
- 0 Demonstrates little or no research of topic content. ___ Social Studies

SECONDARY EDUCATION, SPECIAL EDUCATION, OR K-12 EDUCATION ASSESSMENT OF CONTENT KNOWLEDGE

DEMONSTRATED DURING STUDENT TEACHING/CLINICAL PRACTICE

This evaluation is based on INTASC Standard #4: The student teacher understands the central concepts, tools of inquiry, and structure of the discipline(s) he or she teaches and can create learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

The Cooperating Teacher(s) completes this Content Validation Assessment on their Student Teacher Candidate. The College/University Supervisor must review this assessment of a beginning teacher, make any pertinent comments at the bottom, and sign. Please evaluate the candidate based on the Montana Board of Public Education’s definition of content as found in Administrative Rules of Montana Chapter 58 Professional Educator Preparation Program Standards as applicable to the subject(s) being taught. Using the rubrics for each Indicator, record a score in the box provided. CANDIDATES MUST BE SCORED ON ALL FOUR INDICATORS.

3 = Advanced  2 = Proficient  1 = Basic  0 = Insufficient

Content Area: □ Special Education □ Secondary Education □ K-12 Education

INDICATOR A: Knowledge of Content – InTASC 4, PEPPS 501(d)

3 Demonstrates advanced knowledge of content  Rating: __________
2 Demonstrates proficient content knowledge
1 Uses basic content knowledge
0 Not applicable

INDICATOR B: Content Alignment with Identified Objectives and Standards – InTASC 4, PEPPS 311(a)

3 Uses objectives and standards to make lessons meaningful to students. Rating: __________
2 Effectively use objectives and standards to develop the lesson.
1 Attempts to use objectives and standards to develop the lesson.
0 Is unable to use objectives and standards to develop a lesson.

INDICATOR C: Accurate and Current Sources of Information – InTASC 7, PEPPS 501(g)

3 Uses additional resources beyond manual texts and curriculum guides. Rating: __________
2 Effectively use manuals, texts, and curriculum guides.
1 Demonstrates minimal use of instructional resources.
0 Is ineffective in using available instructional resources.

INDICATOR D: Content Research to Support Lesson Development – InTASC 4, PEPPS 501(d)

3 Demonstrates in depth research of topic content. Rating: __________
2 Demonstrates acceptable research of topic content.
1 Demonstrates minimal research of topic content.
0 Demonstrates little or no research of topic content.

Cooperating Teacher Signature (I have completed this assessment)   Print Name      Date
These professional dispositions have been selected by the MSU-Billings College of Education to support effective teaching and learning. This tool features eight dispositions of professional attitudes, values, and understandings demonstrated through both verbal and non-verbal behaviors. Educational research provides evidence that these dispositions support teaching and learning in classrooms and school communities. Each disposition is comprised of several components which are found in the following pages. For each component, descriptors are provided which range from the unacceptable to professional level. This tool is to be used by College of Education faculty and other individuals, such as P-12 personnel, College of Education staff, or university supervisors—anyone who works with MSUB teacher candidates. Its purpose is to provide an opportunity for reflection and dialogue concerning the teacher candidates’ dispositional development. It is intended to support teacher candidates in their trajectory toward becoming effective educators. Please note that the dispositions exist on a continuum, and it is common to demonstrate strength in one disposition while working toward growth in another. It is equally common to demonstrate strength in one component of a disposition while working toward growth in another component of the same disposition. Teacher candidates should use this tool to guide their self-reflection and growth. This tool is a critical assessment for the MSUB College of Education Educator preparation program (EPP) and will be used to provide evidence of program effectiveness. It is also a tool for teacher candidates to use as a method of tracking and documenting their own growth across dispositions, with support from the MSUB EPP faculty and its associates.

NOTE: If red flag behaviors or attitudes are observed, immediate action will be taken by the MSUB College of Education faculty and/or P-12 personnel.

Interpretation of Continuum:

Unacceptable: Describes attitudes, values, and understandings of a learner who has achieved little growth and proficiency in the components discussed below, and who possesses some attributes which are inappropriate or ineffective for supporting P-12 learners.

Developing: Describes attitudes, values, and understandings of someone who demonstrates growth in the components discussed below, and who is expected to continue improving in those components.

Proficient: Describe attitudes, values, and understandings of a beginning first-year teacher; this is the hope for someone about to graduate from the program.

Professional: Describes attitudes, values, and understandings of a leader or role model. These are aspirational attributes for first-year teachers. It is not expected that teacher candidates will achieve this level; in fact, these attributes are more likely to be visible after completion of two years of inservice teaching.

Red flags: These attitudes, values, and understandings are not on the continuum of developing in a specific disposition. Instead, they are attributes that need immediate attention.
1. BELIEF IN POTENTIAL FOR GROWTH: Candidates hold high expectations and emphasize strengths. Candidates understand that students, families, colleagues, and they, themselves, all have the potential to develop emotionally, socially, and intellectually. Candidates communicate high expectations for their own and their students’ performance, and foster growth by emphasizing strengths rather than deficits.

Red flags: Misses chances to extend student thinking; Promotes a deficit view of students, self, or others; Fails to acknowledge or unaware of level of effort; Fails to foster growth

</table>

Evidence: 

Thinking about Next Steps:
2. RESPECT FOR DIFFERENCE: Candidates embrace differences and model respect in their communities. Candidates recognize the broad range of backgrounds, abilities, and experiences that shape others’ approaches to learning, and use that understanding to create opportunities. They can effectively and respectfully respond to people of all cultures, languages, class, race, ethnicities, religions, ages, sexual orientations, and gender in a manner that affirms and protects the dignity of every individual. These attributes are visible inside and outside of the classroom.

Red flags: Conveys disrespect for others’ views, opinions, or responsibilities; Uses judgmental language that conveys disrespect for individuals

</table>

Evidence:                                                                                           | Next Steps/Suggestions:
3. HUMILITY: Candidates strive to learn from others. Candidates understand that they have as much to learn as they have to teach and understand that learning is an interactive process. They approach their work with a spirit of openness and collaboration, recognizing that the best solutions to problems involve the participation and collaboration of multiple stakeholders. Because candidates fundamentally respect that parents, students, and colleagues are the authors of their own lives, they strive to understand each person’s unique story by listening and observing with the thoughtful engagement of a learner.

**Red flags:** Does not listen to what others are saying; Communicates indifference to colleagues’, parents’, and students’ interests, thoughts and beliefs

<td>Viewed as a leader for implementing a variety of resources and techniques to carry out activities and projects in difficult situations</td>
<td></td>
</tr>
</tbody>
</table>

**Evidence:**

**Next Steps/Suggestions:**
5. **SELF-AWARENESS**: Candidates reflect and examine their own perceptions and behaviors on others. Candidates understand that they learn best when engaging in introspection and reflection. They examine their relationships and interactions with students, families, and colleagues with the goal of continually improving their practice. Their self-examination includes an understanding of how their perceptions, beliefs, and verbal and non-verbal behaviors impact the classroom, school, and community.

**Red flags**: Unaware of how behaviors and perceptions affect others

<tr>
<td><strong>7a: Maintains a high standard for integrity</strong></td>
<td>Attempts to interact with students and colleagues in an honest and truthful manner, may need reminders to maintain confidentiality</td>
<td>Communicates in an honest and forthright manner with others, speaks truthfully, usually maintains confidentiality</td>
<td>Maintains a high standard of integrity, saying what you mean and meaning what you say, maintains confidentiality</td>
<td>Models a high standard of integrity through words and actions, consistently maintains confidentiality</td>
<td></td>
</tr>
<tr>
<td><strong>7b: Consistently adheres to ethical responsibilities, policies, procedures</strong></td>
<td>Demonstrates basic understanding of ethical responsibilities, may need reminders to follow policies and procedures</td>
<td>Aware and adheres to ethical responsibilities, policies and procedures (does not intentionally disregard them)</td>
<td>Consistently adheres to ethical responsibilities, policies and procedures</td>
<td>Proactively assists others with respecting ethical responsibilities, policies and procedures</td>
<td></td>
</tr>
</tbody>
</table>

**Evidence:**

**Next Steps/Suggestions:**
8. ACCOUNTABILITY: Candidates accept responsibility and follow through on tasks. Candidates assume responsibility for their own success and ownership of their actions. They understand the roles that others play as resources within the classroom and school. Candidates work to meet professional responsibilities regarding punctuality, preparedness, communication, and tasks.

Red flags: Is consistently tardy; Disorganized (e.g., chronically late); Does not follow through on promises/obligations; Makes excuses instead of taking responsibility.

</tr>
</tbody>
</table>

Evidence: 

Next Steps/Suggestions:
This disposition tool was originally developed by the faculty of the American Museum of Natural History Richard Gilder Graduate School Master of Arts (AMNH RGGS MAT) Program. It was shared with the University of Montana Western (UMW) Education Division, and was edited very slightly by its faculty, to adapt the tool to its program. The UMW Education Division introduced this tool to the Montana Council of Deans of Education group and MSU Billings decided to adopt it. It is grateful to the AMNH RGGS MAT Program and UMW Education Division for its generosity in sharing this tool. The following disposition instruments informed the original development of this tool: The University of Chicago Urban Teacher Education Program, Grand Canyon University College of Education, The Internal Medicine Milestone Project by the Accreditation Council for Graduate Medical Education and the American Board of Internal Medicine, and professional disposition rubrics from various teacher education programs (e.g., University of Southern California, Keene State College, University of South Florida); NCATE (2002), Stoddard (2006).

[THE AMNH RGGS MAT Program faculty acknowledges the work and feedback that shaped this process during its development; in particular, the Candidates, Mentors, and Faculty in MAT Cohorts 5 & 6 were particularly helpful. This document was revised on 7/12/2018.]

Student Signature _______________________________________________________ Date ___________________

Notes: Describe here the feedback and improvement and when improvement should be seen.
APPENDIX B: TEACHER WORK SAMPLE (TWS)
College of Education Mission
The College of Education is dedicated to:

- Preparing competent, caring and committed professionals for Montana’s schools;
- Conducting socially significant research to improve the human condition;
- Providing community service aimed at improving the quality of life experienced by Montanans; and
- Providing graduate education designed for the continuing development of professionals.

College of Education Vision
We prepare educators to be compassionate, inclusive, empathic, as well as knowledgeable about content, pedagogy, and the diverse students they serve. These educators are prepared to differentiate effectively to support the success of all students. We accomplish this by being knowledgeable and responsive to our community, offering programs through different delivery models, and creating meaningful field experiences.

Teacher Work Sample Framework
The design and evaluation of the TWS is framed by the Danielson Framework for Teaching (2007) that focuses on research-based practices teachers utilize to promote student learning. This framework divides such practices into four domains that will serve as guides for this work sample:

- Domain 1: Planning and Preparation
- Domain 2: The Classroom Environment
- Domain 3: Instruction
- Domain 4: Professional Responsibilities (see Danielson Smart Card).

Teacher Work Sample Purpose
The Teacher Work Sample (TWS) provides an opportunity for the teacher candidate to engage in the following professional responsibilities:

- Design assessments and instruction that are relevant for students’ social, cultural, and academic needs
- Create meaningful and challenging learning experiences for students
- Develop instructional outcomes that are aligned with state learning standards
- Analyze student performance data
- Reflect upon teaching effectiveness and impact on student learning
- Design a professional growth plan to expand their teaching knowledge and skills

Overview of the TWS Processes and Evaluation
- The Educator Preparation Program Teaching candidate (heretofore referred to as candidate) will collaborate with the Cooperating Teacher (CT) or an educational professional with expertise that can help plan a 3-5 lesson unit focused on a cohesive topic and/or skills aligned to content standards.
- The candidate will teach each lesson.
- At least one of the lessons in the TWS will be observed by an onsite University Supervisor (US) and a web-based US. Therefore, this lesson will need to be video recorded and uploaded into the designated web-based repository.
- The candidate will conduct and analyze formative assessment of students’ progress toward each lesson’s instructional outcome(s) to inform their design of future instruction to meet students’ needs.
- The candidate will conduct and analyze summative assessment of students’ progress toward the overall unit instructional outcome(s).
The candidate will reflect upon the teaching and learning that took place over the course of the TWS.

Two USs will be evaluating at least one of the candidate’s lessons through direct/web-based observation and scoring the TWS submission.

The candidate will use appropriate APA citation as needed to identify and credit reliable resources.

**Achievement Criteria**

- **Proficient:** the candidate demonstrates consistent evidence for performing at the Sufficient Level with little support AND demonstrates use of the focal knowledge or skill beyond the minimal expectations
- **Sufficient:** the candidate demonstrates consistent and convincing evidence of the focal knowledge or skill
- **Needs Improvement:** the candidate has yet to demonstrate minimal required evidence of the focal knowledge or skill

**Minimal Passing Score**

- The candidate must demonstrate **Sufficient** or above for each component of the TWS Rubric.
- To pass student teaching, candidates must demonstrate **Sufficient** or above for each Danielson component measured by the observation rubric at least once during the student teaching experience. However, there is no specific minimum achievement criteria for the individual lesson observed for the TWS.

**TWS Checklist**

Use the following checklist to ensure you have completed every component of the TWS:

**SECTION ONE**

☐ Preparation through Collaboration Summary
☐ Continual Growth Plan—Summary of Component Selection and Guiding Questions Chart of Accommodations, Modifications, and IEP goals
☐ Unit Plan
☐ CT Feedback Chart on Unit Planning Lesson Plans (3-5)
☐ CT Feedback Chart on Lesson Plans

**SECTION TWO**

Formative Assessment
☐ Analysis of Formative Assessments Table
Summative Assessment
☐ Summative Assessment Alignment Table Individual Student Achievement Data Table Reflection on Assessment Data

**SECTION THREE**

☐ Reflection on Instruction
☐ Finalized Continual Growth Plan
SECTION ONE: PREPARATION & PLANNING  
(Domains 1 & 2)

1.1 Preparation through Collaboration (1a)

Collaborate with another educational professional to determine a 3-5 lesson unit of instruction. This should be your CT if you have one. If you do not have a CT, this should be an educational professional with expertise that can help you develop your unit of instruction (e.g., instructional specialist, special education director, etc.). Write a summary (approximately 1-2 paragraphs) of this collaborative meeting and how you arrived at the topic of instruction.

1.2 Creating the Continual Growth Plan (4e)

Select one Danielson Component you would like to explore as an area of personal growth. Provide a summary (approximately 1-2 paragraphs) of why you selected this component and at least 3 reflective questions (based on specific elements of your chosen component) you will use to guide your reflection throughout the unit.

1.3 Preparation through Knowledge of Students (1b)

Using the Chart of Accommodations, Modifications, and IEP Goals below, list 504 plan/IEP/IFSP accommodations and modifications. Identify if the student has an IEP, 504 plan, or IFSP in the first column. Also list IEP or IFSP goals for all students with IEPs or IFSPs making note of if/how these will be addressed within your upcoming unit. If there are no relevant IEP or IFSP goals, please write “no relevant goals” in the corresponding column.

Table 1: Chart of Accommodations, Modifications, and IEP/IFSP Goals

<table>

<td></td>
</tr>
</tbody>
</table>
1.4 Unit Planning (see unit plan template for Danielson alignment)

Prior to planning instruction, develop and conduct a pre-assessment that measures student proficiency on the unit instructional outcomes. Include this pre-assessment and unit instructional outcomes in your written TWS. Draft your 3-5 lesson unit of instruction using the Unit Plan Template. To reach sufficiency on the rubric, at least one lesson should integrate IEFA and at least one lesson should incorporate technology (see rubric for details).

1.5 Receptivity to Feedback on Unit Planning (4e)

Submit the Unit Plan to your Cooperating Teacher or selected educational professional for feedback and approval a minimum of 1 week before teaching. Make necessary adjustments based on feedback. Complete the chart of feedback and outcomes below to document what revisions you are making (add rows to the chart as needed).

Table 2: Feedback Chart on Unit Planning

<table>
<thead>
<tr>
<th>Feedback Received</th>
<th>How Feedback Is Implemented</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

1.6 Lesson Planning (see lesson plan template for Danielson alignment)

Draft detailed lesson plans for each of your 3-5 lessons using the Lesson Plan Template. It is best to write 1 lesson plan at a time. For example, write 1 lesson plan, receive feedback on your lesson plan, and teach the lesson. Continue this cycle for each of the 3-5 lesson plans.

1.7 Receptivity to Feedback on Lesson Planning (4e)

Submit the Lesson Plans to your Cooperating Teacher or selected educational professional for feedback and approval a minimum of 24 hours before teaching. Make necessary adjustments based on feedback. Complete the chart of feedback and outcomes below to document what revisions you are making (add rows to the chart as needed). Please label each chart with the corresponding lesson number.

Table 3: Feedback Chart on Lesson Planning

</table>

SECTION TWO: USING ASSESSMENT  
(Domains 1, 3, & 4)  

2.1 Using Formative Assessment to Monitor Learner Progress (1f, 3d, 3e)

Using the Analysis of Formative Assessments Table, copy the following from your unit plan into the Analysis of Formative Assessments Table:
- Lesson # (column 1)
- Content Standards (column 2) Instructional outcomes (column 3)
- Formative Assessment Descriptions (column 4)

In column 5, state the proficiency criteria for each formative assessment and how you measured that criterion. If your assessment is qualitative in nature (e.g., an open-ended question, observation) you will need an assessment tool, such as a rubric or checklist. Include a copy of the tool in your TWS.

In column 6, state how many students achieved and did not achieve proficiency for this lesson.

In column 7, demonstrate what you learned from examining formative assessment results for each lesson.

In column 8, demonstrate how you changed instruction for each subsequent lesson (based on formative assessment data from the previous lesson).

Table 4: Analysis of Formative Assessments  
Information for this chart should accurately reflect your lesson plans.

<table>
<thead>
<tr>
<th>Lesson #</th>
<th>Content Standards (1a)</th>
<th>Instructional Outcomes for the Individual Lessons (1c)</th>
<th>Formative Assessment Description (1f)</th>
<th>Assessment Tools and Pre-determined Level for Student Proficiency (1f; 3d)</th>
<th>Numbers of Students Who Did and Did Not Achieve Proficiency (3d)</th>
<th>Think like a teacher; what do these formative assessment results tell you? (3d; 4a) (WHAT?)</th>
<th>What changes did you make to the next lesson based on what you learned? (3e; 4a) (NOW WHAT?)</th>
</tr>
</thead>
<tbody>
<tr>
<td>L1</td>
<td>Students will learn that numerals represent numbers of objects; students will be able to solve 3 addition problems by using manipulatives.</td>
<td>Students will solve a set of three addition problems using manipulatives. I will observe student proficiency at Station #3</td>
<td>Station #3 rubric Proficiency level: 3 problems either correct or student able to correct errors with minimal prompting.</td>
<td>20 students 20: proficient</td>
<td>All students were proficient using manipulatives, so they have a firm grasp on number/object relationships. The next level of challenge will involve pictures of objects.</td>
<td>All students were successful, so we will continue with the lesson as planned.</td>
<td></td>
</tr>
</tbody>
</table>

| L2 | Students will learn that they can represent numbers of objects with pictures; students will be able to solve 3 addition problems by using pictures. | Students will solve a set of three addition problems using pictorial representations. | Worksheet at Station #5 Proficiency level: 3 problems either correct or student able to correct errors with minimal prompting | 22 students 15: proficient 7: not proficient | 32% of students did not reach proficiency. 6 of the 7 not reaching proficiency have demonstrated success using multi-modal learning in past lessons. I will develop more scaffolding using manipulatives to help them grasp the number/picture connection. | Create a small group of students based on ability (students who have shown proficiency with manipulatives but not with pictures). At station #2, this small group will practice using the manipulatives on top of pictures to scaffold transitioning from concrete objects to picture representations. |
2.1 Recording Summative Assessment Data (1f, 3d)

Copy the information as outlined below from your unit plan. If your assessment is qualitative in nature (e.g., an open-ended question, observation) you will need an assessment tool, such as a rubric or checklist. Include a copy of the tool in your TWS.

Copy the following from your unit plan into the Summative Assessments Alignment Table:
- Content Standards (column 1)
- Instructional Outcomes (column 2)
- Summative Assessment Descriptions (column 3)
- Proficiency Criteria Description (Column 4)

<table>
<thead>
<tr>
<th>Unit Standards</th>
<th>Unit Instructional Outcomes</th>
<th>Summative Assessment Description</th>
<th>Proficiency Criteria Description</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>Summative Assessment: 10-question multi-step addition test generated by CT</td>
<td>Criteria for proficiency: score of 85% or higher on summative assessment: product and process (steps of problem solving).</td>
</tr>
</tbody>
</table>

Fill out the 3-column body of the table.
- Use TWS student codes; no actual names (Column 1).
- Chart summative assessment scores for each student (Column 2).
- Note whether or not each student achieved proficiency (Column 3).

<table>
<thead>
<tr>

<td>75%</td>
<td>No</td>
</tr>
<tr>
<td>Student B</td>
<td>10%</td>
<td>98%</td>
<td>Yes</td>
</tr>
<tr>
<td>Continue for all students</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

2.3 Reflecting on Assessment Data (3d, 3e, 4a)

Write an analysis (approximately 3-4 paragraphs) of the whole class assessment performance. Your written reflection should address the following:

- After reviewing assessment information, describe what patterns you see in the assessment data (whole class, purposeful student groupings, and individual students). Also consider student achievement across Bloom’s taxonomy. (A concept map or other graphic may be helpful here.)
- Refer to individual student data. Analyze the patterns according to students who demonstrated proficiency and those who did not. Be sure to describe what it tells you about a) your instruction and b) about your students’ ongoing need for supports.
- Reflect on how you will use this data to improve your instruction for the whole class, purposeful student groupings, and individual students by providing specific, actionable ideas.
SECTION THREE: PROFESSIONAL RESPONSIBILITIES  
(Domain 4)

3.1 Reflecting on Instruction (4a)
Reflect (approximately 1-2 pages, double-spaced) on your teaching over the course of your teacher work sample. Pull from multiple sources of evidence, which may include:

- Video-recorded portions of your teaching,
- What your cooperating teacher/university supervisor offered in their feedback, and
- Ongoing reflection captured in reflection journals or informal personal reflection.

Utilize Rolfe et al. (2001) Framework for Reflective Practice to structure your reflection (see University of Connecticut adaptation). Identify and describe what was important in the teaching/learning experience, why it was important, and how you may improve your practice moving forward. Reference domains of the Danielson Framework for Teaching during your description.

3.2 Finalizing the Continual Growth Plan (4e)
Review your Continual Growth Plan from section 1. Reflect (approximately 1-2 pages, double spaced) on the specific Danielson component you chose to explore as an area of personal growth, as well as the three reflective questions based on specific elements of that components. In addition, reflect on any other Danielson components that resonate with you regarding your continual growth.

Identify and describe (approximately 2 paragraphs) at least two specific professional goals that will improve your practice overall, as well as activities you can engage in to achieve those goals. Consider cultural competence and/or biases in at least one of these professional goals. Activities may include selected resources, such as books/articles to read; conferences to attend; mentors with whom to collaborate; and/or resources from professional organizations. Be sure to describe:

- How you plan to use these resources,
- Your tentative timeline, and
- How you will know you met your goal.

### Demonstrating Knowledge of Students

**Content, Process, Product, and/or Learning Environment Differentiation Considerations:** (1b) Describe strategies used in this unit to differentiate for content, process, product, and classroom environment to meet your individual learners’ needs.

**Culturally Responsive/Revitalizing Pedagogies:** (1b) Describe pedagogies used in the unit that support the learning needs of students who are culturally and linguistically diverse.

**Trauma-Informed Practices:** (1b) Describe practices used in the unit to support the social-emotional needs of your students.

### Classroom Environment

**Classroom Expectations:** (2d) List positively stated behavioral expectations which are communicated to all learners and consistent with school-wide behavior plans.

**Positive Behavior Supports:** (2d) Identify supports and procedures for encouraging expected behavior.

**Physical Classroom Environment:** (2e) Describe how the physical classroom environment supports learning specific to this unit (e.g., desk arrangement for student grouping, anchor charts, bulletin boards).
To pass student teaching, candidates must demonstrate **Sufficient** or above for each component on the Teacher Work Sample Rubric. If a candidate demonstrates **Needs Improvement** in any component, please provide sufficient qualitative evidence in the comment box at the end of the rubric to support the rating.

Title: Cooperating Teacher       Phone Number: _______________________

☐ I understand that I am being offered compensation of $250. This compensation can be substituted with course tuition for EDCI 589, determined by election below.

☐ I further understand that I must complete the following responsibilities associated with my supervisory role by the required dates in order to be eligible for pay or credit.

Submission of evaluations:
- Two observation evaluations - double majors are required to have two observations per placement.
- Assessment of Content Pedagogy
- Dispositions Evaluation Cooperating Teacher final grade
- Additional Cooperating Teacher responsibilities:
  - Assist the student teacher with daily lesson planning and co-teaching planning.
  - Assist the student teacher with the completion of the Teacher Work Sample (TWS) that will be evaluated by the University Supervisor.

I elect to (choose one):

☐ Receive compensation.
☐ I have worked for MSUB in the last 12 months and my GID is ____________________
☐ I have not worked for MSUB within in the last 12 months, I agree to complete and submit New Employee paperwork to MSU-Billings HR. This needs to be received by the third day of placement start date to ensure receiving payment in a timely manner.
☐ Receive tuition credit for EDCI 589.
☐ I currently have an administrator contract, and will follow up with the Director of Field Experiences and Assessment regarding payment.

August 2023
As a student teacher in the College of Education at MSU Billings, I acknowledge and agree to the following:

Student teaching is a graded course. Candidates will be evaluated and graded in three areas:

1. University Supervisor Evaluations- 40% of grade
2. Cooperating Teacher Evaluations- 40% of grade
3. Teacher Work Sample- 20% of grade

*Seminar Attendance: Student teacher candidates are required to attend two seminars unless excused. A letter grade will be dropped for each unexcused absence from the seminars.

- I do not have any new arrests or convictions since my last criminal background check was completed. If I do I will immediately report them to both the field experience coordinators and my College of Education Advisor.
- I do not have any grade lower than a C or an incomplete in my professional core, teaching major(s), and teaching minor. If I do I will immediately report them to both the field experience coordinators and my College of Education Advisor.
- I have been informed and will abide by the professional dispositions of the Teacher Education Program in the College of Education at MSU Billings.
- I have read and will abide by the Code of Ethics for Montana Educators, the Administrative Rule of Montana (ARM) or the school law of the state in which I am student teaching.
- I will abide by the policies of the district and school in which I am placed for student teaching.
- I have been advised to acquire professional liability insurance with the understanding that I am personally liable if I choose not to purchase the insurance.
- I give permission to the College of Education to share my student records with my placement school/district personnel including but not limited to my school principal, cooperating teacher, and university supervisor.
- I give permission to the College of Education to disclose the results of my criminal background report with other educational institutions, school/district personnel, law enforcement agencies, courts, and/or state departments/agencies.

INSTRUCTIONS: Student teacher completes Part One and submits to Cooperating Teacher. Cooperating Teacher completes Part Two and submits entire report to Director of Field Experiences.

PART ONE: to be filled out by Student Teacher

1. Please provide a summary of steps completed or accomplished as a result of your Improvement Plan.

2. Please provide a summary of the next steps to be implemented moving forward.

I hereby certify that, to the best of my knowledge, the provided information is true and accurate.

Student Teacher Signature: ____________________________ Date: ______________________
Submit to Cooperating Teacher
Student Teaching Improvement Plan Progress Report

PART TWO: to be completed confidentially by Cooperating Teacher (Does not need to be reviewed with Student Teacher until after Director Review.)

3. Provide a summary of the changes and improvements completed or accomplished that you have observed.

4. Provide your recommendation for next steps or goals for the student teacher.

Progress Evaluation Recommendation:
- [ ] Goals met sufficiently, no further POI needed.
- [ ] Extension of Plan of Improvement Requested.
  - [ ] To be reviewed on: ____________________
  - [ ] Justification for extension request:

- [ ] Dismissal from Program Requested
  - [ ] Justification for dismissal request:

I hereby certify that, to the best of my knowledge, the provided information is true and accurate.

APPENDIX E: CODE OF ETHICS
PROFESSIONAL EDUCATORS OF MONTANA CODE OF ETHICS

Model Principles

To serve the needs of all students, it is essential that professional educators strive to maintain the highest ethical standards. It is their responsibility to create learning environments to help all students reach their full potential while honoring the trust and confidence placed in them by students, families, colleagues, and the community.

The Professional Educators of Montana Code of Ethics serves as a set of aspirational principles intended to guide educator conduct and protect the rights of all students. These model principles are intended to be used by school districts, educator preparation programs, and other educational entities as they seek to adhere to the highest ethical standards in their service to students and families, the profession, and the community.

Principle I. Commitment to Students and Families. The ethical educator:
   A. Makes the well-being of students the foundation of all decisions and actions.
   B. Promotes a spirit of inquiry, creativity, and high expectations.
   C. Assures just and equitable treatment of every student.
   D. Protects students when their learning or well-being is threatened by the unsafe, incompetent, unethical, or illegal practice of any person.
   E. Keeps information confidential that has been obtained in the course of professional service, unless disclosure serves a compelling purpose in the best interest of students, or is required by law.
   F. Respects the roles, responsibilities, and rights of students, parents, and guardians.
   G. Maintains appropriate educator-student relationship boundaries in all respects, including speech, print, and digital communications.
   H. Demonstrates an understanding of educational inclusion, respects human diversity, and provides opportunities and resources for all students to reach their full potential.

Principle II. Commitment to the Profession. The ethical educator:
   A. Fulfills professional obligations with diligence and integrity.
   B. Demonstrates continued professional growth, collaboration, and accountability.
   C. Respects the roles, responsibilities, and rights of colleagues, support personnel, and supervisors.
   D. Contributes to the development of the profession’s body of knowledge.
   E. Manages information, including student data and assessments, with integrity.
   F. Teaches without distortion, bias, or prejudice.
   G. Represents professional qualifications accurately.

Principle III. Commitment to the Community. The ethical educator:
   A. Models the principles of citizenship in a democratic society.
   B. Protects the civil and human rights of students and colleagues.
   C. Assumes responsibility for personal actions.
   D. Demonstrates good stewardship of public resources.
   E. Exemplifies a positive, active role in school-community relations.
   F. Adheres to the terms of contracts, district policies and procedures, and relevant statutes and regulations.
   G. Uses social media and digital communications responsibly and professionally.

Adopted by the Certification Standards and Practices Advisory Council October 2022
Accepted by the Board of Public Education November 2022
APPENDIX F: CHILD ABUSE LAWS
TEACHER CANDIDATES AND THE CHILD ABUSE LAWS

Montana Statutes require all professionals and school employees to report suspected child abuse or neglect directly to social services. As you review the following summary of the Montana Code, be aware that a teacher candidate is not considered a full professional or an employee of the school district. As a teacher candidate, you should report suspected child abuse immediately to your cooperating teacher and your field supervisor. You do not need to have “hard” evidence because you are reporting suspicions; state them as suspicions, not as facts.

Montana Statutes state (summarized):
“When professionals and officials know or have reasonable cause to suspect, as a result of information they receive in their professional or official capacity, that a child is abused or neglected, they shall report the matter promptly to the department of family services or its local affiliate, which then shall notify the county attorney of the county where the child resides.” Note that a teacher must report directly to social services. Under Montana law, if any school staff member has reasonable cause to suspect that a child is being abused or neglected, it remains that individual’s obligation to see that the situation is reported. Reporting your concerns to the principal does not satisfy the reporting requirement.

Definitions:
“Child” or “youth” means any person less than 18 years of age.
An “abused or neglected child” means a child whose normal physical or mental health or welfare is harmed or threatened with harm by the acts or omissions of his parent or other person responsible for his welfare.

Professionals and officials required to report are...schoolteachers, other school officials, and employees who work during regular school hours.

Immunity from liability:
Anyone reporting any incident of child abuse or neglect, is immune from any liability, civil or criminal, that might otherwise be incurred or imposed, unless the person acted in bad faith or with malicious purpose.

Penalty for Failure to Report:
Any person, official, or institution required by law to report known or suspected child abuse or neglect who fails to do so or who prevents another person from reasonably doing so is civilly liable for the damages proximately caused by such failure or prevention. They are also guilty of a misdemeanor.

How to Report:
Report, by phone, any suspected child abuse case promptly to the local Family Services Office.

- Include:
  - The names and addresses of the child and his or her parents or other persons responsible for his or her care;
  - To the extent known, the child’s age, the nature and extent of the child’s injuries, including any evidence of previous injuries;
  - Any other information that the maker of the report believes might be helpful in establishing the cause of the injuries or showing the willful neglect and the identity of the person or persons responsible therefore; and
  - The facts which led the person reporting to believe that the child has suffered injury or injuries or willful neglect, within the meaning of this chapter.

For additional information on child abuse and neglect, obtain a copy of the booklet, Montana School Guidelines for the Identification and Reporting of Child Abuse and Neglect.

This very informative booklet includes:
- A listing of myths and facts about sexual abuse
- Other demographic data concerning child abuse and child neglect

The booklet can be found at the following hyperlink:  https://dphhs.mt.gov/assets/cfsd/SchoolGuidelinesBooklet.pdf
Rationale: The current teacher shortage forces many school districts to hire substitute teachers who have no formal teacher preparation or minimal training. Smaller districts are frequently forced to hire substitutes who have no course work beyond the twelfth grade. Larger school districts like Billings, Bozeman, Missoula and Kalispell are also finding it difficult to hire qualified substitute teachers. Student teachers are often in the classroom when the cooperating teacher (cooperating teacher) is absent, while the paid substitute teacher sits in the back, observing. Colleges in Washington, Nevada, Texas and other states have been approving successful student teachers to serve as paid substitute teachers, but only in their cooperating (mentor) teacher’s classrooms. Permitting a competent student teacher to be employed as the substitute teacher allows a school district to hire an individual with professional training who understands how to manage a classroom for a productive learning environment in the best interest of the students enrolled in the school. Therefore, field directors in Montana’s public/private universities/colleges are proposing the same opportunity for the successful student teacher.

In order to maintain the standard for continuous clinical supervision of student teachers, the following substitute teaching guidelines have been developed. Substitute teaching performance will not be a component of the student teacher’s grades.

REQUIREMENTS

School District Administrators will:

- Agree to follow all guidelines or student teachers will not be granted permission to substitute teach.
- Place elementary/secondary students’ best interest first when the need arises to hire a substitute teacher. The administration views the student teacher as the best candidate to serve as a substitute teacher for the students in the cooperating teacher’s classroom.
- Confirm that the student teacher is demonstrating satisfactory progress in the teaching assignment based on the cooperating teacher’s and the university supervisor’s midterm assessment report, and either the principal’s/designee’s observation of the student teacher. The principal/designee will share this evaluation with the cooperating teacher and the supervisor.
- Assign the student teacher to substitute teach only in the cooperating teacher’s classroom for no more than five days.
- Seek approval of the cooperating teacher and the university supervisor to employ the student teacher to serve as substitute teacher for the cooperating teacher. Assures that the student teacher agrees to serve as the substitute teacher for the school district and completes the district’s substitute teacher application.
- Designate a teacher nearby to serve as a support or contact for any assistance needed during the substitute teaching assignment.
- Check with the student teacher at least twice during the teaching day to determine if there are any questions or if assistance is needed.

The Student Teacher will:

- Demonstrate excellent progress as indicated by completion of one evaluation from both the cooperating teacher and university supervisor before being allowed to substitute teach. The cooperating teacher and university supervisor will determine when it is appropriate to grant approval for a student teacher to substitute teach in the cooperating teacher’s classroom.
- Complete the district’s substitute teaching application to be paid as a substitute.
- Become a student member of MEA/MFT or another professional organization providing professional liability insurance protection.
• Remain neutral in the case of contract negotiation conflict and/or a teacher union strike. In such case, student teachers will suspend student teaching and/or substitute teaching until the conflict has been resolved. Student teachers will refrain from any involvement in the conflict/strike including substitute teaching for striking teachers.

The Cooperating Teacher will:
• Complete one formal observation evaluation of the student teacher indicating excellent performance before granting approval for the student teacher to substitute teach.
• Verify with the school administrator that the university supervisor also believes the student teacher is competent to serve as a substitute teacher.

The University Supervisor will:
• Will complete one formal observation evaluation of the student teacher indicating excellent performance in all areas.
• Verify with the cooperating teacher the belief that the student teacher is competent to serve as a substitute teacher.

Policy Summary:
• Ten days of paid substitute teaching assignment in the cooperating teacher’s classroom.
• Application to substitute with the district by the student teacher.
• No substitute teaching during contract negotiation conflict or a teacher strike
• Substitute teaching performance will not be a component of the student teacher’s grades.
APPENDIX H: TEACHING MINORS
TEACHING MINOR STUDENT TEACHING REQUIREMENTS:

- Student teaching evaluations are required for those candidates completing a teaching minor in addition to a teaching major or if a licensed educator is completing a teaching minor for an added endorsement.
- All candidates are to work with the Director of Field Experiences and Assessments to establish the student teaching placement and receive placement approval.
- Those candidates completing a teaching minor are required to have a two-week full-emersion student teaching experience in the teaching minor content area.
- All candidates completing a teaching minor must meet the Montana Assessment of Content Knowledge (MACK) Score in their content minor to be eligible for licensure. The “Assessment of Content Knowledge Demonstrated During Student Teaching” assessment is used in the (MACK) score to determine licensure eligibility.

Assessments required for teaching minor endorsements:

- 1 Observation Evaluation by Cooperating Teacher (this evaluation is completed by the University Supervisor for candidates teaching in their own classrooms)
- 1 Assessment of Content Knowledge Demonstrated During Student Teaching by Cooperating Teacher – (this evaluation is completed by the University Supervisor for candidates teaching in their own classrooms)
