Section I.c Program Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

Total number of students enrolled in 2011-12:	1098
Unduplicated number of males enrolled in 2011-12:	288
Unduplicated number of females enrolled in 2011-12:	810

### Section I.d Supervised Experience

Provide the following information about supervised clinical experience in 2011-12.

Average number of clock hours of supervised clinical experience required prior to student teaching	125
Average number of clock hours required for student teaching	560
Average number of clock hours required for mentoring/induction support	15
Number of full-time equivalent faculty supervising clinical experience during this academic year	4
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	60
Number of students in supervised clinical experience during this academic year	188

Please provide any additional information about or descriptions of the supervised clinical experiences:

The capstone count was for supervised clinical practice only (student teaching) not pre-clinical practice (pre-student teaching experience); Pre-clinical field experience faculty is 8

### Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2011-12. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

**Section I.f Program Completers**

**Provide the total number of teacher preparation program completers in each of the following academic years:**

2011-12: 187

2010-11: 128

2009-10: 148

## Section II. Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

### Academic year 2011-12

Did your program prepare teachers in mathematics in 2011-12?

Yes

How many prospective teachers did your program plan to add in mathematics in 2011-12?

0

Did your program meet the goal for prospective teachers set in mathematics in 2011-12?

Yes

Description of strategies used to achieve goal, if applicable:

We were developing implementation of The Robert Noyce Capacity Building Project that focuses on recruiting and training new STEM teachers in mathematics and science to serve in high need secondary rural school districts.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

The College of Education hired a new math professor to work with the university's math department on recruitment and getting students out in the field more frequently and for longer periods of time.

Provide any additional comments, exceptions and explanations below:

### Academic year 2012-13

Is your program preparing teachers in mathematics in 2012-13?

Yes

How many prospective teachers did your program plan to add in mathematics in 2012-13?

0

Provide any additional comments, exceptions and explanations below:

We are continuing with implementation of the 2 year capacity building grant through September 2013.

### Academic year 2013-14

Will your program prepare teachers in mathematics in 2013-14?

Yes

How many prospective teachers does your program plan to add in mathematics in 2013-14?

9

**Provide any additional comments, exceptions and explanations below:**

The plan is to recruit 12 undergraduates and 6 post graduates for science and math combined so the reported number of 9 prospective mathematics teachers is an average of the recruitment plan numbers.

**Section II. Annual Goals - Science**

**Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ## Section II. Assurances

Please certify that your institution is in compliance with the following assurances. (§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

**Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.**

Yes

**Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.**

Yes

**Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.**

Yes

**Prospective general education teachers are prepared to provide instruction to students with disabilities.**

Yes

**Prospective general education teachers are prepared to provide instruction to limited English proficient students.**

Yes

**Prospective general education teachers are prepared to provide instruction to students from low-income families.**

Yes

**Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.**

Yes

**Describe your institution's most successful strategies in meeting the assurances listed above:**

We have maintained diversity of our field experience opportunities and inclusion of Montana's Indian Education for All throughout our curricula. As of fall 2013, we will have revised the Elementary Education Program. Revisions were made specifically to better prepare Elementary Education candidates for what diversities they will encounter in schools. We are also exploring an ESL program.

## Section III. Assessment Rates

No assessment pass rates have been reported.

\*\*Please note that pass rates will be provided to Westat by the state or the testing company or companies (or entities). You do not need to upload or submit any files for this section.

You will be notified via email once pass rates have been uploaded. Please be sure to review the pass rates for accuracy once they are uploaded. Westat expects to receive and upload pass rate files for most programs by mid-April.\*\*

### Section III. Summary Rates

No summary pass rates have been reported.

\*\*Please note that pass rates will be provided to Westat by the state or the testing company or companies (or entities). You do not need to upload or submit any files for this section.

You will be notified via email once pass rates have been uploaded. Please be sure to review the pass rates for accuracy once they are uploaded. Westat expects to receive and upload pass rate files for most programs by mid-April.\*\*

### Section IV. Low-Performing

**Provide the following information about the approval or accreditation of your teacher preparation program.**

**Is your teacher preparation program currently approved or accredited?**

Yes

**If yes, please specify the organization(s) that approved or accredited your program:**

State

NCATE

Other (specify: NWCCU)

**Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?**

No

### Section V. Technology

**Provide the following information about the use of technology in your teacher preparation program.**

**Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.**

**Does your program prepare teachers to:**

- **integrate technology effectively into curricula and instruction**  
Yes
- **use technology effectively to collect data to improve teaching and learning**  
Yes
- **use technology effectively to manage data to improve teaching and learning**  
Yes
- **use technology effectively to analyze data to improve teaching and learning**  
Yes

**Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.**

Methods of using appropriate technologies are included in our courses. Reading and Learning Clinics teach students to use technology effectively to collect, manage, and analyze student learning. The principles of universal design are embedded in

the pre-student teaching field experiences. Educational technology to which students are exposed has increased through the use of student technology fees.

## Section VI. Teacher Training

**Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.**

**Does your program prepare general education teachers to:**

- **teach students with disabilities effectively**  
Yes
- **participate as a member of individualized education program teams**  
Yes
- **teach students who are limited English proficient effectively**  
Yes

**Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.**

All teaching candidates must successfully complete SPED 260 - Introduction to Teaching Exceptional Learners - 3cr. This course considers the characteristics of children with exceptional learning needs. Examines the services and strategies to provide for individual needs of each student with disabilities in the least restrictive environment. This course also provides students with an in-school practicum experience. The scope of this course includes special education, gifted and talented and students who consider English as their second language. The College of Education has also revised their Broadfield Elementary Education Program to include 5 additional classes in the areas of Special Education, Assessment, Technology, Reading, and Classroom Management.

---

**Does your program prepare special education teachers to:**

- **teach students with disabilities effectively**  
Yes
- **participate as a member of individualized education program teams**  
Yes
- **teach students who are limited English proficient effectively**  
Yes

**Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.**

Montana State University offers a B. S. degree with a double major in Special Education at both the elementary and secondary levels. A graduate student may earn a Master of Science in Special Education, a Post Master's Supervisory Endorsement in Special Education and/or a Doctoral Minor in Special Education. Special Education programs require course work in Diagnostic Teaching of Reading, Learning Disabilities, Emotional Disturbance, Developmental Disabilities,

teaching learning and behavior in schools, legal and current issues in Special Education, and collaboration and individualization in education. All three of these specific areas are addressed in our current curriculum.

### Section VII. Contextual Information

**Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.**

Assessment Pass Rate is completed by the Montana office of Public Instruction. With regard to recent clarification, we are unable to provide the academic majors for this reporting year, but will be collecting this information moving forward to accommodate future reporting.
