MSUB Honors Program

January 2016

Welcome Back, Fellow Honors Programmers,

We are glad that you are back on campus. MSUB without students is quite a quiet and somewhat boring place. But it also becomes quite a busy place as the semester opens, and so let me dive right into the announcements.

- **Kick-off Meeting/Party** – We are trying a new time with our kick-off meeting with our Friday 4:30 time. We have lots of members to welcome since we last met and much to talk about for the semester ahead. More information to come.
- **UHP Scholarships** – We again have UHP dedicated scholarship monies for the coming year. We will be getting out more information about the scholarships, but an important goal in our scholarships is to help students become University Honors Scholars or University Honors Graduates.
- **Perspectives 311** – For the fall, we expect to offer Perspectives and Understanding as 311 course as well as a 111 one. This change is to help UHP juniors and seniors so that it doesn't appear as if they are, for instance, taking an "easy" course as upper division students.
- **Research and Creativity Conference** – The UHP is a co-founder of this event, and we will call for your help in setting it up and running it again this year. The event illustrates one of the goals of the UHP, i.e. to contribute to a campus culture in which intellectual and creative accomplishments are celebrated.
- **Possible Courses and Professors for Next Fall** – We have just started working on honors courses for next year. If there are professors that you would like to see teach an honors course or you have ideas for possible honors courses, let us know asap. We have about a month to work out arrangements for our fall courses.

See you next Friday and keep those questions and updates coming as so many of you have been doing in recent days. While I greatly enjoyed the holidays, I enjoy a bustling campus with its energy and accomplishment.

Good semesters to all,
DC

COURSE UPDATE

Honors students can take HSTA 200 for their history general education requirement and it will appear in Degree Works as such.

Students have done this in the past, and now it's an official change, but only for those in the UHP. Non-honors students' Degree Works will not show this change.
