

# BILLINGS FRIENDSHIP FAMILIES

The Office of International Studies (OIS) at MSUB would like to extend an invitation to participate in the Billings Friendship Families (BFF) program. BFF is a cross-cultural exchange program designed to encourage friendships between our international students and the local Billings community and to facilitate the exchange of ideas and culture. All international students are encouraged to participate, participation is required for J-1 exchange students.

Participation in the BFF program, provides you with immediate exposure to a local American family to provide support as you adjust to your new environment. Your BFF family will help you with transportation, take you shopping, invite you to their home for dinner, include you in holiday celebrations; and, as your relationship grows, you will likely see your BFF family more often.

To participate in the BFF program, please complete the short questionnaire on the following page and return it to [ois@msubillings.edu](mailto:ois@msubillings.edu).

*Thank you for participating in BFF! Direct additional questions to the MSUB Office of International Studies:*
