Introduction

The **Montana Foundation Directory, 2012-2013 Edition**, has been compiled, edited, and published by Montana State University Billings Library. The directory lists foundations operating in Montana, and out-of-state foundations known to have contributed in Montana. The information has been compiled from the Internet, IRS 990 forms, and personal contact with foundation officers, directors, and trustees.

The Library of Montana State University Billings is one of five Foundation Center Cooperating Collections in Montana. The other collections are located at the Fallon County Library in Baker, the Flathead County Public Library in Kalispell, the Bozeman Public Library, and the Mike and Maureen Mansfield Library at the University of Montana in Missoula. It is generally appropriate to call ahead for hours of collection availability and help.

You are welcome to use the Library and the Grants Collection at Montana State University Billings (www.msubillings.edu/library/grants). To ensure assistance, call for an appointment. Library hours are posted on the Library website (www.msubillings.edu/library) and a recorded message is available at (406) 657-1657.

We hope this directory is a useful resource and look forward to your comments, suggestions, or corrections for future editions.

Purpose:

Community Development Grants are awarded to nonprofit organizations that provide services to low and moderate income (LMI) individuals and communities across our territory. First Interstate branches, the Foundation and community development officer work together with those nonprofits toward the salient goal of community development. We provide expertise and resources to affordable housing projects, services targeted to LMI individuals, activities that revitalize or stabilize LMI geographies and activities that promote economic development. Leadership Grants give First Interstate employees the opportunity to become community stewards. The Foundation relies on local branch leadership to recommend funding requests based on the needs of their respective communities. From there, the local branch and Foundation grant dollars to the community projects and activities.

The leadership grants are evaluated based on the nonprofits organizational background,

community benefit and support, and the strength of the nonprofits leadership and financial stability.

Areas deemed less appropriate for funding: those projects that do not have a significant impact within the geographic areas served by First Interstate BancSystem; projects designed to influence legislation or elect candidates to office; projects of sectarian or religious organizations whose services are limited to members of any one religious group; any project which clearly represents a duplication of effort; day-to-day operating expenses for existing organizations; any project that in any manner implies restriction of services, sex, race, age and religious affiliation; endowments.

Purpose:

Provides charitable grants to worthy tax-exempt organizations carrying on religious, charitable, scientific, literary or educational activities exclusively. Grants may also be made to a state or any political subdivision thereof but only if the grant is made exclusively for public purposes. The Foundation's areas of interest are broad in scope.

Restrictions:

Grant applications for endowment funds, support of elementary and secondary schools, needs of individual churches, and similar religious groups, and construction, renovation or operations of normally tax-supported public facilities will generally not receive favorable consideration. A low priority will be given to applications requesting funds for normal operating budgets and contributions to annual fund-raising campaigns. Seed money for innovative programs will be considered.

Grants will be made only on a matching fund basis, except those situations involving dire need where matching funds cannot be made available. At least equal matching of funds will be required of organizations not tax-supported and at least a three to one matching of funds will be required of organizations which do receive tax support. Primary consideration will be given to organizations which are not tax-supported. While not a prerequisite for submitting a grant application, applicants are encouraged to develop other sources of support for a particular project or program prior to approaching the Foundation for funding.

Preference will be given to those organizations which will use and apply substantially all of the distribution in a 35 mile radius of Sheridan, WY and specific areas in MT.

The overall focus of the Foundation is to consider grants which make an "investment in people--especially those less fortunate--to improve the quality of their lives." This includes education, youth activities, senior citizens and overall human services. Organizations which are preferred are those that have low administrative expenses resulting in a larger percentage of the grant being used for the intended.
