To reestablish your connection to the MSUB-mobile wireless network, you will need to reconnect using your NetID as the Username;

- 1. Tap Settings
- 2. Tap Wi-Fi
- 3. In the list of Wi-Fi networks, tap MSUB-mobile

- From the list of Wi-Fi, again tap MSUB-mobile
- Enter your NetID in the Identity field and your password
- 7. Tap Connect

Your connection should be reestablished.

4. Tap the Forget button.
