I. Discussion/Action Items

A. Report to Academic Senate

The Committee finalized the report to the Academic Senate.

The Committee complimented Susan Gilbertz for doing all the hard work of putting the report together.

It was noted that the report should be put forward to the Senate as a finished presentation and the Senators should not be allowed to pick apart the proposal and just talk about political/turf issues. Someone should get the report on the table as a package before it can be divided up into sections for approval.

It was agreed by the Committee that Mark Hardt will begin the discussion with some background information and explanation of how well the Committee debated each issue, and the package will be presented by Susan Gilbertz.
