Item 68 Minor in Business Administration. Modification of an existing program.

- Motion by Dixie Metheny, seconded by B.J. Harrold to **approve Item 68 on first reading.**

Brian Gurney noted that this minor currently requires MIS 103 Introduction to Electronic Spreadsheets, which has been deleted. The one credit from MIS 103 will be rolled into the electives, increasing them from five to six credits. MIS 225 Introduction to Productivity Application Software will also be replaced by MIS 330 Principles of Management Information Systems in the proposed program. The department is also designing an exam for students to test into MIS 330. A remedial course for students who don't pass all parts of the exam may also be proposed in the future.

- Motion carried.

- Motion by Trisha Biggs, seconded by Joy Honea to **waive second reading of Item 68.**

- Motion carried.

Item 32.a BS Major in General Science. New program. (Postponed from March 14)

It was noted that there seems to be some errors in this proposal (teacher education references in a non-education program) and there is still no one present for discussion from the department. Item 32.a will be postponed to the next UCC meeting.

The meeting adjourned at 4:24 p.m.
