

# Girls STEM Collaboration Forum

Friday, April 12, 2013 • 1:30–4:30pm

Billings, Montana • MSU-Billings Downtown

Montana Girls  
STEM Collaborative

- ◆ **Would you like to collaborate with others to better serve and prepare girls for STEM (science, technology, engineering, math) related careers?**
- ◆ **Are you interested in receiving a mini-grant to help fund collaboration with another program?**
- ◆ **Would you like the opportunity to learn about best practices and resources?**
- ◆ **Do you want to meet and support other individuals and organizations interested in STEM education?**

Please join us on Friday, April 12 at MSU Billings-Downtown to learn about best practices in collaboration and to meet others who serve and prepare girls for STEM careers. You may even find a partner for a Montana Girls STEM mini-grant!

**Who should attend?** We welcome educators from K-12, higher education and informal education; representatives from businesses, non-profits and government agencies; adults who work in STEM fields; and anyone who wants to learn more about the Montana Girls STEM Collaborative project and STEM education for girls in Montana!

**The workshop is \$10 per person. Scholarships are available. Register online at:**

Website: [www.ngcproject.org/collaborative/montana-girls-stem-collaborative](http://www.ngcproject.org/collaborative/montana-girls-stem-collaborative)

The Montana Girls STEM Collaborative Project (MGSCP) is a network of organizations and individuals that support girls and girl-serving organizations involved in STEM (science, technology, engineering and math) education. The Montana Girls STEM Collaborative Project is powered by Montana NSF EPSCoR.
