A Noyce Scholarship Program
exhibition combining art and Arduino
programming.

MSUB Student Gallery

Liberal Arts Building, 1st Floor
1500 University Drive
Billings, MT 59101
msubillings.edu/gallery

Reception and Gallery Talk:

January 23, 2016 2 - 4 pm

Gallery Open:

January 25, 2016 8 - 4 pm

This exhibit is made possible through a grant from the Noyce Foundation. Light strip programming was performed by MSUB's Noyce Scholars. These students are preparing to serve Montana's high-needs schools as STEM teachers. Special thanks to Dr. Katey Plymnesser, Jodi Lightner and MSUB's Noyce Core Team.
