Film Viewing: A Path Appears: *Breaking the Cycle of Poverty*

Art House Cinema & Pub (109 North 30th Street)
Doors open at 6pm, Showtime, 6:30pm

According to the World Health Organization, poverty is the greatest cause of suffering on earth, and there is strong evidence that the stresses of living in poverty increase the risk of physical and mental illness and drug abuse. Although poverty is not necessarily the cause of mental illness and illegal drug use, the sustained emotional and physical stresses of poverty coupled with a lack of access to effective services and resources can complicate health issues for families and communities living on the economic margins.
